THE HIGH SHERIFF SUED FOR DAMAGES

Five Thousand Dollars for Working Edwards As a Convict.

EXECUTRIX IS CHARGED WITH WASTING ESTATE

Petition for Administration Hangs Fire--Kapiolani Estate in Land Controversies--Libelee in Divorce Case.

L. H. Dee's account as temporary administrator of the estate of J. C. Roridan, deceased, charges himself with 8 milch cows and 1 survey, and asks an allowance of \$328.25 for expenses.

The petition for administration of the estate of the late Thomas E. Cananagh came up on July 23, but none of the interested parties responded to the call. The hearing was then continued till the 16th, but it has not taken place yet.

Notice is given of motion for hearing before Judge Humphreys on Monday of Kapiolani Estate Limited vs. Deborah Poohina et al.

Besides the proceedings for contempt brought by Geo. A. Davis, counsel for G. L. Edwards, against High Sheriff A. M. Brown, he has brought an action for \$5000 damages to his client against the same official for compelling Edwards to work on the streets as a convict while he was in the custody of a writ of habeas corpus.

The Washington Mercantile Co. by its president, Samuel Lowden, for itself and other creditors has petitioned to have W. E. Burnett appointed temporary administrator of the late H. C. Norton of Waianae. The claims stated are: Washington Mercantile Co., \$530.41; Gonsalves & Co., \$400.01; W. C. Peacock & Co., \$432.45, and Lewis & Co., \$160.54. It is alleged that Ruth Kalleha, executrix of the will, is not a fit and competent person to manage the estate, but is allowing it to be wasted through loose business habits, carelessness and negligence. W. L. Stanley, attorney for the executrix, consented to the petition and sent his client home. When T. McCants Stewart, attorney for petitioner, came up to put the matter through, therefore, there was nobody on hand to prove the death of decedent. Consequently the

HONOR TO THEIR CHIEF

INTERIOR OFFICE CLERKS CALL ON MR. HASSINGER

Col. Boyd Acts As Spokesman--Beautiful Watch Charm With Insignia of Hawaiian Nation.

As genial John Hassinger was about to sit down to his noon day lunch today he was surprised by the sound of heavy footsteps on his veranda indicating that his house was besieged. The veteran ex-chief of the Interior office clerical force soon discovered that the invasion was a friendly one and the attacking force consisted of the rank and file from the former Interior office marshaled by Col. J. H. Boyd.

The party was invited into the house where Col. Boyd in his ever pleasant manner presented Mr. Hassinger with a beautiful watch charm and an address signed by all those who had served under the former chief clerk. The charm is of solid gold enameled with the Hawaiian coat of arms in colors. On the obverse side is the inscription "John A. Hassinger, With Aloha from Clerks Interior Department, June 14, 1900."

Accompanying the token of esteem was the following address:

When in the course of human events it becomes necessary for one person to dissolve the ties which have bound him to others who esteemed and appreciated him, a proper respect for the opinions of mankind requires that his former associates should properly present their opinion in such terms as would cause a pleasurable remembrance of those whom he leaves behind.

Therefore, this testimonial is intended to convey, on the occasion of this severing his connection with the Department, to John Adair Hassinger, Esq., twenty-two years Chief Clerk of the Department of the Interior, having performed long and faithful service under King, Queen and President, the fullest assurance of the high esteem and respect of the undersigned who have all had the pleasure of his acquaintance and friendship and who gladly thus bear testimony of their appreciation of his urbanity and kindness in the conduct of the business of the office.

It is with feelings of regret that we part and we express the hope that Mr. Hassinger will have the enjoyment of long life and happiness and that good fortune will ever attend him and his family.

IMPERIALISM CRY DEMOCRATIC BUGBEAR

Mere Man of Straw Created for Campaign Use and Abuse.

REPUBLICAN PARTY HAS DONE ITS MANIFEST DUTY

Policy of Lincoln, Grant and Harrison Still Being Fulfilled--When Would Democrats Withdraw from Manila.

(Special Correspondence.)

Washington, July 18.--Imperialism may serve as a campaign scarecrow, but before the harvest of votes is garnered next November, the people will recognize that it is but a thing of straw.

Imperialism presupposes an empire, and the magnificent domain over which our lovely banner flies is imperial in its beauty, in its products and in its extent. Such a wealth of hill, mountain, plain and prairie, such an abundance of crystal lakes and such a network of commerce-bearing rivers were never before bestowed upon any people. Every State is an empire; every county is a principality, for which, as true Americans, we are proud, and for which, as Christians, recognizing God as the God of nations, we should be deeply grateful.

This domain has been given to us by a power that is higher than any party or policy, though the Republican party was called into being in order to protest and battle against the division of this mighty empire, which Democracy declared, in the press, in its platforms, and on the bloody battlefields, should be divided. To this extent the charge of imperialism can with truth be made against the Republican party. Abraham Lincoln was the embodiment of that imperial idea, and a martyr to the cause of one flag, one country, and one imperial destiny.

Imperialism, if it means anything the Democracy would have the people believe, implies an emperor, a dynasty, a throne, a crown and a scepter. This feature of imperialism, by no stretch of partisan misrepresentation, can ever be charged against our honorable President and candidate for the Presidency. He was the choice of the people; he was honestly elected in a constitutional manner and has been so loath to oppose the will of the people, as expressed by legislation enacted by Congress, that in the four years of his Administration he has vetoed but four bills. He will serve his two terms as many other good Presidents, both Democratic and Republican, have done, and will then give way to his successor, chosen as he was chosen, by the free votes of a sovereign people.

The partisan accusation of imperialism, when translated into plain everyday English, in the light of the history made during the brilliant administration of President McKinley, is simply this: The Republicans declare that it is their policy not to blindly abandon the islands transferred from Spanish to American sovereignty by the Treaty of Paris. The Democracy, so far as it has a policy, would have the master nation builder of the world abandon its plain duty, furl our triumphant flag and hunt an easy future rather than a working future. Porto Rico, recognizing the fact that she can not stand alone, does not wish to become an independent power, and the only thing possible is for the United States to continue its sovereignty, which is Republican, or to invite Spain to reenter the Western Hemisphere and commence anew her policy of misrule, of robbery and extortion from which we have delivered Cuba. To plant the customs of the seventeenth century in the dawn of the twentieth century is Democratic. This is the logical conclusion when the Democratic cry of the Democratic platform is analyzed.

The same is as true of the Philippines as of Porto Rico. Will the Democrats dare to fix a date for the evacuation of either? They are under the flag of the Republic, and there they will remain. This means work and thought and statesmanship for the people of the United States, but it means blessing and liberty, justice and opportunity for the islands placed under our care by solemn treaty obligations that were approved by the Senate of the United States and urged by Mr. Bryan. Methods of administration and of government are legitimate objects of party differences. But annexation is a fact. It is for all purposes as much an accomplished fact as is the abolition of slavery, another Republican measure for which that party was hated and misrepresented.

The people will learn that imperial-

ism, as employed by the Democrats, means that they would have the country shirk its duty, turn its back on destiny, count all bloodshed as lost, furl the flag and withdraw its protection from people who need it today more than ever before in all its history, more than ever before in all its history.

The charge of imperialism, when properly translated, means duty. And the party of Lincoln, of Grant, of Harrison, and of McKinley, is willing to be charged with doing its duty no matter how hard that duty may be.

Stripped of all glamor, the Democrats have entered upon a flag-furling campaign. They condemn expansion, yet welcome Hawaii, because its one vote alone enables them to again attempt to overthrow the stable currency of the country. They decry "imperialism," yet shout themselves hoarse over an Hawaiian "prince." They are welcome to all the votes and glory they can make out of such duplicity and treachery, which will nauseate, but never deceive, the true American people.

ROSA ESTATE MULGTED

JUDGE HUMPHREYS DICTATE DECISION

Denounces the Conduct of Dead Trustee and Piles Charges and Costs Upon His Estate.

Judge Humphreys dictated a decision from the bench in the matter of the estate of Antone Rodrigues. He finds that the late Antone Rosa, executor and guardian, appointed on January 11, 1892, utterly failed in the duties of his trust, and a trustee thus forgetting the duties of his office "cannot expect a court of conscience to indulge in his favor any presumptions." Indeed it would be foolish to indulge a presumption in favor of an individual when his very act shows that he has violated the obligations cast upon him. Presumptions yield to positive evidence uncontradicted.

The decision concludes against the executor of the Rosa estate in these terms:

"The executor will in this case, therefore, stand charged with the balance shown to be due to the estate as of the date of filing his accounts, with interest thereon at the rate of 5 per cent per annum until date; he will be charged with interest at legal rates upon the \$600 principal from the date of his appointment to date; he will be counter-charged with the commissions with which he has credited himself; he will be charged with the sum of \$50 counsel fees with which he has credited himself in probating this estate, the testimony showing that his administration of the estate has been a positive detriment to it rather than good; he will also stand charged with the items embraced in each and every one of the exceptions; a master's fee fixed at \$50, and all the costs of this court."

J. A. Magoon for movants; L. Anderson for respondent.

In Jennie Alexander vs. Canadian-Australian Steamship Co., Robertson & Wilder file a motion to extend the time for perfecting the bill of exceptions until August 15.

Sweet Emelia.

In the Police Court yesterday, "Sweet Emelia" appeared against her husband and asked Judge Wilcox to send him to jail for three months. She was in one of her old time fits of temper. The judge sized up the case and sent the two home, telling them to return this morning. At that time he would scan the horizon.

Sure enough, the two went into court this morning, the woman with her finger in her mouth. She was very sorry and wanted her husband discharged. The judge smiled an "I thought so" and allowed the two to go home remarking as follows: "Yesterday you were 'Sweet Emelia'; today you are 'Sweet Emelia' as of old."

Customs Brokers a Necessity.

Entering goods at the Custom House now is no longer the comparatively simple operation it used to be under the laws of the Republic. It requires a man of long experience in all the ins and outs of the Custom House to get goods through with anything like dispatch. The long experience of Messrs. Boyd and Scott of the firm of Boyd, Scott & Co., Customs Brokers, insures careful and expeditious attention to all business entrusted to their care.

INSPECTOR GENERAL TOWNSEND RESIGNS

Board of Education Does Important Business at Special Session.

J. H. GIBSON NAMED FOR INSPECTOR GENERAL

Two of the New Normal Instructors Are Appointed--Details of Teaching Force Made--The Royal School.

Very important business was transacted at a special meeting of the Board of Education this morning.

Henry S. Townsend resigned the office of Inspector General of Schools, which he has held for several years, and his resignation was accepted.

Mr. Townsend was then appointed principal of the Beretania street school. T. H. Gibson, who has been traveling normal instructor since the position was created a few years ago, was recommended to be appointed as Inspector General in Mr. Townsend's place.

Chas. Baldwin and S. Keilinoi were appointed traveling normal instructors for the Hawaii and Maui circuits respectively, at salaries of \$250 a month, they to pay their own expenses.

Superintendent Atkinson had stated that Auditor Austin informed him that these salaries could be drawn under existing appropriations.

The position vacated by Mr. Gibson is still open.

Dr. C. T. Rodgers, secretary, was instructed to sell the Royal school building.

Appointments of teachers were made as below:

Papikou--Seraphim Simao, graduate of Normal School; Hilo Union--Miss Mary Deyo, place of Mrs. Keisey, res. Miss Ethel Wolfe; Honokou--Miss Calla J. Harrison, principal, transferred from Kekaha; Miss Trinidad Marcos, transferred from Hualaia. Makapala--Miss Evelyn Van Deerlin, place of Mrs. Moore, transferred. Waipio--Joseph de Silva, Normal School, Ulupalakua--F. P. Rosecrans and Mrs. F. P. Rosecrans, transferred from Lahaina. Kealahou--C. E. Copeland and Mrs. C. E. Copeland, transferred from Reform School. Nahiku--Miss Eliza Reis, transferred from Pala. Wailau, Molokai--Miss Bernice Poahl, Normal School. Kaahumanu--Mrs. Isabel Creighton, Miss Lizzie Gurney, Miss Emma Lyons, Miss Clara Gurney, Miss Daisy Lishman, transferred from Kaula; Mrs. C. E. Moore, transferred from Makapala; Miss Charlotte Beck with, Primary; Miss Clara M. Mueller, Miss Ada C. Cleveland, transferred from Normal School. High School--Miss Clara Ziegler, Normal and Training--Miss Susan G. Clark, place of Mrs. McLellan; Miss Kate Egan, place of Miss Cleveland, transferred; Miss Adeline O. Clark, transferred from Wahiawa. Kahuku--William Isaac, transferred from Kailua. Kekaha--W. M. Maasie, place of Miss Harrison, res. Waihoa--Mrs. W. I. Wells. Hanapepe--Miss M. Johnson. Hanamaulu--Miss Charlotte Mumford, principal, and Miss Lottie Jordan, Normal School. Koolau--Miss Ella Thronas, Normal School. Kilauea--Miss Florence Bush, Normal School, place of Miss S. Bergman, resigned. Waihinu--Miss Mary Ferreira, principal, transferred from Makiki; Miss Bertha Marie Rush, Night School--Kawaiha--Miss Bertha Ben Taylor, transferred from Waihinu.

Prof. Koebele Returns.

Prof. Koebele returned from Kaula in the W. G. Hall this morning. While in Lihue he looked over the ground very carefully with an idea of a fight against the cane borers. He found that this pest had greatly decreased in numbers, in the neighborhood of \$9000 having been spent by the plantation in the work of destruction.

SALE OF HOMESTEAD LOT

A farm of 61 acres in the California colony section at Wahiawa was put up for sale at the Judiciary building by Commissioner J. F. Brown at noon. The upset price was \$300. One-fifth of the purchase price was payable in cash, the remainder in four equal installments. The purchaser had to maintain his home upon the premises from the end of the first to the end of the fourth year. Nobody already holding land un-

der residence conditions could bid. Twenty-five per cent of the land was to be under bona fide cultivation by the end of the first year.

Edward S. Boyd, clerk of the Land Office, conducted the sale. It was sensational. A woman advanced \$5 on the upset price, and stayed with half a dozen bidders, advancing fives and tens, until the \$400 mark was passed. All at once one and even two hundred dollar advances began to shower. Jas. D. Dole, a nephew of the Governor, won out with flat \$4000. Mr. Brown said after the sale that he had not thought that the land, with its owners conditions, would bring seven hundred dollars.

Williams, one of the excavator men, had his right hand badly injured yesterday. He was dealing with a fractions mule and had put the brake on. The caperings of the animal continued, the brake handle slipped a cog and flew back with great force, breaking two bones of the hand and bruising the member badly.

A STRIKE AT LIHUE

EIGHT HUNDRED JAPS QUIT WORK WEDNESDAY

Must Go Back to Work Today or Be Put Off the Plantation.

It was thought that the Japanese on Kaula had quieted down for good but it seems that they have not finished yet with their list of grievances. Following close in the footsteps of the Japanese at the Makee Sugar Co., a fortnight or so ago, came a strike of 800 of that nationality at Lihue plantation Wednesday morning. This number constitutes the whole working force of Japanese.

This time, the men are out after more coin. They have been getting \$17 a month and now they want \$20. It is not likely they will get it.

The management appealed to the police Thursday to put the Japanese off the plantation, but Deputy Sheriff Rice answered that he would not interfere until the proper papers were got out. The Japanese were not making any trouble. They had simply gone out on a strike.

The plantation management got busy immediately and notified the Japanese that, in case they did not get back to work by Saturday, they would be put off the plantation by force. Up to the time the W. G. Hall left Nawiliwili yesterday afternoon, the men had not gone back to work.

It is believed that the strike of the Japanese is just a big bluff, as it was in the case of the Makee Sugar Co. not long since and that they will return to work today without the satisfaction of their \$3 additional, per month.

Fritz Weber, former head luna of Lihue, is the present manager and it is thought that the Japanese were of the opinion they could bring him to their point of view.

The Rio de Janeiro had 365 tons of freight for this port and took on 250 tons of coal. This is a larger amount than usual as this is the regular typhoon season. The Rio took 120 Chinese.

Mr. Paine of the Philadelphia Press and representing that paper, the Chicago Record, the Call-Herald and other papers, was a through passenger in the Rio. He is bound for China in the capacity of a war correspondent.

A leprous Japanese tried to get away in the Rio but was discovered by the Custom House men. The same fellow tried to get away on the last steamer for Japan. The Health authorities have not yet got hold of the man.

In the neighborhood of twenty acres of cane at Ewa plantation were burned yesterday. It is supposed that the fire was started by sparks from an O. R. & L. engine. As the cane was about ready for grinding, there will be but little loss.

Count Alexander George Valanger, the Russian nobleman who arrived here on the same steamer with Queen Liluokalani and her party, left for China in the Rio yesterday. It is understood that the Count is expecting to join the Russian army in China.

Among the passengers for San Francisco in the City of Peking this morning were the following: Mr. and Mrs. W. A. Bowen, Rev. W. M. Kincaid, Mrs. Ahlborn, Carl Wolters, Miss Clara Browne, Mrs. C. O. Berger, Mrs. J. K. Brown, C. H. Wilcox, Mrs. A. Fuller, Mrs. Cotton, Capt. Wm. Matson, H. B. Gehr, Mrs. G. K. Wilder, Captain Goodman and Col. G. W. Macfarlane.

White Teeth!

are generally perfect and sound, and at all events are a much prettier feature of the mouth than dirty and discolored teeth.

Then again when kept clean and white are less liable to decay which rather is due to thoughtlessness in teeth care.

All teeth preparations, in a general way are good—we have them all—some better than others.

Prophylactic Tooth Powder 25 cents

we know is as near a perfect tooth cleaner and antiseptic as it is possible to make because every one of its ingredients is the purest obtainable.

That's the feature of our tooth powder.

Ladies' Muslin Underwear.

We have just received direct from the makers an assortment of Ladies Muslin Underwear, which we believe, in Variety of Styles, Completeness of Assortment and General Attractions has never been surpassed in Honolulu.

The line is too large to enumerate the different garments, so we have made a display of a few of them in our large central window which will give you a partial idea of what they are and the variety of styles we have. This stock is worthy of inspection.

In the same department will be found, Ladies' and Misses' Shirt Waists, ladies shirt waists in silk and cotton, white and colored, a large variety of styles, but few of a kind.

Ladies Over-Skirts for dress, traveling, walking or riding, of silk, wool, linen, cotton pique, in white, black and colors; there need be no delay in one's supplying oneself with a Skirt at short notice suitable for any occasion.

Ladies in want of a Cape of any description, would do well, if before purchasing elsewhere, they inspected our stock of capes.

Capas for the opera, for dress, for traveling, for walking, riding, golf, etc., in white, black and colors.

FOR PRESIDENT,

WM. MCKINLEY.

FOR VICE-PRESIDENT,

THEO. ROOSEVELT.

Some Bryan's silver plank deman's "an American financial system." We have it by order of the 7,004,779 people who voted for McKinley in 1896.

Russia's scheme seems to be to allow troops of other powers to be killed off as rapidly as possible and then step in with her Cossacks and gather up the fragments of territory.

As a modern Fee-fi-fo-fum man Dr. Kinyoun takes the biscuit. Having been turned down in San Francisco he stalks the sea for what trade he can destroy by Tom fool quarantine regulations.

Russia has given notice of her absolute willingness, great pleasure in fact, that Japan shall send all the troops possible to China—provided Russia commands them and takes all the spoils of war.

If the money of Japanese laborers did not with increased regularity find its way to the channels that bleed Hawaii of its coin, the people might have some sympathy with the laborers who want no work and more pay.

B. Bryan ought to come to Hawaii for a few lessons in Republican imperialism. It consists of giving every citizen a right to vote and practical independence in the management of local affairs—in other words true Americanism.

Hawaii delegates to the Republican national convention secured a paragraph in the declaration of principles demanding the right of every citizen to vote. Have the Democratic leaders anything of equal value to offer to the citizens of Hawaii?

Events since Hawaiians became full blooded Americans indicate that the High Sheriff's billet is the real hot potato among territorial offices. All the criticism previously centered upon the Chief Executive has been transferred to the chief of the police department. And he seems to stand it pretty well.

Local Democratic leaders have searched the national platform from A to Z to find a plank of local application. The Republican demand that every citizen shall have the right to vote and have that vote counted has no place in national Democratic councils, other in party convention or Congress.

Chicago will start the campaign ball rolling by organizing ten thousand uniformed infantry and rough riders in addition to the usual marching clubs. Honolulu Republicans can hardly expect to match Chicago numerically, but they ought not to be at the tail end of the procession in forming marching clubs.

The A. B. C. of Democracy includes Adled Atkinson, Boss Bryan and Cuning Croker with Aguilardo, cheap dollars and ice trust thrown in. This would make an imperial Roman triumvirate turn green with envy. And this is the tempest of political roses that the people are asked to put in power to destroy the nation's honor.

Sam Parker didn't have to wait two minutes to obtain an audience with the President of the United States, and Governor Dole doesn't object to being stopped on the street if any citizen wants to have a few minutes chat with him. The anti-imperial bugaboo won't go in Hawaii. Such absolute freedom rules that the people don't even know what it means.

Be it said to the credit of the Bow Wong leaders in China that they have thus far held aloof from the murderous Boxer campaign. If the enthusiasts who would now jump in to establish the reform government can be held back till the powers get through with the Empress and her imps, the object of the reformers bids fair to be accomplished without their taking up arms.

Correspondent Townsend writing for Harper's Weekly says that the Democratic convention would have declared for free silver whether John Wise had voted for it in committee or not. The convention was dominated from first to last by the Boss Bryan-Boss Croker machine and the Hawaii delegates like other delegates were merely eggs in the wheels turned by the ice trust and the silver trust.

DEMOCRATIC LOVE FOR HAWAIIANS.

Democrats love Hawaii and Hawaiians, as our Republican contemporary remarked—in a horn. The gold Democrats did not fail to cast a slur at John Wise for keeping the Bryan cheap dollar plank in the national platform, and the organ of the silver Democrats sends broadcast the assertion that "no prizes are wanted in the party." Now the News-Democrat, the Democratic organ of Canton, Ohio, pays the following tribute to the character of Hon. Samuel Parker:

"The sugar trust annexed Hawaii and it is very natural that its representatives should be here to speak for it. His statement on the torn porch that there are trusts in Hawaii and that they are controlled by Democrats is mere humbug. The fellow thought he ought to say something and he said a lot of things that he couldn't have known anything about till he arrived here. Talks of that character will do the Republican party no good. There is too much of the Hanna setamp about them. Besides, the people are too earnestly interested in the outcome of the coming election to listen seriously to a fellow whose way was probably paid the whole of the five thousand miles and back again, to get off nonsensical stuff that must have been fed to him in Cleveland. It is a notable fact that he spent a day in Chairman Hanna's office before he came here."

"The sugar trust annexed Hawaii." This is too ridiculous to even warrant argument in Hawaii. The fact would have been stated had the Democratic writer added—"Not if the Sugar Trust knows itself."

Then note the manner in which the Democratic organ deals with a representative Hawaiian, placing Hon Samuel Parker on the plane of a political automaton who has no mind of his own but does as he is told. To credit Hawaiian-Americans with a high degree of honest intelligent manhood is not within the capacity of Democratic party leaders or rank and file. They would convince the people of the United States that Hawaiians are still a people of grass huts and hula skirts with no ability to grasp the higher sentiments and motives as well as the facts of American citizenship. Not content with efforts to discredit Hawaiians of their own party, the national followers of Bryan must needs select a Hawaiian from the Republican ranks on whom to vent their ill will.

Is this the party with which Hawaiian-Americans desire to form an alliance, when Republicans from the President to each individual voter greet them on the equal plane of American manhood, upholding their rights and high station against any onslaughts Bryan's party may attempt.

The Kansas City convention attempted to square a circle when it tried to construct a sound-money-free-silver platform and nominate a pair of free-silver-sound-money candidates. The two things will not mix. One is right and the other is wrong; and no amount of word juggling, wool pulling, hedging or evasion can deceive the people. Those who sincerely believe in the free and unlimited coinage of silver at the ratio of 16 to 1, without awaiting the aid or cooperation of any other nation on earth, should vote for Bryan, for he is pledged to that very thing. All other citizens of the Republic, no matter what their previous political affiliations may have been, should and must unite against that financial heresy, which, if adopted, would plunge the country into a state of business anarchy, such as has never been experienced by any people since the invention of coined money.

Dr. Kinyoun having found out what happens to the man who gets in front of a railroad train, now seeks to add to his experience by bumping up against the steamship companies.

At the Joyful News Mission, corner King and Nuuanu streets a musical entertainment will be given tonight at 8 o'clock, also a stirring address will be delivered by Mr. McComb on the temperance question. Admission free. All welcome. Sunday evening at the same hour a gospel meeting will be held. Special music. F. H. Sharpe will sing several solos.

ORDER OF ELKS.

A meeting of the members of the Order of Elks now in the city was held at the Hawaiian hotel last evening and preliminary steps were taken toward the establishment of a Chapter here. The following were present: Horace J. Craft, Tom Richards, C. D. Lufkin, Lovette Rockwell, William Beswick, C. E. Jacob and J. Tamarino. The names of a large number of prominent young men of the city were presented and discussed and thirty-five were selected as suitable to become the charter members of the organization.

Messrs. Craft, Lufkin and Jacob were appointed a committee to notify those selected and to prepare the application for a charter. This, with the names will be forwarded to the Grand Lodge and, it is expected that a number of officials of the society will be sent out here to attend to the installation. It is very likely that the Exalted Ruler of San Francisco lodge will be among those who are to come.

The South Sea Island wife of Charley, the watchman on the Sebastian Beach, came up town yesterday and got on a spree. She was rounded up and fined \$2 and costs on pleading guilty to the charge of drunkenness in the Police Court this forenoon.

Federal Court Chambers.
 The former room of the Agricultural Bureau is being refloored and renovated as part of the Federal Court rooms. It will be occupied by Marshal Ray. The old Legislative chamber has been restored to something like its former dignity for the main courtroom. Partitions that had divided the rooms lately occupied by the Board of Health have been removed. New floors have been laid and the walls retinted. This hall used to be the main courtroom of the Supreme Court excepting when the Legislature was in session.

Largest Pump
In the World

A young man with neatly creased
trousers and a pear pin stuck in his
cravat walked over to the gray marble
switch board in pumping station No. 1
yesterday afternoon and pulled up a
small lever, says the New Orleans
Times-Democrat. A dozen feet away
was a steel turret, rising waist high
from the floor, and a faint humming
sound became audible from its interior.
It was about as much noise as is
made by an ordinary sewing machine
and was the only surface indication
that the largest centrifugal pump in
the world had commenced business
under the turret top. Without any fuss
or vibration it was sucking water from
the old Orleans canal at the rate of
25 cubic feet a second, hoisting it
twice effect into the air, and discharging
it over the weir at the other end of the
tunnel to find its way to the lake, a
few miles beyond.

To the average man the term "250 cubic
feet a second" is as meaningless
as so much Sanskrit, but an excellent
idea of the magnitude of the performance
is obtained when one knows that
250 cubic feet is equivalent to 2,000
gallons, and 2,000 gallons represents
the capacity of a good sized house
cistern. In other words, the big pump
draws in, lifts and throws out the
contents of a large cistern at every beat of
one's watch. In a minute it has disposed
of 120,000 gallons—quite a good
deal of water.

There are three such pumps in station
No. 7, and it is estimated that two
of them, working at capacity, will be
able to take care of any rainfall in
this city. They are much the largest
single pumps in the world, the nearest
approach to them being those at the
irrigation works on the bank of the
Nile, which are considerably smaller.
The installation of the vast machines
was completed a week ago last Sunday,
and this week they are doing their
first practical work.

The pumps proper are vast coils of
tube. If something very little might
be compared to something very big, it
would not be inapt to say that they
resemble the shell of a snail. Each
of them came in two sections, half of
the coil being all that a freight car
could carry. The shell, put together,
weighs twenty-five tons and measures
twenty-one feet from side to side. The
internal diameter is nine feet, and inside
the tube is a series of revolving
runners, the effect of which is to draw
the water at one end and discharge it
at the other. The shaft on which the
runners revolve weighs more than sixteen
tons.

These enormous coils are placed in
circular pits fifteen feet below the surface
of the pump house floor. The power
which operates each one of them
comes from an immense motor fastened
to the upper end of the running
shaft, and covered by the steel turrets
already referred to. The motors receive
electricity direct from the general
power house in the shape of a 3000-volt
current coming in over a trio of
thick cables, and in this connection is
an interesting and curious detail, easily
within the grasp of the average lay-
man. The motors are what is known
as the "revolving field" type—that is
to say, the field, or great wheel on
which the magnets are secured turns
around, while the armature remains
stationary. When a pump is started
the full alternating current of 3,000
volts is not at once turned on, but a
125-volt direct current is first used to
magnetize the field, or in homely
terms, to warm it up. This sets up a
revolution, and when sufficient speed is
attained the full current is applied.

The 125 volts direct are produced by
passing the 3,000 volts alternating
through a small device known as a
"transformer," which effects a complete
change in the character and power
of the mysterious fluid. The weaker
and modified current is also used
to operate a number of small auxiliary
motors and to feed the arc and incand-
escent lamps by which the station is
lighted.

Why Editors Die Young.
Quite one of the most notable editors
of the day is E. T. Cook of the
Daily News, who celebrated his forty-
third birthday lately. Mr. Cook, after
a distinguished career at Oxford
University, started writing for the
old Pall Mall Gazette, though he was
intended for the civil service. He
became assistant editor in succession to
Sir Alfred Milner (now in South Africa),
and, in due course, the editor.
There is a story told of Mr. Cook in
those days which may or may not be
true. He had written a leading article
beginning with "Tomorrow is the
anniversary of the death of Louis
Phillips," but which the genial com-
positor reproduced as, "Tomorrow is
the anniversary of the death of Sam
Phillips." On seeing the proof, the
angered editor wrote in the margin:
"Who the dickens is Sam Phillips?"
Mr. Cook thought that it would put
matters right, but next day he was
pained to find this: "Tomorrow is the
anniversary of the death of Sam Phil-
lips. Who the dickens is Sam Phil-
lips?"

IS AN OCEAN MONARCH

NEW STEAMER DEUTSCHLAND

ONE OF FINEST AFLOAT

Smaller Than Wilhelm der Grosse But Faster—Latest Success in Modern Ship Building—Palatial Rooms.

Following is a clipping from a late San Francisco paper, describing the Deutschland, the steamer that recently established a new record from Plymouth to New York and beat the Kaiser Wilhelm der Grosse:

The Deutschland may be fairly said to represent the last word in modern shipbuilding, and is conceded to be the finest passenger steamer afloat. In size she is second only to the monster Oceanic, though the latter only exceeds her slightly in length. In the appointments, however, she is simply unsurpassed, and the hackneyed term "floating palace" may be truthfully said to be the only fitting term to apply to the Deutschland. Her measurements convey more graphically than can words some idea of the immense power of this great greyhound. She is 680 feet long, only a few feet less than the Great Eastern and twice the size of Dewey's Olympia; 67½ feet in width, and has a depth of 44 feet.

The ship has been fitted with every convenience known to ocean travel, and her appointments are models of luxury and beauty. All the interior decorations are in hard wood, and in spite of their necessarily somewhat limited space the berths of the first and second cabins rival the best rooms of a modern hotel in their beauty and completeness. Every room of the first and second class is provided with complete bath accommodations. The ship is lighted and heated with electricity throughout, even in the steerage, and five great dynamos furnish the power for 2000 lamps. In the stern is a fully equipped ice-making machine, with a capacity of 900 pounds daily. The keel of the Deutschland was laid in July, 1897.

In gaining speed and capacity the builders of the Deutschland have not neglected that other paramount requisite, safety, and have bent every effort to develop a craft which shall be absolutely seaworthy and able to outride the severest gale that Father Neptune can conjure up. The compartment system is used, though in a modified and perfected form, and in every part of the ship are placed the most modern life preservers. Sixty-six big life boats thoroughly provisioned and able to sustain twenty-five people for a week, are placed at convenient points on the upper deck.

The Deutschland is destined as a competitor of the North German Lloyd's Kaiser Wilhelm der Grosse, but she is expected to beat the latter ship in all essential particulars. Her length over all is 684 feet, her beam 67 feet, molded depth 44 feet, displacement is estimated at 39 feet, and her speed at twenty-three knots. She is able to carry 1057 passengers and a crew of 525 men. Her cost was \$3,322,000, and in time of war she will be at the service of the German Government. Her rudder and steering gear are protected and under her water line. She has a double bottom extending the entire length, which is divided into twenty-four compartments. It is said that if two adjoining compartments should fill with water the ship would not sink.

It is a long way in the matter of speed at least between the magnificent big flyers of today and the Great Eastern, the monarch of her time, and in some respects of all time to date. The Great Eastern, built in 1858, was eight feet longer, thirteen and one-half feet deeper and of 350 tons more displacement than the Deutschland, but her speed was eight and one-half knots slower. The Oceanic, built last year, and which is twelve feet longer than the Great Eastern and twenty feet longer than the Deutschland has a speed three knots less than the estimated speed of the Deutschland.

Thought Beveridge a Fakir.

During his recent trip to the Philippines Albert J. Beveridge, United States Senator from Indiana, stopped at the Japanese port of Nagasaki, relates "Success." Mr. Beveridge is only 46 years old, and so youthful looking that he might easily pass for a colt of 25. He went ashore at Nagasaki for a few hours. Noddy in the place knew him, not even the few Americans there, as his coming had not been heralded. He walked about the town at his leisure, and then dropped in to pay a visit to the United States Consul. That official had been victimized a few weeks before by a young American visitor, who claimed to be a son of Senator Bates Penrose of Pennsylvania and borrowed \$20. The Consul had just learned that Senator Penrose has no son.

"Good morning Consul," exclaimed Mr. Beveridge, handing out his card. "I am Senator Beveridge of Indiana, and I have just dropped in to—"

"Look here, young man," interrupted the Consul. "I am up to your little game, and you can't get a cent; do you understand?"

The Senator, first astonished, and then indignant, began to protest; but the ludicrous side of the matter appealed to him so strongly that he picked up his hat and went away laughing.

"Hat!" exclaimed the Consul, "they can't fool me more than once. I suppose the next thing will be some round-faced beggar trying to palm himself off on me as President McKinley."

At the foot of the stairs, as luck would have it, an American officer recognized Mr. Beveridge. When the situation was explained, the officer took the senator back to the Consulate, and everything was made right a few hours later over an elaborate dinner.

ANTEDATED CIVILIZATION.

Before civilized man had heard or dreamed of it, Kickapoo Indian Oil was healing the wounds, relieving and curing the aches and pains of the Red Man. Before civilized man had heard of it, it kept the natives in perfect health. And since civilized man has known it, the category of our es has become voluminous. No other medicine has made such cures; because Kickapoo Indian Oil is nature's remedy, and nature stands back of it. Your druggist has it, or can get it. Insist on getting the genuine Kickapoo Indian Oil. Hobron Drug Co., agents for Kickapoo Indian Remedies.

WARSHIP GEIER.

The German warship Geier came into the harbor yesterday and anchored in naval row. She sailed from Acapulco on the 11th inst. and is now on her way to join the German squadron in the Orient. She will proceed first to Yokohama for further orders. Coal will be put aboard the Geier as speedily as possible and she will sail on Monday.

The Geir carries 160 men all told. Her officers are as follows: Captain Peters, Commander; Lieutenant-Captain Meyer, First Lieutenants Runge, Dartner and Von Egidy; Lieutenant Moller; Dr. Ottow, Surgeon; Chief Engineer Ballauff, and Paymaster Frohler.

The Geir is a small vessel with a register of 1640 tons. Her keel was laid in Wilhelmshaven in 1893 and she was launched during the following year. She carries sixteen guns, as follows: Eight 10 1/2 centimetre, rapid fire, four Hotchkiss rapid fire and four Maxim guns. Her speed is about sixteen knots.

Previous to being ordered to China, the Geier was cruising along the western coasts of North and South America. She has been engaged in this work for several years. During the outbreak of the Spanish-American war, the Geier was in Cuban waters.

Honolulu's Boxer Troubles.

Sam Broad, the young Hawaiian who has started the hoodlum crusade against the Boxers, appeared in the Police Court this morning on the charge of assault and battery on a Chinaman near Palama chapel, Thursday night. His case was continued until tomorrow at the request of his attorney, J. L. Kaulukou.

Later on Kane, a hard working Hawaiian lad employed at the Foundry, was called up on the same charge. It appeared from the testimony that the Chinaman upon being struck by Broad, began to throw stones in all directions. Kane was struck and his warning to the Chinaman to desist not being heeded, he hit the fellow to make him stop.

Judge Wilcox discharged Kane stating that, when a Chinaman began to throw stones promiscuously, it was time someone stopped him.

Presentation.

George Barker was presented with two pipes in a morocco case—one a meerschmum, the other a briar root pipe—by employes of the Honolulu Iron Works, as a token of their appreciation of his services in collecting subscriptions for Mrs. Ulbright. In a speech of thanks Mr. Barker recommended the starting of an accident and sick fund among the men. The presentation took place in the machine shop at noon. W. C. Roe announced that John Dyer, superintendent of the works, had just handed him \$25 to add to Mrs. Ulbright's relief fund.
