## "STANDS UPON ITS RECORD"

### CALIFORNIA-HAWAII "SMALL FARM" PLAN

#### REPUBLICANS MAY DIFFER ON PRIMARY LAW

CONVENTION THIS MORNING ORGANIZES AND PREPARES TO FINISH ITS WORK TO-NIGHT—ATKINSON AGAIN TO BE CHAIRMAN OF THE TERRITORIAL CENTRAL COMMITTEE—CRABBE CHAIRMAN OF THE CONVENTION.

The Republican Territorial convention this morning was a very tame and quiet affair. It was called to order shortly after ten o'clock, in the New Orpheum, by Chairman A. L. C. Atkinson. The hall had not been swept out since the county convention quit at three o'clock Sunday morning, and some delegates wanted to wait for a cleaning up. But they were overruled.

Atkinson suggested the nomination of a secretary to call the roll and Wm. Thompson nominated A. D. Cooper, who was immediately chosen by unanimous vote. On nomination of Rice, Clarence L. Crabbe was made chairman.

Atkinson moved the appointment of committees of eleven each, on credentials, rules and platform, and the motion carried. Crabbe appointed as follows:

Credentials—Maui; Edward Hart, William Kahiakimi; Oahu, 4th district; R. L. Cooper, H. D. Bower; Oahu, 5th district; S. D. Corra, Wm. Kauli Gong; Kauai; W. Maage, Isaac Iona; Hawaii; C. Green, John Jesus; West Hawaii; Arthur K. Akina.

Rules—Carl S. Smith, chairman, H. S. Richard, H. Akona, A. F. Tavaras, A. B. Carley, W. H. Hoogs, Lina Kahawanae, A. S. Mahulu, H. C. Adams, G. H. Huddy, J. H. K. Kaiwi.

Platform—C. A. Rice, chairman, Judge Kapahu, Geo. C. Watt, L. S. Conness, S. L. Desha, W. Henney, W. R. Farrington, W. M. Thompson, A. F.

Farrington should emphasize the welfare of the Territory, which met this morning in the Orpheum at ten o'clock, and took a recess until this evening, will be offered substantially the following draft of a platform by its platform committee, consisting of C. A. Rice, chairman, Judge Kapahu, George C. Watt, L. S. Conness, S. L. Desha, W. Henning, W. R. Farrington, W. M. Thompson, A. F. Judd and E. N. Seville:

Fifty-six years ago the Republican party came into existence dedicated among other purposes to the great task of arresting the extension of human slavery. In 1860 it elected its first president. During thirty of the fifty years which have elapsed since the election of Abraham Lincoln the Republican party has held complete control through the possession of one or two branches of the government, while the Democratic party during the same period has had complete control for only two years. This long tenure of power by the Republican party has commanded the confidence of the American people for nearly two generations to a degree never equalled in the history of the United States and has displayed a high capacity for rule and government, which has been made even more conspicuous by the incapacity and infirmity of purpose shown by its opponents, and in convention assembled the Republican party of Hawaii hereby reaffirms its allegiance to the principles and traditions of the Republican party of the nation and to its policies as outlined in the National platform.

The platform has been drafted and is practically ready for submission, though the platform committee may make some changes this afternoon. One of the planks regarding which there is said to be a prospect of disagreement provides for direct primary nominations.

After the rules committee reported and the chairman announced the platform and rules committees, a recess until 7:30 this evening was agreed upon. In the meantime, district delegates are caucusing to select their representatives on the Territorial central committee for the next two years. It is said that A. L. C. Atkinson will again be chairman of this committee.

The platform has been drafted and is practically ready for submission, though the platform committee may make some changes this afternoon.

One of the planks regarding which there is said to be a prospect of disagreement provides for direct primary nominations.

#### THE PROBABLE PLATFORM OF REPUBLICANS

PROPOSED DRAFT OF PLATFORM OF THE TERRITORIAL CONVENTION POINTS TO A LONG LIST OF BIG ACHIEVEMENTS OF THE PARTY—KOHIO SHOULD BE RE-ELECTED AS A MATTER OF COURSE.

The Republican Territorial convention, which met this morning in the Orpheum at ten o'clock, and took a recess until this evening, will be offered substantially the following draft of a platform by its platform committee, consisting of C. A. Rice, chairman, Judge Kapahu, George C. Watt, L. S. Conness, S. L. Desha, W. Henning, W. R. Farrington, W. M. Thompson, A. F. Judd and E. N. Seville:

Fifty-six years ago the Republican party came into existence dedicated among other purposes to the great task of arresting the extension of human slavery. In 1860 it elected its first president. During thirty of the fifty years which have elapsed since the election of Abraham Lincoln the Republican party has held complete control through the possession of one or two branches of the government, while the Democratic party during the same period has had complete control for only two years. This long tenure of power by the Republican party has commanded the confidence of the American people for nearly two generations to a degree never equalled in the history of the United States and has displayed a high capacity for rule and government, which has been made even more conspicuous by the incapacity and infirmity of purpose shown by its opponents, and in convention assembled the Republican party of Hawaii hereby reaffirms its allegiance to the principles and traditions of the Republican party of the nation and to its policies as outlined in the National platform.

**THE PRESIDENT.**  
We heartily endorse the administration of President Taft.

**THE GOVERNOR.**  
We endorse the vigorous and successful administration of Governor Frear and are proud of the results achieved.

accomplished for the welfare of the Territory.

**THE DELEGATE.**

We congratulate the Territory on the continued remarkable success of Delegate Kalaianole in obtaining financial and other legislation by Congress for Hawaii; the results call for his re-election as a matter of course.

**ACHIEVEMENTS THROUGH CONGRESS.**

The unparalleled results obtained for the Territory through Congressional legislation since united National and Territorial action became possible through control by the Republican party, in marked contrast with the painfully barren results of the preceding years, are the best arguments for the continuance of such control and the strongest warning against disturbing it.

**Appropriations.**—These results include appropriations and authorizations for military and naval defenses aggregating nearly \$10,000,000; for harbors on all the principal islands aggregating over \$3,500,000; for Federal buildings for Honolulu and Hilo aggregating \$1,700,000; for light house and light house tender aggregating over \$500,000, besides the reimbursement of the Territory for maintenance of light houses during the earlier years; for legislative expenses \$30,000 each biennial period, and many other appropriations.

**Organic Act Amendments.**—They include also numerous important acts of general legislation, culminating in the recent comprehensive amendments of the Organic Act, which enlarge the powers of the legislature; increase the salaries of legislators as well as of executive and judicial officers; make all

(Continued on Page Eight.)

#### REPUBLICANS HOLD GROUND IN MAINE

(Associated Press Cable to The Star.)

WASHINGTON, D. C., September 12.—State elections are being held today in Maine and Arkansas, and in the new state of Arizona an election is in progress to choose delegates to a constitutional convention.

Returns already received from Maine show the re-election of Congressman F. E. Guernsey and Edwin C. Burleigh, both Republicans. Each was elected last time by only about 3,000 majority, and the Democrats did not make important gains in their districts.

**Taft Attends Funeral.**

BOSTON, September 12.—President Taft visited this city today and attended the funeral of Solicitor General Bowers, whose death took place on September 9.

**Pirates in Far East.**

HARBIN, September 12.—Some brigands disguised as passengers have seized a Russian steamer. They killed the owners, and many others of those on board were wounded and robbed. The brigands escaped, but a gunboat has been dispatched to search for them.

**Cholera Increasing.**

ROME, September 12.—The number of cholera cases here is increasing.

**Airships and Military.**

GRAND VILLIERS, September 12.—Maneuvers by 60,000 French troops, together with an auxiliary aerial fleet, have been begun.

**Sugar Convicts Must Serve Time.**

NEW YORK, September 12.—President Taft has refused to pardon the sugar weighers who were sent to prison some months ago, for customs frauds.

**British Steamer Wrecked.**

BRUSSELS, September 12.—The British steamer Albertville has been wrecked at the mouth of the Congo.

#### DISAPPROVES OF EDMUNDS CASES

Mannuel C. Costa was charged before the United States Court this morning with having committed adultery, and the following jury was empanelled: James S. Fox, M. H. Webb, Chas. J. McCarthy, Olaf Omstead, Irwin H. Beadle, Chas. Girdler, Samuel A. Baldwin, Dennis J. Cashman, Harry Murray, Arthur Berg, and Charles Phillips. The rest of the jury was excused until Wednesday. Charles J. McCarthy under cross-examination stated that he was against the class of prosecution before the Court, but he felt that he could render a true verdict in accordance with the evidence, and that he could set aside his prejudices. He was appointed as a juror. The similar charge against Hitata was continued until Wednesday.

Fine Job Printing, Star Office.

**ROYAL BAKING POWDER**  
Absolutely Pure  
The only baking powder made with Royal Grape Cream of Tartar  
No Alum, No Lime Phosphate

#### THINKS HEEN IS NOT ELIGIBLE

William H. Heen has aspirations for the position of County Attorney, of Hawaii county, and wants to run for it at the next election. But he has been eighteen months in Hilo, and did not register at the last general election. To be eligible for office he must have been at least one year previous to the election, a duly qualified elector for the County. To the mind of Judge Lindsay, Heen is not eligible.

**LACE SALE AT SACHS.**

On Monday morning Sept. 12th, begins the three days sale of laces at Sachs. This sale will be of genuine interest to all who are fond of beautiful laces.

**Cravenette \$4 Pumps**

An ideal shoe for street or dress wear.  
Made of Black Cravenette cloth. Soft and pliable on the foot and easy to clean.  
A rich jet black color. We show them in Pumps at \$4.00 and in Button Boots at \$5.00.

**Manufacturer's Shoe Co., Ltd.,**  
1051 Fort St., - Honolulu

#### M'CARTHY OUT OF SENATE RACE

Senator Charles J. McCarthy has decided to withdraw his candidacy for re-election.

His reason for this decision is that a majority of the Democratic party leaders are opposed to the continuation of the Territorial immigration policy. Be-

ing in favor of that policy, Senator McCarthy feels that he cannot stand for its abrogation. Hence he will not be a candidate for renomination by his party.

McCandless said this morning that he did not expect the Democratic split to be a serious one. He said that the question in dispute would be decided by the party and that he expected to abide by the decision of the majority of the party.

**NEW RICE MILL.**

The K. Yamamoto Rice Mill is the largest as well as the finest in the islands. All machinery is of the very latest pattern. The famous Tengu Rice is cleaned at this mill. With the large cleaning capacity they are able to handle considerable outside particular work which they guarantee.

**CHAMBERLAIN'S PAIN BALM**  
A HOUSEHOLD NECESSITY.

It is in time of sudden mishap or accident that Chamberlain's Pain Balm can be relied upon to take the place of the family doctor, who cannot always be found at the moment. Then it is that Chamberlain's Pain Balm is never found wanting. In cases of sprains, cuts, wounds and bruises it takes out the soreness, drives away the pain and heals the injured parts. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

#### CALIFORNIA TURNS TO HAWAII FOR FARM PRODUCTS

The high price of many vegetables and small fruits in Honolulu, owing to the fact that these have to be imported, has caused a lot of concern to householders and others, and it has been felt that this is a state of affairs that should not be allowed to continue. Somehow or other, very little has been done towards doing away with this, but now there is a reasonable prospect that it will be remedied with excellent results to Honolulu and California. California has made the move, and it is now due to Honolulu to reciprocate, which it is felt that it can do with advantage to itself by adding several items to its lists of exports.

Hearing that a Mr. E. A. Fisher had arrived in Honolulu searching for a suitable piece of land on which to experiment in the growing of vegetables

(Continued On Page Four.)

**FIDELITY**

Individuals necessarily consider a trust as secondary to their own private business, while this company has no business of more importance than the faithful performance of every trust confided to them.

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Honolulu standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 mins. The time whistle blows at 1:30 p. m., which is the same as Greenwich 0 hours 0 minutes. The sun and moon are for local time for the whole group.

## DOLE TALKS ABOUT THE ANTIPODEANS

When the California athletes returned recently to San Francisco from Australia, badly licked but still smiling, they had a great deal to say about their trip and the hospitality of the people in the land of the kangaroo. The Examiner had this to say of young Dole, of Stanford.  
Kenneth Dole, captain-elect of the Stanford University team, and who acted as captain of the tourists when Cef, the elected captain, was not playing, expressed himself as satisfied that the trip would be of great benefit to Rugby football in this country.  
LEARNED A LOT.  
"Most of the plays we saw," said Dole, "were plays that had been explained to us and with which we were theoretically familiar, but the manner of execution and the display of the value of these plays before our eyes gave us more insight into the practical side of the game than any amount of verbal instruction could do. In some of the games which we lost we were better than our opponents in actual strength and speed, but their superior knowledge of how to turn everything to account gave them the long end of the score. We could see where we had erred after it had happened, but the longer experience of the men we were against enabled them to outmaneuver us."  
The enthusiasm of the Antipodeans for the Rugby game astonished the visiting players. They say that there is more interest taken in football in Australia and New Zealand than there is in baseball here. The returning players cite, as an instance of the enthusiasm over the game and the friendly spirit with which they were treated, the fact that although they left Wellington on a steamer that left in the dead of night over 500 people were on the wharf to give them a parting cheer.

### DEVELOPMENT OF ALASKA COAL LANDS

As the cost of this coal (some 1,500,000 tons since Alaska was acquired) to the purchaser has been about \$10 a ton, it is easy to appreciate the shortsighted ineptitude of the policy which has been pursued. That policy has not been guided by a broadminded, statesman-like view of the situation, or even by plain, ordinary common sense. It reflects for the most part a rather mean and petty apprehension that some men in command of the large capital which the development of these coal lands imperatively demands might enrich themselves by getting the coal out of the ground and selling it to the public. In view of this alarming possibility Congress and the government have been playing the part of the proverbial dog in the manger. The inspiring, cons-

training, determining thought has been that it is better that the coal lands of Alaska should remain undeveloped than that their development should be committed to the capitalists by whom alone it can be accomplished, and all the legislative and executive action which has been taken in the premises seems to have been deliberately shaped to that end. These lands belong to the people, has been the idea, and they must be reserved for the people by building a fence around them so high that the most agile capitalist shall be unable to surmount it.

Here the premises are all right, but the conclusion is absurd. Certainly the Alaskan coal lands belong to the people and things should be so arranged that the people may get the good of them, which is more than they are doing now. The fallacy consists in the application to these lands of the homestead principle. If any one could work a coal mine as easily as take up a homestead it would be correct and proper to pass laws and establish rules to prevent their monopolization, but as this is not the case, as to work the Alaskan deposits capital, and a great deal of capital, is needed, the sensible course would be to give capital a fair chance. Let the government impose a reasonable royalty on every ton of coal mined, and then instead of discouraging, let it

invite and facilitate capitalistic enterprise. Every one in that case would be better off, for at present the coal lands are of no use to any one except the insurers self-seeking demagogues whom they provide with an opportunity for the manufacture of political capital.—Philadelphia Inquirer.

### ENGINEERS TO SURVEY WRECK OF THE MAINE.

WASHINGTON, August 29.—Engineers soon will be sent to Cuba to make a preliminary survey of the conditions of the battleship Maine, which was blown up in Havana harbor just before the Spanish War. This was decided today, at the first meeting of the Board of Army Engineers, appointed several weeks ago under the authorization of Congress, to proceed with the removal of the wreck. Composing the board are Colonel William H. Black, Lieutenant-Colonel M. M. Patrick and Captain H. B. Ferguson.  
Two objects will be kept in mind by the board in removing the battleship. The first will be to recover the bodies of the sailors who lost their lives when the ship was blown up, but second will be to ascertain whether the vessel was blown up from the inside the board today was said to be that the best method of accomplishing these objects was to raise the vessel in the open. This would be possible by the construction of caissons around the wreck.

# BIG STRIKE MIGHT RESULT

If the move made by the Hilo Labor Union to secure a charter from the International Longshoremen's Association should go through there is liable to be all sorts of trouble in this port over the handling of freight. At present practically all the freight here is handled by the Japanese stevedores and should the local Union join the International Association it might mean a strike which would cause great delays in the shipping of sugar, etc., from this city.

Should the local men make a complaint to the International body that they were being excluded from work while all the labor was performed by Japanese, a strike on the vessels carrying sugar from this port to San Francisco might result and the discharging or loading of the freight from which had been handled by non-union men here be stopped.

The longshoremen and the allied unions are among the strongest on the Pacific Coast and should the ball once start rolling, in the strike line, it is hard to say where it would end. A strike against one of the steamship companies would very likely result in a general strike all over the Pacific Coast.

The most doubtful matter, however, is whether the International Longshoremen's Association would be allowed to grant a charter to the Hilo Labor Union. Of the officers of the last named organization, hardly one is even a workman in the ordinary sense of the word, as most of them are either political office holders or are office seekers. In the rank and file of the union, however, exclusive of the political candidates, who vary in trades greatly, there are only a very few men who ever work as stevedores. For that matter the Matson Navigation company in the loading of the big vessels, finds it almost impossible to get Hawaiians to do the work and it is often hard to get one gang of this nationality for the American-Hawaiian vessels when they come in.—Hawaii Herald.

### GOVERNMENT VIEW OF KAISER'S SPEECH

BERLIN, August 29.—The semi-official Nord Deutsche Allgemeine Zeitung today explains the government's views of the Emperor's Koenigsburg speech, which has been construed by a part of the press as a declaration of absolutism and underestimation of the people and the people's representatives.

The speech in which Emperor William intimated his belief that he ruled by divine right was not, it is set forth, an act of the government, but the expression of the personal conviction of the monarch, and as such was the breath and spirit of his sense of duty resting on the religious grounds which his majesty has repeatedly proclaimed and had made actual in his conduct as ruler.

The basis of criticism of the Emperor was his affirmation that he went his way without considering the opinions of the day, says the paper, which adds: "He would be a bad King who took the current views as the chalk line for his conduct." The imperial speaker is declared to have put himself in opposition to the constitution. This conclusion can be drawn only by those who hold to the fiction that an independent Parliamentary system is dependent on fluctuating opinion or the absolutism of the masses whereof the constitution knows nothing.

# NEW THEORY OF EARTHQUAKE

SAN FRANCISCO, August 27.—Professor T. J. J. See of the United States Naval Observatory lectured at the Auditorium last evening on "Earthquakes and Mountain Formations." In a general outline illustrated by lantern pictures, he discoursed upon the principal reasons for changes in the earth's contour.

He emphatically repudiated the theory that the earth is cooling, saying that to his way of thinking, and from study and observation, there is no proof of it whatever. "All convulsions of the earth," said Professor See, have their origin in the sea. There are none whatever which are not caused by the pressure of water against the land, the pressure being so great against the earth, which is more or less porous in all places, that the strain finally reaches a point which makes the earth give way and pushes it up. Correspondingly, the sea bottom sinks. Often, after great convulsions, the sea is found to have sunk many feet.

"The shrinkage of the earth is not

# REPUBLICANS COMPLETE MUNICIPAL TICKET FOR CITY OF HONOLULU

**REPUBLICAN COUNTY TICKET.**  
MAYOR, John C. Lane.  
SHERIFF, Andrew Cox.  
CITY ATTORNEY, John W. Cathcart.  
TREASURER, Robert W. Shingle.  
AUDITOR, James Bicknell.  
CITY CLERK, D. Kalauokalani, Jr.  
SUPERVISORS, Eben P. Low, Makaoe C. Amama, Chas. N. Arnold, Samuel C. Dwight, Frank J. Kruger, Harrey E. Murray, James C. Quinn.  
DEPUTY SHERIFFS, Honolulu—Wm. K. Simerson, Waiialua—Oscar Cox, Koolauoko—Frank Pahia, Waianae—J. K. Kupau, Ewa—John Fernandes, Koolauloa—L. K. Haone.

Lane's victory over Hustace in the Republican convention this year was an easy one, the vote being 133 to 86. As he did last year, Hustace moved to make the nomination unanimous, and amid applause John C. Lane was made the unanimous choice of the convention for mayor.

Lane was nominated by Col. Sam Parker, George A. Davis seconding in a fiery speech. E. A. Douthitt followed up with eloquence in placing the name of Hustace before the convention. Nominations for other county officers and for supervisors followed fast. Cathcart for county attorney, Kalauokalani for clerk and Shingle for treasurer were nominated unanimously, without opposition.

The system of voting made the work of the evening session very slow. A minority report of the committee on rules was adopted during the afternoon, providing for the old system of secret balloting in booths on the stage. The convention declined to stand for the system of voting by precincts, and allowing each precinct chairman to take and announce the vote. A majority of the delegates appeared to think this would not be secret enough.

When the voting was in order Chairman Breckons appointed Balloutyne and Fogarty as tellers and William

a cause of earthquakes, and no geologists hold to that theory now. The cooling of the earth is now a belief in obscurity and a poor view to take today. While the sea is deepening, it is also growing more narrow, earthquakes are producing more land as time goes on, and that is what they are for. The cities on sea coasts are in the greatest danger, especially where the sea is deepest; the sea of Japan is the deepest in the world. That is the reason for all the terrible earthquakes in that region.

"At Guam the sea is six miles deep and the earthquakes constant. Up to a short time ago we had not connected earthquakes with the sea, which has been great ignorance on our part, but, with observation, it is noticeable that all the greatest disasters are closely adjacent to bodies of water. If we had known as much in 1906 as we know now, we could have had more protection, but there is no need for fear, as that cataclysm will not come soon again.

"The bigger the body of water, the bigger the convulsion; often after an earthquake the sea bottom sinks 10,000 feet."

Professor See answered many ques-

Henry, A. L. Castle and Albert Waterhouse judges of election and before the convention was over they had their fill of work.

According to rule, Hustace and Lane were called up to pledge themselves to support the platform and ticket. They shook hands over the chairman's table in front of the audience, and each fervently declared his intention to support the other if the convention so decreed. Then the balloting proceeded, the result showing that Lane's lead was a very substantial one.

The supervisorial balloting showed on the first ballot that only one man, E. P. Low, had the clear majority necessary for an election. The vote stood as follows: Wm. Ahia, 64; Makaoe C. Amama, 74; Chas. N. Arnold, 103; Wm. Aylett, 59; James H. Boyd, 43; David Douglas, 29; Samuel C. Dwight, 98; J. B. Enos (Ignacio), 55; W. H. Hoogs, 63; C. C. James, 26; D. Kanuha, 31; Clifford Kimball, 51; F. Kruger (Hanawaki), 64; Daniel Logan (Lokana), 70; C. A. Long, 48; S. P. Malelua, 49; H. E. Murray, 76; J. C. Quinn (Kimo Kulini), 69; M. A. Robinson, 32.

Cox, for sheriff, won on the first ballot against Robert Parker, 117 to 92. Bicknell won against Woodward for auditor by 109 to 97.

After the first ballot James H. Boyd and W. H. Hoogs withdrew in favor of Frank J. Kruger. David Douglas and David Kanuha also withdrew, and a second ballot was started, at two in the morning.

The second ballot resulted in the choice of Arnold, Dwight and Amama from the fifth and Kruger, Murray and Quinn from the fourth. Logan lost out and Aylett, the other member of the present board was badly beaten.

The vote stood on the second ballot, it having been agreed that the highest men should be declared nominated. Ahia, 28; Amama, 93; Arnold, 119; Aylett, 19; Dwight, 118; Enos, 75; James, 1; Kimball, 62; Kruger, 98; Logan, 58; Long 22; Malelua, 60; Murray, 89; Quinn, 79; Robinson, 13.

The vote for deputy sheriff of Honolulu gave W. K. Simerson a majority on the first ballot. The vote stood: Simerson, 91; Thornton, 28; Van Gieson, 69.

The convention adjourned at a quarter after three Sunday morning, to reconvene at half-past seven on Tuesday evening.

tions pertaining to his theory and was greeted by a large audience.

### IN AN UNWONTED ROLE.

Mrs. E. S. Stewart, secretary of the American Woman Suffrage Association, was condemning, in an interview in Chicago, a certain type of anti-suffragist.

"This man," she said, "while shouting that woman's sphere is exclusively the home, is apt to employ women at low wages in his factory, or else, if he is poor, lets his womenfolk go out and work."

"A virulent anti-suffragist, the kind that attends meetings to throw banana skins at the woman speakers, walked gloomily down the street one morning with a dinner pail under his arm."

"Hello, Bill," said a friend. "Where are you off to so early?"

"Off to work," the "anti" answered glumly.

"Why," said his astonished friend, "what's the matter with your wife, Bill, Ain't she well?"

### SALT PALACE WIPED OUT IN LIVELY FIRE.

SALT LAKE, August 29.—Salt Pal-

ace, built to represent a structure of salt, and one of the scenic features of Salt Lake, was destroyed by fire at an early hour this morning, estimated damage was the cause of the blaze.

Salt Palace has been used for a number of years as an amusement resort, and its bicycle saucer track was one of the finest of its kind in the world. The walls of Salt Palace, built in 1899, were constructed of salt, hauled from Great Salt Lake lake and molded into solid blocks.

# AFTER SUFFERING TEN YEARS

**Cured by Lydia E. Pinkham's Vegetable Compound**  
MARLTON, N. J.—I feel that Lydia E. Pinkham's Vegetable Compound has

given me new life. I suffered for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and could not sleep. Doctors gave me up, as they said my troubles were chronic. I was in despair, and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound; so I began to take it, and am well again and relieved of all my suffering. —Mrs. George JORDY, Box 40, Marlton, N. J. Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial. If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

DANIEL LOGAN ..... EDITOR  
MONDAY ..... SEPTEMBER 12, 1910

## THE COUNTY NOMINATIONS.

Thus far the results of the Republican county convention are favorable to having Oahu well represented in the legislature and the municipal government of Honolulu placed in safe hands provided that the party win the elections. There are still some chances that an unworthy legislative ticket will be nominated, in spite of the excellent names on the lists to be balloted for tomorrow night. It is the unexceptionable character of certain rivals for the seats that is liable to do mischief. There will be splitting of votes for such, in all probability, which will make it comparatively easy for objectionable men to walk in.

With regard to the municipal ticket that has been voted into existence, the names for the board of supervisors contain two of men who have had experience and five with everything to learn of the duties of the office. Of the inexperienced ones a majority of them are credited with good business intelligence, which should ensure their early grasping of the important affairs with which supervisors have to deal. Three of the candidates for the board are handicapped in the contest by the fact that they are not the choice of a majority of the convention. Their average vote was less than forty-two per cent of the number of votes cast, one of them lacking the large number of thirty-one votes for a majority. Thus the Republicans are going into the fight with three candidates whom their delegates by large majorities declined to endorse even upon a second ballot, with several contestants on the first ballot out of the way.

How closely reality and fiction sometimes coincide is shown in a San Francisco incident, where evidence against a burglar was found in finger marks upon a business card he had handled in robbing a house.

Many observers in and out of the United Kingdom have long thought that the solution of the Irish home rule question would either be realized in, or accompanied by, a legislative federation of the kingdom and possibly of the empire. Scotland is now asking for a legislature to deal with its local affairs, as Ireland for generations has demanded for itself, with the difference that Irish extremists have wanted also national independence—separation, in fact. Wales, it may be supposed, would be glad to have its local affairs managed by its own legislature. Now it is stated that King George favors the scheme of federation, but on the broader basis of an imperial parliament. The idea is to enlarge the Privy Council so as to make it an active legislative body in which all divisions of the empire should be represented. This parliament would deal with the larger imperial affairs.

Senator Makekani made a record at last session which was second to that of no other member. He was broadminded, shrewd and generally efficient, both with regard to his own constituency and the Territory at large. It would be a pity to see such a creditable representative of the native Hawaiians left at home.

While the reasons given by the Advertiser for the defeat of Supervisor Logan in the Republican convention may be largely correct, that event was not brought about altogether at the convention. Some combination, as yet a mysterious one, decided months ago that the official in question must not be renominated. No reason has ever been divulged for such decree emanating from the dark somewhere, but the Advertiser was used at the outset for the purpose of aiding the purpose. That paper, without any authorization from the subject of remark, at different times put him forward as a candidate for the House. The next move out of the cave of darkness was to shut the object of the scheme out of the county convention. This caused some indignation in his precinct, the Republicans of which elected him a delegate in spite of "knifing" from various quarters. He was promised enough support in the convention to have elected him easily on the first ballot, but it appears the "decree" was still in force, for, although one of the three highest not elected on the first ballot, he was beaten out of sight on the second ballot through the open and urgent opposition of a party leader who had until the supreme moment not only concealed his antagonism but professed himself as being favorable to the renomination of the victim.

## FOREIGN COMMERCE FOR SEVEN MONTHS.

A falling off in the exports of natural products, an increased exportation of manufactures, and an increased importation of manufacturer's materials are the principal characteristics of a statement of foreign commerce of the United States covering the seven months ending July 31, 1910, just issued by the Bureau of Statistics of the Department of Commerce and Labor. It shows the value of the principal articles imported and exported, January 1, to July 31, 1910, compared with the corresponding period of the preceding year. Exports of wheat, flour, meats, cotton, illuminating oil, and copper show a decline; those of lumber, leather, agricultural implements, lubricating oil, naval stores, steel rails, scientific instruments, boots and shoes, automobiles, steel sheets, builders' hardware, rubber manufactures, typewriters, sewing machines, structural steel, books, paraffin, electrical machinery, metal-working machinery and furniture show an increase. On the import side, the principal manufacturers' materials including india rubber, hides and skins, pig tin, tobacco, cotton, wool, nitrate of soda, copper ore, iron ore, and pig iron, show an increase, while many of the manufactures, including cotton laces, linens, paper, silk dress goods, cotton cloths, cotton knit goods, books, and silk laces, show a slight decline.

## CALIFORNIA TURNS

(Continued from Page One.)

usual alacrity, promised to give all the assistance that he could. Mr. Fisher wanted a piece of land in Manoa, but unfortunately none was available there, but he was immediately promised a piece in Makiki. The commissioner thought that the experiments could be better conducted at the College of Hawaii, an idea in which Mr. Fisher thoroughly concurred.

red, so he was given a letter of introduction to Professor Gilmore, at the college. The commissioner's idea was that possibly Mr. Fisher could make some arrangement with Professor Gilmore whereby a piece of land could be set aside for the experiments which could be conducted in conjunction with the college. Failing this, of course, the commissioner reiterated his desire to assist the visitor, and promised to give the necessary land in Makiki. There were no difficulties in the way of this, for Mr. Fisher's experiments would bring him under the homesteading policy. Mr. Fisher was

## Uncle Walt The Poet Philosopher

You know how well Horatius the hosts of Lars defied, till the great Lord of Luna came with his stately stride. 'Twas he, the mighty Astur, who figured in the dope as being the exclusive and only white man's hope. "I'll knock that Roman's block off," he oft was heard to say, when he was busy training before the fateful day. And now the twain encountered above the Tiber's flood; Horatius soaked him roundly, and Astur's name was Mud. The dead game sports beheld him knocked endways through the ropes, and cried in bitter fury: "Dod gast all white men's hopes!" But when the mighty Astur had got his breath once more, had fixed his broken wishbone, and washed away the gore, he said to sporting writers: "That mix-up wasn't fair, for I was greatly worried; my mind was full of care. I couldn't sleep for thinking about the woe and pain that would afflict the people unless we soon had rain. Moreover, someone drugged me, and put me on the blink; Horatius ought to give me another chance, I think." But in the halls of music Horatius, man of pow'r, was cutting ice and drawing five hundred lire an hour.

Copyright, 1910, by Geo. Matthew Adams

WALT MASON.

assured of every possible assistance and co-operation of the Commissioner of Lands.

PROFESSOR GILMORE SYMPATHETIC.

When Mr. Fisher presented his letter of introduction to Professor Gilmore he found the professor very sympathetic indeed. The pair had a long conversation on the subject, but at present nothing definite can be done. Professor Gilmore will give all the assistance he can towards furthering the project. The question of where Mr. Fisher would be located would have to be settled by the Board of Regents. The idea if successful would promote the interest of local people as well as of those in California. Unfortunately just now the lands are in bad shape, but it is hoped that the college will be able to accommodate Mr. Fisher. Nothing definite can be done until the Board of Regents meets. When this meeting will take place cannot be said just now.

### THE PROSPECTS GOOD.

Mr. Fisher's inquiries have opened up a rosy vista, and have brought to light several things that seemed to have been overlooked. For instance, if such a venture were successful, it would mean a great deal to the small farmer in the production of corn, string beans, tomatoes, green peppers, strawberries, and other small fruits and new potatoes. The Land Commissioner considers that Mr. Fisher should be encouraged in every way.

Mr. Wilcox of the U. S. Experiment Station some time ago made a trial shipment of sweet potatoes to California. The shipment arrived in the off season, and a net profit of six cents a pound was made.

From this beginning by Mr. Fisher there may develop an industry that will reduce Honolulu's imports of such products, and bring about an important export trade. A parasite has been imported to minimize the ravages of the cabbage butterfly, and spraying is now being carried on in various parts of the Territory, so that it would seem that Mr. Fisher will be able to make a start in auspicious circumstances.

The following figures regarding importations are eloquent testimony in favor of the home grown articles, these figures having been supplied by Mr. Edward M. Ehrhorn, and are for the period of June, 1909 and July, 1910:

- Oranges, 25,428 boxes.
- Apples, 31,956 boxes.
- Potatoes, 53,711 sacks.
- Onions, 11,857 sacks.
- Cabbages, 1,074 crates.

Over a hundred boys and girls arrived on the steamer Mauna Kea preparatory to beginning the season's work at Kamehameha Schools. Twenty-five or thirty came from Hilo and considerable numbers were picked up at other landings along the route.

### GAMBLERS ACQUITTED.

Loo Joe and twelve other Chinese arrested last night in a gambling raid on Nunanu Avenue were acquitted in the district court this morning. The raid was made by McDuffie and Apana.

### ACCOMPANYING CHINESE PRINCE.

Secretary Mott-Smith received a wireless message from the Manchuria this morning announcing that the suite of the Chinese Prince comprised the following: Admiral Shah, Captains Tsou Yu-ying, Tseng Yu-chang, Chu Chun-penk, Tseng Tsu-yi, Lin Pao-lun, Feng Shu, Chao Ho-lin, Lee Tsin-hoh and Taotai Chang Put Sing. The official landing will take place at eight o'clock tomorrow morning.

## WHAT PINECTAR CO. PURPOSES DOING

The following occurs in the prospectus of the Pinectar Sales Company, a corporation now in process of formation, the object of which will be to push the sale of this product on the mainland:

"On the basis of the contract which will be entered into by the two corporations, the Clark Farm Company, Ltd., as producer, and the Pinectar Sales Co., Ltd., as the marketing agency, the responsibility and risk of the latter is very limited indeed, as all of the loss incident to growing and manufacturing is eliminated. The Pinectar Sales Company buys a product for which it holds the exclusive monopoly, guaranteed by the U. S. trademark 'Pinectar,' for the United States. The Sales Company, for and in consideration of \$500 per year for ten years, paid in full by issuing 250 shares of paid-up stock, obtains all the accrued benefits of ten years of experimental work done by Byron O. Clark."

M. E. Covington, who will manage the enterprise, will leave in about two weeks for the mainland for the purpose of making a whirlwind campaign in the interest of the product throughout the States. In the meanwhile, he is selling the remainder of the stock locally. The company will have a capital of \$20,000 flat, there being no promoters' stock.

Mr. Covington states that he will be able to close contracts for double the present output of the Islands, necessitating an early enlargement of manufacturing arrangements here.

### QUICK TRIP EAST.

P. C. Jones made the trip to Boston in nine days and twenty-one hours, thereby, it is believed, breaking all records from Honolulu. The news of the fast trip came in a cablegram to Abram Lewis, Jr. Mr. Jones sailed from Honolulu in the Sierra and is believed to have made quick connection with an overland train at San Francisco.

Monday, September 12, 1910.  
San Francisco—Sailed Sept. 11 Schr. W. H. Marston for Hilo.  
Gaviota—Sailed Sept. 9 S. S. Rosecrans, for Honolulu.  
Port San Louis—Sailed Sept. 12 S. S. Santa Rita, for Honolulu.  
San Francisco—Sailed Sept. 12, S. S. Nevanan.  
Honolulu.  
Arrived Sept. 12—S. S. Nippon Maru from San Francisco.

### NEW ADVERTISEMENTS.

#### NOTICE.

The delegates to the Democratic County Convention of the Fifth District will meet this Monday evening at 7:30 o'clock at Waverley Hall. Please attend.

JOS. J. FERN.

## SELLING LEAD IS TAKEN BY H. C. & S.

There were quite a few transactions this morning, although the prices realized were a trifle off and the market seemed inclined to weakness. An is not unusual on Mondays, however, a number of other things interfered with stock business and probably stayed a reasonable amount of activity at stronger figures. There was the political ferment to reckon with, and on top of that disturber of the ordinary routine of things came the mail from the Coast.

Hawaiian Commercial was quite active, though the figures were not above those of Saturday. On the board this morning 5, 5, 100, 20, 50 and 50 shares sold at \$40. At the close, however, the stock was offered at the latter, \$39.875 being bid.

Honokaa was also in favor, but at weaker figures, 100 and 25 selling at \$18, after which more was offered at the same, \$17.75 being bid.

Bond sales on the board were: \$2000 Olan sixes at \$93.75 and \$2000 Hilo Ex. sixes at \$98.25.

Interesting quotations this morning without sales were: Ewa, \$33.25 bid and \$33.375 asked; Oahu, \$32.25 bid and \$32.50 asked; Pioneer, \$229 bid and \$231 asked; Waiialua, \$129.25 bid and \$129.50 asked.

## REPORTS OF DUN AND BRADSTREET

R. C. Dun & Company (New York) under date of September 4, reported as follows in regard to the business situation on the mainland.

"Though there has been no pronounced change in business conditions, and while a quiet conservatism still prevails, yet the movement in most departments of trade and industry is indicative of increased confidence and wider activity as the fall draws near. The week's improvement in iron and steel is quite noticeable.

"In the dry goods trade, notwithstanding the attitude of idle cotton spindles, due to the high cost of production, there appears to be a better distribution of merchandise. The hide market is also more active. Wool remains quiet. Bank clearings for August revealed at once the speculative dullness and the fact of a heavy movement of products.

Railroad earnings in three weeks of August increased 6.1 per cent. The most striking event of the week was an advance in August cotton to 20 cents, the highest price in a generation."

On the same day Bradstreet (also New York) published the following: "Best reports as to fall jobbing trade still come from the leading cities, and there is apparent fairly free movements of staples and an appreciable improvement in collections in

### ANOTHER DITCH FOR HAWAII

John T. McCrosson has evolved a plan of conveying water by means of an immense, cement-lined ditch from the Olan section of Hawaii down into the dry districts of Kau, distributing the same upon Hutchinson and other plantations in that neighborhood. This ditch will be ninety miles in length and will necessarily cost a very large sum of money. In view of the success of Mr. McCrosson with his Hamakua ditch enterprises, however, he will probably have little difficulty in financing the immense project.

Such a ditch would mean the making of the dry Kau district, vast areas of land could easily be brought into cultivation there if there was water in sufficient quantities for agricultural purposes.

### PROVISIONS, ETC

The following are wholesale quotations for standard groceries and feed-stuffs for this date:

Flour, patent, \$5.75 to \$6.00 a barrel.  
Flour, straight, \$5.30 to \$5.55 a barrel.

Corned beef, 2-pound tins \$3.20 to \$3.25 per dozen.

Corned beef, 1-pound tins \$1.90 to 2.00 per dozen.

Corned beef, Australian, 1 lb. tins \$1.65.

Salmon, red Alaska, in tins, \$6.00 to \$6.50 per case of four dozen, 1s.

Salt Salmon, Red Alaska, in barrels, \$9 to \$10. Large King salmon, nominal.

Rolley barley \$27 to \$28.  
Hay \$25 to \$28.

Bran, \$26.50 to \$28.  
Rice (Japan), \$4.50 to \$4.65 per bag.

Rice (Hawaiian), \$3.25 per bag. Very weak.

### WHERE AMERICA LEADS.

Robert Herrick, an author, praised in an after-dinner speech in Chicago the philanthropy of the American millionaire.

"Our millionaires, with all their faults," he said, "are in their charities the most liberal men in the world. We should be glad that no American fashionable preacher can say of his rich parishioners what I once heard a London fashionable preacher say from the pulpit very bitterly.

"Our upper classes," the preacher said, "are the centers feeling the impetus of the unexampled movement of grain to market.

There were more failures in August than in any other preceding month since March. The total, 934, was 8 per cent larger than July this year, or than in August last year, though 7 per cent smaller than in August, 1908. Liabilities aggregated \$11,933,575, an increase of 42 per cent over August of last year, but 53 per cent below August, 1908."

### AT THE HOTELS.

The following islanders are at the Young. A. S. Wilcox, wife and Miss Kauai Wilcox, Kauai; R. W. T. Purvis and wife and H. W. Knight. At the Hawaiian: W. M. L. W. and S. Lindsay, Waimea; Adam and Alex. L. Lindsay, Hilo.

### HONOLULU OIL.

San Francisco papers have of late had little to say concerning Honolulu owned oil prospects in California. In the middle of an article in the Examiner of September 3, however, occurs the statement:

Well No. 2 of the Honolulu Consolidated Oil Company in the Buena Vista Hills, which came in as a gas well several days ago, is now flowing oil at the rate of 500 barrels a day.

### ON REGATTA DAY.

Haleiwa will be a mighty pleasant place at which to spend Regatta Day, and being a holiday, the stores and offices will be closed so that persons may go down on the train Friday afternoon and enjoy a lay-off until Sunday night or Monday morning. There is much to commend Haleiwa. The surroundings are all that the artistic eye could wish for and the golf links and tennis court meet all the demands of those who are strenuously inclined. Boating and swimming will add in passing the time and the fine meals and service will complete the bill.

sneered, 'don't give according to their means, but according to their means.'"

Judge and Mrs. Kingsbury of Wailuku are in town for a short vacation. They are staying on Tantalus.

Mrs. Emma A. Nawahi was granted a registered title of certain lands in Hilo, in the Court of Land Registration this morning.

In the fifth annual report of William Savidge, trustee of the estate of the late Manuel A. Barete, he charged himself with \$1,198.29, and asked to be allowed the sum of \$912.57.

C. H. Brown was the successful bidder for the damaged gun bearings at Fort Ruger which had been condemned. They made about fifty tons of castron and Mr. Brown was the sole bidder.

A young German seeks employment. Has had experience about engines and machines. See classified ads.

The 5th District Delegates to the Democratic County Convention will meet tonight at 7:30 o'clock at Waverley Hall.

W. H. Smith, of Hilo, manager of the Republican campaign there, arrived on the Mauna Kea to attend the territorial convention.

They say, "ONE-THIRD YOUR LIFE IS SPENT IN BED," so naturally it behooves us to give some attention to the fittings of our bedrooms. To awaken in a cheery, cozy bedroom gives one a feeling of happiness and perfect content and helps to start the day right, and it costs but little to accomplish this—it is money well spent.

### BEDS.

METAL BEDS are in most demand these days, of which we are showing a very comprehensive line in single, three-quarter, and full sizes, from the plain light tube beds at \$4.50 up to the massive two-inch posters at \$50.00, with or without brass trimmings, in scroll effects, or those with perfectly plain lines, devoid of all ornamentation, known as the chilles, while ivory and Vernis Martin are the popular finish; for those who would like a little more coloring we have the mahogany, pink, green, and combinations.

Perhaps you are tired of the metal beds. If so, we have a nice line of BRASS BEDS in straight posts and bent pillar effects, in round or square tubing, in satin or bright finish, from \$34.00 to \$100.00

Or your fancy may run to WOOD BEDS, say a genuine mahogany with its rich red grain, in Napoleon or Colonial designs at \$40.00 to \$60.00, or the plain styles in quartered oak and birch at \$27.00 to \$40.00.

### BUREAUS.

Our showing of BUREAUS is unsurpassed, such a variety of designs and different woods and finishes is seldom shown in a community of this size.

The soft-toned birdseye in natural finish is quite the vogue and deservedly so. What could be more appropriate for the young lady's room or the guest chamber? Nothing cooler and cleaner looking, and at prices to suit all, \$30.00 to \$93.00.

Then there is the genuine mahogany. That for richness of color and beauty of grain we must look to when more elaborate furnishing is considered. In this we are showing some beautiful reproductions of the earlier periods, from \$45.00 to \$100.00.

In oak we have the largest showing, both plain and quarter-sawn, in golden and fumed finish; every conceivable design in plain or shaped fronts; and oval, square, or shaped mirrors. Solid Oak Dressers, \$18.00 to \$68.00; imitation golden oak as cheap as \$12.75.

### CHIFFONIERS.

May be you lack closet room. Then one of our chiffoniers will be just the thing. All sizes from 26 inches to 42 inches in width, with and without mirrors, in mahogany, birdseye, quartered oak, golden or fumed finish, plain or imitation oak in golden finish, some to match the bureaus and some odd. Prices from \$9.00 to \$75.00.

To sum it all up, we are just proud of our assortment of bedroom furniture and its reasonableness, and we want to show it to you. It will give us pleasure to do so.

**\$39.50**

**Do You Want Long, Heavy Hair?**

Then treat your hair well. See that it is properly fed. Growth of every kind demands proper food. Starved hair splits at the ends, turns prematurely gray, keeps short and dry. Then feed your hair. Feed it with proper food, a regular hair-food. Feed it with Ayer's Hair Vigor. Thus help nature all you possibly can toward giving you rich, heavy, luxuriant hair. Ask your doctor about your hair and about Ayer's Hair Vigor. Follow his advice.

**SPORTS**

**REGATTA STUNTS IN PAST TWO DAYS**

Saturday afternoon and Sunday were notable for exceptional activity on the waterfront, most of the oarsmen and yachting cranks participating more or less in the training stunts which are now in full swing. Both boat houses were filled with aquatic experts and their friends most of Sunday, and speculation on the results of next Saturday's events is now in earnest.

Heretofore it has been the majority of opinion that the Myrtles would have another walkover in the rowing events. Certainly the old champions are well prepared for the contests, although perhaps not so speedy as in former years. Compared to the Healanis, however, they have seemed to have the better of the argument. But at the week-end Mr. Klebahn, the most successful trainer in Hawaii, perhaps, came forward and is giving "pointers" to the Healanis. Although the time is now short, the effect of his instruction is certain to be felt.

Badges for the use of guests on Regatta Day have been prepared by the boat clubs and are being distributed. They entitle holders to the privileges of the respective boat houses.

The committee whose duty it will be to raise funds will start out today or tomorrow in the hope of setting at least \$800 together. This amount will cover the expense of prizes, etc.

**REGATTA PROGRAM.**

Following is the program complete for the regatta events to take place next Saturday, beginning at 9 a. m.:

- 1 Senior Six-Oar Sliding Seat Barge. Prize, \$25 Trophy.
- 2 Six-Paddle Canoe. First Prize, \$30; Second Prize, \$15.
- 3 Freshman Six-Oar Sliding Seat Barge. Prize, \$25 Trophy.
- 4 Four Paddle Canoe. First Prize, \$20; Second Prize, \$10.
- 5 Senior Pair-Oar Boats (sliding seats). Prize, \$20 Trophy.
- 6 Four-Paddle Canoe (modern). First Prize, \$20; Second Prize, \$10.
- 7 Junior Pair-Oar Boats (sliding seats). Prize, \$20 Trophy.
- 8 Special Pair-Oar Boats (sliding seats.)
- 9 Sailing Race for Sea Wrens. Prize \$15 Cup.
- 10 Sailing Race for Pearls. Prize, \$15 Cup.
- 11 Sailing Canoe Race. First Prize, \$15; Second Prize, \$10.
- 12 Sailing Canoe Race (modern). First Prize, \$15; Second Prize, \$10.

Races open to all. No entry fees. All rowing races to be governed by the racing rules of the Hawaiian Rowing Association.

Each entry shall include the name of the boat, or, if it has none; the name of the person who enters it.

There must be at least three boats started before a second prize will be awarded.

Entries will open at 8 a. m. Tuesday September 13, at the Hawaiian News Co., Alexander Young Building, and will close Thursday, September 16, at 12 m.

For further particulars apply to the Regatta Committee—T. V. King, Bert Heilbron, Irwin Spalding.

**HOW MAUI TENNIS CLUB SHAPES UP**

WAILUKU, Sept. 10.—Last week a few tennis enthusiasts met and organized a Club to be known as the "Wailuku Tennis Club." Tuesday evening the members of the club met at the home of C. D. Lufkin, and adopted a constitution and by-laws, and transacted other routine business. A tennis court has been secured and men have been working on it for the past week putting it in shape. It is hoped to have the court in condition for play in about two weeks. The new tennis club will be quite an acquisition to the social life of Wailuku, and it is anticipated by the organizers to develop some good contests in the near future.

It was voted at the meeting Tuesday evening that the initiation fee should be \$1.50 for both gentlemen and ladies. The dues for gentlemen shall be four dollars per year, payable six months in advance. Ladies are to pay no dues, the initiation fee admitting them to full active membership.

The officers of the club are C. E. Meyers, President; Alfred Martinsen, Jr., Vice-president; F. A. Lufkin, Secretary and Treasurer. The annual meeting of the club will be held the first Monday in December, and all those joining before that time will be considered charter members.

**SPORTY POLITICIAN.**

Eben P. Low, one of the nominees on the Republican ticket for supervisor of Honolulu, is the father and greatest promoter of the sport of cattle roping, etc., in the Hawaiian Islands. The business of cattle roping is an old story, but Low introduced the sports feature, a la Wyoming, into it and is the chief promoter of it today.

**ANDREWS OVERBOARD.**

Lorrie Andrews was accidentally upset at the Outrigger Club last Saturday, and although the sea did not appear to mind it much, the attorney had a few moments of intense perturbation. Friends came to the rescue, however, and the gentleman was saved to learn to swim another day.

**REGATTA DAY BALL.**

In regard to the ball to be given at the Young hotel on the evening of Regatta Day it should be borne in mind that tickets for gentlemen will be \$1, ladies being admitted free. Tickets may be had of members of either boat club.

**WAS NO WIND.**

Yesterday not a breath of air was stirring, so that sailing was out of the question. In consequence the race of the sea wrens in the harbor had to be given over and none of the yachts could go out. The championship wren race will be sailed next Sunday.

**WRESTLERS WRESTLE.**

A bunch of about twelve Japanese wrestlers held forth in a vacant lot mauka of the railway depot all of yesterday afternoon, preparing for an island meet of champions which will take place in the very near future. The wrestling was on a raised platform, made of sand, and was in the presence of several hundreds of peo-

**INTERNATIONAL AUTO RACE NEXT**

BERLIN, August 19.—Prince Henry of Prussia having again given a motor touring trophy for the next three years, a meeting was held at Frankfurt Automobile Club under the presidency of the Prince today. It was attended by representatives of the Imperial Automobile Club and the Association of German Motor Car Manufacturers, and by Mr. Orde, representing the Royal Automobile Club of England.

It was decided that next year's prize should be competed for between the Imperial Automobile Club of Germany and the Royal Automobile Club of England. The race will take place partly in Germany and partly in England. Each of the two clubs is to be represented by 50 cars.

Speed trials will be eliminated, and the prize in future will not be given to individuals but to the winning club. The winner will be the club the cars of which receive the smallest number of penalty points.

The officers of the club are C. E. Meyers, President; Alfred Martinsen, Jr., Vice-president; F. A. Lufkin, Secretary and Treasurer. The annual meeting of the club will be held the first Monday in December, and all those joining before that time will be considered charter members.

**HEALANIS DETERMINED.**

If the Healanis lose either race next Saturday it will not be for lack of coaching. Besides Klebahn, who will coach the seniors, Paul Withington has been engaged to show the freshmen how to win. With these experts in charge, the Myrtles may not have such an easy time of it after all.

**RAIN SPOILED IT.**

The baseball program at Athletic Park yesterday afternoon was spoiled by the rain, water having become blocked upon the diamond. It was a pity, too, for quite a large crowd appeared to witness the sport. The games set for yesterday will be played off next Sunday.

**DAMP BUT CHEERFUL.**

Devotees of the Country Club turned out in force yesterday, despite the rains of the weekend. The golf links are high and dry off quickly, so that playing was possible most of the afternoon.

**WANT WITHINGTON.**

Healanis Boat Club men are exceedingly anxious to have Paul Withington pull in their freshman crew next Saturday, but as the young man is employed at Kahuku plantation they are puzzled to know just how to go about it. Withington is qualified in every respect to become a member of the crew, they point out; and only his business stands in the way.

**SURE CURE FOR DIARRHOEA.**

An ordinary attack of diarrhoea may be cured by a single dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Only in the more severe cases is a second or third dose required. Try it. It has a reputation of over thirty-five years behind it and is ever recognized as the most reliable remedy in use for diarrhoea. For sale by all dealers, Benson, Smith & Co, agents for Hawaii.

Fine Job Printing, Star Office.

**AT THE THEATERS**

Whether it was the clear, warm weather or the Republican convention that drew people from their homes, makes little difference. The fact remains that the theaters were filled to the utmost Saturday night. None of them had out their "standing room only" signs, but it was a hard job to find a seat at any of them for most of the evening. The receipts all around were exceptionally large.

**THE PARK TONIGHT.**

Four of the specialists now appearing at the Park theater have arranged to put on a sketch this evening. This is a new departure, but it bears every promise of success. In the combination are Connie Marina, Hanvard, Miss Franklin and Miss Lyndon. Mr. Stross will reappear in another of his great cornet successes.

**AT THE EMPIRE.**

"Trixie," the very big lady who has been appearing at Aloha park for sometime, has been engaged to sing at the Empire theater, beginning tonight. "Trixie," like many large people, has a voice like a steam whistle and will surely be heard by everybody. Her appearance on the stage will doubtless be the sensation of the hour. The Aflague sisters have also been engaged by Manager Overend for this week, and Miss Rockwell will continue to entertain.

**THE NOVELTY.**

There will be new songs and new pictures at the novelty this evening. As last week, Wise and Milton and Tisdale will be the chief vaudeville stars.

**CONCERT TONIGHT.**

The program for the band concert to be given this evening at Emma Square is as follows:  
March—Veritas (new).... Denmore  
Overture—Don Giovanni.....Mozart  
Polonaise—All in Mask.....Faust  
Selection—Dollar Princess.....Fall  
Vocal—Hawaiian Songs, ar by Berger  
The Angel's Serenade.....Braga  
Addis Napoli.....Cotran  
Ballad—Bilbao.....Retford  
The Star Spangled Banner.

This concert will not take place if the Chinese Prince arrives this afternoon.

**CHEERFUL OPTIMIST.**

Mayor William Jordan, at a democratic banquet in Jacksonville, said of optimism:

"Let us cultivate optimism and hopefulness. There is nothing like it. The optimistic man can see a bright side of everything—everything."

"A missionary in a slum once laid his hand on a man's shoulder and said:

"Friend, do you hear the solemn ticking of that clock? Tick-tack, tick-tack. And oh, friend, do you know what day it inexorably and relentlessly 'drags nearer'?"

"'Yes pay day,' the other, an honest optimistic working man, replied.

**Announcement.**

I hereby announce my candidacy for the nomination of Representative, Fourth District subject to the action of the Republican County and District Convention.  
C. H. BROWN.

**Announcement.**

I hereby announce my candidacy for the nomination of Representative, Fourth District subject to the action of the Republican County and District Convention.  
M. S. DEPONTE.

**Announcement.**

# ROOSEVELT IN NEW YORK AGAIN

NEW YORK, September 12.—Col. Roosevelt's return home from his western trip has promptly started a fight for the control of the delegates to the New York Republican State convention. The result of the contest will depend largely upon the primaries that are to be held tomorrow at Buffalo.

Colonel Roosevelt's attempt to dominate New York State Republican politics met with defeat a short time ago but he has not yet given up the fight. He plunged into it again as soon as he reached home and the prospects are the events will be exciting from now on.

## LEAD FOR GOLD.

SEATTLE, September 12.—Gold bullion to the value of \$57,500, comprising a part of the Alaska shipment to the Horton Dexter Bank of Seattle, was stolen on shipboard between Alaska and this city. The thieves who made the big haul substituted lead for the gold, and consequently the theft was not discovered until the criminals had had time to make their escape with the bullion. There is no clue as to the identity of the thieves.

## EUCHARIST CONGRESS.

MONTREAL, September 12.—A splendid pageant ended the Eucharist congress in this city yesterday. The parade was four miles long and was viewed by no less than half a million people. Cardinal Vannutelli marched with the host and as it passed, the throngs knelt reverently. Two hundred thousand people, unable to obtain better accommodations, slept in the parks Saturday night.

## NINE KILLED IN ACCIDENT.

ROCHESTER, New York, September 12.—Nine laborers were killed and ten injured yesterday through the collapse of the Erie Railroad tunnel.

## STEEL MAGNATE DEAD.

CHICAGO, September 12.—Isaac L. Elwood, the steel magnate and associate of John W. Gates, is dead.

## DAUGHTER OF EX-GOVERNOR KILLED

SAN FRANCISCO, September 12.—Florence Pardee, the eldest daughter of ex-Governor George C. Pardee of California, was killed yesterday in an automobile accident.

## LORIMER RESIGNS.

CHICAGO, September 11.—United States Senator Lorimer has tendered his resignation as a member of the Hamilton Club of this city.

There is a prospect of a fight in the club over the acceptance of his resignation.

Lorimer, who had been invited to a banquet given in honor of Colonel Roosevelt, was later notified that his invitation had been withdrawn on account of the ex-President refusing to attend the banquet if Lorimer was present.

The banquet was given and Roosevelt was made much of. The colonel's address of the evening was a denunciation of graft in this State.

## HONEYCOMBED WITH GRAFT.

CHEYENNE, September 11.—Former United States Senator Joseph Carey has announced his independent candidacy for the governorship. In his declaration of principles he states that the government of Wyoming is honeycombed with graft and he promises, if elected, to make a clean out of the grafters.

## ROOSEVELT REACHES HOME.

PITTSBURG, September 11.—Colonel Roosevelt's western trip came to an end last night. He arrives at Oyster Bay this morning.

## UNDER TWO BRIDGES

ST. LOUIS, September 11.—Aviator Baldwin today aeroplaned fourteen miles over the Mississippi River, flying his machine under two bridges without a mishap.

## "PARDON" PATTERSON QUILTS.

NASHVILLE, September 11.—"Pardon" Patterson, former governor of this State and generally known as "the pardon governor," has withdrawn as a candidate for the Democratic nomination for the governorship. It is stated that a threatened split in the party is the cause of his getting out.

## SEVEN DEAD FIFTY INJURED.

BERNAY, France, September 11.—The Paris-bound Cherbourg express has been derailed here, seven being killed and fifty injured.

## BORN.

JEFFS—In Honolulu, September 12, to Mr. and Mrs. Harold Jeffs, a son.

Fine Job Printing, Star Office.

# CHINESE PRINCE HERE TO-MORROW

The agents of the Pacific Mail Line have received an intimation that the P. M. S. Manchuria with Prince Tsai Hsun on board, will arrive in port tomorrow morning. All the arrangements for the reception of the Prince have been perfected, and will be exactly as outlined in these columns a few days ago.

The Chinese Consul will meet the Manchuria in the naval station launch, and when the vessel arrives at the wharf there should be a large crowd to welcome the Prince to these shores. Secretary Mott-Smith, Rear Admiral Rees, and Colonel Schuyler will extend a welcome to the distinguished visitor, after which the procession headed by the Hawaiian band, and formed of a troop of cavalry from Lollehua, two companies of marines from the naval station, a company of infantry from Fort Shafter and a company of the National Guard will leave for the Capitol. On arrival there a salute of twenty-one guns will be fired, and Governor Frear and his staff as well as Admiral Rees, Colonel Schuyler, Captain Timberlake, Major Winslow and Captain Chapman, will receive the Prince in the throne room. At the conclusion of the reception the prince will be accorded another twenty-one guns, and he will then proceed to the Young Hotel, where Governor Frear will return the call. So far as is known no private receptions have been arranged, but it is understood that the Prince will be shown around the country in a motor car, and that he will be taken to view the progress of the work at Pearl Harbor.

Prince Tsai Hsun is on his way to American to study naval conditions there, and to make inquiries regarding the building of men of war.

## WHY IT IS CROOKED.

A party of tourists was recently speeding through the Senate subway in one of the automobiles running there for the benefit of lazy folks. At the visitors gazed around upon the curving beauties of that underground pas-

sage the inquisitive and precocious young miss of the party spoke up:

"Uncle," she said, "why did they make this tunnel so crooked instead of building it right in a straight line from the Senate building to the Capitol?"

"Why, to avoid the sewer mains and underground gas and water pipes, of course," replied the uncle, sagely. "Don't ask so many foolish questions."

"But the mains and pipes all follow the roadway," argued the observant young girl, "and so does the course of this passage. That isn't the reason, I know."

"It's because the curved line is so much more beautiful than a rigid, straight course would be," said the esthetic sister, with a patronizing air.

"But a long vista down this passage if it were straight, with the diminishing lights all twinkling in the distance, would be much more beautiful than the confined view in this crooked way," answered the precocious one. "Sister, you're just as wrong as uncle."

"Why, the reason's plain," spoke up sister's fiancé, who is a lawyer. "They followed the course of the roadway above because the title to it was in the government, and they were saved the trouble of purchasing a right of way."

"Why, even I know that the title to

the Capitol grounds must be in the government just as much as that of the roadway," objected the inquisitive dandy. "I'm ashamed of you for a brother-in-law."

"They made it crooked," whined the fat aunt, "because if they had made it straight it would have been unaccountably steep for ordinary folks like me to walk up. That's plain."

"All except the steep grade," replied the irrepressible maid. "It's almost level all the way through here. I know that can't be the reason and I don't believe any of you know. I'll ask the man."

But the man didn't know; neither did the Senate doorkeeper, nor the man in the elevator.

At length Mr. Woods, superintendent of the Senate building, was found.

"All your reasons are wrong," he explained. "The subway was made crooked because when it was built it was by means of an open cut instead of a tunnel. Had we made that cut straight across the grounds we would have had to destroy many old and valuable trees in the grounds. Accordingly we followed the roadway. That's the real and only reason."—Washington Star.

## NEWS IN A NUTSHELL

Paragraphs That Give Condensed News of the Day.

Harmony Lodge No. 3, I. O. O. F., meets this evening at 7:30 o'clock.

C. R. Buckland, former editor of the Hilo Herald, is a visitor here, arriving on the Mauna Kea.

PINECTAR SALES CO.'S office, 655 Kaahumanu (upstairs); tel. 1144. M. E. Covington, sales mgr., 10 to 11 and 3 to 4 daily.

The system of cooling meats at the Metropolitan Meat Market is a guarantee that everything will be pure when it goes on the table.

Editor Conness, of the Hilo Herald, arrived on the Mauna Kea to attend the territorial convention here today. He will return to Hawaii tomorrow.

See that you get your green stamps when you are buying at the stores. And call at the show rooms, and see the many valuable articles you get for them.

Big, 7-seat Alce car, for rent by day, or trip or hour. Willie Wells chauffeur. Royal Hawaiian Garage; phone 1910.

You can depend upon getting the best possible finish from your negative if you have the Honolulu Photo Supply Co. do your developing and printing.

J. O. Luttet, the oil stock promoter, leaves by the Mauna Kea tomorrow to spend a few weeks in the Rainy City. Business will still continue at his office during his absence.

The superiority of the laundry work done by the French Laundry, 777 King street, is known to a large number of people who are particular about the way their clothes are handled. The Honolulu Construction and Draying Co., Queen street, opposite Kaahumanu, are prepared to furnish in any quantity Coral, Sand and soil, and to do heavy and light draying.

For the best amine in the city, call on Pete, the California expert, at the Silent Barber Shop, Hotel street.

Pacific Mail steamship Manchuria, according to a wireless received at the Kahuku station at eight o'clock last evening, will be off port from Yokohama at six o'clock tomorrow morning and will probably be dispatched for San Francisco at five o'clock in the afternoon of the same day.

The hair brushes being sold by Benson, Smith and Company, Ltd., at the corner of Fort and Hotel streets for seventy cents have always brought \$1.25. The quality is excellent.

The second squadron of the Fifth Cavalry now serving in the United States has received orders to proceed to Honolulu for duty. The squadron will arrive here on the October transport from San Francisco, and will join the first and third squadrons now stationed at the Leilehua reservation.

# THE PROBABLE PLATFORM OF REPUBLICANS

(Continued from Page One.)

general federal appropriations applicable to Hawaii; validate numerous doubtful naturalizations; improve the laws relating to disqualification of judges; facilitate the sale of public bonds at higher prices and lower rates of interest; provide for the acquisition from the Federal government of the title to property used or required by the Territory and the counties.

Homes for Citizens.—Most important of all, these amendments mark the beginning of a new era in homesteading public lands by facilitating such homesteading and at the same time preventing homesteaded lands from getting into the control of aliens, corporations and large land holders. They also grant preference rights to persons residing on public lands to obtain title to their homes; provide for

settling the titles of churches to their lots; and prescribe strict limitations upon leases, exchanges and sales of public lands for other than homestead purposes.

## ACHIEVEMENTS THROUGH THE LEGISLATURE.

The Republican party, rising above unfounded criticism, empty promises and "anything for votes, both as unworthy and as a slap upon the intelligence of the voters, stands confidently upon its record of constructive and progressive statesmanship and the resulting unprecedented prosperity as a conclusive reason for its continuance in power and a sure guarantee of its continuing to make the public welfare its paramount concern.

Surplus Through Economy.—By reorganization, economy and the pursuit of businesslike methods, it has placed the Territorial finances upon a sound basis, with the remarkable result that notwithstanding the loss of a million dollars annually in customs receipts and an increase of nearly fifty per cent in transfers of revenues to the counties during the last three years, it has, without adding to the burdens of taxation, expunged a deficit of \$700,000 and accumulated a surplus of equal amount, which is available for public improvements.

Problems Solved.—It has worked out a satisfactory solution of the complicated and difficult public land problem. It has practically solved the leprosy question, and inaugurated a campaign against tuberculosis. It has enacted and faithfully executed the best high license liquor law in this or any other country. It has evolved advanced policies on the fundamental subjects of conservation and immigration. It has instituted and developed city and county government. It has created a college of agriculture and mechanic arts and provided for a public library. It has honestly and efficiently expended millions of dollars in public improvements; and, not to prolong the enumeration, it has in pursuance of the same careful and businesslike methods with a view to further constructive and progressive action, provided for investigations by commissions into the subjects of school funds, private wharves and landings, truck gardening and marketing, stamp duties and licenses, pure milk, and financial aid to homesteaders.

IMMIGRATION. Hawaii's industrial growth during the last sixty years and her present unexampled prosperity, with imports and exports of \$72,000,000, bank deposits of \$14,000,000, extensive construction of railroads and irrigation works, diversification of industries, increasing demand for labor and advancing standard of wages, would have been impossible without immigration. If immigration is not conducted under government auspices, it must be privately conducted subject to the restrictions of existing Federal laws, or it must practically cease, in which case all industries will languish with resulting distress to rich and poor alike. Therefore, relying on the sincere and sound judgment of the voters, the Republican party stands firmly for a continued and improved policy of immigration under government control to secure the immigration of Portuguese and other desirable immigrants.

Money for Roads and Labor.—In this connection and in line with the special income tax, the object of which is the general development of the Territory, we pledge the party to appropriate for the next biennial period \$200,000 out of the general revenues in the Territorial Treasury for the construction of belt roads on the several islands, thereby assisting homesteaders and furnishing employment for citizen labor.

CONSERVATION. The Republican party, as the party of progress, points with pride to its achievements in putting into operation a comprehensive policy for the conservation and development of natural resources.

Lands and Waters.—Among other things, it points to the hydrographic and topographic surveys and the securing of funds and experts from the Federal government therefor;

Forests.—To the creation of forest reservations, and the planting of forests;

Animals and Plants.—The protection of animals and plants from pests and diseases;

Aid to Federal Experiments.—The aid to the Federal Experiment Station in developing the taro, rice, cotton, pineapple, tobacco, rubber and other agricultural industries;

College of Agriculture.—The establishment of a college of agriculture and mechanic arts and securing of Federal assistance therefor to the extent of \$50,000 a year; and investigations through commissions and otherwise with a view to the establishment of demonstration farms, facilitating the marketing of products, and otherwise making successful homesteading possible.

Further Conservation.—The party pledges itself to a continuation of the present policy of conservation through the special income tax, and for further steps in this direction it pledges its endeavors to secure a soil survey of the Territory and the establishment of

## EDUCATION.

Education of the youth of Hawaii should have first claim upon the revenues of the Territory. To establish this claim the Republican party favors a law that will permanently secure the support of the public schools by the proceeds of the school tax and a sufficient percentage of the tax on real and personal property. The party pledges its Delegate to Congress to an active campaign for the passage of the so-called Davis bill or such other Federal law as will provide a Federal appropriation for the support of schools in every county for industrial education. The report of the school fund commission will have the special consideration of the Republican members of the legislature.

## LIQUOR.

The Republican party regards the prohibition as a conclusive expression of the sentiment of the people of this Territory in favor of the present liquor law and of its enforcement in good faith. We therefore pledge our representatives in the legislature against any change or modification of that law and demand its faithful, impartial, and vigorous enforcement, and pledge them to make the necessary appropriations to carry out the law.

## THE PUBLIC HEALTH.

Leprosy.—The Republican party is proud of the effectiveness of the humane leprosy law advocated and passed by the party in the last legislature. The party has also brought about, through Congressional legislation, the establishment of a scientific investigation of this subject. The combined action thus made possible has already lessened the hardships of those suffering with this disease, and their friends and relatives, and gives early promise of the discovery of a cure for this disease.

Tuberculosis.—The party has also adopted and put into operation a policy to suppress and prevent the spread of tuberculosis, the most devastating of all diseases.

Board of Health.—We commend the successful efforts of the Territorial Board of Health to secure greater efficiency in the agencies guarding the public health, and favor such legislation as will increase the efficiency of this most important branch of the public service.

## NEW WHARVES AND LANDINGS.

We realize the paramount necessity for providing adequate wharf and landing facilities and approaches thereto to accommodate the rapidly increasing commerce of the Territory and, particularly in view of the approaching completion of the Panama Canal, we pledge our representatives in the coming legislature to make sufficient appropriations, through loan funds, if necessary, for providing for such improvements.

## DUTY ON COFFEE.

We reiterate our firm support of the policy of protection for all of our agricultural products and pledge our further efforts for a tariff on all coffee grown on American soil.

## COUNTY RECORD OFFICES.

We favor the establishment within each county of an office for the registration of conveyances and other instruments affecting property within each county and declare for such legislation as will effectively carry out this purpose.

## PERMANENT SETTLEMENT FOR QUEEN.

We favor the continuance, so long as she shall live, of the permanent settlement upon the former Queen Liliuokalani.

## KILAUEA NATIONAL PARK.

We advocate that the Volcano of Kilauea be reserved as a national park.

## PROMOTION WORK.

We believe that every inducement should be offered to desirable tourists and prospective settlers to visit these islands, and that the best mean to increase the tourist traffic is to continue the promotion work so ably conducted by the present Promotion Committee, and we favor sufficient appropriations to enable them to continue their work in this behalf.

## STATEHOOD FOR HAWAII.

The Republican party rejecting the proposition of government by commission and other reactionary proposals of like kind, presses on for the growth and maturity of such responsible representative government as will lead to statehood.

## GREAT REGISTRY OF VOTERS.

We favor a permanent registration law providing that a voter's registration for one election shall hold good for all subsequent elections, subject to necessary corrections from time to time in case of death, change of residence or other sufficient cause.

## CONGRESSIONAL VISIT.

Recalling the results of former visits of Congressmen, cabinet officers, members of the national immigration commission, experts of the Reclamation Service and Geological Survey and other Federal officials, we favor an appropriation for the expenses and entertainment of another delegation of Congressmen and other distinguished visitors.

## DIRECT PRIMARY.

We favor a direct primary law providing for the nomination of candidates for elective offices on the island of Oahu.
