FREAR CREATES LAND ADVISORY BOARD ALAMEDA SAFE IN SPITE OF RUMOR

Frear Will Appoint Advisory Land Board To Study Local Laws

Governor Frear will probably appoint what will be known as an Advisory Land Commission to assist him in going through the present land laws of the Territory of Hawaii and determining just how they may be modified so as to give the bona fide settler a fair chance with the speculator, and the results obtained by the earnest work of this Advisory Commission, in conjunction with Governor Frear and the Land Commissioner, will be embodied in the concrete proposal which will be forwarded for the consideration of Congress. This was so stated by the Governor this morning.

"I can't go into the matter very much at the present time," he said, "because I am not fully prepared. I prepared, as you will remember, a form of special agreement land sales shortly before I went to Washington, and have given these forms of land sales much thought while away and since my return. I now have a number of new features to suggest in addition to the special agreement sales proposition. Mott-Smith approves of these and has several suggestions of his own. I wish soon to provide a new form of special agreement sales which will give the bona fide settler the opportunity to make good and keep the land away from Japanese and big corporations. As I have stated before, I believe the land laws of Hawaii need modification, but what these modifications are to be can only be determined after long and careful study. It is for this reason that I will probably appoint an Advisory Land Commission to assist me."

"I wish to make a trip around the island of Hawaii, the same as was made around Maui, some time in the near future, probably some time in August or September. It is also possible that I will make another trip to Washington in November."

Fleet Offers Police Help To Keep Order

Full details in regard to the number of men who will be granted shore leave daily during the stay of the Atlantic Fleet in this port, and about the arrangements which will be made by the Fleet authorities for the assistance of the police in keeping order, were received today by Secretary Mott-Smith in a letter from the Chief of Staff of the Fleet. This communication has been forwarded to Sheriff Lauka, who expresses himself as much satisfied with the suggestions contained therein. The letter in full reads as follows:

Office of the Commander in Chief
 U. S. Atlantic Fleet
 U. S. S. Connecticut, Flagship
 San Francisco, Cal., June, 1908.
 Sir:—

1. Referring to the approaching visit of the U. S. Atlantic Fleet to the port of Honolulu, I am directed by the Commander in Chief to invite your attention to our usual method of assisting the local police in maintaining order among the liberty men on shore.

2. In foreign ports by permission of the authorities a patrol party consisting of 64 men (4 from each ship) in charge of four commissioned officers and four midshipmen, is landed each day with the liberty parties. These patrolmen are distinguished by wearing leggings but carry no weapons of any kind. In home ports they carry a policeman's baton. Before landing liberty parties the Chief of Staff reports to the Chief of Police or his representative and arranges for cooperation between the patrol and the local police. It is the duty of the patrol to police the localities where liberty men most congregate, as indicated by the local authorities and to preserve order.

WANT FREE FARE OR FULL RATES Rapid Transit Half Fare Plan Displeases Committee

If the uniformed men of the Fleet are not given free transportation on street cars by the Honolulu Rapid Transit & Land Co. while here, they will be charged full rates as is the case with civilians. This decision was reached at the meeting of the Fleet Entertainment Committee this morning.

The committee thought that the action of the Rapid Transit Co. in deciding to give the men in uniform only half fare was rather ungenerous and the feeling was expressed that the company should decide to charge the uniformed men of the fleet full fare or give them free transportation.

Chairman Waldron of the Entertainment Committee was authorized to report the decision of the meeting to the Executive Committee.

Wm. Hoogs, of the Ball Committee, reported progress of the work on the walks and bridge over the stream, connecting the Moana and Seaside hotels. It was decided that appropriate music be furnished for the dance. The County Band will be increased during the stay of the fleet here, the resulting expenses to be borne by the entertainment committee. Invitations will be extended only to the Governor, Secretary of the Territory, Army and Naval officers, both active and retired, fleet correspondents and the local representatives of eleven daily newspapers. The commanders of the ships of the fleet will be given invitations when the names have been ascertained.

The committee, through its chairman, will ask the executive committee to cooperate in asking the Governor to declare July 16 a public holiday. This was decided in order to allow everyone to see the grand sight of the approaching ships.

There being no other business the meeting adjourned to Thursday morning at 8 o'clock.

DR. JARED SMITH JOINS UNOFFICIAL RANKS
 Dr. Jared G. Smith today severs his connection with the United States Agricultural Experiment Station and will be succeeded by Dr. Wilcox, who arrived recently from Washington.

Mr. Smith leaves the service of the Department to enter into the tobacco-growing enterprise of Kona, although he will probably assist Dr. Wilcox for a month or so more. Mr. Smith established the station soon after annexation and has done the pioneer work so well that Dr. Wilcox feels that he could make a first-class record by merely completing what has been started. The work of the first years at the Experiment Station has not been light by any means, but Mr. Smith has carried it through with perfect success and is very widely respected for his high attainments and admired for the determination and capacity to overcome great obstacles.

Japanese Will Leave Schools

SEATTLE, Wash., June 30.—The local Japanese have decided to withdraw their children from the public schools and will substitute instruction of their own.

QUICK DIVORCES WILL BE STOPPED New Rule Of Court May Be Made To This Effect

Record-breaking divorces are soon to be a thing of the past, if the action and movement which is on foot in the Judiciary building to the effect that lawyers be required to get their cases for trial not less than twenty-four hours after the libel has been filed, is carried out. It has been commented on many times before that divorces are too quickly disposed of in the local courts. It being merely a matter of form to file the libels in the public records, and it is for the purpose of doing away with this rush business that a new court rule may be made.

"I am heartily in favor of such a rule," stated Judge Alexander Lindsay, under whose jurisdiction such cases are now falling, "and I believe that it will prove an excellent thing. It is a fact that divorces are rushed through too hurriedly here, and this would do away with all evidences of collusion."

Judge De Bolt has also expressed himself as being in favor of a new rule of court to the above effect, and it is probable that the matter will be carried through shortly.

MACARONI FIRM IS INCORPORATED Yamamoto Is President Of \$10,000 Stock Company

The Toyo Macaroni Manufacturing Company, Limited, is the name of the company which has just been incorporated in Honolulu with a capital stock of \$10,000.

The company is the same as that which has been conducted by I. Yamamoto, and which was opened but a short time ago. The purpose of the company, as named in the document, is to manufacture, import, export, buy and sell, macaroni and vermicelli.

The directors of the company are I. Yamamoto, president; K. Kawahara, secretary-treasurer; H. Goto, auditor; T. Maki and R. Matsuda. The shares of stock are held as follows, Yamamoto, 300; Kawahara, 200; Goto 150; Maki, 150, and Matsuda 100 shares.

MANY DOGS ENTERED
 Entries for the Hawaiian Kennel Club's bench show which is to be held while the Fleet is here, are coming in rapidly, and in such shape as to practically assure the entire success of the show.

Entries will close about the 8th, and in the meanwhile things are lively. A number of the dogs known to be among the best here have been promised for the show.

The Judge, Cranfield, is expected on the next Alameda, which is due about the 10th.

LADIES OF HAWAII AT THE CONVENTION

MRS. A. G. M. ROBERTSON AND MRS. W. T. ROBINSON AMONG LADIES IN GALLERIES WHO ATTRACTED MUCH FAVORABLE ATTENTION—SNAP SHOTTED AND INTERVIEWED

The Chicago Examiner featured the Hawaiian delegation at the Chicago convention. The issue of June 15 contains excellent pictures of Mrs. Robertson and Mrs. Robinson, who accompanied their husbands on their mainland tour. Among other things given by the Examiner is the following interview:

Among all the gathering of fair women which this convention has attracted perhaps none is more interesting than the wives of the delegates from the Hawaiian Islands, Mrs. W. T. Robinson and Mrs. A. G. M. Robertson, who arrived in Chicago Sunday morning from the West.

Both are of native Hawaiian extraction with an admixture of European bloods. They are graceful, pretty, soft-voiced little women and possess an elusive charm of manner suggestive of the delightful dreamy idleness, balmy air and mild sunshine of their native isles.

Both speak English perfectly, but with a soft little Heping accent, unlike any other in the world.

"People think we are all cannibals in the Hawaiian Islands," said Mrs. Robinson. "But we have fine homes and gardens and churches and schools. Everyone can read and write his own language, and English, too, is spoken by nearly every one."

"Nobody" thinks of locking their doors and windows there. We always leave them wide open. It seemed so strange when I first came to San Francisco to have the houses all locked up."

Leaves Politics to Husband
 Mrs. Robinson is a motherly looking little woman with calm brown eyes which reflected no worry about the family of eight children she had left in Hawaii with their grandmother. She seemed more interested in Chicago than in the convention.

"I leave politics to my husband," she said.

Tale That Alameda Sank Flies About

Excitement prevailed on the waterfront this morning, and, in fact, all over town, owing to a rumor that the Alameda had sunk with all hands, at sea. Questions flew about, phone messages came in a stream to Irwin & Co., the agents; everybody was asking and no one answering.

Then a cable came from the San Francisco Marine Exchange, stating that she had arrived safe in San Francisco harbor.

The most excitement of all was caused at the sailing of the Mauna Kea. Though the report had been circulating since early in the morning, it was evidently new to most of the people collected there. She had a very large crowd on board, and a commensurate crowd on the wharf, saying adieu. When it began to be talked about that the Alameda had sunk, excitement immediately ensued. Some of the people there had friends or relatives on board the Oceanic boat, and were forced to sail away on certain how much truth was in the terrible report.

For these anxious ones, the trip of the Mauna Kea to the next port where information can be got will be a long one.

A GREAT OPPORTUNITY
 The great bargains that are being offered in men's wearing apparel has never been equalled in Honolulu before which are being offered at present at the L. B. Kerr store. Trousers, woolen suits, straw and felt hats, are all going at your own price. This is the time to buy cheaply to fit yourself for the fleet.

FLEET OFFERS POLICE

(Continued from Page 1) among them. Men who are under the influence of drink are at once taken in charge and sent on board ship, and also any men who may have been arrested and whom the police do not desire to hold may be turned over to the patrol.

Such patrols were sent ashore in Port of Spain, Trinidad; Rio de Janeiro, Brazil; Sandy Point, Chile; Callao and Lima, Peru; and in each instance were recognized by the local authorities as having rendered most valuable assistance in maintaining order without the necessity for severity.

Liberty parties average 200 men to a ship, or a total of about 3,500 men, daily, and upon special occasions 5,000 men have been granted liberty, but in all cases the wishes of the local authorities govern. In small ports, where the sleeping accommodations are limited, liberty was at midnight; otherwise, at 7 a. m.

It will be of great assistance if the proper authorities will consider this matter in advance of the arrival of the Fleet and communicate their wishes.

Very respectfully,
A. W. GRANT,
Commander, U. S. Navy, Chief of Staff.

LADIES OF HAWAII

(Continued from Page 1) she said, "but I want to go around and see the town." No trunk which has arrived in Chicago during the last week could show anything as unique in the gown line as the simple Hawaiian costume of which Mrs. Robinson permitted a glimpse. It was just a soft flowing robe of hand-embroidered muslin, lace trimmed at neck and sleeves and about the shoulders, the Holoku, or native costume of the dames and damsels of the far-away isles.

Mrs. Robertson, whose intense black eyes and wavy black hair were beautiful with her soft brown complexion, has something the look of a Spanish woman. She has a small black mole under the left eye which gives her a roguish look when she smiles.

Mrs. Robertson Likes Politics "Everybody says Taft, Taft, Taft," she said. "He must be a great man. I am so interested in it all. I sit and listen when my husband and the men are talking and afterward I ask questions. I used to hear them making speeches in the streets at home, too, but couldn't make out what it was all about."

It was like rippling music to hear Mrs. Robertson pronounce her given name, Uluani, and her costume of white set off her brilliant dark beauty appropriately. Her waist was of soft silk, elaborated with heavy Japanese embroidery and drawn-work and her skirt of white voile with bands of white taffeta.

She was delighted with the prospect of shopping in the big American city, though she is but recently a bride, and has something of a trousseau. "I must have some Chicago things to take home to Honolulu," she said. The love of imported finery seems to be the touch of nature that proclaims the kinship of the whole feminine world.

A. G. M. Robertson, Hawaiian delegate, had managed to squirm out of the crush at the Auditorium Annex and was entertaining friends in his rooms when he delivered the message from his home of bananas and poi: "Hawaii had six delegates four years ago and now she has only two. Maybe there isn't much chance of finding out why they robbed us of four, but we are going to try."

THE LUMBER schooner Alice Cooke is about pau discharging, and will sail tomorrow, probably, for Sound ports, to take on board another load of northwest timber. THE MAUNA KEA and the Mouna loa left port at noon today, bound for Maui and Hawaii ports. THE KE AU HOU, with a full cargo, got away at 5 o'clock last evening for Kauai.

ST. LOUIS GETS AWAY

The cruiser St. Louis, bearing Secretary of the Interior Garfield for the Coast, departed at 5 o'clock yesterday afternoon from an anchorage off port, to which she moved earlier in the day. Governor Peear, went out on the customs launch, the Water Witch, the use of which was tendered them, through the courtesy of Collector Stackable, and stood alongside to speed the distinguished guest on his way. The cruiser immediately got good headway, and soon dropped the Water Witch astern. The St. Louis will try for a record on her run to the Coast. On the launch with the Governor were: Secretary Mott-Smith, G. R. Carter, A. L. C. Atkinson, H. E. Cooper, E. D. Tenney, L. A. Thurston, Judge S. B. Dole, E. R. Stackable, T. C. Davies, F. W. Macfarlane, A. J. Campbell and several others.

THE NIHAU arrived this morning from Elelele, bringing nothing but sugar below hatches, and no passengers. Her cargo consisted of 1800 bags.

HEAR BLANCHE ARRAL SING TONIGHT

Seldom, if ever, in the musical history of any country, has a singer scored such a signal and instantaneous success as has Blanche Arral in Australia. Coming into Melbourne absolutely unknown and unheralded, with no preliminary newspaper advertising, no blare of trumpets, under no patronage except that of the great Australian public, who adopted her as soon as they had heard her sing, Blanche Arral, relying entirely on her art, was heard at a Marshall Hall concert in the Town Hall in Melbourne. It was a bit from the blue, and a week later she filled the Princess Theater to the loors with a seething, enthusiastic crowd intoxicated by the witchery of a woman's voice. Since then her tour has been one long succession of triumphs.

Australians and New Zealanders are somewhat of the style of Missourians—they must be shown—and when once they heard Madame Arral they could not get enough of her melodious voice; they wanted her to sing all of the time and without rest. She will appear at the Hawaiian Opera House tonight for the first time and there seems no doubt that her success all over the world will be repeated. She is a winner in every way, and will touch the hearts of her audience with her sweet songs. The seats are on sale at Wall, Nichols Co., Ltd., at 75 cents, \$1, and \$1.50.

GLACIER'S FINE WIRELESS APPARATUS

The supply steamer Glacier is the only naval vessel on the Coast that is able to operate its wireless apparatus independently of all other plants, cutting out the electric wave of vessels not in communication with it and talking with only the vessel desired.

The Glacier owes this distinction to the genius of her senior officer, Commander W. S. Hogg, who is one of the most expert wireless electricians in the world. His latest invention, known as a new tuning coil, has just been installed in the operating room of the Glacier, and it is reported to have an efficiency of 50 per cent, as against an efficiency of 75 per cent. in all other wireless plants.

Electricians in all the other naval vessels are much agitated over the invention and the manufacture of the device has already been begun at the Mare Island Navy Yard. It will not be sold to the public, but is to be retained as a Government monopoly, according to a report made recently.

HOLY GHOST AT ELELEE

Elelee, Kauai, June 29.—On Sunday, the 21st, the Elelee Catholic Church yard was the scene of a grand celebration of the Holy Ghost annual feast. From early Saturday till quite late Sunday people from Koloa to Kekaha kept swelling the crowd until there was almost no standing room around the raised band stand and bazaar. On Saturday afternoon the Lihue band met the special train at Koloa and the passenger list grew as the train passed Kukulua and Wahiawa towards Elelee. A multitude had gathered at the church yard to view the fireworks and take a peep at the booths.

Kauaians are lovers of music and the Souza boys have done much for them on the Garden Island. The fireworks, the arrangement of everything from booths to viands and refreshments were all successes and on Sunday morning the people gathered early to witness and join the Corpus Christi procession.

Great credit is due Father Rodrigues and also Messrs. Manuel Clemente, charge de affaires, Jos. Souza the popular kappelmelster; J. I. Silva, hospitable dispenser of refreshments; J. Moura, the man that handled the booths, who was also honored with the safe-keeping of the flag; and a host of other Eleleites too numerous to mention, but who helped to make everything pleasing, enjoyable, peaceable, and entertaining to all from far and near. Father Victor from Koloa was in attendance all through.

THE COME AND SEE SIGN

This sign is permanently attached to the front of the main building of the Lydia E. Pinkham Medicine Company, Lynn, Mass.

What Does This Sign Mean? It means that public inspection of the Laboratory and methods of doing business is honestly desired. It means that there is nothing about the business which is not "open and above-board."

It means that a permanent invitation is extended to anyone to come and verify any and all statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound. Is it a purely vegetable compound made from roots and herbs—without drugs?

Come and See.

Do the women of America continually use as much of it as we are told?

Come and See.

Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick women are asked to write?

Come and See.

Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential?

Come and See.

Have they really got letters from over one million, one hundred thousand women correspondents?

Come and See.

Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?

Come and See.

This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ill will still go on using and being benefited by it; but the poor-doubting suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health.

TUESDAY JUNE 30, 1908

Governor Frear's public-land commission scheme made up of volunteers is a good one—provided the commission is made up of men of action and at least one or two outside "the same old gang."

The question of immigration to Hawaii will be settled by Congress and not by any Department.—Advertiser.

This is a partial truth. The Department can help materially, as it is now doing. Congress, of course, is the final authority, and it is to be regretted that there should exist in these islands enemies of the Common Good who are so misrepresenting the European-immigration proposals for Hawaii as to furnish material that will be used to injure the cause of the Territory in Congress and supply ammunition for our enemies.

EUROPEAN IMMIGRANTS WILL AMERICANIZE HAWAII.

We believe that the process of Americanizing Hawaii will be materially aided by the European immigrants. We know it.

The European immigrant has been the basis of the great progress of the mainland—that's America—and we see no reason why he should suddenly have lost his value when the proposal is made to bring him to Hawaii.

He has been a farmer from Maine to California. We don't see why he should become a cockroach and a verminous bug when he steps foot in the Territory of Hawaii.

The fact of the matter is that the European of the Latin race has already proved himself in the Territory of Hawaii. You don't find many better Americans or brighter young men and women than the young Portuguese of this Territory. The old ones were of good stock and needed only opportunity to become home-builders.

The Portuguese-Americans of the Islands are a splendid living refutation of the charge made by the enemy of European immigration that a body politic of such men as made and sustained the American Republic "cannot be had from Italy or Spain or Portugal; it must be drawn from an English-speaking American base."

The high character of the Portuguese who have come to these Islands and the Portuguese who have populated large sections of the mainland is so well known and so widely recognized that the sneer of the morning paper is a gratuitous insult.

But what of the Americanizing process?

These European immigrants which Hawaii is going after and will certainly get do not in any way interfere with the prospective farmer of the blue-blood class. Why, then, should the European immigrant be condemned and insulted?

History has proved it to be a fact that if there are ten thousand or one hundred thousand European immigrants employed on the sugar plantations of the Territory, the American merchant, the American manufacturer, the American professional man, and the American middleman, and the American mechanic will find a more profitable and a more hopeful outlook in the Territory of Hawaii than he does today. It is not true that an American middle-class population can be built up speedily under such a "farming" proposition as exists, for instance, at Waialua, that ideal of those sneering at the European.

If it were true that population character is not determined by the hewers of wood and drawers of water, the Promotion Committee would be urging the merchant, the butcher, the baker, and the candlestick maker of the mainland to come to the Islands and set up stores in Fort Street to help Americanize the Islands. Development does not move from the top to the bottom.

Permanent American improvement must begin with the main industry of every section. If you are hoping to build up the citizenship you must of necessity have a fair share of people in your midst who are available for citizenship under the law of the country. These truths are so self-evident, have been proved so pointedly in

these Islands, and are recognized so generally the world over, and especially in our own country, that the tenacity with which some people in this city cling to the campaign of slops for the European immigrant is fast approaching the ridiculous.

The one- and two-acre homestead proposition enables the immigrant to obtain a start. He has a headquarters from which he may prove himself and watch for opportunities. If he proves a successful cane-planter, he and the plantation will sooner or later find it profitable to enter into planting contracts and the plantation men will find it to their profit to give him a larger homestead. The development will be toward the American plan—not away from it, as has been the case for so many years.

As for the character of the Italians and the Spaniards, we know that what few Spanish immigrants have come to the Islands are desirable people.

We know that the Italian has had a reputation for being a cut-throat, and while there are cut-throats among the people of Italy, the Italian immigrant is today one of the most eagerly sought workers in the agricultural sections of the mainland. Secretary Garfield is authority for this, if general report is not sufficient to satisfy the doubters and the sneers.

These people "vivify and fructify" American institutions on the mainland. Why should they not do the same in Hawaii?

The upshot of it is that the enemies of the European immigrant here in Hawaii have not a leg to stand on.

for their campaign of abuse and misrepresentation. The fact that Secretary Garfield said so may make it more impressive to some people, but even his opinion does not change the indelible fact that Hawaii's American future is largely wrapped up in the European immigrant, and as he comes in increasing numbers the development of the Territory on American lines will be the more rapid.

PROGRAM OF PROGRESS.

If it is a Program of Progress that is wanted, it is not hard to find when dealing with land matters and immigration.

First—Give every American citizen equal opportunity to establish a permanent home on the public lands of the Territory.

Second—Lay an American foundation in the main industry and the diversified industries of the Territory by securing the European immigrant from any available source and in as large numbers as possible.

Third—Put on steam and give the people action in land administration. This program means Opportunity for the citizen homesteader and Nothing for the land speculator.

WHY NOT?

Why should the Fleet policing of this town be put on the same basis as that of a foreign port?

Why not open the town wide to the men of the Fleet and let every liberty man know that the town is his from 7 a. m. to 7 a. m.?

Why should not the treatment of the men in Honolulu be the same as at every other American port?

Where Do You Spend Your Holiday?

GREAT RESPONSE TO CALL FOR HOOKUPUS

Outside Districts Will Send Fruits of All kinds

The hookupus from this island for the Fleet, consisting of pineapples, bananas, pears, coconuts, mountain apples, breadfruits, watermelons, guavas, and other varieties of Hawaiian fruits, are ready for shipment and distribution, and are to be placed at the disposal of the Fleet Commissary Committee. This morning, almost all the District Magistrates arrived from the country districts and reported that they were ready to fulfill the duties assigned them by the Fleet Commissary Committee, of which Walter Dillingham is chairman. Judge Nainoa of Koolaula said this morning that the people of his district are ready to turn in their hookupus when requested by the committee. The Japanese small farmers have intimated their willingness to give watermelons and pineapples. The Hawaiians will give mountain apples, pears, coconuts, and guavas. They also are willing to give some fine specimens of Hawaiian potatoes, such as yellow, purple, pink, and other colored potatoes. They were told, however, that the potatoes were not wanted. Judge Alkue of Koolau reported encouragingly of the people of his district. Judge Kekaha of Waianae says that the coconuts from his district will beat the standard of the other district coconuts. Pineapples will also be among the shipment from the Waianae people. Judge Hookano of Ewa will endeavor to send up first-class pineapples and bananas, while Judge Mahaulu of Waialua will not lose the opportunity to send up some novel hookupus which are typically Hawaiian.

Judging from the general spirit of the Judges, it is apparent that the Commissary Committee, under which the hookupus are to be handled, will be successful in its work. The other Island District Magistrates are yet to be heard from.

Headed by the Helene, Captain Nelson, and followed by the Mauna Kea, Capt. Freeman, which was immediately accompanied by the Mauna Loa, Capt. Simonsen, the inter-island steamers sailed at noon today for their respective ports.

Isn't it selfish to deprive your family of the great pleasure of having a Victor in the house when the weekly payment plan puts it within easy reach of all? Bergstrom Music Co., Ltd.

A large number of the school students went out at noon today on the flagship of the inter-island fleet. They were loaded with leis, presenting attractive sight.

HAWAII'S DELEGATES

The effort to secure a reduced representation of delegates to National Republican conventions again has failed, says the Chicago Daily News. By a vote of 24 to 17, the committee on rules today rejected the Burke resolution providing for such reduction, and also, by practically the same vote, tabled the Parsons substitute. Representative Burke and his sixteen supporters announced that they would file a minority report.

The decision was also reached by the committee that there should be no change in the representation from the Territories—Alaska, the District of Columbia and the insular possessions. An effort to reduce the number of delegates from New Mexico, Arizona and Hawaii from six to two failed by a decisive vote. The others, as heretofore, will be entitled to two delegates each.

The important question of what method should be pursued in electing the delegates was settled by giving authority to the national committee to determine in each case whether the electors shall be by primaries or by conventions.

ORPHEUM ARTISTS ARE BEST EVER

The Orpheum Theater is the cleanest and most attractive place it has ever been. Paint and paper have done wonders. The company that Cohen and Smiley have brought to the city for the amusement of the Honolulu public is by all odds the best theatrical company that has ever been in the city for a full season.

"Brown's In Town" was the farce comedy put on last evening, and it kept the house in a roar from start to finish. This piece brings out the strong feature of this company that people do not seem to realize, yet. Every actor in the cast is a first class artist. It is not a case of the leading man and leading lady doing all the work, while others merely fill in the gaps as best they may. Each man and each woman fills the part assigned. Frank Montgomery as Brown or Preston or double Brown was as near perfect as they are found. Miss Keane was quite his equal and the support was excellent.

The specialties put on by this company are well worth the price of admission.

If the people of the city do not patronize the Orpheum these days it must be because they don't care whether Honolulu has good theatrical companies or not.

NOT ACCIDENTS

All the parties below had advanced cases of chronic Bright's Disease or Diabetes, the certainty of the results obtained by Fulton's Compound as shown by the recovery, also, of the friends they told who were similarly afflicted.

Adolph Weske, capitalist, San Francisco, recovered himself and told two friends, who recovered.
Dr. Carl D. Ziehl, pioneer druggist, 522 Pacific street, San Francisco, recovered himself and gave it to more than a dozen patients, who recovered.
Charles Engelke, editor of the German paper, San Francisco, recovered himself and told it to a number who recovered, one of them being Charles F. Wacker, the Sixth-street merchant.
Edward Short of the San Francisco Call recovered, also three of his friends, viz: William Martin, Captain Hubbard of the Honolulu route, and the Honorable U. S. Quartermaster's Department of San Francisco.
John A. Phelps of the Hotel Repplier, San Francisco, and two of his friends.
We again proclaim to all the world the curability of Chronic Bright's Disease and Diabetes.
About 87 per cent of all cases are curable by Fulton's Compound. Send for literature, Honolulu Drug Co., Fort St. When to suspect Bright's Disease—weakness or loss of weight; puffiness ankles; hands or eyelids; dropsy; kidney trouble; back or spine; urine may show after the third month; urine may show sediment; falling vision; drowsiness; one or more of these.

HARD LUCK FOR MANAGER "BID"

Tomorrow is the last day that the weary wayfarer may quench his thirst at the Haleiwa Hotel. Sad, sad, indeed, is the story that Manager Bidgood told this morning when he limped into the Bulletin office, and dropped into a waiting chair.

"Well," he said, slowly, "I am glad that I have at least a roof over my head."

"But," (excitedly), "they even tried to take that away from me. Last night the cane fires reached within a short distance of the hotel, and, as an added aggravation, burned the roof of my water-tank. The idea! To have one's supply of real liquid refreshment cut off by a foolish mistake in the license, and then to lose the water-tank,—well, I'm not saying much, but it seems as if Providence is sort of playing a double game on me. Tell the boys to bring their own canteens, and, say, you might give them the hunch to bring a little extra for me when they chime down this way. I have no water-tank and I have no booze, but at least the Wai-alua river is still running."

The reason that Haleiwa made no application for a liquor license for the coming year is because her tax was raised from \$500 to \$1,000. This was done, it is said, for the reason that Wai-alua was recently named as a third-class postoffice. However, it is five miles away from Haleiwa, and affects not in the least the business of that excellent hostelry. Therefore it is that Manager Bidgood feels righteously aggrieved. He will have an ample supply of water and good food for the Fourth.

BAND CONCERT

At Thomas Square this evening beginning at 7:30 o'clock, the Hawaiian Band, under the direction of Captain Berger, will render the following program:

BIG PINE CROP

The product of the Hawaiian canneries this season will be 400,000 cases of pineapples. Last year there were 190,000 cases and if the present crop will be produced in the year 1919, it is estimated now that the crop which has been doubted in capacity since last summer, is the largest pineapple canneries in the United States. At the present time there are about 700 or 800 employes engaged in the pineapple industry. Those who handle the pineapples before the can is reached, wear rubber gloves to protect the fingers against the biting acid of the fruit. About \$2000 worth of these rubber gloves have been purchased. A new crusher, for extracting the juice from the cores and parings of the pineapples, has been installed recently. Many other improvements are being made to facilitate the work of the company.

Baseball Boxing Boating Bulletin's Page Of SPORTS Wrestling Rowing EDITED BY FREDERICK B. MOORE

IS THIS A BALK?

F. E. Steere is in receipt of a letter which defines the attitude of mainland umpires on a question of balking. It has been maintained by the indicator-handlers here, Bert Bower among the number, that in case the pitcher winds to deliver the ball to the batsman, and then the catcher jumps in front of the plate to pin a man coming from third, the pitcher is guilty of a balk. But this is not upheld on the mainland, as the move is held as permissible.

Bower has reasons for all he does. His argument is that the ball must be delivered to the batsman when once the pitcher winds to throw to the plate. He is not at all convinced that he is not right. Bert talks baseball pretty logically, too.

PRESS VS. AALA

An attempt is being made to get a game arranged for next Saturday. The tentative game is to be a contest between a picked team of the Newspaper League and a picked team of the Riverside League. It is proposed to have Albright captain the Press bunch.

The game will be made either a preliminary to or a following game to the Punahou-St. Louis big-league event.

SPORTIVE SPLURGES

Next Sunday's baseball will be Palama vs. C. A. C. and the Bananas vs. Kaala A. C. Some great ball is looked for.

London, Eng., June 22.—King Edward has promised to open the Olympic games July 12.

SECRETARY GARFIELD GOES ON ST. LOUIS

Secretary Garfield sailed away on the Cruiser St. Louis for the Coast yesterday afternoon at 3 o'clock. It was his last day on the islands and he certainly took advantage of it, working hard in the morning in the Executive Chambers and in the afternoon paying calls on those who had so well entertained him here.

The scene at the Naval Wharf yesterday afternoon, when the Secretary boarded the launch that was to bear him to the St. Louis presented the Secretary in a new light, one that the people here had hardly a chance to see. During his short stay, that of an ordinary man full of gratefulness and appreciation instead of the energetic official constantly seeking information. He said goodbye to all those on the wharf, and boarded the steam launch, being escorted out of the harbor by another launch bearing a number of local officials to the big cruiser. The Royal Hawaiian Band played "Aloha Oe" as the launch sailed away.

ALIOLANI ANNALS OUT.

The June number of the Aliolani Annals, the publication gotten out by the pupils of Aliolani College, is out. It is, as usual, a credit to the editors and the institution which trained them. In the leading editorial the following remarks of interest are made:

It is very encouraging to note that during the term now drawing to a close, the good progress in work and in sports recorded at the commencement of the year has been continued.

Many new scholars have joined Aliolani, both as boarders and day pupils. Monthly examinations have been introduced at which the merit of different classes have been awarded to those who have attained first, second and third places. Judging by the increased perseverance of the boys and the eagerness to obtain the seals which have been stimulated, this innovation is a great success.

A Junior Intercollegiate Baseball League has been formed, consisting of Mills Institute, Kaahumanu School and Aliolani. The games played have been creditable as will be seen elsewhere in this number.

Harvard has a star pitcher this year. He is perhaps the most effective twirler this great university has turned out since Clarkson graduated. On June 11 he achieved the feat of shutting Cornell out without a hit or run. In addition to this he fanned a dozen batters. Harvard's pitcher's name is Hartford. Cornell's pitcher was in fine form, too. He allowed but three hits. A home run won the game.

Santa Clara Brings Two Handed Pitching Wonder

Much has been said of late of Santa Clara baseball players as a team and as individuals, but now comes the interesting bit of news that they carry with them on their trip to the Islands a slabster who can use his right or left hand in delivering, as the case may be. To the rank outsider in baseball circles, this does not mean much, but to the man who plays the game from the players' standpoint this is indeed a bit of news.

Imagine a strong batter up against this same man, his first delivery coming from the right paw and then suddenly shooting out from the left. Some of the league's best sluggers are left-handed men, as are Joy, Jimmy Williams, Aylett, and a few others, and what a song and dance there will be to see this two-handed twirler passing them out like a game of cut and draw. For a versatile artist this man certainly draws the ribbon. "Silent" Burns, who pitched a pitcher's game for Honolulu when the local boys imported "Molke" Fisher's aggregation last year, showed the Islanders how to throw bases without changing position in the box, and this man—Friend of the Santa Claras—is supposed to throw the ball any and everywhere without an effort.

Shaefer, the peer of all college ball players on the Coast, holds down the shortstop position in remarkable style. This man favors Zeeder, of Coast fame, and is a baseball revelation in himself. Critics, amateur and professional, marvel at his work, and from all accounts, local boys will have to look lively or they may sleep on his trail. He is a duplicate of the great Hal Chase of National League fame. Just as a blue streak is this youngster, negotiating the classic hundred in ten flat and jumping 25 feet in the broad. His record for the season of 1908 shows him clipping the sphere for 22 games at the remarkable average of .520.

While all this may be of interest to the fans of Honolulu, teams here have some pretty live men themselves. Take, for instance, Evers. This little shortstop, while not holding his own, perhaps, with Shaefer on the batting list, can certainly go some himself in his small stamping-ground.

Every one of the Santa Claras is supposed to know the game from Alpha to Omega, as they are quoted getting it like their three meals a day. In a sort of an educational line, the team is in fine condition for the coming season. Leaving San Francisco tomorrow, they are due here about the 7th. A few days' hard practice on the league grounds will soon put the finishing touches on anything that may be lacking after their sea trip down. No doubt many of the betting public will be on hand to see the boys try out.

OUTCOME OF SERIES DEPENDS ON SAINTS

The disposition of the first series of the Honolulu Baseball League seems to be pretty much up to the Saints. Had it not been for the postponement of a game some weeks ago on account of rain, this series would have been through last Saturday. But now the Puns and the Saints have one game to play, and a win for the Puns means that they must play off results with the Jewels. On the other hand, a win by the Saints means that the series is past, and the Diamond Heads are winners by a good margin.

"Will the Saints play their best game?" asks some fan. "Yes," is the verdict of most of the baseball public. "They will play to the last ditch, no matter who they would like to see win."

Naturally, things are very uncertain just now; they have been so ever since the Puns defeated the leaders by such a narrow margin last Saturday.

It is understood that for the coming series the Saints will change the line-up of the men, and go out strong.

AALA PARK GOSSIP

Here is the difference between a Palama batter and a Chinese Aloha: D. Kealoha went to bat five times for the Palamas and made five base hits—one single, three 2-baggers, and one 3-sacker, while J. Wong, for the Alohas, was at bat five times and fanned the air fifteen times.

Out of the half-dozen pitchers who have twirled at different times for the Chinese Alohas this year, J. Ho Yip, an old-timer, is the only one who pitched a winning game to the Alohas' credit.

Robt. Parker pulled in a "beaut" at center field in the game between the Chinese lads and the Kaalas. It was one of the prettiest running catches of the season.

St. John, the Ding Dong pitcher, was a good addition to the coaching line. He delivered goods that pleased the several thousand fans at Aala Park.

C. Akina is making good in the box and has good prospects ahead of him. He is the slab artist for the Chinese A. C.

The Riverside Baseball League will hold a regular meeting Thursday evening at the offices of A. L. C. Atkinson.

Butler, who was injured in last Sunday's game when playing for the Kaalas, is reported to be well again.

McShane and Townsend batted their first ball in the stream during Sunday's game with the Palamas.

A. L. C. Atkinson was again present at the games after an absence of several weeks.

The Chinese Alohas' dance takes place at the K. P. Hall on the 3d of July.

GANS FIG FAVORITE

The rumor that the betting was 10 to 8 on the Gans-Nelson fight spread like wildfire, and Tom Corbett thought that all the money in the world was going to be wagered on Gans, so many people called to put down a chunk of the yellow metal on the colored champion. This caused a change in the odds and 10 to 7 was chalked up, but with so much Gans money in sight and practically no Nelson money to cover it, there is every likelihood that the odds will drop to 10 to 6 or 2 to 1 in the course of the next few days.—S. F. Bulletin.

HALEIWA GOLF

Results in the match play at Haleiwa last Sunday were as follows: C. E. Copeland, 76; Dr. H. Wood, 81; Et. C. Higgood, 83; J. S. Orme, 86; A. S. Mahaulu, 88; H. Johnson, 90; J. Little, 88; A. E. M. Todd, 90.

The results of the games last Saturday puts Ed. Fernandez at the head of the batting list, as he hit well again, and Barney Joy, with whom he was racing for first honors, fell down, to the extent that he lost a number of notches on that batting average.

KENNEL CLUB'S RULES

The Hawaiian Kennel Club has adopted a set of rules, additional to those of the American Kennel Club, as follows:

I.—No dog will be received after 11 p. m. on Monday, July 29, 1908. II.—The managers will use due diligence for the care and safety of all dogs exhibited. Watchmen will be kept on duty day and night; but it must be distinctly understood by all exhibitors that the management will not be responsible for loss or damage to any dog exhibited, whether the result of accident or other cause.

III.—It is desired that with each entry the exhibitor state the price for which he will sell his dog, provided it is for sale. All transactions must be between the owner or his representative and the purchaser. The Secretary or Superintendent, unless requested, will not interfere nor assume any responsibility in the matter.

IV.—Each exhibitor will receive a ticket of identification for all dogs entered which must be carefully preserved, as no dog will be permitted to pass out of the building at night until its owner shall deposit \$5.00 and surrender this ticket to the check clerk, both of which will be returned on the return of the dog next morning before 10 o'clock. If prize-winners are taken out and not returned, the prizes awarded them will be forfeited. A reason ticket will be issued to each exhibitor, free, and will be for his or her individual use only. The ticket will be forfeited if transferred.

V.—No dog will be received unless supplied with a strong collar and chain.

VI.—Whenever it is possible, two or more dogs of the same breed entered by one exhibitor will be bunched together; provided, a request to that effect is made in the entry form at the time of entering. Positively no request to bunch dogs together will be entertained after entries are closed.

VII.—The show will be opened from 10 a. m. to 10 p. m. each day.

VIII.—The judging will commence promptly July 21, at 2 p. m. During the hours of judging no dog shall be taken from its stall, not even by its owner, and if any dog is not found in its stall when called for by the judge

the judge will proceed without it. The rule will be rigidly enforced, and the judging may not be returned. Owners are requested to be near to their dogs, and when the class is called to bid, their animals into the judging ring. In the absence of the owner, an agent will take the dog into the ring.

IX.—No dog shall be permanently removed from the building until 10 o'clock on Thursday night, July 23, except by consent of the Superintendent.

X.—The Bench Show Committee reserves the right to refuse entries from, or issue tickets to, any persons or persons they may think fit to exclude from the show, and to remove from the show any person or persons who remains which appear to be a nuisance.

XI.—Exhibitors will be allowed to exercise their dogs from 7 to 10 a. m. only, and 5 to 6 p. m., and no dog will be permitted off the building except during those hours. Otherwise the Superintendent will see that they are exercised. This rule will be rigidly enforced.

XII.—An entry fee of \$2.50 will be charged for each dog entered in one class, and \$1.00 for each additional class.

XIII.—The Secretary has exclusive charge of the management of the show in all particulars. The Bench Show Committee will meet at 8 p. m. each day for consideration of any business properly coming for its attention. All complaints must be in writing and handed to the Secretary before being considered by the Bench Show Committee.
