HENRY'S PROMISE OF GRAFT

FIRST APPEAL TO NATIVES

THE PURITY CANDIDATE STARTS OUT BY A CIRCULAR MAKING HIMSELF APPEAR REPUBLICAN CANDIDATE AND ASKING NATIVE VOTES FOR THE PURITY TICKET ON THE GROUND THAT ITS BACKERS HAVE MONEY TO SPEND.

A circular has been distributed among road department employes over the signature of William Henry, representing him as Republican candidate for sheriff of Oahu county. A complete "Republican" ticket is given in this circular of the Civic Federation's purity candidate, with his own name as the head of the ticket. A translation of the paragraph of this strange campaign document, following a discussion of public works money which is to be spent, is as follows:

"Now, for these reasons, you people that are working for the roads, it is better for you to see for your benefit, and with the above statements, you will see with better understanding that the Republican party is the only party through which these moneys can flow into your hands, and through these candidates:

- "William Henry.....Lunamakai
 - E. H. Adams.....Lunakial Lauti
 - Joseph J. Fern.....Lunakial
 - Jack Lucas.....Lunakial
 - Geo. W. Smith.....Lunakial
 - J. Hicknell.....Luna Hoola
 - E. A. Douthett.....Lolo Apana
 - D. Kalauokalani Jr.....Kakauolelo
- ("Signed), WM. HENRY."

The circular is apparently an effort to convince the road department men that Henry is the Republican candidate and that he represents the administration, which will spend the road department money. The circular is in the Hawaiian language, and discusses at

GOVERNOR CARTER SENDS FOR HIM TO APPEAR AT 2 O'CLOCK—RUMORS ABROAD THAT SAM'S RESIGNATION MAY BE CALLED FOR AS RESULT OF HIS STANDING BY THE REPUBLICAN TICKET. HIS EMBARRASSING POSITION.

Sam Johnson is "on the carpet" in the present time. His Republican affiliations, however, have caused a lot of discussion in view of the administration's very strenuous efforts to defeat Brown. Attorney General Andrews is in a much similar position, being a Republican who was a delegate to the convention and pledged to the support of the Republican ticket. Carter holds Andrews' undated resignation. Efforts to make Andrews support the H. Henry movement have not been successful so far.

WHY VOTE AGAINST HENRY

By his own admission I hold him to be either a puerile or a craven. His initial attitude upon assuming office was to the effect that he could not enforce certain laws. Certainly he did not enforce them. He pleaded the baby act. Not being a specially strenuous man we could not expect any very vigorous policy upon his part. But we did expect decency. Take either horn of Henry's dilemma. Is he puerile? Perhaps I might conscientiously believe so but it would hardly warrant me in voting for him. It may have been that the non-enforcement of the laws against vice was an issue in his retention in office. Could he have shut up

certain sinks of iniquity? In answer it is a well known fact that the offending sewer spots were kept disinfected up to the time Sheriff Henry assumed office. The above is only used as an illustration. This is no indictment but a partial analysis of Henry's baby ploy as to his inability to control vice. Was it necessary for you to encourage prostitution, Mr. Henry? You were either confessedly weak or you had reasons of your own for fostering profligacy. It is Henry against Henry in this issue. Voters can take either of the Henrys presented above. It is a study of old hens, and so on ad finitum.

To The Rescue Of The National Guard

THE CHAMBER OF COMMERCE AT A MEETING HELD THIS MORNING DECLARED IT ADVISABLE TO KEEP UP THE NATIONAL GUARD OF HAWAII, AND WILL OPEN A PUBLIC SUBSCRIPTION FOR THE MONEY TO DO IT WITH.

At a special meeting of the Chamber of Commerce held this morning it was decided to use an effort to save the National Guard of Hawaii from going to pieces through the failure of the legislature to make any appropriation for its maintenance.

A public subscription will be opened under the auspices of the Chamber of Commerce and when this has been completed, the Chamber will, if required, contribute a sum not exceeding \$1500 to make up the amount necessary to keep the guard in a state of efficiency.

Those present were: E. D. Tenney, in the chair, F. J. Lowrey, J. A. Kennedy, E. F. Dillingham, W. W. Hall, L. T. Peck, E. A. Berndt, J. J. Egan, P. Muhlenberg, A. Garvie, W. Wolters, C. M. Cooke, G. H. Robertson, A. Garntenberg, F. W. Macfarlane, G. M. Rolph, F. M. Swanzey, W. Lanz, G. W. Smith, W. Pfotenhauser.

At the opening of the meeting President Tenney stated that it was first to be decided if it was advisable to keep up the militia and then to decide upon

ways and means. Col. Jones, he said, had submitted figures showing that a minimum of \$2800 would be needed each year. The United States gives \$7500 a year but this can be drawn only in uniforms, arms, ammunitions and equipment, while if the militia go into camp for not less than five days, it may be applied for pay, transportation and sustenance.

The sense of the meeting was taken as to the advisability of maintaining the militia at all and the result was practically a unanimous endorsement of the idea that the organization should be maintained. F. M. Swanzey thought that it would be a pity if the congressional appropriation should be lost and the arms and equipment sent back to Washington. It was uncertain, of course, that it would ever be necessary to call out the militia, but if the occasion should arise it would be very awkward if there were no militia. It had been stated that the Governor of Hawaii under the Organic Act, had

CHILLINGWORTH DEFENSE IN

TESTIMONY TO SHOW THAT ARREST WAS MADE AS FORMER DEPUTY CLAIMED.

Harry Murray, Jack Kalakiela, Chester Doyle, A. M. Brown, A. McDuffie and Judge Lindsay were called as witnesses in De Bolt's court this morning in the trial of Charles F. Chillingworth on a charge of extortion. The prosecution closed and the defense began its case and nearly finished before noon. In answer to the charge that Chillingworth had extorted \$10 from a Japanese woman whom he had placed under arrest, testimony was adduced to show that he had arrested her, taken the money as bail money, according to an established custom of the department, and turned the money in at the station.

Former High Sheriff Brown testified that the police officers were allowed to accept bail on the spot when they made arrests, in cases where it was advisable, such as that of a sick person or in a case where considerable trouble or expense would be attached to taking a person to the station. The deputy sheriffs had considerable discretion in such a matter, said Brown.

Kalakiela, station clerk, testified that the officers frequently brought in bail money and entered charges without the persons arrested being present. His attention was called to some Japanese names on the prison register as of the date on which Chillingworth was alleged to have secured the money. They were for the offense Chillingworth is alleged to have accused the woman of and the bail of \$10 was entered. Chester Doyle testified that the names entered were fake names, and

the Japanese frequently gave such names when arrested. Brown's testimony was to the effect that when proper names were not given by defendants it was the custom to use any fake name.

McDuffie testified to accompanying Chillingworth on a raid at about the time of the alleged offense. McDuffie himself arrested two Japanese on the same evening, and he stated that he accepted their bail money and turned it in.

Chester Doyle appeared in the role of criminologist. "What is your business?" was one of the first questions asked him in cross-examination by Peters.

"I have no business, I have a profession," replied the Japanese interpreter and detective. Asked what the profession was, he said he was a criminologist.

Judge Lindsay testified that as district magistrate it was his custom in cases of the character in question, to impose a fine of \$10, the amount of the bail claimed to have been collected by Chillingworth.

CHILLINGWORTH NOT GUILTY
The jury in the Chillingworth case returned a verdict of not guilty shortly after 2:30 this afternoon.

Princess Theresa Wilcox will give a political luncheon on Friday evening at Kapahulu. The Princess will have the affairs recherche as usual and every body will have a good time.

Mrs. ELIZABETH WHALON.

"I Need New Vitality."

When you feel exhausted—when you grow tired easily—when you lose patience with the little cares of daily life—when you feel that your hopes and ambitions are not as high as they used to be—when you spend a sleepless night—when you get up almost as weary as when you went to bed—when you feel "used up" most of the time.

These are all signs that your nerve forces are burning low.

These are signs that you need new vitality. You need the nerve strength and new vitality that Paine's Celery Compound will give you.

Paine's Celery Compound feeds new power to your nerves.

Nothing that is written or printed can give you any idea of the full luxury and delight of being always at your best, able to live your life for all there is in it.

You cannot understand it until you have once felt the exultant thrill of the abundant new nerve force made by Paine's Celery Compound.

Mrs. Elizabeth Whalon tells how she found "new vitality."

Wells & Richardson Co., Burlington, Vt. Gentlemen:—"For a woman in advanced years Paine's Celery Compound is an ideal tonic. My life has been full of burdens and cares. Rearing my family and caring for my home, with a few outside interests, occupied my time, and with much illness in my home my strength has been taxed to the utmost. I did not find any help until I took Paine's Celery Compound. It relieved the great strain on my nervous force and gave me such added force and vitality that the other members of my household used it, feeling greatly helped in time. Having used Paine's Celery Compound and being convinced of its medicinal value, I take pleasure in endorsing it."—Mrs. Elizabeth Whalon, 2629 Third Ave., South, Minneapolis, Minn.

Try Paine's Celery Compound to-day. Take three days' treatment. See how much better you feel. See how much more easily the trials roll away. For over 17 years Paine's Celery Compound has been the most universally used nerve vitalizer and tonic in the world.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians this world has ever known, Prof. E. E. Phelps, of Dartmouth University.

All reputable druggists recommend and sell Paine's Celery Compound.

LIGHTHOUSE FOR LEPER SETTLEMENT

CAPT. NIBLACK SELECTED SITE AT NORTHERNMOST POINT OF THE SETTLEMENT.

A new light will probably be established on the island of Molokai. The light will, if established, be located at the leper settlement. Captain Niblack, the lighthouse inspector who was in the party that accompanied Surgeon General Wyman to the Leper Settlement last week, Captain Niblack went on business and his presence had nothing to do with General Wyman's visit. The naval officer inspected the land at the settlement for the purpose of selecting a site for the location of a lighthouse. He chose the northernmost point of the settlement land. Whether such a light will be established rests with Congress. Captain Niblack and Lieutenant Slattery the engineer will recommend the establishment of such a light and the lighthouse board will ask congress for the necessary appropriation.

The reason for having such a light established is the fact that vessels coming to Honolulu generally make the island of Molokai before they do Oahu. The northern coast of Molokai is marked by a line of high cliffs broken by the leper settlement which juts out about five miles. Such a place is a source of danger to navigation and it is well to have the light established so as to warn navigators to keep clear and not hug the shore too close. Had the appropriation for the big light house at Makapuu Point, Oahu been passed, there would not be so much necessity for the light at the settlement point.

AUGUSTUS THOMAS' PLAY ALABAMA

The entertainment planned by the members of the Kunaui Ladies' Rowing Club will take place at the Opera House on the evenings of the 29th inst and the 1st prox. Augustus Thomas' celebrated play "Alabama" is to be presented by the young ladies of the club and the proceeds are to be devoted to the building of a boat-house. Rehearsals are well under way and prospects are bright for a very successful performance both from an artistic and financial standpoint.

"Alabama" is a story of the South after the war and some charming scenic effects will be introduced in the way of southern foliage and surroundings. True local color will be produced to as great an extent as is possible. The cast will be made up as follows: Miss Charlotte Hall, Miss Ingrid Schaefer, Mrs. Watkins, Mrs. J. Dougherty, Paymaster Brown, U.S.N., and Messrs. Dougherty, Raymond Brown, Gus Murphy, Blackman, Jordan, Webb and Jeffrey.

The stage management is being looked after by W. D. Adams. The young ladies of the club are working enthusiastically on behalf of the performance. They are making all the paper floral decorations for the stage and each member is trying to sell as many tickets as possible.

During the progress of the play plantation choruses will be sung.

Poepoe's Best Friend The Civic Federation idea is all right. In many American communities such organizations do a great deal of public good.

in independent movements. But this they can only do when the occasion is fit, and when they are seen to be free from unworthy political machinations themselves. That the local movement had its rise in the governor's personal objections to Republican A. M. Brown is clearly shown by the sequence of events.

The whole fact of the matter is,—as the best informed part of the community well knows, that it is too late for the Civic Federation to accomplish what it seeks. It began too late. Everyone knows that A. M. Brown could have been beaten in the Republican county convention and that unlike some of his enemies, he would have accepted the defeat and withdrawn in accordance with his pledge.

Danger In High Collars That a stiff high collar may press against the pneumogastric, or vagus, nerve to such a degree as to cause serious symptoms, such as loss of strength, neuralgic pains, nausea, and even anesthesia, is the belief of Dr. F. B. Brubaker, as stated in The Medical Mirror (St. Louis).

The important functions of the pneumogastric nerve render it necessary that in its passage through the neck it should be protected from injury. We therefore find it enclosed within the same sheath as the carotid artery and placed between the artery and internal jugular vein, lying posteriorly to both.

End Of Famous Litigation The Supreme Court of California has just handed down a decision which it is confidently asserted brings to a final end the Blythe litigation,—litigation which has vexed the courts and profoundly influenced affairs in California for twenty years.

Thomas Blythe was an eccentric man who came to California in the early days, accumulated a fortune, lived more or less outside of the conventionalities of life, died without making a will, and left a large amount of real estate which kept increasing in value as the litigation proceeded, for the lawyers, and relatives and pseudo-relatives to fight over.

The Blythe Case, as it came to be known is one of the most celebrated matters in the probate history of California, where there has been more weird estate litigation, it has been said, than in any other place in the world.

If the statement of the Advertiser is true that of all the men in the police department 66 are for Henry and 27 for Brown, what becomes of the innuendo a paragraph or two later, in the same article, that the police force is "against the present administration and in favor of a return to power of the former one," for sinister reasons.

The Civic Federation is composed of high-minded citizens. Not one of them would fall to resent an imputation that he is not a man of his word. Strange that such a body of men should place themselves in the position of leading a Hawaiian, supposed to learn honorable politics from them, to run for office after publicly pledging himself not to do so, and to support an opponent.

HAPPY ONLY WHEN WORKING

JUDGE DE BOLT OFFERS TO BEGIN COURT SESSIONS AT EIGHT O'CLOCK, BUT ATTORNEYS DON'T APPRECIATE HIS HONOR'S READINESS TO TOIL AND THE HOUR FOR VACATION TIME IS FIXED AT TEN O'CLOCK.

Judge De Bolt announced this morning that he was not only going to go without any vacation this summer, but would be pleased to begin court sessions at 8 a. m. and work all the time if the attorneys were willing. None of the attorneys present showed any special enthusiasm over the proposition, and the discussion ended in De Bolt retreating to a ten o'clock position for the vacation time. De Bolt begins now at nine, and suggested the same hour on July 1 for the 11 Estate fishery case, but Attorney General Andrews asked that ten o'clock be the hour. Magoon appeared for the 11 Estate, and agreed to the hearing of the case in vacation.

"As far as I am concerned," said Judge De Bolt, "I am not going to take any vacation, and shall be here every day during July and August. Nine o'clock suits me, or eight o'clock would suit me ever better, but if the attorneys wish I will begin at ten. I am always ready to work, and enjoy myself most when at work."

"I don't enjoy myself working at eight o'clock," said Attorney General Andrews. Magoon did not second the eight o'clock proposition, and Andrews asked for ten, which was finally settled upon by the judge. De Bolt then proposed that the attorneys file a stipulation agreeing that the case might be tried by him in vacation, it being a term matter.

"I will sign any document that Mr. Magoon presents to me," said Andrews, referring to the proposed stipulation. Attorney Thompson suggested that it might prove to be a death warrant if not carefully examined.

POEPOE'S CAMPAIGN

WHAT THE HOME RULE-DEMOCRATIC CANDIDATE FOR SHERIFF HAS TO SAY OF THE CAMPAIGN—IS MEETING WITH ENTHUSIASTIC RECEPTIONS AND SAYS THAT THE MEETINGS OF HOME RULERS THIS TIME ARE LARGER THAN BEFORE.

J. M. Poepeo, Home Rule-Democratic candidate for sheriff of Oahu, has returned from his campaign tour of the island and will hold meetings in Honolulu this week. He is to address two meetings tonight. Poepeo says that he has encountered a highly enthusiastic reception wherever he has been. "At every point I have visited," said Poepeo this morning "I have been greeted by larger meetings than the Home Rulers were able to get in the last campaign, and there has been a splendid showing of enthusiasm. The outlook is very encouraging, but of course it is hard to say what will happen in a three cornered fight. "I think Mr. Henry has made a fine record in his short term as High Sheriff and that he is a very good man. I have nothing at all against him, and in view of the influence he commands as sheriff, he ought to be a strong candidate, though I do not think he is very popular among the voters. "I did not want to enter the race for sheriff. Personally I should have been glad to have been a candidate for county attorney, as that is more in my line.

VOTES HENRY WON'T GET

FRIENDS OF TOEPELMANN HAVE QUIETLY ORGANIZED IN ORDER TO SHOW WHAT THEY THINK OF THE MAN WHO CONDONED THE ILL-TREATMENT OF THE INJURED DRUGGIST—A CHICKEN WHICH HAS NOW COME HOME TO ROOST.

There is one section of the community which will remember High Sheriff Henry on election day and that is the younger men of the German element.

The particular cause of their regard is the manner in which the High Sheriff handled the Toepeilmann case, a case which is still fresh in public memory. "I have not forgotten the manner in which poor Toepeilmann was treated" remarked Henry Plunger this morning "and there are a good many more of Toepeilmann's friends who will also bear it in mind when the time comes to drop a ballot. You can rely on us to do what we can to defeat Henry."

It will be recalled that Toepeilmann, who was a chemist in the employ of the Fertilizer Company, was picked up by an unscrupulous condition on one of the city streets. He was, of course, in a well dressed and of respectable appearance but he was taken down to the police station and jailed as a common law drunk. It was found the next day that he is not Henry.

TO THE RESCUE OF NATIONAL GUARD

(Continued from page one.)

power to call out the Federal troops. That was so, but it was an extraordinary power which would certainly be revoked or curtailed if ever it were exercised by the Governor.

R. F. Dillingham agreed with this view and President Tooney explained that the unique power of calling out Federal troops was given to the Governor of Hawaii when the Territory was isolated and when in the absence of a cable connection with the mainland it would have taken weeks to communicate with Washington. If the Governor ever called out Federal troops now, it was very certain that he would never have a chance to do so again.

G. W. Smith endorsed this view. The Governor would certainly be called down by Washington if he ever called on United States troops and this despite the re-iterated statement of a Honolulu newspaper. The guard should be maintained and the cry of economy by the legislature was plainly ridiculous as that body had appropriated money for far less deserving purposes. He thought that a portion of the money from the tonnage tax might be diverted from the Promotion committee.

C. M. Cooke asked if the county governments might not be looked to for some support, if not then he thought that the Promotion Committee's allowance might be curtailed.

J. A. Kennedy agreed that it would be a disgrace if the guard were allowed to die for the want of so small a sum and A. Gartenberg suggested that the plantations should make up the required amount. The only riots that were likely to arise were among the plantation laborers, he said, and it was right therefore that the plantations should pay for the protection that they required.

W. Walters was one of the dissentients. He was not in favor of keeping up the militia as he regarded it as a farce. Emil Berndt thought that an efficient police force was all that was required.

Messrs. Rolph, Muhlendorf, Garvin, Peck, Hall, Macfarlane, Pfotenbauer, Lanz and Lowrey all favored supporting the guard and this view was finally crystallized into a motion to the effect that the militia should be maintained in a state of efficiency. The motion carried.

C. M. Cooke suggested that any money contributed should be in the character of an advance which might be paid back by an appropriation by the legislature, and Swanny suggested that there are many lawyers, doctors and other professional men here who are making good money and who are extremely anxious to contribute to such a fund. They never had a chance to do so and of course they felt very badly about it when the business interests invariably made up what sums were required.

Peck moved, seconded by Swanny, that a public subscription be opened under the auspices of a committee of the Chamber for the maintenance of the militia and that the committee be authorized to take from the collections of the tonnage tax a sum not exceeding \$1000 to make up the amount required, if the necessity arise. The motion carried.

The chair appointed Peck, Swanny and Garvin as the special committee to act in the matter.

RUSSIANS SEEM A DIRTY LOT

THE WOMEN HAVE FLAT NOSES AND THEY FIED WITH THEIR KNIVES IN SHANGHAI.

"Shanghai is a busy city," writes a correspondent. "A more conglomerate, cosmopolitan town can hardly be found on the crust of this earth, and this is just now accentuated by the presence of hordes of untidy-looking raskies" arrived from Port Arthur. Such a motley crowd they are! The men wear boots, the boys wear boots, and from the way some of the women walk they might be wearing boots, too, for all I know. The soldiers look unkempt, dirty, such a thing as a shave seems to be unknown to them, and to further the effect of a stubby beard and to make them look still uncanner, they wear high black sheepskin caps. About 5,000 of them are in town, and more of them are arriving daily. The hotels are overcrowded with Russians; other refugees are lodged in warehouses, in barracks, and if the drunken brawls on the streets continue some of these officers will get hurt. The way some of the officers' wives dress and come to table is to put it mildly, disappointing. In loose dressing jackets, house gowns, with steamer rugs around their shoulders, their hair done up in such fashion you cannot tell whether it was done up or not, eating with knives—and this is a first class hotel—verily, it is surprising more so when one considers that no Russian under the rank of captain is admitted.

"While the men are unusually tall, the women are short, of the flat-nosed type, of indifferent carriage—and it is hard to pick out a good-looking one among them. The general impression these visitors made is certainly not favorable. Their presence in town is a veritable godsend for shopkeepers and the wily Chinese make the best of the opportunity. I am creditably informed that any amount of wood alcohol and cheap spirits of wine is thinned down and colored to a nicely, neatly bottled and sold to the poor devils as brandy, the number of stars on the labels no object. Printing ink is cheap.

"There is no reliable census of Shanghai's population. It may be approximately 400,000, of which 5,000 or thereabout are foreigners. The streets are models of what streets should be—several steam rollers being kept going day and night. A fine prison and quarters for the Sikhs (the Indian policemen), an electric light plant and other improvements go to show that the people's money is spent for the people. The municipal council gives public account of expenditures. And there are no political 'pulls' to divert any money from its intended purposes."

AN ANNIVERSARY OF THE CIVIL WAR

ROWLAND J. GREEN, CARETAKER OF THE CAPITOL GROUNDS AND HIS PART IN FLAG DAY.

Today, June 14, is a memorable anniversary in the life history of Rowland J. Green, caretaker of the Capitol grounds. As most people know, Green is a veteran of the Civil War but it is not so well known that he was finally put out of business at one of the fiercest sieges in that bloody contest and it was on June 14, 1862 that this occurred. "It was just forty-two years ago this morning," said Green when asked about his experience today "I was a sergeant in the 26th Connecticut Volunteers and we formed a part of the 19th Army Corps under command of Major General Nathaniel T. Banks. We were engaged in the siege of Port Hudson, La. There were about 25,000 of us and some 400 Confederates but the Confederates were inside a strong breastwork which extended for two miles. Our surrounding lines were nearly seven miles long. The only way to take the place was by assault but several assaults had proved ineffectual. Finally on June 14 we were all prepared for a general assault all along the line. Between us and the enemy was a heavy growth of timber which screened our movements to a certain extent. We charged through this but when we got through we found that the Confederates had prepared a trap for us. There was a deep ravine running along the whole way and this they had filled up with a perfect network of fallen timber and brush. It would have puzzled a man to get through it at any time but here we were less than three hundred yards from the Confederate lines of cotton bales and they were picking us off as they pleased. In less than ten minutes we lost over 400 men at that particular point.

"Of course we sought what cover we could get but we could do nothing more. I got partial protection behind a stump and I remember that I was watching and admiring a Colonel of a New York regiment who was near me. He was standing perfectly erect, scornful to take any cover though the bullets were whizzing all about him. It was then that I got it.

"I felt as if a mountain had hit me and the next thing I knew I was lying in the ravine unable to move. I had been hit on the shoulder with a fragment of a shell which drove the bones in on my lungs. This was at about 9 in the morning but I knew no more until about 1 o'clock when I was brought to my senses by being pulled about by four men. They dragged me out of the ravine and put me in a stretcher and took me to camp and it appeared that the dry wood in the ravine had been set on fire so that parties had been sent out to rescue the wounded in the tangle. There were wartime stories that the Confederates had purposely set the brush on fire but I never believed it. The place was so dry that an exploding shell would have easily started it.

"Well, I was eighteen days in the field hospital before I could be moved and then I was under treatment for over a year. I offered for re-enlistment then but the doctors would not pass me. "That is a long time ago," said the old veteran "but this is Flag Day and I like to remember that I did my share, small though it was, to keep the old flag flying."

MEETINGS TONIGHT

Prince Kuhio and A. G. M. Robertson, the national committeeman, will make their appearance in the county campaign this evening at a meeting to be held at Emma Square. It is expected that this meeting will attract a large crowd. E. W. Quinn will preside. In addition to the prince and the national committeeman various Republican candidates will speak.

In addition to the large meeting at Emma Square there will be a meeting at the Honolulu Iron Works in Kakaako where E. L. Lilikalani will preside. Another meeting will be held at Kamehameha IV Road where Zablan will preside, while a fourth meeting will be held on Liliha and Wyllys streets with Jack Kalakiala in the chair. The Republican candidates will speak at the various meetings.

While thin hair and baldness are undesirable for men, they are vastly more so for women. Nothing adds more to the adornment of women than rich, lustrous, flowing tresses. The hair is too valuable to allow it to suffer from neglect. So just as soon as you notice that your hair is coming out you should use

Ayer's Hair Vigor

It checks falling of the hair promptly. This feature of Ayer's Hair Vigor is now recognized as most marked, and has brought to this preparation a world-wide reputation.

You cannot possibly have a splendid head of hair when the scalp is covered with dandruff. We urge upon all who are in any way troubled with dandruff to begin the use of Ayer's Hair Vigor at once.

Do not be deceived by cheap imitations which will only disappoint you. Make sure you get AYER'S Hair Vigor.

TALKING PEACE. WASHINGTON, D. C., June 14.—President Roosevelt and Mr. Jusserand, the French ambassador, had a conference yesterday on the subject of peace.

DOUBT RUSSIA'S GOOD FAITH. TOKYO, June 14.—The Government is silent about peace. The newspapers and the public demand peace if consistent with victory and the permanence of Japan's gains. They express an early armistice and express doubt of Russia's good faith.

ASSASSINATION OF THE PREMIER OF GREECE. ATHENS, June 14.—The Premier of Greece, Mr. Delyannis, was assassinated yesterday by a gambler named Gherakaris. He was stabbed just as he was emerging from his carriage. The deed was one of revenge, Delyannis having closed the gambling places.

THE FEDERATION AND THE GOVERNOR. A CORRESPONDENT DRAWS SOME DEDUCTIONS FROM CURRENT POLITICAL EVENTS.

EDITOR STAR.—The longer we live the more we begin to find out the inner workings of the political manipulator's method of running a campaign, to frustrate the wishes of the people, that is of course if they can do it, by fair means or otherwise, anything in fact, to win or ruin as the case may be.

Every movement the Governor makes brings out in bold relief some method that has been brewing ever since he found out that his wishes are not carried out by the ones who in his shortsightedness had thought everything was lovely, and the "goose hangs high."

He has found out since however that it's not "all gold that glitters," he will also find out before he is many years older that bull-dozing don't go worth a cent with men who believe in being "strict party men," and ones who are not afraid to say so to him or anybody else who are ready at all times to stand by their own convictions "if the heavens fall."

Does he suppose for a minute that any sensible man would believe (even if he denies it) that he did not have a hand in that "burlesque performance" at the police station the other day? If he does, he is a bigger fool than I took him to be. These are pretty plain words, but the time has come when we have to "talk plain," or "stand from under" if I may be allowed to use that nautical phrase.

When the Governor tried to persuade Deputy Sheriff Rawlins to run for County Sheriff against A. M. Brown, the regularly nominated sheriff for the county by the Republican party at the convention (his own party) and against the rules laid down by said party (just for spite), he then and there established a precedent that would act as a "boomerang" for the party in the future.

His tactics in this and other instances too numerous to mention is incomprehensible and past finding out, he may well say "What will they say at Washington if A. M. Brown is elected for Sheriff of the County, the man I dismissed from office, etc. Well, we cannot surmise exactly what they would think, but it strikes one very forcibly they would in the first place think he was lacking something in the upper story mentally and "apparently."

In the second place, it would be a safer bet to predict when President Roosevelt reads of the tactics his appointee (in this far away Isles of Uncle Sam in the broad Pacific), he will do so with very "all thinking not very favorable" perhaps to our "great I am." Can any one wonder that he should, under such extraordinary circumstances?

The action of Rawlins and Vida is to be commended, for they would not be bulldozed by the Governor or anybody else, showing conclusively they were good, staunch Republicans and strict party men, who believe implicitly in the Republican party and the rules laid down by said party for their guidance. What must we think of William Henry's manners? When we take in consideration all the circumstances connected from the beginning up to the time of his being put up for County Sheriff by the Governor and Clive Federation (perhaps the Governor will deny the fact he had a hand in it, we know better Governor, keep cool and let your hair grow, action, speaks louder than words) we cannot help but say his late actions are at variance with his utterance previous to his being put up as County Sheriff. Had he acted manly from the first when he was approached by more than one party to be a candidate for the very position now at issue he would have the pleasure of being the nominee for the Republican party at the convention, and would without a doubt be elected to fill the position he is now in for. But his manners lately has blasted his prospect for he will be "snowed under" so deep that he would be in the position of "Billy Paterson," as the saying goes—would not know what struck him.

HER IDEA. "Charley, dear," said young Mrs. Torkins, "don't you think it is a mistake for our ball club to win so many games?" "What do you mean?" "Why, the public in a little while won't be a bit surprised at them unless they are losing."

TOBACCO HEART. Constant use of narcotics has a paralyzing effect upon the heart action. It is first noticeable through a dull, uneasy pain around the heart, accompanied with palpitation, shortness of breath, trembling, etc. You should stop the progress of the disease at once with Dr. Miles' Heart Cure. It strengthens and repairs the nerve tissues, and restores healthy heart action.

Wedding Of German Heir

BERLIN, June 6.—Crown Prince Frederick William and Duchess Cecilia of Mecklenburg-Schwerin were married in the palace chapel this afternoon while the clock on the plaza marked 5, and batteries here and in every garrison town in Prussia, and in every sea where German warships floated began firing a twenty-one-gun salute at the same moment. In the chapel one of the most distinguished assemblages that could be gathered in Europe saw the simple wedding service of the Lutheran church. Sixty or seventy members of the royal families present from German and foreign states all stood in a wide circle around

Major's insignia and his decorations. He carried his helmet in his hand. Behind the bride and groom came the Empress on the arm of the Grand Duke of Mecklenburg-Schwerin, brother of the bride and the Emperor with the Grand Duchess Anastasia, mother of the bride. These and other members of the royal family stood on the right of the altar.

The choir sang "God Give His Angels Charge Concerning Thee," set to music of Mendelssohn. This text was carved on the cradle of the Crown Prince. The congregation joined in singing from the programme the familiar hymn, "Praise the Master." Dr. Dryander, the court chaplain, with nine of the cathedral clergy, standing

followed by the Princes and Princesses, but all others waited in the chapel until the reception began in the white hall adjoining. Besides those present at the wedding service hundreds of others had been invited to the reception each person bowing to the Crown Prince and Crown Princess, on either side of whom stood other royal personages. The dresses, jewels and uniforms contributed to a most brilliant picture.

After supper had been served a torchlight dance—a unique practice at weddings in the house of Hohenzollern for centuries—was performed in a modified form by twelve pages bearing thick candles about two and a half feet tall. The Crown Prince took the hand of the Crown Princess and walked

the altar, for there were no pews. Behind them, without regard to rank, were the members of the foreign embassies, with Ambassador Tower and Mrs. Tower among them, the Cabinet Ministers, a number of admirals, the commanders of the army corps and many persons of the high nobility.

The Crown Princess, for she was already Crown Princess by civil right, came in on the arm of the Crown Prince. She was wearing a wreath of fresh myrtle on her head, over which was a small crown of diamonds and rubies in a gold frame, placed there by the Empress. A triangle of diamonds rested on the front of her low-cut bodice, and around her neck was a necklace of large diamonds. The wedding dress was of Russian silver brocade, with a train four and a half yards in length and two and a quarter yards wide attached to the shoulders. Four maids of honor in dresses of pale blue silk carried the train, and behind them walked two pages. The bride veil was of old Brussels lace. The Crown Prince wore the light blue uniform of the First Foot Guard's, with 4

near him, began the service. Dr. Dryander spoke briefly on the beauty of love, the large responsibilities resting on the youthful pair, their need for support of faith and spiritual vision. The pastor then asked his imperial highness if he took out of God's hand to have and to hold according to God's word and will her highness Cecilia.

The Crown Prince answered, "Yes." The same question was addressed to the Duchess, with the additional question of "and obey," to which she also answered "yes." These were the only responses.

The rings were then exchanged, and the bride and groom knelt while Dr. Dryander read the liturgical prayer, closing the ceremony, which had taken precisely twenty minutes. Dr. Dryander shook hands with the Crown Prince and kissed the hand of the Crown Princess. He then presented the bridal couple with a Bible, ornamentally bound. The Emperor kissed the bride on both cheeks and then kissed his son, the Empress doing likewise.

The bridal party slowly moved out.

CHINA TO CLOSE "OPEN DOOR"

FIRST STEP TO GET RID OF WHITES WILL BE CANCELLING OF THE RAILROAD CONVERSION.

NEW YORK, June 8.—A special to the Herald from Berlin says it is learned, through one who can speak with the highest authority, that proposals which promise a successful issue are being actively worked, backed by powerful Chinese officials the object of which is to withdraw, forcibly or otherwise, the concession to the American-China development, by which J. P. Morgan is said to hold a controlling interest for building all the important railroads between Hankow and Canton. Such a railroad running in connection with a line of steamships from the United States would, of course, be of incalculable value. The Chinese, taking advantage of the recent course of events so favorable to the Japanese, have decided to have no more railroads constructed with or controlled by foreign capital. The withdrawal of the concession is intended to be really the first step toward getting the white man out of the country by closing the "open door," and is, therefore, of great historical importance and immediately interesting especially to America and the leading countries of Europe.

RAISING WAGES IN LIGHTHOUSE SERVICE

FIVE INCREASES OF PAY FOR LABORERS—IROQUOIS FOR LAHA'INA TOMORROW.

Five raises in wages in the island lighthouse service have been secured for the new year. The salary of the light house keeper at Nawiliwili was raised from \$20 a month to \$22.50 a month and he was promoted from laborer to keeper and the salaries of the laborers at Kaimukoi, Paikoa, Kaula Point at Kohala and Pepeekeo from \$15 a month to \$25. There are two grades of employees in the care of light houses. The first class are keepers and they are not permitted to have any outside employment so are paid higher. The other class are known as laborers who are permitted to have outside employment.

HI HENRY HAS ANOTHER FRIEND

GEORGE HARRISON, JUST OUT OF JAIL, TAKES THE STUMP FOR \$15 A WEEK.

The cause of Hi Henry and the Civic Federation received a distinct impetus today at noon when George Harrison mounted the soap box at the corner of King and Bethel streets and began an oration in support of Henry's candidacy for sheriff.

Harrison is now a free man but he has recently been released from Oahu prison where he served a year for having shot his wife one evening on a Liliha street cur. He is now in the employ of the Civic Federation on the extremely large salary of \$15 per week to make speeches in Hawaii against A. M. Brown. Brown, it may be remembered, was High Sheriff when Harrison was convicted.

Harrison is considerable of a "spiteful" but even his powers of cheap oratory were jeered at by the Hawaiians who gathered on the corner today. He appealed to the listeners to vote for Henry because the Civic Federation had all the money and was willing to spend it while Brown and his crowd, he said, had no money. This was the entire burden of his song but even this alluring suggestion was not sufficient to move any sympathetically his way.

Harrison was jeered at continually by the Hawaiians who recognized the insult that was being offered them by the Civic Federation and Henry in putting up such a man as an exponent of their views. He was yelled at to get off the box, was told that he had no vote and was not even a citizen but Harrison had his \$15 to earn and the denunciations of the crowd made no impression on his thick hide.

He was hoisted at when he at last concluded.

JAIL BIRDS SITTING ON THE HI'S ROOST

"SUFFERING BOER" LAKE SWELLS CROWD OF HELPERS AT HENRY'S HEADQUARTERS.

The ranks of the helpers at the High Sheriff's headquarters on Merchant streets were swelled today by the appearance of "Col. Lake."

"Colonel Lake" is the gentleman of "Suffering Boer" fame and he seems now deeply interested in the campaign of Henry. Lake evidently does not accord to the leaders of the Civic Federation a monopoly of high-mindedness and moral sanctity. He lays claim, no doubt, to having some of that feeling too. In his case it was a sort of grafted on by his breaking rock in the chain gang. When Lake was running a disreputable house and selling liquor without a license at the corner of Beretania and Nuuanu streets some time ago, he did not look kindly upon the police department. Lake looked less kindly after the police raided the place and he was sent to jail to do time.

Lake also served a term in jail for gross cheat.

CAUSE OF THE DELAY

SAN FRANCISCO, June 2.—A defect in the sternpost of the Oceanic liner Sonoma, now in dry dock at Hunter's Point, will no doubt delay the departure of the liner for Sydney. When the Sonoma was placed in the dock at Hunter's Point last Friday it was discovered that the strut, or that part of the structure holding the extreme after supports of the shafts, had become weakened, probably as the result of heavy weather between Sydney and Auckland, and repairs were found to be necessary. Workmen from the Risdon Iron Works have since been employed in repairing the defect, and will be employed every day and until 10 o'clock each night until the job is finished. Additional plates are being riveted on, and every precautionary measure is being taken to prevent any further sign of weakness. The cost of the work will be about \$5,000.

REFINERY BONDS

Judge Lindsay this morning granted a petition of the trustees for the estate of the late S. C. Allen, allowing them to invest in bonds of the California and Hawaiian Sugar Refining Company, of Crockett. The petition for permission set forth that the company is making an issue of a million dollars' worth of bonds, secured by three million dollars worth of property at Crockett, and that the bonds are a good investment. After hearing testimony the court allowed the investment. The trustees are Batsheba M. Allen, Mark P. Robinson, J. O. Carter and Paul Muhlenberg.

HENRY WILL POLL FEW VOTES

"I don't see how William Henry can expect to obtain any important number of votes," said Lorrin Andrews this morning. "The situation as far as I can see it, looks very favorable for the Republican ticket generally. Of course the candidacy of Henry will necessarily mean that Brown will lose some votes, but it is impossible for me to see how the Henry vote can be large enough to make any important change in the situation. I do not think Brown is in any danger of losing."
