## THEY LOVE HONOLULU WELL

Interesting Letters from Wives of Two  
U. S. S. Marion Officers.

Good Scheme of a Euchre Club—Assignments  
of Officers—Engagement of Lieutenant  
Kellogg.

One of their young lady friends  
has received very interesting  
letters from Mrs. Moses and Mrs.  
Nauman, whose husbands were  
officers of the Marion when that  
cruiser was here.

Mrs. Moses was at Vallejo  
when she wrote: "I am awfully  
homesick for dear Honolulu and  
all you people. This place is so  
cold and damp and foggy, and  
they tell us we haven't seen the  
worst."

The same correspondent tells of  
a children's party attended by her  
little daughter Beatrice, where, "it  
being Halloween day, they had  
several games, and a big cake  
with a ring and tumbler in it  
Marie Whiting, the Afong girls'  
nieces, got the gold ring.

Vallejo's climate does not phase  
sociability, as Mrs. Moses writes:  
"We are having awfully good  
times here. Several people have  
entertained us, and every fort-  
night the Euchre club meets. The  
prizes are given in this way. Each  
person that goes, takes a quarter  
and gives it to the treasurer.

Then during the evening the  
money is divided in two parts,  
and half given to the lady who  
wins, the other half to the man.  
Last week it amounted to \$4.50  
apiece. Then they buy their  
own presents. Rather a sense-  
sible scheme, for you can  
buy what you want. The  
week following you must bring  
your prize to the club and show it  
to the others."

Mrs. Nauman, writing a fort-  
night later than Mrs. Moses, has  
the unwelcome news that Beatrice  
Moses was ill. "We had been  
here only two weeks," Mrs. Nau-  
man writes, "when Mr. Nauman  
received orders detaching him  
from the Marion and sending him  
to the Monadnock, which was re-  
pairing at this yard. He was very  
much surprised as well as  
pleased, for the monitor  
are considered fine duty, as they  
are so much of the time in port."

Here is the old, old story of all  
who leave these isles, after an ex-  
perience of their climate: "We  
are having very nice weather now,  
but it is not as nice as your lovely  
climate, and I often long for that  
delightful out of door life that we  
lived in Honolulu. I shall never  
forget the pleasant months we  
spent there."

Mrs. Nauman gives a lot of  
news of assignments of naval offi-  
cers: "The old Marion is now to  
be turned over to the California  
Naval Reserve for a practise ship  
and one after another her officers  
have been detached. Mr. Nau-  
man was the first to go; then Dr.  
Bagg, who was sent to the Adam-  
ant; then Lieutenants Kellogg  
and Elliott, who went to the Bal-  
timore. Your particular friend,  
Captain Book, is ordered to the  
yard here. Mr. Danbaugh and  
Mr. Lansing and Paymaster Cann  
are to go to the Independence.  
Mr. Lang will probably go to the  
Monterey, and Mr. Moses expects  
to get the barracks at this yard.  
The rest do not know what will  
become of them.

"I suppose you have heard of  
Mr. Kellogg's engagement to Miss  
Ethel Pomroy of Oakland. It  
has been out about two weeks."

One lady says: "I want  
nothing better than Schilling's  
Best tea."

It's lucky she doesn't. We  
wonder if she uses Schilling's  
Best baking powder.

In the bankruptcy of Chai Sing  
and Tong Wa, copartners under  
the firm name of Nin Sing Wai  
Company, the assignee C Lsi  
Young has filed his first and final  
account and petition for discharge.  
The account shows receipts of  
\$180; expenditures \$94.75; balance  
on hand \$85.25, which will allow  
of a dividend of 9.292 per cent to  
the creditors. Lyle A. Dickey,  
attorney for assignee.

Judge Stanley has appointed  
Kulia Kewiki guardian of Ha-  
nala, Haakalou and Uaia, minors,  
with bond fixed at \$250. J. K.  
Kahookano for petitioner.

In the estate of Oliva Lahela, a  
minor, Sam Pali the guardian  
has filed an inventory showing  
the estate to consist of two pieces  
of land in this city of the com-  
bined value of \$800. Kaulouka  
and Kauakua for guardian.

In the special assumpsit case of  
Orlway & Porter vs. Canadian-  
Australian Steamship Company,  
a demurrer has been filed on be-  
half of defendant setting up  
among other things that the Court  
has no jurisdiction either over the  
subject matter or the parties to  
the suit. Kinney & Ballou are

United States.

In the equity suit of Anna dos  
Anjos Perry and others against  
Mary Lucas and Charles Lucas,  
her husband, a bill to remove a  
cloud, to establish boundaries and  
for an injunction, Judge Stanley  
has filed a decision sustaining the  
demurrer of the defendants and  
dismissing the action. A. S.  
Hartwell and A. G. M. Robertson  
for complainants; Kinney & Bal-  
lou for defendants.

The Supreme Court handed  
down a decision this morning in  
the case of J. A. Magoon, admin-  
istrator of the estate of Chun  
Lung, deceased, vs. S. Ahmi, on  
exceptions from the Circuit Court,  
First Circuit. The Court hold-  
ing in a decision written by the Chief  
Justice and assented to by Justice  
Frear and Judge A. Perry, the  
latter sitting in the place of Jus-  
tice Whiting, disqualified, that the  
evidence in the case well sustains  
the decision of the trial court in  
ordering judgment for plaintiff,  
and ordering the exceptions to be  
overruled. Kinney & Ballou for  
plaintiff; Thurston & Stanley for  
defendant.

## HALL COMMITTEE REPORTS.

Social Club Hopes to Secure Quarters in  
the Waverley Block.

At the meeting of the new so-  
cial club held yesterday evening  
the committee on hall reported  
progress. Application has been  
made for the large room in the  
Waverley block, but it is not yet  
certain that the place can be se-  
cured. Two other halls in the  
city have been examined, but the  
one just mentioned, in the eyes of  
the committee, will better sub-  
serve the purposes of the club.

It is believed that the roll at the  
start off will reach 100 names. An  
honorary list may also be started  
later. One of the first open re-  
ceptions of the club will be on the  
lines of a smoker. Another meet-  
ing of all the members will be  
held a week from tonight.

## TURNING SILVER INTO GOLD

An English Chemist Thinks He Has  
Solved the Problem.

And Confidently Expects to Turn Out Fifty  
Thousand Ounces of the Yellow Stuff  
Every Month.

If the report of the experiments  
of Dr. Emmens, an English  
chemist, contained in a late Lon-  
don paper is true, the silver ques-  
tion in the United States will  
soon be at an end, gold will be-  
come the only medium of ex-  
change and everybody will be  
happy, even the owners of silver  
mines, for their product will com-  
mand an increased value and the  
demand will far exceed the sup-  
ply.

The Klondike will not be in it  
with this London chemist who is  
now preparing a machine for sub-  
jecting silver to a pressure of 8,-  
000 tons per square inch by which  
means and the addition of a  
chemical process he claims to  
have discovered he hopes to pro-  
duce the modest amount of 50,-  
000 ounces of gold per month just  
as a starter.

Just what Dr. Emmens' pro-  
cess really is of course is his own  
secret, but it does appear that  
there is little doubt of his ability  
to transform silver into gold by  
a mechanical process of which  
powerful pressure is the base. A  
London paper says Dr. Emmens'  
results have been verified by  
several well known English  
chemists, and a few weeks since  
M. Eiff, the famous French  
chemist, endorsed the conclusions  
reached by him.

Not satisfied with turning silver  
into gold Dr. Emmens is now de-  
voting his attention to the trans-  
mutation of other metals into one  
another.

## RENEAR WANTS A SWIMMING RACE.

Challenges Kimokeo, the Island Cham-  
pion, for 100 Yards Spurt.

The following open challenge  
to Kimokeo for a swimming match  
to take place within the next forty-  
five days has been received at this  
office:

HONOLULU, Dec. 2, 1897.

Kimokeo, Honolulu, Sir:—I,  
Dan Renear, hereby challenge  
you to a 100 yard match swim-  
ming contest to take place in the  
Honolulu bay within the next  
month and a half.

Date and details to be arranged  
later.

Race to be under regular rules.  
The race shall be for a gold  
medal or other trophy upon which  
the officers of the race may de-  
cide. Respectfully,

DAN RENEAR.

This will be an interesting  
event. Renear is a Coast cham-  
pion and a swimmer of some na-  
tional note. Kimokeo is cham-  
pion of the Hawaiian Islands. On  
last regatta day he defeated Re-  
near in a 100 yards race but the  
friends of the Californian were  
never satisfied with the result. An  
effort will be made to bring the  
affair off on New Year's day.

## ANGLICAN CHURCH SYNOD

Proceedings at the Annual Conference  
of Episcopalians.

Bishop Willis' Letter on the Lambeth Con-  
ference to be Read at This  
Evening's Session.

The annual session of the  
synod of the Anglican church in  
Hawaii convened at 4 o'clock yes-  
terday afternoon in St. Andrew's  
cathedral, where the opening  
evening services were held. An  
adjournment was then taken to  
7:30 p. m., at which hour the  
synod met in the Sunday school-  
room.

At last night's session the usual  
routine work of the synod was  
transacted and notices of several  
motions given for tonight's ses-  
sion, the proceedings occupying  
only a short time.

There was no session of the  
synod this morning as stated in a  
morning paper. Today's meeting  
commences at 7:30 p. m.,  
at which time the motions of  
which notice was given last night  
will be taken up and disposed of.  
The most interesting feature of  
the session will undoubtedly be  
the reading of a long letter from  
Bishop Willis, detailing the pro-  
ceedings of the recent Lambeth  
Conference at the palace of the  
Archbishop of Canterbury in  
London. There is really very lit-  
tle business before the synod this  
year, and an effort is to be made  
to finish it up tonight so that vis-  
iting clergymen from Hawaii may  
take the steamer Kinau in the  
morning.

Those attending the synod are:  
Rev. S. H. Davis of Kona, Rev. L.  
Byrds of Kohala, Rev. C. H. Tom-  
kins of Hamakua, Revs. John  
Usborne, Alex. Mackintosh, V. H.  
Kisato and Tim Yet of this city.  
Lay members are Messrs. Henry  
Smith, W. L. Stanley, H. M. von  
Holt, Ed. Stiles, F. W. Wood, G. S.  
Harris, S. Meheula, G. S. Smithies,  
P. Jones and Yap See Young.  
Other members who were expect-  
ed but did not come were Messrs.  
Bush of Kauai and Nowlein of  
Maui.

## ANGLICAN CHURCH NOTES.

There will be an annual union  
service of all the cathedral con-  
gregations next Sunday evening,  
at which Rev. C. H. Tomkins  
will preach. This gentleman  
has lately arrived in the Islands  
from London and is said to be an  
eloquent speaker. The double  
surprised choir of 50 men and  
boys will sing the hymns and re-  
sponses under the direction of  
Organist Wray Taylor. The  
offertory will be for the benefit of  
the Diocesan Fund.

Rev. L. Byrle, who has been  
stationed at Kohala for a number  
of years, leaves for China on the  
City of Peking, December 25. He  
goes direct to Shanghai to take  
up missionary work among the  
Chinese.

Work on Rev. J. Usborne's new  
chapel at Palama is progress-  
ing so rapidly that it is confidently  
expected that it will be ready for  
dedication during the second week  
in January next.

Rev. Mr. Judd, an Episcopalian  
clergyman of Los Angeles, is  
visiting the Islands for a few  
weeks for his health. He was an  
interested listener at the synod  
last evening.

Bishop and Mrs. Willis are ex-  
pected home on the Aorangi, due  
here December 21.

## The Anchor.

P. T. Ryan still continues in  
charge of the Anchor and is ably  
assisted by William Carlyle. At  
the Anchor, Seattle beer on  
draught can always be had as well  
as the best brands of whiskies,  
etc., including John Dewar's  
Scotch whisky. A full stock of  
other liquors, wines, etc., is kept  
on hand also.

## A PHOTOGRAPHER SUICIDES

Charles Tierbach Ends His Existence  
With Cyanide of Potassium.

Supposed to Have Been Driven Insane  
by Pain from an Affection  
of the Ear.

Charles Tierbach, occupying a  
room at Mrs. Fetter's, next door  
to the Popular House on Fort  
street, put an end to his existence  
this morning by swallowing a  
dose of cyanide of potassium.

The first intimation that any-  
thing was wrong with the man  
came from Paddy Ryan, who had  
picked up a card outside his room  
on which was written a request to  
notify C. Tierbach of 306 S. Bat-  
tery street, San Francisco. This  
was about 12:30 this afternoon.  
Ryan and Mrs. Fetter at once  
went to the room and found it  
locked. Entrance was then ob-  
tained through the window  
and the man was found dead  
on the bed. Dr. Miner was called  
but could do nothing as the  
man had been dead some time.  
From the smell in the room  
cyanide of potassium, a deadly  
poison much used by photogra-  
phers, was undoubtedly the cause  
of death, but how or when the  
man took the fatal dose is un-  
known.

He was last seen about 8:30  
this morning when he went to his  
room requesting not to be called  
till 10 o'clock. Mrs. Fetter asked  
if she should call him at that  
hour, when he replied: "Never  
mind. I'll get up when I want  
to." The writing of the card  
seems to have been an after-  
thought.

Mr. Davey, his employer, was  
sent for as well as Deputy-  
Marshal Hitchcock, and the  
body removed to the station  
house, where the inquest will be  
held this afternoon.

Mr. Davey said there was no  
doubt that cyanide of potassium  
was the poison used. The man's  
correct name was Charles Tier-  
bach, and he came here from San  
Francisco with the kinetoscope  
people who brought the Corbett-  
Fitzsimmons fight here a few  
months ago. He left the combina-  
tion here and after being out of  
work for some time applied to  
Mr. Davey for work. Knowing  
him to be a bright and intelligent  
young business man he gave him  
employment as bookkeeper and in  
the gallery. Before coming to  
this city the deceased was man-  
ager of Foss' photographic stock  
house, doing business under the  
Palace hotel, San Francisco. The  
motive of the deed may be found  
in the statement that the man has  
been suffering intensely with an  
affection of the ear for a month  
past, which has incapacitated  
him from business. He has been  
under treatment by Dr. Howard  
for this trouble for some time but  
could obtain no relief. Mr. Davey  
also states that he lately received  
a letter from his sweetheart at the  
Coast, which must have contained  
bad news, as it affected him great-  
ly. Tierbach was 28 years of age.

## END OF RESTORATION DAY

Portuguese Close the Celebration in a Fitting Manner.

Literary Exercises—Speeches of Canavarro and Vivas—Spain and Portugal are Friends—The Dance.

The conclusion of the program of the Portuguese celebration yesterday was attended and participated in by a large part of the colony. There was a packed house during the literary exercises in the afternoon, and the great hall of the Lusitana society, the verandas and the lawn outside were crowded with people at the evening when the dance program was being carried out.

J. P. Rodrigues officiated as chairman in the afternoon. He made an excellent opening address and introduced the speakers of the day, Senhor Canavarro and J. M. Vivas.

Mr. Canavarro reviewed in an interesting manner the history of Portugal prior to the Spanish conquest in 1580. He dwelt at length upon the discoveries and conquests of the Portuguese, and recited the events of 1640 at which time the Spanish yoke was thrown off. In concluding Mr. Canavarro referred to J. M. Vivas as the father of the restoration day observations in Hawaii and complimented and thanked that gentleman for the work he had done in the way of starting the affair.

Mr. Vivas was next called. He touched first upon the valor, patriotism and accomplishments of the ancient Portuguese, and gave his picture as an illustration of how that people should be today. "Latin races are led or driven by patriotism," continued the speaker. "Touch this and you set the man or race in motion. It is a powerful agent and we should get all the good possible out of it."

Concluding his address Mr. Vivas recited at length the events of the period between 1580 and restoration in 1640. In all he said one fact was brought out most prominently: The cordial relations existing today between Spain and Portugal. This was evidenced by the grand reception recently given the Spanish vessels at Tegues. The celebration was not one of a victory over a foe exactly, but rather a thanksgiving for independence acquired on the day 257 years ago. No animosity was felt toward Spain and there were no lines, social, political or religious, in the celebration.

Each of the speeches met with hearty applause. During the afternoon refreshments in abundance were served to all who chose to enter the grounds.

At evening the dance took place. The hall was brilliantly lighted and decorated for the occasion. About 300 were present. A native orchestra furnished music. Refreshments were served during the whole evening. The affair lasted until midnight. Father Bonaventura of Hilo preached the sermon at the Cathedral in the forenoon.

EVENING BULLETIN.

A. V. SEAR, - - - Manager. DANIEL LOGAN, - - - Editor.

THURSDAY, DEC. 2, 1897.

British courts have taken high ground in behalf of the freedom of the press for many years past. In consequence there are numbers of restrictive press laws on the statute books which have lapsed into dead letters. A libel case has just been reported from the Queen's Bench Division, London, in which the Lord Chief Justice, before whom and a special jury the trial took place, held strong language upon the privileges of journalists. It was an action by a patents syndicate against the Financial Times for alleged libel by that paper in comments upon a type-casting and composing machine that had been patented by a member of the syndicate complaining. The defense was that the article complained of was fair comment upon a matter of public interest. Lord Russell's summing up, as briefly reported in an exchange, is worth

reproducing. He said "that when the syndicate asked the public to subscribe capital for placing this machine on the market they not only exposed themselves to criticism, but they invited it, and he would go so far as to say that it was the duty of a public journalist, and more especially of a journalist whose duty it was to advise the public on financial matters, to criticize closely, thoroughly, aye, and severely, the claims to public support which these persons were making. If ever there was a time when a jury should hold the shield of protection over an honest journalist who had honestly criticized the scheme of a company and its claims to public support, this was the time. The journalist, however, who from dishonest or sordid motives made an attack upon the owners of property with the object of damaging that property ought, of course, to receive the severest condemnation and punishment, but the journalist who in honest execution of his duty warned the public to scan closely the claims of persons asking for public support deserved the utmost protection which the law could give him. If the jury believed the article was honest he would not advise them to look for inaccuracies unless they were serious and constituted in themselves libels." Upon these instructions the jury rendered a verdict for the defendant and judgment was entered accordingly.

Information comes to the BULLETIN, too often to be disregarded as possibly trade jealousy, of the exportation of lots of inferior coffee. There is no lawful way to stop such transactions, liable though they are to give Hawaiian coffee a black eye in foreign markets, but means are certainly feasible to give a good article favor abroad. It can be done by the adoption, under legislation that ought to be easily secured, of a system of official inspection and labeling. This end can be attained by organization of the coffee producers with that as one of the principal motives.

It is bad enough to find the telephone unavailable, frequently both day and night, from internal defects of the system, but for subscribers to be interrupted by assinine howling over the wires, together with thumping on transmitters, is simply outrageous. The corporation owes it to its patrons to adopt measures for the detection of the authors of such malicious pastime.

RECEPTION ON BALTIMORE.

Officers of Flagship Entertain Large Number of City People. The reception by Admiral Muller, Captain Dyer and the officers of the U. S. F. S. Baltimore, which took place from 3 to 6 yesterday afternoon aboard ship, was a signal social success and one of the leading events of the season of its kind. Over 250 people accepted the invitations sent to the city, and went off to the big cruiser soon after the reception hour arrived.

For the occasion the war ship was handsomely decorated. The main deck was reserved for the dance program. It was beautifully adorned with flags of all nations and living greens from the city. Many special ideas in decorative art were the objects of admiration. Large flags separated the dance hall from the forward deck. Dancing began about 4 o'clock and continued until 6. The flag-ship's band furnished music. It was quite cool and pleasant on the deck of the vessel and all enjoyed immensely this feature of the program. Refreshments were served on deck and in the reception room.

Thomas J. King, lately an orderly at military headquarters, has enlisted in the fire department at No. 1 engine house.

BULLETIN, 75c. PER MONTH

November 30, 1897.

There is no better oil stove in the market than the justly celebrated BLUE FLAME for which we are agents. We have recently imported a fresh lot of these convenient stoves and they contain two new improvements which add to their desirability. One of these is a regulating screw for the burners and the other is a spring by which the burners are brought to the top of the stove when it is desired to light them. These stoves are absolutely the best coal-oil stove in the market and they are sold at a reasonable price.

In coal and wood stoves we recommend the PANSY as being the best. We have it in all sizes at prices to suit all purses.

STEEL Ranges for large families and restaurant use are a specialty with us and we shall be glad to quote prices at any time.

A useful article in this warm climate is a small alcohol stove with kettle. We keep them.

The best presents are those that give lasting comfort and pleasure to the recipient. What better present than, as the Manufacturing Harness Co. ask, than a fine set of harness? The firm can also suit you with a beautiful riding outfit, their saddles being superior to anything imported.

Improvements at the Hotel.

Carpenters and painters have several weeks yet on the Hawaiian hotel. The house is being renovated down to the finest details. In fact, when the changes are complete, the hotel premises will hardly be recognized as the same property. The improvements are being made at a very great cost, in truth nearly as much as the purchase price of the premises.

The Kona Coffee Company.

By Monday morning all arrangements for reforming the Kona Coffee and Tea Company will have been made. The new concern will be a corporation—not a partnership as heretofore. Stock will be issued, though a few men will control it all. Theo. H. Davies & Co. will be the agents of the concern.

Kamehameha's Athletic Day.

The Founder's Day program at Kamehameha school will take place on Monday the 20th of December, beginning at 2 p. m. A mistake in the program sets the affair for the 19th, which is Sunday. All those intending to visit the place will take notice of this announcement.

Island Views.

**PAINFUL ACCIDENT.**

Mrs. Deming, an Esteemed Visitor, Breaks an Arm.

Mrs. Deming, wife of E. O. Deming, a member of the Capital Mill corporation, San Francisco, has had a sad interruption to the pleasure of her visit to Honolulu.

As previously reported, Mrs. Deming came here as a guest of the Frawley dramatic company. Up till now she had greatly enjoyed her visit. Yesterday evening Mrs. Deming attended the reception to the Frawleys given by Mr. and Mrs. Robert Lewers at their residence. While alighting from her carriage, on returning to the Hawaiian Hotel, the esteemed lady missed her footing and fell, breaking her left arm. The arm was a loose board, left by the workmen engaged in the hotel renovation, which tripped her.

Dr. Herbert was called and under his treatment Mrs. Deming is doing as well as can be expected, but the enjoyment of her stay in Honolulu is brought radically to a termination.

The Rush to the Klondike.

A Vancouver paper says that Messrs. Cook & Sons, the well-known tourist agents, have engaged in the aggregate 4000 beds at the best hotels in Vancouver for their patrons en route for the Klondike during the month of February. The figure charged for bed, meals and accommodation in each case was \$4 per head, or an aggregate of \$16,000. This will give some idea of the big rush to the Klondike expected for early next year.

**Healthful.**

Every being who has suffered from sick-headache caused by derangement of the stomach can appreciate a preparation which will at once give relief and does not lose its effect after taking a few doses, the result generally experienced after taking many saline aperients.

**Magnesia**

The cooling and refreshing effect produced by taking a dose on rising will convince even the skeptic that it is just the thing for this climate. It has a pleasant taste and never fails to act. A dose taken before breakfast regularly will insure good health.

**Sal**

The ingredients that enter into the composition of MAGNESIA SAL FRUTAS are salts obtained from fruit and are harmless when taken into the system. The preparation can be taken indefinitely without injury.

**Frutas.**

The sale for this preparation has surpassed all others of a similar nature. Put up in two sizes 50c. and \$1.00. Don't forget the name MAGNESIA SAL FRUTAS.

We are still harping on that one strain, "a little better quality shoe for lower prices than possible elsewhere."

We mean to have more shoe worth getting into our shoes each year. The \$5.00 shoe of today does not compare with a little while ago; they are better made, easier and wear longer.

We do not let a possibility for improved shoe making escape us. If better lasts or better leather or styles can be had we have them. Economy everywhere except in quality; that keeps going up, up, up, and our stock larger, larger, larger.

It is very fine to see the sunrise and the dew sparkle like gems in the early morn in the country, but a little later in the day comes that hungry feeling.

A bountiful supply of hearty foods will assist nature in making your stay in the country pleasant.

Diminutive sized tins of meat and fishes, little tins of fruits and cheese, small tins of biscuits and puree of foie gras, individual bottles olives for a bicycle luncheon or excursion.

The latest novelty in biscuits especially for bicyclists.

For those away from home we offer perfected facilities for prompt shipment of mail orders.

small orders shipped quicker than big ones and just as cheerfully. Do as we do—get the best for your money.

Quantity counts; but what is the use of food if it isn't good? True of Hawaii and the whole country: Plenty of food, not plenty of good food.

To live well need not mean extravagance; it means good taste and knowing where to buy.

Our store is the where to buy. It's big, bright, up to date, busy, alive to the march of prosperity; importing direct from the fountain heads of production, and selling direct to families.

That ought to count, and it does. Our prices are the lowest.

### A Novelty in Paving.

St. Petersburg is to furnish the world with a novelty in paving. A company proposes to pave all the principal street corners with inlaid advertisements, the contract being to do the work free of expense to the city, trusting to enterprising merchants for their gain. These advertisements are to be made on the mosaic principle, and may thus be removed so that the public will have constantly changing novelties under its feet at frequent intervals.

### Island Views.

Over our establishment on Hotel street is the sign Island Views. For the benefit of those who may not know, King Bros. have opened the place as a branch to their store. Colored and uncolored photos, oil paintings, water colors, pastels and menu cards of Island scenery are specialties.

### How to Tell Oriental Rugs.

A test of the genuineness of an oriental rug or carpet, which a Constantinople gentleman says is sure, is to examine carefully to see if each stitch is knotted, instead of trusting to those easily put on marks of age—patches, holes and crooked places. If the stitch is knotted and firm, the rug is genuine, but if the stitch can be pulled out it is imitation, no matter how closely the original rug may have been copied in pattern or color. An oriental dealer's test is to drop a live coal on the rug and when it has burned a little to remove it quickly with the fingers. If the scorching entirely disappears, leaving the original colors unaltered, it is proof of the genuineness of the rug.

### How to Pasteurize Milk.

A milkman who has to do his own milk pasteurizing puts the milk into any ordinary bottles, nearly filling them and placing a stopper of cotton batting in the neck. He then sets them on a thin strip of wood or inverted plate which has been perforated in a tin basin or pail of water and heats them until the milk shows a temperature of nearly 150 degrees. The bottles are then stoppered and removed to the back of the stove for 20 minutes, during which they should be covered with a dry towel or the pail cover. At the end of that time the bottles are removed and set in warm water, which is gradually cooled and then iced. Many people use tin vessels, the advantage of which is that they may be plugged from hot water to ice water without danger of breakage and with possible benefit to the milk. The best form is a double boiler oatmeal cooker. The inner tin contains the milk and the outer the water, which can be easily brought to boiling point. For killing the bacillus of tuberculosis a minimum temperature of 149 degrees should be maintained for 15 minutes, of 140 degrees for half an hour. If the milk has been obtained from a herd known to be free from tuberculosis or there is no fear of this trouble, a pasteurizing temperature of from 133 degrees to 140 degrees, maintained for 20 minutes, is sufficient to give good housekeeping qualities.

### How to Cure Hiccoughs.

A woman in a French hospital had a hiccough which had resisted all treatment for four days. She was asked to show the tongue, and it was noticed that with the putting out of the tongue the hiccough ceased. The same thing has been since tried, and with success, in other cases. All that is necessary apparently is to strongly push the tongue out of the mouth and hold it so for a minute or two. It is also suggested now to try the same thing in suffocative cough, as whooping cough and choking by irrespirable gases.

### How to Make Artichokes a la Poulette.

Wash and peel 2 pounds of artichokes. Put them in slightly salted boiled water and cook until tender. Then drain on a sieve. Put a tablespoonful of butter in a saucepan and when melted stir in a teaspoonful of flour. Add a pint of rich milk, half a teaspoonful of salt, a teaspoonful of parsley and half a teaspoonful of sugar. Let cook 2 minutes. Whisk 2 eggs in 2 tablespoonfuls of milk and stir them in the boiling sauce. Throw in the artichokes, add the juice of half a lemon and let simmer 3 minutes longer. Pour into the serving dish, dust over with one-third saltspoonful of pepper and serve hot.

For a nice clean shave drop in at the "Elite Barber Shop," King street, near Alakea.

## Just Like Gold Coin.

For more than fifty years has PERRY DAVIS' PAIN KILLER stood the test against all remedies prepared to eradicate pain, and today stands at the head of the list among the medicines that are so essential to keep at hand in the home.

It is not a new fangle remedy nor do the proprietors lay claim to any wonderful revelation of the ingredients that enter into the manufacture of this ever popular remedy.

It is perfectly harmless, you need have no fear of becoming habitually inclined to its use. For Colic, Cramps, Dysentery, Colds, and all painful affections, a few doses will certainly give relief. You cannot afford to be without a bottle in the house.

Your forefathers used it and found it beneficial. Why experiment with some remedy that is new and its effect on the system unknown? It has many rivals but no equal. The new 35c. size contains over double the quantity of the 25c. size.

Evening Dress in a Street Car.  
 He swung aboard a Walnut street car at Fifth street and was evidently angry at having had a long wait, for he complained in audible tones about tired men having to stand on street corners. When he stepped inside and saw every seat taken, a disappointed look came over his face, and he grabbed for a strap with a deep growl. Luck was coming his way, however, for at Eighth street a man near the door got out, and the tired man sank into his place with a sigh of relief. The car then proceeded to the opposite side of the street and stopped to take on a man and a woman. The passengers looked up curiously at seeing a couple in full dress climb aboard. A pale blue silk dress, low cut, and with short sleeves, adorned the woman, and her escort was got up in immaculate dress togs. The man was very gallant and looked about for a seat for the woman, even trying to get some ladies to sit closer and make room. When this failed, he approached the tired man who had got on at Fifth street and asked him if he would have any objection to giving up his seat. The other looked up in amazement and said in a decided way that he did object. The man then said:  
 "I think it is very mean in you to allow a lady to stand in a car."  
 Quick as a flash the tired man burst out:  
 "I think it's - mean in you to make her ride in a street car in that dress."  
 Roars of laughter from the passengers followed. The couple alighted at the next street, and the tired man once more sank into repose. - Cincinnati Enquirer.

Health - Remedy for Coughs and Croup.  
 The influence of mind over body is a fact which is being demonstrated in a most striking manner. A man who had been suffering from a severe cough and croup for several weeks, and who had tried every remedy without success, was cured by the use of a certain preparation. The man who had been suffering from the cough and croup was a man of a very sensitive nature, and he was very much affected by the mind over body influence. The man who had been suffering from the cough and croup was a man of a very sensitive nature, and he was very much affected by the mind over body influence.

### ITEMS FROM HARBOR FRONT

Steamers James Makee and Kaala from Island Ports.

Liner Warrimoo's Claim—Customs Changes—Vessels in the Harbor—Bark C. D. Bryant on the Berth.

The steamers Kaala from Onahu ports and James Makee from Kapaa, which arrived this morning, returned thither this afternoon.

The bark C D Bryant is at Kinau wharf and loaded 2550 bags of Lithue sugar this morning. Captain Colley expects to sail next week for San Francisco.

December changes are posted on the bulletin board at the Port Surveyor's office: Inspector Short, assisting surveyor; Inspectors Macaulay and Drake, in charge of night watch; discharging inspectors, W F Storey, C O Rhodes, M G Johnston, W Charlock and M H Drummond.

An anchor was fished up from Nawiliwili harbor yesterday by the steamer James Makee and landed on Fort street wharf this morning. The water was so smooth that Captain Tullett could see the anchor lying below and sent a man down who made a rope tight and it was hauled on deck. This anchor was lost together with about fifteen fathoms of chain by the W. G. Hall a year ago.

Foreign vessels in the harbor are now located as follows: ship Drammen and schooner Transit in the stream, bark Amelia at Allen & Robinson's, barks Iredale and Nuanuu at Dillingham's, or the Railway, bark Mauna Ala and ship Tillie E Starbuck at Irmgard, barks S C Allen and Mobicau at Brewer's, bark Archer at Inter-Island, barkentine S. N Castle at Oceanic and schooner Alice Cooke on the marine railway.

There is not likely to be any claim preferred by the Warrimoo against the steamer Waialeale for cutting her lines last Wednesday. On her last south-bound trip the Warrimoo's propeller caught in a line attached to the bark S C Allen and delayed that liner's sailing for some hours. A claim of \$250 was made by the agents of the Warrimoo against the bark S C Allen but a contra claim was put in by the latter and the matter is still in statu quo.

### IT IS DIFFERENT IN CANADA

There Dairymen Look After Tuberculosis Themselves.

And Milkmen Advise Their Customers to Boil Their Milk as a Safeguard Against Contagion.

Either the Canadian laws relating to the sale of impure milk are very different to those on the Pacific Coast and Hawaii or else the dairymen are built of different material to those in this portion of the world. Here is an item from a Vancouver paper:

"A scare about tuberculosis prevails and all the city milkmen are having their cattle tested. One dairyman found his herd of 40 affected and has had them slaughtered."

An Ottawa dispatch of November 15 contains the following:

"Tuberculosis has been discovered among local milkmen's herds and it is stated that one milkman is today advising all his customers to boil the milk bought from him as a safeguard against possible contagion. In the cases of some of the milkmen large herds have been inspected and reported free from disease."

Fancy a San Francisco or Honolulu dairyman going round to his customers and advising them to boil his milk before using it! In view of the fact that the Legislature will have to grapple with the problem of whether the state or the private owner has to suffer the loss of cows condemned for tuberculosis, the suggestion is offered to those concerned that it would be well to look into the Canadian laws and practise in that regard.

#### INDICTS THE CREDIT SYSTEM.

Mercantile Agency Reports Hard Times and Suggests a Cause.

The semi monthly circular of the Hawaiian Mercantile Agency was issued yesterday afternoon. Commenting on business, it says: "The general trade movement seems less active and the volume in all lines has noticeably diminished. It is impossible at this time to forecast with any degree of certainty what the new year will bring in the way of business prosperity, though we may reasonably expect from present prospects fully as successful a period as that which now draws to a close."

"Holiday stocks are now in evidence, open to public inspection, and the coming month bids fair to prove to both buyer and seller in these lines a profitable season."

From all quarters our inquiries are met by the response 'money scarce' and 'collections hard.'

"To understand the reason for this is difficult; with the scale of wages unaltered and, apparently, the labor market in a satisfactory condition, with hard times unknown in this community, naturally the thought suggests itself that, with a large class, expenditure is disproportionate to income—and thus again we have to indict the 'credit system.'"

#### LEPERS IN NEW YORK.

Noted Physician Says It Exists in Society Circles.

Dr. Albert S. Ashmead, of New York, says there are lepers in that city "very close to the Four Hundred." He says that leprosy is not due to filth, and points out that leprosy spreads in Japan where the commonest coolie takes his daily bath. He contends that it is contagious and not hereditary, and alleges that isolation and sanitary government of the leper's family (including abstention from the common spoon and bowl, same beds, and absolute separation from bodily contact of children and grandchildren from leprosy father or mother and grandparents) have prevented the transmissions of the disease to children or grandchildren. He adds, however, that "it is spread by the contact of the mucus of the mouth, for instance, bacillus charged, with the same spoon." The bacillus cares not either for filth or cleanliness; he wants only an entrance through broken skin or mucus.

## Rattlesnakes, Butterflies, and ... ?

Washington Irving said, he supposed a certain hill was called "Rattlesnake Hill" because it abounded in—butterflies. The "rule of contrary" governs other names. Some bottles are, supposedly, labeled "Sarsaparilla" because they are full of... well, we don't know what they are full of, but we know it's not sarsaparilla; except, perhaps, enough for a flavor. There's only one make of sarsaparilla that can be relied on to be all it claims. It's Ayer's. It has no secret to keep. Its formula is open to all physicians. This formula was examined by the Medical Committee at the World's Fair with the result that while every other make of sarsaparilla was excluded from the Fair, Ayer's Sarsaparilla was admitted and honored by awards. It was admitted because it was the best sarsaparilla. It received the medal as the best. No other sarsaparilla has been so tested or so honored. Good motto for the family as well as the Fair: Admit the best, exclude the rest.

Any doubt about it? Send for the "Curebook." It kills doubts and cures doubters.

CONCERT TO MR. LAMPERT.  
Honolulu's Best People Attend Miss Clymer's Reception.

A highly refined and appreciative audience attended the musical reception given by Miss Cordelia Clymer to Mr. Lampert in the lecture room of the Y. M. C. A. last evening. The program was an artistic affair and the renditions of a superior order. Applause was frequent and general. The entertainment began at 8:30 and was not over until 10 o'clock. Beethoven's famous Sonata II. was the first number. It was presented by Prof. Yardley on the violin, with Miss Clymer as accompanist. Mrs. C. B. Cooper offered Chaminade's "Tu Me Dirais" and "Schlummerlied." Both were enthusiastically received. Mr. Lampert was in evidence in as many as four difficult selections, including a duet in which he was assisted by Miss Clymer. A vocal selection, "Hast Thou Wandered," by Mrs. Cooper, Miss Clymer and Prof. Yardley closed the entertainment.
