WHAT WILL BE DONE WITH THE BONDS

THEY WILL BE SENT HERE FOR SIGNATURE AND WILL BE DELIVERED IN JANUARY OR FEBRUARY—THE MONEY TO BE RECEIVED FOR THEM HAS ALREADY BEEN APPROPRIATED SO WILL BE IMMEDIATELY AVAILABLE.

Governor Carter and Treasurer Campbell this morning both expressed themselves as being satisfied with the arrangements made for the placing of the new loan in New York at a premium of \$1000 and at 4 1/2 per cent.

o'clock last night so he should be able to close up the whole deal in New York today. The bonds will be prepared in New York and come here for signature. They will not be delivered until late next month or possibly early in February, but that will be in plenty of time for us. Of course they do not begin to pay interest until they are delivered.

The million dollars which is thus to be placed in the Territorial treasury will be the second million of the \$2,400,000 and odd authorized under the Loan Act for the purpose of doing a large number of public works in Hawaii. It has already been appropriated under that act and the administration will therefore be enabled to continue the work which has been so auspiciously begun. The new Alakea street dock will be one of the largest individual items of expense, but there are different works all over the islands to be attended to as the schedule of appropriations shows.

"While we would have liked to have got the money at 4 per cent, we could not have done so without a public sale," said Treasurer Campbell. "Public sales are dangerous things in some cases as the crowd is apt to get together and do a little smooth work. As it is we get better terms and are therefore able to sell privately."

It is charged that the man has deserted his wife and their five little children, for the other woman. He has failed to provide for them, the wife stated today to High Sheriff Henry and in fact has left the woman practically destitute. He has not even paid the house rent she asserted. The woman and children were at the police station this morning.

STOCKS KEEP UPWARD MOVE

Sugar stocks showed very strong on the exchange today. There was a sale of 240 shares of McBryde at 7.25. There were bids for more at \$7.50 but it was held at \$8, the closing asking price. McBryde has had an upward tendency for some time now and remains strong. Ewa went up another notch, \$27.875 being offered with no takers. The asking price remained \$28 as yesterday. Kihel was well in the upward movement. A sale of 25 at \$12 was reported and another sale of 100 at \$12.50. It was held for \$13 with \$11.875 offered in the session. Sales of \$1000 each Ewa and Kahuku six per cent bonds were reported.

NEW MAKAWAO DISTRICT JUDGE

WAILUKU, December 16.—It is stated authoritatively that A. F. Tavares, a Makawao attorney, has obtained the judgeship for that district. The election of George Copp to the House of Representatives, caused a vacancy in the tax bureau of Maui, he having held the commission of deputy tax assessor for Makawao district. This is a more lucrative position than the judgeship, and Charles Copp, his father, knowing it to be a better situation, financially applied for the place, resigning the judgeship. He was given the appointment with the endorsement of the District Committee of this island. Tavares has been a resident of Makawao for many years, and is highly respected in the community in which he lives.

Relief After Six Years.—Mrs. M. A. Clark, of Timberrange, N. S. W., Australia, writes: "I wish to inform you of the wonderful benefit I have received from your valuable medicines. Make any use of this letter that you like for the good of any other poor sufferers." For sale by all dealers, Benson Smith & Co., agents for Hawaii

ON AUTO TOUR OF THE WORLD

BOSTON COUPLE TAKING INTERESTING TOUR IN AN AUTOMOBILE.

Probably the most original automobile tour yet attempted is being made by Charles J. Glidden and wife who arrived this morning from Vancouver by the S. S. Moana. They are on a tour of the world, a tour by the way, which will require seven years in which to complete as they travel only during parts of each year.

They are using a Napier Motor Car a machine which is very high powered being of about 14 horse power. Up to the present time they have crossed the American Continent going part of the way on American soil and the remainder on Canadian. But the largest part of the trip has been made in European countries where 20,000 miles were traversed. Not all of the European countries were visited but the itinerary calls for every nation to be eventually reached by the car. Mr. and Mrs. Glidden were the first couple to cross the Arctic Circle in an Auto car. This occurred on August 16, 1903 when they were touring Sweden and Norway.

But the most unusual method of riding was when they used railroad tracks. This was done during the present year. Mr. and Mrs. Glidden reside in Boston. They started from Boston and drove along the highways of Massachusetts, New York, Ohio and the American states along the great lakes to Minneapolis, a distance of 1733 miles. From Minneapolis they began to use the tracks of the Soo and Canadian Pacific lines to Vancouver, a distance of 1,903 miles. Special wheels to fit the tracks were constructed and the car rode along like a railroad train. A speed of 60 miles an hour was at times, attained on the railroad.

Mr. and Mrs. Glidden toured as much of Oahu as possible, during the brief stay of the Moana in this port. J. Alfred Magoon accompanied them about the city. Mr. Glidden had letters to people here as he is well acquainted with "Cabby" Brown. From Honolulu Mr. and Mrs. Glidden go to Fiji and then to New Zealand and then Australia. They will go up through Sumatra, Java, Borneo and the Straits Settlement, Japan, China and going through India and Egypt and other countries not previously visited in Europe. They have been travelling some of the time only during the winter months and will travel some of the remainder of the trip during only the summer

SYMPHONY CLUB GETS A LEADER

JOSEPH STOCKTON, LEADER OF THE BAND ON THE CRUISER NEW YORK TO COME HERE AT THE INVITATION OF THE CLUB—A MAN WHO WILL BE A GREAT ACQUISITION FOR THE LOCAL SOCIETY.

The Honolulu Symphony club held a meeting last night and it was practically decided to send for Professor Joseph Stockton, leader of the cruiser New York's band, to act as leader of the society here. Stockton is still with the New York, but his term expires early next year and he has signified his willingness to come if satisfactory arrangements are made. It was feared that the club would have to disband owing to lack of an income, but at the meeting last night there was good attendance and plenty of enthusiasm was shown. The results of a canvass among the members of the society indicate that the symphony society alone will be able to raise the necessary subscriptions to bring the professor here.

SAID TO BE A CINCH FOR PRATT

WHAT THE GOVERNOR TOLD SECRETARY ATKINSON BEFORE LATTER LEFT FOR WASHINGTON

There seems to be no doubt that the appointment of postmaster of Honolulu will go to J. G. Pratt, and that the recommendation of the Republican Central Committee in favor of retaining J. M. Out will be quietly but emphatically turned down by the people at Washington.

"When Secretary Atkinson left for Washington I was in the dark as to just what was wanted of me in connection with the appointment of postmaster," said Governor Carter this morning. "I asked Atkinson to find out from the Post Office people who they recommended and also to enquire of President Roosevelt if he wished any suggestion from me. If the President did wish any suggestion I instructed the Secretary to say that if it was thought advisable to reappoint Postmaster Out, that course would be perfectly satisfactory. Pratt, however, had served the community well and the community was in my estimation, under greater obligation to him than to Out, hence if the matter were left to me I should be in favor of Pratt's appointment."

"By the way," continued the Governor, "about the appointment to the Hilo post office, C. R. Buckland is not a candidate for the position. In fact though his name has been mentioned in connection with it, I understand that he does not want it."

KINAU ARRIVED THIS MORNING. The steamer Kinau arrived this morning shortly after 10 o'clock from Hilo and way ports. Admiral Beckley was busy memorizing his speech which he is to deliver at the opening of Moheau Park at Hilo but between the lines, he found time to give a brief account of the trip. The vessel brought a much larger cargo than usual, including 25 head of sheep. She brought a fair sized crowd of passengers. The vessel came down from Lahaina in 5 hours and 42 minutes.

WELL KNOWN MASTER ARRIVES.
The bark St. Katherine arrived yesterday from Hilo to load sugar for San Francisco. Captain Sanders the master of the vessel, is well known in this port. He was first in the service of C. Brewer and Company as mate of the bark Martha Davis when that craft was running between New York and the islands and Captain Soule was her master. Later Sanders was made master of the bark Mobeian and ran between Honolulu and San Francisco. When the St. Katherine was purchased he went east and brought her out as master.

The latter part of the last week in December there will be a joint banquet of the Hawaiian, Le Progres and Pacific lodges of the Masonic order. FIGHTS TO-NIGHT.

Four fights will be pulled off this evening at the Honolulu Athletic Club quarters on King street. The principal event is between Frazer of Australia and Madeira of Honolulu, who will fight at 145 pounds. The local man is a boiler maker at the Honolulu Iron Works. Frazer has a long record with many victories to his credit. Both are hard hitters and quick fighters and a lively bout is looked for. Jack McFadden will fight Kupa, Bettencourt and Cyclone Wahilani will also appear in a preliminary and Willie St. Clair and Harris will furnish the curtain riser.

EMMET MAY IS A FREE MAN

AFTER A DISCUSSION LASTING SEVERAL HOURS, THE JURY RETURNED A VERDICT.

"Not guilty" was the verdict returned last evening by the jury in the trial of Emmet May on the charge of having embezzled \$1000 from the estate of Jose Bettencourt, the property of the widow Mrs. Isabella Bettencourt.

The verdict was only reached after a protracted struggle in the jury room for it was learned that the first ballot taken gave eight for conviction and four for acquittal. The case was given to the jury shortly before four o'clock after a long charge by Judge Robinson. By six o'clock no decision had been reached after a number of ballots had been taken and the twelve good men were taken out for dinner. They returned refreshed for the fray and went to it again in the early hours of the evening. Ballot after ballot was taken the four who had originally stood out for acquittal basing their position on the argument that the defendant was not technically guilty of embezzlement.

Finally the "Guilty" party began to lose adherents and at 10:30 enough went over to bring in the verdict acquitting May.

May, who was formerly in business here is now established in Los Angeles. He will return to the Coast shortly.

SAN DIEGO GROWS AS PORT OF CALL

HAWAIIAN-AMERICAN STEAMERS TO TOUCH THERE AND CITY OUGHT TO GET SUGAR TRADE.

SAN DIEGO, December 8.—Captain W. D. Burnham, the president of the Hawaiian-American Steamship Company, is here on an inspection trip, having come through from New York for the purpose of getting here while the Nebraska and the Alaskan are in port together. Speaking of the business of the line in Southern California, Captain Burnham said that the steamers already listed were all coming to San Diego and the present indications were that those which followed would also come, for the merchants of the southern end of the State were taking very kindly to the service.

Captain Burnham also stated that arrangements were being made for changing the routes of the steamers somewhat in order to permit more frequent service. He was not ready to state what these changes would be, but they would permit of the departure of steamers from New York at shorter intervals and would bring them to this Coast with the same frequency.

In speaking of the future business he said that he would be glad to see the Santa Fe increase its facilities for handling steamer business, and when talking of the port he declared that it was strange that greater use was not made of the harbor, incidentally adding that the sugar business of the Hawaiian Islands should come this way and would if there was a direct line to the East. He said the business would certainly go to San Pedro in the future if the Santa Fe did not go after it.

No Junk Shop Federal Building

The suggestion that the United States purchase the Alexander Young Hotel for a federal building, will not strike a responsive sentiment in Honolulu. There is no reason why it should be purchased, and every reason why it should not.

There isn't very much reason, at least in the past history of public buildings, to worry about the possibility of the Alexander Young building becoming the federal building.

How would the Alexander Young building as a federal building compare in architecture and exterior aspect with the Capitol and the Judiciary building? Each of these was built a good many years ago when Hawaii was less populous, less wealthy, and less advanced than it is now.

What Honolulu wants—what every city wants,—in a federal building is one that in the fitness of its architecture, in its size and arrangement, in its surroundings and material, will reflect the dignity of the nation, and the majesty of citizenship.

It is not unnatural that in desiring a suitable federal building this community should desire all the material and aesthetic benefits that could be derived from it.

If the Alexander Young building were purchased for a federal building, the community would be deprived of the educational value of the interest and inspiration which the process of construction going on before their eyes would have.

To buy the Alexander Young building would not give additional employment to a single artisan in our midst. It would not bring a single artisan, or any of the professional men, great and worthy construction would bring to our community, to better it by their presence.

A new building would mean the addition to Honolulu of all that the appropriation would procure in material and other benefits.

Fortunately there is very little danger that congress will spend any money for ready built federal buildings.

The Advertiser And Kalaniana'ole

There begins to be a very grave doubt as to the "credit" for the bill appropriating \$1,400,000 for a federal building in Honolulu. It was not a showing of much political fairness for the Advertiser to jump to the fore in this connection with criticism of Delegate Kalaniana'ole, whom it nominally supported in the campaign, before the facts as to what had taken place were known.

As for the Young Hotel proposition itself its sudden promulgation at Washington, without being first submitted to Honolulu, is most impudent and outrageous lobbying.

MAY INVESTIGATED LOCAL GLANDERS

DR. MONSARRAT SAYS THE DIS-
EASE IS NOT PREVALENT HERE
—FEDERAL ACTION.

An agent of the federal government may be sent here from Washington to investigate local reports regarding the prevalence of glanders in the islands. There is a large appropriation available for fighting such diseases and efforts have been made locally to have a share of the fund used here, as the disease has made its appearance in a small way for a long time. Some of the local veterinary surgeons, however, do not see any need of asking federal aid and they will not sign any petitions or statements to show need of the fund. It is thought that the result of a petition would be the sending of a special agent and that the authorities would rely upon his report and not upon the reports from local men.

Dr. Monsarrat, a well known Honolulu veterinarian, says there is no amount of glanders here to warrant any feelings of alarm or to justify asking the government to aid in combatting it. "I was consulted regarding asking assistance," said the doctor, "and my answer was that there is no glanders here worth bothering about. As far as the reports about Kohala are concerned, I have made no personal investigation and am not in a position to give any opinion, but I can say that there is nothing of the kind to worry about in Honolulu. Like all other cities of any considerable size Honolulu has a case now and then, but there is no epidemic and sporadic cases are naturally to be expected.

"If the federal government is asked to assist in fighting the disease an agent will be sent here to investigate and his report will probably control the action taken. I do not believe he would report that Honolulu was at all badly off."

It is reported that glanders is quite prevalent in Kohala and that it is being concealed by owners of horses. Instead of promptly dealing with as here. On Oahu when a case of glanders is discovered the animal affected is immediately killed and the remains are carefully disposed of to prevent spread of the disease.

TOURISTS COMING ON THE VENTURA

OCEANIC COMPANY AND NEW
ZEALAND GOVERNMENT AID
HAWAII PROMOTION.

Tourist Agent Jenifer, of the Los Angeles office of the Hawaii Promotion Committee, has booked a party of tourists to come here from Los Angeles this month, under the special rate allowed by the steamship companies for parties of fifteen or more. Secretary Boyd received a letter yesterday from Jenifer stating that more than the necessary number had agreed to come and that they would probably take the steamer Ventura, leaving December 22.

The Oceanic Steamship Company at San Francisco and the New Zealand Government at the other end are both doing some effective work in aid of the Hawaii tourist propaganda, according to Secretary Boyd. The steamship company is encouraging the booking of through passengers, with the stop-over provision by which the passengers are enabled to spend the three weeks between steamers in Honolulu. The Alameda yesterday brought one such party, booked through from the Colonies and to take the Ventura from here at the end of the month.

In New Zealand the government itself has a Promotion Committee which works all over the world, and in arrangement with the New Zealand organization and the two offices exchange advertising matter. As a result many of the travelers from New Zealand leave there with the intention of spending three weeks in Hawaii, either on their way to the mainland or on their return.

WHEN CONGRESS OPENED.

WASHINGTON, December 5.—With the Senate in session thirteen minutes and the House fifty-three minutes, the last session of the Fifty-eighth Congress was assembled today. The time of both bodies was devoted entirely to the usual formalities of opening day. There were the greetings among members, the great floral display and the hundreds of visitors, with beautifully gowned women predominating. Corridors, committee-rooms and cloakrooms were thronged. The bustle extended even to the floors of the chambers. The gavel of Senator Frye, presiding

dent pro tem of the Senate, and Speaker Cannon of the House fell exactly at 12 o'clock. The opening prayers were made by the chaplains, Rev. Dr. Edward Everett Hale in the Senate and Rev. H. N. Couden in the House.

CHITO MADE A LOUD "HOLLER"

DECLARED JUDGE WHITNEY HAD
SOAKED HIM TOO MANY
MONTHS IN JAIL THIS MORNING

Chito the half blind Porto Rican thief who was present when S. E. Damon was fatally stabbed by Jose Miranda created a scene in the police court yesterday.

In company with another Porto Rican named Francisco Ramo, Chito was charged with having broken into a Chinese store and stolen some goods. Judge Whitney said he hardly knew what to do with the men who had been found guilty. Chito was such a persistent thief, that putting him into prison seemed to have no effect. The court sentenced Ramo who had declared that justice was too severely inflicted on the Porto Ricans here, to three months and then gave Chito nine months in jail.

The latter then raised his voice in rapid protest. He declared he was not satisfied with the sentence. The court offered to make it twelve months. Chito declared that there were others concerned in the deal and he ought not to get such a sentence. He was not satisfied. He talked and gesticulated until he was finally hustled below by Officer Joe Dias. Chito declared that Dias could not lick him.

BEST SALE YET MADE

THE BOND ISSUE AS DISPOSED OF BY SECRETARY ATKINSON IS
REGARDED FAVORABLY BY LOCAL FINANCIAL MEN—A PRO-
FITABLE DEAL FOR THE NEW YORK FINANCIERS, BUT ALSO
THE BEST YET FOR HAWAII.

The sale of Hawaii bonds at New York is very satisfactory to local financial men, being the best sale of the kind that Hawaii has ever made, but there is big money in the deal nevertheless for the monied New Yorkers who are taking the bonds. It is believed that the readiness with which the federal government backed the issue and the willingness of financiers to bid will have a beneficial effect on island securities generally and may help other propositions for securing money from abroad.

In comparison with the United States bonds with which the government classes Hawaii bonds as security, the issue is a good one for monied men to take. The national bonds are at a pre-

mium though bearing only 2 per cent interest and railroad bonds bearing four per cent for long terms sell at over 10 per cent premium. For an issue by a far-distant community like Hawaii, however, which is not known in the great financial centers, the sale just made is regarded as a good one, profitable as it is to the bankers. The rate of interest is far below what local loans are made at and what business men pay for money from Mainland sources.

"I think the authorities have done very well," said President C. M. Cooke of the Bank of Hawaii, "and would not offer criticism on the basis of comparison with other bonds. The sale is better than any Hawaii has ever made before."

MADE SAVAGE THREATS YES-
TERDAY WHEN SENTENCED.

"I won't go out and work in the chain gang," shrieked Chito yesterday as he was led from the police court to a cell below, after having been sentenced to serve nine months for petty larceny. "I will not go out and work. I will kill one of those guards rather than do it," vehemently cried the Porto Rican. "They will kill me too, but I will kill one of them, for I won't work any more."

Chito had just been sentenced to 9 months for larceny while a companion had been sent up for 3 months, so Chito was railing at what he considered the injustice done him by the court. Judge Whitney thought that inasmuch as Chito had passed most of the time in jail since arriving from Porto Rico, Chito was entitled to a heavier sentence than the other fellow who had never served time before.

HAWAII ASKED TO MAKE EXHIBIT

PORTLAND EXPOSITION NEXT
YEAR SUBJECT OF CORRESPON-
DENCE WITH COMMITTEE.

The Hawaii Promotion Committee is receiving a good deal of literature about the Lewis and Clark Centennial Exposition to be held in Portland, Oregon, June 1 to October 15, next year. Invitations for Hawaii to take part have been received from some of the prominent men who are interested in the enterprise. The following states have made appropriations for their participation: New York, Massachusetts, Virginia, Minnesota, North Dakota, Wyoming, Washington, Montana, Idaho, Utah, California, Oregon, Missouri, and provisionally Colorado, Nevada, Arizona and other states and territories with which negotiations are pending.

Secretary Boyd is corresponding with those who have suggested a Hawaiian exhibit, but no steps have been taken yet. The exposition will be the first one given west of the Rockies under the protection and patronage of the federal government. It was authorized by Act of Congress last April and Congress made an appropriation for it. According to plans sent to the Promotion committee here the exposition will represent an outlay of five million dollars and will occupy 402 acres of land. Ten large exhibit palaces will form the nucleus of the exposition. Around these will cluster the State, Territorial and Concessions buildings, special pavilions, the Administration group, the Auditorium, and numerous smaller pseudo-exhibit structures. The main exhibit palaces are: (1) Agriculture; (2) Liberal and Industrial Arts; (3) Foreign Exhibits; (4) Forestry; (5) Fine Arts; (6) Mines and Metallurgy; (7) United States Government Exhibit Building; (8) Territorial Building; (9) United States Fisheries, Forestry and Irrigation Building; (10) Machinery, Electricity and Transportation. The Forestry Building will be constructed entirely of huge logs felled in the forests bordering on the Columbia.

RULES AGAINST SUGAR TRUST.

WASHINGTON, December 5.—The Supreme Court of the United States today denied the applications for writs of certiorari in the cases of the American Sugar Refining Company of New York vs. the United States thus in effect affirming the decision of the Circuit Court of Appeals for the Second district, which sustained the government. The suit was brought by the sugar refiners to test the validity of the Treasury regulations allowing for the temperature modifications of the polariscopic test of sugar brought into the United States.

THE KNOCKER FEST AND ANVIL CHORUS

WHAT SOME OF THE LIFE MEM-
BERS ARE SAYING ABOUT TER-
RITORIAL SECRETARY ATKINSON

"The Knocker-fest has begun on Jack Atkinson," said one of his friends this morning, "with the Anvil Chorus for the overture. Here is what I heard one growler say:

"It's a lot of rot. What has Atkinson done to entitle him to any praise? All he had to do was to go there with the bonds and the rest of the work was mechanical. Why, I've known Jack Atkinson ever since he was a boy and once I heard that he threw a beef-steak up against the wall of the grill!"

Fortunately the Wall street people did not suspect that Atkinson had ever been a boy and the beef-steak on the wall episode had not crept into the financial journals at the time that Jack strolled gaily down Broadway and turned to the left when he got opposite Trinity church.

It does not seem probable that Secretary Atkinson will remain in the east though requested to do so by Chairman Burton of the Rivers and Harbors Committee. It is recognized that he could do good work in aiding the preparation of legislation regarding Honolulu and Hilo harbors, but the difficulty is that there is no fund out of which his expense can be paid. The loan matter is now finished and it would be plainly improper to charge up expenses against the loan when he would be engaged in general work. Under these circumstances it is expected that the Secretary will leave for home shortly.

CHARGED WITH LARCENY.

E. Stanton and H. Lyman were arraigned before Judge Whitney this morning to answer to charge of larceny in the second degree. The pair are thought by the police to be mixing up in one way or another with a lot of petty pilfering that has been in progress for some time past. Stanton is charged with swiping a lawn mower from Dr. McGrew.

For the Skin

You cannot have a clear and smooth
skin unless the blood is pure. Blotches,
eruptions, rashes, pimples, all show
how impure the blood must be. Get all
impurities out of your blood before you
are seriously ill.

Miss Dorothy Maher, of Fitzroy, Victoria,
sends her photograph and this letter:
"I had a terrible eruption on my face,
which was of a very irritating nature. I
tried many blood medicines, but without
result. Friends told me to try Ayer's
Sarsaparilla, as it was a most famous
blood remedy. I did so, and after taking
only two bottles I began to see a great
change. By the time the third bottle
was used the eruption had entirely
disappeared, and without leaving a mark
on my face. I am perfectly well now, and
I owe it all to this great blood-purifying
remedy."

AYER'S Sarsaparilla

There are many imitation Sarsaparillas.
Be sure you get Ayer's.
Correct any tendency to constipation with
Ayer's Pills. They are sugar-coated, easy to
take, mild in action. A family laxative.

SALE OF BONDS TO BE CLOSED

SECRETARY ATKINSON AUTHORIZED TO COMPLETE THE DEAL AT A PREMIUM OF \$1000.

The entire new issue of Hawaiian
bonds to the extent of \$1,000,000 will be
sold to Rudolph, Klugebolte & Co., of
New York city at a premium of \$1,000.
The bonds are for fifteen years bearing
interest at 4 1/2 per cent.

The sale was decided upon late yester-
day afternoon by Governor Carter
and Treasurer Campbell after the re-
ceipt of a cable from Secretary Atkin-
son saying that Rudolph, Klugebolte
& Co. would take the whole issue at
the price quoted, half to be delivered
forthwith, and half in three to six
months at purchasers' option.

The issue was a plain one and the
Governor and Treasurer at once de-
cided to accept the advantageous terms
offered. A cable was sent to Secre-
tary Atkinson authorizing him to close
the deal.

MUST PAY FOR OTHER'S CRIME

SUPERINTENDENT OF MINT MADE RESPONSIBLE BY LAW, HAS TO MAKE GOOD DIMMICK'S THEFT.

SAN FRANCISCO, December 16.—
When Walter M. Dimmick seized the
opportunities offered by his position as
cashier at the United States Mint in
this city and appropriated to his own
use many thousands of Government
money, Uncle Sam looked to the surety
company that was in the latter's bond
to make good the defalcation to the
extent of the bond. The Fidelity and
Surety Company of Maryland, the con-
cern in question, paid \$25,000 to the
Government, then turned to Superin-
tendent Frank Leach of the Mint and
demanded that he make good. The law
was behind the contention of the Fi-
delity Company, and Superintendent
Leach has now suffered for Dimmick's
wrongdoing.

Yesterday Mr. Leach deeded to the
Fidelity Company his Oakland home.
He paid several thousands in cash, but
the sacrifice of the home was needed to
complete the payment. Seen at his
home last evening Superintendent
Leach made the following statement
as to the facts of the case:

"It is true that I have deeded to the
Fidelity and Deposit Company of Mary-
land my home in Oakland. The com-
pany paid over to the Government the
\$2000 liability on Dimmick's bond and
the \$25,000 on my own bond. When I
was called upon to make settlement
with the company I could not meet the
entire amount in money and was com-
pelled to turn over my Oakland prop-
erty which I have now done. Of course
I hope for some relief measure, but I
do not anticipate that it will be adopted
at this session of Congress."

CHRISTMAS AT KAWAIAHAO

SANTA CLAUS BEGINS HIS ISLAND TOUR AT THE OLD MISSIONARY CHURCH ON KING STREET.

The Christmas exercises at Kawaia-
hao church last evening were well at-
tended and were much enjoyed. The
exercises were under the direction of
Mrs. Wilcox, the superintendent of the
school, under whose administration the
school has more than doubled in num-
bers. The exercises consisted princi-
pally of singing and of exercises by
pupils of the school. Some of these
exercises were very pretty. Then fol-
lowed a short address by Rev. H. H.
Parker, and the distribution of presents
from a very handsome Christmas tree
which had been brought down for the
purpose from the coast. The distribu-
tion was under the direction of a
very athletic Santa Claus.

The galleries were filled with boys
from Kakaako and neighboring regions
who, though not members of the Sun-
day School, came in for a share in the
presents, each being given a bag of
candy.

THE QUEEN'S BROTHER

—Edwin Rose, the young Hawaiian
who was charged in the Federal Court
here with the theft of a Panama hat
valued at \$5 from the Postoffice at
Hilo, Hawaii and was sent to Hono-
lulu for trial, is of royal blood, being
a brother of the deposed Queen Liliu-
okalani. United States Marshal Finn
who has just returned from escorting
Rose to Hawaii discovered his identity
on the voyage, and verified it upon his
arrival at Honolulu.

DEPEW MAY LOSE THE SENATORSHIP

PARTISANS OF EX-GOVERNOR FRANK S. BLACK SAY THEY HAVE HIM BEATEN ALREADY.

NEW YORK, December 4.—Frank S.
Black's partisans in the fight for Sen-
ator Depew's seat in the United States

CHAUNCEY DEPEW.

Senate were more than ever confident
tonight that Black would be elected.
They asserted with great positiveness
that both Governor-elect Higgins and
Speaker Nixon would announce them-
selves in favor of Black when the time
came and they even went so far as
to predict that Senator Depew would
withdraw his name when he learned
how heavy the odds were against him.
This prediction was a surprise, in view
of the fact that Senator Depew has told
his friends that his name will go be-
fore the Republican caucus, thought he
has only one vote.

ROOSEVELT'S RECOMMENDATIONS

ASKS CONGRESS TO GIVE THE GOVERNOR MORE POWER IN THE MATTER OF REMOVALS.

President Roosevelt in this message
to Congress makes the following re-
commendations:

The Alaskan natives should be given
the right to acquire, hold and dispose
of property upon the same conditions
as given other inhabitants; and the
privilege of citizenship should be given
to such as may be able to meet cer-
tain definite requirements. In Hawaii
Congress should give the Governor
power to remove all the officials ap-
pointed under him. The harbor of
Honolulu should be dredged. The Ma-
rine Hospital service should be empow-
ered to study leprosy in the islands. I
ask special consideration for the re-
port and recommendations of the gov-
ernor of Porto Rico.

SPIRITUAL ADVISER.

EDITOR STAR: In your report of
the execution of the Japanese at the
jail Thursday a slight error occurred
regarding the name of the spiritual
adviser. It was not Rev. Okamura
but Rev. G. Motokawa, pastor of M.
E. Japanese church of Honolulu who
has the entire supervision of the pas-
toral work being carried on among his
countrymen in the prison. If you will
be so kind just to correct this slight
mistake I shall be greatly obliged to
you. Very sincerely yours,
JOHN W. WADMAN.

about an hour prizes were awarded for

A Timely Suggestion.—This is the
season of the year when the prudent
and careful housewife replenishes her
supply of Chamberlain's Cough Remedy.
It is certain to be needed before the
winter is over, and results are much
more prompt and satisfactory when it
is kept at hand and given as soon as
the cold is contracted and before it has
become settled in the system. In al-
most every instance a severe cold may
be warded off by taking this remedy
freely as soon as the first indication of
the cold appears. There is no danger
in giving it to children for it contains
no harmful substances. It is pleasant
to take—both adults and children like
it. Buy it and you will get the best.
It always cures. Sold by all dealers.

THE BATTLESHIP WINS THE VICTORIES

CAPTAIN NIBLACK GIVES SOME INTERESTING VIEWS ON SUBJECT OF NAVAL VESSELS.

In the opinion of Captain Niblack the commander of the U. S. S. Iroquois the modern battleship is the basis of modern naval machines. He delivered a very interesting address last night before the Young Men's Research Club at the residence of W. C. Parke on Beretania street, "Naval Tactics."

He first outlined the difference between the tactics of the days of the old sailing ships and those of modern times. "The battleship," he said "can not be replaced by anything else and never will be. Torpedo boats, submarines, commerce destroyers are side issues. The battleship is the epitome of sea power."

THE CHINESE FAIR GOING ON

QUAINT AND NOVEL SETTINGS FOR A DELIGHTFUL OUT DOOR FETE AT GRAHAM RESIDENCE.

The Chinese fair for the benefit of St. Peter's chapel began this forenoon on the grounds of the residence of Mr. and Mrs. W. M. Graham and will continue through the day and evening. The attendance at the opening was very good and it is expected that it will be very large during the day.

The arrangement of the grounds and booths together with the decorations give a very picturesque setting for the affair, and make a pretty and quaint Chinese picture.

Luncheon was served beginning at 12 o'clock and among other things gastronomic which were obtainable, was the celebrated chop suey of the Chinese.

The fair has attracted a great deal of interest, and many people not connected with committees have aided in making it a success. Among these may be mentioned: Mrs. George R. Carter, Mrs. J. Osborne, Princess Kawananakoa, Mrs. J. Humbert, Mrs. F. A. Schaefer, Mrs. Von Holt, Mrs. Captain Berger, Mrs. McGrew, Mrs. H. A. Isenberger, Mrs. Hatch, Mrs. Fuller, Mrs. C. M. Cooke, Mrs. A. Young, Mrs. R. Cotton and Mrs. Dr. J. H. Raymond.

The street cars which carry to the fair have large yellow placards on their fronts, announcing the fair and where it is held, so that he who rides may read.

The following allotment of parts has been made for the Jarley Wax Works at the Chinese fair: Mrs. Jarley, Mr. Cunha; Little Nell, Miss Hartnagle; Peter, Mr. Pratt; John, Mr. Kimball; Sleeping Beauty, Mrs. G. Weldon; Prince, Mr. Widemann; Signora Squallina, Mrs. Jack Hawes; Three little maids of Lee, Mrs. Benson, Miss Cunha and Miss Kimball; Giggling Girl, Mrs. Doty; Giggling Boy, Mr. Humphris; Nery Nat, Dr. Murray; French Doll, Mrs. Humphris; Lightning Artist, Mr. Schultz; Dancer, Miss Neumann; "The Widow," Mrs. Jones.
