THE FIRST GOVERNOR.

The mail received this morning brings the news that President McKinley has selected Mr. Sanford B. Dole as first Governor of the Territory of Hawaii. The nomination of Mr. Dole to the high office has not been submitted to the Senate at latest advices, for the reason that the President desired to select men for all the positions in his gift for the Territory and submit for approval a full slate.

There is no doubt, however, as to the appointment of Mr. Dole. The President believes in the old adage that there should be "honor among thieves," and as the cablegrams to the San Francisco papers say, Mr. Dole has to be rewarded for his good work in turning these islands into the hands of Mr. McKinley.

That the news of the appointment was received with a general disapproval and even disgust, is to draw a mild expression of public sentiment. The Hawaiians say that it is another instance of the "rub it in" policy which has characterized the Dole regime, and they say that McKinley has added insult to injury.

There is no reason to be alarmed, however, or believe that the appointment of Dole will mean that his present ring will remain in power for the next four years. A Governor backed by a friendly Legislature would undoubtedly be a power in the Territory, but we feel confident that the first Legislature will dispel all Dole's hopes of public support, if he entertains any.

Any party controlling two thirds of the votes of the territorial Legislature can over rule the veto of the Governor, and we believe that our Legislature will stand nearly unanimous in relegating Mr. Dole to the envious position of being a \$5000 a-year figure head. What a promotion by the way is it, to drop from a \$12,000-a-year President (with extras and extras for the Maine fund) to an ordinary \$5000 a-year governor of a territory?

The Governor has the appointment of several officials with the advice and approval of the Senate of the Territory of Hawaii. That would naturally give him great powers if there was a friendly Senate, but we doubt that any Senate will be elected which will consent to the appointment to office of Mr. Dole's present pets and members of the family compact. The President will find that he has made a fine mess of it in Hawaii by appointing a man whose unpopularity will make it impossible for him to deal harmoniously with the representatives of the people who hold the appointing power and the purse strings in their hands.

The Governor, with the consent of the Senate, shall appoint the Attorney-General, Treasurer, Commissioner of Public Lands, Commission-

er of Agriculture and Forestry, Superintendent of Public Works (Rowell), Superintendent of Public Instruction, Auditor, Deputy Auditor, Surveyor, High Sheriff, members of the Board of Health, Commissioners of Public Instruction, Board of Prison Inspectors, Board of Registration and Inspectors of Election, and any other boards of a public character that may be created by law.

If the territorial bill had not provided for the consent of the Senate for these appointments the Governor would have had a picnic indeed. If a popular man in whom the public had full confidence had been appointed Governor, there might have been no reason to criticize the sweeping powers vested in him. With Mr. Dole it is different and it becomes necessary to elect a Senate which will decline to approve blindly of the selections for offices as Mr. Dole probably will attempt to make. The country is getting tired of the family compact. It has endured them long enough.

The appointment of Mr. Dole will show the voters what treatment they can expect from the Republican party, and the Hawaiians, the Portuguese and their friends are to be congratulated upon their refusal to affiliate themselves with a party which has saddled us with Dole as governor. The only object now to be considered is to elect good men in each District at the November election, men who will represent the best interests of the people and who will teach Mr. Dole that he is simply a figure head, and show the family compact that it is paid.

There was no enthusiasm when the news of the passage of the territorial bill had been signed and Dole was to be the first governor. All felt pleased that our peculiar conditions had finally taken shape, but the pleasure was marred when Dole's name was mentioned. One satisfaction generally expressed was that he will not dance on roses during his governorship.

TOPICS OF THE DAY.

Mr Sewall's organ says that it is ridiculous for any man living in the territory of Hawaii to believe that it is unnecessary to join the Republican or Democratic parties. We take a very different view and repeat that it is our first duty to put our house in order before bothering about national issues of which we know nothing. There are issues enough to be dealt with here which will demand much wisdom and earnest thought to solve properly. The legislature will face an empty treasury, a decrease in revenues and many obligations to meet. We will no longer have an income from the Custom House or from the Postoffice. We will no longer be able to collect personal taxes by threatening the delinquents with incarceration and work on the roads. We will have to meet the very disagreeable problem of existing within our means or going into bankruptcy, and an issue of that kind is of far more importance to us than the question whether the Republicans, Democrats, (gold bugs and silverites) Populists, Prohibitionists or woman suffragists are right or wrong in the theories advanced by them. The names of the different political parties are even unknown to the majority of the voters. Of course should W. A. Kinney, with a wunk at the Hawaiian, and say "boys! My platform is free silver," we can assure him of a solid vote. That kind of "national" politics all are on to.

Some of the enterprising "Republicans" have been telling a number of Hawaiians that if they do not register their names for the republican convention or primaries or whatever they call it, they will not be entitled to vote at the first territorial legislature. There are Hawaiians who may be gulled in such a manner but we trust that all

intelligent Hawaiians will know that the "election" to primaries is simply a side show of a party, very anxious to drag unsuspecting Hawaiians into its fold and thereby make a big showing—until the day that the "real" election takes place. Let all Hawaiians keep aloof until their friends tell them when the moment to strike has arrived.

Dole for Governor.

The San Francisco Chronicle publishes the following dispatch:

WASHINGTON, May 1.—President Dole has been selected as the first governor of Hawaii. The formal announcement will be made when the list of Hawaiian officials to be appointed by the President is complete. The President intends to make nominations for the remaining officers at an early date, so that the appointees may have all the time they need to arrange preliminaries. All territorial offices will be filled by citizens of the territory, and at least one of those positions recognized as U. S. offices will also go to a citizen of the islands. These places are United States Judge, District Attorney, Marshal and Collector of Customs. Of these four the District Attorney will probably be a citizen of Hawaii. Senator Cullom, who engineered the Hawaiian bill in the Senate, will probably get a place for one of his Illinois constituents. It is thought that M. M. Estee of California has an excellent chance for the position of U. S. Judge.

Nicely furnished room at No. 9 Garden Lane, is to let.

NOTICE TO SHIPPERS.

Senate Remarks on the Hawaiian Government Bill.

Washington, April 25—After a brief debate to-day the Senate agreed to the conference report of the Hawaiian civil government bill, the provisions relating to the right of franchise and imprisonment for debt having been amended to conform to the ideas of the Senate. The agricultural appropriation bill was passed, carrying a little over \$3,000,000.

Cullom presented the conference report on the bill to provide a government for Hawaii, explaining that the principal change made by the last congress was the striking out of all provisions requiring the payment of taxes before registration to vote and the elimination of the provision that a person may be imprisoned for debt or for nonpayment of taxes.

Tillman inquired what had been done with the provision requiring the President to appoint the officials of the territory from among the residents of Hawaii. Cullom replied that the offices were to be filled by citizens of Hawaii. Tillman thought this provision ought to have been inserted in the Porto Rican bill that "carpet-baggers" should not be "inflicted upon those people." Foraker pointed out that under the Porto Rican bill the President, if he saw fit, could appoint all the officers of Porto Rico from citizens of the island. Platt of Connecticut protested against requiring the President to appoint officials of the islands from their inhabitants. The conference report was agreed to without division.

Inhumation or Incineration.

A company has been organized to maintain in Honolulu a Crematory for the incineration of the dead, burning instead of burying. Judging by other cities, this plan will find much support. For ourselves, we prefer to consign the dissolving tenements of our dear ones to the gentle decay of mother Earth, instead of violently destroying them in consuming flame. Such has been the long practice in Christian lands, and in Abraham's day. The alleged contamination of wells by graveyards is impossible, except in overcrowded cemeteries. There is no better disinfectant than dry soil, in abundance. The Roman Catholic Bishop has instructed his flock that cremation is contrary to the law of their Church, unless ordered by the Government. All our recent victims of plague were cremated on Quarantine islet, as a sanitary precaution, quite unnecessary, we believe. But it may have been well to be on the safe side, although it was not done in Alexandria last year, where all the plague victims were buried. Their cremation in Bombay did not check the ravages of the plague in the slightest degree.—The Friend.

Queen Victoria Leaves Ireland and Thanks Her Loyal People.

DUBLIN, April 26.—Queen Victoria
and the Princesses Christian and
Henry of Battenberg left the vice-
regal lodge at noon and drove to
Kingsbridge station on their way to
Kingstown and England. Large
crowds gave Her Majesty a loyal
farewell. A memorable demonstra-
tion occurred as Her Majesty, at-
tended by a brilliant suite, boarded
the yacht Victoria and Albert at
Kingstown, which steamed at 1:15
p. m. amid the firing of the royal
salute by the fleet and hearty and
prolonged cheering from the throngs
lining the waterside.

By the Queen's command Earl
Cadogan, Lord Lieutenant of Ire-
land, has issued the following: "The
Queen is very anxious before leaving
Ireland, where she has spent a most
agreeable time, to express through
the Lord Lieutenant to her Irish
people how very much gratified and
how deeply touched she has been
by her reception here during the
three weeks the Queen has spent in
this charming place.

"She has been received by all
ranks and creeds with an enthusi-
asm and affection which could not
be surpassed. Each time the Queen
came before with her dead husband
they kindly and warmly welcomed
her, but on this occasion, after the
lapse of thirty-nine years, her recep-
tion equaled that of previous visits,
and she carries away the most pleas-
ant and most affectionate memory
of the time spent in Ireland.

"The Queen earnestly prays that
good will and harmony may prevail
among all her people and that they
may be happy and prosperous."

LONDON, April 26.—The Queen
arrived at Holyhead at 6:30 p. m. The
place was profusely decorated, and
this evening there was a general
illumination of the town and harbor.
The Queen and her suite dined
aboard the yacht. They will remain
on board the vessel until 10:30
o'clock to-morrow morning, when
the party will take a train for Wind-
sor.

An Anglo-Saxon Catholic Propagan- da Proposed.

NEW YORK, April 26.—Archbishop
Ireland of St. Paul has written a let-
ter to the Duke of Norfolk, presi-
dent of the Catholic Union of Great
Britain, in which he urges the united
Anglo-Saxon Catholic propaganda.
The cable dispatch from Rome last
week says that the letter is distrust-
ed at the Vatican, where it is regard-
ed as an effort to revive the Liberal
movement known as Americanism.

Reservation of the Sacrament.

LONDON, May 1.—The Archbishops
of Canterbury and York have ren-
dered judgment on the subject of
the reservation of the sacrament.
They said they were obliged to de-
cide that the Church of England
did not allow reservation in any
form, and those believing in it, while
justified in endeavoring to get the
law altered, were not justified in
practicing reservation until the law
was changed. The term "reservation
of the sacrament" means the pres-
ervation of some of the eucharistic
elements, especially the bread, for
adoration and for use with the sick
or with prisoners.

Cronje On St. Helena.

JAMESTOWN (St. Helena), April 30.
—General Cronje and his wife, ac-
companied by the General's private
secretary, were permitted to attend
religious services at Deadwood
Camp, after which they had their
first ride around the country, an ex-
perience which seemed to give Gen-
eral Cronje much pleasure. The
famous Boer commander was receiv-
ed with cheers.

Found the Cancer Germ.

BERLIN, April 27.—Professor Maxi-
millian Schueller claims to have dis-
covered the cancer bacillus. The
Central Blatt fuer Bacteriologiste,
publishing a report of a series of ex-
periments, gives a detailed descrip-
tion of the appearance and develop-
ment of the bacillus.

Dewey to Oppose Bryan.

New York, April 28.—A special to
the World from Washington says:
Admiral and Mrs. Dewey, accom-
panied by the admiral's secretary
and some of the household servants,
will leave Washington at noon to-
morrow on a special train over the
Baltimore & Ohio. There will be
but three cars on the train, but they
will combine all the comforts and
luxuries that are to be found on a
journey by rail. Chicago will be
reached Monday noon.

No representatives of the press
will accompany the party. The
admiral does not desire to give any
significance to his trip.

"This is purely a social visit," he
said today, "I am but filling enga-
gements made months ago, and long
before I gave any thought to being
a candidate."

"Will you issue a statement defin-
ing your views on the public ques-
tions before leaving Washington?"

"No." I see no reason for any
hurry in the matter. I have an-
nounced that I would be a candi-
date, and have announced that I am
a Democrat. Then, too, it is known
that I will be an opponent of Mr.
Bryan at Kansas City, which should
sufficiently plainly where I stand on the
vital issues. I am not prepared to
say just when I will make a state-
ment.

Virginia to Attempt to Disenfran- chise the Colored Vote.

NEW YORK, April 28.—A special to
the Times from Richmond, Va., says:
"The question of calling a constitu-
tional convention in Virginia,
primarily for the disfranchisement
of the negroes, has been practically
settled so far as the Democrats are
concerned. A majority of the de-
legates to the Democratic State
Convention, which meets at Norfolk
on May 2d, are instructed in favor
of making the call for the conven-
tion a party issue. This matter is
now the absorbing one in Virginia,
and the demand for the disfran-
chisement of the negroes and other
constitutional reforms has entirely
overshadowed the original purpose
for which the Norfolk meeting was
called. The keynote of this radical
suffrage reform has been sounded
by the declarations of some of the
great negro counties. These, in
effect insist that the present political
conditions cannot continue in the
Old Dominion. The plain explana-
tion of these declarations is that the
people are tired of the means which
they have been forced to counten-
ance in order to retain white sup-
remacy in the State. They now
demand that a constitutional con-
vention shall be assembled and the
negroes removed from politics.

The elements opposing this move-
ment are the great corporations, the
local officeholders and the Rep-
ublicans.
