Dear Gloria.

Thank you very much from the bottom of my heart for helping me during the recent state convention. It was kind of you to offer your assistance at the airport and your help at the Ilikai. I am looking forward to this coming election with great anticipation.

I don't know if I ever told you this before, but one of the toughest elections to work at is one where we seemingly don't have an opponent. To run against a ghost is not easy.

I know you will have to drum up the interest of your student friends to get them to get out and campaign for Dan but please stress the importance of a large margin factor that is necessary. One of the reasons that Dan is so strong today is that the people of Hawaii still remember that in '62 he beat the wealthiest and the most powerful businessman in Hawaii by a 3-1 margin. Naturally the candidates of today still remember that victory. If we should win by a 50-60% of the votes with no opposition it would be a loss to us. Six years from now and six years older not only will the gap between us and the youth of Hawaii be greater but all kinds of people will be clammering to run against Dan. Please keep in mind that he could win with a margin of 60% with no opposition or a token opponent. That is why I keep drilling into everyones head that we have got to get 75% of the votes.

Drop me a line once in a while and let me know what is going on. Incidentally while working with you this last time I noticed what a chic chick you are turning out to be.

Aloha,

HENRY K. GIUGNI

Dear Gloria:

Please accept this short note of thanks for the fine job you did in assisting me during the recent Democratic State Convention. It was greatly appreciated.

I know that during the coming campaign you will be of great value and I assure you it will be more than just passing out bumper strips, cards etc.

You have a great group of followers but bring in as many other people as you can. May I suggest that when we are not back there and you need any help as to organizing etc. give a call to Fumio Ige. This woman is sharp. I may disagree with her husband in many things but giving credit where credit is due, Fumi is one of the best that I know.

Dear Jesse:

I will be returning to Honolulu during the first week of March and would like to get together with you. I find it practically impossible to reach you by telephone. Therefore I would like to ask you a favor. Could you call our office in Honolulu, Tel. 583-112 and leave a message as to how I could get in touch with you.

You had indicated to me earlier that you would be very willing to help with the youth group in the coming election. I would like to sit down and discuss some of your ideas and my ideas and then arrange a meeting with some other people whereby you can form a committee for Youth for Inouye. Instead of going into detail in this letter I will discuss it with you personally.

I have just seen the new issue of your newspaper. Congratulations and please accept this belated thank you for the fine job that you did with the Senator's recent welcome home.

Give my best to your father.

PERSONAL AND CONFIDENTIAL

Dear Max:

Within a few weeks, Dan will be returning to Hawaii with his family and I would like to set up a big reception at the airport upon his arrival. Dan does not know of this idea but I think and I am sure you will agree that Dan is deserving of a big welcome home. He again has worked very hard for the people of Hawaii this year and it has been a very rough year for him with the operation and all.

I don't think it is wrong to say that Dan will be carrying the banner for the Democratic party and that he will be heading the ticket in this coming election. Therefore, I think there is no better time to show unity than by having people from all walks of life, labor, youth, business and party officials etc. meet him at the airport. This could be the kick off of the 1968 campaign, a kick off without an announcement but a show of candidates and party officials etc.

I would like you to meet together with David Ishikawa and George Noguchi and form a "Youth For Inouye" group. I am writing to both David and George and I want you and David to carry the ball. George has his own election to worry about. Get as many of the people between 18 and 25 years as you can and start thinking of electing officers etc. If you can renew your contacts at the University of Hawaii and bring those kids in too that would be good.

Your first project for this group will be the reception at the airport for Dan and his family when they will return on December 2. They will arrive on PAA Flight 817 at 12:20 p. m. at the Honolulu International Airport. I am counting on you for this and I would like to hear from you as soon as possible. The Senator's schedule has not been given out to the public yet so please keep it to yourself.

I want your group to be at the airport to greet the Senator and his family with posters etc. Transportation is usually the problem with something like this so you will have to make arrangements for your group.

I will be arriving about five days before Dan does and at that time I will meet with all of you to coordinate everything.

PERSONAL AND CONFIDENTIAL

Dear David:

I returned to Hawaii several times in the past few months but somehow or other time just did not permit us to get together.

You have been gone for approximately a year and a half now and we all miss you here in Washington. The years you were here were fun years but the days of fun are over with us and it is now time to work and produce.

David, I have not asked you for a favor yet but at this moment I am hoping to pick up the chips and seek your assistance in the following.

Within a few weeks, Dan will be returning to Hawaii with his family and I would like to set up a big reception at the airport upon his arrival. George has his own election to worry about. Your first project for this group will be the reception at the airport for Dan and Maggie when they return which will be December 2. They will arrive on PAA Flight 817 at 12:20 p. m. at the Honolulu International

I am sorry that you and I continually missed connections during my recent trip to Hawaii but my schedule was tight.

What I would like to know, Emmet, is what your plans are in the near future. Will you be in Hawaii for the next year or two and if you are, would it be possible for you to participate in our campaign? Thank you very much for your letter of April 1. I have just received it.

Thank you very much for your offer to help us in our coming campaign. Rest assured that I am not asking you to become a Democrat. Your beliefs are your own, however, I am very happy that you are an Inouye man all the way.

On my next trip to Hawaii I will try to see you and be more specific as to what I want you to do.

Dear Henry:

Typically "Hawaiian" time wise I hear you mumbling! If you only knew how many times I started writing this letter you would at least give me credit. Note date above. IF anything like an excuse were required, I have one and that is that I haven't the slightest idea of what my plans are in the near future. I am in graduate school here in Physiology and could very well get a masters degree next summer, or I could sneak into Medical school here this next Fall or more like the following one. But more realistically, I anticipate being drafted come the new bill. I have signed up with the Reserves (Coast Guard) but have a long wait ahead. I have applied for the Peace Corps but am awaiting an acceptance. I may even undergo a management training program for United Airlines. Have also thought of getting a multiple degree in Political Science and Economics.

Whatever the case, I was and am thrilled to participate and be one of the spearheads in the "youth for Incuye group." However Henry, I don't want to get involved in the party yet and so if you can overlook this, I am yours.

Mahalo,

Emmett Aluli
