THE SCOOP OF A CENTURY

HONOLULU BEAT THE WORLD ON THE CORONATION.

IGNORANT OF KING EDWARD'S ILLNESS.

Mid-Pacific Capital Celebrates Coronation with Services Modeled After Those Proposed for Westminster.

The San Francisco Bulletin of July 5 publishes the following under the foregoing headlines:

"Honolulu, lying out on the bosom of the Pacific Ocean, alone and 2100 miles from the mainland, 'scooped' the world on June 26 on the coronation of Edward and Alexandra as King and Queen of the United Kingdom of Great Britain and Ireland and all their dependencies that are beyond the seas. The people of the Hawaiian capital knew naught of the illness of the King nor of the postponement of his crowning and the Britons among them, and Americans, too, observed the day with prayer and feasting and joyful celebration.

"The Chinese liner Doric arrived this morning with mails from the islands and the newspapers among them describe in detail and extensively the ceremony at Westminster, the things being done in London and throughout the world in recognition of the event. What Honolulu did on the day it supposed King Edward had been formally raised to the throne takes up pages. And while all this was transpiring in this city of the Pacific west, England and those parts of the world bound to her by pulsing electric cables expected to hear at any moment that Edward was no more and that his son reigned."

TO CARE FOR ARMY

ACCOMMODATIONS FOR MANY MEN BEING BUILT.

Quarantine Station Will Have Section Devoted Exclusively to Use of Soldiers Detained in Quarantine.

Some extensive improvements are going on at the quarantine station on Quarantine Island. Dr. Cofer is having a section of the station set aside and improved for the military. This addition to the station is made necessary by reason of the possibility of a larger number of recruits being placed in quarantine on the island, as has occurred with several of the transports. In fact, had the quarantine station been arranged to accommodate a large number of soldiers, the transport Kilpatrick would not have been kept so long in quarantine off the harbor, as was done about a year ago. The men could have been brought ashore and quartered at the station.

It is the intention of Dr. Cofer to have about 160 elevated tent floors built at the station. These floors will be built 14 feet by 15 feet, the regulation size of hospital tents, so that tents can be placed over them when men are quartered at the station. Each tent will accommodate eight men. Water will be piped to each tent and electric lights may, at some future time, be added to the general convenience of each place.

About sixty tent floors have been finished. About two months more will be required in which to finish the work. Dr. W. W. C. Hoby, who was formerly stationed at Savannah, Ga., has been ordered to report for duty at Honolulu. He will not replace any of the present officers, the force being increased by another member.

AMERICAN YACHT VICTORIES.

BERLIN, July 5.—The papers here are laying stress on the success of the American yachts in the regatta at Kiel. Die Woch says: "As in many other spheres, America triumphs in this year's regatta." In discussing the Meteor's performance, the writers surmise that the Emperor's yacht was not rigged in a satisfactory manner while in England.

SPECIAL SALE OF SILKS.

L. B. Kerr & Co., Ltd., will have on show on Monday a grand line of Japanese washing Pincapple and Taffetta Silks. Newest shades, marked from 40 cents a yard.

SAILOR WINS SUIT

JUDGMENT AGAINST OWNERS OF NOEAU.

Inter-Island Company Ordered To Pay \$2500 To The Former Mate of the Irrigard.

United States Judge Estee this morning gave a decision in the case of Elias Lorenzen against the Inter-Island Steam Navigation Company, awarding the plaintiff \$2,500 and costs, damages for injuries he received on board the barkentine Irrigard, on January 20, from a sifting load of sugar that came from the Noeau. The decision is a lengthy one, reviewing much of the evidence.

The court says in its conclusions: "That the injury to libellant was caused by the improper handling of the appliances and gear of the Noeau by the officers and crew thereof, who had exclusive control of the same in the transfer of this sugar in plain, after a consideration of all the evidence, and the fact of this exclusive control is an important element in this class of cases."

"It is in evidence that Lorenzen was acting as first officer of the Irrigard, at a salary of sixty dollars per month when the accident occurred; that he was physically a sound, well man, when he was injured; that he holds a certificate as first officer for sail and a certificate as second officer for steam. It seems reasonable to suppose that if this injury had not been inflicted, he would have been a sound man and able to pursue his calling uninterruptedly at a salary of at least sixty dollars per month for many years to come. I will allow libellant the sum of fourteen hundred and forty dollars, being the amount of wages at the rate of sixty dollars per month, which it is reasonable to assume he would have been able to earn in two years from the time of the injury, had he not been deprived of the ability to do so by this injury."

"In addition thereto, libellant is entitled to something for the injury to his health and the pain and suffering consequent thereon. In most of the cases examined by the court wherein injuries of a similar nature were sustained, the average damages assessed is about four thousand dollars, in full of everything. However, in the main, these cases show an injury if not greater at the outset, yet more severe in the permanent disabling effects than in the case at bar. I am therefore of opinion that in view of all the circumstances of this case, the sum of fifteen hundred dollars would be a fair compensation for the extra pain and suffering endured by libellant and will allow that amount in addition to the fourteen hundred and forty dollars already allowed, making a total of two thousand nine hundred and forty dollars, together with costs of suit."

Smith & Lewis appeared for the defendant and J. J. Duane for the plaintiff, who sued for \$10,000 and expenses of his illness amounting to \$240.

PREDICAMENT OF THE VATICAN

ROME, July 5.—After an examination of the note submitted by William H. Taft, Governor of the Philippines regarding the friar lands in the archipelago, the Vatican finds one very great obstacle to the withdrawal of the friars. The Vatican would not object if the expulsion of the friars was arranged and carried out by another power, so that the Holy See would only have to recognize the accomplished fact; but it shrinks from appearing as a direct party to the withdrawal, especially since the religious orders are powerful in Rome, and above all others in the sacred college.

The efforts of the Vatican are directed toward finding a way to consent to the withdrawal of the friars from the islands without appearing to do so. In fact, the Vatican, it is believed, would welcome a show of force to which it could submit. It would much prefer, however, a compromise prohibiting the friars from returning to the parishes they left in 1898, but allowing them to remain where they now are, or where there is no local opposition to their ministrations.

SEMI-WEEKLY STAR.

Honolulu people who are going abroad can have the Semi-Weekly Star mailed to any address for the small sum of twenty-five cents a month. The Semi-Weekly Star contains all the local news of importance, besides the daily stock quotations.

The Oriental Life Insurance Company is the Home Company and doing a nice business. You had better join the procession.

THE SHADOW OF A THRONE

QUEEN LILUOKALANI'S RETURN INVESTED WITH OLD TIME HOMAGE.

IS HOPEFUL OF OBTAINING CLAIM.

Will Entertain Visiting Commissioners. Is Met With Crowd on Her Arrival. Holds Reception.

The dying embers of the old feudal loyalty of Hawaiians to their chiefs and monarchs, teared up in response to the return of Queen Liliuokalani from Washington last evening. Hundreds of the old retainers hastened to Washington place to perform homage and kneel before their queen and to leave fully rewarded and with their fealty redoubled by being graciously permitted to kiss the hand of their monarch, ex-queen in reality but still queen in the hearts of the older generation of Hawaiians.

The return and departure of the Queen to and from her various journeys to Washington where, as they believe she awaits her rights, which in the belief of many seems to include restoration, has always been made the occasion of reviving many of the old customs and ceremonials with which the Hawaiian monarchy was wont to vest itself. Liliuokalani is an ardent believer in the dignity of the royal office and receives homage that might embarrass many a European throne room with a savor faire that makes the savillity of her subjects seem regular and respectful duty. While in Washington the ex-queen conforms in part with the customs of American independence, at home she insists upon the ceremonial with which she is lovingly surrounded by her late subjects.

Aside from those who expected to personally await the queen, a large number of natives assembled on the wharf last night to see the arrival of Liliuokalani. Prince Kalaniano'ole, left an important political meeting in great haste to greet the queen. Present also were Delegate to Congress Robert Wilcox and his wife, T. O. Carter, the present administrator of the queen's estate, W. O. Smith, Mrs. Abram Fernandez, Miss Fernandez, Miss Heleluhe and other close and personal and social friends who know her as Queen Liliuokalani.

The queen, who will be sixty four this September, appeared in good health and spirits and received the greetings of those who came to meet her very graciously. Her suite included Miss Myra Heleluhe, J. K. Aea and J. D. Aimo. On the voyage down the queen never a good sailor suffered considerably from seasickness and remained in retirement in her stateroom during most of the trip. As soon as the islands over which she once held the scepter were sighted however, she came on deck and remained most of the time until the steamer docked. After the greetings she went directly to Washington place where she will remain for the time being.

Before the queen arrived the natives were there to seek an audience. Old natives, who have many of them lost the count of their own years and whose silyent memories query them, back through several of the ephemeral reigns of Hawaii, dropped on their knees at the threshold of the room in which the queen was giving audience and shuffled across the carpeted floor to kneeling before the queen and kissing her hand. Others of the younger generation or of high standing and rank in this shadow of a throne, greeted the queen and were in return greeted with more of modern form. The love and fidelity of the old natives was very prominently displayed and will so continue, it is said, until the death of their monarch when the last royal funeral will bring out all the ancient ceremonial of wailing kahilis and wailing grief for the late time in Hawaii. The other scions of Hawaiian monarchy, when their turn comes for the observance of their last obsequies will, it is thought, be then living amid another generation who will by that time have eschewed or forgotten entirely the habits of their forefathers.

The visit of Liliuokalani to Washington has been with the original purpose of getting her claims to the crown lands recognized by the United States government. Her intimates state that she is more hopeful now than ever of seeing her hopes fulfilled with the advent of the commission to arrive here from Washington next month, who will under a resolution of the senate inquire into the crown lands and report on the validity of Liliuokalani's claim against the United States.

The annuity voted to the queen by the last legislature is in little danger of being discontinued as long as the native franchise can sway affairs. Both the Home Rule party and the Hui Kuokoa the new party headed by Prince Kalaniano'ole make that a promise blank in their platforms. The queen has announced her intention of entertaining the commission in a style that will recall the royal entertainments of olden days. Her endeavor is, it is said, to show that while unjustly impoverished she still wished to maintain lavish hospitality that is everywhere one of the attributes of royalty.

ADMIRAL MERRY'S PLANS.
Admiral Merry expects Captain Whiting to arrive here on the Ventura July 20 from San Francisco, to take command of the local naval station. Admiral Merry will, as soon as relieved by Captain Whiting, take the first vessel to the Mainland, which will be the City of Peking on August 11. The Admiral will first report to Washington and then, after securing leave, go to his summer residence in Maine where he will pass as much time as possible hunting and fishing and taking the rest which he needs.

SHIPS CREW IN CHINA CLAIM AWARDS

THREE HUNDRED "CHINKS" FOR KOREA.

Have Been Engaged in Hongkong and Will Be Brought Over on City of Peking.

Officers of the Pacific Mail fleet are considerably interested in the changes that are likely to occur on the arrival of the Korea in San Francisco. The advent of the big liner will be the cause of numerous promotions, and while all of the officers in the service will not be fortunate enough to go to her, there is the chance of some of them being promoted from the smaller boats to the China.

It was expected up to within a short time of her departure from Hongkong that the Peru would bring over the crew of the new S. S. Korea, the new vessel of the Pacific Mail Company, which is now en route to San Francisco. All of the men for the various departments of the vessel had been engaged to the number of 296 men, all of them being Chinese. The order for the crew to sail was countermanded, however, and the bunch will come over on the S. S. City of Peking. The Korea is to replace the Peking on the Oriental run, so the Chinese crew will arrive in time to make close connections. This change in the time of their sailing was probably made in order to avoid any trouble with the Federal authorities at San Francisco regarding the transfer of the Chinese to the Korea. The officers will, of course, be white men.

When it was learned that Mr. Jerome, the purser of the China, had not remained behind this trip, people were greatly surprised. It has heretofore been supposed that he would receive the purser'ship on the Korea, but by going out this trip with the China, he will miss the Korea's first trip.

PERU AHEAD OF TIME

MAKES GOOD RUN FROM THE ORIENT.

Has Small List of Through Passengers But Will Carry Good Sized Crowd From This Port.

A full twenty-four hours ahead of time, the S. S. Peru, Captain Pillsbury, arrived this morning early from the Orient. She left Hongkong June 24 and Yokohama July 5 making the run from the former port in 21 days 11 hours and 31 minutes, and from Yokohama, in 19 days and 6 hours. She has a small passenger list with only three lay-overs at Honolulu. She brought 96 tons of freight for Honolulu.

Among the through passengers on the Peru is Rev. S. A. D. Hogg, wife and child. He is a missionary and is returning to America from fields in India. Professor E. W. Clement, wife and three children, is a professor in one of the mission schools near Tokyo. He is going home on a visit. He is a brother of the editor of "Naked Truth," and formerly resided in Honolulu.

Miss M. E. Murphy was formerly a visitor in Honolulu and is returning from an enjoyable visit in the Orient. J. G. H. Vander Dussen is a Dutch colonel of infantry who was until recently stationed at Sumarang, Java. He is accompanied by his wife.

Lieutenant-Commander J. M. Robinson, U. S. N., is returning from service at Manila. Miss I. M. Elliott is the instructor of natural science at Newham, Cambridge, England. She has been touring the world. She is accompanied by Miss A. M. Onslow of England, and Miss Upjohn of New York. Misses Elliott and Onslow will stop over at Honolulu and visit the volcano.

The Peru is becoming one of the most popular vessels with the Honolulu travelling public and she will take a good sized list of passengers from this port to San Francisco. She will sail at 6 p. m. today for San Francisco.

BUSY ON WATER FRONT.

This has been an unusually busy day and will continue so until late in the afternoon. The S. S. Peru arrived this morning from the Orient and the steamer Mauna Loa got in from her run to Lahaina, Maalaea, Kona and Kauai. The Kinai got away at noon today with a good sized list of passengers. The Claudine will sail at 5 p. m. on her Maui run, and the Lehua will sail at the same hour to Moikoi, a day late. The steamer W. G. Hall will sail at 5 p. m. on her Kauai run. The China sailed at noon today for the Orient. The band was in attendance. The Peru sails at 6 p. m. today for San Francisco.

SUGAR.

NEW YORK, July 7.—Raw, firm; fair refining, 2 15-16c.; Centrifugal, 96 test, 3 5-16c.; Molasses sugar, 2 5/8c. Refined, steady.

A GOOD REPUTATION.

"The way to gain a good reputation is to endeavor to be what you desire to appear." That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping coughs. Every bottle that has ever been put out by the manufacturer has been fully up to the high standard of excellence claimed for it. People have found that it can always be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. For sale by all dealers. Benson, Smith & Co., general agents.

"SING SWEET BIRD."

D. G. Camarinos received a consignment of fine singing canary birds on the Nippon Maru. They can be purchased at his establishment on King street.

CLAIM AWARDS ARE GIVEN OUT

AMOUNTS ASKED FROM FIRE COMMISSION APPARENTLY MUCH CUT DOWN.

DOLE BREAKS A RECORD FOR SHORT OPINIONS.

Wright Is Justified in Registering Fire Claim Warrants—Fees For The Certificates.

"Honorable W. H. Wright, Treasurer of the Territory of Hawaii, has just issued his opinion on the fire claims certificates of award, a number of attorneys and Chinese claimants appeared at the office of J. M. Riggs, Clerk of the court, to get their certificates. A schedule of fees for certificates had been adopted by the commission, and a sign was up to the effect that only cash or certified checks would be received in payment for the fees.

The fee schedule was a surprise to many of the claimants, and there was some kicking. Whiting & Robinson were invited to pay \$2,000 in fees before they could get certificates for their 3,000 clients, who are mostly Chinese. Kinney, Ballou & McClanahan, who had a large number of claims, also, had to put up \$1,600 in fees. The schedule of charges is as follows: Certificates of awards under \$50, 25 cents; from \$50 to \$100, 50 cents; from \$100 to \$500, 1.00; over \$500, \$4 each.

Some of those who came after certificates declared that they would pay the fees under protest, and it may be that there will be a contest over the matter in the courts. The commission will probably collect over \$5,000 in fees. The money is needed for the expenses of the court, which some time ago had to borrow from local business men in order to keep going, its appropriation having been exhausted.

Few of the claimants know yet what they have received. Over 6,000 of the awards are in the hands of attorneys and it will take many days to find out what they are. Cuts from the amounts claimed are evident on every hand, however. One attorney who took a small bunch away said that the awards were an average of about 50 per cent of the amounts asked for. Another thought he had awards for about 60 per cent of the claims put in by him.

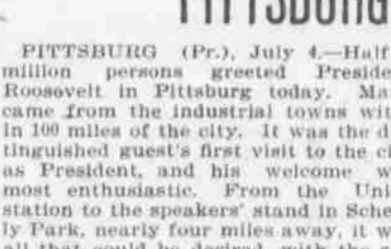

Poon Kwai, secretary of the Chinese consul, was among those early on hand. The Chinese and Japanese claimants are anxious to know how much they have been awarded, and their attorneys will lose no time in going through the claims and letting them know results. It will be a big job, however, for lawyers to wade through hundreds, and in two cases, thousands of claims, and the claimants will have to wait a while longer yet.

By eleven o'clock the rush was over, and all of the big lots of claims had been given out, except the bundle for Whiting and Robinson. It will take some time to go through and check this lot, and they may be given out this afternoon.

ROOSEVELT AT PITTSBURGH

PITTSBURGH (Pr.), July 4.—Half a million persons greeted President Roosevelt in Pittsburgh today. Many came from the industrial towns within 100 miles of the city. It was the distinguished guest's first visit to the city as President, and his welcome was most enthusiastic. From the Union station to the speakers' stand in Schenley Park, nearly four miles away, it was all that could be desired, with the sun shining brightly and the temperature not too high.

Note Heads, Bill Heads, Statements and Fine Commercial Printing—at the Star Office.

Very trim oxford, with light extension sole, fitted with rubber heels, made of fine vicci kid and matt kid tops.

THE PRICE IS \$4.00

Made from pure cream of tartar.

Safeguards the food against alum.

Alum baking powders are the greatest menaces to health of the present day.

ROYAL BAKING POWDER CO., NEW YORK.

THE MINSTRELS' SUIT

HOGAN COMPANY'S AFFIDAVITS IN DANGER.

Defendants Move To Have Them All Stricken Out—Magistrate Iosepa's Forced Resignation.

William H. Cornwell and William Lucas, defendants in the Hogan minstrel case against E. C. Magafariane and others, this morning filed a motion to strike out the affidavits of all the Hogan troupe, taken in Honolulu on February 8. This is the suit in which all the members of the Hogan minstrel troupe sued for money alleged to be due them on a contract under which they were brought here to appear at the Grubben. In affidavits filed by Robertson & Wilder, Cornwell and Lucas state that they are defendants and were in Honolulu when the depositions were taken, but that they were never served with any process, nor notified that the depositions were to be taken. Judgment was entered for \$15 costs this morning in the case of E. S. M. Damon against the Territory, decided yesterday.

The oath of John K. Hanuna, district magistrate at Hana, was filed this morning. He succeeds Iosepa, who resigned after a jury found him guilty of alienating the affections of another man's wife.

Judge Humphreys and a jury began the hearing of the case of the Wilder Steamship Company against W. H. Palm. This is a suit for freight on goods to the Lanai plantation in Wilder steamer, several years ago. De Bolt and Stanley appear for Palm and Bigelow for the steamship company.

THE 4TH IN MANILA

AMNESTY FOR SIX HUNDRED PRISONERS.

A Parade of 6000 Americans and Filipinos—Civil Government Instituted—Day Celebrated Throughout the City.

MANILA, July 4.—President Roosevelt's amnesty proclamation was read at noon today in English and Spanish from a flag-draped stand on the Luneta after a parade of 6000 Americans and Filipinos. Arthur Ferguson, secretary to Governor Taft, read the proclamation in the presence of a small gathering, the heat having dispersed the crowd when the proclamation. The prisoners freed by the amnesty, estimated to number 600, were released without ceremony. Many military prisoners had previously been freed. Aguinaldo remained in the house which has sheltered him since his captivity. He is expected to visit friends briefly and then depart on a trip. His destination is not announced. The exiles on the island of Guam are expected to return here on a special steamer.

The observance of the national holiday is general. The city is decorated, and the ships are flying all their flags. The celebration was typically American, even to the firecrackers. Acting Governor Wright and General Chaffee reviewed the procession, and Captain Crossfield delivered an oration. He defended the American policy in the Philippines, predicted the ultimate complete acceptance of American institutions by the Filipinos and denounced the critics of the Philippine policy. There were athletic games and racing in the afternoon and there will be fireworks and illumination at night.

The military have surrendered control of Batangas province to the civil authorities, and with Laguna province organized and General Cailles appointed Governor every province in Luzon is now under civil government.

SWELL MILLINERY.

For choice up-to-date millinery L. B. Kerr & Co. are in the front rank. The Paris model hats are certainly creations of extreme beauty.

Fine Book and Commercial Printing, at the Star Office.

Very trim oxford, with light extension sole, fitted with rubber heels, made of fine vicci kid and matt kid tops.

THE PRICE IS \$4.00

Same shoe as the Queen Oxford only a high shoe. Just the thing for street wear.

THE PRICE IS \$4.50

MARIPOSA BURNS OIL

SHE HAD A SUCCESSFUL TRIAL

Will Take the San Francisco-Tahiti Run—Her Oil Burning Fittings—Record of Her Trial.

SAN FRANCISCO, July 8.—The Oceanic Steamship Company's steamer Mariposa made her first trial trip with the new machinery fitted for oil as fuel yesterday. She left her berth at Pacific-street wharf at 10:30 a. m., steamed outside the Heads, around the Farallones and beyond them, returning to the dock at 5:30 p. m. It was the first trial and proved eminently satisfactory, proving that oil as fuel has many advantages. The trip was made under the command of Captain H. Z. Howard who was assisted by Captain Rennie of the Mariposa.

Captain Howard is the original commander of the Mariposa. From Philadelphia nineteen years ago to superintend her construction, commanded her on her maiden trip from Philadelphia around Cape Horn to San Francisco and for several years after that on her trips between San Francisco and the Hawaiian islands. This was the engineer's trial trip, conducted by the Risdon Iron Works, which fitted her with the new triple expansion engines of 2500 horse-power, steam being supplied by two double-ended boilers, six furnaces in each, and one single-ended boiler with three furnaces, and a single ended donkey boiler with two furnaces. The main boilers are built for a steam pressure of 180 pounds to the square inch, and the donkey boiler for a steam pressure of 150 pounds per square inch. A large duplex air compressor supplies the air atomizing the fuel oil at the burners. The air is furnished at a pressure of twenty pounds per square inch. All the furnaces of the main boilers are equipped with the Grundell and Tucker oil-burning system, the air for atomizing being heated in cast-iron retorts, which are fitted into the old coal-burning furnace fronts in place of the fire doors, which have been removed, the ashpan dampers being retained, to regulate the supply of natural air for combustion. The grate bars and bridge walls have been removed so as to allow the flames from the burners to be evenly distributed over the whole internal surface of the furnaces.

The Mariposa has been especially fitted up to ply between San Francisco and Tahiti and return, a distance of 7316 nautical miles. As there is no fuel oil at present at Tahiti, it is necessary to carry 4500 barrels for fuel supply for the round trip. This oil is carried in six compartments, in very strongly braced steel bulkheads, which extend right across the ship, a fore-and-aft bulkhead dividing them amidships. At each end of the fuel oil tanks a water-tight coffer dam of two frame spaces has been fitted, so as to obviate any possible risk of oil leaking into the ship's bilges or freight spaces. An expansion trunk has been fitted to each compartment, so as to allow for any increase in bulk of the oil, due to the variation of temperature during the ship's voyage through the tropics. A very efficient system of ventilation has been fitted to every compartment where oil is carried, and no one aboard could detect the odor of oil in any part of the ship. The trial trip demonstrated that the substitution of oil for coal as fuel will result in a great saving not only in the cost of fuel, but in the labor employed.

Admiral Melville, chief of the Bureau of Steam Engineering of the United States Navy, appointed Commander H. N. Stevenson as his representative, with two assistants, to watch the trial trip. They took careful notes and expressed themselves as highly pleased with the application of oil as fuel for large ocean steamers. The Oceanic Steamship Company was represented by F. S. Stevenson, assistant to President Spreckels; Secretary Thomas, Captain H. Z. Howard, Superintendent Engineer Edward T. Morris, Captain I. E. Thayer and E. S. Hough, representing the Bureau Veritas; W. H. Stewart of the Lloyd's Registry and of the Underwriters; Captain Matson, president of the Matson Navigation Company; Captains Bolles and Bulger, United States inspectors of vessels and boilers; Captain McKenzie of the Southern Pacific Company; J. W. Walker of the Santa Fe Company; and representatives of the Standard, Union, Associated and other oil companies and the Oregon

Railroad and Navigation Company. The Risdon Iron Works, under whose management the trial was conducted, was represented by Marine Superintendent H. C. Tabrett, assisted by D. Tomlinson, Dixon, and Church. The engineering crew was composed of Chief Engineer J. S. Richards, First Assistant R. M. Grundell, Second Assistant G. S. Clark, Third Assistant Frank S. Hunter. The oil burners were manipulated by the patentees, Grundell and Tucker. Fully 200 passengers, including many ladies, were aboard as the guests of the Risdon Iron Works, and were entertained at luncheon, superintended by Port Steward W. H. Owens and Steward Funk, assisted by the crew.

THE ALAMEDA COMING.

W. G. Irwin & Co. have received word that the Alameda will resume her regular run and will arrive on time next Friday.

NO EXTRA SESSION.

WASHINGTON, July 3.—Chairman Payne of the House Committee on Ways and Means today conferred with President Roosevelt in regard to Cuban reciprocity. Upon leaving the executive quarters Payne, in response to questions on the subject, said he was satisfied that reciprocity with Cuba would be effected at the next session of Congress by an almost unanimous vote in both houses. The method by which this will be attained, he said, would be by treaty. Under ordinary conditions, he said, a treaty is ratified by the Senate only, but in matters of this kind, involving questions of revenue under the Dingley law, the House under the constitution has equal jurisdiction with the Senate. The conference of Payne with the President and his subsequent utterances effectually put an end to an extra session talk.

CORN CROPS.

The United States boasts of the world's record of having grown 5300 million pounds worth of corn, and 2300 million worth of wheat, during the nineteenth century.

THE SAME OLD STORY.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C., U. S. A. For sale by all dealers. Benson, Smith & Co., general agents.

AUCTION SALE

Valuable Property

IN

Nuuanu Valley

ON SATURDAY, AUGUST 2,

AT 12 O'CLOCK NOON.

That desirable block of land on Nuuanu avenue immediately makai and adjoining the residence of Mr. H. Schultze. ANDREE'S FATE. WINNIPEG (Man.), July 5.—Rev. Dr. Ferlies, a Church of England clergyman, arrived from New York today and brings authentic information of the fate of the explorer Andree and his companions. Two years ago, 1899, miles north of York, a party of Esquimaux, under the leadership of "Old Husky," saw the Andree balloon alight on a plain of snow in that vicinity, which is about two miles north of Fort Churchill. Three men emerged from the balloon, and some of Husky's people approached out of curiosity. As they did so one of Andree's companions fired off a gun.

CHINA BRINGS QUEEN. ALSO BROUGHT NUMBER OF OTHERS. Several New Officers Aboard the China—Experienced Pleasant Weather On the Trip Down. The S. S. China, Captain Frieis, arrived from San Francisco last evening and docked at 8 o'clock. The vessel brought five days' later mail and news. She encountered pleasant weather throughout the trip.

A good sized number of passengers returned to Honolulu among them being Queen Liliuokalani and her party, which consisted of her maid, and Joseph K. Aea, J. D. Alimoku and Miss Myra Heileluhe. The vessel was met at the Pacific Mall wharf by a large crowd, among them being Prince Cupid, Princess Kanihikinaoia, Mrs. Abraham Fernandez, Miss Fernandez, J. O. Carter, Delegate and Mrs. Wilcox, and others, who had come to greet the Queen. The trip down was quite severe on the health of Queen Liliuokalani who remained in her stateroom much of the voyage.

Rev. Dr. Rankin is a Presbyterian minister who is going to inspect the mission in Japan, China and the Philippines. He may stop over at Honolulu on his return. Miss Howard will visit Mrs. Dr. J. M. Whitney of this place, who is her cousin. Miss Howard is the principal of a Knoxville, Ill., young women's seminary. She is accompanied by Misses Lefterwell, daughters of an Episcopal minister. Mrs. Julia Carrothers, who is one of the pioneer missionaries of the Orient, is going out to Yokohama. Mr. and Mrs. W. R. Castle, Miss B. Castle and A. L. Castle also returned to Honolulu. Captain W. C. W. Renny, manager of the local stevedore company, was a passenger for this port. He has been absent for some weeks visiting the Sound country. A. F. Afong returned to Honolulu from attending Harvard. Lieutenant K. M. Bennett is going out to Yokohama to join the Asiatic station. He will be assigned to duty aboard one of the American vessels after his arrival. Robert DeLair, the steamship owner of San Francisco, is a passenger for Hongkong. He is going on a pleasure trip. He is accompanied by his wife, J. A. Young is making his first trip on the China as surgeon. He was formerly on the S. S. San Blas. W. L. Robertson, formerly freight-clerk on the S. S. San Juan, is also making his first trip on the China, in a similar capacity. The China sailed at noon today for the Orient.

POLITICIANS HIT. WASHINGTON, July 5.—The President has issued an order prohibiting the exercise of outside influence in securing promotions in the classified civil service. The order is an amendment to rule 11 of the Civil Service Code and is as follows: "No recommendation for the promotion of any employe in the classified service shall be considered by any office concerned in making promotions except it be made by the officers or officer under whose supervision or control such employe is serving, and such recommendations by any other person with the knowledge and consent of the employe shall be sufficient cause for disbaring him from the promotion proposed, and a repetition of the offense shall be sufficient cause for removing him from the service." President Proctor of the Civil Service Commission stated that, while this rule met the hearty approval of the commission, it did not originate with them, but with prominent members of Congress who had gone to the President and urged the necessity of such a rule.

CUBAN CUSTOMS RECEIPTS. HAVANA, July 5.—The customs receipts for Cuba for the month of June amounted to \$1,212,252.

SEA FISHERIES ARE STILL OPEN. PRIVATE RIGHTS WORTH OVER \$200,000 DECLARED PUBLIC PROPERTY. ANY CITIZEN MAY FISH IN ALL SEA WATERS.

Important Decision That Will Be Appealed—Territory Saves Money—Private Parties Lose Heavily. Under Judge Humphreys' decision yesterday in the case of S. M. Damon against the Territory, practically all the sea-fishing rights in Hawaii, if not all, are open to every citizen of the United States. Judge Humphreys non-suited the plaintiff, on the ground that his title to the land, under which the fishing right was claimed, did not convey a fishing right, and on the further ground that the general konoehiki rights are not vested rights at all. The matter will be taken to the Supreme Court at once. If Humphreys is sustained in this most important ruling, 75 private fishing rights, valued at several hundred thousand dollars, are suddenly become public property. There can be no excluding the public from any of the sea areas set apart, many of them since before the Kamehamehas, as private fishing grounds. Anyone is free to go and catch mullet or any other fish, in any sea water about the islands. The fishing right involved in yesterday's suit, that of Damon's Moanalua property, is one of the most valuable in the islands. It is worth about \$15,000, bringing in an annual rental of \$1,500. Most of the rights are of much less value, but few if any are worth less than a thousand dollars. Incidentally, the Territory is saved a large sum of money, if the ruling of yesterday is good law, at the expense of the owners of fishing rights. The Organic Act provides that as soon as fishing rights are established, the Ter-

ritory shall begin suits to condemn them, and the owners thereof shall be reimbursed from the treasury of the Territory. This would have meant two hundred thousand dollars or more to be paid out by the Territory for fishing rights, in order to comply with the provisions of the Organic Act abolishing private fishing rights in ocean waters. The fish ponds, or any rights not in sea waters, are not affected by the decision given. A. G. M. Robertson, who appears for the Territory in the fishing rights cases, stated this morning that every effort would be made to get two cases before the Supreme Court as soon as possible. The Waiiale case of the Bishop Estate follows that of S. M. Damon. This is one of the cases in which there is no such grant as was declared insufficient yesterday. The plaintiffs in these cases depend upon their konoehiki rights. F. M. Hatch, counsel for Damon, yesterday fell back upon his claim in presenting his argument opposing Robertson's motion for a non-suit, but as the court granted the non-suit, it is taken as a decision in favor of the contentions of Robertson. This is to the effect that the konoehiki rights were merely statutory privileges, which terminated when the statute under which they were held was repealed by the Organic Act. The Supreme Court will convene again at the end of this month, when the matter may be taken up.

PORTO RICANS.

If the Japanese have earned their selves an unenviable reputation for crimes of violence and a disregard for the lives of others...

The Japanese though given to crimes of violence confine their crimes to their own people. It must be remembered more over that the Japanese population according to the census was 61,111 while the Porto Ricans number a few hundreds over the two thousand.

That the Porto Ricans who have been imported here have come from the dregs of the Porto Rican population seems very certain. There must be very much better classes of laborers in Porto Rico than we have had brought to our shores.

Moreover any population which has been long under Spanish influence is unsatisfactory when brought into contact with Anglo-Saxon and Teutonic influence. The Spaniard has always cramped the intellect of the mass of the people.

The only way that the present generation of Porto Ricans can be brought to a realization of their crimes, is by rendering life uncomfortable through the jail. The next generation will pass through our schools and will be improved both in knowledge and in morals.

A VALUABLE SUGGESTION.

Governor Dole in his address to the members of the Summer School yesterday, struck a higher vein than is usual in such addresses. The governor turned from the technicalities of education and its details, to a higher scientific line, and urged the study of the race question, and the ability of the various races to acquire, adapt and assimilate knowledge.

There is no place in the world where such various nationalities, and such widely different races can be found in so small an area. It is true that on the mainland such races are to be found, but not all in one spot.

The statistics of school children give us Hawaiians, Part-Hawaiians, American, British, German, Portuguese, Scandinavian, Japanese, Chinese, Porto Ricans and scattering which are classed as "other foreigners." The education of teachers gives, Hawaiians, Part-Hawaiian, American, British, German, French, Belgium, Scandinavian, Portuguese, Japanese, Chinese and others.

The careful study of these various nationalities the progress that they are able to make, their special aptitudes, and the ages at which the various minds develop, together with countless other traits, will afford a field of almost boundless research among the teaching profession.

A series of observations such as Governor Dole suggests, carried over a

definite length of time, and made with a definite purpose will be invaluable, and will put Hawaii on a strong advanced plane of thought.

There is no alarm expressed on the Mainland by the naval authorities over the long voyage of the Mohican. Her supply of coal was small and she would have to depend almost entirely upon her sails.

The question of fishing rights will now be threshed out by the courts. They have been a subject of disagreement and discussion for years past. But if fishing rights are abolished there ought to be laws for the protection of fish.

The Queen's Hospital comes up to date with a resident physician. The Queen's Hospital, like all of our old institutions, is the outcome of a regular growth. When first instituted it had to deal with very different conditions to what it has now.

What a bold, reckless man can do has been shown by the Tracy episode in Seattle. This desperado after breaking jail has ranged about the country, dodging the police, and finally fought a pitched battle with them single-handed, killing and wounding several and finally making good his escape for a time.

Aguinaldo has come in for the benefit of the act of amnesty and is now a free man. He is, however, in dread that his life may be taken by the adherents of General Luna whom he himself treated treacherously.

The report from the Leper Settlement is very encouraging. The turn in the disease has apparently come, and the number is gradually being reduced by natural causes, while the number of new cases is growing steadily less and less.

The split in the Home Rule ranks is now final and the new party is now fully launched. There will be strong antagonism between them. Prince Cupid's aims are broad and patriotic, and he is infusing a higher ideal among his followers.

In spite of his age, King Edward has stood the shock of the operation wonderfully well and is now rapidly recovering. He is soon to be removed to the Royal Yacht for the benefit of the sea air.

Self Working Rat Traps

Dr. J. H. Raymond, former president of the Board of Health, says:

"I cannot speak too highly of the Self Working Rat Trap which I purchased from you a few weeks ago. The single trap has caught between twenty and thirty rats-as many as four in one night-and the pest at my house, from which I have suffered severely, seems to have been eradicated. This trap should be generally used in Honolulu and I unhesitatingly recommend it."

The first two shipments were sold at once and the third is just at hand.

WANTED.

When we called attention a few weeks ago to our new preparation called Casara we felt there was a demand for a really good article made from Cascara Sagrada bark.

We offered to give free samples of Casara but few asked for them preferring to take the regular package being sure that we would not recommend it as we did unless there was real merit.

Casara is a pleasant-to-take laxative made from the bark, Cascara Sagrada, which is well known for its most excellent cathartic qualities.

BABY RUTH ORPHANED

HER MORBID MOTHER COMMITS SUICIDE.

The child played an engagement as a juvenile dancer at the Orpheum Some Time Ago.

SAN FRANCISCO, July 5.—Overcome by the responsibility of rearing her little daughter to be a better woman than herself, and, fearful of her unfitness for the task, a young mother drank poison in the ferry building yesterday afternoon, and so gave up her life for the sake of her little girl.

Mrs. Lillie Friend, the wife of a fireman on the Santa Fe, was the young woman who so pitifully destroyed herself. While the little girl for whose happiness she died was shooting firecrackers in the hall below the mother lay writhing in the convulsions of death in a closet of the ferry building.

Her good spirits still untroubled by the contemplation of suicide, the mother took her daughter to see the performance of "Zaza" at the Algezar Theatre. Then she put a fatal, home-made dose of strychnine in the child's food.

Giving Ruth some firecrackers, Mrs. Friend left her and went to a remote room in the building. The child played with the firecrackers till her mother's long absence made her uneasy and she went in search of her. She found her unconscious and in convulsions from the poison.

The unfortunate woman was hurried to the Harbor Hospital and placed under medical care, while kind friends removed the little girl to her home in Point Richmond. Medical skill could not save the mother, and she died shortly before 10 o'clock.

In searching her clothing at the Morgue Deputy Coroners J. Fennell and J. Murphy found three letters in her pocket. One was addressed to the woman's husband, C. B. Friend, one to her little girl and one to Attorney C. B. Ackerman. While vague and nervously composed, the letter to the husband suggests the troubles which led Mrs. Friend to end her life.

The letters that the woman contemplated killing "Baby Ruth" at the same time she killed herself but had not the courage to do so.

The deceased was the mother of "Baby Ruth" who played on the Orpheum circuit as far East as Kansas City and as far West as Honolulu, and was then given a berth at the Chutes. Prior to her accompanying her daughter, some ten or twelve year ago, she was an extra woman for various extravaganzas combinations visiting the city.

According to Mr. Freidlander the woman's husband, C. B. Friend, one to her little girl and one to Attorney C. B. Ackerman. While vague and nervously composed, the letter to the husband suggests the troubles which led Mrs. Friend to end her life.

The eight-year-old son of Yang Wal Pin, the Imperial consul, was a passenger on the China today for Shanghai. The little fellow is going to visit his mother. Accompanying him were his tutor and one of the secretaries of the Chinese legation.

TOD SLOAN.

PARIS, July 5.—Tod Sloan has been elected president of a big Paris betting syndicate with a capital of \$250,000. While it will operate on French courses, most of the money has been subscribed by Englishmen.

It cannot be seen how the Sloan syndicate can make money, for certain American bookmakers and jockeys are highly unpopular on French tracks nowadays because of their practices. French turfmen criticize bitterly Sloan's board, the directors of which have purchased a chateau near Chantilly where they will hold their meetings.

Freelance American jockeys have been the cause of such scandals recently that the aristocratic jockey club is reported to be about to take drastic measures against them. American hangers-on of the French turf have brought discredit on Americans.

WIDDIFIELD—BAIRD.

SAN FRANCISCO, July 6.—The Chronicle says: Mrs. Mary C. Widdifield of Honolulu announces the engagement of her daughter, Miss Kathryn Widdifield, to Hyron K. Baird. The young lady is well known in this city, where she has spent considerable time with her mother. She was born and reared in Honolulu; her father during his lifetime was one of the best known men in the islands.

CHOLERA DEATHS AT MANILA.

MANILA, July 4.—There were fifty-four cases of cholera reported in Manila yesterday, and thirty-three deaths from the same disease.

KAILUA.

Arriving, July 5, Am. schr. Aloha, Fritz, 13 days from San Francisco.

Departing, July 11, Am. schr. Aloha, Fritz, for Kaunapali.

NEED NOT PAY.

Bishop Estate Deed Is Not Taxable.

Attorney General Dole is doing a big business in the line of opinions nowadays. This morning he added to the 15-page one of yesterday an opinion for the Treasurer in the matter of the stamp duties on the deeds by which the Bishop Estate transferred its Pearl Harbor land to the United States, and he prepared a third opinion in the matter of the issuing of fire claims warrants.

Dole agreed with United States Attorney J. J. Dunne as to the stamps on the deed, advising Wright that he need insist on having the stamps affixed. He says that the stamp duty is in the nature of a tax on the purchaser, and it is not in the power of any state or territory to tax the United States.

ALIMONY UNPAID.

Laura J. Warren, by her attorney, George A. Davis, has petitioned for a citation for Henry Warren, to show cause why he should not be punished for contempt for failing to pay alimony.

NO CATCHING AT STRAWS.

Drowning men, they say, will catch at straws. Naturally enough, because they see nothing better to catch at. It is the principle of any port in a storm. All the same the straw does not save the drowning man, nor is the tempest-tossed mariner likely to find a safe harbor every time he runs for the shore. The scientifically constructed life preserver is better than a straw, and to know how to ride out a storm is better than to trust to luck in finding a port in time of need. Just so it is in disease and all manner of sickness. A ship takes a pilot on the theory that he knows the right channel and can avoid the dangerous places. And when your life is threatened by disease you naturally desire a mode of treatment founded on absolute knowledge—a treatment that has proved effective in other cases like your own. This is the common-sense of the subject and no one will dispute it. And it is because the well-known effective remedy WAMPOLE'S PREPARATION never fails in the complaints for which it is recommended, that it enjoys the confidence of the people and the medical profession everywhere. The doctor who prescribes and the patient who takes it are not catching at straws, for it does what it is said to do on the same principle that water puts out a fire. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites, Malt and Wild Cherry. It quickly arrests the loss of flesh in wasting diseases, builds up the body, and expels from the blood those pernicious germs which cause Fevers, La Grippe, Scrofula, Porel Complaints, Throat and Lung Troubles, etc. Effective from the first dose. "You cannot be disappointed in it." Sold by all chemists.

VIA GALVESTON.

NEW ORLEANS, July 5.—It is officially announced that the change contemplated by the Southern Pacific in regard to its ocean business between New York and New Orleans will go into effect August 2d. This change was first suggested by Collis P. Huntington, who held that an New York freight destined for Texas and California should be taken by steamer to Galveston instead of New Orleans. This would save some 360 miles of rail transportation on a part of the route and between New Orleans and Houston which is already overworked with business.

AT THE GOSPEL TENT.

Those in charge of the gospel tent meetings at Pihok and Kinua streets make the following announcement: That the attendance at the tent meetings is increasing, the subjects considered being of importance for the times. The people are becoming interested to learn more of the doctrines peculiar to Seventh Day Adventists. This evening, Evangelist C. E. Leland, late of Oakland will address the meeting. The topic being "Bible Signs, Indicating a Coming Crisis." All should hear this important subject. The meeting will continue each evening, Monday excepted, to which, all are cordially invited.

HANNIS TAYLOR.

WASHINGTON, July 4.—Hannis Taylor, author of notable works on international law, and formerly United States Minister to Spain, has been elected to the chair of English constitutional and common law in the school of comparative jurisprudence and diplomacy of the Columbia University. Dr. Taylor will divide with Justice Harlan and Brewer of the United States Supreme Court the teaching of constitutional and international law in that institution.

ST. LOUIS FAIR POSTPONEMENT.

WASHINGTON, July 4.—The President has issued a proclamation in accordance with the act of Congress announcing to the world the postponement until April 30, 1904, of the Louisiana Purchase Exposition.

Advertise your Wants in the Star.

"I Roughed It"

Many of us have to work hard all day long. We cannot care for ourselves as we would. No wonder our blood gets out of order, becomes thin and impure. This produces boils, eruptions, nervousness, indigestion, and great weakness.

We have this photograph and letter from Mr. John Harbor, of Waiga Waiga, New South Wales. Read carefully what he says: "I have roughed it a great deal, mining, working in storms, exposed to the heat, and have often had poor food. My blood frequently becomes impure and I have eruptions, boils, and become generally run down. But Ayer's Sarsaparilla takes hold of me every time, makes my blood pure and builds me right up."

**AYER'S
Sarsaparilla**

There are many imitation "Sarsaparillas." Be sure you get Ayer's.

Take Ayer's Pills with the Sarsaparilla. They aid in purifying the blood, and they cure constipation and biliousness.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

"Paper must be selected in reference to the furniture of the room as well as the architecture and lighting, and it must be borne in mind that the wall treatment has more to do with the general aspect of the room than any other single item."

NEW PARTY IS BORN

HOME RULE BOLTERS ARE NOW
HUI KUOKOA.

Prince Cupid is President of the Party and Will Probably Run For Delegate.

The bolters from the old Home Rule party began the organization of their new party last night, at a meeting in Foster's hall, with every prospect that Prince Cupid will be named as the party's candidate for delegate to Congress. The party is to be named the Kuokoa, the non-partisan party, and Cupid was chosen president at once.

The report of the committee which referred the demand of the bolters to Kalaupokalani stated that he had asked for more time, desiring to wait until Thursday before giving an answer. Meheula and Emmelhuth favored giving the time asked for, but Senator Kanaha and Bilkaia said that there had been delays and postponements enough, and their motion that the committee be discharged and its report tabled was finally carried.

On motion of Kanaha committees were named by the chairman Pihanaia, as follows: On organization, Messrs. Mahaha, Keohokalo, Andrews, Ewaliko, Kakaikala and Kalelohu. On constitution and by-laws: John Wise, John Emmelhuth and A. S. Mahaha.

Cupid was nominated for President by C. A. Long and was chosen at once. The committees will proceed to organize, call a mass meeting and later a convention and the new party will enter the lists to make a warm fight for victory in November.

The demands of the bolters, as submitted to Senator Kalaupokalani were as follows:

"First, that Kalaupokalani surrender the office of president; second, that the executive committee choose the temporary officers; third, that the organization of precinct clubs and minor organizations proceed under the existing committee; fourth, that a convention be called for a date six weeks distant and which should be under the control of the executive committee; and should have as its duties the revision of the constitution and the election of permanent officers; fifth, that Kalaupokalani surrender to the executive committee all control of the party organization."

In a speech on the subject of organization, Prince Cupid said that it was his desire to see the new party become a strong non-partisan party, which would receive support of both Republicans and Democrats. It would be out for good government, and must work to see that the more such legislatures in the Territory as some of those which had been a disgrace in the past. The only hope for political advancement was in the education of the Hawaiians, but nothing could be hoped for under the leadership of Kalaupokalani and Wilcox.

**REBELLION IN
NICARAGUA**

PANAMA, July 7.—Government advices received here from Nicaragua are to the effect that a revolutionary expedition of over 1000 men, organized near Bluefields, Nicaragua, and has been joined by a large number of Conservatives. The landing of this expedition is said to be the beginning of a strong movement against the government of President Zelaya. Such a movement would be of much benefit to Colombia, it is believed, in that country's difficulties with its revolutionists, as it would prevent help reaching the Colombian Liberals on the Isthmus from Nicaragua.

WASHINGTON, July 7.—It is learned here that the Colombian Government has rejected the counter proposals made by Vargas Santos, one of the rebel leaders, in response to the proposals of the Government offering a general amnesty to persons who have taken an active part in the rebellion on condition that they surrender and cease further hostilities. These counter proposals were submitted to the capital. They contemplated the assumption by Colombia of the debts incurred by Santos to foreign countries to carry on the revolution and the appointment of Liberal governors for four different parts of the republic.

THE KING BETTER.

LONDON, July 8.—The bulletin regarding the condition of King Edward, posted at Buckingham Palace at 10 o'clock this morning, says:
"The King's progress is all that can be desired." (Signed)
"TREVES,
"LAKING,
"BARLOW."

NEW YORK, July 7.—A cable to the Mail and Express from London says: Immediately after the coronation the King will undergo another operation, or, at least, a searching examination. The primary cause of the ulcer yet remains undiscovered, and it is feared the removal of the vermiform appendix may be necessary.

LONDON, July 7.—King Edward will be crowned between August 11 and August 15. His recovery has been so rapid and satisfactory that the above decision was arrived at today. No official announcement of the fact has yet been made. The pageant through the streets and the ceremony

Pictures Any Size

That's what you can do with the "Al Vista." If your subject doesn't justify taking a panoramic picture you can take it half size, quarter-size, or three-quarter size as you prefer.

If you intend to buy a camera of any kind be sure to look at the

"AL VISTA" PANORAMIC

It costs you nothing to see it and we assure you it will be to your gain.

**Honolulu Photo Supply Company,
FORT STREET**

at Westminster Abbey will be much curtailed from the original plan. Their majesties will drive from Buckingham Palace through the Mall to Whitehall and thence to the Abbey, the same route as taken at the opening of Parliament.

**CIVIL RULE IN
PHILIPPINES**

MANILA, July 6.—As a result of the proclamation of amnesty of July 4th the guard of American soldiers has been withdrawn from the house in which Aguinaldo lived in Manila, and Lieutenant Johnson, Aguinaldo's custodian, brought the Filipino today to see General Chaffee.

Aguinaldo was told that he was free to go anywhere he pleased, and Gen. Chaffee asked him if he had any complaint to make of American discourtesy or harshness. Aguinaldo replied that he had no such complaint to make. He told General Chaffee that he was going to visit friends at his home in Cavite Viejo, in Cavite province, and inquired what protection the American authorities would afford him. He seemed to be afraid to venture out. General Chaffee replied that Aguinaldo would get the same protection as any other citizen.

BOSTON, July 6.—Aguinaldo is coming to the United States and his departure from Manila for San Francisco is expected at any time. He will come direct to Boston to join his former secretary, Sixto Lopez, and will then start out on a tour, delivering a series of lectures on the conditions existing in the islands as he sees them, and make a plea for the independence of his countrymen.

COMMITTEE WILL GO TO HAWAII.

WASHINGTON, July 5.—The subcommittee of the Senate Committee on Porto Rico and the Pacific Islands appointed to investigate conditions in the Hawaiian Islands and report at the next session of Congress will leave San Francisco the last week in August and spend three or four weeks in the islands.

THE MOHICAN.

No alarm is entertained at Washington for the U. S. S. Mohican, now out 55 days from Yokohama. Mrs. Crowden, wife of the commander, has received a despatch from the department stating that no alarm was felt for the safe of the vessel. It is understood that the vessel carried only a small amount of coal and was expected to sail most of the trip which would necessitate a lengthy voyage. Admiral Merry is convinced that there is no cause at all for anxiety.

MERRY'S SUCCESSOR.

Captain William H. Whiting, commander of the receiving ship Independence at Mare Island Yard, will, according to the private advices of his friends relieve Admiral Merry as commandant of the local naval station. Captain Whiting visited Honolulu during the war, being in command of the monitor Monterey. He is expected to arrive about August 1 unless he decides to take passage on the Korea which leaves San Francisco on that date.

**ARBITRATORS
OF PIUS CLAIM**

ROME, July 5.—In view of the possibility of The Hague international tribunal reporting that arbitrators of a neutral country be chosen to settle the question between the United States and Mexico regarding the Pius claim, the following names have been suggested: Signor Zanardelli, the Italian Premier; the Italian Ambassador to Austria-Hungary, Count Nigra; the Italian Ambassador to France, Count Tornelli; the President of the Senate, Signor Saracco; the President of the Chamber, Signor Biancheri; and Senators Villeri, Pagano and Visconti Venosta. The latter were chosen by King Victor Emmanuel to study the Anglo-Brazilian dispute regarding the boundary of British Guiana, in which his majesty is arbitrator.

The Pius claim amounting to about \$1,000,000 has been pending for about a third of a century. It involves a dispute between the Catholic Church in California and the Government of Mexico as to the liability of the latter for the interest on certain church lands which the Mexican Government undertook to hold as trustees for the church.

CAPTAIN NELSON HONORED.

SAN FRANCISCO, July 8.—Acting Customs Collector William B. Hamilton received a letter yesterday from the Commission of Navigation informing him that the British Government had sent to the Department of State at Washington a valuable binocular glass to be presented by the Collector, on behalf of the British Government, to Captain V. B. Nielson of the American schooner H. C. Wright for his services in rescuing the crew of the British ship Frankstan, abandoned on fire in the North Pacific Ocean on April 3, 1902. The box will be here in about a week.

GOES TO THE KOREA.

SAN FRANCISCO, July 8.—Dr. Arthur Nelson Beach has been detached from the steamship China and will remain ashore until the arrival of the Korea, to which he has been appointed surgeon.

Garden Hose
When you get hose you will find it the most economical plan to buy the best. We have built up a reputation on the celebrated
Dolphin Garden Hose
First cost is a little more than some other kinds we carry, but it costs less in the long run. We have a nice line of lawn mowers and sprinklers and all garden tools.

NEWS IN A NUTSHELL.

Paragraphs That Give Condensed News of the Day.

Miss Stella Love has gone to Maui for a visit.

Admiral Schley is making a tour through the west.

Special meeting of Hawaiian Lodge this evening. Work in second degree.

Your order for Primo Lager is wanted at Honolulu Brewery. Tel. Main 341.

President Roosevelt is at his Oyster Bay, Long Island home for the summer.

San Francisco expects 20,000 visitors during the Knights of Pythias encampment.

Lewers & Cooke advertise 1902 wall papers. They are always pleased to show them.

There will be no penalty attached to water rates until tomorrow, July 16, as the 4th was a legal holiday.

Order your fertilizer from the Pacific Guano and Fertilizer Co. They guarantee their preparation to be reliable and up-to-date.

The Alameda will arrive here on Friday on schedule time, taking her regular run again between San Francisco and the islands.

An eastern firm has applied to a local legal partnership regarding the fire claims, stating their willingness to invest sums aggregating one million dollars in the fire claims if they were valid and could be considered a satisfactory investment.

The Democrats held a well attended meeting at Waverley Hall last evening. The principal action taken was the adoption of a resolution authorizing chairman McCarthy to appoint a committee of fifteen to formulate plans for a complete organization from now on.

This committee is to report at another general meeting of Democrats to be held next Monday evening at the same place.

Chairman McCarthy this morning announced the following as the committee in addition to National Committee-man W. H. Cornwell, chairman C. J. McCarthy and Secretary E. H. Hart: Charles Creighton, Charles L. Rhodes, Abraham Fernandez, H. J. Mossman, John Ellinger, W. H. Johnson, Frank Harvey, John D. Holt, Jr., Fred Turfill, W. William Holt, Fred H. Hayselden, Samuel C. Dwight, S. W. Spencer, J. M. Camara, S. K. Kaloua.

This committee will meet at 7:30 o'clock tonight at Waverley hall.

A late night meeting National Committee-man Cornwell, Chairman McCarthy and one other Democrat to be selected to meet Senator Blackburn when he arrives here and consult with him about party organization.

There was considerable discussion of party prospects and several present spoke in a complimentary way of Prince Cupid. No action was taken endorsing him however the meeting having no power to commit the party, the convention alone having that power.

Popular Democratic meetings will be held every Monday night from now on to the day of election.

DEMOCRATS AT WORK

THEY WILL BEGIN THROUGH ORGANIZATION.

Committee of Fifteen Appointed—Will Meet Tonight—Weekly Meetings to Be Held Hereafter.

NEW RESIDENCES.

Mansions and Other Improvements to Be Placed in Hand.

P. M. Swanzy's Manoa valley residence, which he has for some time past been intending to construct, has been finally let out to bid. It is understood that contractor F. H. Redward has secured the putting up of the building.

The house will be an elaborate structure and is designed with reference to the climate. Mr. Swanzy has had the edifice in contemplation for some time and has had constructed a reservoir in readiness. The property is practically at Punahou, in the mouth of Manoa valley. Fred Lewis is said to be determined upon building in the near future and H. A. Isenberg has many improvements to his Punahou residence which are promptly to be put into effect.

The Swanzy contract is understood to be in the neighborhood of \$21,000. Dickey & Newcomb are the architects. H. A. Isenberg's improvements are in the form of an addition which will cost \$20,000 or thereabouts.

APPEALS TO ESTEE.

Seaman's wages Withheld By a Garnishee.

William Holland, chief engineer of the Helene, has begun an action to compel Wilder's Steamship Company to pay him \$60 salary alleged to be due in spite of a garnishee issued out of Judge Dickey's court. Holland, by his proctor Thomas I. Dillon, filed a petition and affidavit in Judge Estee's court, and the judge issued an order to show cause.

Holland is proceeding under the United States statute which declares that the wages of seamen shall not be withheld. He also claims exemption from the act of the last legislature which declared that the wages of workers of any class, under \$200 in the case of a married man, should not be subject to execution. Holland was sued for \$46.10 by Yee En Kee, and a judgment for plaintiff was entered by Dickey, no defense being made. The steamship company was named as garnishee, and has therefore withheld the engineer's wages, according to his affidavit, since the judgment was given.

THE WEATHER.

Weather Bureau, Punahou, 1 p. m.

Wind fresh northeast; weather clear occasional valley shower.

Morning minimum temperature, 74; midday maximum temperature, 82; barometer, 9 a. m., 30.00 steady (corrected for gravity); rainfall, 24 hours ending, 9 a. m., .27; dew point, 9 a. m., 68; humidity 9 a. m., 70 per cent.

WALL, NICHOLS CO., LTD.

can't sleep

That's a symptom of a run-down condition that many people have at this time of year. But don't resort to opiates. You need a system builder—something that will give tone, vim and renewed strength.

Royal Malt Extract

fulfills a two-fold duty; it's medicine as well as food. It builds up the whole system, restores loss of appetite, and a wine glass before bedtime will produce sound, refreshing sleep. Royal Malt Extract is the best that ripe barley and careful brewing can produce, so insist on having it.
