W. O. Smith Thinks Important Matters Should Be Acted On.

Washington Officials Disposed to Leave the Territory to Itself—Eventualities Considered in Framing the Law.

Hon. W. O. Smith was seen this morning in regard to the feeling in official circles in Washington as to the changes necessary in the local government under the Territorial bill. Mr. Smith said: "My impression is that it is the understanding of Congress and the Washington administration that the local Territorial Government will attend to all of its own affairs; that any apparent conflicts arising under the Hawaiian statutes, by reason of new conditions, will be adjusted here; that any matters of this nature, requiring legislative action, will have to be provided for by the Legislature of the Territory. I consider that, in addition to this, other matters which are capable of adjustment by the executive will be arranged by the Governor.

ART LEAGUE ACTIVITIES

Considers the Source.

We know nothing about the alleged Republican machine in Honolulu, if there be such a thing. The fact that the Advertiser says it is smashed causes us to believe that it isn't. The fact that the Advertiser is pouring out upon it all its assorted vials of wrath, contempt, ridicule and abuse, leads us to suppose that it must have at least several redeeming features.

Some of the latter are now talking of calling a meeting of all stockholders, to ascertain how many of those delinquent are willing to pay up their assessments. One director told a reporter that he believed many of them were willing to pay up, but they had been deceived by the leaders of litigation in matters of fact.

TALK AMONG ATHLETES.

A great many of the athletes are interested in the matter of arranging for a meet on the 9th or 11th of June, to be held in connection with the races. It is thought that such events as running and hurdle races as well as others that could be observed without trouble by people in the grandstands, could be brought in so as to greatly enhance the pleasure of the day by adding variety to the usual proceedings.

Maui Planters Combine to Secure Good Labor

Wailuku, May 11.—While this town was bright with the holiday celebration of the Japanese on Wednesday, the plantation managers of the island were holding an important meeting at the residence of Manager Wells of Wailuku plantation to discuss the labor situation. Those present were W. F. Pogue of Kihel, Barkhausen of Kihel, Baldwin of Hamakua, Lindsay of Paia, Lowrie of Spreckelsville, Ahlborn of Lahaina and Wells of Wailuku.

The whole situation was thoroughly canvassed and recent strikes of Japanese discussed. The action of the Lahaina and Olowalu managers in acceding to the demands of strikers was severely criticised. The following resolution was passed:

Resolved, to organize a labor bureau with an office at Wailuku under the control of trustees from the planters to be superintended by a good paid manager. All labor for the plantations is to be employed through this Bureau. Passbooks with various data to be given each man and in case of discharge the cause of the discharge to be clearly stated.

Further details and the time of the inauguration of this system is to be governed by the final action of the United States Congress on Hawaiian labor matters.

Disappearance of \$800.

Purser Anderson of the steamer Kauai that arrived in port Sunday morning states that \$800 was stolen from his room while the steamer was at Eleele, Kaula, a week ago Friday. Marshal Brown, who has the matter in hand, had the following to say today:

"Anderson says that, while at Eleele on the 4th inst. he went ashore and remained all night, carelessly leaving the key in his stateroom door. When he got back aboard the next morning the sum of \$800, consigned to a Chinaman on Kauai, was missing. He immediately wrote to the Inter-Island Co. about the matter."

Lively Runaway

There was a lively runaway down Lihia street this morning. A Japanese left his horse and brake standing in the street without tying the animal. Becoming frightened, the horse bolted and made for King street. Arriving there, the brake collided with a dry driven by a Chinaman. The horses became frightened and, in swerving, threw the Chinaman to the ground with slight injuries. Patrolman Parker caught the runaway horse and arrested the Japanese.

LADIES HOSE
 We have placed on sale THIS WEEK a line of Ladies Fast Black Hermsdorf dyed hose, received direct from the factory in Germany (thus avoiding the American duty) which we are offering at the very low price of 6 pairs for \$1.00. Now this is an opportunity not often offered for ladies to supply themselves with a good staple article of everyday use at such a very low price. We do not claim them to be the finest, but a good strong article of absolutely fast dye.
 In addition to the above we have our usual complete line of Ladies', Gents', Misses' and Children's HOSIERY, which have their own established reputation.
 We have just received a small choice line of Genuine Scotch Zephyrs. Now we do not advertise these as cheap goods, at all, but just the kind a lady would select to make a gown of that she wanted to look stylish in, but that would stand the kind of laundrying it would receive here.
 A small and carefully selected lot of printed pure IRISH LINEN LAWNS in neat and modest designs and colorings 12 yds. lengths which we are offering at just about half the price that they will have to be sold for when imported under the American tariff laws.

Of course all ladies know of the great durability of Irish linen and its delightful coolness, and here, where we use wash goods the year around, it pays to buy a good article that one can feel justified in expending the time and money necessary in making up in a manner that one would not on a cheap article that one would have to cast aside after the first laundering. For trimming these same goods we have a very complete assortment to choose from of embroideries of all kinds, cambric, namsook and Swiss, edgings, insertions and allover, and laces of every description, these all imported by us direct from Europe in bond.
 JUST RECEIVED direct from the factories at Troy, N. Y., a splendid line of GENTS' SHIRTS, in dress, colored and negligee.
 In buying these shirts we have exercised the greatest care, first as to their fit and correctness of style and in case of the colored ones, in the very exacting manner of our examination in regard to their fastness of color, we doing our best to satisfy ourselves that we were getting nothing but absolutely fast colors in these shirts, and hope we have succeeded.
 Call and see them and the line of GENT'S FURNISHINGS AND UNDERWEAR we carry. To housekeepers who might require them in a hurry, we wish to state that we have in stock a complete line of SHEETS AND PILLOW CASES, ready made, in all sizes and qualities and at prices we believe will be found satisfactory.

PLOT TO MURDER GOEBEL

Frankfort, Ky., May 2.—W. H. Culton, the clerk of State Auditor Sweeney, who is under indictment as accessory to the murder of Goebel, went on the witness stand in his own behalf in the hearing of the motion for bail in his case this afternoon and gave highly sensational testimony.

The substance of Culton's testimony was as follows:

"I had talks with Powers and Taylor about bringing men to Frankfort. Taylor wanted about twenty-five witnesses from Jackson county before the canvassing board. I had another talk with Powers, Cecil, Davidson, Howard and others. I did not tell the men who came with me that Democratic legislators were to be killed by raising a row in the Senate, and I never heard it discussed. When Berry's contest was to be voted on I heard his seat even if voted out. I heard nothing said about a plan to kill anybody."

Culton said W. R. Johnson wanted his (Culton's) pistol. "Henry Youtsey told me that Goebel would be killed. I told him that it must not be done. I told Governor Bradley what Youtsey said, and Bradley said, 'My God, this must not be done!' Youtsey afterward said there was nothing in it."

Witness said on the day after the assassination he was with Jim Howard in the State House yard. Howard called his attention to a piece of paper posted in a window.

"Well, what of that?" I asked.

"Oh, you have sense enough to understand, haven't you?" was Howard's reply."

He said Howard took out of his pocket some rifle bullets and also some 45-caliber pistol cartridges. Howard said: "Don't ask any more fool questions."

"Henry Youtsey, after the assassination, asked me where I was the day of the murder. I told him I was up in the lobby of the House. Youtsey asked me how it would do for him to say he was there with me. I told Youtsey that I was afraid he was going to get into trouble, also that Grant Roberts wanted to see him. Roberts had missed his rifle and told me he believed Youtsey had it. I told Youtsey he had better see Roberts."

The witness told of another conversation with Youtsey, who came with Burton of Breckenridge county. He said: "Youtsey said he had the greatest scheme yet; that Goebel could be shot from the Secretary of State's office and nobody would ever know who did it."

Witness denied that he had a conversation with Miss Sallie Jackson, in which he had made statements damaging to himself.

"At a meeting in Powers' office I presided, and the question of providing boarding places for contest witnesses was discussed. B. B. Burton pulled out a handful of cartridges and said: 'A few of these turned loose in the proper place would soon settle the contest.' Caleb Powers said that if any such talk as that was to be indulged in he would leave the meeting."

ATHERTON TENNIS CHAMPION.

F. C. Atherton of the Pacific Club is the champion in singles for the present season, he having defeated P. M. Lansdale in easy fashion on the P. T. C. courts Saturday afternoon. The scores of the three sets were 6-1 6-2 7-5. At the conclusion of the ladies' tournament, Atherton will try conclusions with Elston, last year's champion. Undoubtedly, Atherton stands a good chance of defeating Elston for he is playing in better form than ever before.

In the semi-finals Saturday F. C. Atherton won from E. R. Adams, 6-2, 4-6, 8-6, Adams fighting for every point and giving his opponent all the work he wanted. P. M. Lansdale won from S. G. Wilder 6-3, 6-6, 6-3. The winners of these two matches were predicted in the Bulletin Saturday.

Hilo Baseball.

Hilo, May 10.—The baseball bee is buzzing and the crank dreams of twist-ers and good slides. At a meeting held at the office of J. U. Smith last Sunday it was decided to form a league of three clubs to play during the season, the managers to be Messrs. J. U. Smith, Hermann Dimond and Chas. K. Hyde. Available men were chosen by the respective managers, Messrs. Hyde and Dimond filling and leaving the balance of the players on the island for Mr. Smith to draw from. Following are the names of the players:

Dimond's team—Dimond, Rowland, Ludloff, Bentos, Kalawe, Hapai, Kalawa, Ragsdale, Richard Lyman, Kamakoa, Louis Rich.

Smith's team—Pahio, Howland, Ben Brown, Beers, Victor, Supe, Willie Campbell and Dan Kaonohi.

Hyde's team—Hyde, Noyes, Balding, Easton, Brush, Brickwood, McLain, F. Howland, Maydwell, Abercrombie, Peck, Winter, Baker, Mansfield, Simpson and Brady.

It will be noticed Mr. Hyde had his net out overnight and caught some good men. The first game will be played this month.—Herald.

L. B. Kerr and Hilo.

Hilo, May 10.—L. B. Kerr was so impressed with the business outlook of Hilo during his recent visit that he decided to secure a suitable location and erect a fine two-story building. He has two or three lots in view but the price asked was so much higher than he considered they were worth that he postponed action though he has under consideration a lot on upper Waiianueue street. Should the arrangements be perfected the work of erecting an iron and brick building will begin as soon as plans can be drawn and contract let. In the meantime the firm of L. B. Kerr & Co., Ltd., will occupy the Waiianueue street store in the Peacock block.—Herald.

 Every loyal American of these Islands will accord to the local Democratic party organizers the full measure of respect due honest men prompted by strict integrity to party principle. It is to be hoped the day has passed when difference of political opinion is to be made the nucleus for personal and business antagonisms and men are to be crushed under the heel of a ruling power simply because they have honest opinions and stand by them. If future political action is not divided on American lines it means the old personal warfare over again which no man having the best interests of the Islands at heart can hope to see resurrected.

SPECIAL SESSION WORK.

Surely the Legislature in special session will have enough business of pressing necessity to keep it hard at work the full limit of sixty days. Reducing the salaries of department officials and adapting the administrative detail to the new order of affairs will be by no means the least important of pressing duties of the hour. A legislative session in the early fall will give an opportunity for the preliminary discussion of municipal organization which can be completed at the first regular session of next February. One of the greatest dangers in the present universal demand for city, town and county organizations is that of legislative haste that will make waste and heap a mass of practical mistakes upon the best theory. Everybody's business becomes nobody's with the usual result that the time for action finds public thought at sixes and sevens. The selection of a commission on municipal government by a Legislature elected during the next six months, will give an opportunity to thoroughly canvass the situation, crystallize public opinion and offer to the regular Legislature a solid basis for prompt action. While the Territory lasts, Hawaii's municipalities will be of more direct importance to the people than the policies of the Territorial administration.

NO MONOPOLIES.

The order of the Executive Council that the printing and publication of the Hawaiian Territorial law shall be handed over to the official organ may or may not be a sidelight on the attitude of territorial officialdom which it is now accepted will be the same as that of the Republic of Hawaii. If it may be taken to mean, as the action certainly indicates, that having the same official head and the same personnel throughout the various departments, the former day system of running affairs in a supremely indifferent, high handed style, is to continue Mr. Dole may make up his mind that he will have the same old fight on his hands.

A large majority of the Republicans of these Islands have accepted the continuation of the old official schedule in the spirit that becomes men loyal to the party and ready to sink previous personal differences in their allegiance to the Republican administration. Mr. Dole and his personal followers and advisors must remember, however, that they have a duty to the party and upon their fair minded, liberal action largely depends the ability of the party to overcome the incubus of past mistakes of the Republic.

Printing the Hawaiian law will neither make, break or set up in business any printing house of this Territory. There is, however, no good reason why members of the Executive Council, acting practically under full knowledge of their appointment to administer the affairs of the Territory under a national Republican administration, should ride rough shod over the principle if not the law that all work for the government shall be open to competitive bids—a fair field with no favor in which the best man wins. If the Republican Territorial administration of Hawaii is to be a repetition of an old "We rule" policy, without regard for the party, defeat at the polls will be assurance made doubly sure.

GARBAGE CREMATORY SITE.

Editor Evening Bulletin:—In your Saturday's issue, Mr. Alex. Young gives forth his opinion about a petition which has been lodged with the Executive Council by the residents in the vicinity of South and Queen streets, protesting against the proposed erection of a garbage crematory on the site of the old Kerosene Warehouse lot on South street. Mr. Young evidently has a poor opinion about those who signed the petition, as he lumps them together in a rather contemptuous manner as "Magoon's people," whatever that phrase may mean. The signers consist of people living in their own homes, in the locality referred to, the whole year round—people who cannot afford, perhaps, to take a trip abroad whenever it suits them, but who nevertheless have invested their hard-won savings in their small holdings and who, I may safely say, pay more taxes on property to the value of their properties, than do the wealthy sugar planters of the country. After having to withdraw his ukase abolishing all hack stands in Honolulu from off the face of the earth, I can perfectly understand that Mr. Young has no use for "kickers" as he elegantly expresses it, no matter what the "kick" may happen to be about so long as it happens to conflict with his own views. Nevertheless, the signers to the petition believe they have good ground for their objections to the proposed site.

Mr. Young does not state that a garbage incinerator is a very desirable thing to live close to, but he says that it must be erected "near somebody." Granted that it must, the question remains HOW NEAR. The petitioners are fully aware of the need of a crematory, but they draw the attention of the Executive Council to two sites elsewhere available that would not be very near dwellings and where the smoke would be makai of all dwellings. The sites mentioned were (1) on the sea beach, between the new iron works and the present kerosene warehouse. There are acres of unoccupied land available there. (2) at Iwilei, which lies well away to the leeward of the whole town. Iwilei futher, for many years past, has been set apart as the portion of the town where all kinds of unsavory industries have been carried on. Tallow trying works, slaughter house, soap works, tannery, fertilizer works, public wash houses, etc., may be mentioned. Then why not put up the garbage crematory in the same spot?

I do not wish to take up more of your valuable space, but I desire before stopping, to draw attention to another of Mr. Young's remarks. He pleads that because the San Francisco and Edinburgh garbage crematories have been erected in the middle of those cities that it follows as a matter of course that the site chosen by himself for the erection of the Honolulu crematory is a good one. Two wrongs do not make a right, and because those two cities have ignored the best interests of their citizens by putting up garbage crematories in their midst it is no reason for us here to follow their bad example. San Francisco and Edinburgh moreover are rather unfortunate examples to quote. Municipal governments which allow such plague spots to exist in their center as Chinatown in San Francisco and the Cowgate and the closes of Edinburgh are not good patterns to follow by those who propose to build up a new and better Honolulu.

"Besides dwellings have no right to be on those low flats," says Mr. Young. To this I would only reply that these dwellings are built on about the same level as residences say at Waikiki, occupied by the wealthy class of people. Many of the houses in the vicinity of Queen and South streets were built a dozen years ago. Permission to build was obtained after submitting plans and paying a fee to the Public Works Department, and no objections to building were registered by the Board of Health. Several years ago when Queen street was macadamized, the grade near South street was raised by about a foot, thereby making the adjoining lots below the street level. Much filling in has been and is being done, but it is poor encouragement for the owners to further improve their lands, if an institution such as the garbage crematory, with its daily string of rubbish carts in attendance is to be dumped down in their midst.

PLEBS.

ONLY COURTESY ASKED.

Editor Evening Bulletin:—If the Makiki recreation grounds are to be open to the public there ought to be some arrangement made to prevent such discourteous proceedings as those of Saturday. Members of the cricket club are business men. They set a time for a game Saturday afternoon, not knowing that any other sportsmen wanted the grounds. On arriving they found the grounds occupied by the athletic meet of the Boys' Brigade. Policemen were there to stop the use of the grounds till the Brigade arrived. We are not hoodlums and have no objection to others using the field. We certainly would have made other arrangements had we known of the athletic meet. Business men among the cricketers walked out to the grounds simply to be ordered off. We have no clinch on the grounds and want none, but we do ask that those who have planned to use the grounds give notice in a reasonably courteous manner and thus create a cordial feeling among sportsmen.

NEW SPRING NECKWEAR

Is coming. Cupid calls it good and beautiful. No article of wear partakes of so many patterns and makes as does neckwear. When you see the new the old that you thought beautiful grows stale. We have just received our new spring stock and if you don't say that they are swell when you see them we will quit importing.
 WE ARE NOT exactly selling our goods at auction, but we are doing the next best thing by selling them at greatly reduced prices. It is not our habit to carry goods over from one season to another, so we must sell our remnants of sizes at once, and at such prices that you will save money by buying of us. These goods must sell even if we incur a war in doing so. Boys' and Men's Clothing, Underwear and Men's Furnishings. We mean business. Call and have a look.

HILO DERBY DAY.

Hilo, May 10.—At the request of Alfred Horner an effort will be made to organize a "Derby" in Hilo. In England it is customary to enter colts for the Derby before they are foaled, so that a departure from the English rules would have to be made here during the first three years in which the Hawaiian Derby would be run. In England the weights are 126 pounds for colts and 112 pounds for fillies.

Mr. Horner suggests in a letter to J. R. Wilson that the race be one of not less than one and one-half miles. If it is run he will enter "Old Hawaii," a celebrated racer of a few years ago. There seems to be no doubt in the minds of men interested in racing stock that such an event in Hilo would attract racing men from all over the islands.

Mr. Wilson has a letter from Major Cornwell in which he states that he will probably bring several of his horses to Hilo to take part in the races on the Fourth of July. The track is being rapidly built and there is no doubt it will be finished long before the time set. Carpenters are busy building the grandstand and stables.—Herald.

MAUI POLITICS SLOW.

Wailuku, May 11.—No meeting of the Republican party has been held on Maui yet, and the friends of the Republican party in this town are anxious to know when the first preliminary meeting will be held for organization. Senator Kepoikai goes to Honolulu this evening and it is expected that on his return from the metropolis such a meeting will surely be held, otherwise Maui will not be able to send delegates to the Honolulu convention to be held at the end of this month. The leading men of Wailuku have not yet publicly announced to which party they will affiliate themselves, but it is certain that some of them will surely espouse the cause of the Democrats. As a matter of fact very few men in Wailuku care for politics at present, but the others may come in when the ball is set rolling.

SMALLPOX ON MAINLAND

The Public Health Reports, published over the signature of Walter Wyman, Surgeon General of the U. S. Marine Hospital Service, in the issue of March 23, 1900, contains a circular of information published by the Illinois State Board of Health. From this document the following extracts are taken:

"Notwithstanding the well-demonstrated incontestable fact that chicken pox is preeminently a disease of childhood, it is known that, during the present widespread epidemic of modified smallpox in the State of Illinois and elsewhere, many cases of this disease, occurring in both early and late adult life, have been pronounced chicken pox."

More than a score of medical authorities are quoted in the circular to show that chicken pox is a disease of childhood and "that an epidemic eruptive disease affecting adults and children alike is not chicken pox, and the circular, signed by J. A. Egan, M. D., secretary, says:

"In conclusion, the State Board of Health desires to emphasize the necessity for the observation of the most stringent precautions in every case of eruptive disease, particularly one resembling chicken pox or smallpox. The failure of a physician to readily recognize small pox, or to neglect to recommend the adoption of extraordinary care in all cases of a suspicious nature, may at any time cause the beginning of an outbreak in a community, entailing much sickness and loss of life, interruption to travel and depression of business, and a financial loss impossible to estimate. The most rigid quarantine and isolation is recommended in every case concerning which there is the slightest uncertainty, and the maintenance of such until all doubts are set aside. Especially should a varicella-like eruption in an adult be regarded with great suspicion. It may not be small pox; it is extremely unlikely to be chicken pox."

A footnote quotes the following from a "Precis upon the diagnosis and prevention of small pox, United States Marine Hospital Service, 1899." "The observation of the Marine Hospital Bureau has been that in the majority of mistaken diagnoses with regard to smallpox the disease has been called chicken pox. This is more strictly a disease of children, affecting especially those under six years of age. Chicken pox is a contagious disease, and many local health authorities require its isolation. Particularly when smallpox is prevalent, any case of supposed chicken pox should be isolated and guarded as if it were smallpox, at least until the diagnosis is proved beyond doubt."

Smallpox has prevailed throughout the Northern, Middle and Southern States for the past year, in each of several fully a thousand cases being reported in single months.

David Dayton, a former president of the Hawaiian Board of Health, and then whom few persons here have had equal experience in smallpox epidemics, says that several mistakes have been made here in diagnosing varioloid as chicken pox.

The foregoing information is published by request as a caution to the local medical faculty, as there seems more danger of smallpox slipping into these Islands now than any other contagious disease.

It is reassuring to know that the diagnosis of the case of chicken pox, reported yesterday as on board the transport Solace, was made by Dr. Carmichael, U. S. Marine Hospital Service, personally, with Dr. Wood, president of the Board of Health. After discovery the case was held under observation for a whole day, and there was no doubt, finally, that it was one of the exceptional cases in which an adult contracts chicken pox.

Deceased was a new arrival and had been suffering from malarial fever. The coroner's jury will meet this evening.

HYPNOTIC INFLUENCE.

Editor Evening Bulletin:—The letter to the Editor of the Advertiser this morning on the effect of hypnosis on the mind and body of the subject, attracted my attention.

Hypnosis is simply an assimilation of sleep. The subject is in a perfectly normal condition, with this one exception, he or she receives suggestions through the ear instead of the eye, by the voice of the operator.

Nothing new can be put into the mind of a hypnotized subject. All the operator can do is bring out what is already there. The individuality can not be changed one iota.

If the world would drop the mythological premise advanced by Mesmer and accept the ideas advanced by later and more able scientists—take up suggestion (known as hypnosis as a study to broaden and advance the mind there would be no fears from public exhibitions, nor of results from a perfectly harmless condition. But would look on with the desire of obtaining information on a subject with which they should have been familiar long ago.

Fight Aboard the Agenor.
 The second mate and carpenter of the Agenor had a fight aboard that vessel Friday night which resulted in the loss of one of the latter's front teeth and a large number of bruises and cuts about his face. The mate was arrested Saturday, and the case came up for trial in the Police Court this forenoon.

The evidence showed that the mate hailed the ship twice from the wharf and that nobody responded. The watchman was playing cards in the carpenter's room. The latter interfered when the mate was remonstrating with the watchman and the fight resulted.

The carpenter claimed that the mate kicked him in the mouth when he was down. This could not be proved and the mate, Mr. Carlson, was discharged.

Basket Ball.
 The basket ball game between the Malle-Ilima and Diamond Head teams in the Y. M. C. A. Saturday night, resulted in an overwhelming victory for the former, 21 to 1. The Malle-Ilimas had their best team in the field. Although this was not one of the regular games of the series of six, admission was charged the large number of people present, the proceeds to go into the natatorium fund.

There will be a meeting of all interested in the gymnasium at 7:30 o'clock this evening to make arrangements for the basket ball games that are to follow during the next six weeks. A large attendance is requested.

Mrs. James Campbell leaves in the Australia.

MAUI COURT ITEMS

Waikuku, May 11.—Judge Kalua decided this week in favor of Asa Hanaoka, plaintiff-in-error, vs. Katakoka, defendant-in-error. This writ of error was issued by Hons & Coke when Magistrate Kahokuoluna of Makawao decided in favor of the husband Katakoka. It appears that Katakoka, who has been a resident of Hawaii for the last four years, wrote to his parents in Japan to hunt him up a wife, and his father succeeded in obtaining one and she came to Hawaii with the hope of getting married to him if she found him companionable. On arriving in Honolulu, where she first met her intended, she declared that she would have nothing to do with him, and on coming to Maui she went and lived with her relatives in Kula, and utterly refused to live with Katakoka. Hence the suit in the lower court for deserting bed and board. The Judge in the lower court held that such marriages were valid in Japan and therefore valid here.

The Hawaiian Commercial & Sugar Co. has instituted this week a suit in bankruptcy against J. J. Combs, the young man who started Waikuku the past few weeks by some of his remarkable new ventures in business. The case was heard before Judge Kalua at chambers yesterday, and the Judge being indisposed today, the said case was postponed until next Monday morning. The Sheriff has taken into his charge all the property of said J. J. Combs per order of the court.

A \$5,000 suit against a well known Waikuku attorney to be brought by an enterprising young man of this town, is the talk of the town these days. Although the papers in the said suit, drawn up by a Honolulu attorney, are said to be in the possession of the young man, yet the suit has not yet been filed in the Circuit Court, and may yet vanish into thin air like Banquo's ghost.

The Hawaiian Commercial & Sugar Co. et al has brought a bill for injunction and to cancel lease against the Maui Sugar Co. and twenty-nine others, most of the defendants being natives of Huolo on this island. The bill was issued by the clerk of the Circuit Court today and the Sheriff will serve the summons on the parties.

On the mauka side of Hotel street between Fort and Union, Waikiki side of "The Elite" Ice Cream Parlors

Is KING BROS. ART STORE, where one may get anything in pictures from photos to oil paintings at most reasonable prices.
