KAMALO PROMOTERS ON THEIR DEFENSE

Warrant for Arrest of Material Witness in Murder Case.

WRIT OF MANDAMUS TO BENEFIT SOCIETY

Counsel in Injunction Suit of Kapiolani Estate, Limited, vs. Mary H. Atcherley Agree on New Deal.

Upon the motion of Attorney General E. P. Dole, based on an affidavit of High Sheriff Brown, a warrant of arrest has been issued by Judge A. S. Humphreys against Mita, a material witness for the prosecution in the cause Territory of Hawaii vs. Animoto, murder first degree.

The High Sheriff, in his own information, alleges that Mita is an intimate friend of Animoto, and will resort to every means possible to avoid giving testimony against Animoto, and that if not arrested and kept in custody, or required to furnish bonds, he will leave the country before the trial at next August term or will remain in hiding and thus avoid giving testimony.

In Kapiolani Estate Limited vs. Mary H. Atcherley et al., it is stipulated between Kinney, Ballou & McClanahan for plaintiff and Lyle A. Dickey for defendant, that plaintiff may file an amended bill for injunction within five days, the temporary injunction issued under the original bill to be continued in full force.

Judge Humphreys is hearing the bill in equity of Harvey R. Hitchcock, Lawrence H. Dee, Harry L. Evans and Chas. J. Fisher, on behalf of themselves and all other stockholders in the Kamalo Sugar Co., Limited, against Frank Hustace, John J. Egan, Frank H. Foster and the Kamalo Sugar Co.

ONLY FOR FUN.

Matthews, a young man aged about 18, was arrested at the Salvation Army hall last night on the charge of common nuisance. He was found guilty in the Police Court this forenoon and sentenced to pay a fine of \$5 and costs.

It was brought out during the trial that Matthews went to the Salvation Army hall last night with a wheelbarrow and placing this in the doorway during the progress of the meeting, proceeded to laugh and have a good time.

Matthews stated that he only did this for fun. He had his hands on the wheelbarrow the whole time and was just in the act of removing it when the heavy hand of a policeman dropped on his shoulder.

Judge Wilcox waxed reminiscent before fining the young man, remarking that he remembered a time in his boyhood days when he told his teacher that he did some mischief "just for fun." He was taken into a back room where he could not for the life of him see much fun in the action of the teacher.

MAD RACE FOR GOLD.

Vancouver, B. C., July 7.—The steamer Amur arrived from Skagway today with a quarter of a million treasure on board. She brought back to civilization the Yukon field force; as the Canadian Government considers there is no further necessity for them in the Klondike. Among the passengers were J. H. Gibson of San Francisco, Captain Irving of Victoria, William Braith and W. Nichols bring back the largest share of gold dust. Captain Irving reports a big placer strike near White Horse. He says when he left them were stampeding to the newly found placers on horseback. Seventy per cent of them did not know where they were going, as the name of the creek had not been divulged, but those who did know started at midnight on horseback, and early in the morning over a hundred horsemen were trailing the discovery claim, which is said to be rich. Captain Irving was informed by one of the Government officials that the clean-up this year will be over \$20,000,000.

Verdict of Coroner's Jury.

The Coroner's jury in the case of the two natives who died, one on Sunday night and one yesterday morning, met in the Deputy Sheriff's office yesterday afternoon. On the evidence given by Dr. Garvin, the physician who held the post mortem examinations, the jury brought in a verdict of death from heart disease accelerated by the use of methylated spirits in the case of Lui and death from the excessive use of the same liquor in the case of Kekumu.

Accident at Depot.

Marks, driver of hack 191 of the I. X. L. stand, met with an accident at the depot this morning. He was waiting at the usual place for passengers when his horse became frightened at a train. The animal bolted and turned sharply, throwing the hack over. In attempting to get out of the rig, the driver was pinned underneath. Assistance soon arrived, the horse was caught and Marks extricated from his dangerous position. He was badly bruised and the hack was slightly damaged.

Jerry Reynolds.

Jerry Reynolds, formerly mate of the Robert Lewers, did not return in that vessel yesterday. He has decided to remain in San Francisco for the purpose of qualifying himself for the office of a steamship captain. It is understood that, having completed this work, he will return as mate of the Robert Lewers in order to get more experience at sea.

DEATH WARNING TO CHINESE CONSUL

He Gets a Threatening Letter from Purported Field Laborer Reformers Designated Heroes of This Age.

Yang Yei Pin, Imperial Chinese Consul, has furnished H. E. Cooper, Secretary of the Territory, with the translation of a letter he has received threatening him with death.

A Bulletin reporter called at the Consulate and was readily given the translation. In answer to a question the Consul said he took the letter seriously. He did not consider it a joke. The letter is here given:

You, Yang Ku (a Ram) a traitor! you are about to meet your death! Do you know that I had been a laborer several years in a sugar cane plantation at Kaula? My daily work there was so hard that I could not bear it and would prefer to die than to live because our government was bad.

Now Hank (Yiu Mal) and Liang (Chi-tao) have duly organized a Reform party. Truly they are deliverers of the people of China. Our countrymen in Honolulu have jointly formed a Po Wong Hui (a society so formed as to protect the Emperor.) Indeed they

are heroes of this age. For their so doing gods and men would greatly rejoice to respect them.

Have we done anything wrong against you? What relation is there between you and the false government? You are simply a slave under the control of a slave of slaves.

You sent the names (of the Reformers) back to those dog mandarins for the arrest of our relatives. Have you ever heard the news of Lau Hok Shan?

The work imposed on me has been so hard that I think it is hard for me to get a better life. I would prefer to die than to be alive. I will certainly go to Honolulu to accompany you before the King of Hell so as to have our cause righted there. I write this to notify you beforehand wishing you to get ready of your baggage for the journey.

This is to notify you.

A WARM BLOODED PERSON—the injured party.

From Kaula.

HORACE CRABBE HURT NEW MODERN BLOCK

RUN OVER BY HACK ON KING STREET TODAY

Accident Was Due Entirely to Driver Ah Tim's Criminal Carelessness.

Horace Crabbe, the aged father of Clarence Crabbe, was run over by a Chinese hack on King street at about 10 o'clock this forenoon. Both wheels passed over his body in the region of his chest and it is believed he is quite badly hurt. An eye witness tells the following story:

"Mr. Crabbe was crossing the street near Castle & Cooke's when hack 86, driven by Ah Tim, came along up Bethel street at a fast clip. The old gentleman did not see the vehicle and the Chinaman made no attempt to shout out or to get out of the way.

"Mr. Crabbe was knocked down and both wheels passed over his body. The Chinaman, seeing what he had done and wishing to get out of the way as soon as possible, never stopped to inquire into the extent of the damage done but drove along at the same fast clip.

"Harry Juen happened to be near by and he made a rush for the Chinaman's horse, bringing the animal to a standstill. L. T. Grant then took hold of the horse and detained the Chinaman until an officer arrived from the police station."

Mr. Crabbe was picked up and put in a hack. Captain Opunui offered to take him to the Queen's hospital but he preferred to be taken to his home. Ah Tim has been arrested. The case will come up tomorrow.

Chinese and Japanese hack drivers in the city are notoriously careless in their driving. Of late, there have been very many narrow escapes from injury by them. They seem to think that they may drive all over the street, turn corners on any side and monopolize the thoroughfares as they see fit. Some people think that these men should be examined as to their competency before being allowed licenses to drive.

An Elegant Home.

There are twenty-six choice bargains in property and finished houses on the calendar of Silva & Vivas, real estate agents, opposite the Post Office.

Mr. Vivas, the wide awake, hustling manager of the new firm is a most courteous gentleman to meet and is tireless in his endeavors to please his customers. Take a look at their ad in this issue, then call on the gentlemen and be treated just as though you intended to buy.

Band Concert Changed.

In another column is the announcement of a band concert at Thomas square. On account of the very serious illness of J. C. Cook of T. H. Davies & Co., who lives near Thomas square, Captain Berger has decided to change the place of the concert to the Hawaiian hotel.

SOON TO BE BUILT ON HOTEL STABLES SITE

W. W. Wright Head and Front of Company—Want Ten Year Extension of Lease Before Building.

W. W. Wright, the carriage maker of Fort street, is the head and front of a company that has in mind to build a four-story block on the side of the old Hotel stables, at the corner of Richards and Hotel streets, the same to cover the whole piece of property in question. As arrangements have not been completed yet, the names of the others interested in the scheme are withheld.

The whole thing depends on whether Mrs. Brown, mother of Jim Brown the hackman, will consent to ten-year extension of the lease. The present lease has twenty-five years to run and it is desired that this be made thirty-five years before those interested will be willing to put up the cash for the building of the block.

Mr. Wright will have his carriage shops in a portion of the Building 84x44, facing on Richards street and running toward Ewa. In connection with the shops will be a livery stable confined to the Ewa side of the building, and facing on Hotel street. Then too, there will be an office portion, also facing on Hotel street.

The carriage shops will run up the whole of the four stories but the fourth story of the stables and office part will be run into one. What will be done with this floor has not yet been decided on.

There have already been a large number of applications for rooms in the office part of the building.

It is understood that there is another combination backing the present one. These people were left alone until they had failed to make arrangements for the premises and now, that other parties have come in, it is understood that they are trying to get in themselves.

An answer from Mrs. Brown in regard to the extension of the lease is expected by the Rio de Janeiro.

More Needless Driving.

A Portuguese boy living on Punch-bowl fell off a dray at Palama this morning. Before he could pick himself up a Chinese hack ran over him. His knee was put out and his thigh bruised. He was sent home by a kind citizen who happened along. The Chinese hack driver did not wait at the spot long enough to let his number be known.

BOW WONGS CELEBRATE.

The Bow Wongs are celebrating in their hall at the corner of Kukui and River streets this afternoon, the birthday of their Emperor, Kwang Hsu. The celebration began at 12 noon in a reception. President Wong Leong and Vice President H. A. Hin are receiving the members and their friends. Appropriate speeches have already been

made by Wong Leong, C. T. Akana, Wong Siu King, Woo Fun and others.

This evening the hall will be decorated with lanterns and speeches will be made by prominent members of the Bow Wong Wui.

The celebration of the Emperor's birthday would have been on a more elaborate scale had it not been for the trouble in Peking. Considering this fact, the Bow Wongs have not thought it proper to prepare a big celebration.

FRIGHTFUL ACCIDENT

Enoka, a native wharf hand, aged about 30 years, met with a frightful death at the old fishmarket wharf at about 1:30 o'clock this afternoon while assisting in the work of discharging machinery from the schooner Robert Lewers. One of the fall ropes broke and a piece of machinery weighing over twelve tons fell against the ship, mashing the poor native in the region of the abdomen. It was necessary to haul the vessel away in order to extricate the man. Life was not yet extinct but the poor fellow died while on the way to the hospital in the patrol wagon.

Four Dollars and Costs.

John Carle and A. Baltman were arrested Sunday on the charge of drunkenness. Carle said he was not drunk but when the officer who arrested him and Deputy Sheriff Chillingworth testified that he was, he said: "Well, if those men say so, we'll let it go at that." Carle was fined \$4 and costs, Judge Wilcox remarking that the next time he wished to go on a bender he should go up among the trees on Tantalus instead of making a show of himself in the street. Baltman was fined the same amount. Judge Wilcox advised him also to go into the country the next time and Baltman, not yet sobered, answered: "Yes, Judge, I thing I'll leave it."

Two Liquor Cases.

Donohue, the manager of Long Branch, appeared in the Police Court this forenoon on the charge of selling liquor without a license. Defendant pleaded guilty and Judge Wilcox suspended sentence until tomorrow morning. Judge Wilcox stated that he had heard Donohue intended leaving the country. He wished to learn if defendant was in earnest or whether he told this story in order to get out of paying his fine.

Fisher was tried on the same charge and found guilty. A fine of \$150 and costs was imposed. No defense was put on. Attorney Strauss has noted an appeal for his client.

Narrow Escape From Drowning.

One of the sailors of the Inca had a very narrow escape from drowning near the railroad wharf at about midnight last night. He went to the Salvation Army early in the evening and then made a round of the saloons. He started for his ship in an intoxicated condition and fell into the water before arriving at his destination. His cries for help were heard by Custom House Inspector Hobson who lent a hand and pulled the drowning man out of the water.

Grand Jury Pay.

Attorney General E. P. Dole, on a reference from Auditor General H. S. Austin of a question submitted by Judiciary Clerk H. Smith, has ruled by the terms of the Territorial Act that grand jurors are to be paid by the judiciary and not the Attorney General's department. It is also ruled that no pay attaches to grand jury presentments as does to petty jury verdicts. Mileage and attendance are the same in both cases.

About Japanese Murder.

The following conversation was overheard near the Post Office this morning:

Mr. W.—Well, I see Judge Little of Hilo does not believe in sending the Japanese murderer to Honolulu to be hanged.

Mr. D.—I suppose the poor fellow would rather die than remain alive there.

Military Prisoner Arrested.

Miller, a private in the United States Army who escaped from the Camp McKinley guard house some time ago, was arrested at the police station this morning. He was present to testify in a liquor case and was recognized. A reward was offered for Miller's capture.

KONA SUGAR CO.'S CANE LOOKS WELL

Judge Clark Talks About Kona's Industries and Denounces Alleged Over Capitalization of Enterprise.

George Clark, District Magistrate of North Kona, returned home today after a few days in town. He was seen at the Arlington hotel by a Bulletin reporter and answered some questions while declining to answer others relative to the industrial situation in Kona.

"There is nothing doing in the cultivating of coffee," was the surprising statement made by Mr. Clark.

"Yes, I have a coffee plantation. I have 25 or 30 acres of uncultivated trees. But I never pay anything for cultivating coffee. I get very good crops—about a pound to the tree. It is good coffee, that I can sell for as high a price as any coffee produced by cultivation.

"There is no activity in coffee cultivating enterprises. None whatever. That is all pau.

"No. There has not been any coffee plantation in Kona torn up for sugar cultivation.

"McDougall is picking coffee on something the same principle as I am going on.

"The cane of the Kona Sugar Co. is looking well—it could not be better. Yet you must know, in talking about Kona, that 50 acres of land does not represent more than 40 acres of cane."

Mr. Clark denounced in strong terms what he deemed the excessive capitalization of a recently incorporated Kona enterprise. Its capital is \$65,000, but he considered it would be a waste at that amount. That is, if the public were solicited to take shares.

"Kona has one of the finest climates you can find in the world," Mr. Clark answered to a question as to the prospects of the district as a health resort. "Two men who came there two years ago in very poor health are now able to do hard work every day.

Plenty of Machinery.

The Robert Lewers from San Francisco yesterday brought the machinery for the Honolulu brewery that is to start up at about the first of January of next year. In addition to this she brought a lot of the ironwork for the new Hackfeld building. The Lewers has a cargo of about 1600 tons of general merchandise consigned to H. Hackfeld & Co., Ltd. She brought eleven head of fine horses for the Honolulu Stock Yards Co.

White Teeth!

are generally perfect and sound, and at all events are a much prettier feature of the mouth than dirty and discolored teeth.

Then again when kept clean and white are less liable to decay which rather is due to thoughtlessness in teeth care.

All teeth preparations, in a general way are good—we have them all—some better than others.

TUESDAY, JULY 24, 1900.

FOR PRESIDENT,

WM. McKINLEY.

FOR VICE-PRESIDENT,

THEO. ROOSEVELT.

They'll all be there, the Governor and the voter—all good Republicans at the Thursday night ratification rally.

Hearty and enthusiastic cooperation characterizes the activities of all Republicans in preparing for the ratification meeting of Thursday night.

When planters do not cultivate their coffee but "just let it grow," it is not altogether surprising that reports multiply of retrogression in the coffee industry.

With an evangelist and the Jackass press after them with a sharp stick, Lewis & Turk bid fair to create material for free advertising by all participants in the controversy.

As one of the first fruits of the expansion policy, Hawaii's career will be watched with particular interest by the citizens of the Mainland. What a splendid showing the Territory will offer if it goes on record as not having reached that stage of progressive civilization that will allow the inauguration of municipal organizations. Such a course will give strength to the claim that the expansion policy is turning out wooden nutmegs.

The reason for the non-appearance of Hawaiians on the Grand Jury lists is about as easy to explain as the cause of the edifice player being unable to turn up aces on the first throw. If native Hawaiians are particularly anxious to serve on juries it is highly probable they will find plenty of those drawn for the present term to withdraw for the present term ready to withdraw in their favor. When making up the lists, the judges are as incapable of influencing the results as the gentlemen whose names are drawn.

REPUBLICANS AND HAWAIIANS.

The universal respect shown Hawaii's delegates at the national Republican convention as compared with the criticism to which Hawaiian delegates were subjected by factions of the Democratic convention is a further object lesson to Hawaiian-Americans. Not only did the Republicans in the national Congress give the native Hawaiian full political rights as American citizens—refusing to countenance the scheme to disfranchise—but in the general detail of daily political life the cordiality with which the new American citizens are received is hearty and honest.

The expression "defeated by a Hawaiian" coming from the Democratic convention shows that in its heart of hearts the Democracy puts the Hawaiians on much the same plane as the Southerners did the "Yankee" during the days of secession. The Democrats accept the Hawaiians as guests whose welcome is questionable.

How different was the reception of the Hawaiian delegates at the Republican national gathering. In the national committee when the question of admitting delegates to the convention arose, the preference was given representative Hawaiians. Throughout all the proceedings of the convention the Hawaiians were ever impressed with the fact that although their American citizenship was lately acquired they were to consider themselves the equals of native born Americans, sharing not only the equal benefits but the responsibilities as well. Thus will the Hawaiians ever be received in political and social life by the Republicans. The friendly spirit that gave every citizen the right of franchise has been and ever will be continued toward the people of this Territory.

Voters of Hawaii must realize that the Republican party of the Territory must and will follow in the footsteps of its national leaders. It has taken the initiative in placing all citizens of the Territory on an equal footing and its declaration of principles demands that the right of franchise shall not be withheld. In determining their American party affiliations the Hawaiians have not far to seek friends in the Republican ranks nor are they slow to appreciate the fact that Democratic friendship is a sham and delusion.

AN OBJECT LESSON IN EXPANSION.

(Seattle P.-I.)

The inauguration of Sanford B. Dole as the first Governor of Hawaii is a notable incident in the history of expansion. The first executive under the law by which Hawaii is made a part of our territory, he is also responsible, more than any other man, for the happy consummation of the wishes of the people in Hawaii and those of the United States.

It is especially interesting to note in the inaugural address of Governor Dole, the prominence given to local questions, the strong appeal to local pride. He speaks to the Hawaiians as at once Hawaiians and Americans; just as we glory in being citizens of the State of Washington and also of the great commonwealth of the United States. Their larger destiny being secure, they turn to the thought of home development, moral as well as material. It is the ideal of the American citizen that is set before them; the elevation of the home, the individual, the bending of circumstance to the forming of character, and the conquering of that larger political dignity and power to which they one day aspire. No patriot who senses the full meaning of the occasion, who contrasts what these people are and what they aim at today with what they were ten years ago fails to note the meaning of the change. None would turn the clock backward. Hawaii is an object lesson in expansion.

As with the Hawaiians, so do we desire and expect that it shall be with all those others whose future has been placed in our hands. Each in its own time and place will rise to the measure of its possibilities. We would that all of them were ready now for the status of Hawaii. But we know better. The Porto Rican is nearer to it, but the innate capacity of the Filipino will perhaps enable him to lessen the gap between them. For one and all we will do as we have done with Hawaii; not necessarily enact for them the same laws or the same system, but adapt to each an adjustment of relations suited to its circumstances. Bearing in mind the long years that have elapsed since first the American flag floated over Hawaii, the probation that its people have endured, the waiting for the mere frame of a government, and the state of tutelage in which, to a certain extent, they still remain, the demand for an immediate promise for all time to come to those different races under other conditions whose future we have to study and determine seems less an act of stupidity than a crime. Nobly are we doing today for those whose guardians in the estate of freedom we have become; and in the performance of that high duty the American people will never falter or turn back.

Aloha to Mrs. Galbraith.

Hilo, July 21.—Hawaii Chapter No. 1, Order of the Eastern Star gave its Worthy Matron, Mrs. Nova Galbraith, a surprise party on last week Friday evening. It is declared by the members of the order who participated to have been one of the jolliest of Hilo's social parties. The occasion was the expected departure of Judge and Mrs. Galbraith for their new home in Honolulu in the near future. The event took the form of a sheet and pillow case party of the most ghostly variety. Each member being arrayed in long white drapery, pillow case peaked cap and white mask and carrying a torch. Once arrayed, none could tell the identity of another and many amusing adventures resulted; the endeavors of Mrs. Galbraith to discover the character of her ghostly visitors being not the least. After the unmasking, and the transformation from the supernatural to the natural, the evening was spent most pleasantly, as are all the social affairs of the Eastern Star. The party took possession of Mrs. Chas. Falser's house, dainty refreshments were served and games indulged in until a late hour.—Tribune.

Thirty-five branches, with a membership of 1100 children, were represented at the "demonstration" of the New York juvenile leagues of the department of street cleaning. Waring; their members are children of the tenements, who take a pledge to assist in every way they can to keep the streets clean and prevent any deposit of refuse there.—Public Opinion.

COURT OF INQUIRY

The Court of Inquiry in the case of the damage done the Navy wharf by the Transport Sheridan running into it on her last trip here, submitted its report to Captain Merry, Commander of the Naval Station, yesterday.

"The Hawaiian law does not require pilots to dock ships. Maritime usage and the regulations of the large mail steamship lines generally require that the master shall be on the bridge while the pilot is taking the ship into port.

"The responsibility of the master of a ship is not in any way relinquished to a pilot. Upon arriving within the harbor, it is the duty of the master to bring his ship to dock, and if he permits a pilot to dock his ship that does not make the pilot responsible nor release the master from any part of his responsibility.

"It appears that neither the pilot himself nor the Department of Interior of the Republic of Hawaii made any charge to the ship for the pilot's services, and that it has been the custom of the Hawaiian Government since the first American transport called at Honolulu, en route to Manila during the Spanish-American war, not to charge the United States pilot fees, and that this practice is still in vogue.

"Whether the failure to receive any compensation for the services rendered affects the status of the question is a legal point upon which the court does not care to pass.

"An examination of the wharf by the court indicates that the damage was done while the ship was going full speed astern. All the witnesses examined by the court agree that it was the second blow of the vessel, after the engines had been reversed, that did the damage to the wharf, and the master of the ship claims to have given the order for full speed astern.

"After a review of the law and the evidence and after having heard the individual opinions of the members of the court, it is held that the master of the United States Army transport Sheridan is solely responsible for the damage done by his ship to naval wharf No. 1 in Honolulu harbor on June 9, 1900.

"The court recommends that pilots in the employ of the Department of Public Works of the Territory of Hawaii take pains to inquire of masters of ships, upon boarding the same, as to the difficulties in handling such ships, and also that they keep themselves posted as to the facilities or lack of facilities upon the various docks for handling ships of the size of the United States Army transports.

"Judgment is, therefore, given to the Department of Public Works of the Territory of Hawaii against the United States Army transport Sheridan for the full cost of the repairs necessary to put said naval wharf No. 1 in as good condition as it was just prior to the time of the said accident.

"C. J. CAMPBELL, "GEORGE W. GOODWIN, "WILLIAM A. CLARK."

MUCH MANILA TRADE DIVERTED BY AMERICANS

Washington, July 8.—The Division of Customs and Insular Affairs of the War Department made public today an interesting statement showing the total imports at the port of Manila, P. I., for the calendar year 1899.

Merchandise to the value of \$17,450,412 was imported during the year, which, with \$109,965 in gold and \$1,441,392 in silver coin, brings the total importations for 1899 to \$18,701,469.

Of this amount \$1,887,090 worth entered free of duty. All exports of merchandise were brought in foreign vessels and entered for immediate consumption. The total amount of import duty collected was \$3,604,090.

The imports by countries show: From China, \$6,796,769; England, \$1,102,728; Spain, \$2,624,879; United States, \$1,350,364; British East Indies, \$1,219,502.

The imports of gold coin were \$52,520 from the British East Indies and \$74,425 from China. The imports of silver coin were \$422,840 from the British East Indies and \$718,557 from Hongkong.

The statement also gives a classified detail of imports of merchandise. In many instances the percentage of the various articles coming from the United States was very low indeed, in a great many cases the United States exports were not represented at all.

TROOPS COMING HOME.

Washington, July 2.—General MacArthur cabled the War Department today from Manila that the remains of Lieut. Draper, 23d Infantry, were received June 30, and were buried at San Isidro, Luzon.

Another message stated that the transport Warren sailed from Manila yesterday with a battalion of the 23d United States Infantry bound for San Francisco. The men in this battalion have nearly completed their terms of enlistment, or are incapacitated for active service.

"My dear," said Mr. Boggsley, as he put his arms around his wife and held her in a fond embrace, "why are you weeping?"

"I am crushed," she replied. "I had hoped that we were beginning to be recognized as leaders in society. But today at our club the ladies insisted on voting me as vice president, and now we shall, of course, drop out of sight!"—Chicago Times Herald.

GOVERNMENT OF CITIES AS DONE IN CANADA

It is from the United States that Canada has more immediately received, at least in outline, her municipal system. For this reason, and because new world influences also prevail in Canada, some features of city government in the United States may be used as a standard for comparison.

A second important feature in Canadian municipal growth is the homogeneity of the population—setting aside the French element, which forms practically a distinct group in a single province (Quebec). In 1891 in every 100 of our population 96.7 were British and 1.2 American born.

In the first, municipal offices throughout Canada are filled, not by popular election, but through appointment by mayor and council. Moreover, as a rule, the appointments are not for a specified term, but in practice are permanent during good behavior.

As regards the control of municipal franchises, it is to be noted, in the first place, that there is a marked disinclination in Canada to direct municipal management of public works.

On the whole, the basis of city government in Canada must be said to have been "well and truly laid." The conservatism of the urban franchise; the healthy homogeneity of city population, which the future will probably not affect to the same extent as in the United States; the general policy with regard to municipal patronage and the consequent absence of party politics in city elections; and, finally, the efficacy of "conservative innovations" and gradual growth and expansion of municipal legislation—these are features whose importance can not be lost sight of.

Pay Expected.

The Custom House boys are anxiously awaiting the arrival of the Rio de Janeiro from San Francisco, for it is upon that steamer that they expect the money which is to go toward paying their salaries. Since the beginning of the new dispensation they have not received a cent of pay.

A number of members of a negro minstrel troupe who arrived from the Colonies in the Alameda, are expecting to give a show at the Orpheum Saturday night.

THE GREATEST WEALTH IS HEALTH.

Many a rich man suffering and sick would give all his wealth for the return of good health. Rich and poor can keep healthy if they pay attention to nature's warnings of approaching disease. If your liver is sluggish, if you feel dull, drowsy or inactive; if your heart doesn't pump right, palpitates, thumps, sometimes vigorous, and sometimes faintly; if your bowels are inactive, or overactive; if your stomach falls you; if your kidneys fail to act naturally; your health is threatened; but there is still help for you if you will take KICKAPOO Indian Sagwa. You must act quickly. Disease is progressive; you must stop it at once. Kickapoo Indian Sagwa will do it. Hobron Drug Co., agents for Kickapoo Indian Remedies.

Count Tolstoy has been giving his views on the ethics of suicide, which he declares to be neither sensible nor moral. Life, says Count Tolstoy, has not only been given us for our pleasure, but for our personal perfection, and to serve general welfare. All work appears in the beginning disagreeable. Life has been granted to man on condition that he serves the general universal good, and not that he only makes use of his life as long as it is personally agreeable to him.—Public Opinion.

The quarterly bulletin of the New York Bureau of Labor Statistics states that only four laws affecting the interests of labor were added to the statute book in 1900. These are given as Chapter 453, restricting the hours of drug clerks in New York city to seventy a week; Chapter 533, requiring the provision of seats for waitresses in hotels and restaurants, as has heretofore been the requirement for employers of women and girls in factories; Chapter 298, amending the eight-hour law, and Chapter 461, amending the law respecting the licensing of engineers.—Public Opinion.

Schooner Robert Lewers.

Captain Goodman, who is to be master of the W. B. Flint states that he was neither surprised nor disappointed at not finding that vessel at Honolulu. He expected she would be gone upon his arrival here.

Captain Underwood, well known in Honolulu, is now the master of the Robert Lewers. Captain Goodman will return to San Francisco as soon as possible to take charge of the Flint.

Captain Goodman further contradicts the inaccurate story of the Advertiser by stating that the Lewers left San Francisco on July 6 and not June 29; also that the captain who came with him was not Donnerman but Underwood.
