SULTAN PROMISES.

Sultan Plays at His Old Game of Bluff With the Powers.

Constantinople, April 19.—What may yet prove to be an ultimatum was presented to the Sultan today. An arranged audience was given to the Italian, German and Austrian ambassadors by the Sultan who met the diplomats, supported by the minister of foreign affairs, the venerable Tewfik Pasha.

The audience was a protracted one and the ministers showed by their demeanor that it was a serious matter under discussion.

After the close of the conference it was given out that the Sultan had promised that he would suppress the Albanian bands and restore peace.

Coming as this does on the eve of the date set for the Macedonian revolution the conference has caused the most serious apprehensions.

McKinney Shot.

Outlaw Killed in Desperate Battle After Killing Five Men.

Bakersfield, Cal., April 19.—Outlaw "Jim" McKinney is dead. He was killed today in a battle with a large force of deputy sheriffs. The officers had traced McKinney to the house of a Chinaman where he had been hidden for two days, and in the final battle he managed to kill one deputy sheriff and wound a constable, before he was shot.

Castro Beats the Rebels.

Caracas, Venezuela, April 19.—President Castro's forces have again occupied the cities of Carupano and Orinoco, in Eastern Venezuela, and administered such heavy losses to the rebels under General Matos, that it is thought the revolution has been broken.

Many of the rebel officers have escaped to Trinidad.

Castro's forces will advance clear to the eastern coast and wipe out the rebels in the seaports. The latter have been at the head of the revolution, as following the blockade of Venezuelan ports by the Allies they were unrestricted in the importation of arms and ammunition.

Philippine Judge Dies.

Manila, April 20.—The Hon. J. L. Carlock, one of the judges of the Supreme Court of the Philippines, died here today of cholera. Judge Carlock was born at Atlanta, Ill., in 1868, and held the distinction of being the youngest of the men who presided over the Supreme Court of the Islands. He was a graduate of Eureka College, Ill., and of the Ann Arbor Law School. He was eight years a practitioner of excellent repute, at Peoria, Ill.

Land Bill Amendments.

Dublin, April 17.—The national convention to consider the land bill has adjourned. It is believed that the amendments proposed will be acceptable to Parliament and that the measure with these changes will pass the House of Commons.

President Ignores Strike.

Cinnabar, April 17.—President Roosevelt will continue his trip on the Union Pacific railroad despite the protests of labor organizations, which have been boycotting the Union Pacific since the strike began.

Typhoid at Stanford.

Stanford University, April 17.—There are thirty-two cases of typhoid fever here due to infected milk.

New Honduras President.

Honduras, April 20.—Bonilla is President, Arias is imprisoned and Sierra is a fugitive.

SHAMROCK III ACCIDENT.

Lipton's Challenger Has Hard Luck and Was Completely Dismantled.

Weymouth, Eng., April 17.—The Challenger Shamrock III suffered an accident here today that for a time was thought to put an end to the race for the America Cup this year.

The yacht, with full sail spread, was struck by a squall which completely dismantled her. The sails and rigging came down in a wreck. One man struck by falling rigging went overboard and was drowned. Several sailors were injured and Sir Thomas Lipton was slightly hurt. The yacht's tender quickly went to the rescue.

Sir Thomas Lipton stated that while the accident was a severe setback no injury was done the yacht's hull. He will be ready for the race on time.

Spring Valley Enjoins.

San Francisco, April 20.—The Spring Valley Water Company has secured a temporary Federal injunction against the enforcement of the lower rates for the city water service fixed by the Board of Supervisors.

Philippine Debt Certificates.

Washington, D. C., April 20.—The certificates authorized by Congress for the payment of the Philippine debt have been over-subscribed eight times. Fish & Robinson, the successful bidders, paid a large bonus.

W. R. of Gas Rates.

San Francisco, April 20.—The old gas company has instituted a general reduction to 75 cents in the price of gas. This measure is taken against the Spreckels interest. A lighting war is inevitable.

Lynching Party Planned.

Bakersfield, Cal., April 20.—Marshal Packard, who was shot in the fight with Outlaw McKinney, is dead. There is a prospect that the Hulse, McKinney's companion, will be lynched.

Trouble for Taylor.

Frankfort, Ky., April 17.—Ex-Governor Taylor was further implicated in the murder of Governor Goebel by testimony given at today's session of the Howard trial.

Heir to Holland's Throne.

London, April 19.—A dispatch from the Hague states that it is reported there that Queen Wilhelmina is about to present Holland with an heir to the throne.

Big Bank Consolidate.

New York, April 17.—Negotiations are under way for the consolidation of the National Bank of Commerce and the Western National, with a capital of \$25,000,000.

Cramps Financial Straits.

New York, N. Y., April 20.—A receivership for the Cramps great shipbuilding establishment is to be avoided by a reorganization of the corporation.

Sir Oliver Mowat Dead.

Ottawa, Canada, April 19.—Sir Oliver Mowat, the Canadian statesman, died here today at the age of eighty-three.

Britain's Big Debt.

London, England, April 20.—A statement given today in the House of Commons shows Great Britain's liabilities to amount to £800,000,000.

Palo Alto, April 20.—Twenty additional typhoid cases are reported here today, the majority of them among Stanford students. There is a total of one hundred cases to date.

St. Paul, April 20.—The Federal Court has rendered a decision permitting the Northern Securities Company to receive merger dividends.

SPICES

Many who read this advertisement have never seen any **PURE BLACK PEPPER**. In its pure state it is a most pleasing, fragrant, pungent condiment, but the article commonly sold—a little black pepper and a lot of roasted peanut shells, cannot appeal to any one. Our **PEPPER** comes in 15c, 25c, 40c and 75c tins, and it will be a lesson to you to try a tin of it and learn how little you have known of **BLACK PEPPER**. In future advertisements we will speak of Red Pepper, White Pepper, English Mustard, Leaf Sage, Allspice, etc. In the meantime we want to show you the goods at our store.

SAN DOMINGO REBELS.

Win in Battle From Government Forces Under Vasquez.

San Domingo City, San Domingo, April 19.—The revolution is growing stronger hourly and there have been many recruits to the rebel forces, soldiers of the government who have been without ammunition joining the insurgents. A large force of rebels are now besieging Monte Christo. The United States cruiser Atlanta has been sent from San Domingo to Monte Christo in order that she may land marines at the latter point if it is found necessary to protect the consulate. President Vasquez is said to be on board the government gunboat Presidente, and dares not land at any of his cities for fear of capture by the rebels.

The County Bill.

Honolulu, April 21.—It is possible that the county bill will be sent to the Legislature today, signed by the Governor, and with a message suggesting the correction of the numerous errors discovered in the bill. There is also likely to be a suggestion for a number of amendments to conform with the Organic Act, and one suggesting that the Superintendent of Public Works be required to carry out the acts of the Board of Public Institutions.

Hongkong, April 20.—Famine prevails in the province of Kwangsi. Thousands have perished and thousands more are likely to. The winter stores of crops have been exhausted and it will be midsummer before new supplies can be had. The government can give no assistance.

Berlin, April 20.—Continuous and heavy snows throughout middle Europe have brought traffic to a standstill. Communication by rail, vessel and telegraph is interrupted and many shipping disasters are reported from the Baltic Sea.

Valetta, Malta, April 20.—Today King Edward reviewed 8000 marines of the garrison and fleet.

OUR MUNICIPAL LAW.

How the Conference Committee Settled Differences.

Honolulu, April 14.—At this forenoon's sessions of the Senate and House the following report of the County Bill Conference Committee was presented and adopted by each body:

The Joint Conference Committee, to whom was referred Senate Bill No. 1, commonly known as the County Bill, report that they have been in session and have had the differences between both branches of the Legislature under consideration, and have agreed upon a settlement of such differences and amendments made by the House of Representatives to such Bill.

The Conference Committee adopted and concurred in the amendments made as follows:

First. The title to the Bill to be "An Act providing for the organization and government of Counties and Districts and the management and control of Public Works and Public Institutions therein."

Second. In subdivision "a" of Section 1, strike out the words "within a limit of three nautical miles of the shores thereof" after the word "Islands," on page 1, and insert in the place the words, "of the Territory not included in any other County and the water adjacent thereto." This amendment places all other islands included within the area composing this Territory that lie without the three nautical mile limit within the jurisdiction of the County of Oahu.

Third. In subdivision "b" of Section 1 on line 8 page 2 after the word "thereof," insert the words "and the water adjacent thereto."

Fourth. In subdivision "c" after the word "thereof" on line 18 insert the words "and the waters adjacent thereto."

Fifth. In subdivision "d" between the words "thereof" and "shall" insert the words "and the waters adjacent thereto."

Sixth. In subdivision "e" between the words "thereof" and "shall" insert the words "and the waters adjacent thereto."

Seventh. Section 13, we recommend read as follows: "Section 13. The county of Oahu shall have a Board of Supervisors consisting of seven members, two members thereof to be elected from the Fourth District, two members from the Fifth District, and the remaining three to be elected at large and without regard to their place of residence within said county. Each other of the several counties of the Territory shall have a Board of Supervisors consisting of five members. The pay of Supervisors of each county for the services rendered by them shall be fifty dollars a month for each Supervisor, to be paid out of the county funds."

Eighth. We recommend amending Section 14 by inserting at the beginning thereof the following words, "Except for the County of Oahu."

Ninth. We recommend amending Section 15 by inserting after the words "Supervisors of the County" the following words, "the remaining members shall fill the vacancy, but in the case of a tie, the Governor of the Territory shall fill the vacancy," and by striking out after the word "County" the following, "Governor of the Territory shall fill the vacancy."

Tenth. In subdivision 6 on page 17, and subdivision 12 on page 16 of Section 22, line 6 of Section 31, and in line 5 of Section 32 on page 25 insert in after the words "four-fifths" wherever they may occur the words "or six-sevenths vote order as the case may be." This amendment is made necessary by reason of the change in the number of Supervisors for the County of Oahu.

Eleventh. In Section 49, line 7, page 32, insert after the words "United States" the words "and the laws of the Territory of Hawaii."

Twelfth. In Section 48 strike out the words "members of the Road Board." The amendment is made necessary by reason of doing away with the Road Boards as now constituted, and placing the care, maintenance and repairs of roads and bridges in the hands of the

Board of Supervisors, who will appoint a Road Supervisor for each county or district as the case may be.

Thirteenth. In Section 52 on the last line strike out the word "Governor" and insert the words "Board of Supervisors," this places the appointment of District Magistrates with the Board and takes the power from the Governor.

Fourteenth. Section 181 or Chapter 21, after the words "County Clerk" insert the words "and Recorder;" this simply amends the title to this Chapter to agree with the rest of the Act.

Fifteenth. Amend Section 181 by adding a new subdivision thereto, to be called 3 and to read as follows: "3. And be the Recorder of the County and discharge all the duties of that office, as provided by Chapter 18 of this Act."

Sixteenth. Amend the title to Chapter 23 by striking out the words "Road Board and," and in Section 184 strike out the words "Road Board and" at the commencement of that section.

Seventeenth. Amend Section 199 by striking out the words "one thousand" and inserting in their place "eighteen hundred;" this places the exemption allowed in making income tax returns at eighteen hundred dollars instead of one thousand.

Eighteenth. Amend Section 303 by striking out the words "twenty-five" and insert "fifteen" in their place; this makes the annual fee for a billiard or bowling alley \$15 instead of \$25.

Nineteenth. Amend Section 310 by striking out the word "ten" and inserting in its place "twenty-five;" this makes the annual fee for a butcher's license \$25 instead of \$10.

Twentieth. Amend Section 316 by striking out the word "ten" and inserting the words "twenty-five;" this makes the annual fee to butcher or sell pork \$25 instead of \$10.

Twenty-first. Amend Section 329 by striking out the word "ten" and inserting the word "five;" this reduces the annual license fee of a notary public to \$5.

Twenty-second. Amend Section 356 in the third paragraph thereof by inserting after the words "published in" the following "the County in English or Hawaiian, but if no newspaper is published in the County then by posting such notice in three conspicuous places in the county court house," and strike out the words "English" after the words "published in."

Twenty-third. Amend the title to Chapter 58 by striking out the word "cake" and add a new Section to be called "Section 359A." The annual license to peddle merchandise shall be fifty dollars.

And in Section 320 after the word "cake" insert the words "or merchandise."

Twenty-fourth. Amend Section 370 by striking out the second line after the word "Road" the following words "Board consisting of three members for each District within its county. The members of the Road Board shall serve without compensation" and insert in their place the words "supervisor for each District within its County, who shall receive such compensation as such Board may determine."

Twenty-fifth. Amend Sections 371, 372, 373, 374, 375, 376, 377, 378 and 379 as recommended by the House amendments. The amendments so made and adopted by the Conference Committee are made necessary by reason of doing away with the Road Boards and placing the work and duties heretofore performed by them with a Road Supervisor under the control and direction of the Supervisors.

Twenty-sixth. Amend Section 475 by striking out after the words "to be filled" all the rest of the Section, and inserting in the place thereof the following words "according to the manner provided in Section 15, Chapter 5, of this Act, relating to the Board of Supervisors."

We therefore recommend that Senate Bill No 1, providing for the organization and government of counties be amended as herein recommended, and that this report be adopted by the Senate and House of Representatives respectively.

Dated, Honolulu, April 13, 1903.

TO RESTORE SIGHT.

A Telephonic System in Which Light
Reaches Brain.

A cable to the New York Sun from Paris says: Professor Peter Steins alleges that he has discovered the secret of restoring sight to the blind. An announcement is published in the Revue des Revue by Dr. Caze, who explains how Professor Steins tested on him a wonderful apparatus of Stein's invention by which the professor is not only able to restore lost sight but to give vision to those who have never known it.

Steins took Caze into a dark room and bandaged his eyes so he could not see. He heard the professor walk to and fro, strike a match and light a lamp. Then he felt an apparatus fixed around his temples, whereupon he instantly saw a dim light which enabled him to distinguish surrounding objects. Presently the light became stronger and Caze was able to count the professor's fingers when they were held up before him and to enumerate other things in the room. Just as he was feeling that his vision was clearing further and he was convinced that he would soon see normally, Steins suddenly removed the apparatus and Caze was in total darkness.

Stein's claim rests on the theory that man does not see with the eye but with the brain, the eye only serving to receive the image, which the optic nerve transmits to the seat of reception. If, then, the image can be transmitted to the brain without the eyes, a blind person can see as well as any one else. The professor's apparatus has the same scientific basis as the telephone, with the substitution of light for sound.

Caze says several other physicians have experimented with the apparatus, but none of them is able to explain how the astonishing results are obtained.

Army Intrigue Against King.

Belgrade, April 15.—Several officers have been arrested here for conspiring against King Alexander. King Alexander of Serbia is not popular with the officers of the army and he considers that they are responsible for many of the disgraceful stories that have been circulated broadcast concerning him. At times they have charged that he was a raving maniac and at others that he was making alliances that would not suit Serbia. Recently they have charged that he is making efforts to secure closer relations for Serbia with Austria than is good for the country.

Andrew Welch Director.

San Francisco, Cal., April 14.—In the reorganization of the Alameda Refinery Company, Andrew Welch of Welch & Company will succeed Marston on the directorate. The Alameda property has passed into the hands of the Sugar Trust, the sale taking place shortly after the purchase of the Crockett refinery in which Hawaiian capital was interested. Welch & Company were stockholders in the Alameda property previous to the sale.

Shamrock III Wins.

Weymouth, England, April 14.—In the challenger's trial race today Shamrock III made a better showing than on her last run. Giving the Shamrock I a time allowance of ten minutes the new yacht beat the old one by six minutes over the thirty-two mile course.

Tangier Rebels Active.

Tangier, April 16.—The rebels succeeded in raiding one of the wings of the government forces driving in the outposts and in a pitched battle defeated the detachment with a heavy loss. The uncle of the Sultan was one of the officers captured.

Floods Threaten Sugar.

New Orleans, La., April 14.—Thousands of acres of Louisiana's best sugar lands in the vicinity of Lake Ponchartrain are threatened with destruction by the floods which prevail in that section.

President at Yellowstone.

Cinnabar, April 14.—President Roosevelt is enjoying his stay in Yellowstone Park but has killed no game.

WYNDHAM ON IRISH BILL.

Chief Secretary for Ireland Makes
Vigorous Speech at Manchester.

London, April 4.—Viscount Cranborne, Under Secretary for Foreign Affairs, speaking at St. Albans last night, said that, although he did not believe a dissolution of the House of Commons was imminent, the Unionist party ought to be prepared for all contingencies.

Mr. Wyndham, the Chief Secretary for Ireland, speaking at Manchester last night, alluded to the same subject. He said that he believed that when the bell rang for the next elections the Tory party would be found ready, and would again carry its flag to victory. Referring to the Ashland bill, Mr. Wyndham believed that it would be repudiated. Ireland, he said, had not enjoyed the opportunities at the disposal of other parties of the empire, partly because in 1881, Parliament, instead of giving her justice, gave her litigation. Furthermore, the last fifty or sixty years, the age of steam and coal, had not been happy or profitable for Ireland, a country lacking in mineral wealth. Apart from the justice of the case, continued the speaker, it was to England's interest that Ireland should have a fair opportunity to develop her agriculture.

"In time of peace," said Mr. Wyndham, "Ireland is our best customer, and in war times, when everything depends upon our control of the sea, it would be well to have a big meat supply in Ireland. Every true imperialist wishes Ireland to be a bridge, and not a chasm, between ourselves and Canada, and with Canada I would associate our kinsmen in the United States, and for even a possible chance of attaining that object it was worth while to make an effort."

In seeking a solution he would set only two limits: One, that we must not weaken the imperial credit, and the other, that we must not sap the elasticity of our revenue, which is our reserve in times of danger. Assent having been given to the policy of agrarian peace he was hopeful that the result of the Irish land bill would be something they would contemplate with pleasure.

The Liberal papers this morning, commenting on Mr. Wyndham's remarkable speech at Manchester last night and the flying rumors of the Government's intention to appeal to the country on a programme of self-government for Ireland, declared that it might have been the speech of a Gladstonian, so friendly were its accents toward Ireland, and the wisdom of trusting the Irish people and conciliating the Irish sentiment in the United States and Canada.

The Daily News remarks the significant silence of Colonial Secretary Chamberlain on the Irish problem and the Irish land bill, and the fact that the Government appears to be threatened with the alternatives of defeat or dependence on the Irish vote.

Michael Davitt contributes to the Daily News a long article, in which he discusses these points. Mr. Davitt shows that the Irish land bill embodies, to a certain extent, the policy which Mr. Chamberlain advocated in 1888, though it contains larger financial proposals than Mr. Chamberlain then favored, and it does not provide for provincial councils as an authority between the imperial Government and the tenants. Mr. Davitt thinks that some sort of measure of self-government for Ireland will almost inevitably follow the adoption of the Irish land bill.

William Redmond, speaking in London last night, said that King Edward was assured of a courteous welcome in Ireland because Irishmen, even in the hottest moments of agitation, always recognize that the King was not responsible for the misgovernment of Ireland.

WHOOPING COUGH if neglected, leads to more serious diseases. Chamberlain's Cough Remedy will keep the cough loose, allay the irritation and counteract any tendency toward pneumonia. It always cures and cures quickly. The Hilo Drug Store sells it.

A HORRIBLE SPECTACLE.

Why should Honolulu wish to be a separate and independent self supporting municipality when she has a death grip on the most monumental graft, known to American history? For Honolulu water, for Honolulu wharves and for the purpose of starting the bloom County of Oahu on the high road, this legislature proposes to set aside over one million dollars.

The undying greed of the city of Honolulu is equalled only by the lamblike submission of the outside districts. After an era of twenty years of milking by the insatiate city, the outside districts and their representatives in the Legislature supinely sit and allow the leech of the Territory to swipe and swab up the swag in her same old way.

Half a million for wharves in Honolulu and not a cent for Hilo harbor. Private enterprise alone, supplies our wants and fills the gap made by the rapacious robbers in behalf of Honolulu.

Twenty years ago Hilo wanted lights for her streets. She prayed to Honolulu. Honolulu sent over some kerosene lamps and made Hilo furnish the posts then kicked because we burned too much oil. A decade ago Hilo wanted fire protection. She prayed to the Gluttonous Queen of the Archipelago. They sent over a wornout and useless chemical engine and two hose carts which still stand rusty and useless save as a monument to the wicked political system of Hawaii, which please God is now in the disreputable throes of an ignominious and unchristian death.

Hilo has a hospital. An ambulance has been needed these many years. Prayers have been unavailing until Dr. Cooper came over and saw with his own eyes. This week a grocer's delivery wagon, covered with black oilcloth was sent over from Wailuku by the Kinau. From the depths of our hearts we are thankful that a wornout dray from the Honolulu Road Department was not sent instead of this Wailuku spring wagon. Our maimed, our decrepit and our sick may now be carried over the rockiest streets in Christendom with a little less of pain than ever before.

There is an appropriation for a bridge across Wailuku river in Hilo. The bridge has been dangling in disuse for nearly two years. Only this week a brilliant Senator moved to strike from the appropriation bill, items for abutments for this bridge. It is said to be current opinion in Honolulu, that abutments are not necessary for Hilo bridges. This is a fallacy however, and we wish to assure the honorable legislators, that without provision for abutments, building of the bridges will be delayed. It is no more than right that this information be given out.

Be it far from Hilo to indulge in carping criticism. She has endured neglect with her colleague country towns in Hawaii since infancy. She is willing that Honolulu should now, make her last big damnable grab, and swallows her indignation hoping and believing that Misrule hath heard its death knell in the passage of the County Bill.

THE Hilo Band will continue to be the best musical organization in the Hawaiian Islands, maintained by musicians of public spirit and devotion to their art and to their city. The people of Hilo will continue to encourage the Hilo band with that liberality which has hitherto been shown.

FOR BARBECUE.

The announcement made by P. Peck that ground will be broken on the Fourth of July for the Hilo-Kohala railroad has aroused the people and business men of Hilo to a thorough appreciation of the situation and a celebration on a proper scale is certain to result.

A prominent Hilo merchant said to a TRIBUNE representative yesterday: "Our firm will be one of four to put up \$1000 in cash to defray the expense of ceremonies connected with breaking ground for the Hilo-Kohala railroad. We make no reservation except that the ceremonies of breaking ground be followed up by actual construction work on the road. By actual construction work we mean that such steps be taken say during the month of July, as will prove that the railroad is on firm feet and that Hilo's commercial deliverance is at hand. If actual work is not done in July, then a contract entered into during July for road construction, made secure by the usual bonds given by contractors, will be sufficient evidence of the bonafide character of the road scheme to claim our \$250 contribution to the opening ceremonies on July 4th. We hope you will be able to find three other firms who will round out the \$1000 to be used by the Executive Committee for a barbecue luau, or any other diversion suitable for the day and occasion."

The inducements at home are certainly large for the promoters of the H-K. railroad to close with some one of the offers made to finance the road.

HAINT IT A SHAME.

And now the kaleidoscopic legislature has decided that Berger's band shall not come to Hilo or visit the other Islands. The \$8000 necessary for these junkets has been cut out of the appropriation bill. The reasons advanced were that the outer districts do not appreciate the music of the band and besides, the band is needed to play off the steamers which leave Honolulu. The people of the outer districts, who do not appreciate Berger's rendition of "A Hot Time," and "The Cable is Here," will please note that they are still to be taxed for music that fans only the stagnant air of Honolulu wharves. Honolulu's musical "Aloha" to departing friends and strangers will not be labelled "From All Hawaii." It will bear double embossed in tin, trade mark on every "tune,"—"Honolulu, the open hearted, Honolulu, Queen of the Archipelago, Honolulu, sister mit der Dawn and Bride zu de Volcano Afterglow, How she hades ter haf yer go. What? No? Yes. Py Gott, Vell! Dont it?"

"THE WIRELESS" is the name of a new daily paper published at Avalon, Santa Catalina, an island off the Coast of California. The infant prodigy claims to be the first paper in the world to publish sure enough dispatches, transmitted by wireless telegraphy. This claim sounds funny to Hawaiian Islanders with whom wireless telegraphy has been a household word for nearly three years. The HILO TRIBUNE has been publishing sure-enough wireless news for two years and moreover is issued at Hilo upon a sure-enough Enchanted Isle in an Always Summer Sea.

Why should not the people of the Territory have something to say as to the location of Territorial institutions? While the Legislature is discussing appropriations for the erection of a new penitentiary why should it be taken for granted that Honolulu is the proper place for it. The location of the penitentiary on Maui or Hawaii or Kauai, would probably follow any effort made to ascertain the wishes of the people upon the subject. It is the duty of legislators, who are sent to represent out side Districts, to represent them.

THINGS that are better boosted than knocked: An American celebration of the Fourth of July at Hilo; The Elks minstrels; The Hilo Tennis Club and The Hilo-Kohala Railroad.

HILO AND THE FOURTH.

The action of the mass meeting last Saturday resulting in the appointment of a committee of nine to have general supervision of the Hilo Fourth of July celebration, together with the ceremonies incident to breaking ground for the Hilo-Kohala Railway promises a day of more than ordinary interest and importance. The ceremonies connected with the railroad, alone should bring to Hilo hundreds of visitors. The racing and sports of the day will be planned on a scale that will equal any program heretofore given. In addition to these attractions, the Order of Elks is at work upon an evening entertainment which will eclipse anything in its line yet given in Hilo.

These attractions should bring many visitors to Hilo on the Fourth, and Hilo should prepare to entertain and care for them in her best way.

LOOK FOR GOOD MEN.

The best element in the ranks of the native in politics concedes that under the American flag every citizen has equal political rights and is entitled to consideration according to ability and merit. If the white politicians will act upon the same broad principle in local politics the result of the first County election will be amazing to those who were afraid of local government. There are Hawaiians good enough and with sufficient ability to fill every office in the Territory from that of Governor down to Pound Master. There are among us both Hawaiian and haole citizens unfit to hold any office. The business ahead of all good citizens is to choose the right men. They can be found in any and all branches of our mixed population.

FOR County officials in this County the slogan of the Hawaiian voters will not be "down with the haole." Frank expressions from the leaders of the Hawaiians in politics are to the effect that while the haole will not be boycotted, the natives will be guarded in their endorsement of malihinis. The Scylla and Charybdis of the Hawaiian element is the "missionary" on the one hand and the malihini on the other.

THE vital statistics printed in this issue on the local page are full of interest and convey a fund of information.

PECK CALLED AWAY.

Serious Illness of His Brother Makes Trip Necessary.

P. Peck received a cablegram yesterday afternoon notifying him of the serious illness of his brother at San Francisco and telling him to come at once. As a result Mr. Peck leaves today by the Kinohiwa.

It was Mr. Peck's intention to go to San Francisco early in May on railroad business and he said yesterday that his going now would not affect this matter except to expedite the closing of the deal. He anticipates being away not longer than a month or five weeks and now expects to return with matters in shape to let contracts for grading.

DIED AT SEA.

David Greig Late of Hakalau Expires on Board China.

Mr. George Ross, manager of the Hakalau Plantation Co., received a cablegram Wednesday announcing the death of David Greig on board the S. S. China on the 20th inst., and of his burial at sea on that date. Mr. Greig left Honokaa a few weeks ago for the mainland in search of health. He had been for upwards of nine years team overseer at Hakalau. He was a valued and trusted employee of that Company and highly esteemed for his personal worth by all of his acquaintances. He was a native of Kincairdshire, Scotland. An eight year old son, residing in Scotland, survives him, his wife having died at Hakalau in 1895.

Mr. A. Ainslie of Hakalau and Mr. J. T. Moir of the Onoona Sugar Co. were fellow passengers with Mr. Greig on the China. Before leaving for the mainland Mr. Greig had been in ill health, but was not supposed to be in a dangerous condition. It was the intention of Mr. Greig and Mr. Ainslie to go by the Canadian-Australian line to Vancouver, but while at Honolulu Mr. Greig was taken sick and delayed. They altered their plans and booked on the China.

FIFTEENTH MILESTONE.

Mr. and Mrs. Keith F. Mackie Celebrate the Event.

The crystal wedding anniversary of Mr. and Mrs. Keith Forbes Mackie was celebrated at their home on Pitman street last Friday. In response to invitations, the home was filled to overflowing with happy guests and host and hostess were kept busy throughout the evening looking after the comfort of guests and receiving the hearty congratulations that were poured in upon them.

Mr. and Mrs. Mackie were assisted in receiving guests by Mrs. J. U. Smith, Mrs. Mumby and Miss Carr.

To accommodate the large company and to give more room for the dancers an improvised lanai was extended from the porch. This temporary pavilion was transformed into an arbor of light by a hundred vari-colored incandescent lights, put in for the occasion. The dancing was managed by Mr. C. H. W. Hitchcock with Mrs. Tracy at the piano. Those who did not care to dance were provided with cards and tables. The sideboard was stocked with refreshments and a light supper was served in the course of the evening.

Mr. and Mrs. Mackie were married fifteen years ago at Winnipeg Manitoba and have resided in the Islands almost six years. Many exquisite souvenirs of cut glass were left by the guests as mementos of the occasion.

Those present and invited were: Mr. and Mrs. E. N. Holmes, J. U. Smith, D. W. Marsh, C. Hitchcock, A. Linshay, G. Mumby, J. Canario, W. I. Stone, Fitzgerald, J. Webster, Von Arnswaldt, H. A. WOMEN'S BOARD.

Annual Meeting at the First Foreign Church.

In spite of the inclement weather the annual meeting of the Women's Board of the First Foreign Church was well attended.

The dominant thought of the hour was one of encouragement. This society has extended a helping hand during the past year to four forms of local benevolence—the Free Kindergarten, Chinese Kindergarten, Japanese work at Waiakea, and the sewing school in Waiakea. Reports were rendered from each branch of service showing faithful effort and encouraging progress.

Miss Coan as Secretary and Mrs. Severance as Treasurer have rendered very efficient service for many years, and the satisfactory condition of the society is largely due to their efforts.

The following officers were elected for the ensuing year: Mrs. Nash, President; Mrs. Terry, Vice President; Miss Coan, Secretary; Mrs. Severance, Treasurer.

ALLIED TRADES PROGRESS.

First Move is to Secure Water Front Work for Americans.

The meeting of the Allied Trades Monday night showed an increased interest in the movement on the part of workmen. Thirty-five additional members paid their dues and signed the roll. Copies of the membership roll were left at the Hilo Bakery and Cameron's Plumbing Shop, where they may be signed by any one caring to join the movement. The organization now has over 100 members in good standing.

The first active work to be done in the Hilo labor world was begun at this meeting when a committee of three was appointed to wait upon H. Hackfeld & Co., and the Hilo Mercantile Co. for the purpose of inducing them to use only citizen labor in discharging vessels. A large number of stevedores belong to the organization and P. Hale their leader claims that he can secure more than enough American labor to handle ship's cargoes in this harbor.

Farmers Institute.

The next regular meeting of the Farmers' Institute of the Territory of Hawaii will be held at the Wahiawa Colony, this Island, on Saturday, April 25, 1903. There will be an afternoon and evening session. A complete program for both meetings has been arranged. The afternoon meeting will be an out-door session; the meeting in the evening will be held in the school house.

The papers for the afternoon are: "A Practical Talk on Cows" by J. E. Higgins of Honolulu, to be followed by a discussion led by Dr. Shorey and Mr. Kraus; "The Question of Feed in Hawaii" by Jared G. Smith, to be followed by a discussion led by B. O. Clark. The program for the evening is "Some Injurious Insects of Hawaii," by D. L. Van Dine; "The Planting of Grounds About Home in the Country," by J. E. Higgins; "The Importance of Irrigation in Agriculture in Hawaii" by L. G. Kellogg, Manager of the Wahiawa Water Co., and a discussion on the possibility of sisal becoming an important industry in Hawaii, led by A. H. Turner, Manager of the Hawaiian Fiber Co.

Members from out of town intending to be present will please let the Secretary know their intention as soon as possible.

FOURTH AT HILO.

Grand Celebration and Breaking of Ground for New Railway.

Hilo will celebrate the Fourth of July this year with a program that should attract the biggest crowd ever entertained in the city. The great feature of the day will be the breaking of ground for the Hilo-Kohala railway.

At a mass meeting last Saturday night the people of Hilo made Philip Peck chairman of the Fourth of July Committee on arrangements. In taking his seat Mr. Peck made a short speech in which he stated that the promoters of that road had their affairs in such shape as to justify the breaking of ground on July 4. This announcement was greeted with an outburst of prolonged applause.

From that moment the plans for celebrating went forward with enthusiasm, and what might have been an off year in Hilo will be one of the most notable.

Mr. Peck went on to say, that the money for constructing the road is in sight and that he goes to San Francisco May 8 to close the deal that means the construction of the road.

Previous to this announcement, the meeting had under consideration the appointment of a number of committees to take care of the different features of the day. This plan was put aside and the chair instructed to appoint an executive committee of nine men to have charge of the general arrangements for the day. This committee was instructed to have among other things, racing and sports in the afternoon. But the important matter of the day will be the ceremony connected with the beginning of the construction of the Hilo-Kohala railway.

Nothing further was done, all being left to the committee of nine. It is expected of Hilo, that she will celebrate the day in its general significance as well as its local importance.

The proposition to have fireworks a feature of this year's celebration was voted down. The opinion prevailed that the money could better be expended in purses and trophies for the races and sports. The announcement that the Elks were planning for a first class show on the evenings of July 3 and 4 was received with satisfaction by the meeting, and a disposition was shown to allow nothing to conflict with the Elk program.

Cools the Blood

Hot weather takes the life out of everybody. You become languid, debilitated, nervous, depressed. You lose your appetite and you have indigestion. Your blood becomes impure, your head aches, your nerves are weak, and you are tired all the time. You want something to purify your blood and make it cool and healthy.

Mr. Giovanni D'Nesi, of Parkside, South Australia, tells you how this may be done. He sends his photograph also.

"In this warm and debilitating climate I believe nearly every one needs a good tonic. For a number of years I have relied on Ayer's Sarsaparilla. I can strongly testify to its curative power in cooling the blood in hot weather and in toning up the whole system. It is a wonderful medicine."

AYER'S Sarsaparilla

There are many imitation "Sarsaparillas." Be sure you get Ayer's.

BALKAN WAR GROWS SERIOUS.

Report That a Thousand Fell in Battle.

Berlin, April 3.—A dispatch from Constantinople to the Lokal Anzeiger, dated noon today, announces that the Bulgarian bands and Turkish troops in Okhreida district have fought a battle and that 1000 men were killed or wounded.

Constantinople, April 3.—Official advices from Monastir say the Bulgarian inhabitants of thirty villages in the Okhreida district, totaling 3000 men and supported by the Bishop and a number of revolutionary bands, have risen against the detachment of Turkish troops in the mountains northward of Okhreida, but the troops succeeded in cutting their way out after sustaining considerable loss.

Another dynamite outrage at the town of Mustapha Pacha has led to the discovery that the revolutionary committee is supposed to be responsible for the attempt to wreck the Oriental Express early in the morning of March 31st, when the bridge of the Turkish-Oriental Railroad between Adrianople and Mustapha Pacha was blown up by an infernal machine.

Although affairs at Mitrovitsa and Pristina are reported to be calmer, the rising of the Albanians in those districts creates intense concern at the palace and among the Ministers and at the embassy. It is felt that a continuation of trouble in the vicinity of Sandjak and Navisar is likely to lead to any moment to an extension of Austrian occupation over the entire Sandjak district and as far as Mitrovitsa, although it is believed that nothing short of absolute necessity will induce Austria to take advantage of its rights, which is restored to her by the treaty of Berlin.

Charged With Smuggling.

San Juan, Porto Rico, April 14.—The Grand Jury is investigating charges of smuggling against naval officers.

Captain G. W. Mentz, U. S. Marine Corps, and civilians who were alleged to have assisted him, were arrested at San Juan on Dec. 21 and charged with smuggling two lots of wines and liquors which had been brought from the Danish West Indies on naval vessels. It is alleged that prominent officers of both army and navy had been carrying on the smuggling business for some time and that the elite of Porto Rico were supplied with wine and liquors in this way. Most of these goods are alleged to have been brought by the officers to the Country Club, of which they are members, and then sold. Captain Mentz is the managing officer of the Country Club. It is charged in San Juan that goods are continually landed secretly through the naval station.

Death of a Rabbi.

New York, April 15.—Rabbi Gottheil is dead. Rabbi Gustavo Gottheil was celebrated in Jewish circles as a leader in the reform branch of the Hebrew church and is a man of very liberal opinions. He had worked in Germany, England and America and was known as a leader in Jewish thought in each country. He had been rabbi of Temple Emanuel in New York since 1873. He was born in Prussia in 1827 and received his education partly in Berlin universities. He spent thirteen years in Manchester, England, in charge of the Hebrew synagogue there. His long work in New York made him much revered by all those who came in contact with him and although aged he has taken an important part in religious affairs during the past couple of years.

Big Storm Damages Ships.

New York, April 15.—A storm which has raged all day in the harbor has done great damage to shipping at the wharves and in the stream. The big liners did not attempt to leave and ferry traffic was impeded.

Discussing Labor.

New Orleans, April 15.—The National Manufacturers' Association in session here today discussed the conditions and excesses of labor.

GATES BUYING MINES.

He Invests in Some Very Rich Properties Down in Sonora.

Nogales (A. T.), April 3.—John W. Gates and his associates are putting millions into the Sonora, Mexico, mining fields. They have purchased the Creston and Colorado mines. The price paid for the property is not definitely known, but there is the best of evidence that the amount is a little under \$10,000,000, which was the price asked for the combined mines after the discovery of the new ore body.

The Creston and Colorado mines are not new objects. They are situated about 240 miles south of the border and fifteen miles east of Torres, on the Sonora Railway. The original claims were held by Price & Chamberlain of Cleveland, O. For twelve years the mines have produced gold and silver, and together constituted one of the largest producing properties in North America. The old vein was worked to a depth of 1200 feet and made wealthy men of its owners.

Upon the death of these men about eight years ago both properties were placed in the hands of administrators, who continued working them as one as a matter of convenience. Through the management of the administrators the families of the deceased owners were made immensely wealthy.

Two years ago in cross-cutting from the old original vein a new and much larger vein was discovered, which also proved to be much richer. About 200 tons of ore are being milled daily and the output is estimated at \$200,000 per month.

Missionary Expelled by Germans.

Washington, D. C., April 14.—Secretary Hay has asked Germany for the facts concerning the arrest and deportation of an American missionary and native students at Ruk and Ponape. The expulsion of these people, it is charged, is an impropriety on the part of Germany.

Ruk and Ponape are two islands of the Caroline group and the mission work in them is under the American Board of Commissioners of Foreign Missions. On the island of Ponape where there is a population of about 2,100 people the society has one missionary and his wife, some lady missionaries, a training school for teachers, a girls' boarding school, five native ministers, and eighteen churches. Ruk is a small island thirty-one miles west of Ponape. There are three missionaries there, one missionary's wife, seven native agents, and fifteen churches.

Won't Pay the Head Tax.

San Francisco, Cal., April 14.—The Oceanic Steamship Company refuses to pay the head tax on alien immigrants.

The "Head tax" is a result of instructions recently forwarded by the Treasury Department to all U. S. Collectors of Customs authorizing them to collect a tax of two dollars from each person arriving at an American port from a foreign port. The captain of each steamer is requested by the new regulations to make a statement on arrival of each of the passengers to the Custom House. The head tax was formerly \$1. The new order went into effect on March 4.

TIME TABLE OF STAGE ROUTES.

This is the only line of stages making regular trips between Kau and Hilo, and taking in the Volcano of Kilauaea.

On Thursday and every alternate Tuesday passengers or express leaving Hilo at 7:30 a. m. are landed in either Pahala or Honuapo the same evening.

Through connections with the steamers Kinau and Mauna Loa are made both on arrival and departure.

When the weather is too rough for the Kinau to land at Laupahoehoe Wednesday the leaving time of stage from Hilo is changed to 4:00 a. m. on Thursday morning, and the Wednesday stage from Laupahoehoe to Honokaa will be held to connect with it. On Mondays following the arrival of the Mauna Loa in Honuapo on Sundays, the leaving time of the stage for Laupahoehoe from Hilo is changed to 10:30 a. m., and the Honokaa stage is held at Laupahoehoe to connect with it. Aside from carrying of express matter and passengers these stages carry U. S. Mail, so patrons may rest assured of prompt connections.

Ayer's Cherry Pectoral

Weak throats and weak lungs easily
give way. Some extra strain, as a
fresh cold, and you are down with
bronchitis or pneumonia. Better
strengthen these weak places before it
is too late. Ayer's Cherry Pectoral
heals these irritable throats, gives tone
to the relaxed membranes, and imparts
strength to the lungs.

There are many substitutes and imi-

The only desirable means of reaching the
Volcano. Connections at Mountain
View with stages daily—morning trains
going; afternoon trains returning. Fare
from Hilo for the round trip \$8. This
route is through Olaha plantation, the
largest in Hawaii, virgin forests of koa
and wild ferns, and through many coffee
farms.

The natural wonders of Puna make
that district the most interesting spot in
Hawaii. One can spend a most delight-
ful day exploring the underground caves,
swimming in the famous Hot Springs
and resting on the cool shores of Green
Lake.

Excursion tickets between all points
are sold on Saturdays and Sundays, good
returning, until the following Monday
noon.

Commutation tickets, good for twenty-
five rides between any two points, and
thousand mile tickets are sold at very
low rates.

POVERTY IN PANAMA.

People Subsist on Vegetation Refuse
From Cities.

I have never seen poor people so
poor as they are in Panama, writes
a Panama correspondent of the
Chicago Chronicle. Many of them
do not eat bread at all because they
cannot afford to buy it. They find
a cheap substitute in rice. A plan-
tain which grows wild in great profu-
sion and which can be obtained by
little exertion and no expense is
another staple article of food among
the very poor. The favorite dish
among the lower classes is a sort of
meat and vegetable soup. For a
few pennies they buy a handful of
scraps and undesirable pieces of
meat at the butcher's, which is the
same class of stuff that is given away
as dog meat at our markets, and
this is mixed with vegetables, prob-
ably the cullings from refused
stuff also, and the whole is boiled
into a sort of porridge. The pan
or utensil containing this question-
able mixture will then be put upon
the table—more frequently the floor
—and after it has cooled sufficiently
the whole family will gather around
with forks and spoons, and the way
they go after it is a literal example
of "every fellow for himself and the
devil take the hindmost."

Four to six cents a day will prob-
ably be sufficient to meet the scant
requirements of grown-up persons
among this element, with an allow-
ance of half or less for the young-
sters. Clothes do not enter into
the bill of expenditures at all be-
cause very few are needed, and the
cast-off garments of other people
may be utilized to meet all their
requirements in this way. The
children forage around the neigh-
borhood with the goats and the
buzzards, and seem to be quite as
successful as either in the scaven-
ger line, for, like both, they are
always eating something.

It must not be understood from
the foregoing that all the people of
Panama are poor and lacking in
culture, for this would be far from
the truth. There are many fami-
lies who import their meat from
Chicago and their wines from
Europe. There are many beauti-
ful homes adorned on the outside
by the lavish ornamentation that
nature so willingly provides in this
latitude, if she is but given a chance
to show her handiwork, and fur-
nished with taste and elegance
within. You meet men who are
well dressed, who can speak several
languages and who will discuss
fluently the big topics that are en-
gaging the attention of the rest of
the world. Most of the women of
the best circles are Latin and have
been brought up according to the
Latin standard, and this means
that they are good women, devout
in their religion, devoted to their
family, neat in their attire and
affable in their manners.

Neither is Panama, unclean and
poverty ridden as it is generally,
lacking in physical charm. Nature
has a way of training a green vine
to ornament every rotten stump,
and here she has done her best to
deceive you by flinging her green
banners everywhere, by hanging
up gorgeous flowers that nod to
you from their ponderous stems, by
sending monster butterflies with
brilliant coats to flit across your
path, by putting birds with flash-
ing crests and crimson wings in all
the trees to amuse you with their
antics and charm you with their
serenades. At night, when the sea
breeze is blowing the mosquitoes
and the foul odors inland, and the
stars are blinking at each other
across the great spaces, it is hard
to realize that you are in a land of
disease and decay, where death is
unusually busy in sharpening its
sting and feeding its victims to the
grave.

Kentucky's Official Murder.

Frankfort, Kentucky, April 15.—
Sensational testimony, tending to
connect ex-Governor Taylor and
Caleb Powers with the murder of
Governor Goebel, was given today
at the second trial of Jim Howard,
the mountaineer, for participation
in the murder. Frank Cecil swore
that Caleb Powers and ex-Governor
Taylor offered him \$2,500 to kill
Goebel.

LARGEST FREIGHT STEAMER.

With Displacement of 33000 Tons
Will Fly the Pacific.

New London, Conn., April 16.—
The steamship Minnesota, built for
the Great Northern Steamship
Company, of which J. J. Hill is
president, was launched here today.
The vessel, and a sister ship now
building, are to be in the Pacific
trade. A great gathering witnessed
the launching of this, the largest
vessel of the American merchant
fleet.

The Minnesota will carry as
much cargo as can be laden on
thirty-five railway trains, each of
twenty of the largest freight cars
made. She has sixteen tubular
boilers. Her length is 630 feet,
beam seventy-three feet, depth of
hold fifty-six feet, and her displace-
ment 33,000 tons. Her speed is to
be fourteen knots an hour, secured
by twin screws and triple expansion
engines of 10,000 horse-power.

The vessel and her sister vessel,
which is now under construction,
are the product of the yards of the
Eastern Shipbuilding Company, of
New London, Conn. It is a signifi-
cant fact that these two largest
vessels of the American merchant
marine are to be engaged in the
Pacific carrying trade.

IRISH DELEGATES PLEASED.

Convention of Two Thousand Ap-
prove the Land Bill.

Dublin, Ireland, April 16.—Two
thousand Irishmen, delegates to the
National Convention, called to con-
sider the Land Bill introduced into
the House of Commons by the Bal-
four ministry, today concluded their
session amid great demonstrations
of high national feeling.

The delegates thoroughly canvassed
the measure and at several points
suggested amendments to the
details of the plan. These will be
properly drafted and forwarded to
the Premier at once.

The principle of the bill was ap-
proved unanimously. The debates
show that the Irish people expect
that the operations of this measure
will speedily put them in a position
of independence.

Dr. Lorenz Returns.

New York, N. Y., April 14.—Dr.
Lorenz, the famous Viennese sur-
geon, returned to New York today.
It is said that he will remain per-
manently in the United States and
that he will be the head of a hos-
pital where bloodless surgery op-
erations only will be conducted.
As a monument of gratitude be-
cause his daughter has been re-
claimed from a life of utter help-
lessness and given one of activity
and enjoyment through the work
of Dr. Lorenz, J. Ogden Armour,
the Chicago pork-packer, has begun
making plans for the "Lofita Ar-
mour Institute of Bloodless Surger-
y," which is to be first endowed
with \$3,000,000. While Dr. Lorenz
was being entertained in Chicago,
after operating on the Armour heir-
ess, Mr. Armour discussed his plan
with him and it is likely that the
latter may be prevailed upon to ac-
cept the directorship of the big in-
stitution.

What is Pain Balm?

Chamberlain's Pain Balm is a
liniment, and while adapted to all
the ordinary uses of a liniment, has
qualities which distinguish it from
other remedies of this class. Pain
Balm is especially beneficial for
rheumatism. Thousands of cases
can be cited in which this remedy
has effected a cure when the sufferer
had previously tried the best medi-
cal service without securing relief.
Pain Balm is positively guaranteed
to give relief in the most severe
cases of chronic or acute rheuma-
tism.

Pain Balm heals bruises, burns
and scalds in less time than any
other treatment. It is "antiseptic,"
that is, it prevents putrefaction,
and by so doing generally prevents
an unsightly scar remaining after
the injury is healed. For lame
back, lumbago and neuralgia, Pain
Balm has no equal. It has the
quality of "getting to the right
spot." No sufferer from these dis-
tressing affections should defer a
trial of this remedy. One applica-
tion gives relief. Try it. The
Hilo Drug Store sells it.

SHAM BATTLE AT PUNA.

Members of Company D Will Told on Mimic Battlefield.

Company D will entertain the public Sunday, May 10, with a sham battle at Puna. The Hilo Railroad will give an excursion over its lines that day and everybody is invited to attend the military maneuvers.

The details of the battle have not been fully arranged but will be so as soon as the company's officers make an inspection of the battle field. Captain Fetter and other officers will go out Sunday for the purpose of looking over the grounds. The battle will be participated in by the sixty members of Company D and all the ex-members who are in the city.

The mimic engagement of war will probably take place on a slope near Kapoho, on which three hills offer vantage ground for the defending side. It is proposed to fortify these hills and defend them with the light field pieces. Ten picked men under the leadership of Ludwig will be called upon to defend these points against a general attack from the balance of the company. If the besieged are dislodged from the first kopje, they will retreat to the next, then to the next, where they will take their final stand and use all their strength and military genius in exterminating the storming command of Captain Fetter.

The band will be on the ground to encourage both besiegers and besieged with martial music and it is hoped that the fray will be witnessed by hundreds from Hilo and elsewhere.

The proceeds derived from the sale of tickets for the excursion will be devoted to the use of the company during encampment in July.

Baldwin Tries the Roads.

E. D. Baldwin returned Monday from Kailua, where he had been attending Court. He drove all the way in a one horse buggy, making the trip in four days. He was accompanied by Mrs. Baldwin. Mr. Baldwin says the new road from Low's place to Waimea is one of the most interesting and beautiful drives on the Island. The forests on either side are different from our forests on this side and abound with woods strange even to Mr. Baldwin, whose work as a surveyor made him well acquainted with Hawaiian forests. "The roads from Waimea to Hilo, a three days' trip, are in a deplorable condition," said Mr. Baldwin. "At places the way is almost impassable because of gullies and ditches and stones. Then there are long stretches where one must flounder through mud up to the hub.

"The Kona side looks well from the standpoint of crops. The coffee trees are magnificent this year with a heavy yield in sight. The troubles of the Kona Sugar Company and the low price of coffee are the chief difficulties of that district."

King Edward at Malta.

Valetta, Malta, April 16.—King Edward arrived here from Gibraltar today and reviewed the garrison. He was given an enthusiastic welcome on all sides, showing that the great majority of the native inhabitants have forgotten their bitterness over the language question. The King will go from this point to Rome, to pay a visit to the King of Italy.

Malta is the most important station of Great Britain in the Mediterranean. It is the headquarters of her Mediterranean fleet and a large garrison is stationed at Valetta, the capital. The island is south of Sicily.

Civil War in San Domingo.

San Domingo, April 15.—Fighting has been renewed between the Government forces and the rebels. There are several foreign warships in port watching operations. Reports from the interior are of a constant succession of skirmishes and battles.

Refuses to Abolish Custom Houses.

Shanghai, April 15.—The treaty negotiations are at a deadlock, China refusing to abolish her internal custom houses.

BRILLIANT EASTER CONCERT.

Music at First Foreign Church of Highest Order.

The Easter concert given at the First Foreign Church Sunday evening was a brilliant success. Mrs. J. T. Lewis, who had the concert in charge, has every reason to be proud of the success that attended her efforts. The Church auditorium was filled and the gallery was crowded. The lecture room was drawn on for additional space and half the seats in it were occupied.

The music was good from the opening to the close and many times the audience was in a mood to confer merited applause, which the time and place forbade.

The program entire was as follows:

Roosevelt's Ambition.

New York, April 16.—President Roosevelt's ambition leads toward the presidency of his alma mater, according to a statement made public here today. The report comes from a close friend of the President who is alleged to be at work trying to bring about the consummation of the President's hopes.

It is said that President Roosevelt wants to secure the nomination for the presidency next time and to win the election as well. At the completion of his second term he hopes to be able to secure the presidency of Harvard.

Cholera Assails Troops.

Manila, April 15.—Cholera has broken out among the troops commanded by Captain Pershing, who is now operating against hostile Moros.

Captain Pershing has been operating with a large force against the Moros and has been very successful, having pacified the country to such an extent that he was recently made a datto and had commenced work reorganizing the civil government of the province. With cholera in the ranks and hostile Moros without Captain Pershing is now in considerable danger.

Lynch a Negro.

Joplin, Mo., April 15.—A negro who murdered a policeman was taken out of jail tonight by a mob and lynched. The mob then burned houses occupied by the negroes and drove the black population from the city. The authorities are unable to suppress the disorder. Joplin is a mining town with a rough population.

Tramways Sold.

London, April 16.—Hawaiian Tramways Stockholders today ratified agreement of sale of franchises and property to Honolulu Rapid Transit Company.

So Many People Are Exposed to rain, cold and storm, that it is necessary that they should have something to counteract the effects. A mixture of a teaspoonful of PAIN-KILLER in water sweetened, will stimulate the system and ward off any possibility of cold. It has been used for sixty years all over the world, and millions testify to its sterling worth. There is but one Pain-Killer, Perry Davis'. Price 25c. and 50c.
