### WHAT SHAKESPEARE WOULD SAY.

A bicycle is just what it is made. A good one is a pleasure and pride to its owner, but if perchance he gets a poor one, it were better he never had bought. Be not the first to take up each new idea, nor yet the last to lay the old aside. The manufacturers of the famous Sterling wheel have always been known for their conservatism. Every proportion, every detail of construction in the Sterling wheel is the result of most careful study. They have not adopted any novelty simply because it was a novelty. When they have become convinced a certain detail was good they have carefully weighed the matter before relinquishing it for something untried. "One thorn of experience is worth a whole wilderness of warning." They have determined to build a wheel of sterling qualities, whose reputation, like Caesar's wife, should be above suspicion. A bicycle's defects quickly become known, while its good qualities are recognized only after long use. The Pacific Cycle and Manufacturing Company have half a carload of 1899 model Sterling wheels in transit. Price for the highest grade, \$69.00.

## NOW ATTORNEY GENERAL

H. E. COOPER FILLS PLACE VACATED BY W. O. SMITH.

President Dole Says Vacancy in Foreign Office has Not Been Filled—Important Cabinet Work Today.

Henry E. Cooper is attorney general of the Republic of Hawaii. His commission was delivered to him this morning and at 10 o'clock he was sworn in by Chief Justice Judd.

President Dole denied Saturday that anything had been done in the matter, and said that newspaper articles on the subject were pure guesses, and nothing more.

Be that as it may, this morning President Dole announced to his cabinet ministers that Mr. Cooper had been appointed attorney general, and that his commission was ready. At 10:00 o'clock W. O. Smith announced in the supreme court his resignation from the office of attorney general and stated at the same time that President Dole had appointed Minister Cooper to succeed him.

Minister Cooper was present. Chief Justice Judd stated that the new attorney general needed no introduction, that he was well known to the bar, etc. Attorney General Cooper was then asked to rise, and he took the oath of office. This prescribed fealty to the constitution and laws of the United States and provided that at the end of the term the attorney general should perform the duties of such to the best of his ability, etc. The last line was written.

Attorney General Cooper remained in the court room until the whistles blew 12 o'clock. At 11 o'clock Mr. Smith left the court room and retired to private life. At the noon hour Mr. Cooper returned to the Executive Building and took the chair behind the big desk in the attorney general's office.

President Dole stated at 1 o'clock that there had been no selection for the office of minister of foreign affairs.

There was a short session of the cabinet this morning during which a few public matters were considered. The sum of \$12,000 was authorized to be expended by the minister of the interior from the loan fund for the road from Waimea into Hanalei.

A further appropriation of \$5,000 was made for the Waipunaehi, Kuai, and Paana road, on Oahu.

A third appropriation was \$5,000 for a road to the Waikamalo homesteads, also on Oahu.

A letter from Henry Smith relating to deposits in the Postal Savings bank was referred to Minister Damon.

### COLUMBIA MATTER.

Civil and Estate Business in Circuit Chambers.

As trustee under the will of the late Charles Pittman, of Kauai, Henry Smith has filed his first account as trustee, showing receipts to have been \$438.50 and expenditures \$287.35.

In the Columbia matter Russell Colegrove has filed his bill of costs amounting to \$480.50.

Antonio Richard has filed a bond in the sum of \$3,000 as executor of the will of the late Manuel A. Barete, A. J. Lopez is his surety.

There was a crowd waiting impatiently all day for the decision in the case of the City of Columbia, but it came not. It was not ready before the supreme court opened this morning and was deferred to the afternoon. In all probability it will be filed before night.

### THE WEATHER.

Punahou Observatory, 1:30 p. m. Wind fresh northwest, weather fine. West wind is the cause of the low down point this morning, and may induce colds about town. Morning minimum thermometer, 83; midday maximum 79; barometer, 29.94, irregular; rainfall, none; humidity, 61 per cent; dew point, 58.

### KAMEHAMEHA VS. PUNAHOU.

In the basket ball and tennis competitions between girls of Punahou and Kamehameha last Saturday afternoon, the latter came out victorious in each set. The games were contested with much spirit and proved highly interesting to all present. It was plainly evident all through, however, that the young ladies of Kamehameha had had more practice than their opponents from Oahu college.

### DEADLOCK.

SACRAMENTO, March 10.—The seventy-sixth ballot for senator resulted: Grant 26, Burns 25, Barnes 22.

### MESSENGER SERVICE.

## SUPREME COURT OPENING

THREE JUSTICES TOGETHER ON THE BENCH.

Library Made Strictly a Reference Aid and No Books May be Taken From It—Term Business.

The supreme court opened at 10:00 o'clock this morning for the spring term. On the bench were Chief Justice Judd, First Associate Justice Frear and Second Associate Justice Whiting. Present at the opening were the following members of the bar:

Attorney General Cooper, W. O. Smith, E. P. Dole, Marshal A. M. Brown, A. L. C. Atkinson, F. M. Hatch, Cecil Brown, W. H. Wright, George D. Gear, R. D. Silliman, A. G. Correa, Charles Creighton, T. McCants Stewart, Paul Neumann, P. L. Weaver, J. T. De Bolt, S. F. Chillingworth, Enoch Johnson, James K. Kaula, J. M. Kanehau, J. K. Kahookoa, M. Davidson, W. C. Achi, W. Diskey, George A. Davis, W. A. Henshall, Judge W. L. Wilcox, Royal D. Mead, George Hons, Henry Smith, J. M. Vivas, and the two judges of the circuit court, Perry and Stanley.

The first matter that came up was the formal presentation of Ex-Minister Cooper as the new attorney general, and remarks thereon. Then came the resolutions on deceased members. The third subject was the matter of books in the library. The chief justice urged the importance of members returning books taken therefrom. There was no librarian and the safety and value of the library depended upon the care of members in seeing that books were promptly restored to their rightful places.

Mr. Ballou suggested that books should not be taken from the library at all except for use in the courts. George A. Davis objected strenuously to this, the taking of books of reference being essential to young lawyers not equipped with libraries of their own. Discussion became general, and most of the members sided with Mr. Ballou and the idea as presented obtained by a vote of 28 to 6.

The calendar was then taken up and read. This took until noon when the court adjourned for the day.

### COURT CALENDAR.

Business Before the Circuit Court at Hilo.

The calendar for the April term of the circuit court for the Third circuit has been published. Of criminal cases for the Hawaiian jury, there are two cases of house breaking, two of violating school laws, one for keeping a disorderly house and one for selling spirituous liquors unlawfully. For the foreign jury there is one case of unlawful selling of spirituous liquors, one of house breaking, and one of assault and battery.

There are seventeen civil cases, among which are one breach of promise and five divorce cases. There are three equity suits, and ten civil and one criminal chamber cases.

### THINKS HE IS CHRIST.

Edward Ferriera, a Portuguese resident of Paaoa valley, was brought to the station house this morning and will be committed to the insane asylum for treatment. He has conceived the idea that he is the Messiah, and has thoroughly alarmed his relatives and friends. Ferriera was at one time before in the asylum. He has been at work of late in Kona and returned only last week from there.

### POLICE COURT.

In Judge Wilcox's court this morning Ah Leong was arraigned on two charges of larceny in the second degree and pleaded guilty to both. On the first charge he was fined \$5 and on the second was sentenced to imprisonment for six months. Frank Rodrigues was fined \$6 for assault and battery on a Chinaman. The government collected a total sum of \$10 out of a batch of Saturday and Sunday drunks.

CHAMBERLAIN'S COUGH REMEDY SUPERIOR TO ANY OTHER. George B. Secord, the well known contractor of Towanda, N. Y., says: "I have used Chamberlain's Cough Remedy in my family for a long time and have found it superior to any other." For sale by all druggists and dealers. Benson, Smith & Co., wholesale agents for the Hawaiian Islands.

### OPEN AIR CONCERT.

A free open air concert nightly by the Quaker Wonder Concert Company, 7:30 sharp, corner of Alakea and Beretania streets. Free to everybody.

### 245 CASES MORE.

Another shipment of 245 cases of dry goods direct from the eastern factories. This large shipment following so soon makes an overstock and goods can be secured at almost your own figures. L. B. Kerr, Queen street.

### A GOOD THING.

There's one good thing when they feel dry. That business men cannot pass by. For far and wide it's fame you hear. They step to drink of "Rainier" beer. On draught or in bottle at Criterion.

## RESOLUTIONS OF THE BAR

NOTICE OF THE DEATH OF JUDGE H. A. WIDEMANN.

Resolutions by the Committee Presented Before the Supreme Court Today—Are Spread Upon the Records.

The committee appointed by the Attorney General on Saturday to draft resolutions of condolence on the death of the late Judge H. A. Widemann, completed its labors this morning. This is the document as it will go to the bereaved family and will be spread upon the records of the supreme court.

Whereas, It has pleased the Omnipotent in His wisdom to remove from this world our brother, the Honorable Herrmann A. Widemann, Second Associate Justice of the Supreme Court from July 10, 1869, until February 18, 1874; be it resolved, That through the death of Judge Widemann the Bar mourns the loss of an honored member, and the community a conscientious and upright man, a faithful public servant and a loyal friend.

Resolved, That our sincere condolences and sympathy be extended to the bereaved family of the deceased.

Resolved, That this resolution be spread upon the records of the supreme court, and that a copy be forwarded to the widow of our late brother.

Resolved, That this Honorable Court be moved, that when it adjourns today it adjourns out of respect to the memory of its ex-member the late Honorable H. A. Widemann.

PAUL NEUMANN, ALFRED H. HARTWELL, WM. HORACE WRIGHT.

Mr. Neumann presented the resolution before the supreme court. In doing so he paid a high tribute to the value of deceased as a jurist, a public official, a citizen and as a social factor of the community. He and the late judge were personal friends and had been for many years.

Judge Hartwell seconded the resolutions, and in doing so reminded the court that he and the deceased sat together on the supreme bench from July 1869 to February 1874. At the latter date Mr. Widemann went into the cabinet as minister of interior and the speaker as attorney general. Mr. Widemann afterward gave his personal attention to plantation matters, at Wahee on Maui and Waianae on Oahu. During the whole acquaintance the speaker had known personal friends and had been for many years.

Mr. Widemann at different times was a large landed proprietor in the Islands of Kauai, Maui and Oahu. "He was cut upon a large pattern. He liked to deal in large transactions. I never saw anything small or mean about him."

"He had traveled largely, and although his business cares and social life did not leave much time for reading, he never lost his early taste for classic literature. He had been trained in Latin and Greek, a fact which I did not learn until I had known him a long time, for he was not in the habit of exploiting himself."

"The late political changes in Hawaii came hard to him, not as he told me a year or two ago, because he thought those changes could have long been deferred, but because he did not like the way in which they were made."

"Mr. Widemann's personality was strong, his views on Hawaii social, by and in every other way was great. I join sincerely in mourning for his loss."

W. O. Smith and finally Chief Justice Judd made remarks concerning the private and public career of Judge Widemann, following which the resolutions were adopted. The closing of the court at noon was out of respect to the memory of the subject.

W. O. Smith presented resolutions on the death of Judge William L. Holokahi, of Maui, similar to the others. He said that deceased was admitted to the bar in 1876, and had since been a good man and a useful citizen. Mr. Kaula seconded the resolution and made similar remarks.

### ARMY MULES.

Three Hundred of Them Arrive on the Conemaugh.

The United States transport Conemaugh arrived this forenoon less than nine days from San Francisco, on her way to Manila. She is in command of Captain J. A. Broomhead. She carries about 300 mules for the army of occupation in Manila. She has thirty-six army men, in command of Captain E. R. Butler. Captain Butler's secretary is Hugh Neill. J. A. Walsh is the veterinary surgeon and J. M. Coyne master of transportation. There are three hospital stewards on board.

Several mules died on the trip down. The live ones will be unloaded here and given a chance to stretch their legs and then will be reloaded. The vessel will be here a week or so.

Her decks are piled high with baled hay and other feed.

### EASTER-TIDE MILLINERY.

Mrs. Naphaly begs leave to announce to the ladies of Honolulu, that she will hold her opening for the Easter-tide at her millinery parlors, No. 332 Fort street (Love Building), commencing on Thursday, March 24th, and continuing during the week. She received by the steamer the latest line of the latest novelties in ladies and children's head gear, sailor and walking hats.

### ALWAYS THE BEST.

On every steamer Camarinos receives fresh goods from the Coast. His facilities at the Coast for securing the best on the market cannot be excelled. As for Hawaiian fruits and vegetables, he is fortunate in having a plantation of his own. When you cannot get what you wish in fruits and vegetables at Camarinos', King street, it is safe to conclude that it cannot be found in the city.

The manufacturers of the Peerless preserving paint say nothing about it but what they can prove.

If you want a new carriage or your old one repaired call on W. W. Wright.

## ITALY TO SEND CRUISERS

WILL BACK UP HER DEMAND FOR SAN MUN.

China Will Checkmate Her by Making San Mun a Free Port—This Will Satisfy England.

LONDON, March 11.—The Rome correspondent of the Daily Mail says the government has ordered three iron cruisers to get in readiness to proceed to Chinese waters in connection with the demand of Italy for a concession of San Mun, province of Chekiang.

NEW YORK, March 10.—The Herald Washington correspondent sends the following information that Great Britain and the state department showing that serious consideration is being given by the Chinese government to a proposition to make San Mun a free port. By this action China hopes to checkmate Italy's plan for the seizure of that port and the creation of a sphere of influence in its immediate vicinity.

Since China's refusal to cede the territory to Italy the Rome government has not pressed its demand and in its failure to act the authorities believe that the evidence that Great Britain and Japan have taken such measures as to show Italy the inadvisability of continuing her efforts to acquire Chinese territory.

In throwing open San Mun to the trade of the world China will take a step which will be entirely satisfactory to Great Britain and Japan and pleasing to the United States.

### SUGAR.

NEW YORK, March 10.—Sugar—Raw strong; fair refining, 3 1/2-3 3/4; molasses sugar, 3 1/2-3 3/4; refined, firm and tending upward.

### SUGAR STOCKS.

SAN FRANCISCO, March 10.—Hana plantation, 16; Hawaiian Commercial 14 1/2; Hutchinson, 33 1/2; Paahou, 40 1/2.

### HORSES AND DRIVERS.

Animals Getting in Shape at Park for Coming Races.

More horses have arrived at the Kaplani track to go into training for the 11th of June races, and others will come next Saturday night or Sunday from Maui. There are now about twenty-five fine animals on the track and all are being worked out. This is already as many as have appeared in any previous races, and the indications are that the events this year will be on a larger scale than ever before in the history of the Islands.

Among the noted horses at the race track are the following: W. Norton's Directress, L. L. McCandless' Irish Lassie, H. C. Wood's W. Wood's James Quinn's Violett, W. H. Cunningham's Wela Ka Hao and George Rooderick also has a green wonder on the track. Cunningham, Rooderick and others have a number of unknowns at the park that will make their appearance this season. Some of them are showing great speed.

Jack Gibson is training at the track for Norton and McCandless. McCandless is driving for John Ouderkerk, Mike Costello for Cunningham. Durfee for Cornwell and Joe Reddy for Quinn. Costello is a celebrated coast driver, and was employed for a long time by Spreckels. Durfee, besides driving, is superintending work on the track. He is having it wetted and rolled every day, and is filling and packing the holes made by the army wagons.

### SCHNACKS TO GERMANY.

Mrs. J. H. Schnack and children will leave by the Australia tomorrow for Germany where they will remain about two years. Mr. Schnack will leave in a year or two for his old home in Europe and will return to Honolulu with his family.

### BANK OF HAWAII.

The Bank of Hawaii will be at home in its new quarters in the Judd building this morning. Friends of the bank received through the mail neat announcements of the fact. Many called during the day to see the handsome new banking offices.

### CITY OF PUEBLA.

The government has decided that it cannot yet dispense with the services of the City of Puebla, and the order canceling the charter has been revoked. She will be put in shape for another trip just as rapidly as possible.

### A POPULAR PURSER.

M. A. Tucker, the purser of the transport Conemaugh, was greeted with as cordial a welcome as though he had been a returning kamaaina. The moment he got on the wharf. He was met as purser on the Charles Nelson last August and everybody who had dealings with him or met him then, remembered him and remembered him pleasantly. He has sailed the coast from Valparaiso, St. Michael, and has lots of friends in every port. Within an hour after he came ashore he ran across friends whose friendship he had made in Central America or Alaska.

### MORE OF THEM USED.

There are probably more Singer sewing machines used in the United States than of any other one make. This is a very excellent guarantee that they are one of the very best machines. The points of merit are strength, durability, easy running and simple construction. Very little mechanism to get out of order makes repair bills small. When in need of a new sewing machine examine the Singer before purchasing any other make. B. Bergeron, agent, Bethel street.

Received, ex Mobilian, handsome line of carriages and phaetons. W. W. Wright.

### ADDITIONAL ATTRACTIONS.

In addition to the swell millinery to be displayed at N. S. Sachs Dry Goods Co.'s tomorrow, visitors to the store will do well to look over their stock of shirt waists; they are the very latest New York styles, both as regards material and make up.

## NEGROS ISLAND WELCOME

RECEIVES COL. SMITH WITH HONORS.

Gen. Lawton Arrives at Manila and an Active Campaign Against the Filipinos Commences at Once.

MANILA, March 9.—Advices from Negros Island give the details of the reception of Colonel Smith and the California troops there. The steamer St. Paul, carrying the soldiers, reached Iloilo on March 3d and found fighting in progress. After a brief delay the St. Paul proceeded to Bacolod and arrived the next day. Company A landed, with Major Sims. A native guard of honor was drawn up on the beach. President Anito Lazon of the local native government, whose party had arrived late the previous night, received the Americans. The inhabitants were amicably disposed. An American flag was already flying from an unfinished convent. All were prepared for the reception of the troops.

Captain Tilley of the Signal Corps landed and soon reopened communication with Iloilo by cable. Later in the afternoon Colonel Smith landed. He was received with full honors by the American and native troops, a native band playing a salute on the beach. Colonel Smith was most cordially and enthusiastically received.

NEW YORK, March 10.—The Washington correspondent of the Herald telegraphs: The arrival at Manila today of General Lawton with reinforcements, as called to the War Department, means the beginning of an active campaign against the Filipinos. General Lawton will have, under General Otis, command of all military operations in Luzon, while Otis, as Governor General, will direct the conduct of civil affairs and the military operations in other islands.

Instruction were cable to General Otis today directing him to detach Brigadier General M. P. Miller from the command of troops at Iloilo and order him home for retirement. General Otis will choose General Miller's successor, who will probably be General Anderson or General McArthur.

General Miller's retirement on March 27 will create a vacancy in the grade of brigadier general of the regular army, which in all probability will be filled by the appointment of General Sumner. The latter is likely to be retired at once and General Anderson made brigadier of the regular service so that that officer will not be given as volunteer commission as major general, as originally determined.

### MARSHAL BROWN'S CHARIOT.

Hurry Up Wagon Takes Out a Party of Newspaper Men.

Marshal Brown took a party of the newspaper men, policemen and court officials for a drive this morning in the new "hurry up" wagon of the department. The rig is a spanking affair, drawn by two fine horses imported with it from San Francisco. On the sides are the words Police Patrol in gilt letters, bordered by appropriate ornamentation.

The wagon is an open affair, and in that differs from the "Black Maria" of mainland cities. It has curtains, which may be let down when necessary. There are comfortable seats in it, a space below for inebriates and a swinging stretcher for the wounded. The latter is a strictly modern affair.

The marshal drove the party around town and thence to Oahu prison, where the workings of every feature were shown. The wagon is certainly a complete and valuable adjunct to the department's appliances.

Officer McKeague will drive the wagon. In going out to answer calls he will be assisted by one or more officers. A second force will go on at night.

### PUBLISHING HOUSE.

A native company has filed an application at the interior department for the incorporation of the Hul Nupupa Kalaialaia, with a capital of \$5,000. The concern proposes issuing a newspaper in Hawaiian, do job work, etc.

### EASTER MILLINERY.

Commencing on Thursday, March 23, I will have an opening of new Easter millinery goods. Call and examine my goods and prices before deciding on your purchases. Mrs. Hanna, Fort street.

Only one BEST bicycle. The 99 Cleveland. Come and see.

MAKAWAO COB WEB PARTY

SOCIETY IN A SOAP BUBBLE CONTEST.

Unique Entertainment of the Christian Endeavor Society at Dr. W. F. McConkey's Residence Paia, Maui.

MAKAWAO, March 18.—A very pleasant cob-web party was given last night by the Christian Endeavor Society of Makawao, at the residence of Dr. W. F. McConkey, Paia. The maze wound in and out of the large rooms, down and up the whole length of the long verandas, and even out into the garden, creating great sport and excitement in the unwinding, and in finding who was at the other end of your string. A large company was present, and as each had a string, it added to the difficulties of the untangling, but also to the fun of the event. The party was also a soap bubble affair, as after the webs were unwound, and partners found, neat clay pipes were distributed, the bowl produced, and each by two's in turn stepped up to a table, and blew as many bubbles as possible within the allotted time. A first and a booby prize being soap made to resemble chocolate candy, into which a number of unwary revelers bit, much to their discomfort and chagrin. In the meantime many bowls had been brought in and soap bubbles flew all over the house, with much merriment accompanying them. A recess was then taken for coffee, cake, ginger ale and soda, after which quotations and pictures cut in half were passed around, and the company kept moving to find the missing half. A grand march in and out then took place, and the affair broke up about 10:30 o'clock. The committee in charge deserve credit for a most enjoyable evening.

THE KICKAPOOS. Col. Bigelow will Take a Troupe to New Zealand. MAKAWAO, March 18.—The Kickapoo's are now at Makawao, and will go to Haana on Wednesday. Col. Chas. Bigelow, one of the proprietors of the concern arrived Wednesday, but departs again tonight, on his way to New Zealand. At Honolulu he will join a troop from the Coast, and take them down with him to introduce their remedies to the South Seas. Col. Bigelow has just come from Puerto Rico, and Cuba.

FIRE AT LAHAINA. LAHAINA, March 18.—About 5 o'clock on Tuesday afternoon last, an upstairs room, next to Atong's store on Main street, near the corner of Lahainuluna road, was seen to be on fire. The occupants were all out, but a crowd soon collected, and after ten minutes' lively work, extinguished the fire with buckets of water brought from wells in the vicinity. There was a strong wind blowing, and if the fire had once got a good start, the whole block would have gone. There ought to be a fire engine and volunteer company to manage it.

SNOW ON HAWAII. HILO, March 17.—Heavy storms have prevailed in the mountains the past week, and there is more snow on Mauna Kea than at any previous time this season.—Hilo Tribune. HILO'S VIEW. For Once Honolulu Meets Approval on Hawaii.

"We are inclined to think that the majority was wise in the recent Honolulu caucus, when they decided that the time was still 'too previous' to organize a political question, which for us don't yet exist and to annex themselves to a party with which they would necessarily 'fail to connect.' 'Hilo's republican 'enthusie' grew up like Jonah's gourd in about fifteen minutes and ripened in one night (sort of a night blooming cereus) with the assistance of a brass band, some scores of Portuguese and a few enterprising politicians. The brilliant sunshine of its own success, withered it the next day, and since then it is spoken of as one of the dear departed. 'Herein is the wisdom of Honolulu greater than that of Hilo.'—Hilo Tribune.

MONDAY, MARCH 20, 1899.

The authority of the Board of Health extends throughout the district of Honolulu, and indeed throughout all districts of the Islands. It would be well if one of the officials of the Board should take a ride up Nuuanu valley, and investigate the sanitary condition of the laborers' camp. That an epidemic has not started up there, shows under what sanitary disadvantages man is able to support life. There is no drainage on the spot chosen, and the order is, to say the least of it, strong.

With the support of the Maui people the czar will feel himself strengthened in his peace policy and as soon as the great powers hear of it they will at once drop their armaments and turn their swords into plowshares. President McKinley will have to send peremptory orders for the recall of Dewey and Otis, and all the national cannon and rifles in the Philippines will be melted into sugar machinery. It was only the other day that the Maui people voted for expansion. Now as expansion means increased armament, the Maui people do not seem thoroughly decided as to what they favor.

The work that has been done at the Molokai settlement in giving increased water supply is very satisfactory so far, and promises much advantage to the population. Though there has not been lack of water for ordinary household purposes, there has been dearth for the purpose of irrigation. As there is a practically inexhaustible supply from the valley whence the water was drawn, there is no reason why by putting in a larger pipe, all the water required should not be brought to the settlement. This work is almost completed, and a considerable increase in tree planting and garden cultivation will be the result. Nothing can be healthier, as an occupation to those in the settlement, than horticulture.

The Olaa coffee plantations sink into the background and sugar is to take their place apparently. Nothing has been heard of late of the Puna coffee plantations. The home of coffee, as a profitable investment, seems to be in Kona, but even there the output is limited. Coffee has to pass through its season of depression. The history of sugar cultivation on these Islands has not been all of a rosy hue. Much money was lost, and much labor was thrown away before its profitable cultivation was thoroughly understood, and its manufacture had become a science. When the price of sugar was three and four times what it is now, money was lost over it. All industries have their boom and their depression. Coffee is not by any means so done as many people now think.

The withdrawal of W. O. Smith from the cabinet has called for a change. There has been a division of opinion as to the new attorney general, and several names were proposed or thought of. Without being officially asked two gentlemen were unofficially approached. Neither showed any desire for the portfolio, and so it has gone to Henry E. Cooper, formerly minister of foreign affairs and president of the board of education. The defunct position of minister of foreign affairs is easier to fill than the attorney generalship, because it does not require the unremitting care which the latter does, and the gentleman who undertakes it will have more leisure than he who has to work at the government cases, supervise the police system of the Islands and attend to the many serious matters connected with the board of health.

The idea of having an agricultural society and an agricultural show once a year, seems to have been quite lost sight of. Presumably it is very little use urging such a project now, because everybody's attention is so taken up with sugar stocks and the cultivation of cane. But there will come a limit to prices at last and attention will have to be given to steady agricultural progress. There is no better incentive to local competition and local improvement. Every principal county seat in the mainland has its annual fair, and every state its annual state fair. Not only are these fairs an excellent center where agricultural, horticultural, dairy products and machinery connected with them, are displayed and can be compared, but the fair affords a pleasant recreation for a number of people whose lives would be very dull without the annual outing. Now in the Hawaiian Islands, outside of two or three centers, there is nothing but hard work from year's end to year's end.

**DIRTY CARS.**

Complaint is constantly being made about the filthy condition of the tram cars. They were bad enough always, but of late they have been worse than ever. It is not that the platforms are rickety and that the paint is disappearing from the Noah's arks, nor that they accumulate dust and other undesirable debris, nor that the entrances

are blocked with Chinese baggage and Anglo-Saxon bicycles. All these things we have had and suffered from long enough. But of late it has become the habit for some of the passengers to chew tobacco and spit all over the cars, which is not only disgusting in itself, but is injurious to the dresses of the ladies who patronize the cars. Moreover it is also becoming the custom to smoke in all the cars.

The keeping the cars clean is certainly much the duty of the tram car people, as keeping the track in a safe condition. It is a very simple matter to make regulations on the subject, and if they are violated appeal to the law. No persons should be allowed to spit on the floor of the cars, and if they do it, they should at once be given a chance to stretch their legs and walk. Public opinion will readily support the officials of the tramway company if they are firm in this direction.

In the matter of smoking there should be consideration for both smokers and non-smokers. There is no difficulty about the matter in San Francisco. Smoking is not permitted in the car nor on the forward platform. At the back of the car one can smoke. The population of San Francisco is far more difficult to handle than the car travelling population of Honolulu, but the rules of the car companies are carried out without trouble. People simply obey them because they have to be obeyed.

Another complaint is about passengers putting their dirty boots upon the seats. It may be a comfortable way of travelling, but it is not very pleasant for a lady daintily dressed in white to have to sit down on a seat upon which a dust covered pair of number twelves has been resting.

The complaints upon these points have come to The Star from all directions. People who have been quite content to accept the antediluvian form of transit which we have, without even a murmur, object strenuously to the nuisances cited above. The worm will turn at last, and the tram car company seems to have reached the breaking point. This matter which is now brought to the attention of the tram car officials, will cost nothing to reform, and will certainly gain for them friends, by showing that reasonable complaint will be attended to.

**TEA.**

The question of tea planting has had very little ventilation in the press of these Islands, and the letter upon the subject published on Saturday, written by James Hutcheon, who has had thorough practical training in tea cultivation, may call attention to the matter.

There has been a little experimenting with tea. The first experiments were made, as far as memory serves, at Kukuihaele, by Herbert Purvis. The tea did well and the leaves were cured after a fashion. But it was work by rule of thumb, and neither the cultivator nor the manipulator were scientific. The experiment was made about '88 or '89.

Somewhat later an experiment was made upon a much larger scale in North Kona, and the tea grew most luxuriantly. From this experiment some tea was put upon the market, but through causes, with which the writer is unacquainted, ceased to be sold, or failed to find buyers. The remark at the time the tea was growing was that it was too luxuriant and the leaves too coarse. But this might be modified by special preparation of the land and experimenting with various kinds of seed.

It may safely be said that tea has never had a thorough chance. But, as Mr. Hutcheon points out, there is no reason why the United States, now that she possesses the Islands, should not grow and prepare her own tea instead of buying it from Japan and China. Just now all attention is centered on sugar, but the time will come when we must have diversified industries, and the broadest minded of those now gaining wealth, will do wisely to foster such things while the sun is shining. The tendency on the Islands has always been to put the eggs into one basket, but it is wise to divide them. Of course no one ever does pay attention to advice or suggestion when the golden shower is coming in, but no shower lasts for ever.

### To Attorneys.

And to whom it may concern:

I beg to call your attention to my capabilities as an auctioneer, and respectfully solicit such business as might be at your disposal. I act as referee; conduct such sales as are formally demanded in the transaction of legal affairs; make appraisements and act as administrator of estates. I have all the facilities necessary for the successful conduct of this special class of business. I am a licensed auctioneer, thoroughly familiar with all the requirements demanded in the office as such, and PERSONALLY CONDUCT all sales. In short, I will take full and complete charge of all affairs appertaining to real estate.

### Real Estate Owners.

My Real Estate Department is devoted to the listing and sale of Realty, and is most thoroughly equipped. My methods are peculiarly my own and are uniformly of satisfaction to all with whom I have business relations, as in all the departments the utmost courtesy is extended to all. Special attention given to the subdivisions of outlying tracts. Twenty-five and more years experience justifies this statement.

### House Renting

### RECORD WEEK AT KAHULUI

AN UNPRECEDENTED JAM OF SHIPPING.

Ten Vessels in the Harbor or Awaiting Berths—Wharf and Loading Facilities Now Being Increased.

KAHULUI, March 18.—This has been a record week in shipping for Kahului. Six vessels in port, three lying off waiting for berths, and one at Lahaina for the same purpose, beats anything in the history of the Kahului. Three out this week, and one early next week, will enable those in the offing to come in, and unless others turn up very soon, the jam will be overcome. As it is now, all the warehouses and sugar rooms are filled to overflowing with sugar, and Puna mill was obliged to shut down one night this week for want of store room.

The Kahului Railroad company has now secured the new wharf at Kahului, built by the Hawaiian Commercial Company, and will use it in conjunction with their own, so that hereafter the present state of affairs should not occur again. The new wharf needs to be strengthened with timbers, to protect the cement piles from the bumping of the lighters, and J. Oudekerk of Honolulu has been awarded the contract for this work. Extra hands have been put on the new lighters, and it is hoped to get them in the water within a week or so.

The Kahului Railroad company has laid its tracks onto the new wharf, so that there will be no delay in making use of it, when it is in shape.

### THE GRANT ARRIVES.

NEW YORK, March 11.—The cablegram received at the war department today dated Manila, March 10th, says the transport Grant arrived with the troops in good condition. The Arizona and Newport leave today for San Francisco, the Arizona via Hongkong, and the Newport via Nagasaki. The Grant carried to Manila the Fourth Infantry and four companies of the Seventeenth Infantry.

This adds to the troops under command of General Otis 42 officers and 1,716 men. The Grant, with General W. B. Lawton in command, sailed from New York January 19th.

### HAS RECOVERED.

William Wound, who has been confined to the hospital with an attack of malaria, has now sufficiently recovered to be able to visit town.

### DROWNED AT SEA.

SAN FRANCISCO, March 11.—L. Lowma, about 40 years of age, who was from Cincinnati, but had recently visited near Los Angeles, was drowned at sea on Friday morning, March 8th, by falling overboard from the barkentine S. N. Castle, bound from Honolulu to San Francisco. The accident occurred in longitude 159 degrees 35 minutes west, latitude 34 degrees 11 minutes north. The remains were not recovered.

### NERO NEARLY READY.

VALLEJO, March 9.—The United States steamer Nero has received a thorough overhauling at the Mare Island navy yard and is now ready for sea. The Nero will be sent on special survey duty between Honolulu and Manila. The vessel carries a crew of eighty-five enlisted men and eight officers.

### LOCAL AND PERSONAL.

Electric  
Company.**

The cleanest, brightest, safest and really a long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks."  
This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light.  
Just think it over and make up your mind what you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want.

ENDORSED BY THE MAKAWAO FOREIGN CHURCH.

Resolutions Adopted to be Sent to the International Peace Conference—Swords Beaten Into Plough Shares.

MAKAWAO, March 18.—Rev. E. G. Beckwith preached a rousing peace sermon on Sunday last in the Makawao Foreign Church, after which he offered the following resolution, which was unanimously adopted, and which he proposes to send on to the Peace Conference:

Resolved, That "The Foreign Protestant Church and Congregation of Makawao," Maui, Hawaiian Islands, hereby express their hearty approval of the efforts now being made by the Czar of Russia, to seek, by means of international discussion, the most effective means of ensuring to all people the benefits of a real and durable peace, and earnestly hope that the International Conference, summoned by His Imperial Majesty, may prove the agency, under God, for the hastening of the day when "nation shall not lift up sword against nation, neither learn war any more!"

We have now on tap a supply of pure and unadulterated wind, free to all, direct from our own wind-bag, warranted to ride easier than any other brand on tap in Honolulu; puncture-proof and free from oil or any substance that could possibly injure the most sensitive tire. Remember, that a blow up at Bailey's will go farther than any other in town. We have the finest thing in connection with free air; no hose, no trouble.

Talking about puncture-proof, we shall have in stock in a few days a tire that a Kiawe thorn cannot penetrate. We sent to the maker a full line of thorns for trial. The factory experimented with them and found that the Milwaukee Puncture-Proof Tire is impervious to the worst Kiawe thorn you can find. It is also as easy to ride as any first class tire in the market. Puncture Proofing has not affected its resiliency. No metal strips in the tread. For sale in the Hawaiian Islands exclusively by

IS STORMY IN PORTO RICO

CONDITIONS ALARMING SAYS GENERAL HENRY.

Bitter Antagonism Shown Against the Americans—Secret Societies and Conspiracies on All Hands.

NEW YORK, March 10.—Colonel Hubbell, who returned with his command, the Forty-seventh Regiment, from duty in Porto Rico on the transport Manitou today, gave some interesting information tonight about the condition of affairs in our new West Indian possessions. "There are many persons," he said, "who think we were welcomed to Porto Rico and sent away amid a shower of bouquets. This was not the case. The Porto Ricans do not like the Americans. They want and are planning for their freedom. "We had more or less trouble all the time with these natives, but their hostility was more openly displayed when it was learned that we were going to leave. All the while we were subjected to petty annoyances. A number of attempts were made to knife our sentries. The natives are treacherous and we had to use severe measures at times. "There was at one time an open insurrection, but I discovered three weeks ago evidence that the so-called 'Educational Society' was strong and bitter in its antagonism. They held meetings which we dispersed. We discovered and nipped in the bud a conspiracy which had for its object an entrance into our barracks and the wholesale mauling of our soldiers. "Unless there is a great change, I am convinced that sooner or later there will be serious trouble down there. I should, however, qualify their feeling by saying this, that they hate Americans, not for their personality, but because they want to be free. The feeling in the interior of the islands is more intense than along the coast. The Spaniards are not responsible for it because they are migrating. The people there do not like their old enemies, either. "The ill feeling between the natives and the American troops seems to grow stronger every day. The American officers have to maintain the greatest vigilance to prevent their men from wreaking vengeance on the natives, especially on the native police, for acts of violence that are continually committed against the troops."

CHICAGO, March 10.—The Tribune this morning publishes an interview with Gen. Henry at San Juan in which he says: "The conditions are alarming. These people are now clamoring for local self-government. They are no more fit for local self-government than I am to run a locomotive. More troops are needed in the island. The seeds of discontent planted by professional agitators are rapidly growing and can be kept down only by a strong military force. "The ill feeling between the natives and the American troops seems to grow stronger every day. The American officers have to maintain the greatest vigilance to prevent their men from wreaking vengeance on the natives, especially on the native police, for acts of violence that are continually committed against the troops."

PUBLIC CONCERT. The band will present the following selections at Emma square this evening: PART I. Overture—Ten Girls and No Husband—Invitation—Supp's Fantasia—Lucia (by request) Weber Grand Selection—Lucia (by request) Donizetti (a) Maikal Walpio. Pua Loke. Miss I. Kellia. Mrs. N. Alepai. (c) Akahi, Etua, Ekolu, Eha D. Moe. PART II. Cornet Solo—Arbucklenian (new)..... Hartman Charles Kreuter. Selection—A Telephone Girl..... Glover Waltz—Thou and Thou..... Strauss Lancers—La Ligate..... Andran The Star Spangled Banner.

THE DIFFERENCE. The difference between the American and the French army scandals is that the former is only in its first and possibly its final chapter, while the latter is an old story with indefinite "continuation in our next" prospects.—Washington Star.

Who will do it? You are going to have your house Papered, Painted or Decorated. Who's going to do it? No one does or can do better work than we. Investigation proves that few do as good. All we ask for it is a fair price—not high, not low. Either extreme is dangerous. Any one who gives us work gets the best going at the fairest and squarest price.

## KODAKS.

You are told that "there is no Kodak but the Eastman Kodak." We handle only Eastman Kodaks. Their goods are a guarantee of quality. We have them from \$5 to \$35, and whether you buy the lowest priced instrument or the highest, they will be found just as represented. Kodaks make the best of Holiday Presents, acceptable to either sex.

## FILMS.

Eastman Films are good Films. That is the reason we handle them exclusively. You will always find our Films fresh, and fresh Films insure the best work.

## Developing and Printing.

Many amateurs enjoy the work of developing and printing. There are others who have not the time or inclination to do the work themselves. We make a specialty of this branch of the Kodak business. Our customers are kind enough to say we turn out better work than they get elsewhere. We take pride in this department of our business. Every Film developed carefully. If our photographer finds you are making mistakes he will correct you. That's a very important advantage. Let us show you what we can do.
