

NEWSBOYS' OUTING

STAR'S SIXTH THANKSGIVING DINNER.

A Program Which It is Believed Will Prove Highly Satisfactory to Some Scores of Kids.

Tomorrow, for the sixth time the Newsboys of the city will be the guests of the Hawaiian Star at Thanksgiving Dinner.

The Star has made ample provision for the boys; it may be taken for granted that the boys will make ample provision for the dinner.

Following dinner, fish horns and busses have been provided for all the boys. There will be a drive about the city, the noisiest and best enjoyed coaching trip probably ever taken here.

The boys will all be taken to the football game and the day's entertainment will end with a drive back to the Star office.

The program for the day is as follows:

11:30 a. m., newsboys assemble at the Star office where they will be provided with badges.

12 noon, form in column by twos and with banners flying march to Love's Bakery.

12:10 p. m. Dinner

Roast Turkey Cranberry Sauce Brown Potatoes and Gravy

Pies, Candles, Cakes Soda-Water

1-3 p. m., march back to the Star office where horns will be distributed and the coaches await.

3:30, drive about the city.

3:30, at the football game Oahu College Campus.

After the game, drive back to the Star office, Aloha.

DESERVED TEN YEARS

JONAH DAVIS GETS THE LIMIT OF THE LAW.

Frank Fisher Gets Out of Court With A Sentence Smaller Than Was Intended for Him.

Jonah Davis, a halfbred Spaniard, was given the limit this morning by Judge Gear for a most brutal assault with a huge knife on a boy named Au Kal. The court expressed regret that a sentence of ten years could not be imposed, as the case was an exceptionally bad one.

The case came from Ewa district. In a dispute over a borrowed lariat Davis who is a big strong man, drew a knife and cut Kal in the arm repeatedly, while both were riding on horseback. The injured arm was shown to the jury. It was a horrible sight. Davis had cut and stabbed back and forth in a terrible manner. The youth will never recover the use of the arm, it was stated. There was no defense and the jury quickly found Davis guilty. Judge Gear gave a sentence of ten years, which is all the law allows under a charge of assault with a dangerous weapon. The judge expressed regret that Davis had not been indicted for a more severe offense, so that he might have got ten years.

Frank Fisher, charged with assault and battery, appealing from a district court sentence of 60 days, got off more easily than the court intended. Fisher's attorney, L. M. Strauss, asked for mercy saying that the defendant had an offer of a position as a ship's carpenter, and was able to pay a small fine.

Fisher told the court that he had worked all the time while in Honolulu and admitted that he had some money saved. "How much money have you got?" asked Gear.

"I got \$50," said Fisher, in a very low voice, so that the court only heard "fifty dollars."

"Well, you can pay \$50 to the treasury," said the court. "The sentence of the court is that you pay a fine of \$50."

The defendant left the courtroom smiling gleefully, and a moment later Judge Gear's attention was called to the fact that he had put up \$150 cash bail.

TRANSPORT ARRIVES

ROSECRANS COMES UNEXPECTEDLY FROM PORTLAND.

Has Part of Twenty-eighth Infantry Aboard—Encountered Bad Weather for Several Days—Her Passengers.

The transport Rosecrans arrived at noon today from Portland, Oregon. She was unexpected and it was first thought she was the freighter Tampico from Seattle. The Rosecrans has a number of soldiers aboard and carries a large quantity of forage for the government stock in the Philippines.

The vessel left Portland November 15, and Astoria a day later. She was lucky in getting over the bar for about sixteen vessels had been waiting any where from a week to twenty days, trying to get out. The vessel was drawn about 21 feet aft and 19 feet forward and she bumped three or four times in crossing the bar. Once outside the weather was very rough. For three or four days, the boat encountered head seas, with strong winds. The weather here is bad one day, that the vessel blowing down and covered only 100 miles.

On board are 97 enlisted men of Company F; 51 of Company E, 100 of Company G; 98 of Company H; one sergeant major of the second battalion, three corporals, and two other privates, all of the 28th Infantry. There are also 70 enlisted men of the 8th Infantry and one unassigned recruit. Major G. H. Roach is in command of the soldiers. The principal part of the regiment, including the headquarters, sailed from San Francisco on the Grant.

Captain C. E. Biscoe is the quartermaster of the vessel. A well known officer is also aboard the vessel, C. C. Cox, the chief of commissary clerk. He has probably been the longest in the transport service as he came here in 1898, on the City of Pueblo. His father is the Assistant Paymaster General of the United States Army. The last time the Rosecrans was here was on Regatta Day of last year. On that occasion there was a fine band with the troops, on the vessel. When the transport came into the harbor, the soldiers thought that the town had given up the celebration in their honor and they were considerably disappointed when they learned the occasion for the celebration.

She brought no mail or passengers for Honolulu. The Rosecrans will remain in port several days before sailing. Her cabin passengers are: Maj. G. H. Roach, Capt. J. C. McArthur, Capt. S. E. Bainford, Lieutenants E. A. Kreger, S. A. Price, P. Vreudenburg, S. H. Fisher, George E. Kump, C. W. Harris, W. L. Conway, Mrs. Kreger and child.

SPECIAL MATINEE. There will be a special Thanksgiving Day matinee at the Orpheum at 2 o'clock tomorrow afternoon. The price of seats for this performance has been reduced to 50 cents for adults and 25 cents for children for reserved seats. In the evening there will be an entire change of bill. It will be a regular Thanksgiving Day performance with new people in new specialties. A good performance is promised.

CORONATION JEWELRY. Mrs. Bradley Martin's Tiara Will Cost \$250,000.

LONDON, Nov. 16.—Preparations for King Edward's coronation are already having the Kohinoor diamond set in her new crown. The inclusion of this stone will make her crown the most valuable in the world, a distinction now held by the King of Portugal. Peersesses are trying to outvie each other in the brilliancy of the tiaras. Lady Kilmorey, one of the most beautiful women in London, the wife of the Earl of Kilmorey, who was a boyhood intimate friend of the King; Lady Londonderry, the Duchess of Devonshire and the Duchess of Portland are all said to be spending vast sums in order to celebrate the coronation by a display of jewels worthy of the occasion.

It is reported that King Edward, at the coronation, will confer the semi-royal title of Duke of Inverness on the Duke of Fife, son-in-law of His Majesty.

SCHOOLS CELEBRATE

INTERESTING EXERCISE TO MARK THANKSGIVING.

Callisthenics at the Royal School Flag-raising on Baretania Street Furnishes Pretty Sight.

At Kaahumanu School at 12:30 o'clock the flag-raising exercises proved to be a sight well worth seeing. After the singing of "Columbia" by the children and an address by the Rev. J. P. Erdman, the De Long Post G. A. R. officials as flag raisers and A. H. Fields of Old Glory straightened in the breeze while the buglers from Camp McKinley played, all the school children dressed in their best, the pretty young Hawaiian maidens with unbound hair crowned with carnations, simultaneously raised the flags they carried and waved them round their heads while the Territorial band played the "Star Spangled Banner" and every male head was uncovered. The ceremony was extremely impressive and patriotic. "America" was then sung and the benediction pronounced by the Rev. G. L. Pearson. Quite a crowd gathered to watch the exercises.

This afternoon a lengthy program of specially prepared exercises including an Hawaiian Thanksgiving Hokuipu written by Miss Alice King for the occasion, will be given.

In the latter the older pupils impersonate the characters of Hawaii and her attendants with Uncle Sam who makes a Thanksgiving proclamation followed by a dialogue with Hawaii. Hawaii then addresses her subjects in the different rooms, join in songs and recitations symbolical of the various products that have brought their quota towards the general Thanksgiving donation party. A further program of songs, recitations and compositions will follow by the pupils, fourteen numbers in all being given.

Under the personal superintendence of Miss Adams who is at the head of the callisthenic branch of the curriculum of the public schools of this Territory, the pupils at the Royal School, Aala gave an interesting exhibition of floor gymnastics this morning.

Over a hundred and seventy boys from three of the class rooms took part in three sections and went through the various exercises with a promptitude and correctness that brought applause from the spectators among whom were Governor and Mrs. Dole, Mrs. George Carter, the Hon. Richard B. Hooker, Montana and Superintendent of Public Instruction A. T. Atkinson, and reflected great credit both on the tutor and her pupils. One very commendable feature was the earnestness with which the boys followed the movements and the snap with which they were executed.

Of all nationalities with pure and mingled White, Hawaiian, Japanese and Chinese blood, some shod and a full half barefooted, some well and others scantily clad, everybody went through the exercises with a snap and a will, no falling off at the end of the line and no skylarking or lack of attention, everyone being thoroughly under the control of the director.

It is now just a year since the system was inaugurated, and the efforts of the training are apparent in the erect carriage and confident springing head of the pupils. The average schoolboy "creeping like a snail, unwillingly to school," has been turned into another creature by modern callisthenics, the slouch has gone and indigestion and other boyish evils disappear under a training of such a kind. The will, no falling off at the end of the line and no skylarking or lack of attention, everyone being thoroughly under the control of the director.

HANCOCK IS DAMAGED

DIVER FOUND SHE HAD HIT A ROCKY BOTTOM.

Fully 75 of Her Plates Damaged—Japanese Pilots Criticized for not Running Down Smaller-Craft.

The first dispatches which were received from Japan regarding the damage to the transport Hancock appear to have been incorrect. According to later accounts brought yesterday by the Nippon Maru, the transport was very seriously damaged. The dispatch sent to the War Department stated that the Hancock had gone on a sandy bottom in the Straits of Shimnosaki when, in reality, she was run against the rocks. A dispatch was sent to the American consul at Yokohama before the Nippon Maru left that port, stating that a diver had been sent to examine the damage to both the Warren and the Hancock. It was found that 35 plates on the Warren and 75 on the Hancock had been damaged. An examination by a diver cannot, of course, be so thorough as an examination of the hulls when the vessels are on the dry dock, and, in the opinion of the officers of the Nippon Maru, it will be found, when the transports are hauled out of the water, that the damage will be even worse than the cursory examination of the diver disclosed.

Shipping men in Yokohama were discussing whether it would not have been wiser for the pilot on the Warren to have run down the Japanese schooner which got in the transport's way. The damage by such a collision, would not have amounted to more than a few hundred dollars, whereas, it will cost the United States government fully \$35,000 to repair the damage to the Warren and an even larger amount to the Hancock.

On the other hand in defence of the pilot it is contended that had such a collision occurred and any of the Japanese sailors on the craft been drowned, the license of the pilot would have been revoked. Even were this true, the collision could have well been risked for, by going outside of the fairway, and running the Warren on the rocks, the lives of 900 soldiers and women, many of the soldiers being invalids, were endangered and, but for the double bottom of the vessel, few lives could have been saved for the vessel would have gone to the bottom. It is said by the officers on the Nippon Maru that quite a number of the soldiers have died since the accident.

Swelling of the Feet and Ankles.

You notice them at first only occasionally toward evening or after being upon the feet more than usual; and during the night the swelling disappears. By and by these dropsical swellings of the feet and ankles are more frequent and they do not disappear at night. You also notice how short of breath you are upon the slightest exertion, how you awake during the night with a smothering sensation, and the frequent pains about your heart. Do not deceive yourself any longer. You have heart disease. Your heart is too weak to overcome the force of gravity and watery portions of the blood ooze out of the vessels and settle in the lower extremities. Yes, heart disease can be cured if it is taken in time and the proper remedies used. Dr. Miles' Heart Cure is the best heart medicine that has ever yet been discovered. It is the only heart remedy that has a record of thousands of cures. Get a bottle of it at once and you will see a wonderful change for the better before it is half used up.

"Two years ago my feet and ankles began to swell, I was short of breath and suffered from severe pains in the region of my heart. My doctors told me I had heart disease but I could get no relief from them. In a short time my legs had swollen to double their natural size and I panted for breath like a tired dog. I thought my end was near, but as a last resort I sent for a bottle of Dr. Miles' Heart Cure. Before the first bottle was gone the swelling had disappeared and two more bottles effected a complete and permanent cure." D. STANCHFIELD, 1309 2d Ave. S., Minneapolis, Minn. Dr. Miles' Heart Cure is sold at all druggists on a positive guarantee. Write for free advice and booklet to Dr. Miles Medical Co., Elkhart, Ind.

VOLCANO SHUT OFF

ROAD BECOMING IMPASSABLE. SAYS BOYD.

He and Campbell Return to Take Hold of the Honolulu Wharf Improvements—Road Encircling Hawaii.

Superintendent of Public Works J. Boyd returned yesterday on the Maunaloa from Hawaii, and will take up at once the matter of improving the wharves along the front so that the rats can be fumigated out and the wharves will be rat-proof.

The wireless telegraph station at Mahukona has been out of order, and the message sent to the officials telling them that the money for the wharf alterations had been raised and that the rats can be fumigated out and the wharves will be rat-proof.

"The Volcano road is in very bad condition," said Boyd, "but there is not a cent for to improve it with. If something is not done soon, the Volcano house will be shut off from connection with Hilo, as far as driving is concerned. It will take twenty or thirty thousand dollars to improve the road and there is not a bean in sight. The late storm is responsible for much of the damage."

The extension of the road from Waimea, where it stops at John McGuire's place, into Kona, will probably be recommended by Boyd for immediate work. About 30 miles more of roadway is needed to complete the job. When this is done there will be a road entirely round the island of Hawaii. In both Kau and Puna the roads were found to be better than in most of the other districts, though there was some roadway in Kau that needs attention.

The Honolulu wharf work will be in the hands of Assistant Campbell, who will take charge of the operations. Extensive repairs to the wharves will be made, and alterations such as are needed for the rat crusade.

INJUNCTION IS OUT

NEW WHARF APPROACH IS AN ENCROACHMENT.

Estee Holds That It is Within the Harbor Lines Established by the Secretary of War.

United States Judge Estee yesterday afternoon issued a temporary injunction, as asked for by the Oahu Railway and Land Company, restraining the Department of Public Works from the further approach to the wharf from the Hackfeld wharf. The injunction does not prevent work on the wharf itself, but only on the approach, and as the approach is finished, the court's action has little effect. The matter of issuing a permanent injunction will be heard Saturday.

The plaintiff complains that the harbor lines as fixed by the Secretary of War and the injunction was allowed on this ground. Superintendent Boyd filed an affidavit in reply in which he stated: "That the bridge or wharf referred to in the plaintiff's complaint is a temporary approach leading from Queen street, a public highway, up to the line of the said proposed wharf, and is necessary for use in the convenient construction of said wharf as in the use of said wharf for commerce, pending connection of said wharf with the shore as aforesaid."

"That at the time plaintiff's complaint herein was filed this defendant was absent from Honolulu, being on the Island of Hawaii; that he returned to Honolulu on the morning of the 23rd day of November, 1901. That the said bridge or approach, the construction of which plaintiff seeks to enjoin, was substantially completed prior to this defendant's return to Honolulu, the same having been completed and ready for use for the purposes for which it was constructed."

"This defendant further shows that said bridge or approach has been constructed over shallow water, about 200 feet distant from the line of complainant's property; that the water intervening between complainant's said property and said bridge or approach is navigable only by small vessels such as scows and launches; that the navigation of Honolulu harbor underneath and shorewards from said bridge or approach is not obstructed by the erection thereof inasmuch as the piles which support said approach are about fifteen feet apart, and therefore permit of the passage to and fro of such small craft; that the erection of such bridge or approach does not cause any obstruction to navigation in said harbor."

"That said complainant has had and still has easy and clear access from its said land to said harbor for ocean going vessels as well as small craft, and said bridge or approach has not caused and will not cause said complainant any loss or injury."

A GRAND CAKE WALK.

Local Coons Will Endeavor to Out Hogan Hogan. A number of colored "cullud" ladies and gentlemen residents of this community who have had their national instincts stirred to an unwonted pitch by the arrival of Hogan and his company contemplate giving a grand cake walk in the near future to which all people of color will be invited to attend upon paying the necessary entrance fee that will be charged for expenses. Prizes will be given and a mammoth cake, frosted and colored to imitate a water melon from Georgia will be the grand trophy to be competed for.

The inaugurators are not members of the company now playing at the Orpheum but are all more or less experts at the national sport. They consider indeed that they have the Hogan combination "skun to deff" when it comes down to prancing upon the light fantastic toe. Particulars are not completed as to when and where, but the news has already spread through the rapidly growing negro colony while contestants from Little Portugal on Punchbowl and among the natives who have before aspired to cake walking honors have signified their intention of joining the grand march and endeavoring to win the prizes which are to be for the most, graceful, the most tasteful, the funniest and the most popular couples on the floor.

THANKSGIVING.

Thanksgiving Day will be celebrated in every part of the United States tomorrow. In ice bound Alaska, in snow covered Maine, in semi-tropical Florida, in the Isles of the Pacific, each and every one will strive to hold festival and to offer thanks for the measure of prosperity which has fallen upon them during the past year. We are very apt to forget how many blessings we daily have which we take for granted, and as if it were our due.

Nationally we have had to mourn over the untimely death of our chief executive, but one must be thankful that his place has been taken by an able and experienced man who will guide the destinies of the country upon the same lines as were laid down by McKinley. The blow fell, but it created no reign of terror or anarchy, the government passed smoothly through the crisis, and it was not necessary even to call a special session of Congress.

The national progress and financial prosperity of our country during the past year have been phenomenal. There has been no lack of work to do. Every trade and every business has been working to its full capacity. Our prestige has grown throughout the world, and at no time in her history has the United States had greater power, and occupied a more commanding position than now.

The wisdom of our policy in China has been shown by the readiness of China to grant us favors. We went to China to rescue our Minister, having rescued him, we withdrew our troops. And what a splendid record did our troops make as the soldiers of a civilized nation. We had an opportunity of showing ourselves before the troops of the world, and we obtained credit by the contrast.

Peace and order in every part of the Republic, and the difficulty in the Philippines is gradually but steadily being solved, as a great civilizing nation should solve it by establishing order and good government, by extending the benefits of education and by developing the natural resources of the country. During this year we have made more advance in the Philippines than Spain made in centuries. We have laid foundations that can never be uprooted. Foundations which will be for the moral and material advantage of the people who have come under our protection and whom it is our duty to lead onward and upward.

These things we can all join in offering thanks for. The providence which rules over nations as well as over individuals, has been most kindly and beneficent. The thank offering of a united nation will rise from many churches and be put forth through many forms of belief, but it will be as hearty from the Roman Catholic as it will be from the Methodist, from the Episcopalian or from the Baptist. It will be one line of praise rising at the same moment throughout the length and breadth of our land.

Locally we have our own causes for thankfulness. People talk of depression, but the main stay of our prosperity yielded a larger crop than has ever been garnered, and we can look forward to a still larger crop in the following season. We have no dire distress, we have no starving poor, there is employment for those who need it. We have lost none of our kindness of feeling, our charity is as ready as ever it was. We may not be progressing quite so fast as we had hoped, but we are progressing.

There is much that is going to be done for us by the Federal Government, things which without annexation we could never have had, we shall get now. There are careers opening out for our young men which will afford them a broader field, than the little insular stage upon which they formerly played their part.

Then we ought all to be thankful for our glorious climate, our pure air, our lovely mountains and hills with their ever changing colors, our overarching blue sky and our softly lapping sea. These are gifts given us by providence, they belong to all in common, rich and poor alike.

After all we have very much to be thankful for. Tomorrow those of us who join together in the praise services can lift up our hearts with content, and those of us who do not go, can still breathe a prayer of thankfulness for all the benefits of the year. Take it all in all and this is a beautiful world, if we only look at it in the right aspect.

EDUCATION IN PORTO RICO.

The education of Porto Ricans has been a grave problem, and probably no one has shown more energy and executive ability than M. G. Brumbaugh the Commissioner of Education for the Island. In a letter recently published in the New York Sun this gentleman gives an account of his work, which will be of interest to educators on these Islands. It will be noted that one-fourth of the revenue of Porto Rico has been devoted to public instruction. The budget for 1900 was \$400,000, for 1901 was \$500,000. But Mr. Brumbaugh had better tell his tale in his own words:

"1. We maintain school in Porto Rico for nine months, i. e., the average school year is nine months. This is as high as any State in the Union, I think.

"2. Our average daily attendance for nine months was 75 per cent. In '97-'98 it was, in Massachusetts 75, Pennsylvania 74, New York 68, Kansas 69, Virginia 68, Texas 66 and New Mexico 64. Thus, you see, we are now ahead of Pennsylvania by 1 per cent, and within 1 per cent of Massachusetts. This is a conclusive argument that our schools are popular (in the true sense).

"3. Under military government we had 612 schools. On May 1, 1900 we had 800 schools. For term opening September 30, we shall have 1,000 schools.

"4. When I came here we had less than 100 good American school desks for pupils. Washington, D. C., sent a few second-hand desks. Since I came we have put into the schools' use 7,000 first-class desks. This year we shall add 7,500.

"5. In January, 1901, we had not one school-house of our own in Porto Rico. We now have

"18 agricultural schoolhouses built and ready for September 30.

"8 more in process of erection.

"6 four-room brick graded schools ready.

"2 four-room almost ready.

"3 ten-room in process—ready September 30.

"1 six-room in process—ready September 30.

"3 two-room in process—ready September 30.

"Cost of all, \$200,000.

"Cost of equipment, \$30,000.

"Insular Normal, ready November 1, \$35,000.

"Value of permanent equipment, \$265,000 in six months.

"6. We have petitions for more schools daily—demand greatly exceeds supply. Our limit is money. We have \$500,000 in this year's budget for schools which is 25 per cent of all insular funds. Impossible to maintain more from insular revenue. United States Government ought to give us \$250,000 to \$300,000 annually for ten years to erect school houses. No local district has been able to erect a schoolhouse.

"7. We have in many schools fifty-five pupils—the limit—and as many as 124 on the waiting list; i. e., batches up to 124 ready to enter various schools as soon as we can find room for them.

"8. Spain had a few schools—only in towns. The poor peons never had a single school. We have now opened over 400 rural schools and 200 more will open September 30, 1901. Thus are democratic ideals working among the humble and the neglected. To us it is one of our best results.

"9. Some one in Chicago is trying to have an official (?) Spanish version of the 'Star Spangled Banner' adopted. It is not needed in Porto Rico. All our 40,000 children sing 'America,' 'Hail Columbia,' and 'Star Spangled Banner' in English. We want no Spanish version of our national hymns. The children easily and quickly sing in English and a national song loses force in a translation of any sort.

"10. We are now on a propaganda to beautify the school grounds. First attempt: Houses are being whitewashed or painted; grounds fenced, campus provided, flowers planted, an effort to take care of grounds and house. Its influence in the homes of the people is good.

"11. Local boards this year will have money to pay all their debts for the first time. This is the financial stamina injected in one year, e. g., Ponce owed \$8,000 last year.

"12. Systematic practical agriculture will be taught in 20 schools, i. e., one acre of ground will be worked daily. Thus the industrial future of Porto Rico is being conserved."

Evidently the cultivation of flowers in the school yards is regarded by Brumbaugh as of educational value not only upon the children but upon the adults. He says "its influence in the homes of the people is good." Systematic practical agricultural instruction is also given, and does not seem to call forth any objections either in Porto Rico, or on the mainland. Singing is also systematically taught, and the children sing in English as they do here.

The system of education in Porto Rico has been founded upon the very latest and best models and it is a source of satisfaction to see that Hawaii has been a pioneer upon the lines employed in Porto Rico.

Delegate Wilcox still figures in the advertisements in mainland papers as recommending certain patent medicines. His picture goes with the puff.

A number of complaints have been made that conductors on the Rapid Transit cars do not look carefully enough to see whether passengers are on the car before they ring the bell to go ahead. Several cases have occurred in which women and children who were getting on the cars have been thrown to the ground.

It, as is stated Commander Tilley has been reinstated as Governor of Tutuila till the arrival of his successor, there can be no doubt as to what the finding of the court-martial is going to be. The evidence, if there ever was any against Captain Tilley seems to have got out of the way. It is one thing to make charges and quite another thing to substantiate them in a court of law.

Be Thankful

We all have something to be thankful for.

Do you ever stop to think how much better off you are than the average person in any other part of the world.

Are there many of us hungry and begging for employment?

Do we have to look forward with dread to the cold winter, which takes all we have saved in the summer, to keep us from freezing?

How about the neat little home you occupy, with the beautiful open-air life?

Some of us may feel blue this year because we foolishly speculated, but do not let that discourage you. It was an expensive lesson, but you will be more careful in the future.

With your family and friends around you next Thursday you will require a few more articles for your table, such as Meat Dishes, Plates, Cups and Saucers, Tumblers, Beer and Wine Glasses, Carvers, Knives and Forks, Spoons, etc.

Whether you are rich or poor, we can supply your wants to your entire satisfaction.

ON THANKSGIVING DAY

(Continued from page one.)

Thanksgiving dinner this afternoon instead of tomorrow. The Y. M. C. A. lays off generally tomorrow. The Territorial band plays twice tomorrow, on the Capitol grounds in the morning between eight and nine and again at three o'clock in the afternoon.

Mrs. Berger of the Associated Charities has had a busy day today. All forenoon contributions of turkey, beef, pork and beans, fruit, flour, bread, cakes, pies, tinned meats, rice, candy, soup and everything else almost that is edible, have been pouring in to her. These will be distributed this afternoon among worthy families, of which about seventy-five will be recipients in this way of thanksgiving dinners. Some of the things contributed will be sent to the Victoria Hospital and other institutions. The largest contributions came from the Punahou Preparatory school and from Katalani school.

There will be a game of college football at 3:30 o'clock on Oahu College campus; Punahou vs. Honolulu Athletic Club.

"The District Attorney" will be given by the Neill company at the Opera House in the evening. The curtain rises at 9 o'clock.

There will be a special Thanksgiving Day matinee at the Orpheum at 2 p. m., entire change of bill in the evening.

The Evening Bulletin will be host to its newsboys at dinner tomorrow.

THE DRAMA.

The American sense of humor and perhaps American irreverence could not leave such promising material for fantastic comedy as the legend of Pygmalion and Galatea untouched. Hence the comedy of "Niobe" presented by the Neill company at the Opera House. But it is a pleasing, not to say wholesome, laughter provoking comedy, and in the hands of the Neill company it is given with such refreshing sincerity and capability of purpose that it is most delightful.

The story of the comedy is that "Niobe," Queen of Memphis was turned to stone some three thousand years, or so, ago. As a supposed statue of great antiquarian value she falls into the hands of "Jefferson Tompkins," Frank MacVicar an erudite antiquarian, who, with up-to-date business sagacity has insured, the insurer being "Peter Amos Dunn," Mr. Neill, who likewise has modern business acumen, in pronounced quantity and quality.

While his liability as insurer still exists and pending the delivery of the statue to its owner, it is placed in "Peter Amos Dunn's" New York city residence. The electric wiring of the house is being overhauled and one of the wires comes in contact with the statue's foot. The result of this is a reawakening of "Niobe." She comes to life one evening while all the family except "Peter Amos Dunn" are at the theater. Then the complications begin. Hard headed man of business that "Peter Amos Dunn" is, he knows that no one will believe the truth, and particularly that his sister-in-law, "Helen Griffin" Lillian Andrews, who presides the household with the rod of a mother-in-law, will not believe it. Peter is therefore put to the straits that any unimaginative man would be, to account for the presence in the house of this woman. He first represents her as the expected new governess, piling complication on complication till this fabrication is exposed, and then as his sister whom his wife's family has never seen, until confusion is worse confounded. At the last the antiquarian "Jefferson Tompkins" is told the truth, believes it, falls in love with "Niobe" and she wins Lillian Andrews happily.

Miss Edythe Chapman as "Niobe" is simply delicious. It seems as if the character is one that is the very complement of her capabilities, only every character she essays seems that, so richly endowed with graces and capabilities is she.

Mr. Neill a delightful "Peter Amos Dunn," and nothing could be more delicious than the scenes where the patriotic "Niobe" awakened from a sleep of three thousand years is face to face with the modern business man under such unusual circumstances.

The characters throughout were well balanced. It was a delicate, delightful comedy.

WILL CHANGE TIME

JAPANESE LINERS TO ARRIVE IN MORNING.

Orders Given Nippon Maru Officers To Economize on Coal and Not to Run Ahead of Schedule.

A new order has been issued to masters of the Nippon Maru line. In future, so it is said, the fast Japanese liners will be run strictly to schedule time. Heretofore, the Japanese boats have been as punctual as clock work beating their schedule time by a day. Although the vessels might not be due until a certain morning, they invariably got into this port anywhere from 12 to 18 hours ahead of time. This schedule was maintained on both trips, from San Francisco and Yokohama, whether the weather was good or not.

The failure of the Nippon Maru to arrive here Monday afternoon from the Orient caused a big surprise, in consequence. She encountered very rough weather but it is doubtful if Captain Greene would have gotten his boat into Honolulu much before he did, as orders have been issued by the managers of the line, it is understood, to economize on coal and not try to run ahead of schedule time.

This means that instead of the vessels getting here in the afternoon they will arrive in the morning. Just when this new order is to go into effect is not known, but it is likely to be followed by the Nippon Maru on her return from San Francisco next month. It is possible however, that the boats may not be restricted to schedule time coming from the Orient as they always have big cargoes and can not afford to lose time in discharging them here.

CHICKEN ON THE BRAIN.

Sung Keo, the complaining witness this morning in Judge Wilcox's court against Kahalekane, who was charged with stealing a chicken belonging to Sung. Sung called "Run! Chicken, Run!" but the bird did not take warning, and got into the clutches of the defendant, so the Chinese said. The case was continued until Friday.

NOT YET REFORMED IT IS A CASE OF NERVE

WILLIE HALL REMAINS A SPENDTHRIFT.

Easier to Get a Guardian Than To Drop Him—Humphreys On Spendthrift Trusts.

William W. Hall will have to remain under a spendthrift guardianship. Three months ago he asked for a spendthrift guardian, and this morning in Judge Humphreys' court he found that it is easier to get a guardian than to get rid of one. The court held that a legal showing of reformation had not been made, and Hall's affairs will continue to be looked after by George H. Carter. Carter did not oppose the petition to terminate the trust.

The proceedings in court were enlivened by an entertaining passage between attorneys McClanahan and Davis, the latter for Hall, and the court gave a dissertation on spendthrift trusts in general. McClanahan was called a witness by Davis, and the court wanted to know if Davis would waive the taking of an oath. Davis preferred to have McClanahan sworn, and he took the oath. McClanahan is Hall's attorney, but in the spendthrift matter, without consulting McClanahan Hall was a witness by Davis, and his testimony was not of much importance in the case, but was entertaining enough to the spectators, with Davis questioning.

Ex-Judge Kaulukou was also called. The oath was waived in his case, Davis having seemingly changed his mind as to the propriety of compelling attorneys to swear, or else having more confidence in the unsworn testimony of his witness than in that of the opposing counsel.

In deciding the case the court stated that it had not been able to find much in American law books on the subject of spendthrift trusts, nor in English common law books. "Guardianships of this sort appear to have originated in the Roman empire," said the Judge. "The empire was largely undermined by the profligacy and improvidence of its young men, and the spendthrift trust was invented as a protection to the community as well as to dissolute young men."

"Economically trusts of this sort may be wrong in principle, yet when one devotes his time to debauchery and wastes his fortune in riotous living, he sets an example that is a menace to young men growing up about him, and for that reason it is necessary to place him under such a trust. No such trust is to be found in more than one or two of the States and in fact I never heard of them until I came to this country, yet there are conditions here which seem to warrant the passage of a spendthrift trust law, and which seem to warrant its continuance on the statute books."

The court stated that the habits of the people here had long been such as are naturally fostered by conditions in which living is easy, and there is no need of laying up fortunes, and that not inherent weakness, but the habits thus acquired, formed the need for spendthrift trusts. As to Hall it was held that two months without excessive drinking or spending was not enough to establish reformation, especially as Hall has not been allowed enough money to enable him to continue to drink or spend. Davis noted an appeal from the decision.

Hall himself was on the stand during part of the hearing. He was asked what he did on Maui, during his recent stay there. He replied that he abstained from all wrong-doing, and went there for the purpose of "building himself up to be good." His estate is worth about \$100,000.

ARRIVING. Wedne day, November 27. U. S. A. T. Rosecrans, Dobson, from Portland and Astoria at noon.

PRESENTATION BY MERCHANTS. Major Robinson, the retiring quarter master of the army post in Hawaii who yesterday made the recipient of a handsome gold hunting watch presented to him as a token of esteem by several of the business men of the city among whom was W. H. Hoops. Major Robinson was considerably astonished and gratified by this unexpected token of appreciation. The watch was chosen from the best of Wichman's stock with an inscription on the inner case reading Major W. W. Robinson Jr., U. S. Army from Merchants of Honolulu, Nov. 25, 1901.

TOBIN TO PLAY POLO.

Joseph S. Tobin who was defeated for mayor of San Francisco on the Democratic ticket this month, will probably take part in the polo match at Kapiolani Park next Saturday. Besides being a prominent politician, Tobin is one of the best, if not the very best polo players of the famous Burlingame team. Kinihale is the special pride of the "Blinguites." He will probably play with the Hornets, who are to meet the Inkers. In addition to this match there will be another match between the Artillery and Business Men teams.

CHARGED WITH CHEAT.

Chester Doyl arrested M. Shirakane today on a charge of gross cheat, pending an investigation. The Japanese presented a check for \$10 to the Bishop Bank. The clerk was refused. "R. Hino-kuchi." Payment was refused. The prisoner claims that the check was given him by another Japanese who is coming to town this afternoon. The police will take this man into custody, and investigate the story further, before arraigning Shirakane.

MAULED BY MANY JAPANESE.

Kinihale was set upon last night in Kapihale by a crowd of Japanese, and badly beaten. The Japanese claimed that he had taken a blanket belonging to another Jap. Police Officer Punohu tried to protect the man, but the crowd took Kinihale into a room and locked the door, and continued to abuse him. Help was sent for, and the door broken open by the police and the natives rescued. Eight Japanese were arraigned before Judge Wilcox this morning to answer to charges of assault and battery on Kinihale. Their cases were continued until Friday.

HAD STOLEN GOODS.

Yee Soy was committed to the circuit court for trial today by Judge Wilcox, on three charges of larceny in the second degree. Yee Soy's room was searched yesterday and a trunkful of articles, alleged to have been stolen were found. He is thought to have taken some articles from the steamers Helene and Maui.

IT IS A CASE OF NERVE

THE CO-RESPONDENT TURNS ABOUT AND BRINGS AN ACTION FOR THE WIFE'S BOARD.

The amazing nerve of one John Stephenson, a Jamaica negro, is the subject of comment around the Judiciary building. Stephenson was named as co-respondent in a divorce suit brought by John de Greaves against Caroline de Greaves. It was alleged that the woman had been living with Stephenson. Stephenson took the stand and cheerfully admitted the fact, and then he brought suit against the husband for the wife's board, lodging, washing, etc.

"It beats anything I ever heard of," said McCants Stewart, upon whom the papers were served, as attorney for de Greaves. "They steal our wife and live with her for years and then when we ask for a divorce, they ask us to pay for boarding the women. I never heard of such a case before."

The de Greaves have been in court before. Two years ago the wife brought suit for divorce and lost it. Now the husband is suing, on the ground of adultery.

The negro John Stephenson took the stand all smiles, and admitted that he had been living with Mrs. de Greaves. He appeared proud of his role and said that the woman wanted to live with him and her husband didn't want her, and he thought it was all right. Now he asks damages, in a complaint as follows:

"That for a period of six years the plaintiff has at the instance and request of the defendant and in Honolulu, furnished Caroline de Greaves (wife of John de Greaves) with board, lodging, washing and necessary clothing, the reasonable value and cost of which amount to the sum of \$2,000, in which sum defendant is indebted to plaintiff therefor.

"That during all said years the defendant neglected and refused to supply said Caroline de Greaves with the common necessities of life, although plaintiff supplied the same as aforesaid at a cost to plaintiff of \$2,000. Wherefore plaintiff demands judgment against defendant in the sum of \$2,000 and costs."

PLANT SHADE TREES

Now is the time to begin to plant shade trees along the streets of Wailuku and along the roads leading in all directions from Wailuku. It would cost but little, and should be done at once. The Haiku Nursery has a large stock of seedlings for sale cheap, and Wray Taylor of Honolulu is anxious to supplement the varieties needed free of charge.—Maui News.

MRS. GRANT.

Mrs. Grant, the widow of General Grant, has almost recovered from her recent indisposition. She suffers from a bronchial affection, which, however, does not confine her to her room. Mrs. Grant's daughter, returned to Washington lately, and will remain with her mother during the winter.

MARK TWAIN.

This story is told of Mark Twain: When he lived in Buffalo he made the acquaintance of some neighbors under peculiar circumstances. Emerging from his house one morning, he saw something which made him run across the street and remark to the people who had gathered on his wife and I have been intending to call on you and make your acquaintance. We owe you an apology for not doing it before now. I beg your pardon for intruding on you in this informal manner, and at this time of day, but your house is on fire.

CAUSE FOR THANKS.

All things considered, we have cause for thanks that mankind is no worse, considering the temptations.—Milwaukee Journal.

The warning cough is the faithful sentinel. It tells of the approach of consumption, which has killed more people than war and pestilence combined. It tells of painful chests, sore lungs, weak throats, bronchitis, and pneumonia. Do not suffer another day. It's useless, for there's a prompt and safe cure. A cure for fresh colds and old colds, easy coughs and hard coughs—

Ayer's Cherry Pectoral

It often cures a fresh cold in a single night, and it masters chronic coughs and bronchitis in a short time. Consumption is certainly prevented, and cured, too, if taken in time.

If anybody tells you that consumption cannot be cured, they are certainly mistaken, for we have thousands of these cases reported to us, absolutely cured, and no mistake about it.

Put up in large and small bottles. Ayer's Cherry Pectoral Plaster placed directly over the tender, aching lung is a great aid to the Cherry Pectoral.

MANY CASES ENDED

KASABRO PLEADS GUILTY OF MURDER.

Judge Humphreys to Pass Sentence in the Case—Pleas of Guilty and Nolle Prosses.

E. B. McClannahan began the trial of his first criminal case yesterday morning. It was the case of William Kala-hiki, charged with larceny in the second degree. McClannahan was appointed to defend the accused, who was without counsel and without funds. The attorney has had considerable experience in the civil proceedings, but he has not been up against a criminal case before.

Kalahiki is charged with stealing some shirts and other clothing from a laundry. The principal witness against him was J. O. Lightfoot, who identified a number of exhibits in the case. The jurors are: Clay Livingstone, A. G. Nichols, H. S. Swinton, Isiah Bray, I. Nakila, R. A. Dexter, G. W. Harrison, J. Kahalepua, H. C. Bickerton, J. M. Davis, Hermann Levy, J. A. Noble.

A verdict of not guilty was returned. Quite a number of other cases were disposed of. Furuhi Kasabro, charged with murder in the first degree, entered a plea of guilty. Judge Gear declined to sentence the defendant, as he stated that he knew too much about the case and didn't feel disposed to act. The defendant was referred to Humphreys for sentence.

Alexander Douglas, the negro found guilty of assault and battery, made a long speech when asked if he had anything to say as to why sentence should not be passed upon him. He enlightened the court with a rather involved dissertation on reasonable doubts, and insisted that he was innocent. He was given 15 days.

Tom Kamouilli, charged with larceny in the second degree, pleaded guilty, and was given a sentence of two months. In the case of Manuel Vasconcelles, assault with a dangerous weapon, a nolle prosses was entered. John Brown, arrested under the same charge was allowed to go in the same way.

ASSOCIATION PRACTICE. A big association football practice will be held at 9:30 tomorrow morning on Makiki, to which all players desiring a game are cordially invited. A preliminary "shoot for goal" will be indulged in, after which two elevens will be picked from the best men on the field and a good, hard practice game ensue.

SCOTTISH AMATEURS MEET. Athletics From The Land o' Cakes Hold Annual Meeting.

The first annual meeting of the Scottish Amateur Athletic Association was held last night in the rooms of the Thistle Club. President D. W. Anderson in his report congratulated the members on their successful first year of existence and, while regretting that the football team had been unable to enter the Association League this season, commended the members for having in the interests of sport made the best of the matter and joined the various teams. The challenge trophy won by last year's team was announced as having been fully subscribed for. Judge Stanley is now choosing the prize on behalf of the League.

The treasurer's report showed a satisfactory balance and after concluding to arrange an International Association game with England in Honolulu to be played outside the auspices of the league, the election of officers for the following year was had as follows:

Honorary president, Alexander Young; honorary vice-presidents, Hugh McIntyre, W. H. Baird. President, D. W. Anderson; vice-president, R. Anderson; secretary and treasurer, J. C. McGill; board of management, president, vice-president, secretary and treasurer (ex-officio), W. Goudie, J. Catton, J. Craig, J. Hall-Fiddes. Football Committee: W. Goudie, captain; J. Catton, vice-captain; R. Anderson, A. Guild, J. L. Cockburn. Cricket Committee: R. Anderson, captain; J. McGill, J. Craig. Golf Committee: D. W. Anderson, captain; N. Kay, R. Anderson.

MAUI BASEBALL NINE. C. F. Chillingworth has received a letter from S. Kellinoh, a Maui baseball enthusiast in which the latter states that he is trying to make arrangements with the Honolulu Athletic Club for the bringing over to this island of a Maui nine for a short series of games. Kellinoh seems to think the Maui team able to give the Oahu boys a close run for their bases.

ATTENTION, ROOSEVELT! The United States authorities are doing wisely to fortify Honolulu, but the work should not end there. Kahului, which ships 40,000 tons of sugar every year and receives all the imports needed by six sugar plantations and the other industries of central Maui, is entitled to reasonable protection. A battery of heavy high power rifles in the fortifications with disappearing carriages placed on a prominent point between Wahee and Kahakulua Point would keep the most heavily armored war ships out of range of Kahului, Wailuku and Puunene Mill, and the attention of Major Heuer and the Board of Fortifications is respectfully invited to this matter.—Maui News.

ALLEGED POISONER. HILO, November 22.—A telephone message was received Wednesday from Deputy Sheriff S. M. Spencer at Waima saying that Lum Hin the Chinese poisoner had been discovered and arrested at that place. No particulars were sent regarding the manner of his capture. Lum Hin was brought to Hilo on the Kinau yesterday. The crime which it is alleged was committed by Lum Hin is the attempt to poison seventeen of his countrymen at Paipai-kou by giving them tea, drugged with Paris green.

ROUNDING UP SAILORS. The police force was busy Monday rounding up sailors from the Solace. The officers received \$10 reward for each man returned to the vessel. Eight sailors were caught.

MAN'S IMPROVIDENCE. The improvidence of man is well illustrated by the selfishness of the medicinal herb gatherers. In the current number of Mehan's Monthly the curse of professional root diggers, who systematically traverse the country, devouring with the avidity of 17-year-old locusts and threatening the annihilation of some of our medicinal plants, is dwelt upon. It would appear that for the past few years the demand has been especially great for ginseng and has resulted in its almost complete disappearance from its former haunts.

appearance from its former haunts. Blood root has entirely disappeared and golden seal is extremely rare; also gold thread. All of these plants were probably secured by local hunters. It is very likely that a large proportion of the medicinal plants collected are allowed to go to waste while their owner is finding a buyer.—New Bedford Republican Standard.

ASSETS AND LIABILITIES. The sixty days allowed for filing claims with the assignee of Charles J. Falk has expired. No formal statement of assets and liabilities has yet been made to the creditors because one of the principal assets of the estate Falk's seat on the stock exchange is still in litigation. The claims filed aggregate about \$22,000. The assets so far realized on, amount to about \$3,000.

A GREAT MEDICINE. "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps, of Poteau, Ark. "It cured me of bloody flux. I cannot speak too highly of it." This remedy always wins the good opinion, if not praise, of those who use it. The quick cures which it effects even in the most severe cases make it a favorite everywhere. For sale by all dealers Benson, Smith & Co., general agents, Hawaiian Islands.

ART IN MINIATURE

FEATURE OF THE KILOHANA
EXHIBITION.

Miss May Mott-Smith Shows Some
Excellent Tiny Pictures, Portraits and
Others.

Among the features of the Kilohana
Art League exhibit this time are some
excellent miniatures, which have at-
tracted their full share of attention.
The exhibition is rich in this class of
art work, Miss May Mott-Smith Bird
having nearly a dozen miniatures on
the walls, and space preserved for sev-
eral more.

In portraiture, Miss Mott-Smith Bird
has achieved some conspicuous success-
es in miniature. A tiny portrait of E.
A. Mott-Smith may be mentioned as
among the best things in the line ever
shown here. The likeness is very good
indeed.

Several other miniature portraits by
the same artist have aroused favorable
comment from visitors to the exhibit.
Number 65, "Portrait of Miss S.," is a
very good piece of work, as are also
number 56, "Portrait Sketch of Mrs.
B.," and "Portrait Sketch of Mrs. E.
B.," In another class of work, "La
Aturore," Miss Bird does not show as
good results.

Number 84 promises to be one of the
prettiest exhibits in the show. It con-
sists of some Pins, Fancy Heads. One
is shown, with space reserved for three
more. The one on exhibition is very at-
tractive, and the ones to come will be
awaited with interest.

Two other miniatures, little ivory
boxes with fancy heads, are also by
Miss Mott-Smith Bird. They are dainty
bits of work and are much admired. On
the whole the artist has made a show-
ing in the miniature line that is very
gratifying to her friends, and more good
work may be expected of her in future
exhibits.

The exhibition will remain open every
day from 9 to 5 and every evening from
7 to 9, for the rest of this month. Quite
a number of visitors continue to attend
in the afternoons and evenings.

MAY VISIT SAMOA SOON.
Successful Portrait Now in Hand By
Wores.

Gustave Kunst, wealthy merchant
and successful dabbler in many ven-
tures in the Southern Pacific has in-
vited Theodore Wores to return with
him to Samoa for a visit to "Vailima,"
once the home of Robert Louis Steven-
son. Mr. Kunst will return in a couple
of weeks to Apia and promises Mr.
Wores all the models and facilities that
he can wish for in painting the rapidly
vanishing color, customs and manners
of the Samoan group.

The artist is greatly tempted to make
the trip but will probably be prevented
by local commissions already in hand,
from taking advantage of it until the
end of January. Mr. Wores has the
portrait of a well known local beauty
on the easel, who has the slight ad-
mixture of Hawaiian blood in her veins
that adds piquancy and color to many
of our native born belles.

The result is perhaps the best thing
so far that Mr. Wores has exhibited or
painted here in portraiture and is treat-
ed in a different manner from his or-
inary method, possessing a good many
of the distinctive beauties of a Greek
in pose and coloring, the subject helping
out the comparison.

With the aid of an unconventional
poppy covered hat and flowers, which
add chic to the painting and enhance
the expression, the artist has succeeded
in producing that delightful combina-
tion of picture and portrait that is all
too rare. Some day the canvas, if placed
where connoisseurs may see it, will be
known as Wores' "Poppy Girl."

"THE DISTRICT ATTORNEY."

"The District Attorney" a famous and
powerful play from the pens of Harri-
son Grey Fisk and Charles Kline will
be the holiday bill at the opera house
tomorrow evening by Mr. Neill and his
company. Few plays ever created the
sensation when it was first produced
that did this rather remarkable drama-
tic composition. In deference to many
fashionable patrons of the Neill Com-
pany the curtain tomorrow evening will
not rise until nine o'clock.

Friday evening a novelty will be in-
troduced. The stage effects and para-
phernalia will be put in place in full
view of the audience. The play will be
"A Parisian Romance," presented by
special permission of Richard Mansfield.

SOLACE SAILS TOMORROW.

The naval ship Solace expects to sail
tomorrow morning at 10 o'clock for
Guam and Manila. The Meade will get
away probably on Friday or Saturday.

AT THE ORPHEUM.

A well pleased house witnessed the
Hogan performance last night at the Or-
pheum. Hogan and Trusty, as the star
and men furnished the principal amuse-
ment. The bill was practically the
same as on the opening night, although
Chenault has a new song. The Carter
Brothers are one of the strongest fea-
tures of the show. Ben Wise's parody
on the Holy City is very funny. The
performance closed with an amusing
skit in which HenWise and Hogan took
the principal parts.

FOR TANTALUS ROAD

BIDS WILL BE ASKED FOR NEXT MONDAY.

A Scenic Drive Up Tantalus to an Elevation of About 1,300 Feet—Alexander's Donation.

Bids will be called for next Monday by the Department of Public Works for the construction of the Alexander road up Tantalus. All the surveying has been completed, for a road which it is stated will be one of the most picturesque in the Islands, and it ought to be finished and ready for use in a little over three months.
The road is to be five miles in length, from the top of Makiki, up Makiki canyon and round Manoa valley to an elevation of about 1,300 feet. It will be eighteen feet in width. Where there is rock at hand in the mountain, it will be used for the road bed. In other places a bed of black sand will be placed.
The road is to be built with funds donated by S. T. Alexander, who offered \$15,000 for such a purpose. It is estimated that this sum will about cover the cost of the road that has been surveyed. There are about 150,000 cubic yards of earth and rock to be moved along the route, a considerable amount of cutting out of the mountain side being required in some parts.
A time limit of 120 days will probably be set in the contract. The advertisement of the bids next Monday will give this as a condition of the contract, so that four months should see the new scenic road ready for use.
