SPELLING REFORM STRIKES CHINA

The craze for spelling reform has struck China! A number of the local Chinese community received advices by the Coptic which was in port on last Saturday that every body in China who is anybody, from the Dowager Empress down, is hard at work on the simplification of the embroidered things known as "Chinese characters" intent upon making them plain hemstitched affairs such as are adapted to the simple life.

The Chinese dictionaries are to be cut down several hundred pounds in weight and other reforms effected.

Truly this will be a great and good thing!

One wave of benefit from the great reform movement will roll across the ocean and be felt throughout the states, but in Hawaii it will be felt most of all.

We will get simplified washee-washee checks.

No more will the Celestial laundryman be permitted by his country to give out those pieces of ragged paper with the fearful calligraphic things scrawled all over them in firecracker language. He will have to cut off half the cues and whirligigs and bring the whole thing down to a simplified basis.

He will not be allowed to write "washee-washee" when plain "wash" is all that he should write.

So while the Carnegie board of spelling is doing their work in our own land, aided and abetted by the President of the United States the missionary influence of its teachings is spreading to the heathen beyond the seas and then rebounding to our own shores.

Here's luck to the simplified washee-washee check!

A Murderous Burglar Is At Large WANTONLY STABS A WOMAN

A murderous Porto Rican burglar has been operating among the Japanese. His list of victims early this morning numbers two, of whom one is likely to die. One of the attacks was made upon a woman, and was most wanton in character. The name of this victim is Mrs. Akahoshi and she is a nurse in the Japanese Hospital on Liliha street where the assault occurred about 3:50 o'clock this morning.

The woman is one of the night nurses. She was making her visit to the various patients and happened to look at the window in one of the cottages saw the face of a strange man peering through at her. The woman courageously walked out of the room and approaching the man inquired what he wanted. He replied: "What's the matter?" and then grabbed at her. She turned and started to run away but an instant later received a knife wound in the back. The wound was inflicted with a narrow sharp-pointed dirk knife, for the knife penetrated the left lung. The assailant escaped. The woman's condition is critical and doubts were entertained this morning that she would recover.

She stated that she would be able to identify the man. From her description he is undoubtedly a Porto Rican. The woman stated that his hair was kinky and while his complexion was quite dark, he was not apparently a full blooded negro. The face was long in shape. Hew as quite a good sized man and stood about 5 feet 8 inches in height. He wore a grey suit of clothes, with a vest and had on a white shirt. In running away he left a straw hat. He was about 30 to 32 years of age.

The natural presumption is that the Porto Rican had gone upon the grounds of the hospital for the purpose of committing robbery, but was discovered by his victim. No report of any robbery was made to Detective Miki who investigated the occurrence.

The other stabbing occurred about 4:25 o'clock this morning, within an hour following the outrage at the Japanese Hospital. Shizo, a Japanese man was awakened in his room at a Japanese hotel at the corner of Smith and Pauahi streets. He saw a man in the room about to leave carrying the carpet bag containing the belongings of the occupant. Shizo sprang up and

grabbed the intruder by the leg, causing him to fall to the floor. The Japanese grappled with the Porto Rican. The latter threw his arm back and stabbed the Japanese in the back. The wound was painful and caused the Japanese to relinquish his hold on the robber who escaped.

The robber was a most determined man, for he carried the carpet-bag away with him. The bag was found later this morning near the old Kaunakapili church grounds. The bag had been slit open and had evidently been ransacked for valuables. Most of the original contents of the bag were left about the bag.

Shizo held his hand to the wound and called for assistance. He was sent to the Japanese Hospital where his injury was dressed. The wound is not likely to prove fatal, for it was not so deep nor in such a vital place as that inflicted upon the nurse. He gives a description of his assailant that corresponds to the one given by the Japanese nurse of the man who attacked her. The nature of the two wounds is similar and this causes the police to

believe that both assaults were committed by the same man.

What is believed by the police to have been a third attempt to commit robbery was brought to the notice of the authorities this morning at an early hour when Ah Chin, a Chinese, was taken into custody. Fugui Mokitchi, who conducts a store at the corner of King and Liliha streets, detected a Chinese by the door of the store and at once grappled with him. The Chinese was too strong for the Japanese and throwing him down, was choking him into sensibility. Fortunately Prison Guard Manuel Spencer and E. A. Mikalemi heard the noise of the scuffle. They went to the assistance of the Japanese and took the Chinese into custody. The Chinese had in his possession a steel rod, some scissors and some pinches for cutting wire. The supposition is that he was breaking into the store to commit robbery.

This morning Ah Chin waived preliminary hearing in the police court on a charge of being unlawfully on the premises of another and was committed to the Circuit Court for trial.

TRYING TO RAISE COAST FREIGHT RATES

PROPOSITION TO PUT THE RATES AT THE OLD FIGURES UNDERSTOOD TO HAVE BEEN MADE RECENTLY.

Attempts are understood to have been made last month to increase the freight rates from San Francisco to island ports. The idea was to put the rates back to the old figures that existed before the cut was made about five years ago. At that time the rate was \$5 a ton for steamer freight and \$2.50 for sailing vessel freight. These rates were subsequently, after the entrance of the American-Hawaiian line into competition, cut to \$3.50 for steamer and \$2.50 for sailing vessel. They have since remained at that figure.

About three weeks ago efforts were made to have effect an agreement between the various steamship and sailing ship agencies to increase the rates, raising them to the former figures. The overtures are understood to have been turned down by one of the companies. No action has therefore been taken in the matter.

FIRST TO APPLY UNDER NEW CITIZEN LAW

APPLICATION FOR NATURALIZATION UNDER NEW ACT FILED IN THE FEDERAL COURT.

The first application for a naturalization under the new law was filed with Clerk Hatch of the federal court this afternoon, by Charles Duncan McEachern, a native of Price Edward Island, who is a luna of Ewa plantation. The application is to rest for two years, a copy being sent to the Department of Commerce and Labor. At the end of two years the applicant's name is to be posted at the federal court for ninety days, during which anyone having grounds for objection to the naturalization may present them.

MORNING STAR PUTS BACK LEAKING

Leaking at the rate of from 18 to 20 inches an hour the missionary steamer Morning Star, Captain Garland, returned to port this afternoon.

The little steamer left Honolulu last Tuesday en route to Seattle, where she was to be offered for sale. Shortly after she left Honolulu she began to leak. The chief engineer supposed that the oak would not be serious as the vessel had been put on the marine railway before she left here. The leak increased however and finally reached 18 to 20 inches an hour. The leak was by the stern.

Finally conditions became more serious. It was apparent that if the vessel continued she would not have sufficient coal to enable her to make the run to Seattle or even San Francisco and manage to operate the pumps. Captain Garland, after a consultation with the chief engineer, put the vessel about at 2 a. m. of Friday, for Honolulu. She was then about 500 miles from this place. The run to this port was made without incident.

A survey will be held. Captain Garland stated that a slight accident had occurred to the engine. The vessel is the property of the American Board. W. W. Hall is the local agent of the craft.

MINISTERS DISCUSS "HIGHER CRITICISM"

MINISTERIAL ASSOCIATION LISTEN TO A PAPER BY DR. BISHOP ON THE WORK OF DR. ORR.

The Ministerial Association met this morning in Central Union Church and listened to the reading of a paper by Rev. Dr. S. E. Bishop in which he reviewed the book of Dr. Orr of Glasgow on "The Higher Criticism."

Dr. Orr in the work combats the extremes of higher criticism and denies the accuracy of much of the destructive criticism. Dr. Bishop sided with Dr. Orr in the discussion that followed.

Rev. G. D. Edwards and Dr. Doremus Scudder combated the views of Dr. Orr in the discussion that followed liberal views. A lengthy discussion followed in which most of the ministers present joined.

Anti-Saloon Agent John M. Martin reported to the meeting the result of the taking of the straw vote during the recent registration.

The remainder of the morning was spent in discussing the policy to be followed by the Anti-Saloon League and whether they should follow the policy of the Civic Federation or not. No decision was reached.

SOME DELAY BEFORE PAPER IS STARTED

CATHOLIC MISSION WILL BE WITHOUT A PAPER FOR SOME TIME TO COME.

The Fathers at the Catholic Mission do not intend to start a paper there for some time yet to come. They recently purchased a press and the supposition was that the new paper would be started soon on account of the change of ownership of a controlling interest in A. Liberdade by which it ceases to be an organ of the church.

The press has been obtained for the new paper at the church but none of the type or other materials necessary to the publication of a paper are at hand and it will probably be some time before there is another church organ at the mission.

MORE NATIVES

Registration returns have been received at the secretary's office from the first district, island of Hawaii. They show a great increase in the Hawaiian registration and a slight decrease in others. The increase of Hawaiians is from 1,022 in 1902 and 1,087 in 1904 to 1,903 this year. In 1902 there were 514 of other races, in 1904 there were 526 and this year there are 460 of whom 272 are classed as of American birth and 188 as of Portuguese birth.

NATIONAL GUARD CAMPED OUT SUNDAY

THE FIRST REGIMENT WENT UP MANOA VALLEY AND PITCHED THEIR TENTS SATURDAY.

The First Regiment of the Hawaii National Guard yesterday were encamped at the Manoa Gun Club in Manoa Valley. The men went up Saturday evening and returned last night.

They were under the command of Lieut. Colonel Ziegler with Majors Reilly and Wall.

Four Rapid Transit cars took the men up from the armory on Hotel street to the end of the car line where the men left the cars and marched to the spot where they were to encamp.

Here with the aid of lanterns they pitched their tents and also enjoyed their supper.

The Red Cross hospital corps was in attendance and as several of the men met with accidents they were kept busy. A number were bitten by insects.

The outing was given for the purposes of drill and Lieut.-Colonel Ziegler is well pleased with the result of the outing.

JAPANESE GIVE A RECEPTION

REPRESENTATIVE CITIZENS GATHER TO GIVE GREETING TO NEW BANK MANAGER.

A large number of representative citizens gathered at Motchitsuki on Saturday afternoon to attend the reception given in honor of Y. Akai, the new manager of the Yokohama Specie Bank's local branch. The reception was given by K. Miyakawa from three to five o'clock.

Elaborate preparations for the reception had been made, in the way of supplying refreshments, and the visitors drank the health of the new manager in champagne punch. Near the sea shore was a long table covered with choice dishes, which were also much enjoyed by the guests. A committee of Japanese received the arrivals and presented them to Mr. Akai. The latter was a pupil of Professor M. M. Scott when the latter was a professor in the University of Tokio, in the seventies. Akai's sister was one of the first Japanese women to learn the English language and subsequently married Yoshida, the minister of finance who negotiated with England, Japan's first foreign loan.

Among those present at the reception were Captain Hancock of the Japanese training ship Anegawa, Consul Matsubara, Dr. Kobayashi, Dr. Uchida, P. C. Jones, B. F. Dillingham, J. P. Cooke, R. W. Breckons, E. I. Spalding, C. H. Cooke, L. Tenney Peck, C. L. Rhodes, George Rodiek, W. H. Baird, C. Shozawa, A. P. Taylor, R. D. Mead, W. W. Hall, R. C. Stanekable, Frank E. Thompson, J. W. CURZON SEEKS FOR AGED NURSE

WOULD MAKE PLEASANT LAST DAYS OF WOMAN WHO CARED FOR HIS WIFE.

CHICAGO, September 26.—Responding to the dying request of his wife, Lord Curzon is coming to the United States to seek out an aged woman who was Mary Leiter's nurse in girlhood. That nurse, once found, will be rewarded with affluence and her days will end in comfort and peace.

Somewhere in Florida, it is thought, this nurse is living with a married daughter, although nothing has been heard from her for a considerable time.

WILL INVESTIGATE FRUIT GROWING

J. E. HIGGINS OF HONOLULU IN 'FRISCO TO LEARN THE TRICKS OF THE TRADE.

The Chronicle of September 25 has the following:

The Hawaiian Islands are going into the fruit industry in earnest, and are making arrangements for San Francisco to handle the products of the rich orchards and vineyards in the islands. J. E. Higgins, a horticulturist of Honolulu, in charge of the Hawaiian Agricultural Experiment Station, arrived in the city yesterday, and was at the office of the Southern Pacific seeking information on the subject. While in this State, he will devote his time to studying the trees and the vines, and the method of growing fruit and caring for it. He says that practically the only difficulty the people of the islands will have to overcome will be the handling of the fruit. In this, they have not much skill, with the result that by the time most of the fruit reaches the market it is unfit for use.

Higgins will give especial study to this detail, and will see how the fruit is handled in the orchards of California. He will note the time it is picked in proportion for the journey and the distance it has to go, and with these facts in hand will report back to the islands.

According to Higgins the islands have the best chance in the world to enter the fruit market. The climate there he says is ideal, and the rainfall is good for the industry. He has been sent by the Merchants' Association of Honolulu, which will make an especial effort to see that the fruit industry gets a good start in the islands.

Pears and pineapples are especially adapted to the conditions in the islands, and in the opinion of Higgins the efforts of the fruit-growers will center about these two fruits.

The distance from the world's markets is the only drawback to the industry in the islands, and if this can be overcome by appropriate packing, the Hawaiian Islands will be able to enter the field as one of the chief fruit-growing countries in the world.

APPLIES FOR ADMISSION.

John D. White, 37 years old, a native of Newton, Iowa, last place of residence Independence, a suburb of Kansas City Missouri, has petitioned for license to practice law in the courts of this Territory. His petition says he studied law in different law offices mentioned in the law department of the University of Michigan, and graduated from Kansas City Law School in June, 1902 and was admitted to the Missouri bar October 23, 1902.

It is probable that the woman will be persuaded again to enter the family, and that she will look after Lord Curzon's little daughters, Mary Irene Curzon and Cynthia Curzon.

FATAL RAILWAY COLLISION. PARIS, October 15.—Nine were killed and nineteen injured in a railway collision at Epervan.

Woman's Kidney Troubles

Lydia E. Pinkham's Vegetable Compound is Especially Successful in Curing This Fatal Disease.

Of all the diseases known, with which women are afflicted, chronic kidney disease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Lydia E. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that fatal disease, woman's kidney troubles. Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women, and thousands have been cured of serious kidney derangements by it. Derangements of the feminine organs quickly affect the kidneys, and when a woman has such symptoms as pain or weight in the loins, backache, bearing-down pains, sealding or burning sensations or deposits in the urine, unusual thirst, swelling of hands and feet, swelling under the eyes or sharp pains in the back, running through the groin, she may infer that her kidneys are affected and should lose no time in combating the disease with Lydia E. Pinkham's Vegetable Compound, the woman's remedy for woman's ills.

The following letters show how marvelously successful it is. Mrs. Samuel Frake, of Prospect Plains, N. J., writes: Dear Mrs. Pinkham:—I cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound; a Woman's Remedy for Woman's Ills.

Chance For A Public Forum

The political meetings which have been held at Aala Park the past three Saturday nights, suggest possibilities for that place as a forum for popular education, that are worthy of being carefully considered and acted on. On each Saturday night of the three the crowd has been larger than on the one before. No one who has attended all these meetings will imagine that the political complexion given to the meeting has much to do with the number who attend. There were more in attendance at the Democratic meeting than there were at the Republican meeting the week before; and more in attendance at the Republican meeting last Saturday night than there were at the Democratic meeting the week before. Thus it seems rather to be a matter of spreading the knowledge of the fact that these meetings are held, than of noising them under any special party auspices.

But these meetings have demonstrated that the people will come out to hear public matters discussed—at least that they will come out to Aala Park, on Saturday night. The park is open and public. By going there no one feels himself or herself under the slightest obligations to anyone, as they might if they were invited to a meeting in a theater or other building. The climate of Honolulu is ideal for out-of-door meetings. The band stand at Aala Park made after designs by Captain Berger, has more than justified his judgment, and is now proving itself a splendid rostrum for out-door speaking. There is no difficulty whatever for anyone with a fairly good voice to make himself heard from it by at least two thousand people.

All these things being so, why should there not be held, following the close of the political campaign, a series of meetings at which public affairs shall be discussed from a non-partisan standpoint. Here is the finest opportunity in the world for a series of popular discussions of matters tending to the public weal and popular education. Perhaps the Research Club might take the matter up, or the Social Science Club. The Civic Federation might have charge of some of the meetings.

The Democratic meeting the other night demonstrated that there is nothing in the bogie of interpretation. At that meeting, no speeches were interpreted. Some of the speakers spoke in Hawaiian and some in English, the two languages alternating. Yet there was no lack of interest or attention. Those who did not understand Hawaiian, sat courteously through the Hawaiian speeches, while those to whom Hawaiian was more familiar than English sat as courteously through the English speeches. At the Republican meeting last Saturday night, there was much demonstration of the same thing. The truth is that the great majority of those present at each of these meetings understand English—not perhaps as its mother tongue, but in some practical degree.

If the suggestion is taken up, and advantage is taken of the opportunity of making of Aala Park a great popular forum, there should be care taken to make both matter and manner appropriate to conditions. Addresses should not be too long. Some of them should undoubtedly be in the Hawaiian language—perhaps also, occasionally in other languages besides English. But in whatever language they are given the effort should be made to couch them in simple, terse form, easily comprehended by those to whom the language is not a mother tongue, and easily translatable by one and another, to one and another in the audience, where the trend of remarks is understood, but individual sentences are not grasped. But there should be no interpreting piecemeal, such as is so common. Let the whole address be in the language of the speaker, so that neither continuity nor oratorical grace will be broken by the interruption of interpretation. If it is desirable that any address shall be given in more than one language let its translation be done beforehand and be given in each language without interruption.

The expense would not be very great. About the only expense would be lights, and chairs enough to seat about the same proportion of the audience as the political committees have found sufficient. The exact expense could be ascertained from the political committees.

Should anything like as much popular interest be shown in such meetings as is being shown in the political meetings, the opportunity for work for the highest good of the community, and that in no homiletic or patronizing way, is beyond calculation.

The Earthquake And The Fire

The effort to create the impression that the damage by the earthquake in San Francisco has been minimized and hidden by the people and newspapers of that city for selfish purposes and to protect the future of the city by misleading as to the actual earthquake damages, is receiving telling blows from many directions. The more the matter is gone into, the clearer it is that while the damage by the earthquake was very great in the aggregate, it was very small as compared to the damage done by the fire that followed.

Very striking in this direction and very convincing as coming from the source it does, is a letter from George E. Brewer, of Albuquerque, N. M., an independent adjuster who was on the staff of the Springfield Fire and Marine Insurance Company, written to the president of that company after he had completed his service with that company in the matter of the adjustments of losses in San Francisco. In this letter he said:

Your first estimate of salvage, which seemed very small, is proving remarkably correct. The percentage of insurance to values did not average over 40 per cent on buildings and 60 per cent on stock. This leads one to shudder over what might have been the result had an 80 per cent coinsurance clause been as universally used as, for example, in Boston; very few companies would have survived to advertise the story.

I note in glancing over insurance papers received in my absence that reports have been made that "as a result of the earthquake every building in San Francisco fell either in whole or in part." The results of my own investigation during three months' work, supplemented by reports of loss committees which have come in during that time, show such reports to have been absolutely incorrect and greatly overdrawn. Without going into any extended discussion of earthquake damage I will only say I have no sympathy whatever with the feeling, which seems to prevail in some quarters, that the companies are paying out millions more than they are really liable for.

BOOZE FOR GRAND JURY

A FIERCE MIXTURE PRODUCED BY DISTRICT ATTORNEY BRECKONS FOR THE FEDERAL INQUISITORS THIS MORNING—A WHISKEY WHICH CONTAINS SEVERAL POISONS AND SEVERAL KINDS OF JAG-PRODUCERS—RECIPE SOLD BY MAIL.

A big demijohn of whiskey has been manufactured especially for the present Federal grand jury and the jurors were free this morning to tinkle with it if they choose so to do. Here is what it is made of:
1 drachm Quillaya bark (used for making soap).
2 drachms canabis indica blossoms (the foundation of hashish).
30 grains powdered opium.
2 oz. Guinea pepper.
1 pint whiskey.
1 quart alcohol.
3 oz. acetic ether.
1 quart tea.
5 drops sulphuric acid.
4 oz. sugar.
4 1/2 gallons soft water colored with burnt soap.
To give "the old Bourbon flavor" add 1 oz. essence of winter-green, and to make the mixture intoxicating add a drachm of tincture of tobacco for each

gallon; the result will be five gallons of fine whiskey.
This is the recipe which is said to have been sold by mail by E. Kunst, who is before the jury on a charge of using the mails for a fraudulent purpose. District Attorney Breckons had a quantity of the mixture made up, for use as evidence and will introduce testimony to prove that the mixture is not a whiskey. It smells like furniture polish.
The federal grand jury had plenty of chance this morning to sample this stuff; but it is stated that no one developed a thirst. Quite a lot of witnesses were called who were evidently wanted for this case, among them being Collector Chamberlain and Postal Inspector Hare. Some of the witnesses are said to have been invited to take a drink of the stuff, by way of finding out whether it was whiskey or not, and the result in all cases was far from pleasant.

HIGH SHERIFF SUSTAINS ILAE

INVESTIGATION FAILS TO SUBSTANTIATE CHARGES AGAINST THE PUKOO JAILER.

High sheriff Henry has completed his investigation of the charges of drunkenness against D. Ilac, jailer of Pukoo, Moloai, and has decided that there is nothing in them. They were made by one David Kukani, but the investigation indicates that they were written out by someone else, for him. A number of representative citizens of the district have defended Ilac and Henry is convinced that the charges are unfounded.
As far as the other charges, of tampering with mail matter are concerned, no action has been taken. Ilac is postmaster as well as jailer, and Post office Inspector Hare has the matter in hand.

MORE JURORS.

Judge Robinson this morning drew some more trial jurors for service in his court. The following names were drawn, the jurors to appear in court next Monday morning: Edward Drew, George W. Farr, John A. Noble, Arthur P. Wall, R. H. P. Lishman, Charles W. Booth, George W. Clark, James D. Dougherty, Edwin Bonner, E. P. Chapin, G. J. O'Neil, David L. Austin, D. G. Stynes, W. H. Soper, E. O. White, W. Barclay, W. R. Waters, T. H. Kennedy, James Haughton, L. C. King, Arthur L. Soule and David Nolley.

Special Meeting of Stockholders

KOOLAU RAILWAY CO., LTD.

A Special Meeting of the stockholders of the Koolau Railway Company, Limited, will be held at the office of the Company, Stangenwald Building, Honolulu, on Tuesday, October 23rd, 1906, at 10 o'clock a. m., for the purpose of considering an increase of the Capital Stock of the Company and for such other business as may come before the meeting.

E. E. PAXTON,
Secretary.
Honolulu, Oct. 23th, 1906.

Will Have A Supply Boat Here

STEAM SCHOONER IS NEARLY FINISHED ON THE COAST—WILL PROBABLY BE STATIONED HERE

The Commercial Pacific Cable Company is soon to have a new supply schooner for service between its stations in the Pacific. The S. S. Restorer can not act as a supply vessel, as she is a British vessel so is not entitled to carry freight or passengers between American ports. It was not intended that she should be a supply vessel however but a repair ship.
Under the direction of Captain Metcalfe, the company is having a steam schooner built on the Pacific Coast. The schooner is a wooden craft. She is nearly completed and will be in service by the early part of next year. She will probably be stationed at Honolulu and will take supplies between this place, Midway and Guam.

ROBBED ABOARD THE SHERMAN

CORPORAL HANKE HAD A FELLOW SOLDIER ARRESTED FOR THE OFFENCE.

When the Army Transport Sherman docked in San Francisco at the finish of her last trip one of the first people to go ashore was R. A. Hanke, a discharged soldier from the Philippines, who went to the police station and reported that he had been robbed of \$120 and a number of curios. He laid the blame upon another discharged soldier named Peter Barth in whose trunk had been found the missing money.
The police arrested Barth and upon being searched he was found to have with him two Wells-Fargo Company receipts for money orders of \$50 each and \$47 in cash. He suddenly refused to make any explanation.
Inquiry at the Honolulu office of the company in which the receipts were given out revealed the fact that upon September 14, Barth had taken out four money orders instead of two for which the receipts were made out. Each order was for \$50, the total amounting to \$200.

The local men in the Wells-Fargo office do not recall the issuing of the receipts as they have too many to issue to remember back as far as September. The record however shows that they were issued.
Should Barth be convicted of the robbery it will go hard with him for it would be robbery upon the high seas and would come under the federal jurisdiction. The maximum penalty for such robbery is imprisonment for life in a federal prison.

PETER BARON ENTERTAINS.

Peter Baron, the "Human Cork" entertained a large number of friends at the Healan Boat House on last Saturday evening. There was music galore and plenty of refreshments. Between meals the party enjoyed rowing and swimming. The party broke up at a late hour. One of the features of the evening was an exhibition given by Mr. Baron of his wonderful accomplishments in the water.

EXCEPTIONS OVERRULED.

The Supreme Court this morning decided the case of Tax Assessor Holt against Wong Kwai, against whom two suits were brought for income and property taxes. The court holds that the two actions are properly separate ones and overrules exceptions which were based on a claim that judgment in one case made the entire matter res judicata. Deputy Attorney General Prosser appeared for the assessor and C. W. Ashford for Wong Kwai.

Frisco Sends Her Thanks

PRESIDENT PHELAN OF THE RELIEF COMMITTEE EXPRESSES APPRECIATION OF HAWAII'S AID

Governor Carter has received a letter of thanks from the San Francisco Relief Association, for Hawaii's aid during the days following the earthquake and fire, as follows:

"San Francisco, Sept. 28, 1906.
"His Excellency, Hon. G. R. Carter, Governor, Territory of Hawaii.
"Dear Sir:—I beg to hand you herewith our official receipts being acknowledgements of receipts of subscriptions from the Territorial Government and from the citizens of Hawaii of \$15,000, \$5,000, \$2,000 and \$194.55, in the aggregate \$22,194.55.
"Allow me at this time to express the gratitude of this community to its generous friends among your beautiful islands and to say that their splendid donations have been indeed of great assistance in relieving the sufferings of our stricken citizens. Our great fire left thousands homeless; left them without means of securing livelihood; without even the very necessities of life, and it was only through the great generosity of the world that they were saved from actual starvation.
"At the present time we are feeding twenty thousand and are also engaged in an endeavor to provide shelter for as many as possible during the rainy season. In addition to this we are caring for as many more in hospitals, orphanages and other public institutions, besides aiding in the rehabilitation of those who can with a little assistance help themselves, and I am sure that you and the generous citizens of Hawaii feel some recompense in knowing that you have done so much in this noble work. Yours very truly,
"JAMES D. PHELAN,
"President."

BECKLEY RACE ON NEXT SUNDAY

THE YACHT RACE WAS NOT SCHEDULED FOR YESTERDAY AS REPORTED.

There was no yacht race yesterday for the Admiral Beckley cup for these was none scheduled for yesterday. The report that it was to have been raced was made without authorization by the Yacht Club. It will probably be raced on next Sunday.

In regard to the Sunday yacht racing W. H. McInerney said this morning: "The controversy in regard to yacht races has been carried on for the most part in the newspapers. Among the members of the club there has been but very little discussion on that subject. We have recently received word from the South Coast Yacht Club that they are to hold their regatta on Sunday. I do not believe that the day on which races are pulled off in Honolulu will be changed as regards Sunday. The Beckley race will probably be on next Sunday."

There was only a small crowd at the Winter League games yesterday afternoon to see the Diamond Heads win easily from the Lusitanas by a score of 9 to 3, and the Twilights take the Butchers into camp by a score of 4 to 3 after 11 innings.

There was not much enthusiasm although the second game was a splendid exhibition of baseball.

A LITTLE TALK ABOUT FOOTBALL

PROSPECTS IN HAWAII NEARLY CHANGES IN RULES—SENIOR INTERCOLLEGIATE PROSPECTS.

And again the sound of the football is heard throughout the land. From Maine to Florida and from the Atlantic seaboard to the Pacific coast it is football that is holding the attention of the sporting world.

Only two colleges in the United States are playing Rugby as a substitute for the intercollegiate game—California and Stanford. Every where else the mole-skins and head-guards have been taken off the shelf and put into training. The bark of the quarter calling his men to the fight, urging them on at all times is heard with even a clearer note this year throughout the East.

At home, here in Hawaii, we will not lose the sport. In less than three weeks Kaima and Puna clash and local sports will be given a chance to see real football once more.

And then the seniors are waking up. The Males are into the game. Puna-hou is working hard trying to pick up a team and the Infantry will probably come in. There seems as if there will be something doing after all.

There are a number of radical changes in the rules and it will take some time for the boys to get the new ideas. The rule which makes the attacking team on side as soon as a kicked ball touches some trouble. It is a hard rule to beat, as the man in the back field, if he does not catch the ball fairly, will have a hard time preventing his opponents from scoring. If a team finds it necessary to put two men in the back field the defense on the line will be so weakened that the team with the ball should be able to gain his ten yards with great frequency. One forward pass is now allowed in each scrimmage, and this innovation should be the means of introducing many novel plays.

Heavy ends will be in demand this year. The rules do not allow the guards and tackles to be taken back of the line, and as heavy men have been found to be the best ground gainers, the teams will in all likelihood put heavy men on the ends so that they can be taken back when needed for line bucking or interference.

Rough play should be conspicuous by its absence. With only three officials it was often easy for a player to employ foul tactics without being caught at it, but the extra umpire this year will make the force of field officials large enough to detect almost anything that is unfair.

EHLERS WIN.
The combination of base ball players known as the Ehlers took the Whitney & Marsh-Sachs' bunch into camp by a score of 15 to 3. It was not as bad as it sounds. A large number were at Kapolani park to watch it.

Score by innings:
1 2 3 4 5 6 7 8 9
Ehlers.....0 1 4 2 0 0 1 7 *—15
Combinations.....0 0 1 0 1 0 5 2 0—9

The teams lined up as follows:
Ehlers—E. Enos, c.; C. Neiper, p.; A. Lino, lf.; E. Cheatham, captain, 2b.; J. Stewart 3b.; M. Phillips, ss.; C. Kimford, rf.; J. Almeida, cf.; S. Ripley and W. Timkee, rf.

Combinations—Wakita, c.; M. Fernandez, p.; J. P. Rego, lf.; Young 2b.; M. Perry 3b.; Nelson, ss.; De Mello, lf.; Wong, cf.; Chow, rf.

DIAMOND HEADS WON.
The Diamond Heads won the first spoker practice game of the season Saturday by a score of 4 to 0 from the Y. M. C. A. The line-up was as follows:
Y. M. C. A.—Goal, M. Johnson; backs, Macaulay, Ziegler; halves, J. Bailey, P. Foss, F. Martin; forwards, E. Martin, R. Churton, Lougher, Waterhouse, C. Dixon.

Diamond Heads—Goal, H. Chilton; backs, Gruns, E. Kellett; halves, J. C. Anderson, George Desha, Tom Carter, W. Chillingworth; forwards, E. Fernandez, T. Chillingworth, Bolster, F. Bailey, J. Woo.

CRICKET AT MAKIKI.
The attendance at the cricket game at Makiki on Saturday was small. The competing teams were the Seniors and Juniors. The former won by 122 runs. C. P. Morse played an innings of 80 for the winning side, his score including 13 fours. S. Beardmore (39) and R. Anderson (35) also scored well for the Seniors.

THEO. H. DAVIES TEAM WON.
The Theo. H. Davies & Co. base ball nine defeated the E. O. Hall & Son nine in a base ball game played at the bal park Saturday. The score was 7 to 4, and only seven innings were played. The batteries were as follows: Theo. H. Davies & Co.—Brunns, pitcher; Joseph, catcher. E. O. Hall & Son—J. Ordenstein, pitcher; L. Ordenstein catcher.

HYLAND OUTFOUGHT GAME EDDIE HANLON

REFEREE JACK WELSH STOPPED THE FIGHT IN THE 13TH ROUND AND GAVE IT TO HYLAND.

SAN FRANCISCO, September 29.—Dick Hyland outfought game Eddie Hanlon in their bout at Dreamland Pavilion last night, and had him in such dire physical distress when the gong signaled the thirteenth round that Referee Jack Welsh humanely stopped it at that point.

The turning point of the fight came near the middle of the twelfth round, when Hyland landed a chance blow to the jaw as the little fighter backed out of a clinch and caught Hanlon flush on the jaw. It was a wild left swing and dazed Hanlon. He clinched and hung on desperately to his opponent in order to give himself a chance to collect his sadly scattered senses.

Hyland saw he had his opponent at his mercy, but in his eagerness to score a knockout was unable to deliver an effective blow. He knocked Hanlon down with a left to the jaw, but Hanlon was up quickly. He then rushed Hanlon to the ropes and rained rights and lefts on his helpless opponent. The latter, showing physical gameness worthy a greater cause, would not give way, but fought blindly, desperately hoping to turn the tide of defeat. He was nearly out when the bell sent him to his corner a tired boxer.

It was palpable to the spectators that Hanlon could not go much farther. His seconds worked heroically over him, but it was evident he had but little strength left. When the bell sent them together for the thirteenth and last round Hyland at once sent a left hook to the jaw and rushed Hanlon to the ropes, landing right and left repeatedly. Under the fierce onslaught Hanlon slipped to the floor. He took advantage of the count of nine seconds before attempting to regain his feet.

When this brief respite was over Hyland landed a hard right to the jaw, but this did not stop the rush of his opponent. Hanlon fought with dying desperation, lashing out with right and left in a vain effort to land on his opponent.

Hyland landed several hard rights to the jaw, but there was not sufficient power in them to stop Hanlon. The latter was quickly rushed to the ropes again and received severe punishment. He made another wild rally and the crowd cheered him. All this time Hyland was cool. He was waiting to land an effective punch.

Hanlon had no defense and Referee Jack Welch appealed several times to his seconds to toss up the sponge and thus save their man unnecessary punishment. They seemed loth to do this, although Hanlon was getting weaker and had no chance of winning.

When the bell sounded the end of the round the referee exercised his privilege and awarded the fight to Hyland. Hanlon was assisted to his corner by his seconds. He was the picture of an exhausted athlete. Hyland walked over to Hanlon's corner and the rival boxers shook hands. The defeated man patted the victor on the back, mutely congratulating him.

IN THE POLITICAL FORUM

AALA PARK HAS A BIG CROWD

OVER TWO THOUSAND PEOPLE GATHER TO LISTEN TO REPUBLICAN SPEECHES.

The attendance at the Republican rally at Aala Park Saturday evening, was the largest that there has been at any of the political rallies so far.

The crowd made a gala occasion of it. Along King street there was such a solid row of Japanese candy and soda water carts, that there were only a few places on that side of the park where one could get into the park from the street.

Probably the most striking thing in any of the speeches was the admission by George A. Davis that there were large numbers of low groggeries in the city in which women were frequenters and in which youth of both sexes was debauched.

S. Kanepu acted as chairman and many of the candidates spoke, John A. Hughes being the first. He urged support of the Republican ticket and said its election would result in closing of the side-door cafes.

George A. Davis said that Republican success would result in the closing of all the low grogshops in the city, and that it was the fault of the law, not the police, that such places exist today.

Sam Dwight spoke of road work, and A. V. Gear promised to work for an increase of the police force if elected. He said that with the present small, underpaid force it was impossible properly to police the city.

Henry Vida roared W. A. Kinney in connection with the later's work as judge advocate in 1895 after the 1895 rebellion. He said: "Is he the man who with L. A. Thurston, took such an active part in the Provisional Government?"

W. H. Keahumoku seconded Vida's attack on W. A. Kinney. He said that Kinney had torn down the Hawaiian flag and that his heart was black.

A. D. Castro declared that Portuguese were still loyal to the Republican party and would not be deceived by the Democrats. Judge Samuel Hookano urged support of Republicans in order that saloons might be closed.

DEMOCRATS HOLD SATURDAY MEETINGS

CANDIDATES AND OTHERS HEARD AT WAIKIKI AND KALIHI SATURDAY EVENING.

Two meetings of Democrats were held Saturday night. One was in a yard at Paulo Ka'e's place at Waikiki and the other at Frank Harvey's place in Kalihi.

Supervisor H. T. Moore was the first speaker. He called attention to the fact that men who had trades were forced to work as day laborers on the roads because certain contractors had used Japanese and other Oriental laborers to crowd out the citizens from working.

Joe Fern said that the present Democratic ticket was the best that had been offered since 1900. He made a special appeal to the women and assured his hearers that they would have good government for two years if they would elect the Democratic candidates.

Joela Kikakahi who is one of the most fluent and vigorous of the native talkers, spoke at some length. During his remarks he assailed the police administration for permitting gambling and the operation of disreputable drinking joints.

C. W. Ashford called attention to the color line. He said that the Republicans had nominated only one Hawaiian on their ticket while the Democrats had put forward all natives with two exceptions.

Frank Harvey was the first speaker at the Fifth District meeting, held on the front lawn of his premises. He said that he and Iaukea had returned from a very successful meetings at Waipahu and Ewa.

C. P. Iaukea made a special appeal to the Portuguese and later spoke to the natives in Hawaiian. He dealt at length upon the necessity for a revision of the land laws and urged the Portuguese to no longer remain the tail of the Republican kite.

In speaking to the Hawaiian he said: "What is the issue today? It is not that the Democratic party should gain the power, but an issue has been raised of such vital importance to your individual liberty as a citizen which ought to bring us together, and that is the political machine of the Republicans. We must get together and break up this machine that has taken root in Hawaii. We don't want to have a political machine here."

"What do we see? Take the police department. We have the Governor's statement, published in the papers, that he believes the head of the police department to be a political boss. We don't want and we don't need a political boss in office. Who controlled the Republican convention? This machine. What show have the people under this system? That is the issue before you. We ask you to assist the Democratic candidate, which happens to be myself, into office to do away with all vestiges of graft and the political machine. I don't say the police are grafters, but there is something rotten in that police department which the respectable people of the Republican party will not stand for. Th Respectable people are opposed to Brown."

CHILD KILLED AT EWA. Several days ago a Japanese child was killed on the Oahu railroad near Ewa. The child placed its ear on the rail to hear the singing that announced the coming of the train. The child did not realize the danger and before anybody could drag the child away, the train came along and killed it. The parents wanted to institute a law suit against the railroad company but were told, after the occurrence had been investigated, that the company had not been to blame, as a warning to people to clear the track had been given as the train was approaching.

VERY TOUGH COAL PASSER. B. Kikuchi a coal passer on the Nippon Maru was buried under a mass of coal in the bunkers of the vessel last month while coming from Yokohama to Honolulu. His companions dug him out after an hour and a half work, expecting to find him dead. He was resuscitated however.

The deposition of Engineer H. Clay Kellogg, in the Palolo valley water rights case, is of no use. The Supreme Court this morning decided that it could not go in evidence. It remains, sealed up, in the possession of the clerks of the Judiciary Department, and as far as use in the case is concerned, it might as well never have been taken.

The court will probably take up the case tomorrow for argument of the appeal from Mrs. Nakuina's decision as water commissioner. When all is decided, the court may allow the deposition to be opened, just for curiosity. At present neither side knows what it says, but it is believed that it favors the attorney general's contentions.

DELEGATE FROM HERE WANTED

CARTER WOULD LIKE TO HAVE SOME ONE REPRESENT HAWAII AT KANSAS CITY.

Governor Carter has received another invitation from Senator Warner, for himself or some other representative citizen of Hawaii to attend the Trans-Mississippi Congress, to be held in Kansas City, November 20. Carter says he would like to hear of some Hawaii citizen who can undertake to be a delegate. The governor will not be able to go but would like to appoint some one, even if only one who is able to merely to answer roll call for Hawaii.

KINNEY AND VIDA DISAGREE

ASSISTANT SHERIFF GIVES TESTIMONY THAT SEEMS TO SURPRISE THE ATTORNEY.

Attorney W. A. Kinney and Henry Vida had something of a clash this morning in Judge Dole's court. Vida was called as a witness by Kinney, to testify in the matter of T. J. Ford's suit against the Ventura for damages for false imprisonment, and he did not testify as Kinney appeared to expect. He said he didn't know whether Ford was drunk and had black eyes when arrested.

Kinney wanted to know if Vida had not said to Attorney Derby last Saturday that Ford had been drunk and that one of his eyes was blackened, showing evidence of a fight. Vida's testimony this morning was that he did not know that Ford was drunk, and that as far as the black eye was concerned, Ford's face was all over coal dust, and he could not see whether the eye was black or not. Vida denied having made any different statement.

TO CHANGE PAR VALUE

A meeting of the stockholders of the Oahu Sugar Company has been called for October 26, 1906, for the purpose of changing the par value of the shares of the company from \$100 to \$20. This is to be done in order to make the stock more salable. There are prospects of the company declaring a dividend at the first of next year. It has advanced considerably since the proposed change has been contemplated and is selling now for \$117.50.
