

Legislature Has Broken From Carter

INDICATIONS TODAY ARE THAT THE LEGISLATORS HAVE BROKEN LOOSE IN THE MATTER OF THE APPROPRIATION MEASURES AND A BIG ROW IS CERTAIN TO OCCUR WITH THE GOVERNOR OVER THESE MEASURES.

The Legislature has broken loose. This morning the Senate began to make raises in the Territorial salary appropriation bill and if the tendency continues, the bill will look like a crazy quilt with green backs plastered all about it.

The Governor is already viewing with considerable apprehension, the attitude that certain members of the legislature have taken. If the present policy is continued, the appropriations will exceed the income, by a vast extent. The Senate is rushing the measure though as rapidly as possible today, in order that the House can take a crack at it. Undoubtedly there will be efforts made in the House, to secure increases of appropriations.

When the general appropriation measure comes up the indications seem to

be that there will be efforts made to secure various raises in certain items. Conditions are now regarded as exceedingly grave, unless the legislature promptly calls a halt on the extravagant raises that now seem to be in order. The salary bill will, undoubtedly, go to the House tomorrow as it is up on third reading before the Senate today.

The legislature has clearly gotten beyond the control of the Governor, as is shown by the action in making raises over his recommendations, while the constant overriding of his vetoes is indicative of a feeling of resentment toward him. Unquestionably the Governor will make some very extensive vetoes of items in the various appropriation measures. A big row is now likely to result with the legislature arrayed against the executive.

BROWN CHARGES CARTER WITH CONSPIRACY

Action on Senate Bill No. 42, the Municipal Bill, was on the order of the day, but consideration was deferred until after the Senate had passed on Senate Bill No. 30, fixing the salaries and pay of employees of the Territory.

Senator Brown wanted the salary of the treasurer cut from \$300 in the original bill to \$250 a month. "When Governor Carter took office he called a special session of the legislature and recommended the reduction of salaries from the heads of departments down. It was one of the wisest things that he had done. None of the officers had resigned because their salaries had been cut. Now the Governor asks for the creation of new positions and raises in salary for the heads of departments. Why he does so, the speaker did not understand, for the County Act had taken a great many offices out of the Territorial control. This bill is simply a hammer that the Governor is using to knock out the effects of the County Act. If this bill is passed, the weight of the responsibility will fall on the Senate and not on the Governor. When the Governor makes his report to the President he will say that the Territory and County governments were running but they cost more now than when the Territorial government was running alone.

"I am satisfied that this bill has been brought here for us to pass so that it will show to the President of the United States that the expenses of carrying on the County and Territorial forms of government are much greater than they were under the Territorial form of government alone. The Gov-

ernor knows that every legislature takes some power away from him and he desires now to show that with County government the cost of government is much greater. This is done in the hope that we will have to return to the former Territorial form and he can get the power back into his hands. I urge the members of the Senate to consider this bill carefully and pass the items at their former figures."

On motion of Chillingworth the bill was taken up, item by item, and considered. Action on Brown's motion being deferred, no second having been made to it.

The following changes in the bill were then made:

First assist clerk in Secretary's office raised from \$100 to \$125. Brown then, on second by Woods, renewed his motion. The amendment was lost by a vote of 5 to 8. The salary passed at \$300. Registrar's salary, on motion of Lane, was raised from \$225 to \$250. Lane moved that the salary of deputy insurance commissioner be raised from \$175 to \$200 a month. The amendment was lost.

Lane wanted to have the general item of \$3,280 in the Treasurer's office

RUEF IN SCHMITZ HOUSE

(Associated Press Cable to The Star.) SAN FRANCISCO, March 28.—Abe Ruef, who has been held under guard for the past three weeks to answer 66 indictments for bribery, in the cases of the Home Telephone Company and United Railroads, has been removed from the hotel in which he has been held to the home formerly occupied by Mayor Schmitz, where he is closely guarded by officers. Other indictments against him are imminent.

DETWEILER IS NOT FOUND

(Associated Press Cable to The Star.) SAN FRANCISCO, Cal., March 28.—A. K. Detweiler has not been found. Thirteen indictments were last Saturday returned against Detweiler, a capitalist of Ohio, one of the incorporators of the Home Telephone Company, for bribing supervisors.

More Excursions In Prospect

Secretary Wood of the Promotion Committee considers the prospects fair for securing one or more excursions to the islands. If some favorable charter can be offered to the Oceanic S. S. Company, he thinks that that concern might be induced to allow one of its former Colonial vessels to come to the islands with a special excursion.

Secretary Wood is in correspondence with mainland parties looking to have in an excursion from San Francisco and possibly another from San Diego, California. Frank Wiggins of the Los Angeles Chamber of Commerce is also working to secure a second excursion from San Pedro. It is doubtful if the S. S. Ohio can be secured again, however, so some other vessels will have to be chartered.

ATTENTION ELKS!

Owing to the failure of receiving a special dispensation from the Grand Exalted Ruler the annual election of the officers of the Benevolent and Protective Order of Elks will be held on Friday evening March 29, 1907, the regular meeting night. Meeting called for tonight will not be held.

WILL OBSERVE GOOD FRIDAY.

On account of tomorrow being Good Friday all the banks in the city have decided to close all day. Most of the large wholesale and commission firms will also close, but there has been no concerted action decided upon among the retail merchants. It is probable that most of them will close for at least a portion of the day.

The Metropolitan Meat Co., will close their shops tomorrow, Good Friday, at 12 o'clock noon.

LOOK OUT FOR APRIL FIRST.

The Honolulu Brewing & Malting Co. have concluded not to put out their Bock Beer until the proper season, April 1st. They believe the public will better appreciate it at that time. They will on that date offer to the public the best Bock Beer that has ever been put on this market.

JOHN F. ANDERSON, ONLY SURVIVOR OF GREAT WAR, NOW IN THE ISLANDS, VERY SICK.

John F. Anderson, eighty-eight years of age, an old time friend of the father of Supervisor Andrew Cox of Wailua, is seriously ill at the home of Supervisor Cox at Wailua. Mr. Cox is with him.

Mr. Anderson is the only survivor of the war between the United States and Mexico now in the Hawaiian Islands.

Last night it was not thought that the aged veteran would live through the night, but this morning he was very much better and sat up in bed and recognized Mr. Cox, talking with him merrily of matters of the day and now and then reverting to exciting incidents of the war in which he took a hand.

He still enjoys recounting anecdotes of General Winfield Scott and other great men of the war.

At 2 o'clock this afternoon Mr. Cox replied to questions over the telephone to the effect that Captain Anderson was a great deal better. There did not seem to be anything particular the matter with him except old age.

NEW DOCKS FOR EWA END OF PORT

NEED OF FURTHER ACCOMMODATIONS FOR A. H. S. S. CO., OIL BOATS, SUGAR STORAGE AND FREIGHT, TO BE MET BY EARLY DREDGING OF ANOTHER DOCK SEAWARD OF RAILWAY WHARF—ADDITIONAL SHEDS.

Seaward of where the furthestmost railway wharf now stands, new docks are to be dredged and new wharves constructed to meet the increased traffic to be handled by the American-Hawaiian Steamship Company and the Oahu Railway & Land Company.

With the addition to the American-Hawaiian's Pacific fleet of the Missouri and the Maine and the increase of the number of oil vessels calling here at frequent intervals, besides the usual demand for accommodations at the big wharves at the Ewa end of the harbor, the docks will be crowded. Only the other day the S. S. Texan was delayed 24 hours in getting away from Kahului because of the presence of the oil boat Santa Maria at the wharf at which the Texan had to move.

General plans have already been considered by the railroad people for the cutting of a dock makai of the long sugar and general freight wharf; in fact the scheme involves several docks over beyond the present Ewa wharf line, although it is unlikely that more than one dock, which may mean two wharves, will be dredged for awhile. This scheme of adding to the wharfage at the Ewa end of the harbor works in with the general idea of harbor improvement contemplated by the Federal government, of which work Captain Otwell is in charge, and to a considerable extent the improvement of the railroad accommodations will harmonize with government work. The material to be dredged out for the new dock immediately contemplated is not difficult to handle, though the ground slopes to an extent that means a large amount of excavation. The wharf to be constructed on the town side of the new dock will adjoin and perhaps be a continuation of the present wharf nearest seaward. New sheds will be erected for the storing of sugar and the accommodation of freight. On the seaward side of the new dock the one-half of a wharf may be built, with the idea of extending the wharf to meet the requirements of still another dock beyond. All this is but the beginning of work that will some day be extended in a semi-circle seaward of what is known as naval row, so that when the Panama canal becomes a fact Honolulu will be capable of accommodating with the assistance of Pearl Harbor the immense amount of shipping from all over the world that will pass through the canal and have Honolulu for the Grand Central Depot of the Pacific.

MYSTERY OFF POLICE MIND.

What would probably have remained a mystery to the police, had not the victim himself told the story, was cleared up yesterday. The Japanese who was found unconscious Sunday night on the King street trolley track near the Susanna Wesley home, damaged about the head, the crew of a car carrying him to nearby Japanese who later removed him elsewhere, now turns up to announce that he fell while jumping off a milk car and sustained the injuries to eye and scalp which were at first thought to be the result of collision with an auto if not foul play and attempted murder.

IN THE HOUSE

AFTERNOON SESSION.

THIRD READINGS.

Senate bill No. 56, designating the
distinction between public and private
schools, came up for a third reading.
It was explained by Chairman Long of
the committee on Public Instruction,
that the measure was designed to as-
sist the superintendent of schools in
keeping track of children who should
be in some school.

A verbose discussion arose over the
wording of the bill which is designed
to amend the present law governing the
establishment of private schools in
which Rawlins found the measure to be
in conflict with the existing law.
Rice took exception to this view.

Hughes stated that he could not see
fine technical lines and wanted time to
think out the matter, and to that end
moved to defer action until Monday.

Sheldon could not see that there was
anything the matter with the bill, but
was willing to have it go over.

The motion carried.

Senate bill 58, making clerks, deputy
clerks and assistant clerks ex-officio
balliffs came up for a third reading
and carried.

Senate bill 57, requiring the use of
English as the language of instruction
in all private or public schools, and
was on motion placed upon the calend-
ar for Monday.

The joint resolution originating in
the Senate, providing for a commission
of both Houses to visit and report on
wharves and landings in the Territory
with a view of the government's se-
curing control of same, came up again
from consideration of last Monday. It
passed a third reading with six dissen-
ting votes, these being those of Correa,
Kaleo, Kaniho, Nalima, Nakaleka and
Paoo.

A concurrent resolution addressed to
the President and Congress of the
United States asking that district at-
torneys be prohibited from acting as
counsel in the criminal courts was intro-
duced.

Rawlins moved that action be de-
ferred in the matter until Monday. He
took occasion to state that in connec-
tion with the matter he had kept away
from the meeting of the Bar Associa-
tion at which the matter was discuss-
ed, for fear that it would be said he
had used his influence in behalf of the
measure before the Legislature. He
said that he had been deliberately mis-
quoted in what he had said on the
floor of the House, in which it had
been said that he had spoken in dis-
courteous terms of the Supreme Court
and stated that the records of the
House would prove his contention.

The bill was laid over on his motion.

ON GOVERNOR'S VETO.

The Senate reported to the House
that it had sustained the Governor in
his veto of House Bill 25 fixing the
rate of laborers on public works at
\$1.50.

Rawlins thought the bill was all
right but inasmuch as it was a Senate
measure and had been abandoned by
that body, he thought that that ended
the matter.

Castro moving that the House pass
the bill over the Governor's veto;
that the bill was a good one and that
the House should stand on record on
the matter.

Sheldon spoke in favor of the bill,
and said he was willing to sustain it
regardless of possible criticism by the
press.

The motion being put, the bill carried
by unanimous vote.

The Senate reported to the House
that it had passed its Senate Bill 6,
raising the fee for jury service from
\$2 to \$3 per day over the Governor's
veto.

Sheldon moved that the House pass
the measure over the Governor's veto,
as the measure was one which would
meet approval all through the islands.
A vote being taken the motion carried
by unanimous vote.

On Senate Bill 52, which was vetoed
by the Governor the Senate reported
that it had sustained the veto. The
bill provided for rebuilding roads in
Hawaii destroyed by volcanic erup-
tion.

Correa moved to sustain the veto
and was seconded by Castro.

Kaniho took the other side of the
argument and urged the passage of
this bill over the veto. He thought
there was as much or more reason for
helping out the afflicted people in
the volcanic district, as in appropriating
money for earthquake ridden San
Francisco.

Kalelopu thought that inasmuch as
a bill has been passed turning over
to the counties all bridges, roads, etc.,
and therefore the damaged roads
should be repaired by the County.

A vote being taken the motion was
lost, not receiving the necessary two-
thirds vote. The vote stood ayes 13,
noes 16, as follows: Ayes—Akau, Cas-
tro, Coney, Correa, Gomez, Kalelopu,
Mounaui, Nakaleka, Paoo, Rawlins,
Sheldon, Waialeale, Holstein. Noes—
Alawa, Hughes, Joseph, Kahana, Ka-
luna, Kaleo, Kalana, Kaniho, Keo-
uli, Lelewi, Mahoe, Nalima, Pali,
uinn, Rice and Silva. Absent, Long.

The Senate reported that the report
of the special Joint Conference Com-
mittee over Senate Bill No. 46, was
adopted by the Senate.

Hughes introduced a joint resolu-
tion into the House, looking toward
the reclaiming of Waikiki swamp land
as recommended by the Board of
Health; and the appointment of a

commission to consider ways and
means and make necessary surveys.

Rawlins supported the resolution
urging that it was one of the most
important of measures, inasmuch as
the health of the community was jeop-
ardized by these swamps. He felt
that if yellow fever should get here
the swamp would be largely responsi-
ble for its spread, and the traffic to
this port through Central American
and Mexican ports makes such infec-
tion very possible.

The bill passed first reading.

The Miscellaneous Committee report-
ed on the House Resolution asking for
\$5,000 to be inserted in the Loan Ap-
propriation bill for the completion of
the Puuloa road between Moanalua
and Puuloa Station, recommended the
adoption of the resolution. The re-
port was adopted.

The committee on Miscellaneous re-
ported on a resolution to appropriate
\$15,000 for the purpose of building a
concrete bridge across Waiwauki
stream at Moanalua and recommended
that the amount be inserted in the Loan
Appropriation bill. The report was
adopted.

The House adjourned at 4:15 p. m.
until 9 o'clock tomorrow morning.

IN THE SENATE

THIRTIETH DAY.

AFTERNOON SESSION.

The Senate by a vote of 10 to 3 over-
rode the Governor's veto of Senate bill
No. 52 appropriating \$5,000 to reopen
the Kau road destroyed by the recent
lava flow.

House bill No. 64, relating to the
appointment of county attorneys was
tabled on third reading.

The consideration of Senate bill No.
42, the municipal bill was taken up
on second reading, and read section
by section.

CARTER AGAINST INCREASING TAXES

IN AN INTERVIEW HE WOULD
SEEM NOT TO STRONGLY FAVOR
BRINGING SETTLERS NOW.

Governor Carter is quoted as follows
in connection with the proposition
to increase taxes to assist in bringing
immigrants to Hawaii:

"Having studied the immigration
question pretty seriously," Governor
Carter said yesterday afternoon "I am
inclined to think we had better turn
our attention to the problem of holding
the labor we have here."

"I am not by any means convinced
that we are justified yet in increasing
our taxes for the purposes of European
immigration."

"If the situation in California is
permanent and the demand for labor
there not merely temporary, I can not
see any advantage in the bringing in
of labor by the planters if the result
of it be simply to supply California
with labor. Much less is there any ad-
vantage in the government's doing it
by means of increased taxation."

"The situation in this country was
one thing before the Japanese ar-
rangement was adopted, when the pol-
icy and the efforts of the administra-
tion were aimed toward making Ha-
waii homogeneous with the mainland."

"I am certainly not in favor of in-
creasing the taxes without good cause,
as there is no community that pays its
taxes so promptly as ours and we are
taxed quite heavily enough."

"At the beginning of my administra-
tion I expressed the hope that we would
be able to operate the government with-
out an increase of taxes. It is a se-
rious matter to raise the rate of tax-
ation and something on which we want
to go slow."

AMAZING GIFTS IN OIL KING'S WILL

\$250,000,000 TO BE LEFT FOR
CHARITY AND EDUCATION, SAYS
CLOSE FRIEND.

NEW YORK, March 17.—According
to a member of John D. Rockefeller
Jr.'s Bible-class, a persona' friend of
John D. Rockefeller, the latter prop-
oses to make a princely gift to New
York city. It will amount to at least
\$50,000,000. It will be partly charita-
ble and partly educational.

This man said that when Mr. Rock-
efeller was conferring with his son
at Lakewood, N. J., a fortnight ago
the meeting was not for the purpose
of discussing any immediate gift but
was on the subject of Mr. Rockefeller's
will, which document the oil king was
then completing with the aid of his
son and his lawyers. It was said that
this document will astonish the world
when it is made public. It will, it is
declared, give no less than \$250,000,000
for charitable and educational pur-
poses, and it will be so bestowed that
the benefits therefrom will almost be
perpetual.

THURSDAY.....MARCH 28, 1907

The Star's Birthday

The Star today begins its fifteenth year of publication. The first issue came from the press, March 28, 1893. The paper was founded to advocate and foster the sentiment in favor of the annexation of the Hawaiian Islands to the United States—their manifest destiny, and the political union most favorable to their development both material and ethical. But it has never been a one idea paper, and from the beginning of its career it has dealt fairly, cogently, and in a liberal and progressive spirit with all public questions as they have arisen, constantly seeking to broaden the scope of outlook in the consideration and treatment of Hawaiian affairs.

Annexation was long ago accomplished. The destinies of these islands were irretrievably linked with those of the United States from which they received their civilization, their religion, and their principles of free and representative government. And now, and since the accomplishment of annexation The Star seeks and has sought to do its part in that symmetrical development of ideas and progress along the lines of American instincts, traditions, and aspirations, of which it believes the islands and their people are capable, and in which it believes their highest happiness lies.

For itself, the fourteen years of its existence have been years of steady growth, both materially and in influence. It is now, this very moment, moving its plant, and its editorial and business offices, from their long ago outgrown quarters in the McNerny Building, which have lodged it during the greater part of its existence, to much more convenient, commodious, and well arranged quarters in the new and magnificent McCandless Building.

Advantage has been taken of this removal to discard much of the old plant replacing it with machinery and appliances of the latest design and most modern development. Among these is a new press upon which the paper will be printed, the very latest development of printing press mechanism in its class, which will permit of many mechanical features and excellences not possible with the press upon which the paper has been printed during the past years.

The paper will be enlarged to a seven-column, eight-page paper ordinarily, with facilities for adding additional pages as circumstances demand, or as may be found desirable.

In its new quarters, The Star will have the most complete evening newspaper plant in the islands, and one that is not often equalled even in cities of larger size than this on the mainland.

The Star believes that in the development of the newspaper in these islands it has had a leading part. In enlarging the scope and variety of news treated, it certainly has led. In completeness and quality of treatment it has not been excelled. During the past years, of important events which have had large influence on the public life and the public questions of the islands, more have been given their first publicity through the columns of The Star, than through any other medium.

With the beginning of a new volume, and with the new facilities its new location will afford,—facilities that will not become wholly available for several days yet,—it hopes to enlarge the beneficial influence it has in the community and to increase its usefulness to the islands.

Has Roosevelt Abandoned Us?

Are we to understand from Governor Carter's interview, published in the Advertiser this morning, that the President no longer cares to have Hawaii developed "along traditional American lines?" that he no longer favors

making this "a country of small farmers instead of an oligarchy of large land owners cultivating their estates with coolie labor?" that Roosevelt has abandoned Hawaii to complete orientalizing? If not, what is to be understood when the Governor is quoted as saying: "The situation was one thing before the Japanese arrangement was adopted, when the policy and the efforts of the administration were aimed toward making Hawaii homogeneous with the mainland?"

Is this no longer the policy and the effort of the administration? Have we been thrown as a tub to the oriental whale?

A sentiment has been created in Hawaii that is determined to make this an American territory. That sentiment is so strong that when it appears under the ruling of Attorney General Bonaparte that our present policy of bringing immigrants, and settlers eligible to citizenship, into the country can only be continued by using funds raised by taxation, the only voice raised against the additional taxation necessary for this purpose, is Governor Carter's. So unanimous is the sentiment of the community in favor of continuing our present policy and the work of the Territorial Board of Immigration, that when the alternative is presented by federal law of either abandoning it or increasing taxation, there is no suggestion in the community of abandoning it, but instantly a number of proposals of means for raising the additional taxes.

The community is so much in earnest in its determination to make Hawaii an American territory, in spite of difficulties and discouragements that it is willing to tax itself to bring it about. To halt now, in this movement is to surrender all that has been gained in the past years, and to fetter complete orientalizing on these islands, perhaps forever.

If it is true that President Roosevelt has abandoned his hopes and his policy of Americanization for these islands—the hopes he has expressed and the policy he has outlined in every one of his annual messages to Congress—it is a severe blow, but not a fatal one, to our hopes. We still have ourselves to depend on, and a sentiment in the community that is ready to pay the cost in additional taxation.

But it is hardly to be credited that the President has reversed his policy toward us, and abandoned us to the fate of orientalizing. Until he speaks in some decisive way, the community may well assume that his policy and desires for us are the same as they have been, and that we may count on his aid to help us in making this an American territory.

it, and no doubt interfered with its usefulness for the time. But the Federation is outgrowing that prejudice, and by the work it is doing in other directions is creating confidence in itself and in the Federation idea.

It appeals for its support to the public spirited, intelligent and moral element of the community. It appeals for its influence to this element. If it has the support of that element it will have influence, and can be made an agency for much good. It seeks for its membership among that element—if invites all of that element to become members.

In order to prevent the work of the organization from falling into ruts or into the hands of designing men, a third of its executive committee goes out of office each year and is ineligible for re-election for at least a year. For this reason it is especially desirable that the members of the Federation should all attend its meetings so that they shall be as representative as possible, and that capable and representative men may be found for the executive committee.

COMMITTEE REPORTS. The Judiciary Committee reported on Senate Bill 65, providing for the payment of public accounts of claims in favor of the Territory under protest; recommended that it pass. The report was adopted and the bill passed second reading. The Judiciary committee reported on House bill 159 relating to procedure of a person desiring to change his name, recommending that it pass. The report was adopted and the bill passed a second reading. The Finance committee reported on a petition referring to refunding of merchandise licenses. This is a claim for money paid for licenses before the Organic act went into effect. The amount of these claims is \$3,568.75; but the total amount of money collected from these licenses between June 14, 1900 and November 25th, 1900, is \$48,558.75 which would be subject to refund. The committee recommended that the petition be tabled to be considered in form of any bill which might be introduced on the subject. Report adopted. The Judiciary committee recommended the tabling of House bill 14, revising the election laws of the Territory, on the grounds that the bill is no improvement over the present law, that it is contradictory in a number of its provisions and that the method of registration it suggests is defective. Sheldon moved the adoption of the report. Mahoe moved that the bill be laid over until the introducer of the bill, Representative Kaniho, was present to defend it. Rawlins made a hot speech in which he intimated that there was bad faith on the part of the supporters of the bill. He said the committee had held up the bill for three weeks awaiting for Kaniho to recover from an illness, and had then requested him several times to appear before the committee, but he had failed to do so. He had been asked yesterday to appear, and he was not present in the house today. Coney supported the motion to adopt the report as Kaniho be, said had a habit of not attending meetings where he would be supposed to be interested. The question being put, carried, and the bill was tabled. Sheldon introduced a bill to license the sale of awa, imposing a fee of \$50 per year in Honolulu and \$25 per year in other places. The bill passed first reading. Paoo introduced a bill imposing a fine of \$1000 on ship masters for throwing oil or debris into the waters of Honolulu or Hilo harbors. The bill passed to print. Rawlins introduced a bill to exempt steamships of the Commercial Pacific Cable Co., from taxation. The bill passed first reading. THIRD READINGS. House bill 126 providing for the payment of claims for service of police officers of the county of Hawaii, came up for a third reading. Various members began to amend the bill as to the amounts to be paid on various items. Rawlins thought the amounts should be authoritatively known and moved to lay the bill over until something definite was learned. Coney stated that when the committee considered the bill, he supposed the amounts were correct, and didn't think it should be made a grab box out of and therefore supported Rawlins' motion to defer action. Kaniho thought that the bill was open to amendments and this privilege should not be abridged. The motion to defer, carried. House bill 136, fixing the salaries of county officers came up for a third reading after having been deferred from last week. Quinn moved that action on the bill be indefinitely postponed. Coney moved that the salaries of Supervisors be put back to its original figure of \$600 instead of \$600. The motion lost. A motion to pass the bill on a third reading was then put and carried the vote standing as follows: Ayes, Alawa, Correa, Coney, Joseph, Kalana, Kalua, Kaleo, Kaleopu, Kahana, Kaniho, Keouli, Leliwi, Long, Mahoe, Moanauhi, Nakaleka, Pal, Paoo, Sheldon, Waiwaiioe; noes: Akau, Castro, Gomez, Hughes, Naitima, Quinn, Rawlins, Rice Silva; Absent 1. House bill 148 eliminating the annual fee of \$20 to corporations for filing their exhibits, was passed at a third reading all voting for it except Correa, Kalana, Kaleopu and Kalana. Senate bill 55 providing for the filing of notice of increase of capital stock by a corporation, passed its third reading by unanimous vote. Sheldon presented a bill making it a misdemeanor to girdle, destroy or injure any tree or timber, or dig up or destroy any tree or shrub on private or public land, or pull down fences surrounding enclosures, and imposing a penalty of a fine not to exceed \$500 or imprisonment. The bill passed a first reading and was referred to the printing committee. The House took a recess at 11 o'clock until 2 o'clock this afternoon.

IN THE SENATE (Continued from Page One.) senators back into session. Senator Makekau declared that they should take a recess until the afternoon. However the missing men appeared and the Senate continued its session. Two messages were received from the Governor to the effect that he had signed House Bill No. 72, fixing the penalty for truancy, and House joint resolution No. 1, favoring the appointment of a tax commissioner. For the Public Lands Committee, Senator Hayselden reported on House Bill No. 117, relating to the disposition of public monies derived from the sale of improvements on public lands. The report favored the bill being passed. Senator Hewitt reported for the Miscellaneous bill as follows: 'Your Miscellaneous Committee to whom was referred Senate Bill No. 79, being an act relating to Trusts,' begs leave to report as follows: 'The principal object of the bill is to protect the poor classes from being imposed upon by those who would combine together with capital, skill or otherwise. Similar laws are passed in many states in the Union. A similar law was passed in the State of Ohio in 1893; and a test case was entered in courts in said state; after a stubborn fight, the law was sustained. There is no law in the Territory giving the local courts the power to try cases relating to trusts. In the last legislature of the State of California, a similar law was introduced by Senator Cartwright of Fresno

County, California, in the State Legislature. 'In case this bill would be passed, it will give jurisdiction to our local courts on such cases. 'In adultery cases, we find out that our local courts have jurisdiction in such cases, and at the same time the Federal court has jurisdiction to try the same. 'Therefore, we fail to find out any reason why this bill should not be passed. 'And we further believe, if a law of this kind is good in the State of Ohio and other states, such law must be good in the Territory of Hawaii. 'We further believe that it is the duty of the legislature to enact laws for the benefit of the greatest number of the people in the country; and this is one of such laws. 'We therefore recommend that the bill may be passed.' The two reports were tabled to be considered with the bills.

CHARGED GOVERNOR WITH A CONSPRACY (Continued from Page One.) increased and detailed as follows: Salary of license clerk, \$140; salary of corporation clerk, \$90; receiving clerk and messenger, \$82.50; stenographer, \$82.50; total, \$495. The motion passed. Lane again had the salary of tax assessor raised from \$225 to \$250. On motion of Lane the item of the Oahu district employees was passed. Coelho obtained an increase for the tax assessor of Maui from \$175 to \$200 a month. The item of \$16.66 2-3 a month to Mrs. H. B. Wells, under permanent settlements, had been killed on second reading. Hewitt wanted to increase the salary of the stenographer in the department of public works from \$100 to \$125. Smith opposed. The item carried. Chillingworth then moved to put back the item of \$250 a month for the Assistant Superintendent of Public Works. This item had been stricken out on the recommendation of the Ways and Means Committee. Smith seconded the motion. He expressed the opinion that there ought to be more supervision over this department than had been done before. He opposed the idea of making lump sum appropriations. Coelho opposed the motion. 'There was no use of such an office. He was not here to legislate against any particular person but he felt that the position was unnecessary. He then launched into a denunciation of the system of having numerous engineers on outside works. He spoke of abuses that had prevailed on Maui, whereby money had been drawn to pay them, but they had not yet been paid. The Assistant Superintendent of Public Works was responsible for it, as these engineers had been under him. Dowsett said that the office was, he felt, unnecessary. He favored combining the offices of Superintendent of Water Works and Superintendent of Sewers an increasing the item from \$150 to \$250 a month and sought to amend Chillingworth's motion. Chillingworth contended that the office of Assistant Superintendent was necessary. Superintendent Holloway had said that he could not do without such office. It was unfair to try to blame Howland when the complaints should be made directly to the superintendent. The arguments made by Coelho were illogical and it was unfair to try to abolish the office because of some errors that had occurred on Maui. Chillingworth said he favored Dowsett's amendment and would go further and combine the office of chief engineer at a salary of \$250. Gandall opposed the item and said that he considered the office unnecessary, as the counties had taken much of the work from that office. Chillingworth said that Gandall should not favor abolishing the office because the incumbent might not be satisfactory. The amendment was carried. Dowsett wanted to reduce the item of salary of head carpenter in the government shops from \$100 to \$75. The salary had been raised from \$75 to \$100 on second reading on recommendation of the Ways and Means Committee. Dowsett said the increase might cause dissatisfaction on the part of the foreman. The Superintendent of Public Works had not favored the raise. Smith favored the raise. On motion of Chillingworth the salary of the foreman was raised from \$100 to \$125 in order to eliminate any possibility of his getting sore. But when it came to the head carpenter, Dowsett's motion prevailed over amendments to make the raise first \$9 and then \$100. McCarthy urged the increase in the salary of Honolulu harbormaster from \$225 to \$250 per month. The raise was passed as was a raise to the assistant harbormaster from \$125. Both of these items had been recommended by the Ways and Means Committee. Coelho asked to have the salary of the pilot at Kahului raised from \$150 to \$175 on second reading. Chillingworth moved to raise the salaries of the pilots at Honolulu to \$250 a month. He wanted to reconsider that item. This item was reconsidered and he moved to make it \$250. Woods amended to make the salary \$225. The amendment carried. Lane moved to amend the salary of stenographer of the Board of Agriculture and Forestry from \$75 to \$100. The raise passed. A recess until 2 p. m. was taken after the item for pay of employees of the Board had been passed.

GOOD FRIDAY SERVICES. Stainer's Passion music 'The Crucifixion' will be sung tomorrow evening at St. Andrew's Cathedral. The service will begin at 8 p. m. Instead of 7:30 as heretofore announced. The offering will go towards the organ fund. Tomorrow Good Friday the 'Three Hours Service' will be held at St. Andrew's Cathedral from noon until 3 p. m. The service consists of addresses on the Last Seven Words, by the Bishop with hymns and prayers between each address. People can enter or leave the church at any time. All are invited to take part in this service. WHITNEY REACHES KAUAI. The American ship Emily F. Whitney arrived at Makaweli at 9:30 o'clock this morning from Honolulu, having sailed from her anchorage off this port yesterday evening. NAINOA IS A LAWYER. L. B. TRIP IS ENJOYABLE. The people who go down to Haleiwa invariably come back to town feeling better for the trip. The management of the hotel pays attention to the wants of the guests and in most instances they are anticipated. The bedding is sweet, the rooms clean and always well aired and well kept and the cuisine is better than anything offered in the other hotels throughout the Territory. Possibly it is because the accommodations are limited and the manager has an opportunity to come in closer contact with the guests. Rooms may be engaged by telephone or by letter and such requests will have immediate attention. Letters should be addressed to St. Clair Biddood, Manager.

NEW ADVERTISEMENTS MEETING NOTICE. The House Committee on Agriculture, Promotion and Immigration will meet at 7:30 o'clock this evening in the Legislative Hall, for the purpose of considering Senate Bill No. 44, relating to the exemption from taxation of property used in certain agricultural industries. Persons who are interested in this matter are invited to attend the meeting. (Signed) A. D. CASTRO, Chairman.

While thin hair and baldness are undesirable for men, they are vastly more so for women. Nothing adds more to the adornment of women than rich, heavy, flowing tresses. The hair is too valuable to allow it to suffer from neglect. Do just as soon as you notice that your hair is coming out you should use

Ayer's Hair Vigor

It checks falling of the hair promptly. This feature of Ayer's Hair Vigor is now recognized as most marked, and has brought to this preparation a world-wide reputation. You cannot possibly have a splendid head of hair when the scalp is covered with dandruff. We urge upon all who are in any way troubled with dandruff to begin the use of Ayer's Hair Vigor at once.

Do not be deceived by cheap imitations which will only disappoint you. Make sure you get AYER'S Hair Vigor.

UNIVERSAL FATHERHOOD.

That rash and foolhardy statements from a public man are mischievous is being demonstrated in Hawaii. Governor Carter, to show his broad-mindedness, publicly proclaimed that he would be willing for his daughter to marry a Japanese. How the Hawaiian Legislature is struggling to roll back the menacing tide of miscegenation. The indiscriminate intermarriage of races on the island would produce a mongrel citizenship the permission of which would be little less than criminal. There is such a thing as carrying the universal brotherhood too far.—Pasadena Star.

HANDSOME LAUNCH GIVEN TRIAL TRIP

ONE OF THE FINEST PLEASURE CRAFTS ON ISLAND MAKES SUCCESSFUL RUN.

One of the finest pleasure crafts in the Territory was given her trial run yesterday in the waters adjacent to the harbor. She is the gasoline launch "Kualohani" and has just been completed by Chris Johnson for Col. Sam Parker. The beautiful little craft is 30 feet long by seven foot beam and carries 16 horsepower engines of the latest type. Her capacity is fifteen to twenty persons. The boat is finished in knot wood, and is a splendid piece of workmanship throughout.

The Kualohani, which is the native name of Mrs. Campbell-Parker, was in charge during her trial yesterday of Prince Kawananakoa and maintained a speed of ten knots. She will be used as an excursion boat about the islands. The new boat has a berth at the old Wilder wharf between Fort and Alakea streets.

SPALDING WINS GUN CLUB CUP

TROPHY OF HAWAIIAN GUN CLUB CHANGES HANDS AFTER YESTERDAY'S SHOOT.

At the Hawaiian Gun Club shoot yesterday afternoon the weekly challenge cup was won by Irwin Spalding with a score of 17 out of 21, a fairly good average considering conditions of the weather. Mr. Spalding is the third member to win the cup, it having been held previously by J. W. Harvey and D. L. Austin. The cup must be won and held by the same member for three successive shoots before it will become his permanent possession.

The score of yesterday follows:
I. Spalding, 17 out of 21.
J. W. Harvey, 16 out of 20.
J. Fleming, 15 out of 23.
K. B. Porter, 13 out of 20.
A. Waterhouse, 13 out of 27.
J. A. Young, 12 out of 23.

STARKEY WINS MEDAL.

A letter has been received here by a friend of T. M. Starkey who though formerly a citizen of Honolulu, has for the past seven years been residing in England, from which it is learned that Mr. Starkey is still maintaining his reputation as a leading golf player. A clipping enclosed from the London Field gives the scores of a game played at Bournemouth, G. C., in which Mr. Starkey heads the list and won a medal from six other good players.

DELAY IN LAUKEA INQUISITION

SUPERVISORS DEFER REPORT ON INVESTIGATION OF SHERIFF—COUNTY GETS \$35,000 IN APRIL.

There was no report at the meeting of the Supervisors last evening of the special committee appointed to investigate the alleged negligence of Sheriff Laukea in the matter of ten prisoners being left without a guard in the Circuit Court. The matter went over for a week. Committeeman Andrew Cox was not present owing to the death of a relative.

The Ways and Means Committee reported that the Territorial Treasurer had said that the County would get \$35,000 for April. No definite amount was fixed for May.

Treasurer Dowsett of the Maternity Home thanked the Board by letter for the use of the band at a luncheon.

Engineer Gere reported that it would take 1250 cubic yards of material to fill the Makiki fire station lot so that the water will drain over the curb of Wilder avenue.

Sheriff Laukea wrote relative to the disallowing by the Board of items for newspaper subscriptions, saying he incurred the charges in good faith. No question had ever been raised before about such items. Action was deferred.

The Sheriff's report of arrests made in January and February was made. This has already been published and shows an increase of 247 this year over arrests for the same period of 1906.

The Board of Health suggested, by communication, that the Supervisors pass an ordinance prohibiting the gathering of swill except between 7 p. m. and 10 a. m. of the next day. Referred to Sanitation Committee.

The following statement by the Sheriff regarding resident police of Kailua was read and filed:
"The same number of men as constituted the police force for the district of Koolauoko at the time of my taking office was continued by me with-

out change, namely, one resident at Kaneohe, one at Waikane and one at Kailua. This force of three men is not too many in my opinion to police the district, stretching over a distance of 20 miles.

"I had in mind the stationing of a permanent officer at Waialana and in fact commissioned a person by the name of Edward Kea, a plantation luna of that place, as police officer. For some reason or other the Deputy Sheriff, to whom I had sent the commission, withheld it and later returned the same to me with the statement that Mr. Kea would not accept the office. It was by reason of this refusal of Mr. Kea that the present incumbent was appointed. He was recommended for the position by Mr. Harvey and Mr. Kealoha of the Board of Supervisors, as well as by the Deputy Sheriff of the district.

"Unless the present officer consents to move his residence from Kailua to Waialana I hardly feel justified in removing him so as to create a vacancy for a paid officer at Waialana. This I can do though. Appoint a resident officer there if one can be found to receive without pay."

"To-day these gentlemen, Kaptolani Park Addition residents petitioned for road improvement; they had been compelled to number their houses but, alas, had no streets.

Paloloites appealed to the Board to make the beautiful valley fit to live in. The Governor had been seen without satisfaction; the Board was sought as a last resort.

Harvey asked for more money for the police. Hustace said the Sheriff had said he was satisfied with what he was getting. "Then he must talk with two tongues," said Harvey, "he told me something different." Harvey thought that when matters were referred to committees they were likely to be lost sight of. Hustace denied it.

George Chalmers was appointed road overseer of Waialana, without pay. April estimates were fixed as follows: Road department, \$10,000; Ewa road district, \$1,300; Waialana road district, \$250; Waialua road district, \$300; Koolauloa road district, \$500; Koolau-poko road district, \$350; Kapolani Park, \$700; Police department, \$6,920; Fire department, \$4,000; Garbage department, \$1,500; Electric light department, \$1,400; Police and fire alarm system \$250; Hawaiian band, \$1325.

The following bills were passed: Fixed salaries, \$1670; County Clerk, \$328.65; County Attorney, \$738.22; County Auditor, \$125; County Treasurer, \$125; Poundmaster, \$30; Keepers of Parks, \$200; Road department, \$1450; Garbage department, \$200; Fire department, \$3400; Koolauloko Road district, \$330.65; Waialua Road district, \$649.77; Waialua Road district (special), \$15; Kaptolani Park, \$407.75; Hawaiian band, \$1250; County Engineer, \$262.85; Electric Light department, \$738.75; Police and Fire Alarm systems, \$165; Police department, \$5913.65; Ewa Road District, \$125.

THAYER IS VINDICATED

SUPREME COURT HOLDS THAT HE WAS NOT BLAMABLE AS JUDGE DE HOLT HELD.

The Supreme Court has given a decision in an appeal by the defendants in the case of Honnalua Kaupua vs. Kemilla Holt and George H. Holt. The lower court had held that the defendants had obtained a deed from plaintiff to certain lands by fraud and had ordered the cancellation of the deed. The Supreme Court reverses that decree and dismisses the bill, holding that the testimony failed to show fraud. This is a vindication of Wade Warren Thayer, the well known attorney. Thayer was handed a hot roast by Judge De Holt in connection with the case, for it seemed to be the opinion of the court, that Thayer had not acted fairly. However, the Supreme Court sustains Thayer, who incidentally wins his case. Judd Matt-Smith and Hemenway were also on the brief. W. A. Kinney, with Kinney, McClanahan and Derby and W. S. Edings on the brief, appeared for the plaintiff.

Carter And The Governorship

In an article thought by some to be inspired, and by others to be merely an attempt to let the Governor down easy, C. H. Buckland's paper, *Trans-Pacific Trade*, states that Governor Carter has been asked by the President to accept a second term, that the question of his acceptance is open, and that it is believed the Governor would not care to take the responsibilities of the office again. This is the article:

Discussion as to the selection and appointment of the next Governor of the Territory of Hawaii is always in order. It is a matter of direct interest to every resident and of even greater interest to every person engaged in business. The daily papers have given the names of many possibilities and of good men, but they seem to take for granted that the possibility exists and that a successor to Mr. Carter is necessary, one paper even intimating that the President has already expressed a desire to be relieved of further responsibility for the present Executive.

We are in a position to state that such is not the case. We say authoritatively that President Roosevelt has expressed to Mr. Carter a hope that he will succeed himself. Should Mr. Carter decide to do so, the question of a successor need no longer be discussed. The Governor, however, is at present time so occupied with the important work brought before him by the Legislature that he has been unable to give the matter such consideration as its importance deserves. He probably will not do so until after the session work has been cleaned up, by the end of May, when he will have to think about the topics for the last annual report submitted during his present term of office. It is possible, moreover, that the Governor will not come to any conclusion on the subject until after he has seen and talked with Mr. Roosevelt. Until then there can be no further definite information upon a subject which is now awaiting the Governor's decision alone. Before arriving at any determination he will doubtless call his closest friends into consultation, giving their advice and opinions due consideration.

It has been suggested that the President would be glad to be relieved of Mr. Carter owing to his recently-expressed feeling toward the Japanese and the pronounced courtesy which he showed to the officers of the Japanese squadron upon the occasion of its last visit to Hawaii. But there is another side to be looked at. When the Japanese squadron was in Honolulu there was a grave international crisis between Japan and the United States. It was undoubtedly the policy and the wish of the President, and perhaps so expressed to the Governor, that there should be no cause whatever exhibited here to increase the strained relations between the two countries, but that, on the contrary, every effort should be made to promote and strengthen the friendly relations that had hitherto existed. Hawaii, it sometimes seems to be forgotten, is an integral portion of the United States, and its distance from the mainland consequently renders it the more important from an international standpoint. The Governor here, although five thousand miles distant from Washington, represents the President of the United States and not the pennant politicians of Honolulu. For this reason, if for no other, as much sound judgment should be used in the suggestion of suitable gubernatorial timber as the President will exercise in making the appointment. The national importance of Hawaii has more consideration than ever it had at the White House.

Among the available material already mentioned has been the name of Senator W. O. Smith who, unfortunately, we are afraid, would not be eligible under Section 14 of the Organic Act. Among the Hawaiian in the present Delegate to Congress, James Kopekahi and Mark P. Robinson have been suggested as suitable Hawaiian-American possibilities. The Delegate would probably prefer to remain where he is, as he has a much safer position, with better remuneration, and every prospect of retaining it as long as he may desire. Judge Kopekahi would probably be the most popular Hawaiian, while Mr. Robinson would undoubtedly receive greater support from the business interests in the Territory. Besides Senator Downsett, Senator Bishop, Secretary Atkinson and H. E. Cooper, we have listed the following names discussed: Judge Arthur Wilder, W. W. Harris, F. J. Lowrey, J. E. Chick, G. W. Smith, L. A. Thurston, E. D. Tenney and H. P. Baldwin. Any one of these last three or four named gentlemen would be a particularly strong candidate, but before entering on further discussion it is well to await the decision of Mr. Carter, who at present holds the situation in his own hands. We do not believe that Governor Carter desires a second term of office, nor should he be called upon to assume such responsibility against his inclination. It was at great personal and pecuniary sacrifice that he assumed the office, believing that his duty as an American citizen demanded that he should respond to the call of the President.

AN OPEN LETTER.

To Organist Boke.
 Dear Sir—Kindly permit us to say that we are a great believer, in a way, that "the end justifies the means," and that we must not be "too good to do good." What we are coming at is, that if you, one ask us, for instance, to go to the orphan—then Kakaia—make a speech to make some money for charity (and also help to redeem the town) then you are not to be called upon to assume such responsibility against his inclination. It was at great personal and pecuniary sacrifice that he assumed the office, believing that his duty as an American citizen demanded that he should respond to the call of the President.

NO COURT CALENDAR.

The circuit judges of this circuit have decided not to have any printed calendar of cases this term. Such work is expensive and it is thought that a meeting of several hundred dollars will result. Judge De Witt is presiding judge, Judge Lindsay will try civil cases and Judge Robinson chamber work. The lists of the various cases are posted outside of the court rooms.

A card party is to be given this evening by the local order of Tokohans after the usual meeting of the Pacific Tokohah Lodge. All Rebekahs and Odd Fellows and their families are invited.

Rev. W. D. Waterford gave a very interesting lecture last evening at the Seaman's Institute, which was illustrated by stereopticon views of the recent eruption and lava flows of the volcano.

All persons between the ages of twenty and sixty years, unless exempt by law, are liable for Personal taxes (Poll, Road and School), and are hereby notified that the same will become delinquent on the 31st instant.

You want a dry battery which is reliable and strong for your automobile. That describes the Columbia Dry Battery, sold by the Schuman Carriage Co., and E. O. Hall & Son, Hawaiian Electric Co. Ltd., Distributors.

Representative J. I. Silva, of the House of Representatives, this morning presented to each of his Hawaiian constituents a three pound package of red soil. This gift was much appreciated by the recipients.

E. Miller, J. Nunes and Mr. Enry formed a shark fishing party yesterday afternoon. They hooked a 16 foot fish off Paoulo, at the entrance of Pearl Harbor, and towed him into port, but he died a short time after.

WHALE OFF WAIKIKI BEACH

RESIDENTS ALONG THE BEACH TREATED TO A RATHER NOVEL SIGHT—WHALES AT PLAY.

Residents out at Waikiki Beach were treated to the rather novel sight of two huge whales disporting themselves in the waters just outside the reef, and perhaps half a mile off shore. The leviathans were in sight for nearly half an hour, and during that time were observed by numerous persons. They repeatedly arose to the surface and spouted, and several times rose perpendicularly from the water half their length falling back with a great splash. They appeared to be between twenty and thirty feet in length.

ICE CROP ALL RIGHT.
Fears of a short ice crop seem almost as useless and far away as worry over last summer's harvest weather.—Cleveland Leader.

THE GREATEST ATTRACTION.
The first settlement was made by fighting men who came prepared to fight and who by fighting conquered the continent and founded the government and country. With the naval and military demonstrations absent the expositio would be deprived of one of its greatest and most valuable attractions.—Richmond News-Leader.

ARRESTED NANNY GOAT.
The police this morning arrested a nanny goat on the sidewalk near the corner of King and Bethel streets. She was butting boys off the pave. Owner can regain by paying costs of court.

SING'S SONG OF DEATH.
The Sings are not harmonious in their relations. Kim Hon Sing is in a police station cell—no, he is charged, basely threatening to kill Ah Sing. Now it is a case of sing behind the bars.

TO ENCOURAGE RBOWLING.
The bowling alleys in connection with the Hotel Baths have been purchased by Jesse Woods from the former owner F. J. Cross, and will be improved in several ways. It is expected by the new manager to make the place particularly attractive and to encourage the patronage of the ladies, many of whom are devotees of the sport.

ARRENS TRIAL ON.
The trial of C. Ahrens on a charge of setting fire to the ship Claverdon is in progress before Judge Robinson. J. Lightfoot and Deputy Attorney General M. F. Prosser have been "scrapping" during the morning. Lightfoot is defending the prisoner.

AFTER DIVE RUNNERS.
The police will at once inaugurate an investigation of what possibly is a system of runners for low saloons whose business it is to lure sailors with money to these dives to be doped and robbed.

LAZINESS FILLS JAILS.
"Frost fills the jails" is the charitable fashion in which a sociological philosopher views the incarceration of vagrants who have been "on the road" during the warm weather. The truth is, of course, that it is not frost but laziness that fills the jails. Trampdom would cease to exist, frost or no frost.
