THE TRAM COMPANY WINS

Judge Perry Calls the Action An Imposition.

Costs Assumed by R. T. & L. Co.—Injunction Dissolved—Bill Dismissed—Other Matters.

This morning in open court Judge Perry read his decision in the case of Southwick vs the Hawaiian Tramway Co. The decision is brief and to the point and dissolves the injunction and dismisses the bill. It is as follows: "Upon the evidence adduced I believe and find that this suit was instituted at the instigation and in the interests of the Honolulu Rapid Transit and Land Company. A domestic corporation, rival of the respondent in the street railway business, that payment of the retainer of counsel, of the expenses of the trial, and of the sum necessary to be deposited to secure the costs of court herein has been made or assumed by said rival corporation, and that the suit is in fact the suit of the Honolulu Rapid Transit and Land Co. Such an illusory proceeding cannot be entertained by a court of equity; the suit is an imposition on the court. The preliminary injunction heretofore issued herein is dissolved and the bill dismissed. Decree accordingly."

Judge Stanley has granted a temporary injunction in the suit of E. S. Taylor vs The Oceanic Gas and Electric Co.

Education's Progress in Russia.

The educational campaign in Russia which was started by Nicholas II, shows no signs of diminishing in spite of those leaders of the Pan-Slav party who oppose the education of the Russian masses, as a safeguard against the spread of western liberal ideas. At Pskov, a suburb of St. Petersburg, the cornerstone of a new school of technology, which is destined to be the largest institution of the kind in Russia, has just been laid. A first grant of 2,500,000 rubles—or approximately \$400,000—has been made by the Minister of Public Education, for the buildings are to be sumptuous. The central facade of the principal college hall will be 750 feet long. Around this will be grouped smaller halls for chemical laboratories and manual training schools. At a short distance from these buildings six three-story residence halls, capable of accommodating 1,800 students, will be erected. The Government will attempt to put the new institute on an equal footing with the great French, German, Belgian and Swiss schools of technology. There is every reason to expect success for the school, particularly as the Russians are inclined to the study of science, and men and women alike have a decided fondness for chemistry, physics and natural history. Liberal grants of money have also been made by the Government for the help of needy university students in the empire, and especially those in medical schools. In future every medical student in the empire of good moral character, but with a slender income, will receive the means to finish his course at the university. In returning their degree, he called upon to act as village doctors in some of the poorer rural communities for two or three years. While performing this duty they will receive help from the "zemstvos," or local councils.

Sailing of Island Steamers.

Most of the island steamers will get away for their destinations during this week. The Kinai, which will sail today, at 5 o'clock is loaded to the water line with freight but will not take passengers. The steamers Nihaui for Lahaina and Kaunapali and the Ke Au Hou for Kilauea and Anahola will both sail tomorrow afternoon at 4 o'clock, as also will the Claudine and the Mokoli, at 5 o'clock, for their usual destinations. The Mauna Loa will depart for Lahaina and Maalaea and Kona and Kau ports at 10 o'clock Friday morning. No time has been set for the departure of the W. G. Hall as she is at present discharging her cargo, but she will probably get away for Kona ports by Thursday at the latest.

JOHN'S WAY.

J. Bull has got his faults, maybe; There's furrin' chaps as good as he, An' some the's wuss, 'twixt you an' me, Whatever folks may say. He's glad to tread a peaceful track Till others hits him fust, ker-smack! An' then he'll run to hit 'em back, Fer that's John's way! Et's true he likes to strut aroun' An' go paradin' up an' down With all the rable in the town A-shoutin' out "Hooray!" He'll boast afore a fight is won, But when the little job's begun, He don't leave off until it's done, Fer that's John's way! —The Spectator.

INDUSTRIAL DEPARTMENT

Members of Boys Brigade to Be Taught Carpentering.

Shops Now Being Built Near O. R. & L. Depot, King Street—Good Work That Is Being Pushed Steadily.

The good work of the Boys' Brigade is being steadily pushed ahead by the men at the helm. The establishment of the clubroom at Kaunakapili was the first important step. Now comes another that is still more important—the establishment of an Industrial Department. The two-story building for the purpose is now drawing to a completion. In a few days the roof will be shingled, painting attended to and furnishings put in. The lot upon which the house stands was obtained from the O. R. & L. Co. The committee in charge of operations has, so far, only arranged for a course in painting or some other allied industry. J. S. Bailey is the man who will have charge of the carpenter shop while another most competent man is in mind should painting be made one of the branches. Mr. Bailey himself superintending the erection of the building. Complete sets of carpenters' tools, enough to accommodate thirty-six boys, have been sent for and their arrival in the near future is expected. The boys will be chosen from the ranks of the four clubs and these will be retained on merit. If possible, the class will be made up of fifty boys who will take their lessons four evenings during the week. The finance committee of the Boys' Brigade, consisting of J. P. Cooke (chairman), T. Clive Davies, John Waterhouse and George R. Carter, will soon start out on the work of soliciting subscriptions for the amount of money necessary to complete the new building.

FOR ATHLETIC GROUNDS.

The cessation of the use of the Makiki baseball grounds as a place for various athletic contests has aroused in the minds of men of the city interested in athletics the question of securing another place for such purposes. The men in charge of the work of the Boys' Brigade have appointed a committee to see various public spirited men in regard to this question. This news will certainly be good news to all baseball and football men who have already begun to lament the fact that now they have no place where they can carry on their favorite pastimes. Should the committee be successful in arranging for recreation grounds these will of course come under their management but the use of them will be for the public.

Customs in Edinburgh.

There are several curious customs in the local government of Edinburgh, not the least strange being the lamp-post dignity conferred on the leading civic officials. In order to impress upon the public the importance of the lord provost, two lamp-posts, each with the city arms, are erected outside his residence. The bailies, the den of the convener, and the treasurer are only "a little lower" than the provost, for they each have one special lamp-post to lighten up the precincts of their residence.—Scottish American.

QUARANTINE BARRACKS DECIDED ON

Citizens Committee Selects Site in Kalihi District.

General Situation Shows Improvement—Effect of a Rumor in Block 10—Active Work All Along the Line.

2:30 p. m.—Shortly after 2 p. m. today Dr. Scaparone reported a case of the plague on Maunakea street—a Japanese, Zuwoka by name, age 17. The fellow has been sent to the Kakaako hospital. What disposition is to be made of the infected dwelling will be decided on this afternoon. At about 2 p. m. Dr. Mitamura made report of a suspicious case on Merchant near Alakea street. This is a Japanese woman. Dr. Garvin called, but found no suspicious appearances. However, the case will be closely watched.

Committee Meeting.

At 9 o'clock this morning, members of the committee of citizens appointed by the Board of Health to look into the matter of a site for the proposed quarantine barracks met in the office of Minister Young, chairman of the committee, and there considered a general plan submitted by the Minister himself. Only three of four of the members were present on account of the busy time at their offices that always comes with the beginning of a new year.

Minister Young's plan is to build two rows of houses back to back with a space between the rows sufficient for a large covered flume. Over this flume will be the water closets, bath and washrooms, with direct communication with the flume. Minister Young explained his idea as follows: "The flume is the main part to be considered. The arrangement of the houses is but an easy matter. The flume will be flushed with water continually from a well or the government waterworks and all the refuse and dirty water must empty into it and be carried out to sea. In this way not a bit of filth will be retained for the shortest space of time, on the premises.

"The houses in rows and back to back must be far enough apart to admit of easy access and to make possible a quarantine within a quarantine should cases of plague break out in the midst of the quarantined people."

Upon bringing up the question of the flume Dr. Herbert stated that the safest way would be to have this covered. While there was not so much danger from an uncovered flume during the existence of the plague, still the quarantine barracks might be used in the future for the isolation of people from districts infected with such a disease as cholera. Under such circumstances an uncovered flume would be very dangerous.

During the conference of the committee Judge Wilcox, upon whose land it was proposed to put up the quarantine barracks, appeared on the scene and answered various questions put to him. Then Government Surveyor Wall was sent for and, together with him the members of the committee went out to Kalihi to make investigations. The committee returned to town shortly before noon, after having investigated various sites in Kalihi and Iwilei. Judge Wilcox finally took the members to that portion of the Bishop Estate which is known as Waiakamilo in the Kapalama district on the other side of Iwilei. As soon as Minister Young laid his eyes on this place he decided that it was just what was being looked for.

This place is easy of access and will involve comparatively little work in its arrangement for a quarantine barracks. It is below what is known as Waipiole and can be reached by the road that runs from the tramcar stables to the sea. A two-inch pipe could easily be put in from the government wells and run down to the proposed buildings, a distance of something less than a mile. So much for water for drinking and washing purposes.

Between three and four hundred feet from the shore is deep water. A gas engine could very easily be installed so that water could be pumped in from the sea and used to flush the flume into which all refuse will be dumped. This would simplify matters greatly, centering the cost for flushing purposes in a small amount of piping and a gas engine to furnish power to run in the salt water.

Minister Young with members of the committee will make up a report and will present it to the Board of Health as soon as possible. This may be tonight. The grounds chosen by the committee this morning are very large and, if necessary, thirty acres could be obtained. The new line of the railway runs near by and the whole place is most convenient.

Scattering of Chinese.

There was a general exodus of Chinese from block 10 in Chinatown yesterday afternoon, some one having spread in that locality the report that the Board of Health was contemplating an immediate destruction of the whole place by fire. Physicians and agents of the Board of Health hurried to the scene and assuaged as far as possible, the excitement of the Chinese, but by that time most of the residents of the block had scattered to various parts of Chinatown carrying with them their goods and chattels. There is considerable feeling against the person who spread the alarming report, since it has been stated that it was done by way of a joke.

Chinese Frightened.

Chinese in various parts of the city outside the infected district have given their employers notice today that they intend going back into Chinatown with their wives and families as they understand the Board of Health intends to burn the whole of Chinatown. They cannot be made to see that the matter is only being discussed and even if such an extreme measure is found to be necessary for the protection of the city, the Board of Health will give ample notice.

Making Antitoxine.

Dr. Hoffman, government bacteriologist, is just now busy with the work of preparing antitoxine, but nothing much can be said about this just now as it is more in the line of an experiment than an assured thing. When the work has been completed trials by way of testing the efficacy of the antitoxine will be made. If found to operate successfully it will be used for the purpose of vaccinating persons who have been in infected premises.

THE BUSINESS STANDPOINT

Review of the Situation Given by the Mercantile Agency.

Losses From Plague Visitation Have Been Heavy Among Retailers—Plea for Vigorous Measures—Christmas Business.

Manager Q. H. Berrey of the Mercantile Agency reports on the business situation at the opening of the new year, as follows: Merchants report a very good month. Holiday trade was generally good until the 25th, when we were quarantined again. The losses in Chinatown have been great, and certainly business houses there are entitled to sympathy. Holiday trade gave great promise, and prospects seemed better than previous years. The breaking out of the plague again was a set back. Trade has fallen off from 40 to 60 per cent during the past four days. In some lines daily receipts do not meet daily expenses with good houses. Five large "wind jammers" have arrived with full cargoes, since our last circular. Unsatisfactory trade with other islands. Furniture trade has suffered, owing to delay in securing goods. Staples easier since last report. Leather, crude and worked, has advanced at least 10 per cent. We are informed that stumpage in lumber districts, in the States has raised 20 per cent. Local market unchanged, but higher prices are anticipated. Shelf goods in hardware show slight rise in price. Considerable activity is reported by those handling sporting goods. Sufficient money out of the surplus should be appropriated to provide Honolulu with permanent sanitation works; previous invasions of contagious diseases, that cost hundreds of lives are likely to appear again. Now is the time to strike for permanent improvements. Let it be hoped that speedy action will be taken. In no other way can Honolulu make reasonably sure of escaping future plagues. There is no reason for blues in our mercantile condition, and the average anticipations are good.

Doctors Threatened.

Certain Chinese in the infected districts have threatened doctors and members of the Board of Health with death. This has been done by posters in Chinatown. One of the Board physicians was sent to a place in Chinatown yesterday on a trip of investigation. As he was coming out he found himself surrounded by a lot of wicked looking Chinese. Fortunately he happened to have an influential Chinese merchant with him. The latter said: "Hold on doctor, I think trouble. You let me go first." This man said two words in Chinese, not understood by the doctor, and the Chinaman scampered away like a lot of rabbits.

To Burn Block 10.

Seen in regard to Block 10 in the infected district, Chinatown, President Cooper of the Board of Health said this morning: "Yes, Block 10, with the exception of four or five brick buildings, will be burned, but arrangements as to time and disposition of people and goods have not been decided on yet. Until then, nothing will be done."

Found and Lost.

A Chinaman was found sick in Chinatown a couple of days ago and taken to military headquarters for investigation. Through some mistake he was liberated. The fellow then went into hiding and was not found until yesterday. He was discovered by Wm. Crawford who told him to report at once to military headquarters, thinking the matter was well known there. The Chinaman appeared on the scene, asked if he was wanted, was told no and immediately disappeared again. Now another search for him is being made.

YESTERDAY'S FOOTBALL.

There was not a very large crowd present at the football game between the 6th Artillery and Town teams on the grounds of Oahu College yesterday afternoon. The game ended with a score of 31 to 0 in favor of the town boys. There was but very little interest in the game from beginning to end.

Circuit Court Cases.

Fanny Strauch has brought suit for ejectment against the Kapolani Estate, Ltd. The land in question is in Kalihi. S. M. Damon, W. F. Allen, W. O. Smith and J. O. Carter, Trustees of the Bernice Pauhi Bishop Estate, have brought suit in ejectment against J. O. Young. The property in question is on Liliha street. The same trustees have brought suit in ejectment against David Dayton. The property in question is in Honolulu. Kawe Kapala has brought suit in ejectment against the Pioneer Mill Co., Ltd. The land in question is in Waikeolu, Lahaina.

Wreck of the Carson.

The wreck of the Carson lies in the same position still. The steamer Mokoli is now standing by, having relieved the Lehua. The steamer Hawaii will probably be supplied with a wrecking outfit and sent out tomorrow, when the work of saving the wreck will commence in earnest.

New Year's Dance.

A New Year's dance was given at the home of Jonah Kumalae, last evening. A most pleasant evening was spent. Among those present were the following: Misses Julia Kellia, Lily Kellia, Lucia aahai, Lillian Pihl, Lucy Aiwohi, Lizzie Nathaniel, Lydia Auld, Lizzie Auld, Juana Naone, Rebecca Trask, Elizabeth Nahua, Adelaide Hookano, Messrs. J. H. Naone, Philip Naone, D. L. Naone, W. Brede, Jr., Paul Brede, Samuel Aiwohi, C. W. Kinney, Alexander Auld, D. K. Kamai, W. Weir, W. H. Holokakuli, Manuel Deponte, Manuel P. Gomes and Mr. and Mrs. J. M. Mumabele.

Whales are thick on the Scottish coast this summer.

At Sand, in the Shetlands, a shoal of seventy-one bottle nosed whales was driven ashore and captured in one day. It was the first time in forty-four years that whales had appeared there, though in former times they stranded frequently.

Resolutions Received.

George W. Smith, chairman of the Fourth of July Committee has received the following letter acknowledging the resolutions relative to extension of American laws to Hawaii: EXECUTIVE MANSION, Washington, Dec. 8, 1899. My dear Sir: I am directed by the President to acknowledge the receipt of copy of resolutions adopted at a public meeting of citizens of Honolulu, held July 4, 1899. Very truly yours, J. A. PORTER, Secretary to the President. George W. Smith, Chairman Public Meeting, Honolulu, H. I.

ATHENIAN'S ROUGH TRIP.

The transport Athenian that arrived from Manila yesterday, passed through pretty much the same experience as did the Hongkong Maru. Rough weather was encountered nearly all the way, the storm causing the Athenian to lay to for two days, and to run to the south for one day more in the hope of running out the gale. The seas were very high and dashed over the ship with terrific force. Lower parts, made of glass nearly an inch thick, were smashed to bits. Huge seas broke over the stern, carrying away the wheel box, tearing up the two iron binnacle stands that were bolted to the deck and filling the upper deck where there are a large number of stalls, with water. If the stalls had not been extraordinarily strong and well built, they would have been carried away entirely. An idea of how high the waves were that struck the ship can be gained when one realizes that the small boats in their davits, twenty-six feet above the water, were continually full of water and the inner funnel of the smoke stack was broken away from its fastenings. The officers of the ship declare it to have been the worst storm, outside of a typhoon, that they have ever experienced. The Athenian hauled alongside the Pacific Mail wharf this morning. She will remain in port about ten days before returning to Manila with a cargo of mules.

"ERMINIE."

The popular and highly amusing comic opera Erminie, attracted an immense audience to the Orpheum last night, every seat being occupied and extra chairs pressed into service. Miss Josephine Stanton as the heroine of the piece again captivated the audience with her winning voice and charming presence, while the Misses Andrews and Leckley ran a close second in public favor. Kunkel and Henderson, two thieving rascals—veritable Beau Brummels in all but wardrobe, kept the audience in roars of laughter with their ludicrous witticisms. Tonight Erminie will be repeated. Tomorrow and Thursday evenings Martha will occupy the boards.

The "Maui News."

Waikuku, Dec. 20.—The plant for G. B. Robertson's new printing office to be opened in Waikuku, will likely be here about the middle of next month. Mr. Robertson expected his plant this month as the factory men had written to him that the plant was all packed ready for shipment by the Kaulani, but the steamer agents would not take passengers, so the foreman will bring the plant on a sailing vessel to leave San Francisco for Kahului the first week in January. The first issue of the "Maui News" (not Waikuku Journal) will come out sometime during January.

Agricultural Department.

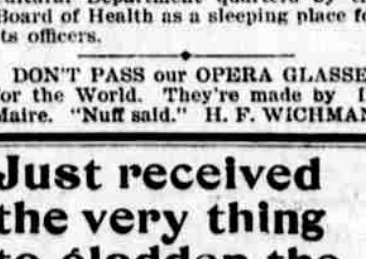

The Agricultural Department has changed its quarters to the office of the Immigration Bureau, Telephone 732. This step was found to be necessary on account of the occupancy of the Agricultural Department quarters by the Board of Health as a sleeping place for its officers.

DON'T PASS OUR OPERA GLASSES for the World.

They're made by Le Maire. "Nuff said." H. F. WICHMAN.

Just received the very thing to gladden the hearts of the ladies.

Judge A. W. Carter, who has charge of the inspection of the outer districts reports two cases of leprosy discovered.

The annual meeting of the Catholic Ladies' Benevolent Society will be held in the convent, Fort street, Friday afternoon, January 5, at 3 o'clock.

About the only excitement at the football game yesterday was the fight between a soldier, one of the line-men and a Portuguese. The latter came off second best.

The proposed New Year's dance at the Hawaiian Hotel last night had to be given up on account of the small attendance. The effect of the plague is being felt all over the city.

Tenders will be received at the office of the Minister of the Interior till 12 o'clock noon of Thursday, January 4th, for the construction of the sewer pumping house. See New Today.

Wait for the Le Munyon Photo Supply Co. calendar for 1900 which will be here on next steamer from the Coast. Mr. Le Munyon has spared no pains to make it the finest and most elite calendar ever published in the world. It will be strictly three color process work and very elaborate, being done from Mr. Le Munyon's own negatives.

JONES TURNS EXPANSIONIST.

Little Rock, Ark., Dec. 19.—A surprise was sprung on the Democrats of Arkansas when Governor Jones declared himself an expansionist. Heretofore he has been classed among the anti-expansionists. In an authorized statement the Governor said:

"I have been investigating the question for my own satisfaction, and have very decided views and propose to stand by them. I consider the acquisition of the Philippine Islands to be most fortunate for the reason that it furnishes us a permanent foothold near the Asiatic coast, which will protect our commerce with Asia. I believe that the only salvation for the Southern States of this Union is in the expansion of our commerce by the opening of new markets in Asia for our products, and in order to maintain and protect such commerce we must have the Philippine Islands for reasons perfectly obvious."

Home for the Trusts.

New Jersey, the Mother of Trusts, will provide a new home for her foster children, the corporations, which are sheltered by her laws and do business in other States. The Trust Company of New Jersey is about to erect a new building for the accommodation of the offices of the combines that avail themselves of Jersey's laws. Gen. W. C. Heppenheimer, former Speaker of the New Jersey Assembly, and Inspector General on Governor Abbott's staff, is President of the Trust Company of New Jersey.

These gentlemen will wisely put up the new building as close to New York as possible; as close as they can and still remain in Jersey. The foundations will be laid on the water front of Hoboken, partly below the water line of the Hudson river, within a few steps of the ferry house.

Meeting rooms for incorporators and boards of directors will be provided upstairs, and these will be sumptuously furnished and fitted with up-to-date appliances. The general style of the architecture is to time French Renaissance. The cost will be between \$150,000 and \$200,000, complete.

By the Court:
GEORGE LUCAS, Clerk.

Royal Here and Everywhere

You are worn out, tired, can't put the energy you desire into your duties. Well, then, you must try something that will overcome this feeling and restore you to perfect health.

Pleasant

From childhood we are taught to respect the curative features of herbs. Our grandmothers used them, and were, as a rule, versed in the art of preparing remedies from various plants

as

We have a preparation that is of the old-fashioned type—purely vegetable, made of herbs with wine. For a general tonic to produce vigor and strength, you cannot find a better one.

Wine.

For malarial disorders, loss of appetite, that tired feeling, loss of energy, it is a true panacea.

Royal Bitters is the name,
They gave me at my birth,
From Royal no one need refrain,
Its use will surely bring mirth.

Real Merit

Is the characteristic of Hood's Sarsaparilla, and it is manifested every day in the remarkable cures this medicine accomplishes. Druggists say: When we sell a bottle of Hood's Sarsaparilla to a new customer we are sure to see him back in a few weeks after more—proving that the good results from a trial bottle warrant continuing its use. This positive merit

Hood's Sarsaparilla
possesses by virtue of the Peculiar Combination, Proportion and Process used in its preparation, and which all the remedial value of the ingredients used is retained. Hood's Sarsaparilla is thus Peculiar to itself and absolutely unequalled in its powers as a blood purifier, and as a tonic for building up the weak and weary, and giving strength to the nerves. Be sure to get

Measures to Weed Out Chinatown

A meeting of the Board of Health with President Dole and members of the Cabinet, as well as several prominent citizens, was held last evening. George W. Smith acted as chairman in place of President Cooper who was too tired out to be in attendance.

Chairman Smith announced that the meeting was for the purpose of consulting with the Cabinet on the Chinatown question. In the matter of the destruction of buildings in Chinatown, the Board of Health wished the support of the government and of the people.

President Dole asked as to the number of people in Chinatown and Chairman Smith answered that there were in the neighborhood of 20,000 Chinese and Japanese.

Dr. Wood made the following statement: "Where cases have broken out, I certainly know the habitations are infected. If any one will take the trouble to go through there and see the narrow passageways with house floors directly on the ground, one can readily see how infection passes. When we have burned down buildings, where cases of plague have occurred, still we may not have reached the limit of the infection in that manner. We find that the infection was carried across Nuuanu street from Ah's to the place where two cases occurred and which caused the burning of two places yesterday. The physicians are convinced it was carried across the street by rats."

When the Kakaako quarantine matter was brought up Minister Young stated it as his belief that it was unsafe from a sanitary standpoint for so many people to be housed at one place. It was finally agreed that land at Kalih'i or behind the leper receiving station were more fit for quarantine barracks. The medical members of the Board maintained that, as a whole of the Chinatown district was infected, the people should be removed to an absolutely clean place and then the place should be burned as quickly as possible.

L. A. Thurston offered the following resolution which was unanimously adopted: "It is the sense of this meeting that it is sound policy to remove to quarantine as rapidly as practicable, the residents of the Chinatown district and to take any and every step, without limit, necessary to stamp out the plague, including the destruction of buildings and other property."

Dr. Day then offered the following resolution, which took the same course: "I move that the Chairman appoint a committee of citizens to select and acquire a suitable locality for a detention camp for persons now resident in Chinatown or other quarantined districts, and to erect buildings for the accommodation of such persons as they shall be advised as to number by the Board of Health. I move that the chairman appoint a committee and let this be the means that we now take for combating the plague."

Chairman Smith appointed the following committee to look up a site for a quarantine barracks: Minister Alex. Young, L. A. Thurston, C. Holt, J. A. Kennedy, C. B. Ripley, Dr. Herbert.

Holland Sympathy For Boers.

The feeling of sympathy for the Boers in Holland is astonishing all Europe by the rapidity with which it is spreading to the very lowliest inhabitant. A few days ago a little boy only 14 entered the office of a Haarlem paper and, emptying his pockets, which contained all his savings, said: "This is for the Transvaal," leaving the office without giving his name. A bourgeois of Amsterdam went into the office of an Amsterdam paper and deposited 1,000 florins. "I am not rich," he said, "but my wife and children want me to give this aid of the Boers." An officer at Breda called his company together and asked them if they wished to subscribe. Without a dissenting voice all subscribed sums according to their rank. The servants of The Hague have formed a league for the purpose of making a fund, to which they subscribe weekly. Through the newspapers, by committees, from door to door, in the churches, in the schools—everywhere where the public gathers, collections are being made and millions of florins are being found for the Boers. A rich citizen of The Hague proposed to found an orphan asylum for the children of the Boers who fall in the war. In Belgium the sympathy is nearly as keen and persons with whom I am personally acquainted are subscribing \$300, \$400 and \$500 at a time. Ambulance corps are being formed and drilled and doctors are leaving their practice to go out and help the Boers. The unanimity of feeling is really extraordinary, and the English of Antwerp, as well as of Brussels, are obliged to keep very quiet. My own house was stoned recently by roughs because I was known to be a correspondent of the American and English press.

TUESDAY, JANUARY 2, 1900.

If this black plague business proves to be a long continued story, the Boston Lyrics will be obliged to settle down as one of the established institutions of the town.

Business men are justified in taking a more hopeful view of the situation now that the people have stopped fighting among themselves and joined drives to fight the plague.

Acknowledgement of the Fourth of July resolutions by the President completes the work of putting the people of Hawaii on record. Depend upon the President and Congress to do the rest.

The people anxious to establish a Seamen's Chapel should make frequent visits to the Seamen's Club where A. F. Cooke is carrying on a grand work in the interests of the seafaring fraternity.

This is no time for the practical joker to get in his work by circulating false reports. The serious damage done by starting the story that Chinatown is to be immediately burned may yet be estimated in loss of lives.

STAND BY THE BOARD.

The Bulletin's suggestion for the weeding out of the population of Chinatown now domiciled in unsanitary houses has met with a hearty response from the people of Honolulu. The committee appointed by George W. Smith is made up of men who can be depended upon for sharp, sensible action and whatever may have been the criticisms or bickerings of the past the Board of Health now has the unqualified and unanimous support of the entire community.

At no time since the plague made its appearance in Honolulu has the Board of Health been indifferent to the serious responsibility resting upon it, nor failed to appreciate the necessity for radical action nor have its members been influenced by politics in any single act. If the plague has not been stopped, the people may at least thank God that petty bickerings are at an end and the community has resolved itself into a unanimous committee of the whole to support and lend aid to the efforts of the Board of Health, in whose action and recommendations full confidence may be placed.

As the Bulletin understands the situation, the Board has held that the destruction of individual houses in Chinatown has been a questionable measure. Owing to the crowded condition of the houses it is practically impossible to prevent rats, the chief source of infection, from passing to other houses of the block during the progress of the fire.

The only method of destruction that guarantees proper degree of safety is to remove residents of infected blocks. This leaves open space on all sides where escaping rats can be watched and killed. The eventual course to be followed must be destruction by fire, but it is worse than useless to drive infected rats from house to house with the result that infection is spread.

Meanwhile residents of infected blocks must be removed to sanitary quarters. When humanity has been cared for, an effective attack with fire upon the rats and infected buildings can be made.

This is the work that has now begun and begun in earnest. Fire will be used when fire can be made most effective.

Don't jump at conclusions. Don't accept every current rumor and spread it as a rumor or a truth. Remember that every member of the Board of Health and every member of every committee is fighting this thing as a fight for the life of the community.

Stand by the Board of Health.

AGENT HARTWELL'S REPORTS

If anything further were needed to demonstrate A. S. Hartwell's incompetence as a representative from Hawaii in Washington, his dubious reports to Mr. Dole would be sufficient to carry final conviction. The people of Hawaii may be thankful that Hartwell is only the personal representative of the local Chief Executive and is recognized as such in Washington as well as in Honolulu.

The Bulletin is in a position to state positively by private advices of influen-

tial Congressional friends of Hawaii that the prospects for the enactment of a bill giving Hawaii full American territorial rights were never more reassuring. While different theories are being casually discussed in the hotel lobbies, the strong undercurrent of forcible sentiment, that is worth anything and which will make itself felt when the Hawaiian bill comes before Congress for action, is steadfast in its support of the principle that Hawaii shall be granted all the privileges of trade and political freedom of the territories of the Mainland.

Hartwell's letters demonstrate one of two things, possibly both. He is either attempting to show that the majority of Congress is opposed to Hawaii's best interests, consequently the necessity of paying him \$1000 a month from the Diplomatic and Consular appropriation, or else his "wide acquaintance in Washington" is principally among those men in disfavor with the Administration and opposed to the Republican policy of dealing with Hawaii; with these men who for political reasons will not change their attitude when it comes to a vote, Hartwell hobbles and is consequently filled with dire forebodings of the future.

As a representative in Washington "Special Agent" Hartwell is the most useless piece of official furniture possessed by the defunct Republic of Hawaii. And the worst part of it, he is being paid from the public funds to send reports to Hawaii which any man at all conversant with the current magazine literature of the day could easily compile in Honolulu.

OBSTREPEROUS CHINESE.

Several words of advice have been offered to the Chinese citizens regarding their conduct while black plague threatens the community. It is apparent that more words are necessary to bring the average Oriental to his senses. The quarantine of Chinatown with its consequent interference with trade is a harsh measure, but it must be continued in force until every Celestial in town becomes convinced that he owes a duty to the community which he must not, shall not slight; that duty is to assist, not impede, the health authorities in their work of stamping out the disease. The general quarantine is only necessary because of the, at first, indifferent and finally threatening attitude of the Chinese. By failure to report and endeavoring to hide plague cases, thoughtless ones have accomplished their own financial misfortune. Assume Chinese yet show that they are not amenable to reason, the authorities have taken the right course, in declaring a general quarantine of the center from which threats emanate until every Higbinder is convinced that he must fall into line with the intelligent men of his race. We are disposed to believe that the efforts of sensible Chinese will prevail among their obstreperous countrymen, meanwhile it is necessary for the authorities and the guards to deal vigorously with any attempts of Chinatown citizens to play the part of the criminal fool.

CULLOM AND EXPANSION.

At the exercises held at Chicamauga Park to dedicate the monuments raised in honor of Illinois soldiers of the Civil War, Senator Cullom was one of the principal speakers of the day. The Senator said in part:

"This land was born in the travail and trouble of the Revolution. The glories of our great conflicts inspire us to greater and higher acts of patriotism as we follow the course which duty marks for us. Every step our beloved nation takes in the line of human liberty has become expressive of advancement—most dear to the heart of every American. All serious talk of imperialism or of un-American restriction is gratuitous and uncalled for."

"It is as proper for this country to grow and expand as it was to be born. It was born to live and it lived to expand its sphere of usefulness. It lives not merely to absorb territory and become great and wealthy, but to justify its birth and ancestry. It lives to make the world better and broader and to glorify the God of Nations. The proofs of God's special favor have been showered upon the United States. Let that arm be palsied which would take a single laurel from the crown of American glory. Our conflicts were waged in the interest of the human race. The wars of ancient history were the brutalities ordained by some ruler, in a selfish struggle for dominion. Ours were to maintain a principle."

SEWER SYSTEM FOR HILO.

One of the matters that will be agitated for the next Legislature to consider is an appropriation for a good sewer for Hilo. The appropriation made by the last Legislature was insufficient even if the material had been ordered promptly and as it was not ordered before the rise the money was

sufficient to buy about half the quantity of pipe needed. An expert would decide that Hilo is situated capitolary for a sewer and he might also decide that a filtration plant for the water used here could be easily and inexpensively constructed. Next to the appropriating money for salaries the Hilo delegates will urge this measure as the most important. "With filtered water for household purposes and a good sewer the dangers from fever attacks would be considerably reduced. As to epidemics there would be a slight danger so long as quarantine regulations are rigidly enforced in Honolulu where steamers are constantly arriving from the Orient. When Hilo has independent communication with China and Japan it will be time to look out that disease does not creep in. A complete fumigation plant will be needed here quite as much as at Honolulu.—Hawaii Herald.

Home Educational Rule.

(Hawaii Herald.) Under the American system of free schools which is touched upon by President McKinley in his message to Congress this district will find a more satisfactory method than the one in vogue. Hilo may have its board of school directors elected by the people and their duties will require them to visit the schools, listen to complaints and investigate charges. Teachers may be appointed by them to fill vacancies temporarily and charges against pupils may be investigated and acted upon by the directors. The system will be an improvement under the old one if for no other reason than by giving Hilo a species of home rule in educational matters.

PACIFIC HEIGHTS.

Residence Lots on Pacific Heights

ARE NOW OFFERED FOR SALE.

No residence property having similar advantages and attractions, as for healthfulness of location, having an elevation of from 170 to 800 feet, and affording the grandest marine and scenic views; as also its proximity to the business part of the city, being less than a mile from the Progress Block,—has ever before been presented to the people of Honolulu.

One of the main features of the property, and procured at great expense, is the abundant supply of pure spring water, pronounced by Dr. C. B. Wood as being the purest and best drinking water obtainable in the Island, which is now being conducted into storage reservoirs upon the property by an independent pipe line, and will be supplied to residents at Government rates.

OUR GUARANTEE: We guarantee to all purchasers of lots on Pacific Heights, that we will, within six months, provide rapid transportation to the highest lots on the property, connecting the same with the Honolulu Rapid Transit Co.'s line on Pauoa Road, at the beginning of Kaulani Drive.

TERMS: 1/3 cash, 1/3 in one year, 1/3 in two years; interest 6 per cent. per annum on deferred payments.

Our carriage will convey parties desiring to inspect the property to and from the same.

For maps and full particulars call at our office, (Rooms 7 and 8 Progress Block.

The opening of the free kindergartens has been postponed until further notice.

Boarder's and livery rigs delivered and called for at all hours. King Street Stables.

Work on the double track of the Train Co. on King street is to begin again very soon.

The next mail for the Coast will be by the Moana, due here from the Colonies on Friday, January 5.

J. H. Fisher is moving into his new offices over the Hawaiian Trust and Investment Co., on Fort street.

The case of Jacinto Banavitz, charged with manslaughter in the first degree, has been set for January 3.

The condition of School street Ewa of the bridge needs looking to now that that street is being used so much.

A warrant is out for the arrest of Carl Klemme on the charge of selling spirituous liquors without a license.

DIAMONDS bought before the Boer war to be sold at low figures. GEO. HAFNER, Manufacturing Jeweler.

The Davey Photo Co., Ltd. has now on sale a complete set of views of the burning of Chinatown. See ad in New Today.

Considerable fishing has been done of late in the lagoons of the Kapiolani Park. The water fairly teems with fat mullet.

Among the cases of illness investigated by physicians of the Board of Health during the past week or so, not a few have been children.

The Hongkong Maru did not get away for San Francisco until 12 o'clock last night, being delayed on account of the lack of longshoremen.

A warrant is out for the arrest of George Houghtaling on the charge of perjury in connection with a recent case of his in the Police Court.

On account of the round about route taken because of the quarantine, the hack drivers have doubled up on the fares between town and Kalihi.

Prince Cupid Kakanianaole and wife returned from their recent stay at the Home, Lunalilo Home, and the old retainers of Queen Kapiolani Sunday, by giving them special dinners.

The officials of the Board of Health have begun to take their meals in the dining room that has just been put up on the Government building grounds near the Board of Health office.

All depositors in the Hawaiian Postal Savings Bank are urgently requested to deliver their passbooks to the nearest Post Office Savings Bank office between the 1st and 2d of January. See New Today.

On the way to Kanehemea school last evening seven "crap" games were counted in full blast on the streets. The players being from 7 to 8 years of age to men and in one instance three girls were rolling the bones.

It was found necessary this morning to adjourn Police Court proceedings until 1:30 o'clock this afternoon. Judge Wilcox's advice in the matter of a choice of land in Kalihi for a quarantine barracks was desired by Minister Young.

There is no truth in the report that five rats were found under the flooring of the houses burned Sunday. The floors were soaked with kerosene and the heat from the fire was sufficient to thoroughly cook anything in the vicinity. Rats may have returned to the place after the fire.

During the progress of the fire on Maunakea street yesterday afternoon, a burning brand fell on Chief Hunt while he was passing through one of the alleys superintending the work of the firemen. Fortunately the Chief escaped without an injured ankle and some bad bruises. He did not leave the scene but continued to direct operations from his fire buggy.

NEWS NOTES OF MAUI

Waialuku, Dec. 30.—It was a novel sight for Lahaina people to see three steamers—the Nilhau and Keaouhou and the United States Government tug boat Iriquois—last Tuesday tugging away at the Kihohana, but all their combined efforts were of no avail, as the ill fated steamer only moved about four feet, and was afterwards abandoned by the wreckers.

Three ejection suits have been filed this week with the clerk of the Maui Circuit Court as the new law regarding adverse possession claims takes effect on the 1st of January, 1900. Mr. William Marshall, formerly head luna of Waikapu, will move with his family in the near future to Kaunakakai, as Mr. Marshall has been offered a position with the new American Sugar Co.

Auctioneer Geo. Hons sold at public auction six pieces of land at Kaupo, Maui, aggregating 100 acres. The sale was authorized by Mr. L. M. Baldwin, mortgagor and realized about \$355, or a little less than \$4 an acre.

The members of the Waialuku police entertained their friends at a Christmas dinner in the basement of the courthouse. Sheriff Baldwin was among the invited guests. The table was declared first class. After dinner speeches were made by several members of the force, and the great flow of oratory greatly surprised the Sheriff, who, himself, however, joined the band of orators in order not to be left in the background.

The Waialuku nine defeated the nine from the United States surveyship Pathfinder at the game of baseball last Sunday, December 24. The score stood 21 to 17 in favor of the former.

There will be services at the Anglican church in this town at 11 o'clock tomorrow morning by Rev. Wm. Ault. After Matins Holy Communion services will be held.

Mr. J. Patterby, the Paia station agent, has resigned his position and will leave for the Garden Island. "Jack," the faithful conductor of the Waialuku train will succeed to the vacancy, and Mr. Nawai becomes conductor.

H. Martinsen, still yearning for high life in Hana goes back to the Hana telephone exchange next week and Mr. Kahalewai will come back to Kahului central office.

The prisoners in Waialuku jail enjoyed a Christmas dinner in jail, the pig being donated by Sheriff Baldwin.

Judge Kalua this week authorized Mr. Eldredge, administrator of the estate of B. Kallopoou of Kula, Maui, to sell the estate at public auction to pay off the newly incurred debts of the estate of the deceased.

How to Count Votes. Any one who watches Speaker Henderson count the House the other day would have known he was a new hand with the gavel. He actually counted the members, whispering the figures to himself with painful accuracy. Reed was not so careful. When the presence of a quorum was questioned, Reed used to close his eyes, swing the gavel in a wide circle over the heads of the Congressmen, and instantly announce "The Chair counts 179 members, and a quorum is present." Then Reed would settle back in his chair with the proud consciousness of a man who never made a mistake.—Washington Post.

CONCISE DEFINITION. "What's the blind fool, papa?" asked Sammy Snaggs. "It's an arrangement to drown gullible and short sighted investors, Sammy," replied Mr. Snaggs.—Pittsburg Chronicle-Telegraph.

There is nothing better than a picture for a Xmas present. We have them all sizes, prices and kinds. KING BROS., 110 Hotel St.

There is only one Jesse Moore Whiskey in the world and that is cold and pure. Lovejoy & Co. are distributors for the Hawaiian Islands. Mechanics' Home, corner Hotel and Nuuanu streets, lodging by day, week or month. Terms: 25 and 50 cents per night. \$1 and \$1.25 per week.

BY AUTHORITY.

REGULATIONS FOR THE DETECTION AND SUPPRESSION OF BUBONIC PLAGUE.

Section 1. All persons are required to allow free access into all dwellings, stores, buildings, structures under their control, and enclosures where-over situated in the Hawaiian Islands, when requested so to do by an Agent of the Board of Health.

Section 2. All persons are required to answer all questions concerning sickness that may exist in any dwelling, store, building, structure or enclosure under their control where-over situated in the Hawaiian Islands, when requested so to do by an Agent of the Board of Health.

Section 3. All persons are required to immediately report to the Board of Health or some Agent thereof any person whom they shall have reason to believe to be sick, or to have died of Bubonic Plague or any other disease dangerous to the Public Health.

By order of the Board of Health the foregoing Regulations were adopted and ordered published this 29th day of December, A. D. 1899. HENRY E. COOPER, President Board of Health.

WATER NOTICE.

In accordance with Section 1 of Chapter XXVI of the laws of 1896: All persons holding water privileges or those paying water rates, are hereby notified that the water rates for the term ending June 30, 1900, will be due and payable at the office of the Honolulu Water Works, on the 1st day of January, 1900.

All such rates remaining unpaid for 15 days after they are due will be subject to an additional 10 per cent. All privileges upon which rates remain unpaid February 15, 1900, (30 days after becoming delinquent,) are liable to suspension without further notice.

Rates are payable at the office of the Water Works in the Kapuwa Building. ANDREW BROWN, Sup't Honolulu Water Works. Honolulu, H. I., Dec. 22, 1899. 1490-10t

Department of Public Instruction.

Honolulu, December 30th, 1899. Upon advice of the Board of Health the following schools in this District will remain closed until further orders, viz:

Normal, Kaulawela, High, Kaiulani, Kaunakapili, Beretania street, Ka Kopua, Royal, Kaka'ia Emma street, Kawaihoa, Pohukaina, and the Night School.

All other schools will open on Tuesday, January 2nd. By order of the Minister of Public Instruction. C. T. RODGERS, Secretary.

Notice.

DEPARTMENT OF FINANCE, Honolulu, H. I., Dec. 20, 1899. The Minister of Finance desires to draw the attention of importers to the urgent necessity of removing, as expeditiously as possible, goods imported from foreign ports. The delay that is occasioned by leaving goods upon the wharves is a serious detriment to the public business, and the Minister feels confident that no further notice will be required to rectify the present congested state of the wharves.

S. M. DAMON, Minister of Finance. 1415-3t

IRRIGATION NOTICE.

Holders of water privileges, or those paying water rates, are hereby notified that the hours for irrigation purposes are from 6 to 8 o'clock a. m. and from 4 to 6 o'clock p. m.

ANDREW BROWN, Superintendent Water Works. Approved by A. YOUNG, Minister of Interior. Honolulu, June 14, 1899. 1244-1f

Will call at Nuu, Kaupua, once each month.

S. S. Lehua. BENNETT, Master. MOLOKAI, MAUI, LANAI.

Sails every Monday for Kaula, Lahaina, Maunaloa, Kaula, Papeete, Lahaina, Honolulu, Olowalu. Returning arrives at Honolulu Saturday mornings.

This company reserves the right to make changes in the time of departure and arrival of its steamers WITHOUT NOTICE, and it will not be responsible for any consequences arising therefrom.

Consignees must be at the landing to receive their freight. This company will not hold itself responsible for freight after it has been landed.

Live stock received only at owner's risk.

This company will not be responsible for money or valuables of passengers unless placed in the care of the purser.

Passengers are requested to purchase tickets before embarking. Those failing to do so will be subject to an additional charge of twenty-five per cent.

The company will not be liable for loss of, nor injury to, nor delay in, the delivery of baggage or personal effects of the passenger beyond the amount of \$100.00, unless the value of the same be declared, at or before the issue of the ticket, and freight paid thereon.

Lines of Travel.

All employees of the company are forbidden to receive freight without delivering a shipment receipt therefor in the form prescribed by the Company, and which may be seen by shippers upon application to the pursers of the Company's steamers.

Shippers are notified that if freight is shipped without such receipt it will be solely at the risk of the shipper.

C. L. WIGHT, President.
S. B. ROSE, Secretary.
CAPT. T. K. CLARKE, Port Supt.

O. R. & L. Co.

DURING QUARANTINE

The Harness Factory
And Office of : : :

C. R. COLLINS

..... IS SITUATED IN THE

Lincoln block, King street,
NEAR ALAKEA.

Any orders entrusted to me will receive prompt attention. Orders already booked will be delivered from there.

C. R. COLLINS,

Largest Manufacturer of Harness
and Horse Goods in the Islands.

Telephone No. 502. P. O. Box No. 507.

Lubricating Oils

Will be used very freely for the next 6 or 8 months so we wish again to call the attention of all mill men and users of machinery to our TROPIC LUBRICATING OILS. For years this brand has been used on these Islands and each season the demand has increased so that this year we have had to build a special oil warehouse at Kalaheo to hold the hundreds of barrels of oils we have to carry in stock. Tropic Cylinder, Engine, Machine, Dynamo and Carbox Oils are the ones you want if you want everything to run smoothly.

Benton Boiler Compound

This compound is entirely vegetable, contains no oil or acid, it being a natural preservative for iron or steel. It cuts the scale in the boiler and gradually cleans same. After the boiler becomes clean, the Compound, if used according to directions, will keep the scale forming properties of the water in the form of solution or penitent, and the boiler can be kept clean, and the scale forming properties of said water can be blown out in the form of mud. It is a great saver of fuel as it will clean and keep clean any boiler. Let us send you a barrel on trial, no pay if not satisfactory. Packings, Waste, Compounds, Engineers' tools and supplies of all kinds.

E. O. HALL & SON, Ltd.
Cor. Fort and King Sts.

FOR SALE CHEAP!

On Easy Terms.

BUILDING LOTS AT PAWAA.

This desirable property, bounded by Beretania, Punahou and King streets, on the town side of the McCully Homestead, is now offered for sale. The extension of Young street passes through the land. An artesian well on the premises supplies the purest water. The breezes from Mauna valley render the locality extremely healthful. The property is on the line of cars, and the Rapid Transit cars will run through or by it.

There is no better or more refined neighborhood in Honolulu. For terms, etc., apply to **F. WUNDENBERG,** At J. A. Magoon's office, next to P. O. Or to **J. LIGHTFOOT,** on the adjoining premises.
