SUPERVISOR HALUALANI DIED AT KIPAHULU

One of the Most Highly Respected Hawaiians of Maui Dies of Hemorrhage of Lungs After a Short Illness.

SAD FATALITY AT PUUNENE.

W. H. Pickett Killed while Visiting Mill—Pioneer Sugar Man on Maui—Manager and Mrs. Scott Given a Very Pleasant Surprise Party.

SAD FATALITY AT PUUNENE.

One of the saddest fatalities that has occurred on the island for a long time happened at Puunene Mill last Saturday night when W. H. Pickett, one of our brightest young men, met an untimely death.

Mr. Pickett and Ed. Peck had dressed to go to Kihei for the evening but before going Mr. Pickett suggested that they go through the mill as he had not been through it. In going down a ladder he stopped where a small shaft that turns some minor machinery revolves at the rate of two hundred and fifty revolutions per minute. It is believed that his coat got caught by this shaft and wrapping it tightly around the shaft drew him to it and threw him around and around breaking both legs and arms and badly mangling them as well as fracturing his skull.

A Portuguese engineer saw Mr. Pickett drawn in by the shaft and instantly threw off the belt operating the machinery but it was too late. That the engineer was not himself killed is a mystery.

Mr. Pickett was tenderly cared for and everything possible done to relieve his suffering. He lived about one hour after the accident and was conscious up to the last. Before he died he asked that his people be not apprized of his death by wire as bad news travels fast enough. He asked that this body

be sent home for burial, which request was complied with, and his most intimate friend, Ed. Peck left the next day with the body for Honolulu where he will have it embalmed, and will then accompany the body to Fresno, the home of Mr. Pickett's parents.

Mr. Pickett was a young man of ability, and was highly respected by all who knew him. He had been employed on the new ditches of the Hawaiian Commercial and Sugar Company during the past eighteen months, which position is considered very dangerous, and only recently fell with his horse over a precipice, a distance of nearly forty feet and came out unhurt, and now that he should meet death in the mill, where there is considered to be no danger and where many persons go every day, seems to be the irony of fate.

A PLEASANT SURPRISE PARTY AT KIHEI.

A most enjoyable surprise party was given to Manager and Mrs. James Scott of Kihei last Saturday evening by their many friends of the island.

Free trains were run on the occasion and many people from all over central Maui were there, including a number from Makawao, Paia, Puunene, Kahului and Wailuku. Not only was the train crowded but carriages, hacks and automobiles were brought into requisition and all waited the arrival of the train and then went in a body to the residence of Mr. and Mrs. Scott where a cordial welcome was accorded. Over one hundred guests were present and as most of them brought an ample supply of good things to eat there was plenty for all.

Excellent music was furnished by the Paia Quintet Club and dancing was enjoyed by all of the younger folks and cards by those who do not dance.

Mrs. Godfrey's rendition of the "The Old Bachelor" was the hit of the evening.

At a late hour refreshments were served and all wended their way homeward after having greatly enjoyed a pleasant evening.

DEATH OF SUPERVISOR HALUALANI.

County Supervisor J. H. Halualani died at his home in Kipahulu on the evening of May 31st, after a short illness. While he had not been feeling well for some time, his death came as a surprise to all. The immediate cause of death was hemorrhage of the lungs.

Mr. Halualani was about fifty years of age, and had worked on the Kipahulu plantation for many years, and had held the position of head luna under many different managers, all of whom held him in high esteem.

At the last county election he was elected County Supervisor, which position he held with credit to himself and to the satisfaction of his constituents.

He was quiet, kind hearted, and strictly honest. Many were indebted to him for his kind hospitality for which he was known through out the entire Territory.

His death causes a vacancy in the County Board that will be hard to fill as completely to the satisfaction of all as he filled the position.

JOHN HIND VISITS HIS OLD HOME

John Hind, who is the manager of the Hawi Mill Co., of Kohala, Hawaii, spent some days on this island this week, visiting the old familiar haunts of his boyhood days.

Mr. Hind's father was the pioneer sugar manufacturer on the island, and operated a mill up the Iao Valley above the bridge.

When Mr. Hind Senior operated his mill here two wealthy Maui men whose names have since become known throughout the sugar world were growing cane and hauling the same in bullock carts to his mill to have it ground.

One of these men was S. T. Alexander, who was then growing cane at Haiku and the other was Honorable H. P. Baldwin, who was growing cane in Waihee.

In the early days of cane growing it was the custom for the owners of land to grow the cane and have it ground on the shares at a mill that was owned and operated by persons not interested in the growing of the same.

As there was little in growing cane at that time, and the two independent concerns were necessarily expensive and involved the outlay of much more that was necessary for the upkeep of the two interests Messrs. Alexander and Baldwin conceived the idea of combining the two under one management, and by the hardest kind of work and close application to their interests succeeded in making a success of their enterprises that few men attain.

The improvements made on the island since Mr. Hind lived here are so vast that he was unable to find hardly anything that he could remember having seen when a boy.

His own success in the sugar industry has been very marked, and he ranks as one of the leading sugar men of the islands.

BOMB THROWN AT WEDDING PARTY

Guards and Horses Killed—Stackable Confers with Immigration Commissioner Sargent in Washington.

ASSASSIN OF VICE-CONSUL CONFESSES.

The Assassin of Vice-Consul Stewart Is Under Arrest and Has Confessed—Trial of Moyer and others Put Off for Several Months.

(SPECIAL TO THE MAUI NEWS.)

Sugar 96 deg. 3.42 Beets 8s.

TIFLIS, June 1.—The assassin of Vice-Consul Stewart has been arrested and has confessed.

HONOLULU, June 1.—John O'Connell, alias Frank Johnson, was hanged yesterday morning.

MADRID, May 31.—The marriage of King Alfonso to Princess Ena took place today. While the royal party was returning to the palace after the ceremony a bomb was thrown at Duke Vladimir of Russia. The Duke was not hurt, but several guards and horses were killed.

WASHINGTON, May 31.—E. R. Stackable, representing the Immigration Board of Hawaii, had a long conference today with Frank T. Sargent, Commissioner of Immigration.

CALDWELL, Idaho, May 31.—The cases of Moyer and others, charged with the murder of ex-Governor Sternburg has been postponed possibly for several months, pending the results of Federal habeas corpus proceedings.

CITY OF MEXICO, May 29.—The revolutionists have invaded Guatemala from four directions.

General Castillo has captured Ocos. Ex-President Barillas is marching on Quezaltenango. Several hundred troops for the expedition were recruited in San Francisco, California.

Nicaragua and Salvador are participating in the war. NEW YORK, May 29.—McGovern and Britt went ten rounds last night, and McGovern had the best of it. All parties to the fight were arrested.

Ruhlin and Ferguson fought a six-round draw last night. HARRISBURG, Pa., May 29.—The Governor has ordered the state police to stop the Fitzsimmons Burns fight.

MADRID, May 29.—A delegation of the Chamber of Deputies has presented the Princess Ena an address of welcome in behalf of the nation.

RENO, Nevada, May 29.—Five sheep herders have been drowned in the breaking of a dam.

ST. PETERSBURG, Russia, May 28.—The attitude of the Emperor in dealing with the Parliamentary demand for the resignation of the Ministry is indecisive.

ODESSA, Russia, May 28.—An agent of the Secret Police was assassinated here to-day.

ST. PERTERSBURG, May 28.—The political situation is grave. The defiance of Parliament is embarrassing the Government. Confronting the Czar is the alternative either of dissolving the Parliament or of dismissing the Ministry.

ST. PERTERSBURG, May 28.—A revolutionary boy has shot a prison warden.

TIFLIS, May 28.—Bombs were thrown here at the carriages of the governor general and the chief of police, who escaped unharmed.

SEBASTOPOL, May 28.—Bombs were thrown here during a review of troops. Eleven were killed and one hundred wounded. Some officials were among those injured.

TOKIO, May 28.—Admiral Togo, Baron Kuroki and Marquis Ito will soon depart for Manchuria on business connected with the question of maintaining the railway under government control.

The anniversary of the battle in the Japan Sea has been celebrated with brilliant festivities.

MOBILE, Ala., May 28.—Lightning struck amidst the spectators at a baseball game here yesterday. Five were killed and twenty-five injured.

DUBLIN, May 28.—Michael Davitt is dying.

VIENNA, May 28.—A settlement upon the Austro-Hungarian customs tariff question has been reached.

TOKIO, May 28.—The S. S. Siberia has been placed in quarantine on account of suspected plague aboard. She arrived at Yokohama from Japanese and Chinese ports.

TOKIO, Japan, May 28.—An incipient riot has broken out at Hongju and Japanese soldiers have been sent to the scene.

FRESNO, Cal., May 28.—Floods are threatening to do serious damage in the San Joaquin Valley.

ST. PETERSBURG, May 26.—Terrorism is extremely active throughout the empire, and three assassinations of officials are reported from the provinces of the interior.

It is feared that the Czar's denial of full amnesty for political, agrarian and military offenses will cause a general strike.

MOSCOW, May 26.—The trouble has already commenced here. Because the authorities were apprehensive of an exodus of workmen and the beginning of a demonstration, men gathered about the factories were dispersed by Cossacks. Two were killed and many women and children were ridden down.

SINGER SEWING MACHINES

Cannot be obtained through merchandise dealers. They are delivered directly from maker to user only through the Company's own employees. There is as great a difference in the cost of making sewing machines as there is in making watches. A cheap watch will indicate time with fair accuracy for a short time. Fairly good stitching can be done on some of the old patterns of cheap sewing machines when they are new, but they always work hard, are noisy and soon wear out. Every SINGER MACHINE is tested by actual sewing at the factory. It is always ready for every kind of stitching and will do better work and do it longer than any other because it is of better design and construction. A Postal Card to

SATURDAY, JUNE 2, 1906

Earthquake Decides Canal Type.

The United States Senate has voted for a sea level canal at Panama. The vote for this type of a canal was greatly influenced by the recent earthquake in California.

In the majority report of the committee on the subject of danger from earthquakes on the isthmus and the possible effect to the different types under consideration, the report says:

"The recent calamity that overwhelmed one of our great cities has caused many forebodings. The assertion that any particular spot in the tropics is exempt from all danger from such convulsions of nature as recently visited California, wrought great havoc near Charleston, S. C., in 1886, or changed the face of nature in South-eastern Missouri, near the beginning of this century, would not be hazarded by any wise man. That the isthmus of Panama is not exempt conclusively appears, and we can have no guaranty that the canal zone will in the future be exempt from such disaster.

"The canal structures that would be most exposed to injury by the passage of an earth wave or violent movement of the earth's surface are the locks, proposed by the majority, whose walls, many hundreds of feet, or even 2000 or 3000 feet long at Gatun would, at least some of them, be more than seventy-five feet high and entirely unsupported on one side save for a part of the height by water. If these walls should be moved at all the natural and probable result would be in their leaking, and so prevent the closing of the gates—an injury for which a suggestion of extra gates on hand would be useless, for no one could guess the extent of the movement. But the most likely effect of such shock would be the fracture of these locks, in the repairing of which much time—months or years—might be required, and thus cause interruption of traffic or the abandonment of the canal."

The majority argues that an enemy could destroy a lock canal much easier than a sea level canal with explosives.

The ultimate final cost of the sea level canal as estimated by the majority is \$250,000,000, while the cost of the lock canal is regarded as uncertain. The majority of the board of consulting engineers estimated the cost at \$139,705,200, and to this the majority says should be added the interest on the extra cost of maintenance, the expenses of clearing the titles to the 118,000 acres of land that would be submerged by the central lake proposed by the lock plan which, it is estimated, would make the total cost at least \$190,000,000. The cost of transforming the lock canal plan into a sea level canal, after the former is completed, is estimated at \$200,000,000.

In conclusion the majority says:

"Your committee feels entirely confident that the board of consulting engineers selected to study this problem has submitted a plan that responds in every respect to the conditions stated above, and that the sea level can be realized in ten or eleven years at a cost not to exceed \$60,000,000 above that required by the construction of the multi-lock canal proposed by the minority."

Advertise Hawaii.

The Hawaii Promotion Committee is doing excellent work advertising the features of interest of the Territory and has greatly increased the revenue of the Territory by its work. The claim is made and goes unchallenged that the income to the Territory from tourists alone equals nearly one hundred and fifty thousand dollars per month, a sum beyond the wildest dreams of many of our business men throughout the group.

While the work is being carried on successfully and to the satisfaction of all who are interested there is yet another means of advancing the interests of the Territory that has not been given the prominence that the same should have and that is to get as many newspaper men as possible to visit the islands and write from personal observation of the many things of interest here for their respective papers. The people in the States are always interested in the tropics and no place affords so much of interest as the Hawaiian Islands.

Recently Wm. J. Kline visited the islands, partly for pleasure and partly in the interest of the "Amsterdam Evening Recorder," of which he is the owner and editor. This paper is published in New York and a copy of the same, dated May the tenth, has reached our desk and we find the paper gives over four columns of space to matters of interest relative to the islands.

Mr. Kline personally assured us that just such reading matter as he was able to get while here is what the reading public in the States wish to have.

Matter written by the editors of the various papers of the States will receive attention from the public and while they are here they will learn that our people are neither cannibals nor savages, a fact that many in the States do not seem to know.

The newspapers of today take the place of oratory of old and although lacking much that is inseparable from gifted oratory they exert far more influence than anything in the present age.

Let the newspaper men of the mainland be encouraged to visit our shores and while they are here let us do all in our power to make their stay a pleasant one that the travelling public may be turned this way greatly to their pleasure and our profit.

The Educational Test in Immigration Bill.

Honolulu, T. H. May 27, 1906.

Editor Advertiser: Many of our citizens throughout the Territory have learned with regret this past week that the new Immigration Law has passed the Senate of the United States, with an educational test. It seems a foregone conclusion that the House will not eliminate that test when it comes to consider the bill, for the Senate has generally been far more conservative in such matters than the House. The whole matter has come up so suddenly that no one here seems to have known anything about it; it is to be hoped our representatives in Washington have kept themselves better posted.

In the "Bystander" this morning it is suggested something should be done, some effort at least made to secure an amendment to the bill before it passes the House. Something certainly should be done, for with an educational test our plan to import Latins would seem to be at an end. Any attempt to eliminate the test itself would be absolutely futile; influences have undoubtedly been at work in support of the test beside which any puny effort on our part against the measure would be absurd. How would it do to cable our representative in Washington asking that an amendment to the educational test be inserted, to read something like this:

"Provided, however, that upon the requisition of the Governor of the Territory of Hawaii therefor, the Secretary of Labor and Commerce (or whoever under the bill has control in the premises) is authorized for a period of seven years to admit European families into said Territory without regard to the educational test provided for in this bill, such families not to exceed five thousand in any one year."

Of course, it may be said that nothing could prevent these families from using Hawaii merely as a stepping-stone to get to the mainland, but the total number that could be admitted under the bill would be comparative-

ly so small that it ought not to figure one way or the other in the consideration of the merits of the amendment. The Labor Unions on the mainland have expressly favored the admission of Europeans into Hawaii as an offset to Asiatic immigration. That much has been accomplished and is of record, and can be referred to when this bill comes before a committee of the House. In other words, the Labor Unions from their own standpoint ought not to resist such an amendment, and there is, therefore, a chance of getting such a provision through where a wholesale attack upon the test itself would be without avail. Whatever is done should be done quickly, as the matter will probably pass the House almost before we know it.

You will note that my suggestion leaves it discretionary with the Secretary whether he honor the requisition of the Governor of the Territory of Hawaii or not. This should be so; it would aid the amendment but leave it to his discretion, as he would then have control over the class of immigrants that should be admitted.

Yours truly,
W. A. KINNEY.

The Bill Went to President

A private cable has been received from Washington announcing the final passage of the act to authorize the Territorial government of Hawaii to dispose of personal property transferred at the time of annexation to the Federal government. The bill removes many difficulties which have embarrassed the local government in dealing with property of this sort. It passed the House on Thursday of this week and is now in the hands of the President, having passed the Senate some time ago.

There is a lot of property affected by the bill, much of it in the possession of the Public Works department. Under the letter of the law as it stood Superintendent Holloway was responsible for every mule, for example, turned over to him for use as property of the United States. The new law gives the Territory control and allows the Territory to sell such property if it chooses.—Star.

The Eighth Wonder Of The World

It is a source of no small wonder to competent judges of good tobacco that we are able to produce for only ten cents a cigar so perfect from every point of view as our celebrated

General Arthur Cigar.

It is true that the Havana we are now using is choicer Havana than is being put into any other cigar to-day.

It is true that in workmanship, flavor, and thorough reliability the General Arthur cigar is wonderfully good.

These things are made possible by the magnitude of our operations—with a small concern it would be absolutely impossible.

The capital and resources of the largest cigar manufacturing business in America can reasonably be expected to produce results which far surpass the efforts of an ordinary enterprise.

San Jose Has A Mild Scare.

San Jose, May 17.—A sharp earthquake was felt in this city this evening. At the Lick Observatory the shock continued for ten seconds, and was severest at 8:26 o'clock.

No damage occurred in this city, nor, so far as could be ascertained, in the neighborhood.

A mild panic, however, prevailed for some time all over the city and surroundings. People rushed from their homes and remained outside for hours. Many are bringing their tents again into use. Two automobiles felt the shock distinctly, although traveling at a rapid rate.

At the San Jose Theater, where the Frank Bacon company was presenting "The Hills of California," the audience commenced to stampede, but was quieted. No one was injured.

At Los Gatos and along the foothills, where the shock of April 18th was lightest and did the least damage, the shock was felt more distinctly than in this city. Some plaster was knocked down in various places.

Post-Mortem Clears Wife

Denver, May 17.—Sensational disclosures have followed the death of John A. Thompson, aged 65, a former millionaire stock broker of San Francisco and well known in mining circles of Colorado, who died Monday morning. At the instigation of his wife, Mrs. Dora Thompson, a post-mortem examination of the body was made last night in order to determine the exact cause of death and clear the woman of a possible charge of having poisoned her husband in order that she might the sooner get possession of the large fortune which he is believed to have possessed.

Physicians report that death was due to cancerous ulcerations, and no evidence of a poison having been administered was found. The precautionary step of a post-mortem was taken by Dr. Buchtel, who attended the man during his last illness.

Thompson had upon several occasions during the past few months expressed the belief to friends that his wife was attempting to poison him in order that she might get his money. When he was taken ill he practically accused his wife of trying to get rid of him, but before his death the man seemed to have again implicit confidence in her.

Mizner Trains At Britt Camp.

New York, May 17.—Wilson Mizner is the guest of "Jimmy" Britt at the training quarters of the pugilist at Coney Island. Mizner says he can not get used to the Eastern climate.

Asked if there was any prospect of a reconciliation between him and his wife, the former Mrs. Yerkes, Mizner said: "There's nothing doing in that direction, so far as I know."

After several separations and reconciliations, closely following their marriage, Mrs. Mizner went to Chicago about two months ago. Mizner followed her a few days later, but a new difference arose between them, and Mizner temporarily dropped from view.

When Britt started out for his usual run on the road early today, Mizner went along. He "worked out" with the lightweight boxer and wasn't too tired afterward to put on the gloves and have a short mill with Sam Berger, who is also in training for a sparring bout at an early day.

Avengers Kill Brutal Officer

Tamboff, Russia, May 17.—Zhanoff, a police officer who participated in the brutal maltreatment of Maria Spiridonovo, was shot and killed on the streets here today by an unknown person.

The avengers of the young revolutionist recently meted out the same fate at Borisoglebak to Abramoff, the Cossack officer who boasted of his cruelty to her while she was in prison.

Maria Spiridonovo, the young daughter of a Russian General, shot and killed Chief of Police Luzhehnoffsky of Tamboff. She was condemned to be hanged, but her sentence was commuted to twenty years imprisonment. The girl was terribly treated in prison, immediately after committing the crime, by Abramoff and another Cossack.

Submarine With Cruiser's Speed

Washington, May 16.—A submarine boat with a speed of twenty-two knots an hour will be offered the Government of the United States. This statement, which startles those who understand the destruction of

submarine boat can inflict, was made upon the floor of the House this afternoon. The Navy Department has not been publishing the existence of such an invention, but an official of the department was so indiscreet as to mention it to a Congressman.

The invention has not been embodied in a full-sized boat, but trials have been had of model representing in miniature the submarine wonder, and it has been held in the tank at the navy yard in this city, and is reported to have been satisfactory.

A small fleet of submarines capable of making twenty-two knots an hour could destroy the most powerful navy any nation could assemble. The submarine torpedo boats now available for use in our navy can make, one type five, and the other seven and a half knots an hour, but with submarines of sufficient speed to overhurl warships, the efficiency of this type of vessel will be greatly increased. The present submarines might prove effective in case an enemy was anchored or proceeding at slow speed, but would be useless in case an enemy was retreating or steaming full power.

Refuses To Pay Repairing Bill.

New York, May 16.—Edward H. Harriman replevined to-day this forty-horse-power Mercedes automobile, valued at \$40,000, from the shop of L. Burghardt and F. Szanboffer, where it was sent for repairs in January last, Deputy Sheriff O'Neill executed the writ of replevin and took the automobile to another garage for keeping. The bill for repairs was \$1797, which Harriman deemed excessive and he declined to pay it. He said that he was willing to pay a reasonable bill, but the concern refused to accept less than the sum demanded or deliver the automobile until the bill was paid. Harriman gave a bond of \$20,000 to indemnify the Sheriff.

Taft Urges Federal Cable.

Washington, May 16.—Secretary Taft to-day urged before the House Committee on Interstate and Foreign Commerce the military necessity of a Government cable to Guantanamo, Cuba, Porto Rico and the Isthmus of Panama.

"We are proceeding upon the theory that we are to fortify the Panama canal," he said. "We have already had a report from the artillery and

engineering board as to the fortifications to be made there.

"It is said the canal ought to be neutral, but it will be necessary to have fortifications to protect it against those who do not observe neutrality.

"With the conditions there as they are and the United States under the responsibility of suppressing insurrections in a country where they have insurrections once a year, it makes communication a necessity."

The total cost of a cable to touch at Cuba, Porto Rico and Panama, he said, was estimated at \$1,300,000. It could be laid by converting the Army transport Sumner into a cable ship at nominal cost.

Opposition to the proposition was made on behalf of the company now operating the American line.

Local Morals Puzzle Bishop.

A large congregation listened with deep interest at St. Andrew's Cathedral yesterday morning to the fourth annual address of Bishop Restarick, which was one of the opening exercises of the Convocation. Bishop Restarick said, in part:

In these Islands, small and remote as they are, there are problems which are not only of the deepest interest, but which call out all that is strongest in one who honestly tries to do his part to solve them for God by the uplifting of man to Him.

There are religious problems. Take the growth of Mormonism in these Islands. When I speak of Mormonism, I speak of that concerning which I know something. I lived in Mormon-families for some time when a young man. I was told not long ago by a Roman Catholic friend that 50 per cent of the Mormons in these Islands had been Roman Catholics. Two Roman Catholic priests have told me they believe this is not an incorrect statement. I was astounded, because Roman Catholics of any race are usually most tenacious of their religious system even if they do not practice it in life. What is the reason of this falling away? Is it brought about by appeals to what is highest and best in men? One of my friends gave me an answer. He said I went to a family and said to the man: "Why don't you come to church?" The answers were he had become a Mormon and the reason given was that this religion did not interfere with his desires, and saved him going to a doctor; that is, did not oppose Mormonism. The strong point of Mohammedanism is that it appeals to the sensual, and to the spirit to conquest. What is appealed to by the system of which we speak? A letter in a native paper was read to me the other day in the defense of polygamy which was more than a column in length. In the midst of these influences tending to drag down and leading to reversion to original type, we must maintain and present ideals of the Christian family and of personal purity and see that laws are enforced.

Then, there is the problem of our contact with the Oriental and other races whose moral ideas are not like our own; that is, not Christian, and there is the constant danger of the lowering of our own ideals and standards. People of the white race here come from countries when Christian ideas and customs saturate the social life and where strong public opinion is a safeguard against public moral offences at least.

I have been told that one evidence of the growth of moral ideas here is the fact that things which were once done openly have now to be done secretly in order to save social standing. So far that is a gain. But the moral conditions existing here are most puzzling, especially to Anglo-Saxons, and how to judge and what to say or do it is difficult to determine.

Amidst it all, knowing that impurity leads to personal moral degeneracy, and physical, mental and spiritual ruin to those who know better, the Christian should stand as a stone wall against all that will tend to lower his ideals or impair his moral consciousness.—Bulletin.

Dies After Many Failures.

Pittsburg (Pa.), May 17.—John Rinaman, aged 47, succeeded to-day when he made his 201st attempt at suicide. For ten years he has tried most every method known. He took an overdose of poison and was pumped out. His revolver shots always struck bone and glanced off. He at-

All races are three to enter and two to start, and will be run in accordance with the usual rules. All entrance fees to accompany the entries, bids for all privileges must be accompanied with cash or certified check.

SUBJECT TO CHANGE.

D. L. MEYER,
SECRETARY

tempted gas, but it only caused him to swell horribly and spoiled his appetite. He was finally sent to the insane department of the Allegheny County Hospital where he was kept in a strait jacket. This morning he manufactured a rope of his strait jacket, out of which he managed to wiggle, and hanged himself from a window sill.

When the attendants found him there was a seeming smile of contentment upon his distorted countenance. It was the first time his attendants had left him alone, night or day, for years, and he improved the opportunity to end his life.

Tourist Hotel For Oakland.

Oakland, April 16.—The plans for a new tourist hotel for the heart of the residence section of Oakland, which were promulgated a year ago and dropped at that time, have now been revived through the agency of C. H. King and two local capitalists, and the prospect is fair for the erection of a \$500,000 hostelry that will be a credit to the city. The proposed site for the hotel is on vacant property bounded by Twelfth and Thirteenth streets and Oakland and Fallon streets. The hotel would overlook Lake Merritt, the proposed city park and give a view of the rich Piedmont district and the Berkeley hills.

King, the chief promoter of the plan, stated to-day that he was going to invest \$20,000 in the enterprise, and that he did not anticipate any difficulty in securing the full amount of capital desired. When the plan was first formulated a year ago \$200,000 was raised, and the major portion of this can still be counted upon.

Victory For The Shipbuilders Of Coast.

Washington, May 17.—The Cali- fornia delegation had a battle royal today against the Democrats of the House over the 4 per cent differ- ential in favor of Pacific Coast ship- builders and won their fight. They ad- vocated the differential because they believe the building of war vessels on the Pacific Coast cannot be done without it, and they are anxious, in view of the San Francisco disaster, to secure all the work possible for the benefit of the laboring men. In- stead of assisting in this effort to confer the benefit upon the work- men of California, the Democrats of the House, under the leadership of John Sharp Williams, made a vicious attack upon the Hayes amendment, and would have defeated it but for California's splendid team work, aided by Speaker Cannon.

Hayes' differential amendment, which had been drawn by Represen- tative Gillett in the absence of Hayes and Kahn, was submitted to them upon their return, and all the Cali- fornians worked for it. They succeed- ed yesterday in carrying it into the naval appropriation bill by a narrow vote in the committee of the whole. To-day, when the bill was reported to the House, John Sharp Williams attacked it and a big fight was pre- cipitated. Williams' motion to strike the amendment from the bill was de- clared carried on a viva voce vote. Kahn, Hayes and others called for a division, and Williams was trium- phant by two votes.

The Californians were all on their feet demanding a roll call, which was ordered. They got busy in all direc- tions, rustling to their support friends in other delegations who had received favors. The roll call showed that Williams' motion carried by 120 to 118, two votes, but before the result was announced Speaker Cannon came to the rescue by ordering a recapitulation of the vote on the de- mand of Needham. He then sent word to Needham that if the Cali- fornians could change one vote he would have his own name called, which would have resulted in the defeat of Williams' motion. Thereupon the Californians began work in all direc- tion. Needham induced Nick Long- worth to change his vote and Thomas of Ohio followed suit. Cushman of Washington prevailed upon Haugen of Iowa to change his vote, and Kahn and other Californians induced sev- eral Democrats to refrain from vot- ing.

The recapitulation of the roll call showed Williams' motion defeated by a vote of 122 to 117. The only Demo- crats who voted, with the Californ- ians were Towne and Sulzer of New York.

All other Democrats stood solidly with Williams against this concession to San Francisco. The Californians were cordially congratulated by their colleagues upon their victory. The naval bill was then passed, and indi- cations are good that the differential amendment will be retained in the Senate.

The California delegation believes the chances are now good for the Union Iron Works to make a success- ful bid for the construction of the 20,000 ton battle-ship provided for in the bill. This would furnish work when badly needed and add greatly to the prestige of the Pacific Coast by removing the impression that pre- vails throughout the East that San Francisco's manufacturing resources have been destroyed by the recent disaster.

Guardians Should Be Held Strictly To Account

In the matter of the guardianship of Isaac Kahu, a minor, appeal from an order allowing final accounts and discharge of guardian, J. H. Coney, the Supreme Court orders that the guardian be surcharged with \$567.58 and that in other respects the decree be affirmed.

Justice Wilder writes the opinion of the court and says in part:

Of our own motion we direct atten- tion to a few things in regard to the handling of this estate. As already pointed out, the guardian was de- licit in not rendering annual accounts. The guardian was appointed in Dec- ember, 1899, but there do not appear to be any receipts for the year 1900. This is certainly very strange. The guardian in several instances allowed the tax payments to become delin- quent and then sought to charge the ward with the amount of the penal- ties, which is not correct. The guard- ian also did not explain why no in- come was ever received from land in Honolulu on which he paid taxes, which certainly looks queer. The statute expressly provides that the guardian "shall manage the estate of the ward frugally and without waste." Revised Laws, Sec. 2314. And such is the rule in the absence of statute. Guard- ians should be held strictly to account and not allowed to play fast and loose with the property of their wards.

The Supreme Court, in the matter of the estate of S. Kahu, deceased, appeal by Isaac Kahu from an order allowing final accounts and discharge of J. H. Coney, administrator de bonis non, deceased, the objection, being that several items of expendi- ture should not have been allowed, surcharges the administrator with \$970.99, with which modification the decree appealed from is affirmed.— Bulletin.

Higher Wages For Bricklayers

The following statement was issued yesterday by the masons and Build- ers' Association:

At a meeting of the Masons and Builders' Association of San Fran- cisco, held at the Builders' Exchange, 226 Oak street, Wednesday evening, for the purpose of discussing trade conditions, it developed that brick- layers were practically unobtainable for the purpose of completing old contracts or beginning new ones, and after application to the Building Trades Council for assistance in the matter, which through no fault on their part, could not be obtained, it was decided that some inducement must be offered journeymen to come and help in the great rebuilding of the city. It was decided, in order to obtain the desired end, that, com- mencing Monday, May 21st, the wages of a journeyman bricklayer be \$7 per day of eight hours. This is an advance of \$1 per day. Also, that the wages of the bricklayers' helpers be \$4 per day, an advance of 50 cents.

Great confidence was expressed in the future of San Francisco, and the friendly relations existing between employer and employe, each having the best interests of the city at heart. The present advance was caused primarily by the fact that so many journeymen are repairing chimneys on their own account, and secondly, because many, as in the case of all other crafts, have left the city.

The advance, therefore, was deem- ed necessary for the purpose of in- ducing those who left to return and

BY AUTHORITY

No. 8207 TREASURY DEPARTMENT OF THE COMPTROLLER OF THE CURRENCY.

Washington D. C. May 5, 1906. Whereas by satisfactory evidence presented to the undersigned, it has been made to appear that "The Baldwin National Bank of Kahului," in the town of Kahului, in the County of Maui and Territory of Hawaii, has complied with all the provisions of the Statutes of the United States, re- quired to be complied with before an association shall be authorized to commence the business of Banking.

Now therefore I, William B. Ridge- ly, Comptroller of the Currency, do hereby certify that "The Baldwin National Bank of Kahului," in the Town of Kahului, in the County of Maui and Territory of Hawaii, is authorized to commence the business of Banking as provided in Section Fifty one hundred and sixty nine of the Revised Statutes of the United States.

In testimony whereof witness my hand and Seal of office this Fifth day of May 1906.

Wm. B. RIDGELY, Comptroller of the Currency. May 26, June 2, 9, 16, 23, 30. July 7, 14, 21.

COMMISSIONER'S NOTICE OF SALE OF REAL ESTATE

SITUATE AT WAIKAPU, ISLAND AND COUNTY OF MAUI, TERRITORY OF HAWAII.

Pursuant to an Order made by the Honorable A. N. KEPOKAI, Judge of the Circuit Court of the Second Circuit, Territory of Hawaii, on the 14th day of May, A. D. 1906, in an action entitled, "W. H. Cornwell vs. Henry Waterhouse Trust Company, Limited, a domestic corporations Administrator-with-the-will-an- nexed of the Estate of W. H. Corn- well, deceased, et al," (Suit in Parti- tion, Equity division No. 30), the undersigned, as Commissioner, will sell at Public Auction to the highest and best bidder, subject to confirmation of the Court:

On Wednesday, the 20th day of June, A. D. 1906, at 12 o'clock noon of said day, at the front entrance of the Courthouse at Wailuku, District of Wailuku, Island and County of Maui, Territory of Hawaii, the following described Real Estate, to wit:

All that certain parcel of land situate at Waikapu, Maui granted to A. Catalina by Royal Patent (Grant) 2107, and bounded and described as follows:

HOUSELOT: Beginning at the N. W. angle of stone wall and run 200 feet S. 9 1/2 deg. W., 3.03 Chains along Puapahoehoe, 104.3 feet; S. 79 deg. E., 1.58 Chains along Kuehelani, 29.7 feet; S. 11 1/2 deg. E., .45 Chains along Kuehelani, 133.3 feet; S. 84 deg. E., 2.02 Chains along Kuehelani, 43.6 feet; S. 14 deg. W., .66 Chains along Kuehelani, 19.8 feet; S. 76 deg. E., .30 Chains along Kuehelani, 38.9 feet; N. 14 deg. E., .59 Chains along Kuehelani, 203.3 feet; S. 7 1/2 deg. E., 3.08 Chains along Kuehelani, 250.1 feet; N. 54 deg. E., 3.79 Chains along E. Bal, Grant 2747, 444.8 feet; N. 79 1/2 deg. W., 6.74 Chains along road. And containing an area of 2.32-100 Acres. The same being the premises conveyed to Wm. H. Cornwell and Mrs E. B. Friel and her children, by deed of Kapu (w), dated April 9, 1885, and duly record- ed in the Office of the Registrar of Conveyances, in Honolulu, Oahu, in Liber 95, folios 92 and 93.

Together with all buildings and improvements thereon, and the water right appurtenant thereto.

These premises are now bringing in an annual rental of \$180, paid up to September, 1906.

TERMS OF SALE. Cash in United States Gold Coin. Deeds at the ex- pense of the purchaser.

For further particulars, apply to Daniel H. Case, Esq., attorney for the Plaintiff, at his office in Wailuku, Maui, or to the undersigned at the office of the Clerk of the Second Cir- cuit Court.

EDMUND H. HART, COMMISSIONER. Dated at Wailuku, May 14th, 1906. May 19, 26, June 2, 9 and 16th.

***** attract others, to the end that work may be carried along with all possi- ble dispatch, thus giving a guarantee to the owner and an incentive to the mechanic. (Signed) THOS. W. BUTCHER, President. JOS. J. PHILLIPS, Secretary.

BY AUTHORITY.

IN THE CIRCUIT COURT OF THE SECOND CIRCUIT, TERRITORY OF HAWAII.

EXECUTIVE NOTICE.

Monday, June 11th, Kamehameha Day, being a legal holiday, all Territorial offices will be closed on that day.

A. L. C. ATKINSON,
Acting Governor of Hawaii.
Executive Building,
Honolulu, May 28th, 1906.

Auction Sale of Awa Licenses.

In accordance with requirements of Section 1335, Chapter 102, of the Revised Laws of Hawaii, in re the sale of Awa Licenses, and as further provided by Act 32, Session Laws 1905. One Awa license for each district of the several Islands will be sold at Public Auction between the thirteenth and twentieth day of June, 1906, each license to be for the term of one year from the first day on July, 1906. The upset price to be as follows:

For the District of Honolulu \$1,000.00
For the District of Hilo 500.00
For the District of Wailuku 500.00
For the District of Lahaina 250.00
For each other districts 100.00

Licenses for the Districts of Honolulu, Ewa and Waianae, Waialua, Koolauloa and Koolaupoko on the Is. of Oahu will be sold at the front entrance of the Capitol, at Honolulu, on Saturday, the 23rd day of June, 1906, at 12 o'clock noon.

Licenses for the Islands of Maui, Hawaii and Kauai will be sold in the respective Districts of these Islands, upon such day and date as shall be designated by the several Sheriffs or their Deputies. Due notice of date and place of sale will be given by posters in each of the said Districts.

A cash deposit of twenty-five per cent of the amount of the successful bid will be required on the fall of the hammer, said deposit to be forfeited to the Government if the full amount of the bid is not paid within five days of the day of the sale.

A. J. CAMPBELL,
Treasurer, Territory of Hawaii.
Treasurer's Office Honolulu T. H.
May 24, 1906.
June 2, 9.

Editor MAUI NEWS:

Allow us through the columns of your paper to thank the people of Lahaina for their courteous treatment during our stay in their town, and for their attendance at our performance on May 19.

WAILUKU MINSTRELS.

Is Ashamed of America.

"I am ashamed of the land of liberty—America is not as broad-minded as Russia."

So said Russian Civil Engineer V. Mischenko to an Advertiser man last night. Mischenko, by the way, claims to be a cousin of Governor General P. Mischenko of Vladivostok.

"I have been to see the three men in jail, my countrymen, who left Japan without buying steamer tickets. Two of the men who are to be sent back to Nagasaki are deserters from the Russian cruiser Camtheadal. They are revolutionaries who helped to stir up trouble in Vladivostok. They ran away to Japan and fled to America, the land of liberty, the home of the free.

"But here there is no liberty, no freedom. Instead you would send these poor men back to Nagasaki. Nagasaki is full of Russian government agents. When the men arrive they will be sent to Russia, tried by a military court and shot within 24 hours. America will have killed those poor men—America, boasting of liberty and freedom.

"The men are willing to pay their fares, but no. The American government cannot break the red tape. They would kill my poor countrymen. The Russian government takes no cognizance of so paltry a matter as a steamship ticket.

"And be sure and put it in the gazette that I am not a revolutionary."—Advertiser.

Mrs. J. J. Godfrey of Vancouver B. C., came over from Kihel with Mrs. G. C. Hofgaard Wednesday. Mrs. Godfrey is a friend of Mrs. Scott of Kihel whom she is visiting.

Dr. Diaz of Hana was a passenger to Honolulu Wednesday. He is one of the witnesses in the Douse case now pending before the court in Honolulu.

Dr. Weddick and Sheriff Saffery left for Honolulu Friday night as witness in the Douse case.

BY AUTHORITY.

IN THE CIRCUIT COURT OF THE SECOND CIRCUIT, TERRITORY OF HAWAII.

In Probate—At Chambers.
In the Matter of the Estate of KOLOMONA KIMO, late of Manawai, Molokai deceased, before Judge A. N. KEPOIKAI.

Order of Notice of Petition for Allowance of Final Accounts and Discharge in this Estate.

On Reading and Filing the Petition and Accounts of Cecil Brown, Administrator of the Estate of KOLOMONA KIMO, late of Manawai, Molokai, deceased, wherein he asks to be allowed \$131.75 and he charges himself with \$2,249.89, and asks that the same may be examined and approved, and that a final order may be made of Distribution of the property remaining in his hands to the persons thereto entitled, and discharging him and his sureties from all further responsibility as such Administrator.

It is Ordered, that Wednesday, the 11th day of July, A. D. 1906, at 10 o'clock A. M. before the Judge of said Court at the Court Room of the said Court at Wailuku, Island of Maui, be and the same hereby is appointed as the time and place for hearing said Petition and Accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property. And that notice of this Order, in the English language, be published in the MAUI NEWS, a weekly newspaper printed and published in Wailuku, Maui, for three successive weeks, the last publication to be not less than two weeks previous to the time therein appointed for said hearing.

Dated at Wailuku, Maui, this 29th day of May, 1906.

(Seal.) A. N. KEPOIKAI,
Judge of the Circuit Court of the 2nd Circuit.

Attest: EDMUND H. HART
Clerk of the Circuit Court of the 2nd Circuit.

PERSONAL MENTION.

Dr. Geo. S. Aiken will be at Punene on the 12th of June for a few days, and later he will go to Kahului.

Attorney Olson of the law office of W. O. Smith of Honolulu, arrived in town Tuesday night and attended the sale of the land at Waiehu that formerly belonged to the Hawaiian Fruit and Taro Company. The land was sold to J. Miranda for three hundred and five dollars.

J. D. Tucker of Honolulu, has been on Maui for some days.

Canon Ault returned to Wailuku Tuesday night. He left Mrs. Ault and the children in Honolulu where they will remain for a short visit.

Rev. R. B. Dodge is back in Wailuku from Honolulu.

W. A. Wann, the District Superintendent of the Mutual Life of New York, has had a very successful trip to Maui and has insured the lives of many of our residents.

Nils Omsted, the post master of Hana, has spent some days on central Maui this week.

Mr. Augustine Enos and wife left for Honolulu by the Mauna Loa Thursday night on a combined business and pleasure trip.

Geo. W. Maxwell gave a luau to his many friends on Decoration Day at Waikapu.

W. L. Clark of Honolulu, is registered at the Maui Hotel.

Harry Daniels was a passenger to Honolulu this week where he goes as a witness in the Douse case.

Mr. R. W. Howell is meeting with much success in the sewing machine business. He is the local agent for the Singer Sewing Machine Company, the makers of the best machines in the world.

Frank Vasconcellos went to Honolulu this week as a witness in the Douse case.

Attorney J. L. Coke was a passenger to Honolulu this week where he goes to defend Douse who is charged with manslaughter.

S. R. Dowdle was in town on Monday of this week.

Mr. D. C. Lindsay, cashier of the Baldwin National Bank of Kahului, was registered at the Maui this week.

Mrs. H. B. Penhallow was a passenger to Honolulu by the Clau dine on Wednesday.

Eddie Lyons was a passenger to Honolulu from Kahului Wednesday.

Dr. W. F. McConkey and Supervisor Church were in town one day this week.

Captain Parker of the Reclamation took a flying trip to Honolulu Wednesday.

W. Lougher was seen on our streets one day this week.

Dr. I. Charlton Fitzgerald arrived in town Tuesday from Honolulu. He goes up country to ascertain the nature of a disease of the eye that some of the stock is affected with.

The Advertiser's Cure for Sore-head.

Honolulu, May 25, 1906.

Editor Advertiser: Sometime ago you vaunted a remedy, which you claimed as sovereign against sore-head in chickens and the general use of which had brought down the price of eggs. I am interested in chickens, have from 25 to 30 young things eight to ten weeks old, and, alas, they have sore-head. Now fetch on your remedy; now is it's chance. Would you kindly publish it? The sooner, the better.

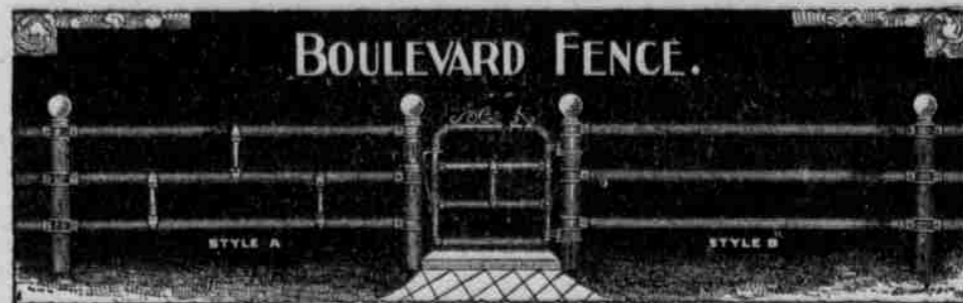

Yours faithfully,
N. B. EMERSON.

[For the sixth time we comply with requests of this sort. Here is the remedy: Cover the sores with lard, vaseline or glycerine. This allays irritation and keeps the fowl from scratching the raw places.

Take the affected fowl in hand, pry open its bill and, using a sewing-machine oil can, squirt down its throat two jets of a well-shaken mixture thus composed: One tablespoonful of kerosene, one tablespoonful of turpentine and two tablespoonfuls of castor oil.

One treatment is usually enough. If not, repeat. While the fowl is recovering give it plenty of mixed food to keep up its strength. Have a pan of fresh water handy. Sore-head, not swell-head, may be cured by this treatment.—Ed. Adv.]

MAKAWAO LINES.

Saturday afternoon, the 26th, Mrs. Henry Alexander of Haiku, gave an "afternoon tea" in honor of Miss Sheffield.

A marked feature of the entertainment was an "Hawaiian Shower" which consisted in the presentation by each of the forty ladies present of an Hawaiian souvenir to the young lady guest of honor.

There were mementos of all descriptions,—shell leis, coin hat pins, calabashes, postal cards, articles of koa and lauhala, a Hawaiian dollar and even a grass hula skirt.

The remainder of the afternoon was spent in playing a progressive game, forming Hawaiian words from the few letters of the Hawaiian alphabet with which cut from paper each table was provided. Mrs. W. O. Aiken won the first prize, a Hawaiian scene done in water color.

Miss Sheffield, who has been the music teacher at Maunaloa Seminary for three years past will depart for the Coast the middle of June.

Another enjoyable afternoon was spent by the Ladies' Reading Club at Mrs. B. V. Bazata's, Paia, on Friday, the 25th. The programme consisted of an informal talk on "Florence" by Miss Burgier, who had recently visited the famous city. Mrs. Bazata exhibited many beautiful photographs of Florence and other souvenirs obtained by her when on a visit to Italy.

ANSWERED.

Mistress (severely)—How did it happen that I saw a policeman with you in the kitchen last night?
Maid—I suppose, madam, you must have looked through the keyhole.
