### THE JAPANESE BOARDING HOME.

Report of the Principal For the Past Six Months.

The following is the report T. Okumura, principal of the Japanese Boarding School: The bubonic plague brought hardships on the school. A good many parents of the children lived in the quarantined and burnt district. Through the "plague fire" these people have lost really everything, and consequently have become unable to pay the board and lodging expenses of their children. The rise in the prices of Asiatic foodstuffs, as well as other commodities, since the outbreak of the plague has also greatly increased our financial difficulties. We are, however, thankful to the kind-hearted friends of the school who have from time to time helped us with financial aid in time of need. We are thankful that notwithstanding our financial difficulties we are enjoying the confidence of the Japanese community. In the time of distress and excitement, the parents have realized that their children entrusted to us were being brought up with care and safe from the dreaded plague.

On account of lack of funds, two or three children used to sleep in one double bed. These beds have since been replaced by thirty-two single beds, kindly donated by Mrs. S. N. Castle. We have now thirty-six single beds. This remarkable improvement, we hope, will do much good not only for the children's health, but also in their conduct and behavior. The children seem to be very grateful and appreciate the gift. The new beds are known to them as "Castle beds."

Owing to the increase in the number of boarders, a lanai 22 by 18 feet has lately been added to the main building out of the money graciously granted for this purpose by the Hawaiian Evangelical Association. This lanai is used as dining hall, while the former dining-room is now occupied by the new boarders.

During the last six months, ending June 30th, 1900, we have boarded 40 children, of whom four left us. Applications for admission have often been refused, as we are not able to board more than 36 on account of the limited number of beds.

Miss T. Toyoda, who came from Japan in the earlier part of this year, is an excellent assistant to the principal. We wish to express our thanks to Dr. Iga Mori, who has attended the sick children and given them medicines free of charge.

We hope that our friends will continue to help the school as they have done in the past. The semi-annual financial report is herewith submitted.

The following is the semi-annual financial statement for the six months, ending June 30, 1900:

Receipts—From boarders, \$766.05; from Hawaiian Board, \$60; from Mrs. H. C. Coleman, \$80; from Miss C. D. Castle, \$50; from Mrs. J. B. Atherton, \$10; from J. B. Atherton, \$25; from Dr. Iga Mori, \$5; from T. M. Datte, \$10; from J. A. Gilmar, \$10; from Miss Annau, \$5; from H. Waterhouse, \$50; from M. Sakuragawa, \$2; from Mrs. K. J. Imanishi, \$5; from K. Nakamura, \$5. Total, \$1,060.05.

Disbursements—Paid for provisions (rice, etc.), \$877.60; for fuel, kerosene oil, etc., \$115.40; for wages of cook, washman, and general servant, \$115.15. Total, \$1,108.15. Deficit, \$48.10.

Audited and found to be correct.

The City Carriage Co. is now in the livery business. It has buggies, surreys, wagons, etc., on hand at all hours of the day or night. Telephone 113.

### VICTRIX VICTORIA'S SPEECH.

Her Majesty's Ministers Almost Announce Their World-Wide Policy and Recognize the Influence of America.

LONDON, Aug. 8.—Parliament adjourned to day after the appropriation bill had been passed by both houses. The Queen's speech at the proroguing of Parliament, after stating that the relations with the powers of Europe and America continue friendly and making a reference to the establishment of the commonwealth of Australia, refers to the war in South Africa, "which has placed in the strongest light the heroism and high military qualities of the troops brought together under my banner from this country, from Canada, Australia, and my South African possessions."

The speech says: "Believing the continued independence of the republics to be a constant danger to the peace of South Africa I authorized the annexation of the Free State as a first step to a union of the races, under an institution which may in time be developed so as to secure equal rights and privileges in South Africa."

Referring to China the speech says: "The British and other legations at Peking have been attacked by an insurgent mob and it is feared many of their inmates have been murdered. How far the Chinese authorities are accomplices in this atrocious crime and whether the British Minister and his family are among the victims are matters still in some uncertainty. The utmost efforts will be made by myself and my allies to visit with worthy punishment the authors of this unexampled crime."

After a reference to the Ashanti rising, the speech devotes a few words to the distress caused by the famine and plague in India, thanks the Commons for the liberality with which they responded to the unusual financial demands due to the war, and adds that the satisfactory progress of the campaign gives fair ground for hoping that the excessive requirements of military activity will soon be abated.

The closing hours of the session in the House of Commons were enlivened by the sharp replies of the Secretary of State for the Colonies, Mr. Chamberlain, to his opponents.

An innovation in the Queen's speech which caused some comment was the mentioning of America specifically. The speech from the throne usually allude to the powers generally, or to the European powers.

### Cure for Consumption

NEW YORK, Aug. 3.—That cases of consumption of a most serious character may be positively cured by electrical oscillation, a new principle evolved by Nikola Tesla, is the positive declaration of Dr. C. C. Carroll of this city.

The electricity is applied through electrodes from an apparatus which Tesla spent two years in perfecting. By means of the "oscillator" a current of 2000 and 3000 volts is passed through the affected parts. The "oscillator" renders the powerful currents harmless to life, but they kill the germs. The tubercular matter is then eliminated through the liver and kidneys and general glandular system and recovery follows.

### Republican Campaign

The opening gun of the Republican campaign will be fired in a day or two. A meeting of the executive committee of the territorial central committee was held last evening at which it was decided to issue a call for primaries to take place simultaneously on every island. The date of the primaries will be stated when the call is issued, possibly to-morrow. The primaries will elect delegates to the district convention.

Even politicians ought not to block the sidewalks. This is a gentle hint to the two legal lights who held down a sidewalk this morning, while talking each others to death.

## THE NEXT ELECTION.

Has not the time arrived when every man having the best interests of Hawaii nei at heart, girds his loins and prepare for the coming campaign?

In less than three months the ballot boxes will be opened and the first territorial legislature elected. It behooves every man qualified to vote to stir at once and help in nominating men suitable to govern the affairs of the country and willing to make sacrifices in serving their fellow citizens. Where is "Young Hawaii?" Have we heard from them yet or are their time altogether taken up by athletics, flirtations and general idleness? Do they want a hearing in the Legislature; do they want a voice in our territorial government; do they want to gain the respect and sympathy of the men with whom we are now politically connected? If so wake up, take an active part in politics; suggest names for the Legislature, help to frame laws and municipal charters, and point out laws which have become obnoxious and should be repealed. Study what favors we may have to ask of Congress and think well over a choice for a Delegate. Do something and keep on doing it, for the election is coming near.

Here on Oahu we are asked to elect 18 men for the Legislature. "We can easily find them," said a young-bright Hawaiian this morning, but when a piece of paper and a pencil were placed before him, he could only remember five men capable and willing to serve, and he spent twenty minutes in chewing the pencil and scratching his curls in an endeavor to fill the slate.

Let the man who is to go to Congress as Delegate be identified with one of the national political parties, but let us all agree that there are no national issues to be considered in selecting the men who are to serve the Territory in the first Legislature. We all know that no republican or democratic "slate" can carry the day. The men who will be elected will, we hope, be the best men, that is, men of liberal and broad principles, men who have no strings attached to them, men who cannot be bought, bribed or bullied. But it takes time to find such men and to search for is the duty of Young Hawaii as well as of the old political war horses. Leave base, foot, tennis and all other balls alone, boys, for a little while and remember that *noblesse oblige*, and that when you are of voting age you have not alone certain rights but also certain duties to perform. THE INDEPENDENT has faith in "Young Hawaii," but it reminds them that the election takes place on November 5th, 1900.

## TOPICS OF THE DAY.

The Envoys in Peking are very much like the wireless telegraph in Hawaii. They are dead.

We have had enough to lump a one man's government, but we will go to Hades before we bow down to a one man's court.

Dr. English, as he calls himself, can bring a suit against Queen Liliuokalani whenever it suits him. How he can win them is an entirely different story.

Recent news received indicates that Bryan has a strong chance of being elected. There is nothing so uncertain as American politics and the finding of the North Pole, and in both instances there will undoubtedly be a "cold day" for somebody.

The Attorney-General is evidently at par with the other members of this Opera Bouffe Territorial Government. Why does he employ a man who hasn't been two months in the Territory and at the same time gives an opinion that a man not a resident for one year past of the Territory can hold office under the Territory. The Grand Jury may look into the matter, if not, the Legislature surely will.

What has Governor Dole to do with homesteads and Government lands? We hear from Kona that Mr. Dole is anxious to make homesteads out of the lands known as Honaunau, which consist of a dense forest of ferns and a watershed from which the Kona Sugar Co. draws its scanty supply of water. Will the Governor explain from whence he derives his power to meddle with Government property and for what purpose he does so? Is he on an election expedition?

The Board of Health asks for a statistician. It should be given one after the law, imperfect as it is, is either improved or enforced requiring the registration of marriages, births and deaths. THE INDEPENDENT does not desire to hunt up its files or to produce bills in aid of its ideas which legislatures of the past defeated. It has hopes that sooner or later there will be a substantial record and then it will endorse a gentleman well worthy of the position for the work; and we name him to day Mr. Atkinson.

A man named Robbins appeared in the District Court this morning and undertook to run the prosecuting end of the Police Department. He assumed the duties of the prosecuting officer without paying any attention to the Deputy High Sheriff, and he looked surprised when Judge Wilcox, in his usual courteous manner, asked the gentleman who and what he was to permit him to address the Court and treat the prosecuting officer in a manner which borders on contempt. Mr. Robbins stated his name and said that he represented the Attorney-General's Department. We care not for the lack of courtesy to the Police Department and Judge Wilcox shown by this new importation, but we want Mr. E. P. Dole to explain how he can appoint to an important office in his department a man who has been only two months in the Territory, when Governor Dole and his side-de-camps only a few days ago held that the residence in the Territory for one year is necessary for anyone wishing to hold a public office.

Judge Humphreys has still got the bit between his teeth and pulls the Court wagon along at a maddening speed. Yesterday the Japanese interpreter was thrown out and to-day we expect to hear that the Attorney-General and his deputies had been toppled over. Then the High Sheriff will have a chance to fall out and the Grand Jury will be rolled in the dust, and then His Honor will make an attempt to disbar all attorneys, and when he

reaches the top of the pole he is climbing he will endeavor to jump over Judge Estee and finally knock McKinley off the imperial throne in the White House. Joking aside it is said that a Circuit Judge without giving any reason should discharge a man like Interpreter Doyle, whose services have always been highly appreciated by the authorities and who is deservedly considered the ablest interpreter of the Japanese language. To find a successor in whom the Japanese as well as attorneys and judges have the confidence reposed in Mr. Doyle will be very difficult indeed. One thing is sure that Judge Humphreys cannot be allowed to act as a czar any longer. He must state his reasons why he discharged Mr. Doyle or the next Mr. Doyle or the next Legislature may forget to pass any appropriation for Court interpreters, stenographers, bailiffs and others. Judge Humphreys may try to run the country once in a while, but he can't run all of us all the time.

## CORRESPONDENCE.

### Republican Methods.

ED. THE INDEPENDENT:—

There is a report at Waiialua, that C. P. Laukes, the recently appointed chairman of the Road Board, is simply using his position in the interest of the Republican party to the tail end of which the Colonel hangs on. I am told that he has given instructions to his foreman to employ only those who will sign the Republican roll. Piehu is reported as saying "sign the roll or look elsewhere for employment. It is politics don't you know!"

WAIALUA.

Let the boys sign any old thing, let them swear fealty to the Republican party, but let them understand that at the November election the Australian system of voting will be used and the would be bosses be in the mud.

Colonel Laukes will not be elected this trip.

**Pleasant Testimonials.**

In these days when troubles are recorded from plantations it is pleasing to THE INDEPENDENT to say that Kahuku is honored by friendship and aloha. A few days ago Manager George Weight received from his employees a silver mounted Parker shot-gun and his estimable help mate a gold watch and chain. When such appreciate friendships exist there is an educational thought for other plantations.

**Japan will keep Coolies at Home.**

WASHINGTON, Aug. 6.—A dispatch has been received at the Japanese Legation here from the Japanese Foreign Office announcing that the government of Japan had prohibited for the present the emigration of all Japanese laborers to the United States and Canada.

**KRUGER ANXIOUS TO SURRENDER.**

Roberts Reports That Harrismith Has Capitulated and All is Quiet.

PRETORIA, Monday, Aug. 6.—It is stated positively that President Kruger is willing and anxious to surrender, providing a satisfactory promise is given as to his ultimate destination.

LONDON, Aug. 7.—Lord Roberts reports to the War Office, under date of Pretoria, August 6, as follows:

"Harrismith surrendered on Aug. 4. The neighboring country seems to be quiet. Kitchener is with the force south of the Vaal River. He was joined yesterday by a strong detachment of Brabant's Horse and the Canadian Regiment.

"The Boers attacked the garrison at Elands River on the morning of August 4. Information was sent to Carrington, who was on the way to Elands River. Ian Hamilton, who reached Rustenburg yesterday, reported hearing heavy firing in the direction of Elands River. To-day the firing seems more distant, which looks as if the Elands River garrison had been relieved and was retiring toward Zuerst."

PRETORIA, Aug. 7.—Additional details regarding the attack on the train bearing Mr. Stowe show that twenty-seven bullets traversed his compartment. Louis Sharp, an American accompanying Mr. Stowe, was shot through the foot.

Theron, the Boers' commandant, whom Mr. Stowe hastily sought, expressed sorrow for the act, maintaining that it was due to a mistake. The Boers put Mr. Stowe's carriage back on the line.

KROONSTAD, Aug. 7.—Commandant Theron, who commanded the Boer flying patrol that derailed and burned last week near Honigspruit the train carrying United States Consul Stowe and flying the stars and stripes, has suffered a loss of three killed and ten severely wounded in a rear guard action near Kroonstad with the Malta mounted infantry. The British sustained no losses.

President Steyn of the Orange Free State is seriously ill.

LONDON, Aug. 7.—The Secretary of State for the Colonies, Mr. Chamberlain, in reply to a question in the House of Commons to-day, said he had already made himself acquainted with the views of Canada and Australia in regard to the main points of the South African settlement. He admitted that they were in accord with her Majesty as to the necessity for the annexation of the Orange Free State and the Transvaal to the empire and to the establishment of a government, supported by a military force, with the ultimate extension of representative self-government.

In the argument on the demurrer to the indictment against Kane, robbery first degree, the same was this morning sustained. Defendant was remanded to the custody of the High Sheriff to await further action of the grand jury. W. A. Kianey for defendant, and he was excused from further services in the matter.

In Ah Chong, selling opium, motion to dismiss and to quash indictment overruled. The prosecution was ordered to file bill of particulars, specifying the exact time upon which defendant is charged.

The Wahiawa Sugar Co., Ltd., has brought suit against the Waiailua Agricultural Co., Ltd., for the partition of certain lands at Halemanu, leased from the Hols. The complaint states that the plaintiff has seven undivided ninths of the property while the defendant had two ninths. The tenants occupy the land in common and, although the plaintiff has asked defendant to make the proper division, no attention has been paid to the matter and an amicable settlement has not been secured.

The motion to quash in the murder case against Animoto was overruled, and the demurrer was also overruled.

The grand jury presented the following indictments: Eugene Avery, embezzlement; Samuel Barney, murder first degree; John Antone, uttering false instrument.

In Oki & Ota Co. vs. Wilson & Whitehouse, defendant J. H. Wilson has filed answer denying each and every allegation. And so has Luna Otsuka, one of the defendants, filed answer, wherein he admits signing and delivering certain alleged promissory notes, also to owing plaintiff \$122.80 upon said promissory notes. That before and at the time of the commencement of this action, plaintiffs were indebted to the defendant in the sum of \$127.20 for money paid by him for and on their behalf.

C. Lambo, charged with adulterating milk, was tried on Tuesday before a jury. It went to the jury a little before 5 o'clock p. m., and in about five minutes a verdict of not guilty was returned. A drawn jury was the result of a former trial.

Court Notes.

Joseph O. Carter and George R. Carter, trustees of the estate of H. A. P. Carter, deceased, have filed their annual account. They charge themselves with \$122,849.18 and ask to be allowed \$120,822.85, leaving a balance of \$2,026.33.

A motion for default together with the clerk's certificate of such fact and an order by Judge Silliman granting the motion, has been filed in the action to quiet title of the Honolulu Investment Co., Ltd., vs. Minnie Koi Unauna. No plea, answer or demurrer had ever been filed by defendants in the matter.

It is stipulated in the case of Helen A. Holt et al. vs. Andrew Cox et al., to extend the time for defendants within which to demur, answer or plead, say, twenty days from and after the 17th instant.

A stipulation has been filed in C. E. Williams vs. Ruth Horn, to have the case tried in vacation after five days' notice by either party.

Mrs. Mary Ann Lee, in her petition for administration of the estate of Mrs. Amalia Joy, her deceased sister, states that decedent left household goods, furniture, wearing apparel and jewelry, of about the value of \$500; 10 shares of stock in Hawaii Land Co., a corporation, of about the value of \$100; one lot (50 x 100) at Kapaehulu, Waikiki, of about the value of \$300; and also about \$70 in money, making a total valuation of \$970.

Mary and Raymond Reyes, her husband, have brought a partition suit against David Callahan and Henry Machado. The lands are at Kapalama, one in Robello lane and the other on the Asylum road.

Mrs. Carrie Kasi nee Kamaioipili, has filed a suit for divorce against her husband, Ernest Kasi. They were married on February 26th last. She prays for maintenance for herself and child, born subsequent, now three months old, and wants \$50 a month.

Dr. Charles H. English has filed a suit against Queen Liliuokalani for \$5000 for services rendered as her physician. He was engaged, as he asserts, by the Queen to act as her physician from May 16, 1900, until November 16, 1900, for the sum of \$300 per month and a bonus of \$5000. But he was dismissed without cause on July 10th, therefore he demands the bonus.

The Geo. A. Davis divorce suit against his wife, filed last Saturday, alleging extreme cruelty, was withdrawn by him on Tuesday, they having in the meantime made up their difference.

Negroes for the Fields in Hawaii

NEW ORLEANS, (La.) Aug 6.—J. B. Collins and John Hind, Hawaiian sugar planters, reached New Orleans two days ago on a mission to secure negro labor for the Hawaiian sugar fields. The gentlemen have already begun work and several negro families of Monroe, La. have decided to risk the trip. The planters will visit several Southern States. They are careful in selecting their darkies, picking out young negroes with small families. They have refused to sign any city negroes on the ground that the blacks in the cities are of a lower moral standard and impregnated with the anarchist ideas which inspired the murderer Robert Charles in his recent horrible crimes in New Orleans.

The negroes under contract to Messrs. Hind and Collins are promised \$20 per month in Hawaii and they will have to reimburse by slow payments half their transportation or \$50. They will be given houses and gardens to work.

Mr. Collins, before going to Honolulu nine months ago, was Louisiana's State Chemist, and one of the experts at the Audubon Sugar Experiment station. The gentlemen will also secure negroes in Porto Rico.
