WILLIS TAKES AFFRONT.

He Considers President Dole Has Insulted President Cleveland.

WASHINGTON, Jan. 26.—The President, in a brief note of transmittal, to-day submitted to Congress the latest correspondence relating to Hawaii. It comprises some brief notes of Minister Willis to Secretary Gresham, which are unimportant, but the chief features of it are the letters which passed between Minister Willis and President Dole, in one of which the Minister complains of the utterance of Dole, as reflecting on the President of the United States, and a letter from Dole in which he specifically inquired if Willis' instructions authorized the use of force. Both these matters appear to have been settled by the receipt of the last message of the President to Congress and the last instructions of Gresham to Willis.

The most important part of the correspondence consists of a long letter from Willis to Gresham, containing inc

While the Washington news is rather discouraging to the friends of Hawaiian independence and freedom, and the believers in the sense of justice animating the American nation and dominating its policy, it must be remembered that all the intelligence given by the pro-annexation press of San Francisco is colored and called to suit their cause. Believe nothing now but straight official news, is good advice for the present juncture.

Under the monarchical constitution which President Cleveland desired to restore, the Queen would have had no power to grant or refuse amnesty of her own accord. If the President had the right to interfere at all, as we believe he had, it was his right also to enforce all the conditions of his interference. The question put to the Queen by Minister Willis implied a want of knowledge of our constitution, in taking for granted that personal power was vested in the sovereign. It should never have been put to the Queen.

LOOK AT BOTH SIDES

Our friends the advocates and supporters of bullet-and-bayonet rule should keep their clothes on. They are making an indecent as well as ridiculous exhibition of themselves in their furious denunciations of the Queen as "bloodthirsty," "bloody-minded," etc. The men whom the Queen is reported to have desired behind her are some of the very men who plotted in secret to assassinate her brother, the late King Kalakaua, in 1887. Although to persons who refused to go into the movement on account of this murderous feature, the runners for the League denied that there was anything of the kind intended, yet the men who were to do the dirty work divulged the sinister business both before and after the revolution. While, at this writing, we cannot say for certain whether the Queen used the word "beheaded" in its literal or in a figurative sense, just let us ask the fierce and fiery commentators of her interview with Minister Willis to review their own and their party's record since the beginning of 1893. Should they honestly comply with this request, it might free them from the blunder of hysterically howling at the words of the Queen. Beginning with a violation of their promise to leave a small guard with the Queen, the Government allowed their organs without a protest to advocate violence to her person. Her character was brutally assailed at home and abroad by some of the leaders of the revolution, who had within a few months accepted her hospitalities with their families, and furnished her with a seat of honor at notable church gatherings, also in philanthropic conferences where her advice was sought and her assistance acknowledged. Persons in the pay of the Government were detected in menacing the Queen's residence with dynamite, and the dynamiters of former attempts at revolution were caught glowering over the fences. Military officers known as expert shots were discovered in premises adjoining her residence, and more than once has she appeared in alarm for her life to foreign representatives. It was terrible for the Queen to mention beholding as the fate of those who had next to Minister Stevens contributed to her undoing and tacitly consented to threats of violence against her. But it was all right, in the eyes of those bitter accusers of a woman at bay, for representatives of the Provisional Government and reputedly amiable and Christian ladies of Honolulu to declare freely to reporters in the States, that if the United States restored the Queen she should be immediately murdered in cold blood. All this was Christianity and its civilization when coming from the Queen's enemies. So also was the scheme for assassinating the chief sympathizers with the Queen in Honolulu at the first sign of active operations against the Provisional Government from either civilians or the forces of the United States. The assassination club with its existence divulged by a journalist connected with the revolution, but that was not the latest transpiration of a blood-thirsty spirit animating the friends of alleged "Christian civilization." In the parlors of the so-called missionary homes of Honolulu, while action of the United States was regarded as imminent, the pure and peaceable disposition of the revolutionary matrons was expressed in this sentiment: "Our people will not fight against the American forces if they land, but it will be a bad day for the Honolulu royalists." While we believe the Queen made a great blunder when she refused to consent

to the conditions of friendly interposition on her behalf by the United States Government, we maintain, for the reasons given in the foregoing recital of indubitable facts, that the revolutionists are not entitled to throw a stone at the Queen on the score of barbaric blood-thirstiness.

THE HAWAIIAN QUESTION.

Reported Abandonment of Restoration—Home News from Abroad.

WASHINGTON, Jan. 15.—Chairman McCree of the House Committee on Foreign Affairs and Representative Holman of Indiana conferred this morning as to a proposition which would be submitted to Congress for the solution of the Hawaiian problem.

After the talk McCree said: "The solution to the question will undoubtedly be ready to submit to the House before January 29th." Holman said: "I will not present my Hawaiian resolution, for the members of the Foreign Affairs Committee are acting very fairly in trying to solve the problem. One thing is certain, the question of restoring Liliuokalani to the throne for all time is abandoned, not only in executive but Congressional circles. It never will be heard of again."

OPINION OF THE THUNDERER.

The London Times, in a leading article, praises Cleveland for his firm attitude in the Hawaiian matter and continues: "What the ultimate issue will be, it is not easy to say, but in the face of Willis' despatch it is satisfactory to know there is a naval force available sufficient to protect the lives and property of the British inhabitants. It is probably the risk of a violent attempt on the ex-Queen's life is not serious, but it is both ludicrous and significant to find that the American Minister relies upon a telephone from the ex-Queen's house to his room for her protection. Although Liliuokalani is no doubt well advised in assenting to President Cleveland's terms, it cannot be denied the objections she originally urged against them have a deal of force. In the dramatic conversation reported by Willis, she exhibited acuteness of understanding as well as queenly dignity of a really striking kind."

FROM THE EXAMINER MAN.

L. H. Irvine, the special correspondent of the Examiner in Honolulu, has an interesting letter in that paper of the 20th. He represents Minister Willis' demand for withdrawal of the correspondence between him and President Dole as being an attempt to have expunged from the records Dole's reply and everything else pertaining to the subject and to maintain absolute secrecy about the whole transaction. Mr. Irvine cites the turnouts at the concerts by the P. G. and the National bands as indicative of where the hearts of the natives are. On the question of a republic he gives the following information:

Several experimental drafts of constitutions for a utopian republic have been submitted to the Government by various members, but they have not been made public. They contain such restrictions of the rights of suffrage, however, as to resemble a republic in name only. The main features are along the line of the present oligarchy. The best informed leaders admit that a republic in a true meaning of the word cannot be had here now, or at any period near at hand, without the practical loss of the power of the Provisionals and of the entire American element. However, should Congress propose a compromise looking toward a republican form of government the leaders here would not be unprepared for the experiment.

Of the fight of W. G. Smith to get into the Advisory Council Mr. Irvine gives a full history, including the following statement:

However, the majority in the councils desiring the friendship of the American League and Annexation Club did not dare to oppose the candidacy of Mr. Smith directly, so they worked upon the directors of the Star in a diplomatic manner and induced them to request Mr. Smith to withdraw his name on the ground that his acceptance of a position in the Council would be detrimental to the interests of the daily Star. Since Mr. Smith owns more stock than any fourteen stockholders of the Star, and is in a position, by reason of his friendship for S. M. Damon, Bishop & Co. and others, to have his friends buy up stock to any extent required, he declined to answer the other directors. Instead of yielding to their request he submitted the entire matter to his friends in the Annexation Club and the American League. On Tuesday night a joint committee from the Annexation Club and the American League was appointed to confer with the directors of the Star. They conferred at noon yesterday, and after much wrangling were unable to agree.

ROYALIST RECRUITING IN CANADA.

VICTORIA, (B. C.), January 19.—The organization on Canadian soil of a military force for the service of Queen Liliuokalani was today brought to the attention of the Government at Ottawa. Adjutant-General Powell informed press correspondents that if the expedition is fitted out it will be the Government's duty to stop it. This action had been anticipated by recruiting agents, who have been very careful in their operations. It was to prevent Government interference that it was decided to send the men via San Francisco, and arrangements, therefore, had been completed. Today application for enrollment was sent to Vancouver by a well-known officer of the Royal Engineers, now on vacation here. He has had long experience in artillery, and hopes to get an important command in the corps.

SENATE INVESTIGATION.

Lieut. Derbitt Coffman of the Boston gave evidence before the Senate committee, which it is understood confirmed the statements in Blount's report.

William B. Oleson, late principal of Kanehameha School, gave testimony favoring the P. G. It was to the effect that ex-Minister Stevens did not use the United States marines to aid the revolution.

JUDICIARY NOTINGS.

Commission to Take Testimony in San Francisco.

A discontinuance has been filed in the assumpsit suit of Lung Yuk vs. Ngao Loo in the Circuit Court. The suit is a very old one.

The Judges of the Circuit Court have commissioned W. H. Chickering of San Francisco to take the evidence of L. Livingston of 518 Clay street, as a witness to the death and identity of Maurice Goldberg.

W. H. Chickering through a similar commission took the evidence of Jacob Lyons, of San Francisco, on Dec. 27, 1893, in an action pending in the Circuit Court between Jacob Lyons, plaintiff, and J. Hubash and Catherine Batchelor, defendants. The sum of \$500 is involved in the suit.

The Hawaiian Isles.

The Hawaiian ship Hawaiian Isles arrived at San Francisco Jan. 18th from Newcastle, N. S. W., with a cargo of coal. Captain Kustel reported a narrow escape from over-heated coals, December 28th, when twenty-two degrees above the equator and fifty-three days out, smoke came from hatch No. 3. The coals were found to be hot, and an iron rod thrust down in them was quickly heated. There were 800 tons of fine coal beneath this hatch. Water was turned on the coal and the temperature immediately lowered. Trenches were dug in the coal, and the water pumped in very liberally for several hours. It had the desired effect.

The Miowera.

At noon of January 16 the Canadian Pacific steamer Miowera steamed into port, eleven days out from Honolulu, in charge of Captain Stott. She went at once to Hunter's point, where she went on the dry dock next day for a survey to determine the extent of the repairs needed. It was thought that it would take about \$50,000 to repair the steamer, the work for which will be let by contract to the lowest bidder. A passenger by the Australia says it was found the Miowera required a new bottom all along the port side, and her repairs would cost \$100,000.

FOR SALE ISLAND GRAPES - 5 POU'S DS FOR \$1. For sale by R. LIEPMAN, Telephone 417.

Hawaiian Hardware Co., Ltd

Saturday, Jan. 27, 1894.

The introduction by us of a full line of the Standard Manufacturing Co.'s enamel goods was a business stroke that tends to debilitate the nerves of the ordinary Honolulu business man and paralyze his muscularia, while to us it is a mere nothing; the goods are so well known in the United States and are in such general use there that with our handling we will bring them so prominently before the people here that in a short time no one will feel that they can rest well without first having had a bath in a Standard Manufacturing Co.'s enamel tub. We expect also, to make the enamel laundry tubs so popular that the annoyance of lost clothes at the hands of the Chinese washman will be entirely obviated. While these enamel goods are an innovation here they have been used in the United States for a number of years and have always given satisfaction; in every hotel or private residence the architects include in their specifications the goods by these manufacturers and it will soon be the custom here.

We have had a letter from a prominent ranch man on one of the other islands to the effect that the locked fence is the strongest he has ever seen and asks for an estimate on material enough to construct ten miles of it. You will understand by this that the locked fence is growing in popularity every day and that our prophecy that the entire group will ultimately be surrounded by it is sure to be fulfilled. There is no reason why it should not be. Every man who builds anything, no matter what, gets what is the cheapest provided it is, at the same time, superior to another article of the same description. In the case of the locked fence the builder gets for less money a fence superior in every respect to any other method of building. In this country where wood is almost as scarce as gold pieces the locked fence is additionally valuable.

The dinner table of to-day depends as much for admiration upon the character of the china and glassware as upon the edibles. We have convinced nearly every one on the islands that Haviland China is art itself in the matter of table decorations, and our method of selling it makes it as cheap as ordinary white china. Every one knows, in buying a conventional set of decorated china, that when one piece is broken it cannot be replaced except at a very heavy expense in having the broken piece replaced by one decorated especially for you to match the set. In Haviland China, when bought from us, if a piece is broken in any way you can get a duplicate at any time at the same rate you paid for a dozen pieces. We always have duplicates in stock, a convenience not only in cases where pieces are broken but for persons who do not wish to buy a full set at one time. You may buy a single cup and saucer and let it be the foundation for a set of two hundred pieces. These are among the advantages offered purchasers of Haviland decorated china. Another article in demand for table use and decoration is cut glass. We have a very careful selected assortment of this ware which we are offering at rather low prices considering the quality.

We have all sorts of stones for sharpening cutting tools from the coarse grindstone mounted in a frame to the Frank Walnut emery tile, but we have never seen anything that gives such general satisfaction as the latter. With it you can sharpen anything from a scythe to a lady's pen knife, and we sell them for fifty cents each. Mail orders will receive prompt attention.

Hawaiian Hardware Co., Ltd Opposite Spreckels' Block, 307 FORT STREET.

WHY LUCOL

IS THE BEST

PAINT OIL.

Dries perfectly solid inside of twenty hours.

Forms a durable and elastic, not a brittle coating.

Retains its gloss longer than any other oil.

Resists the action of acids and alkalis better than any other oil.

Flows freely from the brush without running and spreads well.

With the addition of Litharge, yields a hard surface, suitable for floors, steps, etc.

Mixes readily with pigments ground in oil in paste form.

Brings out the real shades of the colors and keeps them unaltered.

Is a solvent for the most delicate of the most cold tar colors.

Added to varnish greatly improves the working of the varnish.

Does not darken white lead or any delicate colors.

Has greater body than any other oil.

Requires one-third less pigment than any other oil.

Can be added to linseed oil and it will greatly improve the linseed.

Can be thinned with turpentine.

By actual tests, has outlasted the best linseed oil.

Therefore, is the best paint oil ever manufactured.

Direction for Use.

Use Lucol in every respect in the same manner as you would linseed oil, with the single exception that you may add fully one-quarter more Lucol to the same quantity of pigment than you would of linseed.

In using metallic Venetian red, the ochres, and other dry pigments, it is advisable to mix up the paint at least one day before it is to be used, then add a third more Lucol, and the paint will be found to cover well and have a good gloss.

NEVER USE JAPANS.

Where hard surfaces such as floors, steps, etc., are required use litharge only, never use Japans.

LUCOL MIXES WITH VARNISHES

and assists their working and improves their appearance BUT THEY SHOULD BE USED SAME DAY THEY ARE MIXED, otherwise the gum of the varnish may be precipitated or the mixture curdled.

The addition of from 1/4 to 1/2 of Lucol to varnishes does not reduce their lustre nor retard their hardening and drying and it prevents their cracking.

LOCAL AND GENERAL NEWS.

The P. G. band at Emma Square this afternoon.

The Misses Albu at the Hawaiian Opera House to-night.

Geo. Washington's benefit at the Queen street Armory to-night.

Purser McCombe has the thanks of the BULLETIN for news favors.

Palmer Woods has gone to take charge of the Pauahu Ranch at Hawaii.

Lodge le Progres will hold its regular monthly meeting on Monday evening.

Miss Neumann, daughter of Paul Neumann, was a passenger on the Australia to-day.

Mrs. Bradford nee Poor and daughter came over on the S. S. Australia to-day.

E. C. Macfarlane returned on the S. S. Australia to-day, greatly improved in health.

There were forty-two cabin and forty-six steerage passengers by the S. S. Australia to-day.

Ah Pi on two charges of vagrancy and assault and battery was the only arrest to-day by the police.

Fresh frozen oysters on ice received by the Australia are served any style at the Beaver Saloon.

John Waisman, who was sent to the World's Fair by Architect Ripley, returned on the S. S. Australia to-day.

The cricket match between the home team and H. M. S. Champion eleven is in progress at the Old Baseball Grounds.

J. Duane was given two months on the reef by Judge Robertson this morning for embezzlement of \$10, the property of C. Duauell.

The furniture of six rooms complete for housekeeping, also a fine piano and New Home sewing machine are offered for sale. See ad.

Through tickets to any point in the United States are issued by W. G. Irwin & Co., Ltd., for the S. S. Australia sailing next Saturday at noon.

This evening will be the last opportunity of hearing the gifted singers, the Misses Albu. Five hundred electric lights will be turned on during the entertainment.

The P. G. band played at H. Hackfeld & Co.'s store to-day in honor of the birthday of the Emperor of Germany. Government and consular flags are flying in honor of the event.

Officers from the war vessels in port, officers of the P. G. National Guard, and a number of prominent people called at the German Consulate at noon to congratulate Consul Glade on the attainment of another anniversary in the Emperor's career.

The four masted iron ship, John Ena, Schmauer, flying the Hawaiian flag, arrived at San Francisco on Jan. 16, sixty-two days from Newcastle with a cargo of coal. She left twelve days behind the Hawaiian Isles, whose arrival is elsewhere reported.

A fine chance to secure house lots in a healthy and picturesque locality is offered in the notice of sale by Jas. F. Morgan, to take place at 12 o'clock Monday. Building lots in that quarter are rarely in the market now, and this opportunity should not be missed.

About ten tourists who arrived on the S. S. Australia will leave on the steamer Waiialeale for the Volcano via Hilo on Monday or Tuesday next. The Waiialeale, after loading at her regular ports, will return to Hilo to bring the tourists to Honolulu in time to catch the S. S. Australia.

The perpetrator of the outrage in front of Lora's bakery reported yesterday continued his slashing tricks this morning. At 4 o'clock the bride of a horse belonging to Johnson was cut, and at 5:30 o'clock a whip and lantern were taken from a milk wagon hitched in front of the bakery.

Burns' night ended with "Auld Lang Syne," not "Hawaii Ponoi." Our reporter left before the conclusion and the error was not noticed in the hurry of proof-reading. Mr. More's song was, "There was a lad was born in Kyle," not a "lady." The report will be correct in the WEEKLY BULLETIN for those desiring to send copies "home."

You cannot read the column of the Hawaiian Hardware Company without having every pore on your corporation yearning for one of those enamel baths. There is something finer along about the locked fence, which should be secured by land owners before they suffer more losses of or by stock. Haviland China has been made a household word by this firm, and everybody wants the emery file or knife sharpener.

MR. GIRVIN ARRIVES.

Queer Dilemma He Puts the P. G. Into.

J. W. Girvin, late Hawaiian Consul at San Diego, has arrived here. He was sent for by the Minister of Finance, S. M. Damon, to take the chief clerkship in the Post office, supplanting J. G. Rothwell, who is removed for political reasons. It will be remembered that the Advisory Council virtually condemned the action of the Minister of Finance, and in view of that case, has only this week passed a resolution enjoining Ministers against making appointments in bureaus in their respective departments without consulting the heads of bureaus. Mr. Girvin is here now, however, and the Annexation Club, the American League and the Advisory Council are asked, "What are you going to do about it?"

Mr. Girvin is succeeded as Consul at San Diego by H. P. Wood, who was his Vice-Consul.

LATE FOREIGN NEWS.

SAN FRANCISCO, Jan. 20. [Per S. S. Australia.] UNITED STATES CONGRESS.

The Senate Committee on Railroads has reported favorably a bill to compel trains to stop at all town sites on public lands designated by the Secretary of the Interior.

SUGAR BOUNTY TO BE ATTACKED. WASHINGTON, Jan. 20.—In the House, McFie (Dem.) of Arkansas gave notice he would on Monday offer an amendment to strike out the sugar bounty.

Henderson's amendment to substitute the present law for the agricultural schedule was lost—116 to 63—after some discussion.

A contest over the sugar schedule is likely to be precipitated Monday by Harter of Ohio. He will move an amendment to the Wilson bill doing away with the sugar bounty and putting a tax of 1 cent per pound on sugar.

Johnson of Ohio will champion absolute free sugar, without a bounty or duty. Louisiana interests are preparing for a hot discussion.

There are exciting times over the Wilson tariff bill in the House. Representative Bowers of California became so excited that his speech was incoherent. The epithet "liar" was passed across the aisle by several members. Bryan is reported in the Examiner to have made "a sorry spectacle" of Boutelle of Maine, "who has become a general nuisance in the House."

In the executive session the Senate by a majority of six rejected the President's nomination of Hornblower for Associate Justice of the Supreme Court. The bill led the fight. The President will now nominate Senator Gray of Delaware.

UNITED STATES.

Chris Evans the bandit is still missing.

The bankers of Utah in convention protested against free wool.

Geo. W. Childs, the eminent journalist and philanthropist of Philadelphia, has been very ill but is recovering.

A new place has been selected for the Corbett-Mitchell fight in Florida, to dodge the authorities who had got on to the original location. Jack Dempsey will second Corbett, in whose favor the betting is \$100 to \$80.

FIFTY MILLIONS OF BONDS.

New York bankers are combined to take up the whole issue of \$50,000,000 bonds offered by Secretary Carlisle. Among many offers received, the prices are generally good, one reaching 120 in Boston, Philadelphia and Chicago bankers want a show at the bonds, and it is likely the New York syndicate will take them in to prevent overbidding. The Knights of Labor have submitted to counsel the question of suing for an injunction against the issue of bonds, as imposing unlawful and unnecessary taxation on the people.

THE CHINA SEARCHED.

A search of the P. M. S. S. China on her arrival at San Francisco from the Orient resulted in the seizure of the following goods: Nine packages of cigars, 7100 cigars in boxes, 2000 loose cigars, 3 cases of gin, 6 copper kettles, 4 boxes toilet soap, 2 packages of opium pipes, 55-tael tins of opium, 2 dozen Chinese shoes, 7 pieces silk clothing, 2 pairs wool trousers, one-half dozen silk hose.

Besides these articles a considerable haul was made by Mrs. Adams, inspectress. She followed up a suspected woman and in the butcher's quarters gathered up forty-two silk handkerchiefs, two crepe shawls, one silk smoking jacket and cap, two finely embroidered table covers, two embroidered tidies and four silk banners handsomely worked.

Mrs. Adams later seized 350 cigars in the rooms of the stewardess on the steamer San Juan.

NAVAL NOTES.

The Navy Department has ordered Commander Collin to hold himself ready to take command of the Charleston. This means that the time of sea service of Commander Picking, now on duty at Rio, has expired. The course of Commander Picking, while left in charge of the United States forces at Rio by the recall of Commodore Stanton, has been very generally commended and seems to have been highly approved.

The Mohican is lying at Mare Island, ready to leave for Honolulu, if required, at a few hours' notice. After the Corwin reached San Francisco and the dispatches were sent on to Washington word was at once sent to the officials at Mare Island to have the Mohican ready to start on a cruise as soon as possible. Stores were placed on board and everything placed in readiness, and the Mohican is ready to start as soon as word is received.

The old corvette Marion has been ordered home from China, being wanted in the Behring Sea patrol. This will leave only the Monocacy out of the old wooden fleet on the China station.

EUROPE.

The Grand Duke George, second son of the Czar, is in a critical condition, and the Grand Duke Michael is in danger from inflammation of the lungs.

Bar silver has dropped to 31 pence an ounce in London.

OTHER LANDS.

A despatch received at Cape Town on the 20th says: King Lobongula, with a few followers, is entrenched close to the Zambesi river. Chiefs near the scene of the massacre of the Wilson party have submitted and are staking out their claims.

Business is completely demoralized at Calcutta owing to an announcement by the Government, at the opening of the export season, that it does not propose to maintain the minimum rate for council bills, and that 1 to 1 1/2 offers will be considered on their merits.

Nothing decisive has happened in Brazil. Rear Admiral Benham of the U. S. navy, will take the position of senior officer in the combined foreign fleet at Rio.

A terrible earthquake has visited the mysterious territory north of the Himalayas, where "Shoolhak," the Buddhist "god incarnate," reigns supreme. It is feared the loss of life is in the thousands. Shoolhak, "the living god," is among the missing. If he is dead it will be a death-blow to Buddhism.

DEATH OF JOHN AILAU.

He Succumbs to Heart Trouble in San Francisco.

Mrs. Mary Ailau arrived on the S. S. Australia to-day with the remains of her husband, John Ailau, so well and favorably known throughout the Hawaiian group. Mr. and Mrs. Ailau left on the last Australia for the Midwinter Fair, San Francisco. Mr. Ailau was then suffering from asthma, having only a few days previously got up from a sick bed. On the fourth day he told his wife that he never felt better in all his life. Several Hawaiian ladies who went up on the Australia were singing at the time on the upper deck. Knowing that Ailau was possessed of a fine tenor and was a good singer, the passengers induced him to go on deck and join the party. Ailau went up and sang for two hours steadily, and after that he complained of not feeling well. His health declined gradually. Mr. and Mrs. Ailau put up at the Grand Hotel.

About 6:30 o'clock on the evening of the 17th inst., Mrs. Ailau advised her husband to get on the bed. Ailau being unable to get on the bed without assistance asked his wife and Oliver Stillman to help him. As he was getting up, he said to Mrs. Ailau, "Hold my back," and made a sudden exertion, then grasping the pillow he fell back dead, without another word. He was conscious to the last and died easy. Heart trouble was the immediate cause of death. Preparations were made for bringing the body to his native home, and the remains arrived on the Australia to-day.

John Ailau, who was very popular among both the foreign and native population, would have been thirty-two years of age yesterday (26th inst.). He was born in Manoa valley and leaves, besides the widow, an aged mother and uncle. Deceased was the leader and manager of the Hawaiian Quintet Club. The Golden Rule Bazaar is closed to-day out of respect to deceased, who occupied a portion of the bazaar for the sale of Hawaiian curios. Ailau was a printer by trade, the last place he worked being in the BULLETIN office.

The funeral will take place from the residence, corner of Kukui Place and Kukui street, at 2 o'clock to-morrow (Sunday) afternoon, the interment being in the Nuuanu Cemetery. Bishop Willis will conduct the funeral services.

Arrival of S. S. Australia.

The S. S. Australia, H. C. Houdlette, commander, left San Francisco on Jan. 20, 1894, at 2 p. m. with 42 cabin and 46 steerage passengers, and 31 bags of mail. On Jan 23 at 3 p. m. passed an unknown English four-masted ship bound north. Experienced fine weather throughout the voyage and arrived at Honolulu Jan. 27, at 8:30 a. m.

Dedication Day.

Governor Markham issued a proclamation on the 16th, designating January 27th as a public holiday in honor of the Midwinter Fair opening exercises. The day will unquestionably be a close holiday here, and if pleasant the city will witness one of the greatest celebrations ever held on the coast. —Commercial News.

Clifford Blackman A Boston Boy's Eyesight Saved—Perhaps His Life

By Hood's Sarsaparilla—Blood Poisoned by Canker.

Read the following from a grateful mother: "My little boy had Scarlet Fever when 4 years old, and it left him very weak and with blood poisoned with canker. His eyes became so inflamed that his sufferings were intense, and for seven weeks he

Could Not Open His Eyes. I took him twice during that time to the Eye and Ear Infirmary on Charles street, but their remedies failed to do him the faintest shadow of good. I commenced giving him Hood's Sarsaparilla and it soon cured him. I have never doubted that it saved his sight, even if not his very life. You may use this medicine in any way you choose. I am always ready to sound the praises of

Hood's Sarsaparilla because of the wonderful good it did my son." ANNE F. BLACKMAN, 2888 Washington St., Boston, Mass. Get HOOD'S

National Cane Shredder

PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS.

THE UNDERSIGNED HAVE BEEN APPOINTED SOLE AGENTS FOR these SHREDDERS and are now prepared to receive orders. The great advantages to be derived from the use of the NATIONAL CANE SHREDDER are thoroughly established and acknowledged by Planters generally.

The large number of Planters using them in the United States, Cuba, Argentine Republic, Peru, Australia and elsewhere, bear witness to the above claim.

The use of the SHREDDER very largely augments the quantity of cane the mill can grind (25 to 50 %), also the extraction of juice (5 to 12 %).

It is a great safeguard, making known at once the presence of any pieces of iron, stakes from cars, or anything which would be liable to damage the mill, and allowing ample time to remove same before damaging the mill.

The SHREDDER is very strongly made, and from the manner of its operation it cuts or tears these pieces of wood or iron without often breaking the SHREDDER, and if anything breaks, it is simply some of the knives or cutters, which can be quickly and economically replaced. The SHREDDER, as its name indicates, tears the cane into shreds of varying lengths, perfectly opening it and allowing the mill to thoroughly press out the juice without requiring the immense extra power necessary to grind or crush the whole cane. The SHREDDER spreads the shredded cane uniformly and evenly to the mill rolls, and does away with the necessity of spreading the bagasse by hand between the mills, where regrinding is in use. No greater amount of boiler capacity is required to operate the SHREDDER than that which was sufficient for the mill, for the above reasons. We furnish full working drawings for the installation of our SHREDDERS, enabling any competent engineer to successfully install and start them.

In ordering SHREDDERS from us, please send small sketch, showing the diameter and width of the mill to which which SHREDDER is to be connected, also the side (either right or left hand as you face the delivery side of the mill), upon which the mill engine is located, also the height from floor line to center of front mill roll shaft, and distance center shaft to front end of bed plate. These SHREDDERS are now being used by the Hilo Sugar Co. and Hani Mill, Kohala, where they are giving great satisfaction.

Prices and further particulars may be had by applying to

"Very respectfully,
"ALBERT S. WILLIS."
THURSTON TALKS.

ALTONA, Penn., Jan. 20.—Minister Thurston of Hawaii said to an Associated Press reporter this morning that he knew nothing of the reported demand of Minister Willis on President Dole for a return of all the correspondence on the subject of the restoration of the Queen, as brought by the steamer Monowai to San Francisco last night, therefore he declined to comment on it.

CHICAGO, Jan. 19.—Minister Lorrin A. Thurston, from Honolulu, passed through the city on route to Washington this morning. He says he bears important despatches from his Government to the United States Government.

In reply to a question Thurston said: "When I left Honolulu one week ago last Saturday Minister Willis was still persona grata, and I can add there never was nor will there be a contemplated movement on the part of President Dole and the Government to furnish Willis with his passports. The United States is not liable to be sued for damages by the almost friendless and impetuous deposed Queen. She never will be restored, and I doubt whether she will have adherents enough in a short time, at the present rate of desertion, to make even a shabby showing of royalty."

REVOLT IN SAMOA.

Tamasese Proclaimed King by the Native Rebels.

APIA, SAMOA, Jan. 3.—News has just reached Apia that the natives of Aana and Atua districts have rebelled and proclaimed Tamasese King of Samoa. This Tamasese is the son of the former King, and has a considerable following. The people of Savaii have declared on the side of King Malietoa, and are congregating for the purpose of supporting him. The Chief Justice, President and Consuls are to meet to-morrow to consider the situation. The Consuls are so impressed with the gravity of affairs that they are sending by the Monowai requests for warships.

Immediately after the departure of the British warship Rapid the natives of Aana and Atua districts began to show signs of disaffection, and held large meetings to give expression to their feelings. The feeling is very strong here against the conduct of the United States Government in not intending to send a Land Commissioner to replace Mr. Chambers, who goes home in March. The settlement of the land question is the only practical good likely to come out of the Berlin treaty, and this will be retarded if not stopped, unless steps are taken to supply an American Commissioner to perfect the work.

The measles epidemic is now entirely gone. The number of deaths is estimated at 1,000.
