We remember in our college days we used to sing:  
There came as a boon and a blessing to men  
The Pickwick, the Owl, and the Waverley Pen.  
But those days are gone, and so is the fame of those pens. We have new and better pens now, and a new and better song:  
They came as a boon and a blessing to men  
The Railroad, the Stub and the Est-erbrook Pen.  
These pens are made under the Stars and Stripes, consequently they are the best in the world.

## TENNIS TOURNAMENT AT PUUNENE

A Grand Tennis Tournament at Puunene on the 12th of August Will Take Place of Harvest Home Dance.

## REPUBLICANS MUST CONTROL

The County Executive Committee Grants Protest of Waihee Republicans and Orders New Club Formed—Officers of Precinct Clubs Elected.

**TENNIS TOURNAMENT AT PUUNENE.**  
At a meeting held at the "Puunene Club" last Monday, it was decided not to give a Harvest Home dance this year, but to concentrate all resources on the Tournament for the Puunene Cups, which will be held on the new Courts at Puunene.  
There will be in addition to the Tennis Tournament, a Trap Shooting competition.  
Music will be in attendance, and luncheon will be served in a suitable place.  
No efforts will be spared to make the day an enjoyable one.  
Below are the names of the players for the Mixed Doubles Tennis Tournament, to be held on Admission Day during August. Those bracketed together are the playing partners:  
Mrs. D. von Tempsky-H. W. Rice; Mrs. H. A. Baldwin-F. P. Rosecrans; Miss Eva Smith-A. M. Simpson; Miss Mabel Taylor-Dr. G. S. Aiken; Miss Johnson-A. C. Betts; Mrs. S. E. Taylor-W. Whiteside; Miss McCann-W. Engle; Mrs. J. Fantom-H. E. Savage; Mrs. D. B. Murdock-G. E. Beckert; Miss Aiken-J. B. Thomson; Mrs. Nicolson-S. Baldwin; Miss Engle-D. B. Murdock; Mrs. Dale-Wm. Lougher; Mrs. J. N. S. Williams-V. L. Boeck; Mrs. W. D. Lowell-F. Nicholson; Miss E. Taylor-Theo. Nickelsen; Miss E. Betts-W. Searby; Miss G. Sabey-Rev. B. V. Bazata; Mrs. W. S. Nicoll-Wm. Walsh; Miss V. Mahee-D. C. Lindsay; Mrs. Ethel Smith-J. N. S. Williams.  
The Tournament will be conducted under the Rules and Regulations adopted by the National Lawn Tennis Association for 1905. The first prize will be the Puunene Cups (2), one to be held by each winner for one year. The second prize has not yet been decided upon.  
As there are 21 couples to play, the Tournament will start promptly at the time to be set, and players not on hand when their names are called will be allowed a short time, and then if not appearing, will lose by default.  
A program giving the positions of the players, and the hour at which they play, will be sent to each.  
**REPUBLICAN EXECUTIVE MEETING.**  
The Republican Executive Committee of the County met in its rooms on Wednesday afternoon, and after the reading of the minutes took up the protest from the 18th Precinct members, who have denounced the meeting there as being a Home Rule meeting instead of a Republican, and asked that a new club be organized under the authorization of the Republican Executive Committee.  
The protest was read and the prayer unanimously granted and M. P. Waiwaiolo and S. E. Kaiue were empowered to organize a club there.  
The action of the Central Committee will do much to strengthen the party there, as it frees the club from the domination of R. J. K. Nawahine who has exerted the most harmful influence to the party there.  
The protest and petition was signed by thirty-two Republicans of the precinct and is as follows:  
Whereas the following petition signed by 32 members of the 18th Precinct Club [Republican Party] was presented to and considered by County Executive Committee of the Republican Party at its meeting held on the 25th inst.  
Waihee, July 21, 1906.  
To the County Executive Committee of the Republican Party, County of Maui, Territory of Hawaii, Wailuku, Maui.  
Greeting:  
We, the undersigned residents and legal voters of the 18th Precinct of the aforesaid County and Territory, and being duly enrolled as members of the Republican Party of the above precinct, do hereby enter a protest against the so-called Republican Precinct Club meetings held in said precinct on the 13th

and 20th day of July respectively for the following reasons:  
1st. That the meeting of the 13th was advertised to be held in the school house at 7:30 A. M., and that some of us went to said school house at the stated time, but there was no meeting there; later we learned that a meeting had been held at the church at which were present eight persons in all: three of whom were not duly enrolled, and three of whom although enrolled were avowed Home Rulers. The majority of the nominees for the different offices proposed that evening were not eligible according to the rules and regulations of the Republican Party. Therefore,  
2nd. We, on the 20th went to the meeting with the intention of nominating eligible officers in place of those not eligible, but in every case we were ruled out of order by the presiding officer, Robert J. K. Nawahine.  
3rd. We protest against and resent the actions of said Nawahine, not only as being unparliamentary and discourteous, but also as coming from an avowed Home Ruler; and further, we hold that such bulldozing tactics on the part of a Home Ruler posing as a Republican should be severely condemned as being detrimental to the best interests of the Party.  
4th. That said Nawahine as presiding officer made a ruling that only those who were present at the former meeting would be allowed to pass on the minutes of the former meeting which again is contrary to all intelligible rules of procedure.  
5th. That after the President had been elected, it was then moved and duly seconded that the newly elected president be escorted to the chair. The presiding officer, Nawahine refused to entertain the motion. He went so far as to state that although he had decided to join the Home Rule Party he still had the power to preside at this meeting and the President just elected does not preside until the next meeting—not before. He further stated that this attempt to bulldoze the chair would result in his winning over to the Home Rule Party those who have already signed the Republican roll. Mr. Campsie appealed from this ruling of the Chair, but he refused to put the appeal to the house. When a second appeal was likewise ignored, we decided to leave the meeting, which we did, and we held one of our own, outside where we decided to petition your body to order another meeting, to be held in our precinct for the purpose of nominating and electing proper officers for the said club. We believe that the actions of said presiding officer at the aforesaid meeting, his domineering and "I-am-the-whole-party" attitude tends to weaken the party in an already weakened precinct, and we believe it to be to the best interests of the Party that the voters in our precinct should be made to feel that it is not the intention of true Republicans to have our club dominated by avowed Home Rulers, either directly or indirectly.

## SINGER SEWING MACHINES

Cannot be obtained through merchandise dealers. They are delivered directly from maker to user only through the Company's own employees. There is as great a difference in the cost of making sewing machines as there is in making watches. A cheap watch will indicate time with fair accuracy for a short time. Fairly good stitching can be done on some of the old patterns of cheap sewing machines when they are new, but they always work hard, are noisy and soon wear out. Every SINGER MACHINE is tested by actual sewing at the factory. It is always ready for every kind of stitching and will do better work and do it longer than any other because it is of better design and construction. A Postal Card to

SATURDAY, JULY 28, 1906

Good Pictures Robert K. Bonine, the moving picture man, of the Crater has returned from the crater where he went last week in company of W. O. Aiken, and is enthusiastic over the results of his trip.

One night and a part of two days were spent in the crater and some very fine views was secured there.

Mr. Bonine has traveled all over the world, and is thoroughly conversant with the points of interest to be found in almost every nook and corner of the world, and says that many places that are much advertised pale into insignificance when compared to the beauties to be found here on this and other islands of the group.

This is not the first trip of Mr. Bonine nor will it, he says, be his last, for there are so many things here to see that he is determined to come again.

He has made a suggestion that we believe to be an excellent one and that is that an album should be gotten up showing the places of interest in the islands, and these albums should be placed in hotels and in the libraries of the steamers where they could be seen by the traveling public.

He says that thousands of people who travel have no particular objective point, and that just such pictures as could easily be placed in the hotels and on the steamers would attract many to islands that otherwise pass us by or stop over a few hours in Honolulu and leave with the belief that they have seen the islands and all in them that is of interest.

We know that the islands have many points of interest and unsurpassed beauty, and there is no excuse for the thousands to go to Europe when we have more to offer in our own country than the tame scenery of the old world.

Things Political. As the time draws near for the choice of a party that shall direct the affairs of the County, Territory and Delegate to represent us in Congress, the voter should look to the results of past measures and for what the different parties stand before finally casting his vote.

During the administration of Cleveland, the last Democratic President, when both the House and Senate were controlled by that party, the Wilson bill became a law, and the whole country was thrown into a panic, business of all kinds came to a standstill and hundreds of thousands of able and willing workmen were thrown out of employment, and the country did not recover from the effects of this pernicious bill until McKinley's administration, since which the country has had a prosperity that has not been equaled by any country on the face of the earth.

That the delegate to Washington should be in accord with the administration is so self evident that no argument is necessary on this score.

The first election under the Territorial government resulted in a Home Rule victory, the most extravagant expenditure of funds was the first result, and the bill that has since been known as the "Lady Dog Bill" was the only result of their efforts. As compared to this, the Republican Party has given the people local self-government and has conducted the affairs of the Territory and Counties to the best interests of the entire people.

The Republican officers have conducted our County affairs to the best interests of the people, and have made so complete a success that each and everyone deserves a reelection as a reward for his faithful work during the past year.

Some few have sought to prejudice the minds of the people against our officers, and have stooped to the lowest methods in their hope to win their points, but these same men are but the outcasts of the Republican Party, and are seeking their own self advancement, instead of working for the betterment of the people to whom they look for support.

So void of principle are some of these men, that they are knitting the better class of Home Rulers and Democrats, knowing that they will never get their support, and must get them out of the way.

The Republican Party is composed of the safest class of all citizens, and aspires to advance the interests of the entire community instead of politicians who have never done anything for the people, and never would even though given an opportunity.

**Steamer Struck  
By Tidal Wave.**

New York, July 11.—Struck by a tidal wave which it is supposed was produced by a submarine earthquake, the British tramp steamer Sir Richard Grenville, was almost engulfed Sunday afternoon 300 miles outside of Sandy Hook. The ship reached the upper bay to-day minus the smoke-stack, which was washed overboard by the enormous wave. Life-boat were smashed, ventilators are gone and the main deck is a complete wreck.

One of the strange features of the wave was that after the water on deck subsided a piece of spar, supposed to be the yardarm of some wrecked vessel, with many pieces of lumber, was found on the main deck of the Grenville.

The only explanation of this Captain Jones volunteered to make was that a submarine earthquake released a part of a sunken vessel from the bottom of the ocean. Jones rigged a jury funnel of the scantling and lumber. The improvised funnel was a box-like affair eight feet across, rising ten feet above the deck. Sparks and flames from the furnace nearly overpowered the men, and the bucket brigade had to be stationed near the funnel to prevent the ship catching fire. The Grenville came from Huelva, in the Mediterranean, and brought 3950 tons of iron pyrites.

**Guided Drydock  
Through Canal.**

Washington, July 11.—While it was predicted by some that the dry dock Dewey would never be able to pass through portions of the Suez canal, which are only slightly wider than the great dock, the aged head pilot of the canal, A. Pappa, knew differently, and it was his skill and caution which made it possible for the Dewey to get through the tortuous waterway in such a satisfactory manner, according to a report of the trip just made to the Navy Department by Commander H. H. Hosley, who was in charge of the Dewey and the fleet which convoyed it.

Although Pappa is very old and was so ill that he should not have attempted the work, he assumed full charge of the Dewey's canal trip. Work out by the careful watching necessary to save the dock from destruction, the old man was under medical attention during two of the nights the Dewey was in the canal. He was cared for by the doctors of the general manager of the canal, and resolutely resumed his work and directed the tugs which were doing the towing by means of a system of flag signals, which proved effective.

For many years all ships bearing crowned heads, members of royal

families or other distinguished persons have been piloted through the canal by the venerable head pilot, whose service has been so indispensable to the company that his proposed retirement and return to Greece, his native land, are regarded by the canal officials with extreme regret. A short time ago the steamer Chatham, loaded with dynamite, was sunk in the canal and offered a dangerous obstruction to navigation. Pappa was the only employe of the canal company regarded as being capable of steering vessels around the hidden danger, and he worked constantly day and night until the explosives could be removed.

Many dignitaries have showered Pappa with letters and gifts thanking him for the care and skill with which he has taken them through the Suez. Commander Hosley sent the old pilot a letter of appreciation, and in his report to the Navy Department the American officer suggests that some suitable trophy be given to Pappa by the American Navy in recognition of his service for the Dewey.

**Love Letters  
To Coachman.**

Pittsburg (Pa.), July 2.—No sensation which has ever broken loose in a divorce trial in Pittsburg circles equaled that which developed to-day in the divorce suit of Augustus Hartie. With her cheeks paling and blazng with indignation by turns, Mrs. Hartie sat in the courtroom and heard read twenty letters which her husband alleges were written by her to Thomas Madine, an Irish coachman, whom Hartie has named as correspondent.

The letters were filled with the most loving sentiments, breathing passion in every sentence, assuring him of her undying love, and that she had left her husband for him and would never love any one else. She accused him of growing cold toward her, but said her heart was on fire with love for him and would always be so.

Interspersed with all these loving messages was such practice advice as for him to be careful about brushing horse dust out of his hair, not to neglect his bath, to put talcum powder on his feet, and be sure to change his socks daily. The crowd in the courtroom wanted to laugh, but Judge Frazer suppressed all levity. He looks upon this as a tragedy, not comedy.

The libellant rested his case on the reading of the letters, and the defense is now on. After sitting all day hearing these letters read, Mrs. Hartie went on the stand cool, collected, not shaken a particle by the terrible ordeal she has just passed through. Her attorney's defense

**For Resurvey  
Along Coast.**

Washington, July 2.—Secretary Metcalf of the Department of Commerce and Labor has been much interested by the strong evidence presented by the California earthquake commission that a horizontal displacement of the earth's crust has occurred along the coast of California and the suggestion of the commission that the Coast Survey investigate the matter has been acted upon by the issuance of orders to test the triangulation, as the geographical coordinates may have been seriously vitiated by the earthquake disturbance.

As these geographical co-ordinates form the bases of all accurate maps and charts, it has become obligatory upon the Survey to make this test and to rectify the data if necessary. Such displacements occurred as the result of an earthquake in Sumatra in 1892, and in India a revision of the triangulation made after the earthquake in 1897 showed resulting differences of the distances as great as twenty-six feet and differences of elevation amounting to thirteen feet.

**Live Without  
Their Stomachs.**

Chicago, July 11.—A man can live without a stomach. So can a woman. This declaration is based upon the authority of Dr. Carl Beck, head of the department of surgery in North Chicago Hospital. The assertion of the surgeon was brought out by the recent remarks of Professor John Mason Tyler of Amherst College in a lecture at the University of Chicago. Professor Tyler said: "A man can live comfortably without brains, but no man ever existed without a digestive system."

Dr. Beck says: "Persons without stomachs not only can live, but do live, and we have a notable instance of the fact in Chicago to-day. Six years ago I removed the stomach of Mrs. Hausen, and she is living, well and hearty to-day. Of course, it was necessary to make certain intestinal connections to sustain the internal organism, but the stomach was entirely removed."

**Assaulted By  
Union Officer.**

Chicago, July 11.—C. A. Midever, 23 years old, a teamster employed by T. J. Gromley, today reported that he had been attacked in the office of William Farrell, business agent for the Excavating Teamsters' Union.

Midever, who says he is a newspaper man, came to Chicago from San

Francisco several weeks ago. Failing to obtain employment at his profession, he began work driving for Gromley. He had worked there for several days when he was approached by Farrell, who demanded that he join the union. He refused, and several days later Farrell is said to have collected \$3 of Midever's wages, which was to be used as an initiation fee.

Midever, learning that Farrell had collected \$3, went to his office to demand the return of his money, when, he alleges, Farrell struck him and threw him from the office. Midever then procured a warrant for Farrell's arrest. When detectives went to the office Farrell had left town.

**Superior Court  
Gets Quarters**

San Francisco, July 12.—In all probability the Superior Courts will be installed on the top floor of the Flood building. For some time it has been known that the Judges were on the lookout for some place in which to be in order to bring order out of the chaos into which the courts were thrown by the fire. Although the announcement has not yet been confirmed, it is practically assured that the courts will occupy the twelfth floor of the Flood building.

The other floors of the Flood building will be occupied by the Southern Pacific, from the third to the eleventh inclusive. It has not been decided to what use the second floor will be put. The ground floor will be leased to the other transcontinental lines.

The general offices of the Southern Pacific will require nine floors, and they will move in as soon as the work on the building has been completed. Work is progressing at a rapid rate, and it is hoped that the building will be ready for occupancy within a short while. The present offices of the Southern Pacific in the Ferry building are crowded and totally inadequate for the immense amount of business that has been transacted.

**Demands Death  
On Guillotine.**

New York, July 11.—A cable dispatch to a morning paper from Paris says: "I want to be guillotined. They condemned me to death, and they shall execute me. I'll have none of their pardon. There is no reason for a revision of my sentence. Paris has not seen an execution in ten years, and I'm going to give them the sight free."

This declaration was made by Pierre Adam to the prison authorities and lawyers who were trying to persuade him to apply for a commutation of his sentence for murder. He has resisted the persuasions persistently for three weeks, and clamors to have his head chopped off, yet the authorities do not comply with his wish.

The position is a curious one: As the law stands, it prescribes that executions shall be public, but since the guillotine was moved some years ago from the notorious Place de la Roquette, the local officials everywhere have successfully resisted the efforts to obtain a new site, and the guillotine has lain idle in a shed, the officers of justice not venturing to offend any part of the city by insisting upon its erection. They have consequently persuaded every person condemned to death to appeal for a commutation, which has been forthwith done. Adam's unprecedented refusal creates a difficulty. A public execution invariably leads to disturbing carousals and misbehaviors by the scum of the city, and the establishment of the guillotine anywhere without the assent of the authorities representing the respectable citizens would cause inevitable anger. Hence the reluctance to carry out death sentence.

Bills are under consideration alternately legalizing private executions and abolishing capital punishment, and Adam's novel attitude may lead to the passing of one or the other.

**W. J. Lowrie Sues  
the Castles  
For a Large Sum.**

W. J. Lowrie, formerly manager of the Ewa Plantation and later of the Hawaiian Commercial plantation, has brought suit against James B. Castle, William R. Castle, The Castle Estate and H. P. Baldwin for damages amounting to \$300,000.

Mr. Lowrie is now manager of a sugar plantation in Porto Rico. The suit has been brought in the Superior Court of Suffolk County, Boston, Mass., where service was made a couple of weeks ago on W. R. and J. B. Castle.

R. D. Silliman, formerly of the Honolulu bar and now practicing in New York city, is attorney for Mr. Lowrie. The gist of the claim is that the defendants induced the plaintiff to become the manager of the Hawaiian Commercial plantation on Maui at a salary of \$12,000 a year and that he was later discharged by them without cause four years and half ago.

The plaintiff also claims that the defendants agreed to sell him \$500,000 worth of Hawaiian Commercial stock at the same price which it had cost the defendants and carry him until he could pay therefor; that by reason of his discharge as manager he was afraid he would be unable to carry the stock and sold at a loss. Since then the stock has largely increased in value and the plaintiff's claim is loss on the stock chiefly the difference in value of the stock at the time he sold it and the present value.

No answer has been yet filed by the defendants and it is not yet known what their course of action will be. It is understood, however, that the defendants deny absolutely that there is any justice in the plaintiff's claim and cite the fact that he has waited nearly five years without even notifying them of any claim and before bringing the suit, and to the stock having trebled in value as evidence of the animus in the suit. They claim that Mr. Lowrie was not engaged as manager of the Hawaiian Commercial plantation for any definite period; that he was discharged for cause amply justifying the act; that they never agreed to carry him in connection with the stock which he purchased; that all they agreed to do was to permit him to purchase the stock at cost price, he to sell his other securities when he was satisfied with the price which he could obtain for the same and apply the proceeds thereof to the purchase of the Hawaiian Commercial stock; that as a matter of fact, however, they did carry him for several years until he was able to make arrangement for himself which he did long before he was discharged. They also claim that it was wholly unnecessary for him to sell his Hawaiian Commercial stock when he did and that he was urged not to do so by his friends, but that he was angry by reason of being discharged and sacrificed the stock at wholly unnecessary prices resulting in a loss simply through his pique.

The defendants have retained counsel in Boston and also Castle & Withington and W. A. Kinney of this city and will resist the claim at every point.

The following is a letter from James B. Castle to W. J. Lowrie, on which Mr. Lowrie bases his claim to \$309,000 damages, viz:

Honolulu, H. I., Sept. 19, '98.  
 My Dear Mr. Lowrie:

Referring to my proposition to you of the 14th inst. and subsequent consultation thereon, in order to prevent misunderstanding in the course of negotiation, I will state my proposition to you as it now stands amended.

I ask the option on, or refusal of your services to go to Maui as the manager of the H. C. & S. Co. upon the following terms:

1st. Salary to be at the rate of \$12,000 per annum.

2d. You to have the privilege of buying of the S. N. Castle Estate or of myself at any time within three years from October 1st, 1898, five thousand shares of H. C. & S. stock at cost, to include interest at 6 per cent per annum, it being understood that, in case of such purchase, you will dispose of other securities to pay for these as rapidly as you may be able to do so upon terms perfectly satisfactory to yourself.

3d. That this option must be acted upon by myself on or before November 15th next, and that if you shall lose your present opportunity at Wailuku through the failure of Mr. Pollitz's agreement to deliver me the control of the H. C. & S. Co., then I will pay you \$12,500 cash, the one-half of Mr. Pollitz's forfeiture to me in such case; and further that in case I do not avail myself of the option I am asking for, the privilege above named of purchasing H. C. & S. stock at par shall stand unchanged, except as to amount which shall be three thousand shares.

Hoping for an early acceptance, I remain,  
 Respectfully yours,  
 J. B. CASTLE.

About six months ago we sold two kodaks fitted with special lenses. The lenses cost more than the kodaks. But the work turned out by these two kodaks was so far superior to the ordinary that the owners became enthusiasts. Others saw the pictures and ordered special lenses for their kodaks. As a result we have sold more Goetz and Zeiss lenses already this year than in all the years we have been in business. We have always recommended such an equipment but the price of the special lens made customers reluctant to try it. Since they have seen the advantage we are getting orders nearly every day. If you want the BEST results get a Goetz or Zeiss lens. We have several very fine ones in stock and will quote prices.

### REPUBLICANS ELECT CLUB OFFICERS.

The various precinct officers of the Republican Party were elected last Friday evening throughout the county and while the interest shown was evidence of the fact that the Republicans have a stronger hold than ever there was the most harmonious attitude displayed by Republicans everywhere and the few opponents for offices entered the lists in the most friendly manner.

Lahaina stands at the head of the list for harmony as she turned out one hundred and eighty-five Republicans at the first meeting and succeeded in nominating an excellent list of officers who were so satisfactory to all present that no balloting was necessary and the secretary cast one ballot for each person and declared him elected.

In Wailuku, Manager C. B. Wells was elected President; Hon. S. E. Kaiue, Vice-President; W. F. Crockett, Second Vice-President; A. Garcia, Assistant Secretary; Edmund H. Hart, David Crowell, and Moses Kauhimanu, Judges of Election; and C. D. Lufkin, Treasurer, without opposition as those who had been nominated against them withdrew before the election.

For the office of Secretary, James N. K. Keola and George D. Schraeder crossed swords in the arena which resulted in a score of twenty-seven to forty-six in favor of Schraeder.

There were ten persons nominated for the office of executive committeemen which resulted in the election of R. A. Wadsworth, W. E. Bal, W. T. Robinson, S. Keli-noi and D. H. Davis.

Mr. Wadsworth received a phenomenal vote and surprised his most intimate friends. That he is popular with all classes is admitted by all but no one expected him to receive the highest vote cast.

At Waihee the Republicans found themselves in an unpleasant predicament. The meeting of the 13th was advertised to be held in the school house but when the members of the club went there they found that there was no meeting there and went home when to their surprise it was later found that a meeting had been held in the church where a few of the friends of R. J. K. Nawahine, the ousted member of the Central Committee, managed to get control of the offices to such an extent that he could dominate the acts of the club there.

At the meeting of the 20th Nawahine presided and refused to put certain questions duly made and seconded. He refused to put appeals that were taken and declared openly that he had the right to preside although the intended to join the Home Rule Party and expected to get every member of the club to do the same. This last statement so far as his own future acts are concerned was the best thing for the party that he has done for a long time for his acts in the past have been of such a shady nature that even his own people must be glad that he is out for good.

It is safe to say that he will not be received by the Home Rule Party with the open arms that he probably expects.

A protest has been filed and a new election will probably be ordered and it is the wish of the Republicans of the precinct to elect all Republicans that were formerly put up and leave out all Home Rulers.

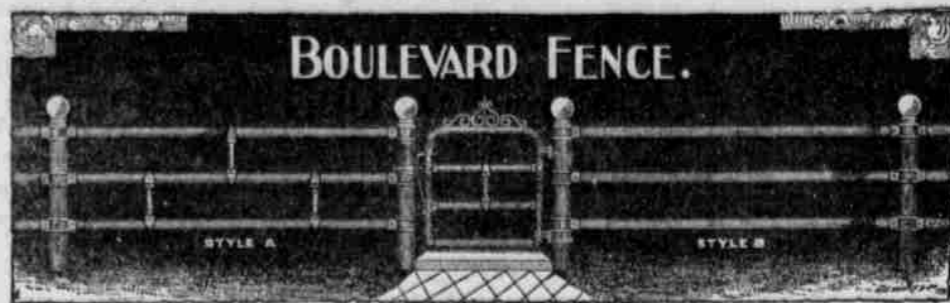

The officers of the eighth precinct club at Kihel elected for the ensuing two years were the following:

President, James Scott; 1st Vice President, A. T. McLeod; 2nd Vice President, M. T. Nauna; Secretary, G. C. Hofgaard; Treasurer, T. L. Ohoy; Executive Committee, A. F. Gerner; W. A. Sparks, Kaili; Judges of Election, A. F. Gerner, W. A. Sparkes, Kaili.

The officers of the thirteenth precinct club at Hana elected for the ensuing two years were the following:

President, W. P. Hala; 1st Vice President, Henry Bush; 2nd Vice President, S. M. Wallehua; Secretary, E. S. Opiopio; Assistant Secretary, Kalala; Treasurer, P. Witt rock; Judges, S. Aikau, Imi Ullama-koa, G. Watt. Executive Committee, J. K. Kaleo, N. Omsted, E. H. Kaulo-oku, W. P. Hala, Kaili.

The Himas are on their metal as this makes two games in succession that they have lost.

### The Roll of the "Six Bit" Companies.

The following is the list of "sixbit" or "Weibing" fire insurance companies as compiled by Insurance Commissioner of California Wolf. The New York Journal says of them and the situation:

"Consider what has been done in San Francisco. A great calamity overcame that city. Fire swept it from end to end. The people who for years had been paying premiums to insurance companies in anticipation of just such an event find now that their money has largely been wasted.

Upon the stricken city descended an army of "adjusters"—sent there to save as much money for the insurance companies and pay as little to the policy holders as possible. As a result the property holder who gets 7 per cent of his claim thinks himself lucky—some companies are trying to evade liability altogether.

On the other hand, some corporations are paying their losses dollar for dollar for dollar. But the vast majority belong to what Mr. Wolf, Insurance Commissioner of California calls "six-bit class"—namely, those who are offering 75 cents on the dollar. Among these the Commissioner enumerates the following companies:

- Northwestern National.
- North German of New York
- Security of Baltimore
- Insurance Company of North America

- Alliance of Philadelphia
- Aachen and Munich
- Hanover
- Germania
- Milwaukee Mechanics
- Agricultural
- Spring Garden
- Delaware
- Globe and Rutgers
- American of Philadelphia
- Sea of Sweden
- Law Union and Crown
- Union Assurance of London
- Victoria of New York
- Caledonian
- Rochester-German
- Scotch Underwriters
- Providence, Washington
- Royal Exchange
- Austrian Phoenix
- Concordia
- National of Hartford
- Transatlantic
- Federal
- German of Peoria
- Equitable
- Queen City
- Traders of Chicago
- America of Newark
- Fire Association of Philadelphia
- Franklin of Philadelphia
- Philadelphia Underwriters
- United Firemen
- Michigan

- Hamburg-Bremen
- Home Fire and Marine
- Niagara
- Prussian National
- Pacific Underwriters
- Colonial Underwriters
- British-American
- Western of Toronto
- National Union
- Eagle
- Phoenix of Brooklyn
- Pennsylvania
- Union of Pennsylvania
- Glens Falls
- West Chester
- Security of New Haven
- Camden
- Buffalo German
- American of Boston
- Dutchess
- Giraed
- New York of New York
- North River
- New Brunswick
- Nassau of Brooklyn
- Scottish Union and Union
- Western Underwriters
- German of Freeport
- German National
- Calumet
- Atlantic-Birmingham
- Austin of Texas

There are other companies than these which have their demand for a compromise in individual cases upon the claim that the earthquake and not the fire caused the loss. Of them we shall have more to say later.

[Continued from page 1.]

Therefore we pray that this our petition be favorably received, and that a call be issued for the purpose of nominating and electing officers of the Republican Club of our precinct, said meeting to be presided over by a person duly empowered by your Committee.

And, whereas the said Executive Committee voted to grant the prayer of said petitioners.

It is hereby ordered by the said Executive Committee that a call be issued for a meeting of the 18th Precinct club to be held at the Waihee School House, at 7:30 P. M., August the 3rd, 1906 for the purpose of nominating and electing Precinct Club officers, Messrs. M. P. Waiwaiolo and S. E. Kaiue are hereby empowered to act as Chairman and Secretary respectively of said meeting until the permanent chairman and secretary respectively are elected.

By order of the County Executive Committee, County of Maui.  
H. P. BALDWIN,
