SUPREME COURT MAJORITY STRONGLY FAVORS LANAI DEAL

Justices Frear and Hartwell Support Every Contention Made By The Territorial Government— Justice Wilder Dissents On Thousand Acre Clause

The Territory wins in the Lanai land case. Judge De Bolt's decree in favor of L. L. McCandless was this morning reversed by the Supreme Court of the Territory, the demurrer interposed by the Attorney General's Department, in

questions as to the rights of the Governor and the Commissioner of Public Lands to make exchanges of public lands for other property which they may deem of greater or more immediate value to the Territory.

The opinion of the Supreme Court sustaining the rights of the Territorial officials to make such exchanges were written by Associate Justice Hartwell. Chief Justice Frear writes a concurring opinion. Justice Wilder dissents on the main question involved—the right of the Commissioner of Public Lands, with the approval of the Governor, to exchange for private lands more than 1,000 acres of public land under lease.

This morning at 10 o'clock Chief Justice Frear entered the court room alone and without his robes. He immediately announced that in the matter of L. L. McCandless vs. George R. Carter, Governor of the Territory of

Hawaii, and James W. Pratt, Commissioner of Public Lands of the Territory of Hawaii, the decree appealed from was reversed, the demurrer sustained, and the bill dismissed.

That was about all. Judge Gear asked if the usual time would be allowed to elapse before the mandate was sent down to the Circuit Judge, but received no definite answer.

Attorney General Peters, however, stated this morning that he would some time during the day ask the Supreme Court to send down the mandate within less than the usual ten days.

Judge Gear announced this morning that he will appeal the case to the Supreme Court of the United States on a writ of error from the Territorial Supreme Court. If such a writ can be obtained, and he did not think that there was any doubt as to the Court's granting the writ and the allowing of

the appeal, as this is nearly always done when requested.

Gear and his client McCandless did not appear greatly surprised at the decision of the Court, but said that, anyway, they have too judges for them—Justice Wilder and Circuit Judge De Bolt.

The Attorney General's Department is naturally greatly pleased at the result of the work of its members. Peters and Milverton have fought the case hard, and while they have, of course, no personal interest in the matter, other than professional pride and the performance of their duties as officials of the Territory. It is a source of gratification to them to have their contentions sustained by the highest court in the Territory. They were the recipients of many handshakes and congratulations as they made their way from the Judiciary building.

JAPS SECRET MEETINGS

LOS ANGELES, Cal., Feb. 1.—The Japanese Association of America is holding secret sessions.

KINAU WILL LAND AT BREWERS DOCK

Material For Completion To Arrive Within Three Weeks

Within the next three weeks, or possibly the next month, the inter-island boats should be docking at the new Brewer's wharf, behind the offices of C. Brewer & Co. This announcement has been made possible through the fact that the corrugated iron for the roofing of the wharf has arrived in this city on the American-Hawaiian steamer Californian and should be in place in the next ten days.

As soon as the roof has been put on there will be a little plumbing work and then the new wharf will be complete and will be placed at the disposal of the Inter-Island Company by the Department of Public Works. When told of this today by a Bulletin reporter, President Kennedy of the Steamship Company expressed his surprise, as he had not heard of the arrival of the material, but he also was not at all backward in stating that the period which had been consumed in building was altogether too long. He said:

"I am glad to hear at last that the new wharf will be ready for occupancy in the near future. It has been almost two years, as I remember it, though I cannot be certain as to the exact time, since this work was commenced. We will still keep the wharf where the Mauna Loa docks, but will give up the Kinau wharf. The new wharf will be very much more convenient for the shippers than is the case at present.

The old wharf where the Kinau now docks will be used for a coal wharf and the incoming vessels will go there to discharge their cargoes.

Many a married man feels like a hypocrite when he is congratulating a bride and groom.

WHARF NO. 2 WILL BE FINISHED SOON

Californian Brought To Complete The New Wharf

The big Government Wharf No. 2, which is now in course of construction, is expected to be finished and ready for use within three months or less. This statement was made this morning by Assistant Superintendent of Public Works Howland. The copper for the wharf arrived yesterday on the steamship Californian, and the lumber is expected to be here within about three weeks. The lumber, consisting of the piles, planking, etc., is now being loaded on the Robert Lewers at the Sound, and she will sail for Honolulu within a few days probably.

Mr. Howland states that it will take the contractor, Whitehouse, about two months to finish the work after the lumber gets here.

The masonry work on the wharf was finished a short time ago, and operations have since then been at a standstill, pending the arrival of the material for the rest of the structure.

Government Wharf No. 2, when completed, will be not only the largest and best in Honolulu, but it will equal in excellence of construction and advantages for docking vessels any other wharf in the United States. Even the famous Hoboken wharves will be no better. It is built of concrete and is practically indestructible.

The Supreme Court today handed down a decision overturning a decision of Treasurer Campbell's in reference to the stamp duty. The Court holds that an instrument extending the time of a mortgage should be classed as an agreement and not as a mortgage, and should be taxed accordingly.

You had better put your valuables where they will be safe. Have you ever heard of greater security than that offered by the Henry Waterhouse Trust Co., Ltd., for four dollars a year.

STANDARD OIL PROPOSITION

The Standard Oil Co. has offered to leave nothing undone to make Honolulu one of the principal seaport towns of the world. However, it wants that in turn Honolulu shall change the law which requires that explosive oils shall be stored in the government warehouse and subject to certain storage fees. The proposition was made in a letter to the Merchants' Association, as follows:

Pursuant to a request from Mr. W. T. Lucas, a member of your body, for particulars relative to the storage and handling of oil products in Honolulu we beg leave to give you the following: "In establishing an office in this city, and ever since then, it has been the intention of the Standard Oil to make Honolulu one of its principal distributing points for its products on account of the favorable location and the advantage as a stopping point for vessels on their way to and from the Orient, especially now since the Panama canal will soon be in operation, when vessels from the East coast of the United States and from European ports for the East will naturally have to put into some port on their way for water, supplies, etc. during the trip, and there

certainly is no place better adapted or more favorably located than is Honolulu, for every one acquainted with conditions in the canal zone or ports is aware that water and provisions cannot be obtained in any of the canal zone ports. But ever since our establishing an agency here every possible obstacle has been placed in our way by the authorities in Honolulu to prevent us from doing so.

We feel that Honolulu should be in the same position as San Francisco or any other important port, so that ships would be glad to call here for supplies, and all ships calling would be of benefit to every merchant or business house in this city.

There is no place in the United States where they have such laws in existence as are now in force here. One claim, of course, is that the government wants to raise revenue, but it can conclusively be proven that in time a much greater revenue will be derived by the government from the additional receipts from the larger number of ships that would call here, the additional receipts from taxes on improved property, the larger stocks of all products which would have to be carried here at all times by the Standard Oil Co., as well as from the importation and handling of all the other products that the ships would require in calling here regularly. As it is now no ships will put into Honolulu for supplies except in case of emergency.

This should not be so, and if Honolulu is to be a greater sea port in the future, this must be changed, which can be done by giving those who are in a position and willing to help Honolulu the proper support and encouragement.

At the present time the Standard Oil Co. is giving Honolulu the benefit of better prices on their products than can be had on the Coast. For instance, all vacuum oils, which are exclusively used in the marine trade, can be bought at Honolulu at the same price that they can be purchased anywhere on the Pacific coast.

All the Standard Oil Co. asks is that it be allowed to conduct their own business here, as they do elsewhere, and as every other merchant does. That is, that the business be handled by their own employees, whom they have full control of, and allowing them to keep their products in their own warehouse and under their own lock and key. There is no objection on the part of the Standard Oil Co. to the inspection of oil, and the company is always glad to obey any law passed by the authorities, if such a thing is possible. Of course the law in reference to the sale and handling of gasoline and naphtha is prohibitory as it is at present, and while the Standard Oil Co. is obeying this law, and proposes to do so until it is changed, there are others in Honolulu who are daily disobeying and disregarding this law.

Now you can assist us in having such laws established so that we can do business in a legitimate way in Honolulu as we do elsewhere. We know that it will greatly assist in making Honolulu a more important port, and assure you that by giving the Standard Oil Co. what little they ask for, and are rightly and justly entitled to, that we in turn will leave nothing undone in assisting to make Honolulu in the future one of the most important seaport cities in the world. Thanking you for the kindly interest manifested in this matter, we remain,

Very truly yours,
STANDARD OIL CO.
By G. H. Mayor, Special Agent.

FUTILE TRIP OF U.S. DISTRICT COURT

Gets To Hilo and Finds The Prisoner Has Jumped Bond

Judge Dole and all the other officers of the United States District Court who went to Hilo last Tuesday on the Kinan to try the case of Aino Yoshida, charged with conspiracy to commit adultery, have had their journey for nothing. The court is ready to begin operations, but the Jap isn't. He has jumped his bond and can't be found.

Information to this effect was received this morning by United States Deputy Marshal Temple in a wireless from Marshal Hendry, who is in Hilo. The Marshal wires that the man's bond is forfeited unless he is found, and directs Temple to search for him on this island, and if he finds the Jap to arrest him. Otherwise he is to inform the bondsman that the bond is forfeited.

Deputy Marshal Temple this morning hunted up the bondsman, H. Yoshida. Yoshida is positive that his namesake is not here. He believes that he is still in Olan. He states that if the man fails to show up and the Marshal is unable to locate him, he himself will go to Olan and assist in the search.

Mr. Temple is confident that Yoshida cannot have escaped from the islands, as the steamers are too closely watched to admit of his having done so.

In the meantime, the United States District Court is in Hilo twiddling its fingers and waiting for something to do. It is uncertain yet whether the court will return at once to Honolulu or whether Judge Dole will adjourn court for a week to await developments.

Aino Yoshida, the man who has escaped, is the Jap who is accused of having taken part in a transaction in which a wife was sold for a certain number of dollars.

MERCHANTS RE-ELECT THEIR OLD OFFICERS

The directors of the Merchants' Association held a meeting yesterday afternoon for the purpose of electing officers. Macfarlane moved to re-elect the old set of officers to serve for the coming year. Catton was nominated for president but declined. He said he was not an American citizen, which made it difficult for him to serve in certain work where the Association was dealing with legislation and Congress. Mr. McInerney declined a nomination for vice president. Waldron was nominated for vice president. The old officers were elected with the exception of Catton, who had declined to serve any longer, and in whose place Waldron was elected.

PROPOSED SETTLEMENT PLEASES JAPAN

Tokio, Feb. 1.—The reported solution of the California school trouble is welcomed here as proving the firmness of the friendship between Japan and the United States.

EVIDENCE DESTROYED

Cripple Creek, Colorado, Feb. 1.—Fire has destroyed evidence in the Haywood-Moyer case.

During the great strike of miners in the Coeur d'Alenes mines some years ago Governor Steunenberg was murdered for the important part he took in quelling riots and finally putting down the strike. Haywood and Moyer at that time were leading officials of the Western Federation of Miners and were quite active in opposition to the Governor's efforts to restore order. After the murder of the Governor these two men were arrested and accused of complicity in the same. The trial, which has been going on some time, is heavily subscribed to by large sums from the Western Federation. The fire which has destroyed the evidence is, it is thought, the work of the union miners. Haywood was re-elected president of the Federation since his indictment for murder.

BENEFIT FOR MOTHER OF DEAD MUSICIAN

The death of Hiram Kagawa a few weeks ago, a senior member of the Kaai Glee Club, who also at one time played for the famous Ellis and Kawahana Glee Clubs, has moved brother musicians to do something toward raising a fund for the aged mother of the deceased who was left destitute by his death. He was her only means of support and she is very aged. A concert, to be followed by a dance, will be given for her benefit at San Antonio Hall Saturday evening February 2nd, and it is hoped that every good son will come to the front and show his loyalty for a good cause. The concert no doubt will be a great success, as such talent as Madame Alapai, Miss Keala Kaai, William Ellis, Ernest Kaai and other prominent soloists of the different quartet clubs have volunteered to help make up a memorable program.

Tickets can be had at the door and from musicians of the glee clubs. The admission is only 50 cents.

POLICE COURT CASES

The session of the Police Court occupied but a short time this morning, there being few cases to come before Judge Whitney and these being easily settled. Willie Dias, who was found guilty of vagrancy yesterday, was sentenced to 15 days in jail.

The most interesting case was that of Che Kon, charged with assault and battery. He was said to have beaten Chung Yung Wah, an old Chinaman who claimed to be 63 years old, and was so crippled by his age that he could hardly walk. The prosecuting witness had the remains of a beautiful black eye, which he stated had been caused by the defendant, but he said that he did not want to prosecute. Kon, but that since the latter had not apologized he would do so. The story of their quarrel over the loan of some kerosene oil was told and Judge Whitney found the defendant guilty. When it came to a sentence it was a hard matter, but the Judge, on the grounds that the Chinese New Year was near at hand, allowed the defendant to go after he had paid the costs of the trial, amounting to \$3.20.

E. A. Davis, a young fellow who made a punching bag out of the face of one Eli Akana, found that it cost him \$9 in the way of fine or about \$1 for each blow that he had inflicted.

STANDARD OIL PROPOSITION

(Continued from Page 1)

The matter was taken up at the meeting of the directors of the Association yesterday afternoon, when the secretary told of the contents of the letter, as he did not have it with him. It caused an exceedingly lively debate. Some members thought that there was a great chance for the advancement of Honolulu, while the spirit of the officers towards the Standard Oil bugbear might best be expressed by the immortal line: "We fear the Greeks, especially when they bring gifts." It was requested that the names of the individual debaters be withheld from publication.

One of the supporters of the Standard Oil proposition said that the power of the Standard Oil Co. was well known. It had 81 steamers and 24 sailing vessels of its own, and controlled the Pacific Mail as well as other great transportation companies on sea and land. The promise to help Honolulu would be an empty one, as it was well known that the company wielded a tremendous influence at Washington.

Another member viewed the letter in a spirit of righteous indignation. He thought it highly improper for the Standard Oil Co. to approach a respectable body like the Merchants' Association with such insinuating promises, and moved that no action be taken on the matter until the tempter agreed to cut out of the document bodily the passages embodying them.

Still another member spoke of the damage which would be done to local dealers in such commodities as are handled by the Standard Oil Co., in case it should retail its wares itself here, from its warehouse, as it undoubtedly would do, if its wish were granted.

It was finally agreed that the proposition was too large a one to be disposed of in an offhand manner, and it was decided to defer action. It is now understood that the majority of the directors are in favor of passing the buck up to the Legislature.

GREAT LOTTERY FAILS

New Orleans, Feb. 1.—The Honduras Lottery, successor of the old Louisiana State lottery, has suspended.

A number of years ago, before the overthrow of the Queen an attempt was made to move the old Louisiana Lottery to Honolulu. The missionaries, however, killed the scheme in short order.

SHIRTS THAT STAND IN A CLASS BY THEMSELVES THE SHIRTS we make to order have a touch, a tone, or an air about them that at once suggests dressiness. Shirt wearers are beginning to recognize "that little difference" between a shirt that fits perfectly and one that does not. And its just that difference that adds greatly to your comfort as well as appearance. We Make Shirts To Order We make them to fit perfectly; besides they're made stronger and will wear longer than the usual ready-to-wear kind. A large quantity of fresh new samples now on display. It will take only a minute to look them over and leave your order. M. McInerney, Ltd. COR. FORT AND MERCHANT STREETS.

Delicious Milk Bread

with its thin, crisp crust, its light texture and nutritious wholesomeness can be made as easily as any other kind, if the proper ingredients are used. And of these the most important is the milk.

Carnation Cream

(Sterilized) gives you a full-flavored loaf, rich and sweet, because it contains nearly three times the percentage of butterfat that is in ordinary milk. You can use it for all baking or cooking purposes where milk is used, but with better results.

Milk Bread

Take 1 can Carnation Cream to 3 pints hot water. When lukewarm, add 1 tablespoonful sugar, 1 tablespoonful salt, and 1 cake compressed yeast dissolved in 1-2 cupful warm water. Use enough flour to make a stiff batter and let rise for 1 hour. Add enough flour to knead well. Cover and let rise till light. Then knead in pans and let rise half as much as before, and bake for 40 to 50 minutes.

THE LANAI DECISION.

The decision of the Territorial Supreme Court in the Lanai case is clearly in keeping with reasonable expectations. The majority of the Court has kept within the spirit of our public land law as interpreted since the days of the law's enactment.

The right to exchange land has been one of the standbys of the Territorial government since it was inaugurated, and support of the policy from the National Government has not been lacking.

If Mr. McCandless intends to carry the Lanai matter to the Federal Supreme Court for a final interpretation, it is to be hoped he will do so without unnecessary delay. The people are always glad to know the merits of any law. They do not approve a game that takes advantage of technicalities or that retards action.

NEW JAPANESE CONDITIONS.

There is every reason to believe that the dispatches from Washington to the effect that Japan and the United States have reached an understanding on the immigration question and the school question announce the exact situation and the immigration of Japanese laborers in large numbers will soon come to an end.

Unless something extraordinary occurs to overthrow the present arrangement, whether it be by treaty or voluntary regulation enforced by Japan, we are likely to learn that the Japanese Government in view of the recognition of the rights of its children in the San Francisco schools quite approves action to bring about a cessation or further emigration of its laboring classes to the United States. We doubt that the restriction will be anything like that which prevails against the Chinese. It will be sufficient, however, to turn the tide of Japanese emigration in the direction of Manchuria, where it is needed by Japan, and keep the numbers coming to the United States so low that the American labor people will have no cause for complaint.

The unpleasant feature of it from our insular standpoint is that there is no immediate prospect of an exception being made in the case of Hawaii, to either allow immigrants to come here or prevent those already arrived from going to the mainland.

In this connection it is illuminating to read the ponderous advice of the morning sheet which charges the sugar interests with the importance of meeting the new conditions.

As a matter of fact the sugar plantation men have been moving for months to prepare for just such an eventuality as seems now about to come to a focus. Had their awakening been coincident with that of the thing that presumes to give advice, the industry of the islands would face a most precarious condition.

The tendency of the future will be to make the population of the islands and especially that employed on the sugar estates, more permanent.

There can be no doubt that the great horde that has been passing through Hawaii never intended to stop here. Though there be no proof of it, few can be convinced that this trans-

itory population was not in all intents and purposes mainland contract or mainland assisted labor. Passage through the islands served to stir a spirit of discontent as definite as a gold stampede.

The new treaty regulation will at least eliminate this class of our troubles, and when our working population gets down to a calm consideration of fact, it will undoubtedly concede that the favorable permanent conditions of Hawaii are far superior to the glittering generalities of the mainland.

Our Japanese problem will be simplified, though industrial difficulties may be more complex while settling down to new conditions.

WAKE UP PERIOD FOR BUSINESS MEN.

Citizens of Honolulu are in the midst of the tourist season which brings to them events that will call for an exhibition of their ability to make good their reputation as hosts.

It will mean work for many, money from others and a good time for everybody. The mossbacks will say, "What's the use?" The progressive men of the community not only find pleasure in doing but they also know that when it comes right down to a question of dollars and cents, the return is on the right side of the ledger.

The Floral Parade of Washington's Birthday and the visit of the Los Angeles party are the events to which we refer. Our business men cannot wake up to plan and prepare and make these winter events what they should be, any too soon.

The Floral Parade is for the crowd. Visitors enjoy it, take part in it and spend their money accordingly. Our local people are just as much interested as if it were solely for their benefit. And from a business standpoint, the record of last year was, that the week before the Floral Parade was a duplicate in a business way of the week before Christmas; so the man who must see his dollars return before he invests has no complaint.

The Los Angeles excursion to be a complete success should find in this city a Chamber of Commerce membership as enthusiastic over the new arrivals and their entertainment, as the good people of the wide-awake city of the South are in coming.

The fact that the Los Angeles Chamber of Commerce is back of this excursion and that its most prominent officers lead the van is all the guarantee

Special Trip To The Volcano

THE GREATEST NATURAL WONDER OF THE WORLD.

The center of volcanic activity is now at the

CRATER OF KILAUEA.

Information from reliable sources is to the effect that the pit is filling with molten lava. Eye witnesses declare the fiery display to be beyond description.

This is an OPPORTUNITY OF A LIFETIME To Visit This Wonderful, SPECIAL ROUND TRIP RATES.

By S. S. "Mauna Loa," leaving Friday, Feb. 1st. Returning by S. S. "Kinohao" Saturday, Feb. 9th.—\$54.00. This trip takes in the circuit of Hawaii, passes the recent lava flow, and allows a stay of four days at the Volcano, giving an exceptional opportunity to visit all the scenes of recent volcanic activity.

Competent Guides accompany visitors through the volcanic region. THERE IS ABSOLUTELY NO DANGER.

PORT COLLECTOR WILL NOT RESIGN

Collector of Customs E. R. Stackable will not resign his office to take a permanent position with the Board of Immigration. This announcement was made in a letter received by his brother, the Acting Collector, yesterday. There have been rumors to this effect for some time, and in order to put an end to them the Acting Collector wrote asking his brother what position he took in the case. The reply was direct and to the point—that he had no idea of resigning his Federal position.

Maggie Pupuhi Says She is Destitute

Maggie Pupuhi, who yesterday filed suit for divorce from her husband, Samuel Pupuhi, charging him with numerous defects of morals and character, today petitioned the Court to allow her counsel fees and sufficient means for her support. She states that she is absolutely destitute and can neither pay her lawyer nor support herself. Her husband, she says, makes \$60 a month.

Annual Sale of Table Linens and Towels. Will begin Friday, February 1. The offerings this year are as good as in the past and no doubt will be taken up as eagerly as heretofore. There will be five qualities of Table Cloth with Napkins to match, and from two to seven patterns of each quality. Five numbers of Huck Towels will be offered at quick-selling prices. Our Window Display will give you a pretty good idea of the bargain prices that will prevail while the sale is on.

THE IDEAL WIFE CREAM PURE RYE THE WHISKEY

Shapes the Destiny of Men—The Influence of a Healthy Woman Cannot Be Overestimated.

Seven-eighths of the men in this world marry a woman because she is beautiful in their eyes—because she has the qualities which inspire admiration, respect and love. There is a beauty in health which is more attractive to men than mere regularity of feature. The influence of women glorious in the possession of perfect physical health upon men and upon the health of the world could never be measured. Because of them men have attained the very heights of ambition; because of them even thrones have been established and destroyed.

Mrs. Bessie Ainsley

What a disappointment, then, to see the fair young wife's beauty fading away before a year passes over her head! A sickly, half-dead-and-alive woman, especially when she is the mother of a family, is a blamer to all joyousness in the home, and a drag upon her husband. The cost of a wife's constant illness is a serious drain upon the funds of a household, and too often all the doctoring does no good.

If a woman finds her energies flagging, and that everything tires her, dark shadows appear under her eyes, her sleep is disturbed by horrible dreams; if she has backache, headaches, bearing-down pains, nervousness, irregularities, or despondency, she should take means to build her system up at once by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

This great remedy for women has done more in the way of restoring health to the women of America than all other medicines put together. It is the safeguard of woman's health.

Following we publish, by request, a letter from a young wife.

Mrs. Bessie Ainsley, of 611 South 10th Street, Tacoma, Wash., writes: Dear Mrs. Pinkham—Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so that I could not enjoy my meals, and half my time was spent in bed.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Patrol Box Drill For New Police Officers

The new policemen are being given drill in the handling of the patrol boxes. A box has been installed in the room over the office of the receiving clerk and as the men come in to take their watches they are taken there by the lieutenant in charge and are given full instructions in regard to sending the signals. There are so many new officers on the force that Captain Parker considered that it would be best to give all of them a drill in regard to this part of their work before they went on duty. In this way any chance of damage being done to the boxes will be avoided.

SCHOOL TEACHER RESIGNS

Miss Mary K. Taplin, one of the public school teachers at Waiwala, has been compelled to resign her position on account of ill health. Superintendent Babbitt states that no appointment has been made as yet to fill the vacancy, and he does not know who will be chosen.

Pineapple Land for Lease. 22 Acres at Waiwala. 12000 growing pines. Will lease for term of years.

WOOD REPORTS SUCCESS IN PROMOTION

Secretary Wood prepared the following report, which he submitted at the meeting of the Promotion Committee yesterday afternoon:

Honolulu, January 31st, 1907. Chairman and Members of the Hawaii Promotion Committee. Gentlemen—I have to report that, since commencing our work for the excursion from Los Angeles, we have kept up a regular correspondence with each member of the Los Angeles Chamber of Commerce Excursion Committee, and other friends throughout Southern California, sending hundreds of clippings from our local papers so as to keep up and increase interest and have tried not to neglect any opportunity that might serve to help out the undertaking, believing that as a direct result of this excursion, the attractions of Hawaii will be brought directly to the attention of the thousands of eastern people, who are accustomed to spending their winters in Southern California, and have at present little or no knowledge of the pleasure of a trip to Hawaii.

I am convinced that the special efforts of the Committee is putting forth in Los Angeles at the present time and the plan of campaign mapped out for the remainder of the winter months, will obtain better results than could be accomplished by the expenditure of as many thousands east of the Rockies as we shall spend hundreds in Southern California.

We are now sending out our advertising matter to the Secretary of every County Teachers' Association and to every member of the different County Boards of Examiners throughout the State of Ohio. The Commissioner of Public Schools for that State, having at our request favored us with the names and addresses of the parties mentioned. We shall cover other States in the same way as quickly as we are able to do so.

By the last steamer from the South we received a large number of very interesting photographs of New Zealand scenery, which are now on view in our rooms. Our arrangement for an exchange of courtesies with the Tourist Bureau of the New Zealand Government is working most satisfactorily. We keep their photographs and literature on our counter and they in return handle our pamphlets in every one of their offices throughout New Zealand, as well as in their Australian agencies. During the past few months we have perfected arrangements for thoroughly covering Australia, New Zealand and Canada, in addition to what is being done on the mainland of the United States, and hope soon to be able to accomplish more in China and Japan. We are already in correspondence with the leading tourist agencies in those countries, and it gives me pleasure to say that a greater interest is being tak-

THE IDEAL WIFE CREAM PURE RYE THE WHISKEY AMERICA'S FINEST PRODUCTION Rich and Mellow LOVEJOY & CO., Agents 902-904 NUUANU STREET. PHONE MAIN 308. IMPORTERS AND DEALERS IN FINE WINES & LIQUORS.

en in travel to Hawaii than ever before by the agents of the Pacific Mail and Toyo Kaisha Steamship companies stationed in the Far East.

The work of the committee is gradually widening in its scope; no avenue of publicity is wittingly neglected; evidences of accomplishment are multiplying and there is every encouragement for the community to continue to support the Committee in its work. Letters from Los Angeles by the Hongkong Maru state that there is the greatest enthusiasm over the proposed excursion to Honolulu. Every berth on the steamer will be occupied. Among other passengers will be three ex-presidents of the Los Angeles Chamber of Commerce, the present president, the secretary and practically all of the directors.

The secretary of the Seattle Chamber of Commerce states that he will gladly comply with our request and endeavor to get the Publicity Committee of the Seattle Christian Endeavor Convention to say a few words about Hawaii in all the matter they send out.

Respectfully submitted, H. P. WOOD, Secretary.

CRAWFORD MATTER UP THIS AFTERNOON

The Crawford matter came up before the Supreme Court this morning, but nothing was done. The case was continued until 2 o'clock this afternoon to allow of the prosecution getting signed the order reversing the question as to the motion for a directed verdict.

When the case was called Judge Gear stated that he had appeared in Judge Robinson's court at 9 o'clock, as directed, to attend to the matter, but no one else was there, and the order was still unsigned. The Court, therefore, continued the matter.

RINK OPEN TONIGHT

As the Queen street rink closes tomorrow, only two more nights remain in which to enjoy skating. Rink open all day Saturday.

Partial eclipse of the moon Jan. 29, beginning at 9:15 a. m.
Full moon Jan. 29th, at 3:14 a. m.
Times of the tide are taken from the United States Coast and Geodetic Survey tables.
Hawaiian standard time is 10 hours 20 minutes slower than Greenwich time, being 20 minutes of the meridian of 157 degrees 20 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 6 hours 6 minutes. Sun and moon are for local time for the whole group.

PASSENGERS Booked

Per steamer, Mauna Loa, for Maui and Hawaii ports, Feb. 1.—A. Mason, Miss J. B. Cooke, Mrs. Edwards, Miss Lantieri, Mrs. H. Aki, H. K. Sniffen, Rev. A. H. Merriam, R. R. Browning, E. Henderson, Miss A. Parke, A. Scott and wife, Thomas Hustace, Queen Liliuokalani, Mrs. J. Asa, Mrs. Pottinger, Mrs. Wallbridge.

Per steamer, Claudine, for Maui and Hawaii ports, Feb. 1.—Miss A. C. Hustace, Miss A. Paris, C. Hustace, Miss J. B. Cooke, Mrs. Woodford and daughter, E. A. Ramsay and wife, Wm. Bell.

PASSENGERS Departing

Per Jap. S. S. Hongkong Maru, for the Orient, Jan. 20.—Robert Pause.

PORTLAND-HONOLULU LINE WILL RESUME

Captain Matson, head of the Matson Navigation Company, gives assurance that the line between Portland and these islands will be resumed and resumed to stay.

In a communication from Captain Matson, received by interested parties in Portland, Oregon, the ship-owner makes known the fact that the freight line between Honolulu and the mainland established a short time ago under most favorable patronage, will be resumed, and at once.

Captain Matson has just returned from the East, where he has been negotiating the purchase of a vessel suitable for this particular trade. No such vessel being obtainable at New York, he has recently passed on plans for a new vessel to be built at San Francisco. Captain Matson gives as his reason for taking the Honolulu of the Portland-Honolulu run that he was compelled to take care of the trade of his company between San Francisco and Honolulu.

FRENCHMEN TO AVOID CHURCH

The misunderstanding, at present, between church and state in France is, it would seem, being carried to the extreme limit. Even the wassals of France exhibit a very decided feeling in the matter. It has been the unfailing custom of visiting French officers to these shores to include the Catholic Cathedral among the first visits made ashore. No such visit has been paid by the officers or men of the French cruiser Cathart.

A reciprocal feeling exists at the Cathedral it would seem as Father Matthias is quoted as saying "If they are religious and wish to attend to their duties as Catholics they will come to church, if not they will stay away. We do not have to have them, and can get along without them."

Father Valentin believes that the French officers would call at the Cathedral, but are fearful that someone on the cruiser would report their action and they would be in for censures from the powers that be. The Rev. Father also states that he is given to understand that official notice has been given to Captains of French war vessels instructing them to remain away from the Catholic church for the present.

Many a woman never listens to her husband till he begins to talk in his sleep.

NO SIGNS YET OF CLEARING UP

The weather glass of yesterday and up to noon today shows little promise of clearing up.

January of this year has been exceptionally damp. The rainfall during January of past years has averaged 3 inches; last month it was a trifle less than 12 inches.

On Wednesday afternoon of this week a 25 minutes one inch of rain fell, the heaviest downpour during the season, for a stated time. Very little damage was done for the reason that no wind mixed itself with the downpour. One or two weak flashes of lightning and a couple of thunder booms accompanied the storm.

MAINLAND PAPERS SHOW INTEREST

The Promotion Committee, at its meeting yesterday spent most of its time discussing the encouraging reports which are constantly coming from the mainland. Mrs. Weathered wrote that one of the members of the excursion party which she will bring to Hawaii this month will be Miss Mary A. Case, a talented singer, who will give a recital during her stay here. Mrs. Weathered also proposes to start an excursion for Hawaii from Victoria, when the Alaska and Yukon Exposition closes.

The secretary of the Seattle Chamber of Commerce wrote that their Washington delegation had been instructed to assist Hawaii in her efforts to secure harbor appropriations. He would ask the Christian Endeavor Society to mention Hawaii in whatever literature it might be distributing in regard to its coming convention in Seattle.

T. G. Lyster, cashier of the Aspen, Colorado, State Bank, wrote that he was sorry not to be able to spend his winter in Hawaii. He sent an order for a case of pineapples to remind him of Hawaii's perpetual summer.

CHINESE PREPARE FOR COMING NEW YEAR

Anybody passing through the Chinese quarter will certainly be aware that there is something doing.

Great preparations are under way for the New Year festivities. The lantern makers are working overtime and their productions are fearful and wonderful. Dragons in size from one foot to two and three yards, lay about in different states of construction. Orchestras are in full practice in anticipation of the coming Chinese theatre troupe. The local Chinese stock company is at present on Maui entertaining the Chinese residents of that island. It is expected they will return in time to join in the fast approaching celebration.

BUSY PARASITES KILL LEAF HOPPER

The leaf-hopper pest of the cane-fields has been brought under control to a certain extent by the introduction of the parasites, but its complete eradication has yet to come.

An entomologist of world-wide repute makes the statement that it is impossible to completely rid a country of any pest that has gained a firm footing.

The effective work of the leaf-hopper parasite is fully demonstrated by the receipt of some slips of cane a few days ago.

One species of the parasite belongs to the ant family and makes its attacks on the hopper by means of a sting that is followed shortly by the death of the hopper.

The other species arrives at the destruction of the hopper in a peculiar manner. It keeps watch on the laying of eggs by the hopper, and boring into them, deposits her own eggs, thereby destroying the propagation of the leaf-hopper.

It is no longer feared that the hopper will again get the upper hand in the cane fields of Hawaii.

JAP TO BE SHIPPED HOME

Alameda, Jan. 19.—T. Niyama, the Japanese shoemaker charged with assault with a deadly weapon by R. Nohi, a Japanese merchant of Oakland, will be shipped back to Japan on the next steamer. Niyama is now in jail. His wife worked in Japan as Nohi's servant. She sent for Nohi a few days ago and said that her husband wanted to place her in a Japanese brothel in San Francisco. While Nohi was remonstrating with the husband, Niyama drew a razor and started to carve Nohi.

PASSENGERS WILL SEE FLOW

From measurements taken day by day it is seen that activity in the volcano is rapidly increasing.

Passengers by the Mauna Loa, which sailed at noon today, and passengers by the Claudine, which leaves at 5 o'clock, will, if the weather is anywise clear, have a fine view of the recent flow.

FULL DESCRIPTION OF IMMIGRANT SHIP

E. D. Tenney of the Board of Immigration has received a description of the steamship Heliopolis, which was a few days ago, chartered by E. R. Stackable in London for the purpose of transporting immigrants to Hawaii from Spain. It shows that she is a new ship of good size and fitted with a shelter deck. The report on her is as follows:

Steamship Heliopolis; built in 1906 by D. W. Henderson & Co. of Glasgow. She is a steel screw steamer. Her registered tonnage gross is 4,630 tons; under deck, 4,436 tons; net, 2,967 tons. She has a shelter deck. She is owned by the Alliance Steamship Co., Ltd. (Harris & Dixon, managers). Her home port is London and she flies the British flag.

CAPT. PEABODY LOSES LICENSE

Captain Thomas Peabody, who commanded the United States Army transport Sheridan when it ran on a reef near Barber's Point, island of Oahu, August 31st of last year, was suspended yesterday as a master and pilot of steamships for a period of six months by the local inspectors of hulls and boilers.

The testimony taken at the investigation of the case showed that the last departure was taken off Makahonei Point, Kaimi Island, when the craft was set by Captain Thomas Peabody, who estimated that it would clear Barber's Point. The Captain testified that when he came on the bridge he judged the light to be fourteen miles distant by the appearance of it.

The decision of the inspectors reads:

"After a careful consideration of the evidence in this case, we are satisfied that Captain Thomas Peabody was negligent and unskillful in navigating the Sheridan on August 31, 1905, in not being more careful in approaching Barber's Point, and in not taking accurate bearings of the light, he having depended on the appearance of the light for the distance he was from it.

"For such negligence and unskillfulness on his part we hereby suspend his license as master and pilot of steam vessels for a period of six months from date hereof.

"We are also satisfied from the evidence adduced at the investigation of this case that the master and officers of the United States Army transport Sheridan did their best to get the vessel off the reef after she struck. When she was finally floated, she was taken to Honolulu for temporary repairs, and afterward towed to San Francisco, Cal.

"O. F. BOLLES,
United States Local Inspector."
—San Francisco Chronicle, Dec. 22.

SPORTS

YACHT CLUB WILL GIVE ITS ANNUAL BANQUET

The yachting season is about to commence and the first event will be observed next Monday night at the Seaside Hotel when the Hawaii Yacht Club will hold forth in its annual dinner, followed by a dance. The past season of the club, with the trans-Pacific race looming up as the greatest yachting event which has ever taken place in the Pacific Ocean, has been the most successful which the club has ever seen and new members are coming in continually without solicitation. Under the charge of Commodore Cooper and Vice Commodore Lyle the club has prospered as it never has before and the start has only commenced from the present outlook.

The sailing of the tiny yacht La Palma, across the Pacific and back was a feat which has scarcely been equaled in the history of yachting. For this Clarence Macfarlane deserves as much credit as any officer of the club for creating the great interest which is now to be found in Honolulu yachting.

A number of new boats will be built this year and the coming season promises to be prolific with events which will be ready to stir the blood of every lover of the wind and wave. Already the talk of the next trans-Pacific yacht race, which is to take place in 1908, has started and within the next few months it is expected that a syndicate of prominent men in the city will be formed to build and equip a new yacht which shall represent Hawaii in the coming event.

While there have been no definite plans made it is said there is no doubt in regard to the matter and as soon as the time is ripe that there are plenty of men ready to take the plan up and see that it is completed in the best of shape. Besides this there is also the prospect that some one of the richer citizens may become a Sir Thomas Lipton in his aspirations and build a defender which shall sail under his own name but the colors of the Hawaii Yacht Club.

After the banquet Monday evening, at about 8:30 dancing will be the order of the day and the members are requested to see that all their friends of both sexes are present to take part.

FIRST PRACTICE SHOOT

The Hawaiian Gun Club has its new quarters in the best of condition now and will hold the first practice shoot tomorrow afternoon. The traps will then be open for the first time and if the weather is favorable there will be a large number of the club members present.

In the installation of the traps it was found necessary to lay beds of cement that the traps might be kept perfectly free from water and this has been completed. It is said that under the new arrangements much better shooting can be had than heretofore.

The semi-annual cup shoot will be held on Washington's birthday at the grounds and there will be a number of events in which many are expected to take part.

SPORTING GOSSIP

Barney Joy is getting a little free advertising from the San Francisco papers, as is also the San Francisco team, through the use of his name as "the phenomenal player from Honolulu."

The dove season closed yesterday, but as usual there were no large bags, not so much on account of the miserable weather, as on account of the fact that there seldom is good shooting so late in the season. A number of sportsmen would like to see the season close earlier.

It is alleged that a young buck deer, belonging to Prince Cupid which had strayed from Waikiki to Niu, was killed last month by a young haute hunter.

The Kallhi Kennels, Messrs. Ryan and Kelley, have two good dogs ordered from the mainland. Monarch

Nestor, a bulldog, from Chicago, is the other is a black cocker bitch named Ramona. Both dogs are of high bred, prize-winning stock.

Jack McFadden, formerly of this city, knocked out Kid Buckley of Denver, in the fifth round of what was to have been a twenty round fight, at Crockett, Cal., on Jan. 19.

GIANTS TO PRACTICE

New York, Jan. 22.—Detailed itineraries as to the spring wanderings of two bands of New York baseball pilgrims were made public today by the owners of the Brooklyn and New York National League clubs.

The Giants are to do a heap of traveling in their outfit. Leaving Chicago on the night of February 25, in two special cars, they will cross the continent and get back by April 5, traveling in all 800 miles of the most fertile sections of the United States. A neat booklet is to be taken with them, telling who they are, what they have done in baseball and what they hope to do next summer. It is just possible that John McGraw will come home next week and make the trip with them, instead of awaiting their arrival in California.

The Giants will make their headquarters in Los Angeles, playing in San Francisco and San Jose in the interim until the latter part of March. Then they will start for home. On the way over the desert they will play twice, at San Antonio, Texas, with the St. Louis team of the American League. The dates are March 23 and 24. On March 27, 28, 29, 30 and 31 they will play in New Orleans against the Philadelphia American League Club. This will be the first time that the team will have come together since the world's championship series.

Open Letter From

Pacific Department

Royal Insurance Company of Liverpool

Many of the Companies which at the memorable meeting of June 12th voted in favor of a horizontal deduction of "not less than 25%," have, as we predicted, found it impossible to settle their San Francisco losses on that basis and have been forced, though reluctantly, to pay considerable more than an average of 75% of their claims. Some which voted to adjust every claim on its merits and pay the same "Dollar for Dollar," have fallen away from that high and correct standard and have submitted their policy holders to sharp deductions from adjusted claims. Others, while paying in full have, in accordance with Eastern usage, exacted a cash discount in lieu of sixty days' time in which to make payment.

The "ROYAL" has paid every claim as soon as the amount of loss has been agreed upon with the assured, in full, in cash, without a cent of discount. Comparatively few companies have pursued as broad and as liberal a course.

We have refrained from commenting upon the conduct of any individual company, believing it better to extol the virtues of our own. The ROYAL INSURANCE COMPANY of Liverpool has paid to date 2,369 claims, aggregating \$5,850,635.88. We have remaining but a few unsettled losses, and these are chiefly awaiting authorization of claimants abroad, probate proceedings, or further investigation as to actual amount of fire loss.

The "ROYAL" continues to be the leading Fire Insurance Company of the world. Its annual income is over \$15,000,000. Its San Francisco gross losses were not very much more than one-third of one year's premiums, and its surplus, after all losses are paid, will exceed the surplus of any other company in the world.

It has been building up its reserves for years against just such a disaster as came to San Francisco and was therefore able to meet its great losses with equanimity. It will continue to pursue the even tenor of its way and will doubtless be more popular than ever with insurers.

You are perfectly safe in putting your business in the "ROYAL," knowing that it will under all circumstances be able to fully and promptly meet its contracts and that it will not resort to any quibbles or shifty pretenses to avoid its obligations. Now is the time to make use of your opportunity.

There is no eluding the issue; there are "Dollar for Dollar" Companies; there are "Six-biters" and there are "Welchers." There are also Companies strong, and Companies weak, financially.

No Company can offer a better policy than the "ROYAL," few as good. ROLLA V. WATT, Manager Pacific Coast Department, WM. G. IRWIN & CO., LTD., Agents for the Territory of Hawaii, 3592-1w

WOULDN'T YOU?

Want your clothes made to your measure by a tailor, if you could get them for the same price as you pay for ready-to-wears (or hand-me-downs)?

We make garments that have individual distinction and give the wearer a grace and style not acquired in ready-to-wears. In other words, they fit and give satisfaction for the same price.

OOKALA CO. HOLDS ANNUAL MEETING

Manager Reports Prospects of 5500 Ton Crop for 1907

The season of annual meetings of the stockholders of the various plantations opened this morning, when the Ookala Sugar Plantation Co., Ltd., held its annual meeting at the offices of Brewer & Co. The officers for the past year were re-elected and reports read by the treasurer and the manager. Manager Walker submitted a detailed report on the work done in the past year, the crops planted for 1907, and 1908 and the general condition of the plantation.

The 1906 crop consisted of 1309 acres of cane, including both plant and ratoon, had been harvested. It had yielded 3223 tons of sugar.

The 1907 crop consists of 1178 acres plant cane and 618 acres ratoons, making a total acreage of 1796 acres, from which it was hoped to obtain about 5500 tons of sugar.

Of the 1906 crop about 1437 acres was in the ground. All this had been planted in Yellow Caledonia variety. The manager reported that the fields of the plantation presented a fine appearance. Ever since the planting conditions had been very favorable with an abundance of rain and warm weather. The young cane had taken a quick start and had been growing vigorously ever since.

Manager Walker mentioned the ravages of the leaf hopper in connection with his report on the 1907 crop. He said that about 90 acres of cane in the upper portion of the plantation had been attacked by the leaf hopper. All known means had been tried to eradicate the pest, but without much success. About 800 acres of this pest, had been slightly affected. The cane on this field was of the Rose Bamboo variety.

Dress Suits

Serial Story No. 9

Have you looked at your heavy clothing that has not been worn during the rainy days? After the rainy season that we have just had your dress suits, overcoats and heavy clothing, which are seldom worn, are damp and musty, and should be thoroughly cleaned and pressed. If this is not done you are not caring for them as you should.

We sponge and press your suit for 75 cents.
Woolen skirts receive the same treatment.
Our wagon calls promptly anywhere.
