KUHIO AND McCANDLESS DRAW NOON CROWDS

CIVIC FEDERATION HIDES ITS MEMBERS

TAFT SURE WINNER

The following is a private letter to a local business man from his Wall Street representative. Its contents may be accepted as the inside views of the New York financial district:

Thinking you might be pleased to hear a little about the National Presidential Campaign, I have gotten together a few figures. From them it looks as if Mr. Taft was sure of the majority vote of the National Electoral College. The figures take for granted that Mr. Bryan will carry Nevada, Colorado, Montana, Kentucky, Oklahoma, the Solid South, Maryland, and Missouri. Both sides count the following States for Mr. Taft:

California	10
Iowa	13
Idaho	3
Kansas	10
Maine	6
Utah	3
Massachusetts	6
Michigan	14
Minnesota	11
New Hampshire	4
Oregon	4
S. Dakota	4
Pennsylvania	34
Vermont	4
Washington	5
Wyoming	3
Total	144

The Bryan forces admit that the following States are doubtful and they can be counted in Mr. Taft's column without any reason for thinking otherwise, 67 votes in all:

New Jersey	12
Rhode Island	4
Wisconsin	13
Connecticut	7
Illinois	27
N. Dakota	4

This would give Mr. Taft 211 votes in the College. As it is necessary for him to receive 242 votes to be elected he must obtain 31 votes from the following doubtful States:

Delaware	3
Nebraska	8
W. Virginia	7
Ohio	23
Indiana	15
New York	39

If Mr. Taft wins in New York only out of all these States, he will be elected. If he wins only Ohio and Nebraska, he will be elected; or if he wins Indiana, West Virginia, Delaware, and Nebraska out of these States, losing Ohio and New York, he will be elected. He can even lose Ohio, Indiana, and New York, provided he wins besides Nebraska and

What Judge De Bolt Thinks of Cathcart

(By CIRCUIT JUDGE J. T. DE BOLT)

"John W. Cathcart is one of the best prosecuting officials we have ever had in the Circuit Courts here. I have gone further and stated that he is the best prosecutor. As to the truth or falsity of the charges against him, I, of course, know nothing. He has tried his cases well; he has always been fair to the Court and jury and courteous to opposing counsel; he has shown a desire to reach the bottom of every case, and at all times has been an able, honest, and unflagging officer in the performanee of his duty, so far as he has come under my notice."

Judge De Bolt has tried a great many cases during the past year in which County Attorney Cathcart has appeared in his official capacity, many criminal cases having been assigned to his court by Judge Robinson.

HUMPH'S VERACITY; CATHCART'S DEBTS

Supreme Court Opinion; Carl Smith And Thurston

Referring to the latest phase of the morning day-by-day attacks on him, Mr. Cathcart made the following statement:

"The only reply that needs to be made to Judge Humphreys' statements in this morning's Advertiser is to call the public's attention to what the Supreme Court of the Territory says in re Humphreys, 15th Haw. Report, p. 155. The issue before the court was an alleged attempt on Humphreys' part to induce Mr. Magoon to betray his client. It became a question of veracity between Mr. Humphreys and Mr. Magoon, and the Supreme Court says, after reciting the statements made by Mr. Magoon and Mr. Humphreys:

"'These two versions are flatly contradictory in the parts which are now of chief importance. They cannot be reconciled on any theory of misunderstanding or failure of memory. Which witness should be believed?'

"Then after considering and analyzing the statements made by Mr. Magoon and Mr. Humphreys, the court further says: 'We feel convinced that Mr Magoon told the truth as to the conversation that took place between him and Mr. Humphreys on the 22nd of last October. Mr. Humphreys on the evidence is guilty of having attempted to induce Mr. Magoon to betray his client —an aged, credulous man easily imposed upon and of whom others, as Mr. Humphreys knew, had previously taken advantage. In order to accomplish this, he urged considerations of personal friendship, resorted to threats and suggested large booty. "What do we care for Sumner? Let him go; all we care for is our fees." There's but one conclusion — disbarment.'

"Such being the opinion of the Supreme Court of Mr. Humphreys' veracity, comment by me is superfluous.

"The anxiety of Mr. Carl Smith to assist in the fight against me is only equaled by his anxiety to have me stand by him, as I did, a short time ago, when Mr. Thurston and Mr. Kinney were endeavoring to secure Smith's disbarment for alleged misconduct and failure to protect his clients' interest in the Korean murder cases at Hilo.

"I have and have had debts, but is it not possible that Mr. Thurston owes money as well as myself?"

The Teachers' Association of the Territory of Hawaii will meet Monday, November 2, at the McKinley High school. A regular program will be given, the meeting being opened by music. An address will be given by Mr. Baldwin on his new geography of Hawaii, and this will later be followed by general discussion. Other topics of interest to teachers will be taken up and discussed.

Prince and M'Candless

Delegate Kuhio and Link McCandless had a war over their platforms at the corner of King and Bethel streets this noon. Kuhio spoke first and said that he secured appropriations for the local Federal works, while Link denied the truth of that statement. Link said that it was Senator George C. Perkins who got the appropriations. He read a letter from Perkins, saying that it was he who worked hard in the committee and secured the appropriatoins for Hawaii. He was cheered and applauded.

Kuhio said that he had done his best towards getting appropriations for harbor improvements and lighthouses. All these were secured for the advancement of commerce of these islands. American citizens were being employed in Federal work. The Hawaiian language clause was dwelt upon, the speaker stating that he was in favor of its recognition as an official language, but this was opposed in Congress. In order to see it continued for some length of time, he succeeded in getting the limit of ten years, the best he could do under the circumstances.

As to the land proposition, he stated that he was asked by a Democrat on Hawaii if he would give the Hawaiians 160 acres of land in the event of his election. He told him that he could not do so, because it was directly against the principle of the Federal land law.

He then told the voters to elect a good man for Delegate to Congress. When he had completed his speech he asked the audience and Link McCandless if they wanted to ask him any questions, as he was prepared to answer them. No one responded, but Link told the Delegate that he would take the stand and speak for himself.

JACK HAS EVIDENCE OF LINK'S BUNCOMBE

"Mr. McCandless says we are carrying on a campaign of misrepresentation," said Chairman Atkinson of the Republican Central Committee this morning. "I was surprised because the chief reason why I went to the other Islands was to counteract Mr. McCandless' demagogic methods and his misrepresentations to the voters of the other Islands.

"It is perfectly preposterous for him to say that he has not led the people to believe that they are going to get land if he is elected. He can split hairs as much as he likes and say that he never said ALL the people are going to get land. I have collected enough evidence to satisfy myself. If he is willing to state that he has created this wrong impression, I will pay for the wirelesses to the other Islands to set the people right."

Henry Leslie, who was originally charged with robbery of a Chinese on the Waialae road, appeared in the Police Court this morning on a charge of assault and battery. He was found guilty and fined $12 and costs.

The income of the estate is to go to the daughter of the deceased, Miss Ellen C. So Reed Says Wynne Shouted At Him That Night

Late yesterday afternoon Judge Dole decided that the corpus delecti did not have to be established before evidence as to the deed could be admitted, and consequently Jas. Reed, former second officer on the oil steamer Roscerans, was allowed to finish the sentence which had been objected to by Frank Thompson, attorney for John Wynne, the previous day. Yesterday Reed gave his description of the alleyway leading to the room in which the crime was committed, and told of hearing shouts on the fateful night and running down to McKinnon's room, where he was met by Wynne.

CIVIC FEDS AFRAID OF LIGHT

Acting President Z. K. Meyers of the Civic Federation was asked this morning for a list of names of the members of the Federation.

Mr. Meyers at the time said that he was new at the business of Civic Federation, but he saw no reason why the names should not be made public, as it is a supposedly public organization. He said he would communicate with his associates.

Later in the day Mr. Meyers stated that he could not give out the names, the POLICY OF SECRECY having been determined upon two years ago AND IT COULD NOT BE CHANGED WITHOUT A FULL MEETING OF THE FEDERATION AND IT WOULD REQUIRE TWO WEEKS TO CALL THAT!

As the situation stands, the CIVIC FEDERATION is a SECRET SOCIETY either ASHAMED or AFRAID of its membership that has supposedly been pledged to all sorts of foolish things by Scudder, Dickey, and Castle.

As a practical political fact, the Civic Federation is a sort of political hold-up club, that carefully avoids a general meeting.

TAFT SURE WINNER

(Continued from Page 1)

West Virginia, the State of Missouri with its 18 votes.

As it gets closer to Election Day, confidence is growing that Mr. Taft will carry New York (even though Mr. Chanler may beat Mr. Hughes for the office of Governor at the same time). This is the way I feel, and for that reason I look for a Taft victory, never mind what happens in the other doubtful States. At this writing, in Ohio and Indiana it looks as if Bryan has the key to the situation as he will have the last say in those two States and they are both extremely doubtful States.

The campaign will be practically ended in this State, both Bryan and Taft giving the week commencing October 26th to New York. Mr. Taft has not thrown the Roosevelt cloak off once during his campaign to date. If he is beaten in Ohio, it will be because Mr. Taft has put "my policies" before any of his own ideas before the people,—and if by any chance Mr. Taft should lose New York it will be for the same reasons.

The next Congress will not have as many stalwart Cannon men as the present House contains,—Jenkins of Wisconsin did not even receive a renomination. Many Republicans trying to get renominations have had to promise (rumors only) that they would not favor Cannon for Speaker. However, it is not expected that Cannon will not be re-elected Speaker of the House if the Republicans win. It means a change of about thirty thousand votes in the correct Republican Congressional districts to turn the tables provided some of the present districts Democratic by small majorities at the last election do not reverse themselves at the same time.

THOMAS' WILL

(Continued from Page 1)

or three years after his death, though this is left to her own discretion. After his daughter's death, the income is to revert to Mr. Thomas' sister. Ten thousand dollars are to be given to charity at the death of his daughter, and the remainder of the estate is to go to his brother, Sam S. Thomas.

The will is a peculiar one, inasmuch as it does not make any of the specific statements usually found in a last testament. For instance, in the statement of the amount of property owned by the deceased, two leaseholds of buildings in Honolulu are mentioned, but what these buildings are or where they are is not stated. Again shares of stock in some diamond mine are mentioned, but no specific information regarding them is given.

The Weekly Edition of the Evening Bulletin gives a complete summary of the news of the day.

KILLED HIM

(Continued from Page 1)

At this point, however, Thompson entered his objection to the witness proceeding any further, this objection afterwards being overruled.

Continuing this morning, Reed stated:

"I rushed into the room and Wynne met me there and said excitedly, 'Jimmie Reed, I've killed the — — —,' and I'm glad of it.' I then rushed out on deck. I told him to shut up and rushed out on deck. I saw Wynne once more that night, on deck."

"What flag does the Rosecrans sail under?" asked Rawlins. This was objected to by Thompson, but his objection was overruled by Judge Dole, and Reed stated that the Rosecrans flew the American flag. Rawlins here finished his questions, and turned the witness over to Thompson for cross-examination.

Thompson told Reed that some of the nautical terms used in his testimony had been too much for the landlubbers, and asked for elucidation. Rawlins, however, produced a map of the ship drawn by Reed and this was shown to the jury and the judge. Reed was excused, and Dr. McDonald was called. He was the attending physician on McKinnon. He explained to the jury and Court the technical nature of the wounds on McKinnon's head. He stated that death had probably resulted from the wounds, which had been inflicted by some heavy, blunt instrument. He stated that the wounds had been caused by more than one heavy blow. The bones of the head were broken in small fragments and grated together.

A heavy hammer was then produced by the prosecution and McDonald stated that the wounds could have been caused by it. It was marked Exhibit One for identification.

Bright, first assistant engineer, was then called. His chief value as a witness seemed to lie in the things that he did not know. He had forgotten a great many material facts, even not knowing whether or not he worked on the Rosecrans last year, although he stated that he was employed on the ship at the time of the murder.

THE JAPANESE LINER, Hongkong Maru, which is due here from Yokohama day after tomorrow, is bringing 800 tons of freight for these islands.

- Republican—Punahou and Wilder avenue.
- Republican—Kaiulani Tract, Kalihi.
- Democratic—C. Hall's residence, Manoa.

Republican campaign managers are growing more confident each day as reports are brought in showing the progress of the party workers Speeches are being given every evening at different points around the island and are most enthusiastically attended.

Tonight a rousing meeting will be held at the corner of Wilder avenue and Punahou streets and another at Kaiulani Tract in the Fifth District.

At the Wilder avenue meeting the first speakers will be all the candidates for Representative from the Fourth District, including A. D. Castro, J. C. Cohen, E. A. Douthitt, J. K. Kamanoulu, E. A. C. Long and R. W. Shingle; John Hughes, E. W. Quinn and Edgar Henriques, the Senatorial candidates; John Wise, Jas. Bicknell, D. Kalauokalani, Jr., John Cathcart, H. M. von Holt and C. J. Holt.

At Kaiulani Tract the speakers will be S. P. Correa, A. S. Kaleiopu, David K. Kama, R. Kinney, S. P. Kaleiua and E. B. Mikalemi, all candidates fo. Supervisor. Music will be furnished for both meetings by Hawaiian quintet clubs.

Besides the regular evening meetings some of the best speakers ge. crowds of voters together at noon and accomplish very effective work. A meeting was held today at noon on the waterfront, the speakers being H. M. von Holt, Wm. Ahia and John C. Lane.

Saturday night a rousing rally will be held in the vacant lot next to the Club Stables on Fort street, at which special speakers will address the audience. The meeting will be enlivened by moving pictures thrown on a screen between speeches.

Col. J. Walter Jones has been given the work of organizing a grand torch light parade for next Saturday night and Joel Cohen has been appointed a committee of one to devise various means of advertising, such as sandwich men, wagons enclosed with banners etc. To Cohen also has been delegated the duty of seeing that interesting moving pictures are shown every night at the meeting beginning tomorrow night and running until the election.

Altogether much enthusiasm is being shown and the outlook is very gratifying to the campaign managers.

GLACIER MAY REACH HERE ON ANY DAY

The U. S. S. Glacier, supply ship, is expected here within the next few days. It is unofficially stated that the Glacier has been detached from the Atlantic Fleet and ordered to join the cruisers at Magdalena Bay. Local Naval authorities have received no official confirmation of the report, however. It is not believed by those who are in a position to know that the Glacier can be very close to this port, as the ship is equipped with a powerful wireless outfit and would have been spoken before now.

LOCAL REPUBLICANS CABLE PRESIDENT CONGRATULATIONS

President Roosevelt,
Washington.

The Republican party of Hawaii sends greetings on occasion of your fiftieth birthday.

Your policy has made Hawaii prosperous.

Republican Central Committee.
Honolulu, T. H., Oct. 27.

The above cablegram was sent to President Roosevelt today by the Central Committee, the sending having been authorized at the meeting of that body yesterday afternoon.

BUFORD WILL NOT CALL THIS TRIP

The U. S. A. T. Buford will not stop here on this trip from Manila to San Francisco. Owing to a delay in leaving the Orient, it is necessary for the ship to make up time and the run will therefore be made direct to San Francisco.

The Buford left Nagasaki on November 26, having been held up in quarantine owing to a passenger having contracted cholera. It being necessary that the vessel reach San Francisco on schedule time, the authorities decided to cut Honolulu out of the itinerary for this once.

NEW TRIAL GRANTED IN LAND SUIT

A motion for a new trial in the case of Mendonca v. Markham was this morning granted by Judge Lindsay. The case was tried before a jury some time ago, and, after being out for several hours a verdict for the defendant was brought in. This verdict was a great surprise to all those who had followed the case throughout the week which it took to try it, for it appeared that the plaintiff had made out a pretty clear case. On this ground, Judge Lindsay granted the motion of the plaintiff for a new trial this morning.

PRINCE AND M'CANDLESS

(Continued from Page 1)

McCandlesst hen took the stand and said about as follows:

"Your Delegate stated to you that he secured appropriations for local Federal work, while Senator Geo. C. Perkins, chairman of the Committee on Fortifications and Lighthouses, in his letter said that it was through him that the appropriations were secured. I want to leave this to you to judge for yourselves as to who is telling the truth, Senator Perkins or the Delegate.

"The Delegate has not done anything towards amending section 43 of the land law. The people are suffering and it should be your duty to send a man to Congress in order that the rights of the poor people may be respected. The Delegate has simply represented and worked hard for the planters or the rich people. He petitioned in Congress that none but American citizens be employed in Federal work, but the question is, are American citizens being employed on Federal work? I say no. In Hilo the breakwater was built by Orientals under a Hawaiian named Ewaliko. The workment in the Settlement whoa re building the Leprosarium are Chinese, with a few hapahaoles. Is that the kind of a Delegate you want to represent us in Congress? The Delegate called me a liar last night without hearing my side of the story.

"It would be rather funny if a judge should convict a man before giving him a fair trial. What I did say during my travels around the islands was that I was in favor of applying the principle of Federal land law here. There is a large tract of government land yet available for homestead purposes, but the Executive and the Land Commissioner do not consider the petitions of the poor people.

"This was proven in the case of C. Akau, a resident of Kau, when he was turned down in his application for homestead land."

On the Oceanic wharf this afternoon, John W. Cathcart, Chris Holt, Harry von Holt and Sunday Quinn addressed the poolas. The speakers were given a rousing reception.

Danger of fire has made it necessary to move a large quantity of the Naval Station coal supply from the storing ground out onto barges in the harbor. The continued hot weather has made the danger of spontaneous combustion a serious one and it was decided to make the move before any thing happened, as the coal has been smoking for several days past. This This morning a force of men was put at work moving the coal down to the waterfront. It is necessary to move the coal supply periodically in order to avoid danger of fire.

COUNTRY CLUB WILL HOLD UNIQUE EVENT

A unique celebration will be held at the Oahu Country Club on Saturday afternoon and evening, Nov. 8. A golf tournament will be played during the afternoon and, in the evening, there will be a supper and general jolly good time.

There will be a full moon on November 8 and it has been determined to take advantage of the fact. The tournament will be played during the afternoon, while the evening will be devoted to merry-making and such amusement as the members may elect.

Particulars regarding the tournament have not yet been decided upon; but it is probable that there will either be a match of married men against bachelors, or that two scratch men will be instructed to form teams to play against each other.

Twenty-five members have already signified their intention of entering the tournament, whatever its nature may be, and others can enter by communicating with D. H. Anderson, at Castle & Cooke's. It is desired that all who wish to compete hand in their names before the day of the tournament, that everything may be in readiness for the play on that day.

NASTINE TREATMENT IS NOT SURE CURE

Leper bacilli has been discovered in the system of the patient who was supposed to have been cured by the Nastine treatment, and the man will have to remain segregated and continue taking the treatment for some time to come. Shortly after the alleged cure was reported, Dr. J. T. Wayson, who, with Dr. Brinckerhoff, administered the treatment to this patient, gave an interview to a Bulletin reporter in which he stated that he did not believe that the Nastine treatment would ever be a sure cure, and in the present case Dr. Wayson felt sure that the man had not been cured absolutely.

TUESDAY ..... OCTOBER 27, 1908

Vote your ticket straight. Don't throw it away on independents that can't count.

Civic Federation in Honolulu has already become a synonym for Hypocrisy and Witless Folly.

Government-by-Commission people are doing their utmost to make the present campaign as disreputable as possible.

Would it be committing a cardinal sin if anyone should ask whether Mr. Roosevelt at fifty has anything to learn?

Defeat of the Republican candidates means defeat for the Republican organization. No good can be gained from it.

Delegate Kuhio leaves nothing for the Democratic candidate to say. A joint debate would leave the opposition completely floored.

There is just one way to aid the weak spots, and assure the election of the specially desired candidates:—Vote straight, throughout.

Are we to presume that the Rt. Hon. William A Kinney believes in the 160-acre buncombe and the extension of Federal land laws?

Hawaii needs straight Republican votes if it is to be assured of future prosperity, and maintain a reputation for average decency in politics.

The Republican candidate for City and County Attorney will be reelected. It is the remainder of the ticket that his enemies are jeopardizing.

After listening to what the local representatives have to say, one might think that Roosevelt has supported the cause of every character-assassin in existence.

If the Republican ticket during the community's most thoughtless moments should contain one-half the yellow dogs Thurston now has on his string, it would be a peach.

Bryan has had many record audiences in Madison Square Garden. He always draws a crowd. The people like to hear him speak. But they do not vote for him on election day.

Note that the Party of Equality also has endorsed a few candidates, following the example of that other notorious Piece Club, the Federation of secret membership and no general meetings.

The country will not suffer if the people during the next seven days give undivided attention to politics—the science of government. The pity is that many begrudge even this brief time.

If you think Achi would make a pretty good Mayor, you have only to knife the Republican ticket, split it, and accomplish your end. Then turn yourself over to the Fool-Killer, after election.

Why select one portion of the Republican ticket for the especial attention of the voters' favor? The Congressional candidate is of no less importance than the Legislative and Municipal sections.

One week from today Mr. Taft will be elected President of the United States. What would it profit Hawaii to have Mr. Taft read a return from this Territory dicappointing to a Republican administration?

One of the "independent" candidates has been characterized as having Humphreys whispering in one ear, Ashford in the other, and Colburn's grip on the back of his neck. The farther a man gets away from his party the more his independence becomes the dream of a disordered imagination.

Vice Presidential Candidate Sherman has been frequently referred to as a friend of Uncle Joe Cannon. The following interview he gave out at Utica suggests that in manner of expression Uncle Joe and Sunny Jim have much in common: "I have nothing to say to The World. It can go to hell. It's a falsifier and I cannot recognize it."

It seems impossible, to Honolulu, that the Oceanic steamers should resume service to New Zealand and not include this city as a port of call. It would be a sad blow, if Tahiti should become the half-way station of the southern route.

There is no change in the situation as the result of day-after-day of misrepresentation. It is still a case of

J. P. Cooke
W. O. Smith
A. F. Judd vs.
L. A. Thurston
Goo Wan Hoy
A. S. Humphreys

What would Roosevelt say to the Isol transaction which Honolulu's alleged moralists have endorsed?

And what would Roosevelt say when these morally twisted persons bespattered a Republican candidate and the organization back of him with the mud of vilest slander that could be imagined?

What WOULD Roosevelt say?

CERTAIN FOR TAFT.

The forecast of the National election contained in the private letter published in this issue is one that comes the closest to the inside opinion of Eastern political and business leaders of any that has been published locally.

This review gives Bryan the benefit of the doubt at every possible point, and contemplates the Taft prospect from the standpoint of the most unfavorable possibilities. The result is that Taft is assured of a good majority in the electoral college.

New York has always been considered the pivotal State in every Presidential election. This is evident at the present time, as both the leading candidates are giving that State their undivided attention during this last week of the campaign. But Mr. Taft can win without New York, should that State go to Bryan, as it may to Chanler, the Democratic candidate for Governor.

Mr. Taft will be the next President of the United States. The shadow of doubt is so small that the man who would be on the winning side will no more look to Bryan than to Tom Watson as a probability.

This is evident from the course of the betting in the financial centers. There is just as much Democratic money among the gamblers as there is Republican. The gambling population is probably more generally Democratic. But the money is being wagered on Taft at heavy odds. Bryan men are taking the short end of it everywhere, and Bryan volunteer wagers are few.

The administration of the United States for the next four years will be Republican.

No greater folly could be imagined than for Hawaii to change its course in politics. From the partizan and the non-partizan standpoint Hawaii's prosperous future will be seriously threatened should the voters place in office a Delegate or a majority of legislative and municipal officers antagonistic to the Republican administration and Republican principles.

EHLERS

(GOVERNOR FREAR)

"As I said in my speech at Aala Park, country comes first, party second, as a matter of course.

"This DOES NOT MEAN that PARTY should be IGNORED or that the VOTER should select from the DIFFERENT PARTIES the BEST MEN VIEWED AS INDIVIDUALS.

"PARTIES ARE NECESSARY and DESIRABLE IN REPRESENTATIVE GOVERNMENT.

"Team work is essential to accomplish practical results. Accordingly in politics as well as business it is often necessary to select and vote for men who by working together can accomplish desired results even though they are not men who might be preferred as individuals.

"Of course, there may be men on the party ticket who should not be voted for either for the good of the country or party, but just where the line should be drawn is a matter for individual judgment."

BROAD CALLS TRENT TO TASK

"To be called a scalawag by a gentleman like Trent is certainly an insult to our candidate for Treasurer, George C. Beckley. It is also a big insult to the Hawaiians at large. The mere use of the word scalawag is degrading to the Hawaiians, and is sufficient to make them uphold the good name of the Hawaiians. It should be their duty to defeat the man who made such a statement in the newspapers of this city."

Chas. J. Broad, candidate for Senator on the Home Rule-Labor ticket, made the above remarks last night at the meeting at Moiliili. The meeting was quite large, there being more than 100 people present in the yard of Hookaea, a well known Home Ruler.

Mike Paiaina, formerly a staunch Democrat and the president of the Democratic club in Moiliili, has now turned about and joined the Home Rule-Labor party. He said so last night in his speech at the meeting of the fusionists. He stated that the Democratic platform which contained the clause providing for the establishment of leper station in the counties was detrimental to the Hawaiians. He advised the Democrats present to follow his footsteps and join the Home Rule-Labor party. He was loudly applauded.

George C. Beckley made one of the most successful Hawaiian speeches last night. He made no personal attacks on his opponents, but instead he complimented them very nicely and called them gentlemen. After describing the duties of his office he told his hearers that he was independent and could run the office so that it would be a credit to the Hawaiians. During his speech he was repeatedly cheered and applauded.

W. C. Achi and D. Kalauokalani made speeches, each analyzing the platform of the Home Rule-Labor ticket.

H. C. Vida, an aspirant for the office of Supervisor, appealed to the voters to vote for him and the rest of the candidates on the ticket.

KUHIO QUESTIONS LINK'S VERACITY

Republican Gathering Applauds John Cathcart

"The issue is being made against me today that I introduced a bill in Congress to disenfranchise the Hawaiians, and a bill to prohibit the use of the Hawaiian language. If McCandless says that he has not made this an issue, then I say he is a liar."

This direct statement was the opening of the speech which Delegate Kalanianaole made last night at the big Republican meeting on the old Normal School lot on the corner of Fort and School streets.

"McCandless has promised a new land law providing for the giving of 160 acres of land to each voter," continued the Prince. "He denies it now but I would like to see him deny it in Hawaii or Maui, and his name would be mud. He plays on the sentiment of the people when he thinks he can use it, but to the intelligent people he says that he wants only the principle of the Federal land laws applied. Even if you could get 160 acres each, what could you do with it? I admit that the land question is a serious issue, but McCandless has no right to make promises which he cannot fulfill. I can get you anything that he could get you; if he could get you 160 acres I could get you 260 acres, but what is a poor man to do with 160 acres? Coffee, pineapples, tobacco, bananas, and sisal are the poor man's industries. That is the main issue, protection for sugar and those industries. You want a man in Congress who belongs to the party which stands for protection. I am not a demagogue like McCandless. I make no promises which I cannot keep.

"McCandless says that the poor people will derive no benefit from the appropriations which I had put through for forts and harbor works. These vast appropriations are for the benefit of the Hawaiian laboring men in these islands. You Hawaiians will build Pearl Harbor and deepen the harbor and build the lighthouses.

"I am proud of my record at Washington and I think that I and the Republican party can safely stand upon it. People here must remember that I have not two Senators in Congress to fall back upon when I need support in the upper House, and we have to depend upon the support of friends of myself and of Hawaii. The Democrats, and Mr. Ingham, I think it is said that it was Senator Perkins who got appropriations for Hawaii, not myself."

In this connection the Prince showed that he had done much for Hawaii by getting Hawaii and the Philippines separated in the fortifications bill, as it was Taft's intention to lump the appropriations, and then to give the Philippines the best of it when it came to the expenditure of the amounts. As it was, by separating the items, Hawaii had gotten $400,000 and the Philippines only $200,000. The Delegate, explained Kuhio, had no vote in Congress, but had to do his work by getting powerful friends among the leaders, and he had acquired a number of such friends.

The other very interesting feature of the meeting was the speech made by John Cathcart, and the ovation which he received both on mounting and leaving the stand showed that the people were in full sympathy with him.

"Two years ago when I ran for the office of County Attorney," said Cathcart after his introductory remarks, "I was all right, and the Advertiser said nothing against me. Now they are bringing out old things, although they might just as well have brought them out then. Now they are opposing me because I appointed Mr. Brown as my deputy and because I would not appoint the man they wanted, or let them run my office, and because I would not prosecute the men they wanted me to prosecute.

"If you want a man or County Attorney who is independent and who will treat all alike, then you vote for me; if you want a man who can be run by the Advertiser, then you vote for their man. The people who oppose me are the same ones who say that you are not competent to vote, who advocate government by commission and want to sell out your birthright."

Cathcart ended his speech with an appeal for the straight Republican ticket.

Among the other speakers were Daniel Logan, who called attention to the benefits which would be derived from the contemplated municipal improvements, such as a city hall, a belt road, etc.; Wm. Ahia, James Quinn, John C. Lane, Andrew Cox, John Wise, and others. The meeting was well attended, all the seats being taken, and a large number of people having to stand. Great attention was paid to the speeches, and, on the whole, the affair was one of the most successful political gatherings of the campaign.

ANNOUNCEMENT

To the Electors of the City and County of Honolulu:

I hereby announce my candidacy for the office of Treasurer for the City and County of Honolulu and ask your support. My independent candidacy has received the endorsement of the joint Home Rule and Labor party convention, and I believe my ability to perform the duties of the office will be recognized by a majority of the voters of this City and County. I have made an honorable name for myself in private business in these Islands. I have occupied positions of trust and worked for the good of all. I have upheld the name of Mooheau as a supporter of the principles of the great Kamehameha. I have done my utmost to uplift the Hawaiian race and promote good citizenship. I consider that I am entitled to the support of the people, whom I shall serve faithfully and well.

Your Obedient Servant,

GEORGE C. BECKLEY.

Announcement

To the Electors of the City and County of Honolulu, Oahu:

Gentlemen:—In the firm belief gained from experience and the general and widespread opinion freely expressed in this city and county that the efficiency and integrity of the police force can only be maintained by the independence of the Sheriff and his Deputy from active participation in party politics, and that the security of life and property is paramount to all other considerations, and at the request of a large number of the electorate of this city and county, we have decided to be candidates for the office of Sheriff and Deputy Sheriff, and respectfully solicit the support of the electors of this city and county at the polls in November.

If you return us, we pledge ourselves to enforce the laws without fear or favor. The electors may rest assured that the efficiency and discipline of the entire police force will be our first consideration.

We stand firmly on the side of law and order, and we solicit the support of the citizens of this city and county, and an endorsement of our policy of the entire separation of the police from party politics. We remain, gentlemen,

MEN'S LEAGUE FOR GOOD WORKS

Central Union Church Men Organize For More Sociability

The Men's League of Central Union Church was organized last evening for the purpose of putting more vigor and more definite character into the activities of the men who are directly or indirectly associated with the church.

A dinner was served in the Parish house previous to the business program of the evening, and during this period of breaking bread the one hundred and fifty men who responded to the invitation to be present enjoyed a satisfactory social hour.

Following the dinner the men repaired to the large assembly hall of the Sunday school, and Rev. Mr. Scudder outlined the project it was proposed to launch.

It had been found that there were some five hundred men more or less closely connected with the church who were taking no active part in the church work. This does not include church members alone. He considered the men who attended the church more or less regularly or whose children were in the Sunday school, or who looked to the church as their church home if they had any, should be included in some organized force to work for the upbuilding of the community and the development of a more energetic social spirit. Consequently the proposal of the Men's League. Mr. Scudder made special reference to Rev. Mr. Ebersole's part in shaping up the plan and general regret was expressed that he was unable to be present owing to illness in his family.

The upshot of the preliminary remarks was that the meeting proceeded to organize the Men's League. Brief rules for government were adopted and the following officers were elected, and they with the eleven section leaders, constitute the executive committee. Chairman, J. P. Cooke; vice-chairman, W. F. Dillingham; secretary, Edwin O. Hall; treasurer, Richard Cooke. Councillors: Chas. Atherton, A. L. C. Atkinson, P. L. Horne, A. Lewis, Jr., F. J. Lowrey and P. L. Weaver.

The meetings of the League will be held in the months of November, January, March, June and October and at such other times as the executive committee may propose.

The section leaders, who are a very important factor of the movement made brief speeches of acceptance and outlined their plans. The leaders and the pledge taken by the members of the sections follow:

Friendship Section—W. A. Bowen—As a member of the Friendship Section I will seek the acquaintance of the young men of the city not now members of the Church or the League, especially those who have recently come to Honolulu, and invite them to the meetings and into the membership of the League.

Social Section—J. A. Rath—Under the direction of the leader and in cooperation with the other members of the Social Section, I will undertake a systematic study of the social conditions of Honolulu for the purpose of discovering and reporting to the League new needed lines of social service.

Civic Section—A. L. Castle—I enroll myself as a member of the Civic Section for the study of the civic problems of this City and Territory and for the advancement of the cause of good government.

Religious Work Section—Frank Atherton—I agree to assist the Ministers and Christian Workers of the City in some one of the existing religious enterprises or to help organize new needed agencies.

Sunday School Section—I am willing to serve in the Sunday school, either as officer or teacher, and will join the Sunday School Normal Class to fit myself the better for this service.

Bible Study Section—Charles R. Frazier—I will join, endeavor faithfully to attend, and use my influence to induce others to attend a Sunday Morning Men's Bible Class from 10 to 11 in the Church parlor for the study of the Bible along modern lines.

Bible Representation Section—Jas. A. Wilder—I volunteer to assist the leader of this section in presenting from time to time Representations of Bible scenes and incidents.

Musical Section—W. A. Love—I enroll as a candidate for membership in ( ) A Vesper choir (men and boys); ( ) A Sunday School Orchestra, and will assist the leader of this section in arranging special programs.

Sunday Evening Service Section—W. A. Bryan—I will attend as regularly as possible and will co-operate with the members of this section in arranging for special programs and in securing a larger attendance of men at the Sunday Evening church service.

Mid-Week Service Section — Ed Towse—By regular attendance, by taking part in the meeting, and personally inviting others I will help to make the Mid-Week service a real success.

Welcoming Section—Dr. A. B. Clark—By ushering either at the Sunday morning, Sunday evening or mid-week service, or by giving out calendars, etc., and whenever present at meetings of the church by keeping on the lookout for strangers and introducing them to the ministers and others, I will endeavor to increase the spirit of good fellowship in our church.

BLUE WOMEN

Women should understand that melancholia, commonly called "the blues," is in nine times out of ten a sure symptom of some serious female organic derangement and should have immediate attention.

Women whose spirits are depressed, and who are ailing and miserable, should rely upon

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

as is evidenced by following letters.

Mrs. F. Ellsworth, of Mayville, N. Y., writes to Mrs. Pinkham:

"For three years I was in an awful despondent and nervous condition caused by female troubles. I was not contented anywhere, and was in such constant fear that something terrible was going to happen that it seemed as though I should lose my mind. Lydia E. Pinkham's Vegetable Compound has restored my health, and I cannot say enough for it."

Mrs. Mary J. Williams, of Bridgeport, Ill., writes to Mrs. Pinkham:

"I have been suffering from a female trouble, backache and headaches, and was so blue that I was simply in despair. I feel it my duty as well as my pleasure to tell you that Lydia E. Pinkham's Vegetable Compound cured me. The change in my appearance is wonderful, and I wish every suffering woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache. Why don't you try it?

WILL OCEANIC INCLUDE HONOLULU

Line To Wellington But No Mention Made Of This Port

The three liners of the Oceanic Steamship Company will be put on the route to New Zealand the first of the year, but what their exact run will be the local agents have not yet been notified.

By Monday's mail from the Coast, the local agents received unofficial, but reliable, advices to the effect that the Oceanic Company has made an arrangement with the Union Steamship line by which the service from San Francisco to New Zealand, with Wellington as a port of call.

Under this arrangement connections are made with the Union Steamship Company for a through service by way of Tahiti, connecting with the Mariposa. The passengers are given a two days' stop-over at Tahiti going either way.

In neither the private letters nor the published account of the resumption of service is the port of Honolulu mentioned. So, at the present moment, the agents do not know whether the liners Sierra, Sonoma, and Ventura will stop here or not. The supposition is that they will, but there is nothing definite to date. There seems to be a special movement on the part of the Oceanic Company to develop the Tahiti route. The Call article contained in the latest papers follows. It will be noted that Honolulu is not mentioned:

Following close upon the interchange of expressions of good will between the United States and New Zealand, incident to the visit of the fleet in the south seas, comes the announcement that the two countries are to be connected once more by a direct line of steamships. The service will be resumed in January of next year by the Oceanic Steamship Company in conjunction with the Union Steamship Company of New Zealand. After an absence of one year, during which New Zealand and the United States have been practically out of touch with each other, vessels carrying the American flag will again ply regularly between San Francisco and New Zealand.

With the new year a regular passenger and mail service will be inaugurated between San Francisco and Wellington, the capital of New Zealand. Not only will the new line aid in building up America's commerce and its merchant marine, but it will tend to add to the importance of the port of San Francisco. When the Oceanic service was discontinued a year ago, predictions were made that the New eZaland trade that had passed through this port would find its way to the upper harbors of the Pacific or to Canada. The recent visit of the fleet to New Zealand has greatly strengthened America's position in the south seas, and an increased traffic is looked for as a result.

The route has been arranged for the special advantage of travelers, and will allow a two-days' stopover at Tahiti. The reversal of the seasons will admit of a perpetual summer trip, Tahiti enjoying its warm season during the California winter.

The sailing arrangements formerly in effect made Auckland the port of call in New Zealand, but the new schedule planned to begin next January makes Wellington the point of destination.

TWO HOSPITALS

Two more cases of Bright's Disease that recovered after the treatment in hospitals had failed and life was despaired of.

One is John H. Gyselaar, the well-known merchant of Eureka, Cal. He was in the Lane Hospital in San Francisco for three months. Was so swollen with dropsy that he had to be tapped every ten days. He was steadily sinking when his family took him home and put him on Fulton's Renal Compound for Bright's Disease. The tappings ceased and he began to mend and is now perfectly well. Everybody in Eureka knows of his miraculous escape.

Another case is that of Mr. T. J. Mulloy of 2316 Bryant St., San Francisco. A few months ago he was in the U. S. Marine Hospital in that city, and was so low with Bright's Disease that his sister, Mrs. French, was advised by the physician in charge that a fatal end was inevitable and close at hand. She took him home and put him on the same treatment that saved Gysellar. He recovered and five months later returned to his employment. Write either of the above if you question this.

Bright's Disease and Diabetes are curable in 87 per cent of all cases by Fulton's Compounds. Send for literature. Jno. J. Fulton Co., 5910 San Pablo avenue, Oakland, Cal. Honolulu Drug Co., Fort St.

When to suspect Bright's Disease—weakness or loss of weight; puffy ankles, hands or eyelids; dropsy; kidney trouble after the third month; urine may show sediment; failing vision; drowsiness; one or more of these. 24

SPORTS

TENNIS

FIRST ROUND IN DOUBLES IS BEGUN

GOOD TENNIS IS PLAYED ON BERETANIA COURTS

Young Players Distinguish Themselves and Render Good Aid to Veterans at the Game—Tournament Will Continue at Beretania and Pacific

Three matches in the first round of the men's doubles tennis tournament were played yesterday afternoon on the courts of the Beretania Tennis Club. The real feature of the play was the good tennis put up by the youngest players on the courts—Jack Guard and Atherton Richards—both of whom were of real value to their older partners. The scores follow:

Theo. and J. A. Richards beat J. P. Cooke and S. A. Baldwin, 6-1, 6-4, 6-4; C. G. Bockus and J. B. Guard beat C. M. Cooke Jr. and L. Lewton-Brain, 6-0, 6-3, 6-1; W. H. Babbitt and W. Williamson beat H. S. Gray and R. B. Booth, 6-2, 6-4, 5-5. The last set was not finished on account of darkness, the players agreeing to toss for it and Babbitt and Williamson won.

The tournament will be continued today on the courts of both the Pacific and Beretania clubs. On Pacific courts at 4 o'clock, W. H. Babbitt and W. Williamson will play against R. G. E. Forster and P. J. Harwood; at the same time and place, A. L. Castle and R. A. Cooke will meet C. H. Atherton and L. S. Conness. On the Beretania courts at 4 o'clock, W. L. Warren and A. R. Cunha will play F. E. Steere and Harold Castle; at the same place and hour, C. G. Bockus and J. B. Guard will play Theo. and J. A. Richards.

Entries for the other events of the tournament, ladies' singles and doubles and mixed doubles, will remain open until the close of the men's doubles. The trophy won by A. L. Castle of the Beretania Club this year is a beautifully modeled figure of a tennis player in metal, which is a welcome change from the usual run of tennis trophies; when it has been appropriately engraved by Wichman, it will be presented to the new champion of the Territory.

BOXING

LIKELY LADS MAY BE GIVEN CHANCE

LIMITED GOES PROPOSED BETWEEN LOCAL BOXERS

Short Cards Are Suggested To Fill in Interim Until More Championship Material Visits the Islands—Would Prevent Loss of Interest in the Game

With no large events in view for the next few months, it is not unlikely that a series of short events may be arranged between some of the likely boxers of the Islands. That such entertainments would prove popular there can be no doubt, and some promising talent might be brought out.

The only question that would have to be taken into serious consideration is that of expense. The goes would have to be short and from four to six would have to be put on in an evening. If the ambitious fighters would only realize that half a loaf is better than none, and not try to hold up local promoters, some excellent sport might result.

Local fight impressarios have been passing out an excellent article in the pugilistic line and, as a general thing, the fans have shown their appreciation by turning out and buying seats. There is every prospect of a serious slump, from which it may be hard to recover, if something is not done to keep enthusiasm alive until more of the championship class pay the Islands another visit.

ECHOES.

Bill Monroe has come forward with a challenge to any man weighing not more than 160 pounds who may at present be residing in the Islands. Monroe is said to be a very lively man with his hands, and those who have seen him fight say that he is capable and willing to hand out a good stiff mill to any comer. Monroe would like a bout with Ed. Parker.

The first match game of basketball to be played this season was fought out Saturday between a team from the Royal School and one from Kalmuki. The Kalulanis put up a game of basketball that proved too swift for their opponents and won out by a slightly one-sided score of 32-4.

The soccer enthusiasts lined up on Punahou field Saturday for a little try-out practice. The men showed great enthusiasm and, from the manner in which they turned out, there is every reason to believe that the coming season will be a notable one.

INSPECTORS OPEN THEIR OFFICE

Howe and Lehners Are Now Ready For Business

Captain William Howe and Carl F. Lehners, United States inspectors of steam vessels for Hawaii, arrived by the last Alameda and have opened offices in rooms 25 to 30 of the Young building. J. J. Sullivan is the clerk of the board, which is now ready for business on all occasions.

Messrs. Howe and Lehners come to the Islands as a result of the appropriation item secured by Delegate Kuhio from the last Congress establishing a local office for the steam vessel inspectors. Hitherto the inspectors from the San Francisco office have come to the city once each year and all inspections and all examinations for master's papers had to wait their arrival. Now inspections and examinations may be held at any time.

The inspectors come from the San Francisco district office, of which this is a sub-station or branch. Captain Howe was the first inspector for the Philippines and afterwards was superintendent of the revenue cutter service of those islands. Mr. Lehners, who is the engineer of the Board, has been here before and has been the local inspector for the Alaskan district.

"We are all from the San Francisco office," said Capt. Howe this morning. "Mr. Sullivan having been transferred from there with us. So we are all a happy family and ready for business."

The establishment of a local office of inspection will be a boon to the steamship men and the engineers and officers seeking papers or to have their old papers renewed.

BUCHLY RECITAL AT PUNAHOU TONIGHT

The Buchly recital tonight will undoubtedly be the finest local concert ever given in Honolulu. Mr. Buchly's playing has improved so much that his closest friends were surprised at the masterly manner in which he rendered his selections at the rehearsal yesterday.

Mrs. Mackall is in splendid voice, and will be heard to great advantage in the specially selected numbers of the program. Mrs. Tenney Peck is a fine pianist and a sympathetic accompanist who will be of the greatest assistant to the principals.

The concert will begin promptly at 8:15 at Bishop Hall, Punahou. Tickets may be secured at Wall, Nichols Co. this afternoon, and at the door tonight. The admission price is $1.00.
