NEWS

MANCHURIA HAS MANY VACANT CABINS

The Manchu, a large steamer for the Pacific Mail Steamship Company, has been ordered to the Manchu, which left Honolulu on Wednesday, will have 1700 tons of freight for Honolulu, and new accommodations for about one hundred passengers from this port to San Francisco. The Manchu is due here this morning of April 8.

Janney's Body on Sheridan.

Aboard the transport Sheridan, to sail from San Francisco April 5, will be the body of Janney, returning to the Philippines for another three-year tour of duty. As previously reported, the Sheridan did not leave Manila until March 23, being held at Manila about a week, probably an account of the inquiry into the suicide of Lieut. Janney. Janney's body is being carried to San Francisco on the Sheridan, and his widow will probably be a passenger. The Sheridan will arrive here about April 12, almost at the time when the Sheridan arrives here from San Francisco. Captain Castner, acting depot quartermaster, may leave for San Francisco on the Sheridan.

Maitai's Last Run.

When the Canadian-Australian steamship Maitai sails from Honolulu for Sydney tomorrow or Sunday, it will likely be her last appearance in this port. As the Maitai she had a long career on the Vancouver-Honolulu-Australian run. Almost ready for retirement some time ago she was renamed the Maitai and sent on a last farewell trip from Sydney to Vancouver. The boat agents expect the vessel to arrive here tomorrow afternoon, although she may not get away for Sydney until today.

Hyades Off For Coast.

The Matson steamship Hyades sailed from Honolulu on Wednesday night with a cargo of 5000 cases of sugar for the Hawaiian Islands.

Find Much Contraband.

SEATTLE, March 18.—There is over \$200,000 worth of opium, tobacco, silk and contraband goods in the United States customs warehouses here today, all seized from the steamer Minnesota. Since the big liner dropped anchor in port March 7, nearly a ton has passed with the seizure of a contraband goods hidden away on the ship.

Shipping Notes.

The Serris will be given a musical welcome by the Hawaiian band. The lighthouse tender Kaku returned yesterday from a brief island cruise. It is expected that the revenue cutter "Tiger" will leave in a week for Laysan and Lisianski islands.

Major Wadhams' Orders.

Major Sanford H. Wadhams, medical corps, has been ordered to duty at Fort Slocum, New York. Major Wadhams has been on duty at Fort Slocum for the past two years and has expected to leave for another post in the near future.

Searchlight at Rosecrans.

SAN DIEGO, Cal.—A 60-inch searchlight, the largest used in American fortifications, is being installed on the ocean side at Fort Rosecrans on Point Loma.

Sale of Obsolete Warships.

Secretary Meyer announces the sale of many of the old cruisers and naval vessels in order that the money required for their maintenance may be utilized in the repair and upkeep of newer and more seaworthy vessels. The cruiser Delmon, a 1000-ton vessel, is the first of the old vessels to be disposed of. It has been ordered to be sold for scrap.

Medicines Made From Roots and Herbs.

In the course of the past few days of our great city, the attention of the people has been attracted to the medicinal properties of the roots and herbs of the Hawaiian Islands. It is a well known fact that the medicinal properties of the roots and herbs of the Hawaiian Islands are of great value to the people of the Hawaiian Islands.

SURGEON LANGHORNE IS DETACHED FROM STATION

Orders have been received by Admiral Rees, commandant of the naval station, detaching Surgeon Langhorne from duty at the local station. He will leave in the near future for Washington for assignment. He will be accompanied by Mrs. Langhorne. The Langhorne's have been here for the past two years and have been identified with many social circles, and their departure will be regretted. Dr. Lane will become medical officer in charge at the station.

Rainbow Will Come.

The cruiser New Orleans will leave for Manila next week. On arrival at Cavite the cruiser Rainbow, at one time the flagship of the Manila squadron, will leave for Mare Island, passing through Honolulu en route.

Cheyenne to Come.

There is a well founded rumor in service circles that the monitor Cheyenne will be sent to Honolulu as a station ship in the near future, after the Washington State naval militia has had a practice cruise aboard the vessel. A year ago it was reported that the navy department had selected the Cheyenne for duty at Honolulu, but after being converted into an oil burner, nothing further was heard of the project.

BRITISH LINE MAY CALL HERE

Inquiry From Australia as to Coastwise Suspension Prospects.

A very important line of British steamships has plans for extending its service from Sydney to San Francisco, and the United States remove the postal passenger embargo on foreign steamers between Honolulu and the United States coast.

The Sydney, Australia, representative of Messrs. White & Carter, has written H. Wood, secretary of the promotion committee, in regard to the matter, calling attention to a conversation held with them while Mr. Wood was in Sydney with regard to booking passengers by foreign steamers from this port to Honolulu. The "Man from Cook's" expressed the hope that the United States would remove the embargo.

Cook's representative wants to know if Mr. Wood now thinks there is any chance of the embargo being removed within the next two or three years.

MILK WHITE FLAG.

The members of the McRae company have already shown their ability to handle straight drama; last night they demonstrated their ability to present musical comedy. Hoyt's delightful musical satire, the Milk White Flag, was the offering, and each member of the company achieved an individual triumph. The production is a pretty ambitious undertaking for stock, especially for a company presenting two bills a week, but the play went smoothly last night, the specialties showed up in fine shape and the various numbers were remarkably well put on.

Advertiser Pleased.

The Russians were very quiet yesterday. They hated about the city, studied the latest styles as shown in the various window displays along the business streets, and generally put in the time between free meals by taking in the free sights.

There was a general demand among them for the morning for yesterday's edition of The Advertiser, the open letter addressed to them and reproduced in the original text attracting a great deal of attention. The Russians have been our long readers of The Advertiser since their arrival, the posters having them holding, publishing the first day they arrived, establishing this paper firmly in their opinion as the one that carried the news. During the quarter of a century the first thing the interlopers had to do every morning was to find a copy of The Advertiser for the day.

COMPOUND GIN IS FASHIONABLE

Oriental "Wholesalers" Have Their Shelves Full of Locally Mixed Dope.

Initiation gins in large quantities are being sold in this city. It is upon the shelves of the Japanese "wholesalers" that the stuff is most generally found, but the bottles bear the labels of leading members of the Wholesale Liquor Dealers' Association. Though imitation whisky is in evidence in the Japanese stores, it is evident that "gin" is the more popular article, for often as many as six varieties of "compounds" will be found on a single shelf. And each compound bears the name of a local retailer.

At one store were found specimens of "compounded" gin put out by Penock & Co., Hoffschlager and by Macfarlane. Several different brands were found with the Penock label.

In some instances the word "compound" or "compounded" appears plainly on the label in honest type, but in other cases it is so disguised that only by the most careful scrutiny can it be discovered.

In general the imitation gins are all about the same price, and the aim seems to be to offer as large an assortment as possible. Many of the labels used are palpably patterned after those used on recognized brands of gin. For instance, one well known brand of imported liquor bears a label ornamented with a picture of a horseback rider under a waving palm tree. One of the local compounds has a label which is almost a duplicate but for the fact that the rider is mounted upon a camel.

The price of the "compounded" gins is generally about one-third that of the genuine article. On the other hand, they are gotten up in gorgeous shape, are in bottles bearing most imposing labels, and are, in fact, generally calculated to tempt the ignorant mind.

Weird and wonderful are some of the names under which the "compounded" gins are sold. "Mongolian brand" would be a good generic name for the whole lot, for about every beast to be found in the circus is called into service in the christening of the booze.

In one of the Japanese wholesale houses was discovered a gin "compound" described as Asahi. The label used to identify this liquor is very suggestive, being shaped like the top of a golf ball.

There is an indication that some of the Japanese dealers are inclined to get away from phony booze. T. Sumida has "compounds"—both whisky and gin—on his shelves, but it was announced yesterday by one of the clerks that the firm has stopped doing any rectifying or bottling.

On the other hand, there is every indication that Hoffschlager, Penock & Co. and Macfarlane are doing a rushing business in distilled beverages. A Japanese wholesale house on King street an Advertiser man yesterday discovered that the larger proportion of spirituous liquor containers on the shelves bore the label "compound," and Penock, Hoffschlager or Macfarlane were the bottlers' names.

PAVEMENT FIGHT IN THE COURTS

County Attorney's Department Files Answer to Petition of E. J. Lord.

The county attorney's department yesterday filed an answer to the petition of E. J. Lord for an injunction to restrain the board of supervisors from going ahead with the pavement of Fort street with bitulithic pavement. The answer sets forth that it does not appear by the bill of complaint that the plaintiff, E. J. Lord, has such interest in the matter as entitles him to the injunction prayed for or to any relief in a court of equity. The pavement referred to in the bill of complaint is a patented process, in a class by itself, and the defendant, J. A. Gilman, is the sole agent in Hawaii and the only person authorized to enter into contracts for installing the pavement. The board of supervisors is taking all legal steps by ordinance and otherwise, for the adoption of the bitulithic pavement, and until the going into effect of the ordinance the contract will not be executed. The execution of the contract would be for a purpose which does not admit of competition, and the auditor, James Bicknell, will not issue any warrant to pay for the pavement until the claim is duly allowed by the board of supervisors.

The answer is backed up by a number of affidavits—those of Charles O. Warren, vice-president and manager of the Standard Bitulithic Company; J. A. Gilman, Clerk Kalaokalani and Auditor Bicknell—bearing out all the allegations made in the answer. Charles O. Warren in his affidavit sets out the process of constructing bitulithic pavement, with a view to showing that it is a patented process and cannot be sold by anybody except the one authorized agent of the company, J. A. Gilman.

Is her anything in de message 'bout dat 'possum I sent de 'President?' asked Brother Dickey. 'Not a word.' 'My, my! De higher up folks climbs, de mo' ongrateful dey gits! An' ter think,' he concluded, 'dat it wuz a big fat 'possum—de only one I had; an' I wuz ez hungry ez a 'bar de day I put him on bo'd de Washin' ton westibule—unlimited!' Atlanta Constitution.

David Lui, convicted of stealing a boat and a fishnet, was sentenced to one month's imprisonment by Judge Andrade yesterday. The boat was recovered, but the fishnet is still missing.

If you have "troubles of your own," tell them in the Want Ad. column. Two lines, one time, is cheap talk. If you want a position or a clerk, the Classified column is the place to find either.

WANTS HAWAIIAN DATA FOR NEW PUBLICATION

Edith A. Davis, a publisher of maps, atlases and encyclopedias at Berkeley, arrived recently from the Coast and is accumulating data for a Hawaiian division for his publications. His works are replete with statistical and illustrated data. The Hawaiian work is intended largely for accurate reference, for the investor and acquiring public. Davis' publications are largely placed in circulation through being offered as premiums by well known weekly and monthly publications on the mainland, some of the most popular weeklies in New York city offering them as premiums for sales places. Mr. Davis has secured much valuable data in the past from H. P. Wain, secretary of the promotion committee, and it was largely through this assistance that Mr. Davis decided to come here and get information at first hand regarding the Hawaiian Islands. His work is of the highest quality and his work is of the highest quality.

SELF-DENIAL WEEK FOR SALVATIONISTS

The new year of 1910 is the year of self-denial. It is the year of prayer and self-denial, which begins this year throughout the United States on April 1st. All members of the Army are agreed to give their selves some hours of quietness on every Sunday during the following week days that they may receive aid and find for receiving the same spiritual and physical well in all things.

MARSHALL DARRACH'S RECITAL OF HAMLET

The tragedy of Hamlet, condensed into an hour and a half's recitation by a single artist, was presented at the Young Hotel last night by Marshall Darrach. It was with varying success that he essayed the different scenes and characters of the great masterpiece of tragedy, but there were times during the presentation of some of the best-known scenes, and recital of some of the finest passages in the drama, when his acting was of thrilling power, and the performance as a whole was regarded by a large audience as a remarkable success.

Great skill was shown in the choice of essential scenes and piecing them together by short descriptions of the progress of the plot, so that a connected story of the tragedy was given, with strong dramatic representation of the best passages. The characters of Hamlet, the king, the queen, Ophelia, Horatio, the ghost, Laertes, the gravediggers and Polonius, were all personated by this lone actor on a small platform with his stage or scenery, and yet so well given that the power of the great tragedy held the audience in its spell. This is an achievement few actors would attempt. At times Marshall Darrach's acting was of thrilling power, and the audience repeatedly showed strong appreciation of his great educational powers.

The recital was made by a Russian in East street yesterday that he had been married over fifteen years and had two sons and daughters at home, but for fear of the bankers who have taken to the streets keeping the rank and file from going to work.

Elaborate preparations are being made at St. Elizabeth's House, Palama, for the Chinese luncheon to be served tomorrow from eleven thirty to two o'clock. Characteristic Chinese dishes, carefully prepared by skillful cooks, will grace the tables, and those who patronize them will get the worth of their money. The King street cars pass the door.

Marcus Covington of Memphis, Tennessee, is a newcomer in Honolulu, who expects to make his home here for the future. Coming from Tennessee and being a friend of Treasurer Trent presumes the fact that he is a Democrat. He takes no wages, counting the information with the story that he was fifteen years old before he saw a live Republican, and the other boys of the block following the strange being around for some hours to note what antics might be indulged in. He remembers that his first Republican was a disappointment.

Mrs. J. B. Atherton and daughter are booked to leave for the Coast on the Sierra.

Manager George Fairchild of Kealia plantation, arrived on the steamer W. G. Hall yesterday.

Mrs. Dunn, wife of Pay Clerk Dunn, U. S. N., who was operated on last Tuesday, is reported to be progressing favorably.

E. M. Swancy, one of the heads of T. H. Davies & Co., Mrs. Swancy and Miss Swancy leave for the mainland on the Sierra.

J. H. Conroy arrived yesterday from the Garden Isle to meet his sister, Mrs. Conroy, who arrived early in the week from Germany.

Rev. Charles A. Payne of Milwaukee, a well known lecturer, who has an illustrated lecture on Hawaii in his repertoire, has written the promotion committee that he will be here soon to obtain new information about the Islands.

Mrs. Swendsen, wife of Captain Swendsen, of the S. S. Rygia, now in port, is a Honolulu girl, a daughter of Harbor Master of 14th street. She accompanies her husband on all his voyages, having spent the greater part of the last seven years abroad. When the Rygia sails, Mrs. Swendsen will be accompanied by her sister, Miss Agnes Myhre, who will make a trip around the world.

This stock has never had a more promising future than it has today and has been very active during the past two months.

The early completion of the 295 mile pipe line of the Transportation Co. will allow the marketing of the entire daily product of the Templor. Do you know that this spells dividends in the near future? This stock is intrinsically worth \$1.00 per share, and it must reach this figure by the end of the year.

You should lose no time in securing your shares while I can offer them to you for 40 Cents.

I advise you strongly to buy Templor Ranch now, it is one of the best oil stocks on the market for a rapid advance.

**BEER SALOON
IS ADVOCATED**

Federal Grand Jury Goes on Record as Favoring Old Canteen System.

The establishment of a beer saloon at Leleleha, adjacent to the cavalry camp, is the principal recommendation of the federal grand jury which, with the filing of its final report yesterday morning, concluded its labors for the term and was discharged. The grand jury expresses the belief that a beer saloon, along the lines endorsed by Col. Schuyler and other officers of the cavalry would reduce the percentage of intemperance among the soldiers, and would put a stop to the illicit sale of liquor at the military post.

The report of the grand jury is as follows:

"The grand jury of this court, empaneled at the October (1909) term, began its labors about the middle of the said month of October and continued in session until the fore part of November, when it adjourned until January 10, 1910, since which time and until the present, with but few short intermissions, it has been continuously in session, today marking the fifty-seventh (57th) day of actual work.

"Having considered all matters that have been brought before us and having finally disposed of the same, and there being no further matters or complaints requiring our attention, we respectfully beg leave to submit this our final report:

"The United States District Attorney for the Territory of Hawaii has presented all cases to this grand jury in the clearest manner possible, and complainants were permitted to attend the sessions and give evidence at any and all times.

"Though, in some instances, these cases might have appeared trivial, yet it could not be said that any case was allowed to lapse from fear, bias or prejudice.

"We heartily appreciate the assistance given us by the district attorney, who, though suffering from a most distressing affliction, has persevered in duty ably.

Illicit Selling of Liquors.

"The grand jury fully investigated the conditions surrounding the cases which were brought before it regarding the sales of liquor illicitly in this Territory and especially at the military post of the Fifth United States Cavalry at Schofield Barracks. Interviews developed the fact that large quantities of liquors had been sold upon the reservation and at various places in the neighborhood; the liquor sold on the reservation had been surreptitiously introduced, and the liquor obtained in the neighborhood had been bought at unlicensed places. On pay days automobiles have piled in busy trade, loading up with case whisky at 75c per bottle and retailing it at from \$1.50 to \$2 per bottle, at the barracks. The commandant and officers, so far as interviewed, were of the opinion that the establishment of a beer garden close to the reservation would in a great measure do away with the illicit selling and would have a tendency to keep the enlisted men upon the reservation; that such a resort could be run subject to such rules and regulations as might be laid down by the commandant; that a license issued for such a purpose should be given with the full understanding that all sales of liquor should be regulated and controlled and the manner of selling by any conditions the commandant of the barracks should impose; that any infringement of these rules and regulations would lead to the summary withdrawal of the vendor's license by the Territorial authorities. Such a place of refreshment would be a boon to the enlisted men and would put a stop to the clandestine selling which has been going on and which the authorities, both Federal and Territorial, have been unable to prevent. It is believed that a lease could be obtained of land adjacent to the barracks for the purpose of establishing such a resort, providing it was subject to the restrictions prescribed by the commandant, where beer and possibly light wines and such liquors as would be allowed by the officers would be served. The grand jury has been led to believe that the officers at the barracks would heartily cooperate in such a move, and that thereby the efficiency of the enlisted men would be greatly improved and intemperance greatly reduced.

Opium.

"We commend most heartily the efforts made by the collector of customs of the port of Honolulu to prevent the bringing into the Territory of opium, contrary to the provisions of the act of congress which went into effect on April 1, 1909. With the force of his disposal, not all the importations of contraband goods can be prevented, but the vigilance displayed by a force based in our judgment, is entirely satisfactory. We are inclined to believe from our observations, that while perhaps a few importations can not altogether be prevented, yet that the same quantity of energy on the part of the collector will tend very largely to minimize the evil.

"We also commend the efforts of the officers for their efforts to prevent smuggling along other lines, and heartily encourage the continuance of such efforts.

Witness Fees.

"We have had our attention forcibly called to the matter of the fees of

witnesses, and recommend that the Attorney General of the United States call the attention of congress to some injustices which arise from the present system.

"A witness called from Hilo to testify concerning an alleged violation of the laws of the United States, is paid at the rate of \$1.50 per day, and receives mileage at the rate of five cents per mile. His round-trip fare on the inter-island steamers costs him \$25 and his mileage nets him less than this amount. While in Honolulu he receives, on such days as he is in attendance at the court or before the grand jury \$1.50 per day, which compels him, unless he is willing to sustain a loss, to live with friends, or at cheap restaurants, rooming houses and second-class hotels.

"While citizens of the United States should make sacrifices for the benefit of the general good, yet we believe that alleged crimes could be more successfully prosecuted should sacrifices of this nature not be enforced. The person cognizant of the commission of a crime and acquainted with the facts relative thereto, hesitates to communicate to the officials the facts in his possession, when knowing that such communication will entail on him financial loss when called as a witness.

"We believe that Hawaii is in the same category, in so far as witness fees are concerned, as the western States, in which the double-fee system is in force, and respectfully request careful consideration of the department of justice on this subject.

The Social Evil.

"A number of the cases called to our attention have dealt with evils similar to those which the President of the United States has recently called attention to, and concerning which congress has recently enacted a most drastic law. On the mainland they are known as cases involved in the white slave traffic.

"We commend the department of justice for its efforts to stamp out the parasite who partakes of, and to some extent exists on, the earnings of women engaged in low practices. While perhaps the ideas of some aliens relative to these matters differ from those entertained by members of the Anglo-Saxon race, yet these ideas should not be given sanction by a failure of the authorities to bring prosecutions for violations of the statute. As this body views the question, from the evidence presented to it, the only method of stamping out the evil is by the same system of vigorous prosecution as has been pursued.

Witnesses and Rights.

"The grand jury has noted a criticism of the officials of the department of justice and of the members of this body in calling before it persons whose conduct relative to the commission of crime was being investigated.

"We desire to say that nobody was called before the grand jury who was not fully and fairly given warning relative to the matter being investigated, and likewise given full and fair notice that an answer would not be compelled. The foreman of this body, in each instance, was very explicit as to this matter. In the case of the United States of America vs. On Tai, in which two indictments were returned, an endeavor was made by the grand jury to ascertain whether a violation of the statute relative to the disposal of the clothing of soldiers had been committed. No military advantage whatever was taken by the grand jury of its powers as an inquisitorial body.

The United States Marshal.

"In the matter of the subpoenaing of witnesses, furnishing the names of the grand jury with means by which investigations might be properly carried on, and in every other way conducive to the proper fulfillment of its duties, the grand jury has been much indebted to United States Marshal Eugene R. Hendry, and desires to record its hearty endorsement of his efficiency.

Eight Indicted.

"The grand jury also returned eight additional indictments, three of which are on the secret file. The other five are:

Harry White, auto driver, is charged with illicitly selling liquor to Leleleha cavalrymen.

Leong Ning is an alleged opium law violator.

W. K. Luther is also said to be an opium offender.

Lam Yam is accused of bigamy.

Solonsky, a recently arrived Russian, is indicted for trespassing on the United States reservation, Quarantine Island. He swam the harbor to reach the Russians on the islet.

TUBERCULOSIS CAMP TO BE OPENED NEXT WEEK

The tuberculosis day camp, situated between Asylum Road and Bayview street, just off King street, will be formally opened on Thursday, April 7, from four to six p. m. The building, 50x10 feet, is an open lanai, with kitchen, rest rooms and dressing rooms.

The camp will care only for cases having tuberculosis in its curable stage and will be open from 8 a. m. to 5 p. m. A trained nurse will be in attendance at the camp.

The day camp is a part of the general campaign against tuberculosis being conducted in Honolulu by the anti-tuberculosis league.

FLORAL PARADE SOUVENIR.

The beautiful souvenir of the recent Floral Parade, the official publication of the Hawaii Promotion Committee, is to be had at the office of the Hawaiian Gazette Company, 65 South King street. This is a handsome souvenir of one of the gala events of the year in Honolulu, and it conveys a clear idea of the manner of celebrating Washington's birthday in Hawaii. The book is sold for twenty-five cents. By mail, to any part of the world for twenty-eight cents. They are enclosed in envelopes ready for mailing.

A GOOD TONIC

Sometimes Necessary to Restore Lost Strength and Health.

Dr. Williams' Pink Pills Are the Best and Safest Tonic as is Shown by This California Woman's Experience.

Whenever the blood becomes thin and watery or impure the whole system suffers, energy is lacking, vitality is low and the victim falls an easy prey to any disease which happens to be prevalent, such as the grip or acute fevers. To keep the system in normal condition, the appetite good, the step vigorous, the brain clear and the muscles strong, a tonic is sometimes necessary. With the body thus toned up and the organs active there is a greatly reduced danger from prevalent diseases, since the germs are overcome and passed off as nature intended they should be.

The tonic used should be efficacious and at the same time safe and harmless for the weakest constitution. Such a remedy is Dr. Williams' Pink Pills. The tonic effect of Dr. Williams' Pink Pills is well shown in the following statement of Mrs. Mary Wilder, of No. 1856 India street, San Diego, Cal.: "I have found Dr. Williams' Pink Pills to be the best tonic I have ever tried. For several years I was always run down during the spring months and was subject to attacks of the grip. I would be completely exhausted and hardly able to do any work. Every muscle in my body would ache. I had no appetite and it seemed that I could find nothing that would strengthen me. A friend told me about Dr. Williams' Pink Pills and I began using them. Before I had taken the first box I felt better. I kept on taking them and gained in strength until I was cured."

The tonic treatment with Dr. Williams' Pink Pills by building up the blood that can nourish and strengthen the weakened system has made hundreds of cures in the most severe disorders. This record of cures should merit a trial for the remedy which is guaranteed free from opiates and is entirely harmless. Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y. Send today for a copy of our book, "Diseases of the Blood." It is free.

RESULTS OF PROMOTION

More Inquiries About Hawaii—
Trent the Catch-Phrase
Judge.

There appears to be a general desire among school superintendents in many large cities on the mainland for information and illustrations of the Hawaiian Islands for use in their schools. A request has reached the promotion committee from the office of the principal of a public school of Manhattan, for considerable information about the islands. A "Crossroads" map is also wanted.

The superintendent of the Central (Wash.) public schools has sent a list of teachers in the schools to whom he wishes literature on the Islands, together with views, sent in order that the upper grade scholars may be taught more about the group. He adds that he wishes them all to know more of "the loveliest spot of islands anchored in any ocean."

Contest Party Coming.
L. H. Cockroft, general passenger agent of the Oceanic Steamship Company, has advised the committee that the Los Angeles Herald is getting up a contest trip to Honolulu.

Thanks to Kuhio.
On the motion of George Bush the committee passed a vote of thanks to Delegate Kuhio and his secretary, George B. McCellan, for the able manner in which the coastwise suspension matter had been presented to the congressional committee of the house of representatives. Mr. Bush said that when a man had done well in any particular field he felt like patting him on the back. In this case the committee felt that the matter had been exceptionally well handled by both, and that additional thanks were due Mr. McCellan for the exhaustive manner in which he went into the whole discussion.

Catch-Phrase Again.
The committee has on its hands several hundred "catch-phrases" for the Hawaiian Islands, suggested by the now famous phrase "Paradise of the Pacific," coined by the late Dr. Serena E. Bishop. The catch-phrases have been coming to the committee for the past year, and while none of them are said to be as catchy as Doctor Bishop's, or to equal it, the committee will endeavor to select one for which a reward of \$25 will be given the winner. The matter was yesterday placed in the hands of R. H. Trent, and upon his shoulders the entire responsibility will rest.

WHAT IT WILL DO.
A woman buys a sewing machine for what it will do; not as an article of furniture. A man carries a watch to tell him the time; not as an investment of surplus capital. The same principle which one is ill. We want the medicine or the treatment which will relieve and cure. The friend in need must be a friend indeed, something, or somebody, with a reputation. There should be no guesswork in treating disease. People have the right to know what a medicine is, and what it will do, before they take it. It must have behind it an open record of benefit to others for the same disease, a series of cures, that proves its merit and inspires confidence. It is because it has such a record that **WAMPOLE'S PREPARATION** is bought and used without hesitation or doubt. Its Good Name is a solid basis for the faith of people have in it; and a good name has to be earned by good deeds. It does what you have a right to expect it to do. It is palatable as honey and contains all the curative properties of pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. In Scrophulous, Venereal, Nervous and General Debility, Indigestion, and Wasting Complaints, it is to be thoroughly relied upon. Doctor J. L. Carrick says: "I have had remarkable success with it in the treatment of Consumption, Chronic Bronchitis, Catarrh and Scrophulous Affections. It is of special value in nervous prostration, and depleted nutrition; it stimulates the appetite and the digestion, promotes assimilation, and enters directly into the circulation with the food. I consider it a marvelous success in medicine." Every dose effective. "It cannot disappoint you." Sold by chemists.

WHO CAN ANSWER THESE LETTERS?

A List of People Who Want Opportunities in Hawaii.

The promotion committee has quite a list of inquiries from all sorts of people who want to come to Hawaii, and are asking regarding the opportunities here. The list was contained in Acting Secretary W. J. Cooper's weekly letter yesterday, the letter being as follows:

- Chairman and Members of the Promotion Committee.
- Gentlemen—You may be interested in the following list of inquiries which were received by the last mails. This does not include probably as many more letters asking simply for our printed matter; or the letters from the steamship and railway agencies with which we have regular correspondence. BY AUTHORITY

ORDINANCE NO. 17.

AN ORDINANCE PROVIDING FOR THE INSPECTION OF MILK AND
DAIRIES AND DAIRY COWS, AND REGULATING THE SALE OF
MILK, AND PROHIBITING AND PUNISHING THE DISPOSITION OF
UNWHOLESOME, IMPURE OR ADULTERATED MILK IN THE CITY
AND COUNTY OF HONOLULU.

Be It Ordained by the People of the City and County of Honolulu:

Section 1. No milk producer or milk vendor shall after this Ordinance
becomes operative, either himself or through his agents, servants or employes,
offer or expose for sale or sell or deliver for sale, use or consumption within
the City and County of Honolulu, any milk without first having obtained from
the Board of Supervisors of the City and County of Honolulu a permit so to do
as hereinafter provided:

Section 2. To procure such a permit, the applicant therefor shall present
to the Board of Supervisors a written application, and shall state therein the
name and business and residence addresses of the applicant, the source or
sources from which said applicant obtains or will obtain supplies of milk, the
number of cows in the possession of said applicant, the daily average quantity
of milk produced, and the daily average quantity of milk disposed of by said
applicant, and the manner and character of such disposition. He shall within
four months after the filing of such application furnish a certificate from a
veterinary surgeon showing that all such cows are free from tuberculosis.
The Board of Supervisors shall provide for the testing of cows and the furnish-
ing of such certificate without charge to the applicant. Such application shall
be made to the Board of Supervisors upon printed blanks to be furnished by
said Board for such purpose. Such application shall further state the specific
brand or business name, if any, under which said milk is to be sold, exchanged
or distributed.

Section 3. If the Board of Supervisors, upon such application, shall deter-
mine that the statements therein made are true and satisfactory, it shall be
the duty of the Board of Supervisors to direct the City and County Clerk to
issue, and said City and County Clerk shall thereupon issue to said applicant
a permit to sell, expose or offer for sale, exchange, deliver or distribute milk
within the City and County of Honolulu.

Section 4. One such permit shall be required for each place of production,
general sale or storage of milk. Such permits shall be issued only in the names
of the owners of the supply of milk thus on storage or for sale, and shall for
the purpose of this Ordinance be conclusive evidence of such ownership. No
such permit shall be sold or assigned or transferred. Such permit shall be
subject at all times to revocation by said Board of Supervisors in its discretion
upon sufficient cause therefor shown; provided, however, that no permit shall
be revoked until after a hearing given by the Board of Supervisors in the mat-
ter of the revocation of such permit after five (5) days' notice in writing has been
served on the owner of such permit, which notice shall state the ground of
complaint against such owner, and the time and place of such hearing; and
provided further, that no permit shall be revoked by said Board of Supervisors
for the first offense without the unanimous consent of all the members of said
Board.

At least once each year every person or persons, firm or corporation holding
such permit shall register with the City and County Clerk his or their name
and permit number, and shall make a written statement to said Board of Super-
visors containing all the information required to be given by applicants for
permits in their written applications for permits as hereinbefore provided; and
all applications for permits and all such written statements required as afore-
said shall be registered in a register to be kept by the City and County Clerk
for that purpose.

Section 5. No person or persons, firm or corporation shall sell or expose
for sale or exchange or deliver or distribute, within the limits of the City
and County of Honolulu, milk from any wagon or vehicle, unless such wagon
or vehicle shall have exposed on both sides thereof the permit number of the
person or persons, firm or corporation selling or offering or exposing for sale,
or distributing or delivering or exchanging such milk. Such permit number shall
be printed on said wagon or vehicle in Arabic numerals not less than three (3)
inches in height, and shall be placed on said wagon or vehicle under the direc-
tion of a duly appointed milk inspector, and in case milk is sold from cans
or vessels (not carried in any wagon or vehicle), then the permit number as
aforesaid shall be put in a conspicuous place on such can or vessel immediately
below the opening thereof, so as to be plainly visible on superficial inspection;
or if such milk is sold or exposed or offered for sale, delivery, distribution or
exchange within a store or house, or on the sidewalk of any street in the City
and County of Honolulu, then such permit shall also be constantly exposed in
some conspicuous manner at the place where such milk is sold or kept, so
as to be plainly visible.

Section 6. It shall be unlawful for any person or persons, firm or corpora-
tion, by themselves or by their agents, servants or employes, in the City and
County of Honolulu to render or manufacture, sell, offer for sale or exchange,
deliver, distribute, or have in his, their or its possession with intent to sell,
expose or offer for sale or exchange, or distribute for human consumption,
any impure, adulterated, unhealthful or unwholesome milk, or any milk from
which the cream has been skimmed or separated unless the same is specifically
and openly stated to be skimmed milk.

Section 7. Milk shall be deemed to be impure, adulterated, unhealthful
and unwholesome within the meaning of this ordinance under the following
stated conditions, viz:

- 1st. Milk containing less than eight and one-half per centum (8.5%) of
milk solids, excluding milk fat.
2nd. Milk containing less than three per centum (3%) of milk fat.
3rd. Milk drawn from cows within fifteen days before or within five days
after parturition.
4th. Milk drawn from cows fed on any unhealthful or unwholesome feed.
5th. Milk drawn from cows kept in an unhealthy or unsanitary condition,
or from cows affected with any form of infectious, contagious or transmissible
disease, or milk which contains more than one million bacteria per cubic
centimeter.
6th. Milk from which any part of the cream has been removed, and milk
which immediately upon being drawn from the cow shall not have been cooled
by submerging the vessel in which the milk is contained in cool water to a
depth equal to that of said milk in the vessel, or else cooled by a process of
aeration, and kept in a cool place at a temperature of not higher than seventy-
seven degrees (77°) Fahrenheit until removed for delivery thereof.
7th. Milk which has been diluted with water or with any other fluid, or
to which has been added or into which has been introduced any foreign sub-
stance whatever.
8th. Milk drawn from cows or by milkers that are themselves in a condi-
tion of filth or uncleanness.
9th. Milk which is shown by analysis to contain any substance or sub-
stances of any character whatsoever not natural or normal constituents of
milk, or to have been deprived either wholly or in part of any constituent
naturally or normally contained in milk.
10th. Milk containing any preservative or antiseptic.

Section 8. It shall be unlawful for any person or persons, firm or corpora-
tion to have or carry on any wagon or vehicle upon or from which milk or
cream is being or is brought, carried, stored, deposited, sold, exchanged, deliv-
ered or distributed, or offered or exposed for sale or distribution as food for
any human being, any swill, garbage, refuse or any decaying or fermenting,
putrefying, foul, unwholesome, noxious or filthy matter, or any cans or recep-
tacles containing any material or substance with which cream or milk might be
diluted, adulterated or rendered impure, unwholesome or unhealthful.

Section 9. The Board of Supervisors of the City and County of Honolulu
shall appoint one or more milk inspectors as may be necessary to carry into
effect the provisions of this ordinance. The salaries of such inspectors shall be
fixed by the Board of Supervisors. Said inspectors shall have all the powers
and shall perform all of the duties provided in this ordinance, and shall have
such other powers and perform such other duties as may be hereafter pres-
cribed by the Board of Supervisors.

Section 10. It shall be the duty of the City and County Physician to
exercise personal supervision in respect to such milk inspectors, and said milk
inspectors shall be subject to the direction at all times of said City and County
Physician. Said milk inspectors shall make weekly reports to the said City
and County Physician of their official findings.

Section 11. In order to carry out the purposes and provisions of this
ordinance the City and County Physician, the milk inspector or inspectors and
any other duly authorized officers of the City and County of Honolulu, and any

member of the health and sanitation committee of the Board of Supervisors,
shall have the right at any and all times to enter upon or into the premises
of any producer or vendor or distributor of milk authorized under the provisions
of this Ordinance, and any refusal on the part of such producer or vendor or
distributor to allow such entry and such inspection as may be required by such
City and County Physician, milk inspector or other officers, may be punished
by the revocation of the permit of such producer, vendor or distributor by
the said Board of Supervisors. And it shall be unlawful for any person or
persons, firm or corporation to obstruct or interfere with the City and County
Physician, a milk inspector or any other duly authorized officer or employe of
the said City and County in the performance of any of the duties required by
this Ordinance.

Section 12. It shall be the duty of the milk inspector or inspectors to
inspect from time to time all dairies and other milk establishments in the City
and County of Honolulu, for the purpose of satisfying himself or themselves
that the provisions and requirements of this Ordinance are being observed and
obeyed.

Section 13. The City and County Physician, the milk inspector or inspec-
tors and other officers of the City and County as hereinbefore described shall
have the right to enter and have free access, egress and ingress to all places
where milk is stored or kept for sale, and to all wagons, carriages or other
vehicles, railroad cars, steamboats, or conveyances of every kind used for the
carrying or transportation or delivery of milk for the purpose of consumption
in the City and County of Honolulu.

Section 14. The City and County Physician and the milk inspector or
inspectors shall have the right at any time to take samples of milk from any
person, persons or concern selling or exposing for sale or exchanging or deliv-
ering or distributing milk in the City and County of Honolulu not exceeding
one quart for each sample, such sample to be taken in full view and in the
presence of the person from whom said sample is taken, and shall then and
there furnish to the person from whom such milk is taken one-half of such
sample sealed, and shall retain and seal the other half of said sample. Such
sample so retained shall have written thereon an identification number, the
date of the taking of the sample and the name of the person by whom it was
taken, and a memorandum thereof shall be made by the person taking such
sample in a book to be kept for that purpose, showing the name of the owner
or driver from whom taken, the date when the same was taken and the number
of the dealer's permit.

Section 15. Nothing herein contained shall be construed to prevent the
use, sale or manufacture of what is known as condensed milk, or what is known
as buttermilk, or what is known as sour milk, provided the same are made,
compounded or prepared from pure, clean, fresh, wholesome and unadulterated
milk within the meaning of this Ordinance, and are in sound and wholesome
condition; and provided also that in the case of condensed milk the proportion
of milk solids shall be not less than twenty-eight per cent. (28%), of which not
less than twenty-seven and one-half per cent. (27 1/2%) shall be milk fat.

Section 16. Pure skimmed milk shall be permitted for sale or delivery,
provided that the cans or vessels containing it shall be distinctly labeled
"Skimmed Milk" in letters one and one-half inches high.

Section 17. Any person who shall violate any of the provisions of this
ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof
shall be punished by a fine of not less than five dollars (\$5.00) and not more
than one hundred dollars (\$100.00), or by imprisonment for a term of not
exceeding three months, or by both such fine and imprisonment.

Section 18. This Ordinance shall take effect thirty days after the date
of its approval.

BILL NO. 22.

WHEREAS, at a meeting of the
Board of Supervisors of the City and
County of Honolulu, held on the 21st
day of March, A. D. 1910, there was
adopted a report of the Committee on
Roads, Bridges, Garbage, Parks and
Public Improvements, recommending
that a contract be entered into with J.
A. Gilman for the paving of Fort street
from the makai side of Queen street to
the mauka side of Beretania street with
"Bitulithic" pavement, and the Mayor
and City and County Clerk were author-
ized to execute on behalf of the Board
of Supervisors, the contract for such
work then submitted to the Board; and
WHEREAS, the said City and County
Clerk has in accordance with such
authorization executed said contract on
behalf of the Board, but the Mayor has
refused and neglected, and still refuses
and neglects to execute the same as so
authorized.

BE IT ORDAINED BY THE PEOPLES OF THE CITY AND COUNTY OF HONOLULU:

That that portion of Fort street in
the District of Honolulu lying between
the makai side of Queen street and the
mauka side of Beretania street be paved
with "Bitulithic" pavement, the same
being a patented pavement, and that
the City and County Clerk be and he is
hereby authorized and directed to exe-
cute on behalf of the Board of Super-
visors a contract for said work in form
as heretofore executed by the City and
County Clerk therefor as above set out.
Introduced by J. C. QUINN,
Supervisor.
Dated this 28th day of March, A. D.
1910.

The foregoing bill was, at a regular
adjourned meeting of the Board of
Supervisors of the City and County of
Honolulu, held on Tuesday, March 29,
1910, ordered passed to print on the
following vote of the said Board:

Ayes: Cox, Kane, Logan, Quinn,
Total, 4.
Noes: Ahia, Aylett, McClellan. To-
tal, 3.
