

TO THE GRADUATES

Address at Kindergarten Training School.

Delivered By Rev. M. L. Berger, Developing From Within to Right Thinking.

The following address was delivered by Rev. Martin Luther Berger at the closing exercises of the kindergarten training school on Miller street on June 23.

A thousand years before the Angels' song announced the advent of the babe of Bethlehem the wisest of the Old Testament sages declared "Train up a child in the way he should go and when he is old he will not depart from it."

Now the New Testament expression of the same idea is fuller, bringing in an additional force to ensure the desirable result.

It is a work of faith. She only who can look beyond the external, the transient, the homely and too often commonplace will prosecute it to success and secure its abiding result in character formed for usefulness and God.

It is a work of faith. She only who can look beyond the external, the transient, the homely and too often commonplace will prosecute it to success and secure its abiding result in character formed for usefulness and God.

It is a work of faith. She only who can look beyond the external, the transient, the homely and too often commonplace will prosecute it to success and secure its abiding result in character formed for usefulness and God.

It is a work of faith. She only who can look beyond the external, the transient, the homely and too often commonplace will prosecute it to success and secure its abiding result in character formed for usefulness and God.

It is a work of faith. She only who can look beyond the external, the transient, the homely and too often commonplace will prosecute it to success and secure its abiding result in character formed for usefulness and God.

These Christian motherhood. In view of what I thus is, I am not surprised, Dear Friends, to see how the kindergarten has grown in your lovely Christian community as you have poured out upon it your self-sacrificing, your consecrated wealth and prayers.

HOBSON'S MOTHER.

Grandest Tribute Yet to a Naval Hero.

The recent daring exploit of Lieut. Hobson in sinking the Merrimac in the harbor of Santiago must have carried joy and pride to the hearts of all his kindred.

"The appreciation of the country, his State, and native town, is most gratifying to us all. It is but natural that my mother-pride should be pleased at the recognition of my boy by the Nation and its rulers.

MYRTLE BOAT CLUB.

C. S. Crane Will Command For the 1898 Regatta.

At the meeting of the Myrtle Boat Club held last night six new members were elected. One was the secretary of the National Rowing Association of the United States, a resident of New Jersey, who sent out his application and initiation dues.

The following officers for the ensuing year were elected: President, A. G. M. Robertson, re-elected; Vice President, W. C. Parker, secretary, T. H. Parrie, re-elected; treasurer, Percy Lishman; captain, C. S. Crane; auditor, George S. Harris, Jr., re-elected; Trustees—O. Serenson, re-elected; Will Soper and George Angus.

BEAR THIS IN MIND.

It Will Save You Many a Dollar and a Lot of Trouble.

After trying remedies that helped you.

When you have tried "cures" that didn't.

When you are completely stuck and in despair.

When your poor back still aches.

Because you don't get down to causes.

Try Doan's Backache Kidney Pills. The unexpected always happens.

If you toss all night racked with back pain.

If you cannot bend over nor straighten up.

Depend upon it, it's your kidneys.

Kidney disorder rarely leaves of its own accord.

The tenant has to be evicted.

Doan's Backache Kidney Pills do not compromise.

Or arrange for a new lease.

They cure all kidney complaints.

This is their mission and they fulfill it.

Read how they fulfilled it in the case of this Yorker, N. Y. citizen:

Choice California Mules.

CALIFORNIA MULES. I have just received Sixty-five Head of choice young mules from four to seven years old.

These mules are strong and just right for plantation work. As I am here to stay I will keep mules suitable for plantation work on hand and desire your patronage.

Schuman's Carriage and Harness Repository.

Bargain in Shoes.

We hear the expression used constantly. So much so that in nine cases out of ten it really has no significance in connection with facts.

The cheapest is not always the best neither is the best always the cheapest. Buy a good article and you will get satisfactory wear out of it in the long run.

CLARKE'S WORLD-FAMED Blood Mixture

THE GREAT BLOOD PURIFIER & RESTORER. For cleansing and clearing the blood from all impurities, it cannot be too highly recommended.

For Scrofula, Scoury, Eczema, Pimples, Skin and Blood Diseases, and Sores of all kinds, its effects are marvellous.

It Cures Old Sores. Cures Ulcerated Sores on the Neck. Cures Ulcerated Sores Legs. Cures Blackheads or Pimples on the Face. Cures Scabby Sores. Cures Cancerous Ulcers. Cures Blood and Skin Diseases. Cures Glandular Swellings. Cleans the Blood from all Impure Matter. From whatever cause arising.

As this mixture is pleasant to the taste, and warranted free from anything injurious to the most delicate constitution of either sex, the Proprietors solicit sufferers to give it a trial to test its value.

THOUSANDS OF TESTIMONIALS FROM ALL PARTS OF THE WORLD. Sold in Bottles 2s. 6d., and in cases containing six times the quantity. It is each—sufficient to effect a permanent cure in the great majority of long-standing cases. BY ALL CHEMISTS and PATENT MEDICINE VENDORS THROUGHOUT THE WORLD. Proprietors, THE LINCOLN and MIDLAND CEMENTS DANG COMPANY Lincoln, England.

DR. J. COLLIS BROWNE'S Chlorodyne. Original and Only Genuine. Coughs, Colds, Asthma, Bronchitis.

DR. J. COLLIS BROWNE'S Chlorodyne. Vice-Chancellor SIR W. PAGE WOOD states publicly in court that DR. J. COLLIS BROWNE was undoubtedly the INVENTOR OF CHLORO-DYNE, that the whole story of the doctor's Freeman was deliberately untrue, and he is entitled to say it had been sworn to. See The Times, July 15, 1884.

DR. J. COLLIS BROWNE'S Chlorodyne. Is a liquid medicine which alleviates PAIN of EVERY KIND, affords a calm, refreshing sleep WITHOUT HEAD-ACHE, and INVIGORATES the nervous system when exhausted. It is the Great Specific for Cholera, Dysentery, Diarrhoea.

The General Board of Health, London, reports that it acts as a CHARM; one dose generally sufficient.

DR. GIBSON, Army Medical Staff, Calcutta, states: "Two doses completely cured me of diarrhoea."

DR. J. COLLIS BROWNE'S Chlorodyne. Is the TRUE PALLIATIVE in Neuralgia, Gout, Cancer, Toothache, Rheumatism.

DR. J. COLLIS BROWNE'S Chlorodyne. Rapidly cuts short all attacks of Epilepsy, Spasms, Colic, Paitipation, Hysteria.

IMPORTANT CAUTION.—The Impure sale of this Remedy has given rise to many Unscrupulous Imitations. N.B.—Every Bottle of Genuine Chlorodyne bears on the Government Stamp the name of the inventor, DR. J. COLLIS BROWNE, and in bottles 1s. 3d., 2s. 6d., and 4s. 6d., by all chemists. Sole Manufacturer, J. T. DAVENPORT, 21 GREAT NORTON ST., LONDON, W. 1.

FOUR STORIES ROMAN BRICK

The Building That Will Be a
Mark in New Honolulu.

This handsome four-story building will occupy the south corner of Fort and Merchant streets, a location most admirable, being in the center of the solid business district of the city. To the architect the Advertiser is indebted for the view of the beautiful building which appears herewith.

The foundation has been completed and is composed of the best class of masonry, solid and durable, constructed with care upon the solid coral rock suitable in every particular for the ponderous superstructure it is to support, which will be constructed of stone, brick, terra-cotta, iron and steel, with a minimum amount of wood. Material is at hand and work is in progress.

The Architect adopted the "Italian Renaissance" in designing this handsome structure, owing to its airy and graceful features. As yet there are no examples here of this style, but, affording, as it does, a wide scope for the display of delicate art, which is especially inviting for this climate.

The stone work, consisting of smooth, dressed selected native blue stone, extends up to the first story all around forming a base for the structure. The handsome carved entrance on Fort street will also be of stone. The superstructure of the building is a facade of rare beauty, with its ornate features elaborated and embellished with great architectural skill, relieved and emphasized by the beautiful plain Roman brick, the predominant material of the fronts. Terra-cotta, on account of its extreme susceptibility to a delicate finish, as well as its well known resistance to climatic influence and extreme temperature, has entered into the ornamental portions of the building. The building will be wired carefully as construction proceeds.

The entire fronts, excepting the stone work described, will be composed of Roman pressed brick and terra-cotta, both of the same color and shade, which indeed will be beautiful, depending upon lights and shadows for effectiveness. The entire design presents a most dignified appearance, entirely free from any frivolity of ornament which might in any manner mitigate against its true expression as a business structure. The building is most excellently planned in its interior arrangements and will enable its tenants to carry on their various vocations with the maximum of ease, convenience and comfort. All of this is what has gone to make the modern office buildings of the large cities of the States successful in their purposes.

The construction of the building has been carefully designed and calculated, each and every part has a large factor of safety over and above the required load or strain it will be required to carry, by which enough, and at the same time no more material is used than is required. Special features have been introduced on account of the possibility of earthquakes and wind pressure. So thoroughly has every detail been considered both in finish and construction that the building when completed will be a credit not only to the architect, but to Honolulu and the enterprising men to whom the city will be indebted for the ornament. The frame of the building will be of iron and steel.

The plans show the elegant and commodious entrance on Fort street with large polished granite columns on either side through which the ground floor corridor is reached. This communicates with the offices on this floor consisting of five in all, the larger one being on the corner and containing about two-thirds of the entire floor area, which will be occupied by Messrs. C. Brewer & Co., giving them a home suitable to the requirements of their great business.

In a prominent location in the main ground floor corridor will be found the large, airy modern speed elevator enclosed with an artistic electric plated wrought iron guard. This elevator will be the best manufactured, such as in use in the latest and highest modern office buildings of the eastern cities, which are absolutely safe, made so by the various automatic devices incorporated in the plans. But as an extra precaution this elevator will have an air cushion at the bottom of the shaft which is well known to be in itself an absolute safeguard against possible injury to passengers in case the car should be dropped to the bottom. However, the safety devices on elevators of this class are so certain of operation that it is impossible for the car to drop, but as before stated, the air cushion will also be provided in this plan. On each of the second, third and fourth floors will be located eleven offices, varying in size to suit the various requirements of tenants, all communicating one with the other and so arranged that they can be used in suites. Each office will be excellently lighted and thoroughly ventilated. Each story has its own toilet rooms furnished with the most modern and latest sanitary fixtures. The halls and corridors are all large, light and airy. The entire interior of the building is to be handsomely finished throughout in keeping with the elegance of the exterior. The windows are all extra large size and provided with polished plate glass, patent sashes and blinds. Each room and corridor will be decorated and equipped with all modern conveniences, found only in the latest up-to-date office buildings of America. Mr. O. G. Traphagen, the architect selected for this building by the Judd Building Co., Ltd., came here from Duluth, Minnesota, last October. Mr. Traphagen is a fellow of the American Institute of Architects, which alone sufficiently certifies to his

Judd Block, Corner Fort and Merchant Streets, Honolulu. H. I., U. S. A. Enterprise of Judd Building Co., Ltd. Now in course of construction and to be completed in February, 1899. O. G. Traphagen, architect. Fred. Harrison, contractor.

ability and standing in his profession in America. He also has many letters from prominent Minnesotians certifying to his excellent reputation as an architect and to his character.

Many of the finest residences, office and commercial buildings in Minnesota were designed by him. Some of the latter being as high as twelve stories. Beautiful illustrations of many of them are on the walls of the offices occupied by Mr. Traphagen on Merchant street. He has designed several very handsome residences for Honolulu and is meeting with deserving success in his new home.

The Hawaiian Safety & Deposit Co., are the agents for the Judd Building and have already many of the offices rented. Mr. Geo. R. Carter will be pleased to show the renting plans to prospective tenants.

An historical sketch of the site of the building was given by the Advertiser some time ago. The land was the property of Chief Justice A. F. Judd, descending to him from his father, the late Dr. Judd, who was one of the makers of Hawaii as it is today.

Fred. H. Harrison is contractor for the Judd building.

caused by the carelessness of the native crew and the captain who permitted her to run clear on the beach without dropping an anchor. The vessel now lies in very low water and is said to be fast breaking to pieces.

DROWNING AT SEA.

Fatal Fall for a Man of the Bark Toppallant.

When the American bark Toppallant arrived in port at noon last Saturday her flag was at half mast. On July 10th, when 15 days out from Nainaimo, John Schluter one of the crew, fell overboard and was drowned. Captain Lunvaldt did all in his power to save the man by throwing over a life buoy and lowering a boat. He was seen struggling in the water but sank from sight as the boat was distant from him but a few hundred feet. Schluter had been sitting on the forward rail and a fresh gale was blowing at the time of the accident. A sudden lurch of the vessel and he went over evidently striking something, as he seemed unable to swim.

Different Atmosphere.

The troops that visited this place en route to Manila, behaved better than a regiment from Massachusetts and a regiment from Minnesota, that embarked at Newport News for Santiago. The local paper says that some of the soldiers were so drunk they could not reach the camp, and many were left sleeping on the side walks when the transports left.

There was no occurrence of the kind in this town.

H. B. M. S. Comus.

The British cruiser Comus, which has just returned to England after two and a half years' eventful service on the Pacific, was 430 days at sea and 470 days in harbor, traveled 16,000 miles under sail and 47,000 miles under steam, making a total of 63,000 miles, and her consumption of coal amounted to 73,000 tons, at a cost of \$75,000.

Wreck of the Kaulila.

The schooner Kaulila which has plied between Honolulu and Hawaii ports for some years past and lately has been taking lumber to the new plantation on Molokai is reported a total wreck off the entrance to Kaunakakai on that island. The disaster was

caused by the carelessness of the native crew and the captain who permitted her to run clear on the beach without dropping an anchor. The vessel now lies in very low water and is said to be fast breaking to pieces.

Mr. C. L. Hasbrouck, a druggist at Mendon, Mich., says all of the good testimonials that have been published by the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy could be duplicated in that town. For sale by all druggists and dealers. Benson, Smith & Co., agents for H. I.

The best at the lowest price at HOPP'S.

The Class of Furniture we keep

Would lead you to suppose we ask big prices, but such is far from the truth. Although all goods that come into our establishment must pass the closest scrutiny and must give a good account of themselves both from the standpoint of quality and art, our prices are lower than are usually asked for such inferior goods. We give you the benefit of our good judgment and taste in buying and thorough knowledge of the business.

Excuse us for insisting

That you want one of our Chamber Suites, or one of our

WIRE MATTRESSES,

The Cleanest and Easiest Kept.

The best furniture that can be made—and the prices are so low that if you knew the goodness you'd be a quick buyer. The sooner you come the better the choice, for they are all single styles.

Don't overlook our repair and upholstering department — looks like new after passing through our hands.

J. HOPP & CO.

Leading Furniture Dealers.
KING & BETHEL STS.

GET IT AT WATERHOUSE'S.

Throw the responsibility on US—

That's what our patrons can do. Just understand that every purchase made here is with the distinct understanding that it must give satisfaction. We want to know if it doesn't.

A lady told us the other day she got the idea ours was so exclusive a stock that the prices would be so high she couldn't trade here. That's wrong. We have exclusive styles—yes! But in point of fact our prices are LOWER than many—and as low as any store that carries reliable goods. It's the very cheap that is the very expensive.

We are always willing to exchange or refund money on goods bought of us which are not entirely satisfactory, when returned to us in good condition within a reasonable time after purchase, but with the distinct understanding that all such goods returned will have all charges paid.

When sending for samples, or for information, write plainly your name and postoffice. After receiving samples, and they prove satisfactory, order quickly, and if possible make two or three selections, marking them in the order of your choice. This will prevent the delay required in sending new samples which so often happens when goods to match the sample required are sold.

It sometimes unavoidably happens that goods ordered are out of stock, and in such cases we take the liberty of substituting what, in our judgment, is equally desirable, both in quality and price. If not satisfactory in this case, please return at our expense. In our Grocery, Crockery and Hardware departments our stock is thoroughly complete and the range of prices is all that can be desired.
