

CHILLINGWORTH'S ELIGIBILITY QUESTIONED

TWO OTHER SOLONS-ELECT LEFT AT POST

CHILLINGWORTH AND ALAWA, LEGISLATORS-ELECT, HELD COMMISSIONS AS NOTARY PUBLIC WHICH UNDER THE ORGANIC ACT DISQUALIFIES THEM—LEVI JOSEPH WAS AN AGENT TO GRANT MARRIAGE WHICH DIVORCES HIM FROM HIS JOB.

Three of the successful candidates to the legislature may never take their seats. They are now believed to have been illegally elected, for all of them are claimed to have been ineligible to election.

government giving him the right to issue marriage licenses, while Alawa held the commission as notary public. Joseph wrote to Treasurer Campbell from Maui yesterday stating that he held such commission, and stated that if it were necessary for him to resign such commission owing to his election to the legislature, he was ready to do so.

By the mail today there also came the resignation of Alawa as a notary public. But Alawa was too late with his resignation. He said that he had re-

GALT SAYS COHEN WANTS TO KEEP BAND

The following is the cablegram sent by J. R. Galt this afternoon: Hellman, San Francisco:

Referring to your telegram of November 14. Please send back band without fail on Korea, November 20. Public funds raised, expend up to \$2250, and charge to our account. Arrangements should be made with Captain Berger, not Cohen. Furnish tickets not money. Supply band with necessities for return Honolulu. Will appreciate your services. Telegraph particulars as soon as possible.

HAWAIIAN TRUST COMPANY. The cable to the Union Trust Company was sent this afternoon with the money for the relief of the band and about the same time there came a

cablegram, published elsewhere in the Star stating that the band was not in need of money for relief provided they were not asked to return on the Korea. J. R. Galt was asked if the relief fund would be stopped. He replied that it would not and that it should remain there until it was decided whether it was needed or not. He stated further that if the money was not needed that it would be refunded.

"We want the band home on the Korea," said Mr. Galt, "and according to that cablegram to Mr. Peck we do not know when it will come by paying its own expenses. It may be one steamer after the Korea and it may be several."

BAND CAN PAY ITS OWN WAY

L. Tenney Peck of the special committee appointed by the Chamber of Commerce to handle matters relative to assisting the Hawaiian band to return to Honolulu, this morning received a cablegram from James F. Morgan, in San Francisco, which, in amplified form, is to the following effect: "The band arrives here on Monday. If they are to return by the Korea they may need help. If they return by the following steamer they can return unaided."

The cable is understood to mean that the band has made certain engagements which, if it stays to fulfill them, will bring in enough money to defray homeward expenses.

THE GOVERNOR'S MAILED HAND IN VELVET ORDER

Governor Carter has taken a hand in the matter of bringing the band home. And the Governor's hand is more than the "Fine Italian" hand for it is more like the mailed fist.

Here is what the governor has done. He has issued the following order to Col. Jones:

Executive Chamber Honolulu, Hawaii, Nov. 16, 1906. Col. J. W. Jones, Commanding First Regiment, N. G. H., Honolulu. Dear Sir: On Thanksgiving Day November 23, I shall desire to inspect the local militia, with the band at 4 p. m. of said day, in front of the Executive Building, and hereby direct you to make necessary arrangements to carry out this order.

Respectfully yours, G. R. CARTER, Governor and Commander-in-Chief National Guard of Hawaii.

There is a little joker in the order "with the band." The effect of this order is apparent. It will effectually check any attempt that Cohen might make to detain the band boys and cause

them to delay their return to Honolulu. The members of the band are regularly enlisted in the national guard and are subject to its orders. Refusal to obey the governor's order would lay them liable to court martial and dismissal from the service. Such dismissal would cause them to be ineligible to hold any public office. The probabilities are now that there will be no delay on the part of the band boys in starting home by the first available steamer.

Evidently it was not until the money to pay for the return of the band was in sight, that the Governor issued his order. Whether it was merely a coincidence or whether the governor's order is a logical sequence of the band money fund, can not be stated, but the governor's action is pretty shrewd. For if Cohen had any intention of trying to persuade the band to remain, or if any of the band boys think they would like to stay awhile in San Francisco and still get the benefit of free transportation home, the order almost certain to effectually frustrate such object and insure the return of the band at the earliest possible time.

COUNTY AHEAD TO GET HOMES

The County of Oahu will have a much larger sum of money to operate with during the months of November and December than was originally anticipated.

The returns in the payment of taxes at the office of Assessor Holt, show that the county will have about \$72,000 available within a few days and an additional \$18,000 within a comparatively short time.

The collections for this island for the second period will run slightly over \$400,000 it is thought. The county is entitled to half of this amount. Of this sum the county has drawn a monthly pro rata which amounts to \$110,000, leaving approximately \$290,000 to be paid over now. Out of this \$290,000 will be withheld the 10 per cent reserve fund, which amounts to \$28,000. The latter amount will be paid not later than January 15.

This will be good news to the road people and the county officials generally for there can now be a resumption of work in the road department. It has been thought at first that the county would get not more than \$58,000. No returns have been received from the other counties so Treasurer Campbell can not give any idea of the amount of money that they will have for the next two months.

An interesting experiment is to be attempted at Waiulua Plantation. The Waiulua Agricultural Company proposes to give its laborers an opportunity of acquiring homes on the plantation.

This fact was made known to Governor Carter during his recent visit to Haleiwa.

Governor Carter held a long interview with E. D. Tenney and Manager W. W. Goodale of the Waiulua Company, relative to this matter. They went over the plantation where the governor was shown a tract of 10 acres of fine cane growing land with ample water, which it is proposed by the plantation officials, to set aside for the use of its laborers.

It is proposed to survey this plot and divide it into residence lots so as to enable the laborers who desire, to purchase the land. The lots will be about 50 feet by 100 feet in size. The price was not stated by the governor. In order to encourage the laborers to accept this offer the plantation will advance the purchasers money with which they can erect houses.

WIRELESS PROMOTERS MADE CLEAN UPS ON THE MELBOURNE CUP AND OTHER EVENTS.

H. G. Robinson and his brother M. G. Robinson, the wireless telegraph promoters who stopped here for some weeks, made killings in the Melbourne Cup and another racing event in Australia this month. The former won about \$20,000 and the latter \$10,000. Both played a horse called Poiseden and this horse won.

M. G. Robinson did not clean up the full \$10,000. He hedged to cover some of his invested money in order to break even in event of Poiseden losing. The brothers went to San Francisco recently by the S. S. Sierra.

JONES CABLES FOR THE BAND

In compliance with Governor Carter's order to have the band here on the 29th, Colonel Jones sent a cable message today, ordering the immediate return of Captain Berger and his men.

SAMPLES OF RUEF AND SCHMITZ' EXTORTION

THE KIND OF THING FOR WHICH THEY WERE INDICTED BY THE GRAND JURY.

The following from the Examiner seems to be the line of testimony upon which Mayor Schmitz and Abe Ruef were indicted by the San Francisco grand jury yesterday as reported by the Associated Press:

SAN FRANCISCO, November 5.—"We realized that it was robbery, but what could we do? Resistance was useless. Had we opposed we would have been forced out of business. The circumstances showed us what our course would have to be."

That is the expression of Joseph Malfanti, one of the French restaurant keepers from whom Abe Ruef is alleged to have collected legal fees to the amount of several thousand dollars when the police were threatening to act adversely to the restaurant men in February, 1905. Immediately upon Malfanti's retaining Ruef as attorney the situation became more favorable, and the ultimate result was that the Police Commission made a ruling that ended the trouble.

It was at this time that Police Commissioner Hutton came into prominence through his connection with the case.

Malfanti, who was formerly one of the proprietors of Delmonico's, said yesterday:

"As recently as last March I paid Abe Ruef a fee for legal services. That was but the second installment of the entire fee, the other half of which was turned over to Ruef twelve months before. That was the understanding made between the restaurant owners and the attorney when he undertook to secure the passage of a favorable ruling."

Malfanti after the fire sold his interest in the restaurant, but it was while he was connected with it that Delmonico's together with four other large French restaurants, secured the services of Abe Ruef. The fee they paid was several thousand dollars, he says, but it was worth it. Through Ruef, Malfanti declares restaurant keepers were permitted to have furnished apartments on the upper floors of their buildings. Malfanti continued:

"We did not go to Ruef until we had tried all other means unsuccessfully. We appealed to the Mayor, who referred us to the Police Commission. We went around from pillar to post without securing the slightest satisfaction. Then it was that we decided that the wisest course for us to follow would be to secure the services of Abraham Ruef."

RUEF LOOKED FOR SUCCESS.

"We went to him, that is, the proprietors of Marchand's, the Bay State, the new Poodle Dog, the Pup and ourselves. We explained the situation to Ruef. He said, 'Gentlemen, I will take charge of your case. My fee will be so many thousand dollars. I will do all I can for you and feel confident of success. The fee will be payable one-half upon the passage of the measure you desire, and the remainder at the expiration of a year, after the ruling has become effective.'"

"What could we restauranters do? We had no alternative. While we realized that it was highway robbery we could not complain, and we had no means of redress. It would have been as foolish for us to resist as for a man to try to fight a footpad who has him covered with a gun. There was no coercion used by Ruef, not even was it suggested by him or by a representative of his that it would be well for us to retain him. The circumstances themselves pointed out to us what was necessary. If we wished to continue in business we realized we would have to go to the man who controlled the situation. It would have been an easy matter to force us out of business—there are many ways to do that."

"It was only that I realized what was best for me that induced me to purchase supplies from the Hilbert Mercantile Company. I was never approached but once, when one of the firm suggested that they would like it better if we gave them more of our trade. To this I replied that I would do so gradually."

Schmitz frequented my restaurant, and I was on friendly terms with them. They were free spenders, and it was partly for that reason that I bought the Hilbert concern's products. I got both whisky and champagne of them, as well as other supplies."

At the present time, the proprietors of the Cafe Delmonico are Charles Kelb and William Lafrenz, both of whom were formerly employees of Malfanti.

"I know almost nothing of the matter of Mr. Ruef's being attorney for the restaurants some time ago," said Kelb yesterday.

When asked if Ruef were still attorney for them, Kelb laughed in a significant manner. "We don't need an attorney now," he said, indicating with a flourish the upper floor of the building which, instead of containing the features that distinguished the old restaurants, is occupied by the offices of Abe Ruef.

FRIDAY, NOVEMBER 16, 1906

Secretary Atkinson in an interview published in the Washington Post very sensibly takes issue with J. M. Hatch's alarmist statements about the danger to Hawaii from its Japanese population in case of national difficulty with Japan. Mr.

Hatch, as he is quoted, said the 50,000 Japanese here could easily overpower the 10,000 white population, and seize the Islands. As The Star pointed out some days ago this entirely overlooks the fact that in any such attempt on the part of the Japanese they would have to contend, not with a population of 10,000, but with the entire Hawaiian, part-Hawaiian, Portuguese and other European elements, and American population, in short with all elements except themselves and possibly the Chinese and Koreans, though there is every reason to believe that many of the Chinese and a considerable portion of the Koreans would line up with the other elements in opposition to any such attempt on the part of the Japanese.

In any event the great bulk of the Chinese and the Koreans would, if not active against the Japanese, be neutral.

Secretary Atkinson also points out that the Japanese are divided up among the several Islands of the group, and are without arms. The American population and authorities have all the advantage of arms and organization.

But there need be no fear of any such an attempt. There is no likelihood of any rupture between the United States and Japan. The government of each is too sincerely attached to friendly relations and just and honorable dealings with the other. Questions between the two may arise and are likely to, but these can be settled easily and without friction.

The only surprising thing is that Mr. Hatch should have given expression to any such wild and alarmist sentiments—if he did.

Individuals of Hawaiian blood have been creating an unenviable reputation for themselves and their race in California during the past few months. Three men of Hawaiian blood are now in custody for murders committed since the memorable earthquake day. Two of these have already been tried and convicted, though in the case of one of them there seems to be circumstances which mitigate the enormity of the offense.

One of them has already begun to serve a life sentence, and the third, who seems to have proved himself one of the most calculating, and cold-blooded of murderers, seems to have only a short span between himself and the gallows.

It is strange that such a succession of crimes of violence and atrocity should have followed each other, committed by Hawaiians. At home, the Hawaiian is not given to crimes of violence, and particularly he is not given to crimes of violence from motives of cupidity. In these Islands, when an Hawaiian commits a crime of violence it is almost invariably prompted by one of the primal emotions, most often by jealousy or the heat of passion. In one of the late cases on the coast, that of Manase, jealousy or the defense of marital rights seems to have been the actuating cause.

In the case of Siensen cupidity, combined with utter depravity, and guided by a good deal of intellectual acumen, and a keenness of foresight that found expression in his admonition to his companion Dabner, that sooner or later they would be found out and would hang for it, seems to have been the mental and moral make-up that made him one of the most atrocious criminals the San Francisco police have had to deal with for some time.

These cases present an interesting study in race heredity. It will be observed that the crimes which differ in their motive from those of which Hawaiians here are sometimes guilty, were committed by men who had the blood of other races than Hawaiian in their veins. Thus though they are classed as Hawaiians, and in popular estimation bring reproach on the Hawaiian race, the stain of heredity which made possible their particular crimes, many have been received from another race altogether.

The hospital for the investigation of the nature and cure of leprosy is now soon to be built. The Supervising architect of the Treasury is advertising for bids for the construction of the buildings. The original plans for these buildings were prepared and sent out here some months ago. They were sent back with recommendations for changes in them to meet climatic and other conditions at the settlement, and it is to be supposed that these recommendations have been followed in the preparation of the revised plans. However that may be, the immediately interesting fact is that bids have been advertised for and that it may reasonably be expected that within a comparatively short time the buildings will be built and will be occupied.

Such an institution is one that it is highly desirable should be established and maintained. Leprosy, though one of the oldest known diseases, and world wide its spread has perhaps been studied less in the light and with the means of modern medicine than any other of the commonly dreaded diseases. The reason, perhaps for this, is that it is not a frequently occurring disease either in Europe or North America where the best material facilities for such investigations exist, and where the number of capable and trained investigators is most numerous.

Though the disease is frequent enough in Hawaii to afford opportunity for careful research and investigation, there are abundant reasons why more has not been done along these lines than has been. Our system of segregation has made it practically impossible for investigation by private initiative and from private resources to be carried on. The community, in its public capacity has had all its resources could well bear to look after the physical care and comfort of its wards, and it has never felt that it could undertake what is now being undertaken by the federal government. There have also been conditions, racial, temperamental, and political that would have very seriously interfered in the past with what is being projected now. So far as the political and social conditions are concerned, which in the past would have operated against any such study as is now proposed it is to be believed that these have so far changed that no difficulties, or at least only slight ones, are to be apprehended on this score.

There is therefore every reason to expect much from the new institution. So much has been done by modern medicine along other lines that it does seem almost certain that it cannot be long before medicine, treatment, or methods of control, will have been discovered

which will bring the extinction of this disease within a measurable space. No discussion of this subject, however, at least in its relations to Hawaii, should fail to give credit to much valuable research and study of leprosy in Hawaii by a number of men who, in the midst and pressure of other duties, have with the true zeal of the investigator attempted much, and accomplished something of real value.

HAWAIIAN BAND

MAKES FAILURE

IT IS STRANDED IN OGDEN—THE GOVERNMENT ASKED TO HELP WITH LOW RATE.

OGDEN (Utah) November 6.—The Royal Hawaiian band, under Captain Berger, which has been making a tour of the United States, is stranded in this city. The tour, which has proven to be a most unprofitable one, has left the band without means of providing transportation to San Francisco. The matter was called to the attention of the Southern Pacific officials at Salt Lake City, and they have taken the matter up with the Interstate Commerce Commission at Washington, with a view to being able to grant the band an extremely low rate to the Coast. The band gave its last concert in this city Sunday evening, and since that time Manager J. C. Cohen has been in communication with the railroad officials. Relief from Washington is expected tomorrow.

Exhaustive Report On Tree Life

SUPERVISORS WILL HAVE SUBMITTED TO THEM EXHAUSTIVE REPORT OF FORESTRY.

The Board of Supervisors when they meet on next Monday evening will have submitted to them a most exhaustive report on the tree life of the District of Koolau. It was prepared by "Secretary of Forestry" James Cullen of Waihalo under the direction of Supervisor Paole. Incidentally the county paid for the compilation at the rate of \$2.50 per day and the report contains the names and it was passed. Then one day Paole asked in that district.

At the first of the present year the Board of Supervisors received from the East a request from some person for information in regard to the tree life in these islands. Chairman Smith gave instructions to the members of the Board to each of them prepare a report on their district and submit it to Supervisor Lucas who would forward it to the party desiring the information.

Nothing further was thought of the matter and the time went on. When the payrolls came up to be passed there was the name of James Cullen as Forester and his amount due from the county was figured at the rate of \$2.50 per day. Paole said it was alright so it was passed. Then one day Paole asked for a typewriter and he got that.

Chief Clerk Buffandeau of the County Clerk's office endeavored at different times to find out from Paole just what the man, named as a forester was doing. Paole always replied "Oh, he is working."

After two or three months Lucas got to looking for some way to cut down expenses and his eye fell upon the name of James Cullen. He pressed his inquiries upon Paole and the truth came out. Cullen, who signed himself as "Secretary of Forestry" had with great pains gone over the district and counted every tree and taken notes of their kind and was preparing a report on the tree life of that district for the board. The board had a good laugh over the matter and then forgot about it after they stopped the man from drawing more warrants.

The matter might have been forgotten but it seems that the "Secretary" had just completed his typewriting of the report and it is to be submitted to the board on next Monday evening.

A part of the report is as follows:
January 30, 1906. Kahaluu Mr. James Stewart's residence arrived there at 12:29 p. m. SIEMSEN GLORIES IN HIS CRIMES
EMIL A. BERNDT, OF HONOLULU CALLS ON THE MURDERER AT THE POLICE STATION.

SAN FRANCISCO, November 7, 1906.—Owing to the statement made by the gas pipe murderer Siemsen that he was of Hawaiian birth I concluded to see him if the opportunity offered. My interest was naturally aroused by his continuous claim that he was a Kanaka. This day at 1 p. m. I called at the Bush street station which is just below Van Ness where Siemsen is held and asked permission to see the man. This was readily granted and I was told to go to the "hot cell." I engaged the prisoner in conversation and elicited from him the fact that he was Jack Siemsen, born in Hawaii; that his father was a German and his mother a native Hawaiian. He claims to have left Honolulu in 1896 when quite a "kid" as he says. When asked if he had any living relatives in Honolulu at the present time he answered after some deliberation that he was quite alone in the world. Siemsen does not care to speak of his relatives and evades the question each time. The direct interrogation of his being a brother to the Slens-

Kalakaua Miniature Yacht Race

KING'S BIRTHDAY OBSERVED BY HAWAIIANS—LA HOOMANAO MAKES NEW RECORD.

King Kalakaua's birthday was observed according to custom this morning by a race of miniature yachts.

There were nine entries and the course lay from a line from the lighthouse to Bishop's wharf, out through the channel, around the bell buoy and back to the lighthouse line.

La Hoomanao, Captain Ekela Mahuka, was the little yacht which was declared the winner. She got in away ahead of her competitors, crossing the line before they had returned half way through the channel.

By winning this race for the Kapioian Cup, the La Hoomanao beats the miniature yacht record by five minutes. She started at 10:54, finishing at 12:11, her time being 1 hour and 17 minutes. Last year the White Star won the Kapioian Cup, her time being 1 hour and 22 minutes.

A good number of Hawaiians and others observed the race from the end of Bishop's wharf, the boat houses, the channel wharf, the sea-wall and from small boats which followed the miniature yachts.

The judges, who kept along with the tiny racing vessels in a row-boat, were E. A. C. Long and George Shaw. Honorable Liliuokalani, stationed on the Bishop wharf, was timekeeper. Much enthusiasm was displayed.

Following were the entries in the race:

1. Waihaahua, 44 inches long, Captain Mana LONG.
2. La Hoomanao (the winner), 41 inches, Capt. Ekela Mahuka.
3. Liholho, 44 inches, Capt. John DeFries.
4. White Star (last year's winner), 45 inches, Capt. Abram Kaleka.
5. Haulani, 45 inches, Capt. John Lil.
6. Hoku Lele, 45 inches, Capt. Namahulu.
7. Nakala, 45 inches, Capt. Kalahikaola.
8. Poni Mol, Capt. Parker, Jr.
9. Lady L., 36 inches, Captain Kalamanoole.

Continuing the celebration there will be a luncheon this afternoon, at 5 o'clock, at Delegate Kuhio's Waikiki residence.

S. S. MAUNA LOA MAKES PORT EARLY

COUNT DOMKOWITZ A WAY PASSENGER—CALLED AT KIHIE FOR SCOTT AND H. P. BALDWIN.

The S. S. Mauna Loa, Captain Simerson, arrived from Hawaii and Maui ports this morning at 9:45 o'clock. She brought 29 cabin passengers and 24 deck passengers to this port, carrying 3 cabin and 12 deck way passengers.

Count Von Domkowitz went from Hoopuloa to Napeequo and Charles Herlek and Dr. Derby went from Manalea to Lahaina.

On the outward trip the Mauna Loa experienced light trades and smooth seas, enjoying fine weather along the Kona and Kau coasts. There were heavy showers in Kau Wednesday night. On the inward trip there were strong trades and choppy seas.

The Mauna Loa reports the Noueau at Honokaa, discharging.

On the inward trip the Mauna Loa called at Kihie for Mr. Scott and H. P. Baldwin. She sails out again Tuesday next at noon.

MAUNA LOA FREIGHT.

The following freight was brought today from Hawaii and Maui by the S. S. Mauna Loa: 3,235 bags A sugar, 1189 bags coffee, 180 bags beans, 60 bags taro, 9 bags ginger, 44 cases honey, 16 kegs butter, 71 pieces Koa lumber (455 feet), 7 hales wool, 2 horses, 33 bundles hides, 1 canoe, 11 hogs, 30 head cattle, 73 bunches bananas, 293 packages sundries.

The Pa-u riders were out in force this morning in honor of the birthday of King Kalakaua. Hilo he avoided by asking me who I was and when I told him I hailed from Honolulu he spoke of his deeds of which he seems extremely proud. He glories in the notoriety and shows no signs of regret or sorrow. When I spoke to him he sat very complacently in his cell smoking, eager to tell of his murderous career.

Siemsen is a tall, square shouldered good looking young man. Has all the features of a half-caste viz: curly hair, dark eyes, olive skin, pearly teeth and a somewhat flat nose.

CHILLINGWORTH'S ELIGIBILITY QUESTIONED

(Continued from Page One)

signed owing to his election as a representative.

Chillingworth who was elected to the Senate from this district held a salary public house and unless he resigned previous to the election he would seem to be included in the trio.

Both the Organic Act as well as the Supreme Court of the Kingdom of Hawaii seem to cover such a contingency. It is purely a technical one and whether the Attorney General will decide adversely to the various candidates concerned is a question.

The Organic Act is as follows in the subject.

"Sec. 17. That no person holding office in or under or by authority of the government of the United States or of the Territory of Hawaii shall be eligible to election to the legislature or to hold the position of a member of the same while holding said office."

Notaries and similar officers were held within inhibition of a somewhat similar provision of the constitution of 1887; to be eligible to office, must resign before, not after, election: In re Notaries, 8 H. 561.

That part of the Hawaiian statutes dealing with the same subject consists of an opinion by the justices of the Supreme Court, written by L. McCully, in reply to an inquiry from W. L. Green, Minister of Finance and Premier, and dated August 29, 1887. It is as follows:

"We beg leave to call attention to the phraseology of the question: 'Hold seats in the legislative assembly,' and to say that in our view the term of the Constitution, 'eligible to election,' plainly imports that the persons referred to are made incapable of being elected. Such persons, if elected, do not become capable by afterwards resigning the office. They remain disqualified as such as minors or women, or others not eligible by the provisions of Article 61."

None of the other candidates elected to the legislature appear at this time to fall within the ban of prohibition. The law does not affect any officers except those elected to the legislature. The situation is decidedly unique and it may not even be considered necessary to hold new elections, but the men next lowest in the vote may be declared elected.

TOURISTS ARE COMING.

It is stated that seventy-five per cent of the tourists arriving here during the season spend on an average two nights and two days at Haleiwa and the other twenty-five per cent remain there from one to three weeks. This speaks well for the management and for the attractions of the place. One can go there for a week and return to town, not broke, financially, and improved in health and spirits. There is no place in the islands that does so much for the broken down constitution, no place where nature has been so liberal with her charms. St. Clair Biggood, manager.

"JACK" TALKS ABOUT JAPANESE

SECRETARY ATKINSON QUOTED IN THE WASHINGTON POST IN REGARD TO JAPANESE.

The following interview with Secretary A. L. C. Atkinson recently appeared in the Washington Post. He was in Washington looking up island matters. He takes issue with Judge F. M. Hatch on the Japanese question: "There is no danger that the American government in Hawaii will be overthrown by the 50,000 Japs there in the event of any possible war between the United States and Japan, as was suggested by former Minister Hatch in an interview in The Post a day or two ago. The Japs there have no arms. They are divided among the four different islands, and it would be difficult for them to unite before quick action against them could be taken. And besides, in a fight between Americans and Asiatics, American manhood, intelligence, and aggressiveness would tell. But no such contingency is feared, for the Japs are compelled to attend our American schools, and are thus becoming more and more a part of the Territory. They attend Jap schools from 7 until 8:30 o'clock, our schools from 9 until 2 o'clock, and then their schools again from 2:30 until 5 o'clock every day. They are treated as fairly as any other nationality. They can never become citizens, because the Constitution of the United States will not permit it, but they are more contented than they would be in Japan.

"It is my firm belief that Hawaii should be made the Gibraltar of the Pacific, because that ocean will be the theater of our expansion in commerce during the next decade or two. Fortification is going on now, but it should be made to repel any attack. Along with our expansion should come a larger navy and a subsidized merchant marine. "The aims of the American government in Hawaii and the Philippines are different. In Hawaii the aim is to make the Territory a part of this nation in spirit and fact. In the Philippines the aim is to develop the islands for the benefit of a people and then turn it over to them to govern. I think the aim of Hawaii is the best. As a man in San Francisco said to be the other day: "We ought to lick Spain all over again and make her take back the Philippines."

JUST MISSED HIS OLD COMMAND

CHIEF OFFICER STEVENS OF THE HONGKONG ONCE WAS MASTER OF CHUSA MARU.

First Officer A. G. Stevens of the T. K. Hongkong Maru, on route to the Orient, missed a sight of his old command, the Japanese steamship Chusa Maru, by just a day. The Chusa sailed for Yokohama on Thursday afternoon and the Hongkong got in from San Francisco yesterday afternoon. Stevens was for 18 months captain of the Chusa, when she was on the Osaka Shosen Kaisha, carrying mails between Formosa and Japanese ports. He took command of her when he was but 29 years of age. He is but a little over 31 now. The Chusa was formerly the Teucer and was originally of Liverpool, later having the name Hongkong painted on her stern. She was first one of the Liverpool Blue Funnel boats. For a time, during the Spanish-American war Stevens was second mate of the U. S. A. T. Logan, which was in this port only the other day on the way to Guam and Manila. He was an officer aboard the Logan, formerly the Mohawk, on her trips to Porto Rico and Santiago de Cuba. While in port at San Francisco the last time Chief Officer Stevens had a little experience with some of the rough characters infesting the city since the earthquake. He was assaulted in a dark street and today bears the mark of a blow with a club on the port side of his cranium. Stevens is something of a scrapper himself and he laid out two of the five men who attacked him and whose evident object was robbery. A San Francisco fireman came along opportunely and between Stevens and the fireman the remaining three were stretched on the ground, so that the police patrol had a good load. not yet been decided upon, but the committee has settled that the race will start by way of Waianae and continue on around the island.

Each yacht to qualify, must carry a small boat, a life preserver. No port to be made from start to finish.

The yachts Paloma, Gladys, Helene, Hawaii and Kamehameha, which have asked to have this event held on this date, will commence now to refit.

Four boats starting the race will be declared a go.

TROUBLE WHEN THE SUVERIC SAILED

LOCAL MAN RECEIVED A LETTER TELLING OF TROUBLE JUST AS THE STEAMER SAILED.

Evidently there was considerable trouble just before the S. S. Suveric sailed from Funchal. A letter received by F. R. Tranquada from his brother at that place speaks of it as follows: "An unprecedented state of affairs has taken place in regard to the Suveric. The day after her arrival there was a great trouble which needed the presence of the police on board to quiet it down. Immediately after the trouble the pilot and other shore authorities went aboard to enquire about the trouble. The people had complaints against the captain for not giving them food since the day before, when they had gone aboard, and when they complained the captain abused and threatened them. Then the Board of Health investigated the provisions on board, the members deciding that the provisions were good and sufficient for sixty days. The conduct of the captain, rough, was noted by the authorities, who threatened to arrest him unless he moved away and ceased using abusive language toward them. After the investigation the dinner was served, consisting of rice and prunes, and then another new trouble began on account of the food not being well prepared and not enough to go round. "Finally the pilot and authorities went aboard again and told the people if they did not want to go to come ashore. About forty families decided to go ashore. Many of these lost their baggage on account of the boat sailing at 1:30 a. m. when the captain had agreed to wait until 10 o'clock. The opinion of the authorities is that the vessel has good accommodations for her passengers, but they criticize the captain for his roughness.

THE HILO WATER FRONT CASE

In the case of Brown vs. Spreckels et al. ejectment for land on the Hilo water front, which was decided yesterday, the opinion is written by Chief Justice Frear, and makes the following statements of facts relative to the case: "This is an action of ejectment for two pieces of land, referred to as the Bates and Kalaela lands, on the waterfront at Hilo. It was begun in the Fourth Circuit in 1899. At the first trial the jury disagreed. At the second a non-suit was ordered which was set aside by this court (14 Haw. 299.) At the third trial, in the third circuit, to which the venue was changed, the jury disagreed. At the fourth trial, in the first circuit, to which the venue was changed, the jury disagreed. It was then held that the venue had not been changed from the fourth circuit on the theory that the order for the change was void owing to disqualification of the juror, but this could be held otherwise and directed by writ of mandamus the court in the first circuit to try the case (16 Haw. 476.) Then after a long and careful trial and the plaintiff obtained a verdict which the defendants now seek to have set aside on writ of error. The facts are set forth somewhat fully in 14 Haw. 299. Briefly, Front street runs nearly parallel with and not far from the shore. Waianuenu and King streets run at right angles to Front street one block apart. The Bates land is between these two streets, and the Kalaela land on the other side of King street. Both lands extend down at least to the upper side of Front street, and, according to the plaintiff, down on the other side of Front street to low water mark. The plaintiff does not dispute the defendants' title to the parts above the street. The action is for the parts below the street, all or mostly accretions. The defendants contend, first, that the plaintiff has failed to show title in himself to all or part of the land below conveyance (1) there was not a sufficient conveyance to him, (2) the description in the Kalaela land commission award and patent did not cover any land below Front street, or at least below high water mark, (3) the description in the original deed of the Bates land from the king did not cover any land below Front street excepting between high and low water marks, and (4) the plaintiff is not entitled to all the accretion in front of the Bates land under-

the rule of apportionment of accretion between adjoining proprietors; secondly, that the defendants, the Spreckels brothers, showed title in themselves by (1) adverse possession and (2) a presumed lost grant; thirdly, that (3) the plaintiff failed to prove ouster or possession by the defendants as to the part below high water mark; and, lastly, that the verdict should be set aside because of (8) misconduct of the jury. These questions are raised by seventeen assignments of error based on the contentions that the verdict is contrary to the law and the evidence, that the trial judge erred in admitting certain evidence, in giving and refusing various instructions, in denying motions for a new trial, a directed verdict, judgment non obstante and a new trial, and in admitting certain affidavits on the question of the misconduct of the jury. The opinion enters at considerable length into a discussion of the various legal points raised by the defendants in their appeal from the judgment which was last secured in Judge De Bolt's court. At the first trial in Hilo the verdict stood 11 to 1 in favor of the plaintiff and a disagreement ensued in every other case. At the time that the litigation was originally started the property was regarded as quite a valuable part of the Hilo waterfront. According to the opinion of some of the attorneys concerned in the case, the land is now worth about \$10,000, which is somewhat less than the original valuation. J. A. Magoon and J. Lightfoot are attorneys for plaintiff and W. A. Kinney and S. M. Ballou for the defendants, with Kinney, McClanahan & Derby and Ballou & Marx on the brief.

A "BAD NIGGER" IN THE COOLER

W. MONROE THREATENED IT IS SAID, TO MAKE THINGS HUM, SO HIS BAIL WAS INCREASED.

It is a bad thing to be too "bad a nigger," William Monroe is learning this fact. It was first brought to his attention several days ago when he was arrested on a charge of adultery with Dora Lancaster, and yesterday it was further impressed on his mind when U. S. Commissioner George A. Davis raised his bond from \$1,000 to \$1500 on motion of U. S. Attorney Breckons. The case is one of unusual depravity and has been causing no end of interest in the Kakaako stables where Monroe appears to have been a sort of bad man.

It was in fact through his own foolishness that Monroe got into the toils of the Federal authorities. Dora Lancaster is a part native woman who was arrested on a charge of bigamy. For some days after she was in the U. S. Court, it was observed that a burly negro was slouching about the corridors of the Judiciary building, evidently having some interest in the case against the woman. Inquiry was made by the Federal authorities and they were given information which led them to the belief that the negro was the consort of the woman. He was subpoenaed as a witness and two days ago was taken into custody on the charge of adultery.

Monroe is understood to have made some fierce threats about what he would do with the Federal authorities and especially Marshal Hendry for causing his arrest. It was therefore decided to put the "coon" under heavier bonds. The woman was arrested Wednesday and is now being held under \$1000 bond. Neither have been able to supply the cash, so they have been taking up space in the Oahu jail.

ARMITAGE NO ANGEL

Harry Armitage was not one of the "angels" who put up good money to help the Hawaiian band away on its tour. Armitage himself so declares.

MANY ROAD MEN ARE IDLE NOW

ROAD SUPERVISOR JOHNSON THINKS HE WILL BE ABLE TO PUT THEM BACK AGAIN.

Nearly 200 men have been laid off by Road Supervisor Johnson. This action was taken as the result of the resolution of the board of supervisors last Tuesday night, directing that the public improvement work be shut down. Johnson laid off 183 laborers in consequence of this resolution.

There are now only 50 men employed in his department. These men belong to the street sweeping gang or else are employed on privately paid work. Johnson thinks there he will be able to put the men back at work within a few days. The money from the taxes will be paid over to the county within a short time and there will probably be enough money in the county treasury to enable the men to be put back to work.

MANAGES TELEPHONE SYSTEM.

The Ohio State Journal says regarding the son of Judge S. L. Kingsbury of this city:

N. S. Kingsbury, who for about ten years has been a trusted and confidential employe of the Jeffrey Manufacturing Company, has resigned his position to become vice president of the Michigan Telephone Company, which is really the entire Bell system of the State of Michigan. Mr. Kingsbury will assume charge of his new duties November 1, and his residence will be in Detroit.

TWO NEW OCEAN GIANTS.

The Hamburg-American Company have arranged to build two intermediate liners of greater size than any yet built, but considerably shorter and of less beam than the Cunard liners Lusitania and Mauretania. They will be about 730 feet long between perpendiculars and over 80 feet beam, and their gross registered tonnage will be nearly 30,000 tons, while their cargo capacity will be enormous. They will be about 30 feet longer than the America and the Kaiserin Auguste Victoria, completed some time ago for the same line, and they will excel the Adriatic, launched last week for the White Star Company. One of the new ships will be built by the Vulcan Company, of Stettin, who have constructed so many of the modern German Atlantic liners; and the other by Messrs. Harland and Wolff, Belfast. The speed aimed at will be 17-1/2 knots. The Hamburg-American Company, it will be remembered, recently asked for tenders for much smaller ships. These, it is heard, will now be delayed.

YOUNG GIRLS AWAIT JUSTICE

ALSO THE MERCY THAT GOES WITH IT—ALLEGED IDLENESS AND DISOBEDIENCE.

"Girls, girls, you giddy young girls, why don't you try to be good—to be good?" hummed jovial but honest Turnkey Melanphy at the police receiving station yesterday as he gently parted the folding doors to allow Miss Rosie Hart and Madamesselle Nahinu to "go below" where the uncharitable cement floors and unympathetic white-washed composition walls may conduce to stony virtue out certainly will not encourage any luxurious tendencies.

Rose is in on complaint of the Rev. P. W. Rider who asserts that Miss Hart is cultivating an idle and dissolute life. The girl, who appears no more than 13 years of age, shows no outward sign of dissipation. She is almost good looking, neat and, well it might as well be admitted that she is possessed of a mischievous twinkle in countenance.

Miss Nahinu, a much larger girl and presumably of less immature years, is alleged to have disobeyed her parents.

SHYLOCK JONES WANTS HIS BOND

MAKES DEMAND ON THE SURETY COMPANY FOR PAYMENT—JOE COHEN IS ALSO CONCERNED.

Acting on the advice of Attorney General Peters, Colonel J. W. Jones has demanded the payment of the bond for the return of the band instruments. In reply to the letter from the local attorneys of the trust company he addressed the following letter yesterday: "Joel C. Cohen and The U. S. Fidelity and Guaranty Co., Honolulu, T. H. "Default having been made by you in the performance of the condition of that certain bond executed by you as principal and surety respectively to the undersigned as obligee of date the 22nd day of May, 1906, to wit, to return or cause to be returned to the undersigned on or before the 30th day of September A. D. 1906, each and all the musical instruments enumerated in Schedule A, of said bond,

"Demand is hereby made of you for the payment to the undersigned in accordance with the terms of said bond the sum of three thousand dollars (\$3,000.00).
"A prompt reply is earnestly requested.

BEFORE THE SUPREME COURT.

The Supreme Court, with Judge Du Bolt sitting in place of Justice Wilder disqualified, heard exceptions by defendants yesterday in the case of Elizabeth K. Wilder vs. H. R. Macfarlane and others. The matter was orally submitted on briefs. Counsel appeared in court pursuant to a written request directed to Mr. Lewis to appear and "to point out what evidence he relies upon in the case to show privity between the late Judge Wildemann and Mrs. Macfarlane which would enable her to tack her adverse possession on to his."

Social Tragedy

Women Who Brave Death for Social Honors.

In the midst of one of the most brilliant social functions of the season, a noted society woman started suddenly from her chair with a scream of agony and fell insensible to the floor.

A few hours later the distinguished physician told her anxious husband that she was suffering from an acute case of nervous prostration brought on by female trouble, and hinted at an operation. Fortunately a friend advised her to try

Lydia E. Pinkham's Vegetable Compound

The result was that she escaped the surgeon's knife and to-day is a well woman.

The derangement of the delicate female organism sets every nerve in the body quivering with pain. Headaches, backaches, torturing bearing down pains and dragging sensations make women nervous and hysterical.

DEAR MRS. PINKHAM:—I was troubled for eight years with irregularities which broke down my system and brought on extreme nervousness and hysteria. I could neither enjoy my meals nor sleep nights, became easily irritated and nervous and very despondent. Lydia E. Pinkham's Vegetable Compound proved to be the only medicine which helped me. After taking the third bottle, my general health began to improve. At the end of the fifth month I was well and could attend to my household and social duties and enjoy life.
Mrs. CHESTER CURRY, 42 Saratoga Street, East Boston, Mass.

Mrs. Curry, whose portrait appears on the right, is the leader of the Ladies' Symphony Orchestra. The following letter is from Miss Goode, President of the Bryn Mawr Lawn Tennis Club of Chicago:

DEAR MRS. PINKHAM:—I tried many different remedies to try to build up my system, which had become run down from loss of proper rest and unseasonable hours, but nothing seemed to help me. Mother is a great advocate of Lydia Pinkham's Vegetable Compound for female troubles, having used it herself some years ago with great success. So I began to take it, and in less than a month I was able to be out of bed and out of doors, and in three months I was entirely well. Really I have never felt so strong and well as I have since.

YOUR TAXES ARE NOW DELINQUENT

THAT IS IF YOU DID NOT PAY THEM UP BEFORE LAST NIGHT MIDNIGHT.

Taxes now unpaid are delinquent. The time for making the final payments expired at midnight last night, November 15. Tax Assessor and Collector Holt kept his office open until 11 o'clock but few if any persons appeared during the evening to make their payments.

The money collected for Honolulu yesterday was \$55,021.14. The amount collected for the outside district is not known. Holt expects to have all of his returns in and computation made by Monday. The collections for the last period ran a little over his estimate. Taxes that have not been paid are now subject to 10 per cent penalty and to interest beginning December 1. The suits against the delinquents will be prosecuted.

The tax office clerks speak in high praise over the manner in which County Treasurer Trent pays his taxes. He keeps his payments segregated and does not make the payments in a lump sum. The result is that the clerks at the tax office are saved a great deal of trouble.

AYLETT MAY TAKE A WHACK

AT THE BAND OF BAND ANGELS CONFERRED WITH THE GOVERNOR AND COL. JONES TODAY.

It would not be surprising if further action were taken to force the "Angels" of the band to juggle up the cash with which to bring the boys back home. Something is evidently "doing" in which Governor Carter, Col. Jones and William Aylett, formerly of the band are concerned.

This morning Aylett and Jones were conferring with Governor Carter. The Colonel would not state what the nature of this conference was, nor would Aylett. Both referred the questioner to the Governor. The latter was engaged and could not be interviewed.

Aylett left here as a member of the band and returned about a month ago. It is barely possible that he may be urged to take some legal steps to force the hut of "Angels" to put up some cash to aid the band in returning. Aylett is the only member of the band who is in Honolulu, the others being on the mainland.

as the boys have been working hard. The next game between the Kamehameha I and Punahou I teams will be played at the Kamehameha campus one week from tomorrow. The Kamehameha team will be strengthened by two ends who are said to play a far better game than the two who were in the last game.

SHIBATA MARU LOST A CARGO

FIRST TRIP OF JAPANESE BOAT HERE—BRINGS 200 IMMIGRANTS AND 80 TONS FREIGHT.

With two hundred Japanese immigrants the Japanese steamship Shibata Maru, Captain W. Ekstramb, arrived this morning from Kobe and docked at 9:15 o'clock at the Bishop wharf.

Owing to a freight light at Kobe the Shibata brought but 80 tons of cargo. She was offered from 1,000 to 2,000 tons, but was beaten out of the deal by her competitors who quoted better rates.

The Shibata left Kobe on November 3. Her captain, chief engineer and first assistant engineer are Europeans. The rest of her officers and her crew are Japanese.

This is the first trip of the Shibata Maru to this port. From here she will probably return to Japan.

Rex Flintkote Roofing

The flint coating is a valuable feature of REX Flintkote Roofing. Enormous pressure makes it a part of the roofing itself, giving it a flexible surface as hard as flint on a perfectly elastic non-conducting base. Sparks, burning brands, and cinders falling on it will burn out without injury. It is therefore endorsed by Boards of Fire Underwriters throughout the country. It is odorless and will not taint rain water. Sold in rolls containing 216 sq. feet by
