TYPHOID ON THE ARIZONA

MALIGNANT CASE DEVELOPS THIS MORNING.

Three Other Suspicious Cases—General King Sick—Vessel Will Remain at Anchor Outside for Three Days.

The Arizona left the Pacific Mail wharf yesterday afternoon at 4 o'clock with the Camp Otis troops, bag and baggage, and General King and staff aboard. She sailed out of the channel and anchored outside where she will remain at least three days to see whether any cases of typhoid or other serious diseases will develop from the infection it is feared the men have been exposed to in the camp.

This morning proved the wisdom of this plan. One case of malignant typhoid fever developed, and three cases of high fever the exact nature of which has not yet been determined. The typhoid patient will be brought ashore some time today and the other three patients as well, unless they show decided signs of improvement.

The promptness with which typhoid has developed aboard causes the very gravest apprehension among the thousand men about to start on a twenty days voyage through tropical seas.

General King is himself a very sick man. He is confined to his state room. He has had fever, and while his condition is not considered serious he is suffering a great deal. No one from the vessel will be allowed ashore, except on imperative duty, while she remains at anchor, for this probationary period.

SMALLPOX IN QUARANTINE.

The appearance of a case of smallpox on quarantine island causes no alarm in town. The board of health has a thorough command of the situation. Dr. Day is treating the patient and is also directing a strict quarantine to prevent the spread of the disease to other patients or to the town. The case in quarantine is that of a Japanese who contracted the disease from the man put ashore at Yokohama.

STOCK EXCHANGE.

A block of 25 shares of Hawaiian Sugar was sold on the Exchange this morning at 157 1/2.

Bids were made of 115 for Kahuku, 158 for Oahu, 110 for Olowalu and 100 for Hawaiian government bonds. Asking prices were: American Sugar 105, Ewa 235, Hawaiian Sugar 160, Honouliuli 305, Honokaa 170, Kahuku 150, Kipahulu 110, Oahu 165, Oakala 90, Olowalu 130, Pacific Sugar 235, Pepeekeo 210, Waimea 115, Inter-Island 145, Hawaiian Electric 295.

MARRIED AT LAHAINA.

The marriage of L. M. Vettesen and Miss Lucy Hayselden took place in Lahaina according to announcement, at 7:30 last evening. Rev. Alex. Mackintosh officiated. Miss Ella Dayton attended the bride and Walter Hayselden was best man. After the ceremony a reception was given at the residence of the bride's parents. Dancing was kept up until the arrival of the Mauna Loa at 5 o'clock this morning. The bridal party returned by that steamer to the city this afternoon.

KINDERGARTEN CONCERT.

This is the evening of the concert for the benefit of the free kindergartens. It will take place in Progress hall, and will begin at 8 o'clock sharp. Tickets may be had of the Bergstrom Music Company.

CORPORAL WHEELER.

It has been decided to return the remains of Corporal Wheeler, the young man who died at the military hospital Sunday night, to New York. For that reason the funeral will not be held until a short time before the Mauna Loa sails. The casket will be taken directly from the church to the steamer.

Australia, Camarinos received cherries, rhubarb, asparagus, celery, cauliflower, fresh salmon, crabs, flounders, oysters (in tins and shell), apples, grapes figs, lemons, Burbank potatoes, pure olive oil, dried fruit, new crop of nuts, raisins, etc. California Fruit Market, King Street.

TYPEWRITERS!!

In no line of mechanics is excellence of construction of such vital importance as in Typewriters. The PEERLESS is especially noted for its durability, simplicity and its speed. Considering first cost only the PEERLESS is not one of the so-called "cheap machines," but looking at it from a business point of view, comparing quantity and quality of work, loss of time from breakdowns on steamer days, when the Typewriter is most needed, and cost of repairs, as well as the life of the Typewriter, the PEERLESS is without an equal and is the cheapest machine on the market.

CHURCH CHRONICLE DISCUSSES ON THE DEATH OF BAILIFF CAPT. F. W. FEHLBEHR.

Resolutions Passed an Adjournment Taken for the Day—Crepe in Court Chamber.

The circuit court adjourned at noon today out of respect to the memory of the late Captain F. W. Fehlbehr. Crepe is draped over the stand of the bailiff in the court room and business is at a standstill. The matter was brought to the attention of the court by the following communication: "The undersigned, officers of the court, respectfully submit the following to this honorable body: "It having pleased God to remove by death the late Captain Frederick Wilhelm Fehlbehr, for many years bailiff of the supreme court and of this court, whose career has been one of honesty and upright character, while serving the Hawaiian government as a police officer: "Be It Resolved, That this court, through the clerk, convey by letter its deepest sympathy to the widow and other relatives of the deceased. "Resolved, That the marshal be respectfully requested to send a delegation of his police officers to attend the funeral of his late comrade; and be it further "Resolved, That these resolutions be entered of record in the archives of this court."

Henry Smith, clerk; George Lucas, first deputy clerk; J. A. Thompson, second deputy clerk; Albert McGurn, bailiff.

FOR THANKSGIVING

Mrs. Dole asks the help of the ladies of Honolulu in getting up a Thanksgiving dinner for the soldiers, and will be glad to see all those who feel an interest in the enterprise at her home on Emma street, Thursday, November 10th, at 10 o'clock.

THE TENNESSEANS.

Prove Themselves an Orderly Set of Soldiers.

Up to this writing the Tennesseans have not eaten up anybody, and, on the other hand, contrary to the hopes of some, have acted the part of perfect gentlemen in the streets. The members of the regiment about town yesterday afternoon and last evening were as sober as judges and spent the time looking over the sights. Today more of them are ashore.

The Tennesseans, officers and men, express themselves as delighted with Honolulu. The climate, they say, is just about what they like, and the scenery quite eclipses anything in the south, even Florida. It is a notable fact that the Tennesseans have taken most kindly to the natives. The native policemen on the streets have also been drawn favorably toward the jolly young fellows.

THE OHIO.

The transport Ohio with the Washington troops sailed out of the harbor at 3 o'clock yesterday and by this time is many miles on her way to Manila.

THE BENNINGTON.

The Bennington returned this morning from her practice cruise to Kaula. On account of the heavy seas the men did not get ashore as much as they expected.

DREYFUS CASE.

Generals Who May be Prosecuted Under Penal Code.

PARIS, October 28.—The demand made today before the court of cassation by Prosecutor General Manau, that not only should the unjustly condemned be righted, but that the guilty punished, has maddened the anti-Dreyfusites and caused a panic among the high heads of the army.

The use of Colonel Henry's forgery renders two ex-ministers of war, Mercier and Boisdeffre, and two generals, Goze and Le Peillieux, in addition to Paty de Clam, liable to prosecution under the penal code.

Paris is in suspense, waiting to see whether the court will accede to M. Manau's demand for the prosecution of the guilty parties.

VERY SPECIAL.

If you want to replenish your stock of towels, bedspreads and sheeting no better opportunity ever presented itself. Sachs Dry Goods Co. have thrown out for sale at very special prices their entire stock. Just look it over.

DELICIOUS ICE CREAM.

There is ice cream, but the ice cream served at the New England Bakery is the most delicious in town.

HOW TO RUN AN ELECTION

AN OBJECT LESSON IS BEING GIVEN.

First American Election on Hawaiian Soil—Kansas Gives a Complete Demonstration of the Science.

The first American election on Hawaiian soil is being held today. The elections in three states may be affected by the votes cast in Honolulu today.

Local patriots who feel the stirrings of ambition to control politics in the Islands, if any there be, ought to have been at the Irmgard wharf this morning. The Kansas gave an object lesson in "How to run an election." There was political oratory, the rulling from the chair that settled the whole business, the protest from the losing side on the legal aspect of the controversy, a few broken slates, and then several hours of warm electioneering and heated political argument.

The two battalions were mustered on the wharf right after breakfast. Colonel Funston made a speech in which he said this was a civil and not a military proceeding; they were all on a level, and shoulder straps and chevrons didn't count. The subsequent proceedings proved he was right; shoulder straps and chevrons didn't count. The colonel called the meeting to order and Sergeant B. J. Mitchell of the quartermaster's department and Sergeant Teft of Company E, Republican and Populist, were nominated for chairman. Mitchell was chosen. It is a Republican regiment. Then there was a long debate as to whether there were three parties to be represented on the board of judges or only two, the Democrats and Populists having nominated the same state officers. The Democrats and Populists each claimed the right of representation. On their behalf the latest election law was cited. The chairman fortified his political preferences by pointing out that this voting was to be done under a law passed during the civil war and ruled that there were but two parties to be represented, the Republicans and Fusionists. A protest in writing was filed by Captain Christy. Then the slates were broken. The commissioned officers, it is said, had a slate for the board of election to put through. The shoulder straps didn't count. The enlisted men rose in the power of their numbers and elected Sergeant Hopkins and Corporal Hook, Republicans and Sergeant Simpson, Populist, as judges, and Private Steele, Republican, and Sergeant Long, Democrat, as clerks.

A table on the wharf supported the ballot box and voting began at once. Out of the 800 men there are about 450 or 500 entitled to vote. The others lack age or residence qualifications. The polls will not close till 6 o'clock. The political statisticians and election result forecasters, give Stanley, the Republican candidate for governor, about 300 votes, and Leedy, the Fusion candidate, 150 to 175. A full state, congressional and legislative and county ticket is being voted.

On the Arizona, the Pennsylvanians are voting, and out at Camp McKinley the New Yorkers are registering their preferences between Teddy Roosevelt and Van Wyck.

POLICE COURT.

In Judge Wilcox's court this morning Lai Sut was fined \$50 for having opium in possession. Charles Winter paid \$3 for assault and battery on Paul Maniuli. Kamaooha was taxed \$5 for cruelty to animals. The haole and native who had a fist mill on the grounds of the Judiciary building Saturday night were fined \$6 each for prize fighting. The Ed Aldrich forgery case is being heard by Judge Wilcox this afternoon.

INDIANA'S SAILING.

The transport Indiana will sail at daylight tomorrow morning provided a member of Company K, Kansas, who has a pass up to 10 a. m., can be found. If the man cannot be located the steamer will simply have to wait until his time is out, which is 10 o'clock.

HOW MISS PUNAHOU WAS CALLED BACK.

"Hello, Jack! I saw you and Miss Punahou together last evening." "Yes, we have made it all up, and I must thank Mrs. Naphthaly, the milliner in the Love building, for it. She has just received some new hats from the states in time for the Nance O'Neil season. I bought one of her latest matinee hats, sent it to Miss P., and you will see us at every matinee of the season. Doesn't that beat your peace protocols?"

LABRADOR LABEL.

The schooner Labrador label case was before Judge Stanley this morning. Marshal Brown submitted the testimony of the Japanese cook as given in the criminal proceedings against the crew. The court took the matter under advisement.

BOYS IN BLUE.

New Yorkers Leave for Hilo—Tennesseans March in Parade.

The town was filled with martial music and the steady tramp of moving soldiery this morning. Two companies of the New York regiment with the band in heavy marching order and accompanied by four wagon loads of equipment, came in from camp to go on the Kinaiu to Hilo. There were 189 men in the detachment, mostly from Companies L and M.

The Tennessee regiment, Colonel Smith commanding, came ashore about 10:30 this morning for a march and drill. Headed by the band the column proceeded up Fort street to Hotel, out to Miller and to the baseball grounds. The movements in the manual of arms in town and the drill on the outskirts were very pretty. The southerners were the recipients of many compliments.

President Dole reviewed them in front of the Executive building just before noon. The chief executive was accompanied by his cabinet, Major Potter and Captain Paul Smith.

HEAVY WEATHER.

The James Makee was weather bound a week at Hanamaulu. The Waialeale reports heavy weather on the other side of this island. The Mauna Loa reports heavy seas on the Hawaii and Maui coasts.

BOYS ARE GRATEFUL.

Camp Otis, November 7, 1898. Editor Star: Sir—Will you please give us space in your paper to express our sincere thanks to the people of Honolulu. Their kindness to us since our stay in your city shall never be forgotten. To Mr. and Mrs. A. E. Weirick, our thanks are especially due. Caring for a number of our boys while sick and in other ways we shared their kind hospitality. They shall always occupy a warm place in our hearts. CO. A, FIRST NEBRASKA VOLUNTEER INFANTRY. Per HERBERT WALSH.

BENEFIT OF PEERAGE.

Everyone may not know what the term "benefit of peerage" implies. A peer can demand a private audience of the sovereign to represent his views on matters of public welfare. For treason or felony he can demand to be tried by his peers; he cannot be outlawed in any civil action, nor can he be arrested unless for an indictable offense, and he is exempt from serving on juries. He may sit with his hat on in courts of justice, and should be liable to the last penalty of the law, he can demand a silken cord instead of a hempen rope.

THANKSGIVING DINNERS

THE STAR'S SUGGESTION MEETS WITH APPROVAL.

"Solitas" Writes a Sympathetic Letter on the Subject—Loneliness of the Stranger on Fete Days.

Editor Star: Your suggestion that the citizens invite soldiers to a homelike Thanksgiving dinner is a noble one and worthy to be placed with many other unselfish suggestions of The Star. If heeded it can only result in good; to the guests, in inspiring them to greater good will and manliness; to the hosts, in cultivating within them the spirit of benevolence, social righteousness and brotherhood. Why couldn't this happy suggestion find expression among all classes of our citizens who have homes and extend to all classes of men. There are many young men in the city who are not soldiers, also women, who have lived here for months and not been inside a home since they have been here. They will miss Thanksgiving day so much, and will be as homesick as the soldiers. There is no loneliness more intense than that which comes to a man on special fete days, when among acquaintances, who supposing him to have other friends, leave him to himself. Such loneliness fosters discontent and is a moral loss to the community.

SOLITAS.

CAPTAIN F. W. FEHLBEHR.

The Old Bailiff of the Courts Succumbs to Paralysis.

Captain Frederik Wilhelm Fehlbehr a native of Germany, aged 72 years, for about twenty years bailiff of the circuit court, died at his home shortly after 3 o'clock yesterday afternoon after an illness lasting over a year. The funeral was held from the Catholic cathedral at 2 o'clock this afternoon.

Captain Fehlbehr first arrived in the Islands in the year 1843. He was then a sailor. After several trips to the Arctic he, in 1855, settled here permanently. At that time he was married to Miss Margaret Hall of Waimoa, Hawaii. In 1873 he was appointed on the police force and from that position was transferred to that of bailiff of the circuit court. In 1896 he sustained a stroke of paralysis, from which he never recovered. In consideration of his long and faithful services the last Legislature granted to Captain Fehlbehr a small pension. Deceased was well known. He was connected with the local courts, so long as to become a most familiar and important factor in it. He served successively under all the judges since about 1875.

ONOMEA MANAGER.

J. T. Moir has the managership of Onomea in place of W. W. Goodale, who goes to Wailua, says the Hilo Tribune. Mr. Moir has been engaged in plantation work on Hawaii for ten years or more and has worked up from ordinary field luna to the managership of one of the most important plantations on the island by force of character, good judgment and steady work and perseverance. He is among the most highly respected citizens of the island and has the complete confidence of the Honolulu agents. His latest piece of good fortune is learned by his many friends with pleasure and he has their best wishes in his new position.

If every man would fight as he talks the earth would very soon be depopulated.

TUESDAY, NOVEMBER 8, 1898.

According to the those who saw the fire at Kailhi yesterday, had there been water the blaze might have been put out before much damage was done. Thus again the limited water supply of the city is brought patently before the community.

The conditions in Cuba, according to Charles Pepper, correspondent of the Washington Star, are bad indeed. The Spanish soldiers are waiting for they know not what, and they have to eat meanwhile. As they have neither money nor rations they live on the surrounding country. It will take Cuba some years to recover from the present state.

The study of Spanish will occupy a good many people on the mainland. Of course in the long run Porto Rico will become as Americanized as California, but for a long time much of the business both public and private will have to be carried on in Spanish.

An extract from the Anglican Church Chronicle which appears in another column gives the views of the Rev. A. Mackintosh upon the present controversy in the Episcopal church.

THE CZAR DISAPPROVES.

The Czar of Russia does not view the visit of the Emperor of Germany to Jerusalem with favor. To the ordinary looker on there really seems no reason why there should be any friction because a crowned head made a trip which any ordinary gentleman takes, but there are reasons.

Russians are an intensely religious people. It is difficult for the western Christian to understand how deeply religious the Russian is. We have instances of deeply religious people among ourselves, but our religion is not thrust forward in our ordinary daily life. With a Russian it is different. A Russian never passes a church without crossing himself. In every room in his house he has an icon of some saint, and when he passes he crosses himself; the very lowest drinking booths contain them, and the lowest drunkard never forgets his religious duty. In the shops it is the same, in the offices the same, the Russian's symbols of religion are ever before him, and his religion is a part of his daily and hourly life.

Now under the rule of the Moslem there are many millions of Christians who are of the same faith as the Russians. Russia received her Christianity from Constantinople along with a Byzantine Princess. The double eagle of the Eastern Empire, together with the title of Caesar (Czar) is claimed from that connection. When the Turk overthrew the empire and enslaved the Greek Christians, Russia remained the representative of that form of Christianity and for centuries has done valiant battle against the followers of Mahomet.

The Czars of Russia regard themselves as the protectors of the Greek Christians under Moslem rule. It was upon a question of protection of Christians in Jerusalem and the ownership of the keys of the Holy Sepulcher in that city that the Crimean war was ostensibly fought. Every war that is directed against Turkey is regarded by the lower class Russian as a religious war, and he would hail with joy the day when his long haired and gorgeously vested priests shall intone the ancient Gregorians under the dome of St. Sophia.

That all this religious fervor is used for political purposes by the Czars is perfectly true. The House of Romanoff, with its strong German strain, is not as deeply imbued with religious fervor as the pure blooded Russian, but that only adds to the reasons for the Czar's resenting the Emperor's visit to Jerusalem.

Posing as the Czar does, as the protector of the Eastern Christians, he cannot view the entry of the Emperor William into Jerusalem without some feeling of jealousy. The latter has visited the holy city in great pomp and state and it is manifestly not to the interest of the Russian Czars that the Eastern Christians should actually see before them all the brilliance and glitter of another Em-

peror. The Russian Czar feels that his Imperial brother is poaching upon his own grounds, and what seems only a visit of natural curiosity may have its influence upon politics and national alliances throughout Europe. It is a case of great oaks growing from little acorns.

HOME HUNGER.

A letter from "Solitas," which appears elsewhere deserves some thought and will explain the actions of many a young man. To be without a home and home surroundings, never to put one's foot into places where woman's deftness and woman's dainty ways make a perfect home, is very, very dull and depressing indeed. A young man may be well nurtured, well brought up, well behaved and he may live in a city full of homes, yet never see the inside of one.

The deadly dullness of life which consists of taking meals at a restaurant, working in a store, and then going to a solitary bed room to read, write or brood upon the memories of a home that has passed away and can never return can only be realized by those who have had actual experience of it.

It is the duty of those who have homes to try, once in a while, to give "Solitas" and others like him, a glimpse of home life. He wants no elaborate entertainment, he wants no formal party, all he wishes is a slice of your mutton and the genial conversation around the table which comes of home life. It is the freedom from utter conventionality that he craves for, and the atmosphere of rest and love which makes home what it is.

There are many homeless ones among us now, earning good wages, it is true, never lacking a meal or anything like that, but who do lack the kindly pressure of a loving hand, and the warm feeling that a kindly heart engenders. Poor fellows, they have Home Hunger.

THE WORLD MOVES.

We have only to go back to the time of Charles I. to come upon the discovery of the circulation of the blood. To day we understand that the life of the body is in the blood, and that impurities in it are the seeds of disease. Whatsoever improves the digestion and stimulates the Liver, Lungs and Kidneys, drives out these impurities, or disease germs, and enriches the blood, and is, therefore, the source of health and strength. Thus far in the history of medicine nothing has been so successful in this as

WAMPOLE'S PREPARATION.

of the nutritive properties of Pure Cod Liver Oil, with Hypophosphites, Malt and Wild Cherry. It makes fat which is like fuel to the system; is scientifically combined, and a specific for Fevers, Bowel Complaints, Debility and wasting diseases. There is no bad taste to it. You get all the curative properties of the cod liver oil, but not a whit of its offensiveness. How different from the old-fashioned mixtures! Well, the world moves, and this remedy illustrates the fact. It is a scientific modern combination of the best of curatives made palatable as honey. Sold by all chemists.

Of the multitudes who have used our preparation, or are now using it, we have never heard of any one who has been disappointed in it. No claims are made for it except those which are amply justified by experience. In commending it to the afflicted we simply point to its record. It has done great things and it is certain to continue the excellent work. There is—we may honestly affirm—no medicine which can be used with greater and more reasonable confidence. It nourishes and keeps up the strength during those periods when the appetite fails and food cannot be digested.

that we chiefly pride ourselves. These are in use on nearly every plantation on the Islands. Only within the last three weeks we have sold a number of the large plows to take the place of plows from other firms which had been returned as unsatisfactory.

The great advantage of the Perfect plow is that it requires less animals to draw it, and cuts an excellent furrow without digging down.

Hawaiian Electric Company.

The cleanest, brightest safest and really the longest run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks." This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Just think it over and make up your mind that you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want.

We have a complete stock of everything in this line and have just received a lot of the very latest designs in chandeliers

Are You Poisoning Yourself?

You might make a single meal of rich pies and cakes, and not mind it. But you could not live on these all the time without ruining your digestion. Yet, week after week and month after month, you allow your brain and nerves to be fed with impure blood. The general debility, thin blood, pale cheeks, nervousness, loss of appetite and depression of spirits, are loud warnings from nature. Your nervous system is weakening. Before the ruin comes take

AYER'S Sarsaparilla

It removes the poisons from the blood, and thus removes the cause of all your trouble. It aids the digestion, strengthens the nerves and supplies the body with rich, red blood.

For constipation take AYER'S PILLS. They promptly and surely cure. Take them with Ayer's Sarsaparilla, one side the other.

WILHELM IN JERUSALEM Turn Your Back

GERMAN EMPEROR REACHES THE HOLY CITY.

Russia Objects to the Kaiser's Trip as Likely to Undermine the Influence of the Orthodox Greek Church.

JERUSALEM, October 29.—Emperor William and Empress Augusta Victoria with their suites arrived in perfect health at the encampment outside of the town today. At 11 o'clock their majesties entered the Jaffa gate and at 3 o'clock they visited the old Church of the Holy Sepulcher. The streets presented a lively appearance and the buildings were lavishly decorated.

BERLIN, October 29.—Emperor William's visit to the Orient is characterized as an imprudent attempt to undermine Russian influence in Turkey, and the position of the orthodox church in Palestine. The Russian clerical authorities fear German Protestant rule in Jerusalem where orthodox pilgrims are ten times more numerous than those of all other creeds together. It is said that Russia in order to counteract the Anglo-German agreement, will come to a closer understanding with Austria, by which these two countries and France will jointly oppose the increasing influence of Germany in the Orient and in no case will they permit Turkish concessions to Germany.

HAWAII ON CANVASS.
Oils and Water Colors by McComas and Blaski.

McComas and Blaski, the two Australian artists who have spent some time in Honolulu leave for America on Wednesday by the Moana. These parties have for the last few weeks confined themselves to the charms of Moanalua, and have depicted it in a way which shows their earnestness and appreciation of this resourceful spot. These artists speak very highly of the courtesy and kindness shown by Mr. Damon.

Mr. Blaski is undoubtedly at his best in a glimpse of the bubbling brook to the right of the road. He has treated his subject in a scheme of beautiful low toned greens, and the effect he has obtained makes one feel very happy, without any apparent reason, which is a compliment to both picture and painter. Again in another view of the creek, he has caught in his square oil a charming bit of nature.

Mr. McComas is the water color man of the pair. He has various bits of nature treated in a way new to this part of the world. He shows one magnificent water color, Manoa Valley, painted to order of E. A. Mott-Smith. It is strong and full of color and hangs together well.

An evening oil by this same artist is noteworthy for its feeling of quiet and suggestion of the time of day which poets love to sing of.

If cleanliness is next to godliness soap ought to possess the odor of sanctity.

Ramblers: \$50

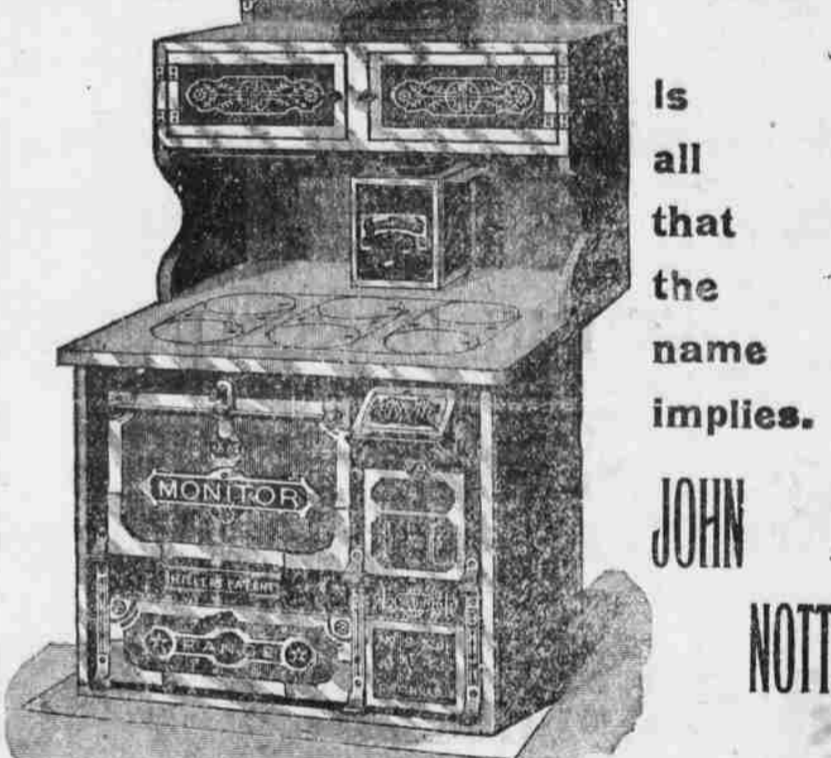

This price on the well known RAMBLER bicycle for the balance of 1898 and 1899 is made possible by the fact that, after careful investigation and consideration by their corps of experts, and consultations with their principal agents and many expert wheelmen, the Gormully & Jeffery Manufacturing Company fail to discover a single particular in which they can improve on the 1898 models of RAMBLERS, which they are quite satisfied are now as near perfect as it is possible to make bicycles. This decision was the means of effecting a great saving in the cost of new patterns, dies, etc., which will now be unnecessary, and this saving has been given to the public in the reduction of price.

Gormully & Jeffery proudly boast of the fact that they have operated their factories continually without a shut down during the entire year, as they have always done in the past, and that this has resulted in the same men working on the same parts of RAMBLERS for many years, thus insuring the highest efficiency and economical organization, and that, notwithstanding the low list price, the latest RAMBLERS are the best they have ever built.

We now have a good stock of 1899 RAMBLERS, and you will find them the same old reliable, popular wheel they have always been.

\$50.00 RAMBLERS, and everything in the wheeling line at

RECEPTION AT PUUPUEO

FAIR BLOOMS THE ROSE OF HILO.

Minister and Mrs. Cooper Throw Open the Doors of Their New Home in Honor of Miss Rose.

Though she has resigned her scepter the Rose of Hilo still holds sway. Minister and Mrs. Cooper throw open the hospitable doors of Puupueo last night for a reception in honor of Miss Anna Rose, who has just returned from the Kansas Carnival, where she was the queen and the recipient of a series of ovations such as only the enthusiasm of the Sunflower State could offer.

The affair had a double significance. Primarily in honor of Miss Rose, it was also in a sense a house warming, the first large social gathering in the new and beautiful Cooper home. Puupueo is the architect's working out of the Hispanio-Mexican style of building which has of late been so highly developed in many important buildings in the United States. In its design, while preserving the original character, the workings out are in perfect adaptation to Hawaii.

The decorations were excellent and in perfect harmony. The central court lends itself to flowers and palms and potted plants. The folds of the American and Hawaiian flags lent generous color to the brilliantly lighted rooms.

Miss Rose with Minister and Mrs. Cooper received at one end of the ball room. Following the reception of the guests there was dancing.

The appointments were excellent. The Government band under the direction of Professor Berger rendered a pleasing program while guests were being received and a ravishing dance program.

The officers of the Twentieth Kansas were present in numbers. The generous invitation of Minister and Mrs. Cooper to Honolulu people was generally responded to. It was a delightful affair.

MISS ROSE, ALOHA.

There was a big crowd at the Kinau wharf this morning to bid good bye to Miss Anna Rose, who sailed for Hilo. She was literally loaded down with leis. Carriages which brought friends blocked the street near the wharf. The government band was in attendance out of compliment to the Queen of the Carnival. Altogether it was a great gala occasion.

WILLIAMS' KINDNESS.

J. J. Williams has done a work for the soldiers here which the boys appreciate very much. He has taken and presented to the companies pictures of every man who has died in the hospitals here. This enables the men to send to the relatives of comrades relatives that will be appreciated more than anything else.

FOOTBALL.

J. Q. Wood has arranged for a bus every afternoon to take the town foot to leave Hobron's corner at 5 o'clock every afternoon to take the Town football team to practice at Makiki for the Thanksgiving day game. Practice has been very indifferent, and Mr. Wood states that unless the boys show up this week the game with the Punahou will be given up.

PAAULO CHURCH.

Senator Northrop, who arrived Sunday morning on the Claudine, sailed this morning on the Kinau. He has just completed the construction at Pauilo, Hamakua, of a beautiful new church, the gift to the people of that region of the late T. H. Davies and Mrs. Charles Nottley. The church is of frame, the main portion 31 by 33 feet, surmounted by a tower, and with an annex to be used for school purposes, 21 by 23 feet. The church is very handsomely finished inside. It is to be used both as a church and for all public gatherings of a suitable nature.

ACRITICAL TIME

During the Battle of Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

THE PACKERS AT THE BATTLE OF SANTIAGO DE CUBA WERE ALL HEROES—THEIR HEROIC EFFORTS IN GETTING AMMUNITION AND RATIONS TO THE FRONT SAVED THE DAY.

P. E. Butler, of pack train No. 3, writing from Santiago de Cuba, on July 23rd, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush, and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect savior of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrades and myself had the good fortune to lay in a supply of this medicine for our pack train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines Iowa. For sale by all druggists and dealers. Benson, Smith & Co., wholesale agents for Hawaiian Islands.

Bailey's Bike Bits

ITEMS OF INTEREST TO BICYCLE RIDERS.

Rubber is very scarce and steadily advancing in price. Bicycle tires and tubes, also Carriage tires, are likely to advance in price; 50 cents a PAIR advance already on some tires. NO ADVANCE WITH US.

The 30 inch wheel will not take the place of the 28 inch in '99 as advertised by some manufacturers. A canvass of various makers has resulted in an estimated output of from 3 to 10 per cent in 30 inch. "The Cycle Age" says it is a passing fad, like the 30 inch front wheel of a few years ago, and the very low head of this year. Proportionate strength has to be followed out to insure reliability, which gains and keeps the popular favor.

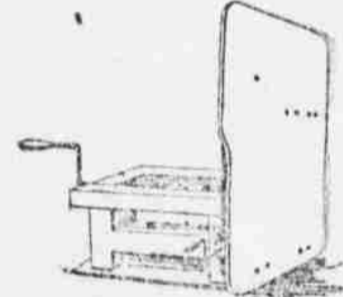

Bicycles will be decorated, and appearance in '99 studied even by those makers who have held back from using transfers, stripping, etc. The demand is for decoration, and Bikes will be ornamented to suit the taste of the purchasers.

BAILEY'S HONOLULU CYCLERY, 23 King street, has good second hand wheels at \$15, with new tires \$20 to \$25. NEW Bicycles \$50, '97 model. The Reliable Stormer Wheels, '98 model, at \$40, guaranteed one year, M. & W. tires.

GENERAL MILES.

May be Shelved by Congressional Action.

WASHINGTON, October 29.—There is a movement on foot among certain military men and members of Congress for a complete reorganization of the war department bureaus in Washington. It may be recalled that one of the chief defenses for whatever blunders were made in the department during the war were laid to bad systems in the Washington bureaus. It is now proposed to reorganize these completely and place them under the control of a major general, who will be responsible for their proper working at all times, and whose only superior will be the secretary of war.

This move is backed by considerable congressional influence. There has been talk that there should be an office created for this purpose and that it might be filled by promoting Adjutant General Corbin to be a major general and placing him in charge of the department of bureaus. This would be rather had on Gen. Miles, as the new officer would not be under him, and there would be absolutely nothing for the major general commanding to do during times of peace if his work here among the bureaus was placed in other hands.
