OPIUM BILL STANDS FIRE

Motion to Reject the Measure Fails in the Senate.

Senator Wright Repudiates Ministerial Direction —Other Matters in Senate and House.

THE SENATE.

The Senate opened at the usual
hour, President Wilder in the
chair.

After the usual preliminaries
Senator Brown gave notice of the
introduction of an Act authorizing
the issuing of Royal Patents
on certain Kapiolani Park leases.

Senator Brown introduced and
read Senate Bill No. 8, an Act to
amend section 1 of an Act entitled
"An Act to extend certain streets
in the District of Honolulu," ap-
proved May 27, 1896, relating to
what streets shall first be extend-
ed. The bill passed at the last
session provided that no street
should be opened until the exten-
sions of Fort and Vineyard street
were finished. The present bill
allows work to be done on the
following streets in the discre-
tion of the Minister of Interior:
Fort, Kekui, Vineyard, Kukuini,
Bates, Puuacota, Mililani, Queen
and Young.

The bill passed its first read-
ing.

Senator Brown next introduced
and read Senate Bill No. 9, an Act
to amend Section 1 of an Act enti-
tled "An Act to further promote
the construction of railways on the
island of Oahu," approved the
15th day of September, 1890, relat-
ing to the time granted for the
construction of steam railroads on
the island of Oahu and the exclu-
sive franchises therein named. The
bill extends the time for the con-
struction of steam railroads on the
island of Oahu from September
of this year to November 2, 1903,
and the time of the exclusive
franchise therein named to Sep-
tember 11, 1903, provided that
such extension of exclusive fran-
chise shall apply only to such
portions of railroads as said com-
pany may construct in the dis-
tricts of Waianae, Waiatua, Koo-
lae and Koolauapoko.

Senator Brown then introduced
and read Senate Bill No. 10,
to regulate the importation and
sale of opium.

Senator Waterhouse moved to
reject the bill.

Senator Edwin seconded.

THE OPIUM DEBATE.

Senator Waterhouse—Let us
be consistent. One of the very
first things the Provisional Gov-
ernment did was to repeal the
opium bill. If we license opium
why not license psakapia, cheta
and the like. It seems to me that
the trouble with the opium busi-
ness is that there is a clash be-
tween the Customs Police
Department and Board of
Health, and that a very thor-
ough investigation is needed.
We have good laws but they are
not enforced. Chinese are un-
necessarily harassed, why not go
after others equally as bad as
the poor Chinese? Might argue for
hours but not change a vote.

Senator Baldwin—I would like
to ask what plan the introducer of

the bill has in regard to it. I
have such respect for the intro-
ducer that if he preferred to have
the bill go to committee I would
so vote, although he has voted
against opium in previous Legis-
latures I would like to know what
his views are.

Senator Brown—I have watched
for two years the opium business
and have come to the conclusion
that the quicker we pass a law
the quicker we do away with
rumors and scandal. Hongkong
opium is \$17 a pound here today
and California \$10. The bill
would prevent smuggling. I voted
against it before principally on
sentiment, the opposition to it to-
day is sentiment and almost en-
tirely among Hawaiians. Not four
weeks ago a schooner from Viet-
nam unloaded a cargo on one of the
islands and I have information
that the Deputy Sheriff was in
with it. My information is from
another island. Senator W
terhouse says there is a clash among
the authorities. The way to bring
them all together is to pass the
bill. That they are members of a
ring is the reason they are pulling
and clashing if it is true they are
so doing. Scandal and stench will
be worse instead of better if we
do not pass the bill. The pen-
alties are severe. The country is
full of it. It cannot come in
without connivance. If the bill
don't answer, repeal it. Will not
make an iota difference to con-
sumption among Hawaiians. In
one district in this island, Koolau
loa, every other native is an
opium smoker. Licensing and
making public would prevent Ha-
waiians going to the places where
it could be got. Laying the re-
venue aside the bill will do more
good than the present laws, be-
sides keeping the business more
under police control.

Senator Baldwin—This is one
of those questions we have to
meet as legislators, not one of
personal preference I have
thought sometimes in view of
here being so much smuggling
that opium ought to be licensed.
Which is the greater evil, the evil
of smuggling or the evil of licen-
sing. I cannot agree with the
Marshal that because we license
other evils we should license the
opium evil. My general view is
that an evil which the community
as a whole consents should not
be used. I would not vote for
prohibition because I know
it could not be carried
out. This bill is advocated
because smuggling is
worse. It may be that the police
are not doing their duty and
should be braced. This is not a
bill merely to place a duty but to
license and we all know what
opium does. Cass. R. Bishop
was a chairman of a committee in
one legislature and he reported
against it after thorough investi-
gation because it was an injury to
the Hawaiian race. Under license
they use it more generally than
when there was none. I am con-
vinced the bill will work evil to
the Hawaiians and for that reason
I will vote against it. Feasibility of
present law is to confine the evil
among Chinese and those who
make it for license it would have
the opposite effect. I had vot-
ed for the bill but first raising
because I believe there should be
more discussion on it.

Attorney General Smith—The
bill ought not to be dealt with
summarily. There is very great
difference of opinion. Am in
favor of following the American
plan of putting on a duty on
opium but opposed to licensing
its use. Its use has increased
whenever it was licensed. The
matter is of too great importance
to be rejected on the first reading.
The great thing to be considered
would be whether the bill would
tend to increase the consumption
of opium or not. No one should
be afraid to discuss the bill
thoroughly and openly.

Senator Hocking—With regard
to clashing of authority in the
matter of the use of opium, I can
state to my knowledge that a
great many of the plantations are
opposed to police interference
with their Chinese for opium
smoking.

Senator Wright—I should like
to have further time to consider the
bill and the wishes of the people.

Senator Waterhouse—I am
sorry that the Attorney General
has come in with his proposal to
delay and his influence against
immediate action. We are not
here as ministerial servants. The
great trouble with our present
ministry is their want of policy.
We are here as representatives
of the people and we are perfect-
ly capable of carrying on our
business without any ministerial
direction.

Senator McCandless said he
represented the imputation that no
amount of argument would change
a vote. He thought differently
and agreed with the Attorney
General and the Senators who
believed in referring the matter to
a committee. The condition of
affairs was such that the police
were now absolutely powerless to
prevent the introduction of opium.
The subject might just as well
be tackled in earnest. I know
of my own personal knowledge
that opium is used freely on every
rice plantation in the country and
that Hawaiians can get all they
want of it. I can verify Senator
Hocking's statement that many of
the plantations are opposed to the
police interfering with their man-
agement of opium smoking. The bill
would save large amounts of
money. I would like to know how
much the government has spent
the last period in hunting for
opium, and I can state positively
that the government has contract-
ed bills for this purpose which it
has not paid and cannot until we
appropriate money.

Minister Damon—The motto of
this government from its incep-
tion is "The life of the land is es-
tablished in right." I have
taken the great that this
Republic is to last, annexation
may come but we should
act as though the Republic was to
last until we know if we are to be
annexed. Are we to make up an-
nouncements of the foundation stones
of this Republic? We must study
the higher development and the
higher standing of this country.
The present laws against the use
of opium are strict enough and I
believe in their enforcement if it
takes one half the revenue of the
whole country.

Senator Baldwin—It is well
known that dishonest merchan-
disers are importing opium with
their merchandise and selling their
goods at cost, relying on the pro-
fits made on the opium. There
must be protection to honest mer-
chants and the government must
provide it. Let the bill go to a
committee.

The yeas and nays were then
taken on the motion, "Shall the
bill be rejected," as follows:

Ayes—Kauai, Lyman, North-
rup, Waterhouse, Rice—5.

Nays—Harrison, Hocking, Bald-
win, Brown, McCandless, Schmidt,
Wright, Wilcox—8.

Under the rules the bill now
goes to a second reading and was
ordered printed.

Minister Damon replied to the
questions submitted by Senator
McCandless and the reply sent to
the Committee on Public Lands.

BAD ACCIDENT.

Mounted Patrolman Thrown from His
Horse and Severely Hurt.

Powell Bordenfeldt, the young
mounted patrolman, was thrown
from his horse near the bridge on
the John Eua road leading to the
beach about 2 o'clock yesterday
afternoon. No one knows how
the accident happened, as when he
was picked up by some parties in a
carriage a few minutes after-ward
he was insensible. He was taken
to his home near by and attended
by Drs. Wayson and Herbert,
who succeeded in restoring him
to consciousness. The whole of
one side of his head and face was
badly bruised and lacerated, and
it will be some time before he
will be able to go on duty again.

The young man was one of the
quietest and most careful mem-
bers of the patrol, and it is a
mystery as yet how he was
thrown, although he thinks the
horse shied suddenly at some ob-
ject. Bordenfeldt had reported at
the police station at 1:30 and gone
off duty, being on his way home
when the accident happened.

THE COLLECTION OF TAXES

Some Interesting Figures from the Tax Assessor's Report.

Estimated Increase for the New Biennial Period Nearly One Hundred and Fifty Thousand Dollars.

The biennial report of Jonathan Shaw, Tax Assessor and Collector, for the past biennial period to the Minister of Finance although short contains much of general interest to the taxpayers at large. The four tax divisions into which the Islands are divided are dealt with under separate heads in the report, and the following is a condensed statement of the operations in each.

FIRST DIVISION.

After stating that there has been a slight decrease in the collection of personal property taxes in the district on the other side of this island, due to the change in the date of assessment, there being fewer laborers on rice plantations in January than in July, Mr. Shaw says the prospects for increased taxes for the coming two years are quite encouraging, and with the new Pali road, the extension of the railroad and the several new enterprises under way, an increase may confidently be expected in every district. He estimates that the collections for the next two years will exceed those of 1897 by \$23,000 a year, which will bring the total collections for the biennial period to over \$700,000.

The collector prides himself on the fact that he got the 1896 Delinquent List published for \$60, and that the Government made a net profit of \$402 on the publication.

During the year 1896 355 personal taxes were collected under warrants and 1311 last year. Six hundred and forty-seven summons were issued in 1896 on delinquent property taxpayers and 903 in 1897.

Until last year the law in regard to the collection of delinquent property taxes has not been enforced. The practice has been to sue and obtain judgment in the District Court and let the matter rest till the taxpayer called and settled. Seventy executions against as many delinquents on the 1896 roll have been taken out, and Mr. Shaw understands that most of them have settled, though the marshal has not yet had time to report upon them. Renewal of judgments obtained against delinquents in former years is to be made and executions will follow.

SECOND DIVISION.

Mr. Shaw complains that the increase in Makawao and Hana districts does not appear as large as it should, as many enterprises for profit situated partly in those districts are taxed at Waialua under the new law.

Collections in 1896 were unusually large, owing to the large amount of delinquent taxes collected in Molokai and Lanai by the new Deputy Collector.

Owing to the opening of Nabiku lands and the inauguration of the pumping system on several plantations a large increase in valuation in this district is expected. Estimated total receipts for the new biennial period in the Second District are \$215,000.

THIRD DISTRICT.

The valuation of real and personal property, less exemptions, amounted in 1895 to \$8,515,584; in 1896 to \$12,665,097; and in 1897 to \$13,504,831, showing an increase for 1897 over 1895 of \$4,989,247. Of the property valuations of 1897 \$10,157,722 were assessed as enterprises for profit.

This large increase is attributed by the assessor to the new tax law providing for the assessment of "Enterprises for Profit" as a whole at their fair and reasonable aggregate value, and also to the natural growth of established industries, increase in the value of land through the building of good roads and the establishment of new industries. Should this continue an increase of \$10,000 a year in taxes from this district may be reasonably

Can't be done!

Try to make some baking powder yourself. Buy the cream of tartar and soda, mix them in the right proportions.

Then imagine that you are the manufacturer, and have to make a profit, and besides, sell it to the grocer at such a price that he can make a profit too.

Ask your grocer to sell you his best cream of tartar, see what it costs, and see if you can make pure good baking powder for 25 or 30 cents a pound.

It can't be done.

THE COLLECTION OF TAXES.

Continued from Second Page.

expected. The estimated collections for the next two years are \$470,000.

FOURTH DIVISION.

The material increase in the taxes in this division for the past two years is attributed by Mr. Shaw partly to the workings of the new tax law changing the date of assessment from July to January and to the methods of valuation, and partly to the extension of sugar plantations on the island, the output of sugar having increased from 42,816 tons in 1894 to 54,414 in 1896. The assessment for 1898 will probably equal that of last year with little dispute and few appeals, owing to the recent tax decisions of the Supreme Court.

SUMMARY.

The increase in the total amount of taxes collected in the biennial period just closed over the preceding one is \$225,838.89. The annual collections for the four years since the monarchy were as follows:

Taxes Collected in 1894.....	\$640,016 32
Tax Collected in 1895.....	592,691 92
Taxes Collected in 1896.....	698,843 15
Taxes Collected in 1897.....	759,703 98

The Delinquent Taxes remaining unpaid December 31, 1897, are:

First Division.....	\$27,025 70
Second Division.....	7,811 80
Third Division.....	2,353 49
Fourth Division.....	94 34

\$37,285 33

Of the above about \$5000 has been collected in the First Division since January 1.

Following are the total estimated collections for the biennial period ending December 31, 1899:

First Division.....	\$700,000 00
Second ".....	215,000 00

SENATE ON BELLIGERENCY.

Committee Report on Allen's Resolution Kills the Amendment.

Washington, Feb. 14.—Senator Morgan today reported from the Committee on Foreign Relations the amendment to the diplomatic and consular appropriation bill offered by Senator Allen of Nebraska, recognizing the belligerency of Cuba. The report, which was quite long, states that the Senate had already acted on this matter and was still of the same opinion and would beglad to have the House co-operate in securing a recognition of belligerency. It recommends that the amendment be tabled, which was done.

Possible, but Not Probable.

The latest phase of the possibility of an embargo between the United States and Spain over Cuba is the possibility of Germany taking up the cause of Spain. A plausible pretext for Germany to fight with Spain might lie in the fact that she might wish to capture the entire supply of the celebrated Rainier beer. Telephone 783.

EVENING BULLETIN.

A. V. GEAR, Publisher and Proprietor DANIEL LOGAN, Editor C. A. PETERSON, Manager

MONDAY, FEB. 28, 1898

Another trust has been wiped out by a judicial decree, the United States Circuit Court of Appeals at Cincinnati declaring that the iron pipe combination existing in violation of the Interstate Commerce Act. The sugar and the oil trusts, however, continue to outwit legislative genius, and the formation of other colossal trusts is a staple item for our news.

Relations between the United States and Spain were approaching a critical stage enough before the disaster to the battle ship Maine. It shows a most remarkable self control on the part of the American public men, press and people that they all, as with one consent, repressed hasty judgment upon that dreadful episode. Cabinet officers and members of the houses of Congress declined, without exception so far as seen, to pass an opinion upon the cause of the disaster pending an expert investigation and official report. Newspapers that had been very outspoken in denunciation of Spanish methods in Cuba, as well as even clamoring for intervention by the United States, exhibited the same reserve. This capacity for keeping its temper under extremely trying circumstances, while the true nature of the immediate cause of excitement is as yet unknown, has perhaps never been more severely tested in the case of the United States nation. It is one of the highest virtues of the Anglo-Saxons, but one which makes them the more terrible when aroused to any fact of outrage upon their rights, their honor or their good disposition. Let it then be hoped by all lovers of peace that the dreadful occurrence in Havana harbor may be proved to have been accidental. The de Lome incident just preceding the Maine disaster had also brought out in strong relief the noble quality of self control on the part of the Americans. There was a prevailing official and unofficial disposition to regard that matter as simply a personal indiscretion on the part of the Spanish Minister, for which his Government might clear itself of all responsibility by promptly disavowing the offense and discrediting the offender. An irritative resolution in Congress, which would have made resentful action against the Minister by the United States anticipate the opportunity to his Government of making honorable amendments, was promptly squelched by a parliamentary device. The consequence was that in a few days President McKinley was enabled to announce that the disagreeable incident was closed forever. It is not necessary to discuss, in this connection, the fact that Minister de Lome was betrayed by a confidential understrapper of the Spanish Legation, the villainy being consummated by the theft of the foolish letter out of the Havana postoffice. When it is stated, as in the foregoing, that just before the Maine disaster the relations of the two countries were approaching a critical stage, reference is made particularly to developments of the very day before that startling event. The morning papers of that date contained news to the effect that Consul General Lee at Havana had forwarded a report to the State Department at Washington declaring that the autonomy scheme in Cuba was a failure. "And, as if to prepare the people for action by this Government," a Washington dispatch of the 13th inst. said, "Senator Joseph B. Foraker of Ohio, a member of the Senate Foreign Relations Committee,

granted an interview tonight, of which the most pregnant sentence is: 'The whole chapter, as it is now being written on the island of Cuba, is one of horror, shocking to civilization, and of such a nature that intervention should be resorted to, if necessary, to put an end to it.' There is a grim possibility that this semi-official announcement of intervention may have been telegraphed to Havana, and its purport have incited some hot-headed Spaniards, having access to the munitions of war, into sending a deadly engine against the battle ship Maine. Momentous issues hinge upon the result of the investigation into the disaster.

AN EVENING OF MUSIC.

Concert at Kaunakapili Church Proves a Great Success.

A fair house enjoyed the concert in Kaunakapili church Saturday evening. There were 14 numbers on the program, though several encores brought the list up to 20 or more.

Piano solos were creditably presented by Miss A. Holt. The mandolin and zither solos with guitar accompaniment by T. Jackson and E. Kaai were well received and encored. Miss Kanoho's singing in the first half was also much enjoyed.

A feature of the entertainment was the singing of Miss Kalam. Though a mere child in years she displayed wonderful powers and a very sweet voice. She was twice encored. Other vocal solos were by Mrs. Makauahoa and James W. McGuire.

MRS. GUNN'S CLASS.

Nearly 1000 People Enjoyed the Exhibition Saturday Night.

There was a jam at Independence park on the occasion of the exhibition by Mrs. Gunn's dancing class Saturday evening. Nearly 1000 people were in the pavilion. The entertainment began at 7:30 and by 8:30 there was not standing room in the place.

The program began with a fancy drill by the whole class, conducted by Mrs. Gunn. Then there was a butterfly polka, cachuca, lancers, Danish dance and an old folk's minuet by 24 children in ancient costume. About 9:30 refreshments were served. Then the ball was cleared and dancing by the older folk began. This was kept up until midnight.

POLICE COURT.

Notes and Beams in the Stern Eye of the Law.

The Police Court this morning was enlivened by the presence of a number of Gibraltars, all dressed in the height of the national fashion and they were attended by several of their gallant who had been dressed by some physician. At least this was the outcome of one of their house rows on Panahi street and seven of them headed by I. Kimi faced the judge on charges of robbery. The examination of witnesses is taking place today.

Forty fan an players were called to answer and their cases will come up tomorrow.

John Rodriguez backman, paid \$10 battery on a cat. From the appearance of the face of the complainant Rodriguez is no novice with his fists.

Five drunks were sent below for the usual period of penance. The libel cases of Editors Norrie and Wright were continued until tomorrow.

Sam Won did not keep the Sabbath day according to law and the judge, after making him listen to a short sermon, sent him home.

Joseph Ferrira and his still used in making okolehao was the central figure today, when Second Judge Peterson opened court the still itself, consisting of a huge zinc boiler and mashpot, together with condensation pipes and tubes, was the most complete affair ever yet brought to light and is perfect in all its details. The case was continued until Wednesday.

An Old Spar.

A story of a derelict near the Islands, published in an afternoon paper, is pronounced a fake. The "derelict" is an old spar, doubtless from the Sound. It was seen by the mate of the Archer. The latest Pilot Chart of the North Pacific, dated at Washington, January 25, has about a dozen dangers to navigation in currents on different sides of these islands. They comprise a schooner's bottom up, boat in the same posture, a ship's punt, large spars and logs, trees and an upright mast.

Weakness and Nervousness.

"I have been taking Hood's Sarsaparilla for weakness of the spine and nervousness, and in a short time it had done me a great deal of good. I cannot recommend Hood's Sarsaparilla too highly. I have never been troubled as much with weakness since taking Hood's." May E. Lewis, E. University Ave., Guthrie, Okla. Hood's Pills are the only pills to take with Hood's Sarsaparilla. Easy and yet efficient.

Death of a Boy.

Perceval Edgar Tinker, son of the Nuanuu street butcher, died yesterday morning of diphtheria symptoms. He was eight years of age. The body was interred in the afternoon in Nuanuu cemetery.

Will Discuss the Oath.

A. B. Loeben-stein, representative from the first district, will address the American League at 8 o'clock tomorrow evening on his proposed amendment to the Constitution. The affair will not be public.

The recent rains have been so heavy that they have filled the reservoirs to overflowing, but at the same time the water has to be used so soon, that it does not have time to settle properly, and the result is that the water is discolored more or less, and is not fit to use. For more than fifty years has PERRY DAVIS' PAIN KILLER stood the test against all remedies prepared to eradicate pain, and today stands at the head of the list among the medicines that are so essential to keep at hand in the home.

It is not a new fangle remedy nor do the proprietors lay claim to any wonderful revelation of the ingredients that enter into the manufacture of this ever popular remedy.

It is perfectly harmless, you need have no fear of becoming habitually inclined to its use.

For Colic, Cramps, Dysentery, Colds, and all painful affections, a few doses will certainly give relief. You cannot afford to be without a bottle in the house.

Your forefathers used it and found it beneficial.

Why experiment with some remedy that is new and its effect on the system unknown?

It has many rivals but no equal.

bringing in Waterhouse and Kluegel; Holt tried to walk over the second baseman and was retired.

Smith was retired at first; Ka'ana flew out to Holt; Cockett and Kekuhua won a bag apiece; Harbottle went out at first.

For an opening contest the game was a good one, and there is every indication that, before the season closes, low scores will be made. Bunting was excellent considering the fine work of both pitchers. There were some passed balls, wild throws and muffs on the field, but on the whole the number of bad plays was comparatively small.

Another game between the same teams will be played at 3:30 next Saturday afternoon. Mr. Cheek is organizing a Y. M. C. A. nine and will play the victorious team in the series of five contests.

The scores by innings on Saturday were as follows:
Punahou... 3 1 6 0 0 0 1 9—20

RECEPTION TO PRESIDENT DOLE.

Riverside Residents Honor the Hawaiian Executive.

Riverside, February 15.—President Sanford B. Dole and party, who are visiting relatives in this city, were given an informal reception at the Glenwood Tavern tonight. It was a brilliant affair, the decorations being especially beautiful. The Hawaiian and American flags draped the walls of the parlors; George Frost, Sr., president of the Chamber of Commerce, acted as introducer, and hundreds formed in line and met the Hawaiian visitor. The reception lasted from 8 until 10 o'clock.

Mr. Dole, in a short speech, said that the annexation treaty would surely pass at this session. He claimed that the Hawaiian Islands would be a source of revenue and protection to the United States. "If the American people only knew the real value of the Hawaiian islands they would not be slow to act on this matter," said he.

A committee from the Chamber of Commerce of Los Angeles visited Mr. Dole at his headquarters at the Glenwood in the afternoon and urged that he visit Los Angeles before his return to San Francisco. This he has decided to do, and arrangements have been made to tender him a banquet in the Angel City Friday evening.

ABHORRENCE OF FOREIGNERS.

Japanese Priests Promulgate Anti-Christian Resolutions.

Victoria, B. C., February 14.—In view of the fact that the treaties are soon to throw sections of Japan open to foreigners there are interesting reports of the Buddhist and Shinto priests assembled in one of the principal provinces to discuss the situation. They have promulgated the following four resolutions and request all Japanese to be governed by them:

First—To cultivate feelings of abhorrence of foreigners and to refuse in principle to sell to or buy of them anything whatsoever.

Second—To refuse absolutely to rent houses or lands to foreigners.

Third—To refrain entirely from using foreign terms in speaking and writing.

Fourth—To positively decline to listen to Christianity.

The Man from Waikapu.

M. S. Decker of Waikapu, Maui, arrived in the city yesterday on the Claudine. Mr. Decker brought with him four horses which he will enter in the races on the 17th of March, and he says they are all winners. He reports affairs on his island as being in first class order except the nerves of the natives who were badly scared by a recent hailstorm. As it was the first known they did not appreciate it, and it took considerable explaining to restore their tranquillity.

Real Merit

Is the characteristic of Hood's Sarsaparilla, and it is manifested every day in the remarkable cures this medicine accomplishes. Druggists say: When we sell a bottle of Hood's Sarsaparilla to a new customer we are sure to see him back in a few weeks after more—proving that the good results from a trial bottle warrant continuing its use. This positive merit

Hood's Sarsaparilla

possesses by virtue of the Peculiar Combination, Proportion and Process used in its preparation, and by which all the remedial value of the ingredients used is retained. Hood's Sarsaparilla is thus Peculiar to itself and absolutely unequalled in its powers as a blood purifier, and as a tonic for building up the weak and weary, and giving strength to the nerves. Be sure to get

Demand for More Battleships.

The Secretary of the Navy has demanded more battleships, and there can be no doubt that Congress will consider his recommendations. Protection is what our seaports require, and fortifications will not adequately supply this. Defense against all disorders of a material type is, however, adequately afforded by the liberal but judicious use of "Rainier beer." On tap or in bottles at the Criterion Saloon. Phone 783.

If you are thinking of buying anything in the way of a carriage, wagon or harness be sure to call in at Schuman's Carriage & Harness Repository, Fort street. AROUND THE CYCLOMERE.

Saturday Evening's Events Were Not Brilliantly Satisfactory.

Redeeming features of the races at the Cyclomere on Saturday night were the playing of the government band and the usual excellent singing by Miss Kanoho. One mile professional race: 1st heat—John Sylva, D. G. Sylvester and Nigel Jackson. 2:43 2/5. 2nd heat Allan Jones beat Bilmartin and Whitman. Time 2:42 1/5. Final heat, in 2:44, with Sylva first, Whitman second and Sylvester third. Bilmartin had a bad spill and Jones ran over him. In the repeat the procession was Jones, Bilmartin and Sylva, time 2:30—five seconds inside the limit.

The two thirds of a mile open amateur had six entries: King Ludoff, the Gile brothers, Damon and Treadway. Both trials were made in 1:47 and a limit of 1:35 was placed on the final, but the nearest the riders came was 1:44 3/5 and it was declared no race. Damon was given first, Treadway second and King third. And then King's protest and threat to ride on the course again could be heard all over the arena, and may yet be resounding among the foothills.

The lap race for amateurs was five times around. Henry Giles won the 1st, 3rd and 4th and Damon the 2d and 5th. Time 4:13 5/8.

The two-thirds of a mile handi capped with Bilmartin at the scratch, Sylva 40, Whitman 60, Sylvester 70, and Jackson 80 yards, was won by Bilmartin well paced by Sylva. Time 1:31.

Then it was announced that the Varney "squad" would not be exhibited, also that there was nothing more to be done or seen, and the crowd went home but not before the opal trophy for the best trial of a mile was awarded to George Martin, and Nigel Jackson had duly punched the head of a man whom he claimed had insulted him.

MURDERERS TO HANG.

Appeals of Two Convicted Japanese are Dismissed.

Two decisions in capital cases were handed down by the Supreme Court today, and Sagate Tsuniki and Yoshida, Japanese, are now awaiting the death penalty for murder in the first degree. In both cases the judgments of the Circuit Court were affirmed. Sagate is a fit of jealousy murdered his wife and child at Spreckleville and attempted his own destruction on the 24th of last July.

Yoshida also killed a woman. She was the wife of one Irie, living at Lahaina, Maui, and was murdered in her yard while washing clothes. The defendant's excuse was drunkenness, but all the facts show a deliberate, unprovoked murder.

If you want gasoline in a hurry ring up Telephone 907.
