LINDSAY DIES OF INJURIES

JEWELER WHO WAS INJURED IN THE RUNAWAY YESTERDAY DIED IN THE QUEEN'S HOSPITAL—WAS IN FEEBLE HEALTH AND SHOCK PROVED TOO MUCH—FUNERAL TO BE HELD TOMORROW AFTERNOON.

Thomas Lindsay, the jeweler, who was run over in yesterday's road accident and so badly injured, died in the Queen's hospital about 11 o'clock this morning of his injuries. He had been in feeble health for some time, and the shock he received yesterday was too much for his weakened constitution. The funeral will take place from the undertaking parlors of H. H. Williams at 3 o'clock tomorrow afternoon.

Mr. Lindsay was born in Edinburgh, Scotland, about 67 years ago. He learned the jewelry business there and when quite young emigrated to the United States and worked in New York city. Later he went to San Francisco and opened a business of his own. From there he came to Honolulu in 1878 or 1879 and opened a jewelry store at Hotel and Union streets. He next moved to Nuuanu street, then

to King near Nuuanu, then again to lower Fort street and finally to his present stand in the Love building at Fort and Paunahi.

He was the founder of Court Lunatico, Foresters, was a Red Man for a long time and was one of the first chiefs of the Scottish Thistle club in this city, and as such was presiding officer when Robert Louis Stevenson addressed the club.

Mr. Lindsay was a widower, his wife having died many years ago. Mrs. Thomas Smith, of this city, is his daughter. A niece visited him here some years ago, and returned to Scotland. Deceased had been living alone for many years on School street near Nuuanu stream.

Mr. Lindsay was a very quiet man and talked with few people about himself. He had the reputation of being upright in business, and fair and square in his treatment of every man.

THE RELIEF BILL PUT OFF AGAIN

PENDING A MOTION TO AMEND SO THAT THE MAYOR'S APPOINTMENTS ALSO SHOULD BE PAID THE BILL TO PAY EMPLOYEES OF THE SUPERVISORS IS DEFERRED UNTIL AFTERNOON—FISH MARKET QUESTION ANSWERED.

Makekau's (minority) report of the Judiciary Committee on the bill to provide for the payment of employees of the City and County of Honolulu came into the Senate this morning. It carried an amendment whereby the approval of the Mayor is required before payment can be made, the intent as explained by Senator McCarthy being to pave the way for also paying the Mayor's appointees who did not work yet verified the poet's words, "They also serve who stand and wait." When the bill came up for action Senator Chillingworth secured delay until the afternoon for the purpose of having members supplied with copies of the minority report. It was said in Senate precincts that eight members were ready to carry the minority report. Some members consider it would be useless to pass the bill if amended as proposed, as it would then only serve to prolong the municipal deadlock. The Mayor might use it to force payment of the horde of his

appointees to subordinate positions as well as those whom the court has decided he had the right to appoint.

One other incident of the morning was the Judiciary Committee's turning down of Senator Coelho's resolution that got after Treasurer Campbell for allowing a fishmonger to conduct sales at auction without license. The author of the resolution intimated that the incident was not closed. A small batch of measures was advanced various stages and the Senate cut early to allow the Hawaii delegation to go down to the boat.

GRAND JURY OPPOSES CHANGE IN LIQUOR LAW

KAUAI INQUISITORS REPORT TO JUDGE HARDY THAT IT HAS WORKED WELL.

"It is the sentiment of this Grand Jury that the present Liquor Law and its enforcement has materially decreased crime on this island, and we wish to place ourselves on record as being opposed to any change in said Liquor Law, it having proven so successful."

The above is the extract from the report of the Grand Jury for the island of Kauai, which completed its labors and made its report to Judge Hardy last Wednesday. This is about the only thing in the report, aside from a list of returned indictments and no bills. The jury expressed its compliments to Deputy Attorney General A. D. Larnack, for able assistance given in presentation of cases.

MAKIKI BURGLAR FOR PEACE IN CENTRAL AMERICA

Another daring burglary took place between the hours of 8 and 10 o'clock last evening in a popular residence section of the city. The victim was Thomas A. Burningham, travelling salesman for E. O. Hall & Son, living at the corner of Lunallo and Piikoi streets, Makiki, opposite the residence of Thomas J. King. The burglar or burglars got away with two valuable gold rings, a gold pin, \$13 in cash and other trinkets of considerable value.

Mr. and Mrs. Burningham had left their residence at 8 o'clock to visit some neighbors. Upon their return at 10 o'clock they found the front door open, and on going into the house found that it had been about as completely ransacked as one could wish for. The articles mentioned were at once missed. Mr. Burningham communicated promptly with the police and Detective Kalakela at once took up the case. He found that entrance had been gained by means of a ladder through a window, the ladder having been left standing. When the burglar left he unlocked and came out of a front door.

Absolutely no clue was left behind by the marauder, except the general one above noted. Detective Kalakela called all of his specials at once to the district and set them on guard, with instructions to watch all suspicious characters seen around there. Each special was given a list of names on the detective's suspect list, with instructions to arrest any of them found that way. Guard was kept until 6 o'clock this morning, without success, however. In discovering new or further information. The department is exerting every effort to locate the guilty party or parties, and in the effort all the names on the suspect roll are being investigated.

KINNEY WOULD RAISE CITY SUPERVISORS

FROM \$50 TO \$75 PER MONTH—THIRD OF A MILLION DOLLARS FOR WATER WORKS FOR HONOLULU AND KAIMUKI NOT FORGOTTEN. WHOLE TO SIT ON RICE'S COUNTY POWER BILLS—COSMOPOLITAN SALVATION.

Ruel Kinney gets the medal for the most startling bill introduced in the House today. He would provide for a raise in the salaries of the Supervisors of the City and County of Honolulu, a raise of fifty per cent, from \$50 per month to \$75 per month. He gives a schedule for City and County officers, payable monthly, but the Supervisors, probably because they are the poorest paid of all public servants, get the benefit of a considerable boost in the Honorable Kinney's proposed act.

There were some interesting reports today. The health committee finds that the roof of the Kapiolani Girls' school in Kalihi leaks and recommends that the girls be protected from the weather and that the Legislature appropriate accordingly. The Salvation Army is recognized as a cosmopolitan benefit and recommended for substantial assistance.

House for \$343,093 for Honolulu water works, nor does he forget the needs of much neglected Kaimuki.
Rice's three bills, House Bills 88, 89 and 90, having to do with the powers of counties and supervisors and the appointment of jurors, will be taken up in Committee of the Whole this afternoon.

SPECIAL CONFERENCE.
The House took up consideration of Senate amendment to H. B. 20, in re assignment of counsel for defense of persons unable to employ counsel.
Amendment provides that in event of any case of "special hardship" counsel might in the courts discretion receive a fee not exceeding \$100.

This means that Honolulu is to have an automatic telephone system and that work will be rushed. Wires will all be placed underground.

In addition, it means the rapid movement of the wireless system, extension among these islands and a re-organization of the automatic telephone with the wireless, this morning returned

FELL IN VAT OF HOT SOAP

John Joaquin de Reis, a Portuguese employed by the Honolulu Soap Works fell into a vat of boiling soap late yesterday and died in terrible agony a few hours later in the Queen's hospital. He was removed on a cot to his home where he has rested easy during the day, the satisfaction of being at home again seeming to have revived his spirits and proven of real benefit.

Mr. Cooke's present condition may be briefly stated as follows: The use of the left arm is entirely despaired of. Feeling in the left leg is slowly returning, and he is able to move the member slightly. It is impossible for him to move about, even in bed. He seems cheerful most times, however, in his affliction.

At his home in Honolulu the patient will have the advantage of every possible attention and convenience, and everything will be done to keep him in a composed and cheerful mood. With these requisites it is confidently hoped that the use of his limbs may once more be restored.

MR. COOKE AT HOME AGAIN

Charles M. Cooke was brought back from Kauai in the Kinau this morning accompanied by his wife, two sons, daughter, physician and two nurses. He was removed on a cot to his home where he has rested easy during the day, the satisfaction of being at home again seeming to have revived his spirits and proven of real benefit.

At his home in Honolulu the patient will have the advantage of every possible attention and convenience, and everything will be done to keep him in a composed and cheerful mood. With these requisites it is confidently hoped that the use of his limbs may once more be restored.

THE LOG-BOOK

The lighthouse tender Kukui sailed at 9 o'clock last night for Kauai, beginning her first cruise in the islands. Aboard of her with Captain Johnson were Major E. E. Winslow, U. S. A. and lighthouse engineer, and Lieutenant Commander Moses, of the U. S. S. Iroquois. On the trip the party will examine the new buoys recently established on the Kauai coast and also the light houses.

The Kinau returned early this morning from Kauai, bringing back C. M. Cooke and party, including the sick man's physician, Dr. Putnam. The Kinau began taking freight at once as she will get away again at 5 o'clock this afternoon on her regular run.

Captain G. E. Piltz was this morning transferred from the Noeau back to the Mikahala on the Molokai run. The vacancy on the Noeau was taken by Captain Sachs, of the Keahou, the later vessel being laid up for repairs. Captain Pedersen, who has lately had the Mikahala on the Kauai run, takes the W. G. Hall.

Frank Poor, wharf clerk of the L. I. S. N. Co., is still laid up and seems to have a touch of pneumonia. His place is being filled temporarily by Mr. Scott, of the Wilder wharf office.

The big Pacific Mail steamship Siberia sailed at 10 o'clock this morning for San Francisco. She took a large number of passengers from here and was given a very fine send-off.

James D. McInerney, local representative of Coffee and Duffy, purchasers of the wrecked Aeon, on Christmas Island, yesterday received the following cablegram from his owners: "Former Aeon disappeared. Assume pirates pillaged then dynamited." This wire is taken with a great deal of salt along the front. The good old days of pirates in the Pacific are now heard of only in story books. Honolulu salts figure that Duffy and Coffee have only a vague idea of the Eben Low expedition and fired the story of pirates in to discourage that enterprise. They would certainly have no object in merely wiring their agent here that they had gone busted—paying some \$2.50 a word for the information. The nigger, waterfronters think, is too plainly seen.

Rev. J. Wilbur Chapman, evangelist, and his singing comrade, Mr. Alexander, will be in Honolulu April 1 and 2 on their way to Australia. A meeting will be held in Central Union church to hear them.

SIXTEENTH DAY.
Afternoon Session.

The House yesterday afternoon resolved itself into Committee of the Whole to consider House Bill 74, biennial expense appropriations, with Representative Like in the chair beside the House clerk but nothing was accomplished and the Committee, after a lot of confusion, rose to report and ask leave to sit again on Wednesday afternoon.

Kaleiopu wished to hear from the Secretary as to the necessity of the first item: "\$5,400 for Adjutant General."

The Clerk announced that the Secretary would not be able to attend until Tuesday morning. Action on this item was therefore deferred.

Since the Secretary of the Territory was absent, action had also to be deferred on all items coming under the Governor's and Secretary's departments.

Action was likewise deferred on election expense items.

Rice said: "I do not believe we are accomplishing very much. I move we rise, report progress and ask leave to sit again."

Sheldon said the Attorney General was present. His departmental matters could be considered and if anybody had any axes to wield in his regard, let them now wield them.

Rice withdrew his motion, remarking that the Attorney General was the only head of a department ready to serve the house. Rice moved to consider Attorney General's department let us and defer all other items.

Kaleiopu wanted the Sergeant-at-Arms sent after the public librarians that his items be considered.

Rice's motion to take up consideration of Attorney General's department carried.

Cohen wanted to know how the Committee of the whole could act intelligently until it was known whether there was to be an increase in revenue or not and the finance committee should have acted before this in regard to information. He moved to defer the whole matter until there was a report from the finance committee. Douthitt seconded the motion.

Correa said this would not simplify matters a bit. Was the appropriation bill to be held back till the finance committee reported and, if so, when was the finance report coming and what difference could the report on taxation bills make?

Kaleiopu retorted. The Auditor had estimated the Territory's coming revenue. That was enough to proceed on. The finance committee had for fifteen days opportunity to report. He desired to proceed at once. At this rate there was likely to be an extra session and the members would have to serve over time without pay.

Douthitt said there had been public meetings on taxation. Why not wait and find out the status in regard to what money was to come in during the coming biennial period? Otherwise it would be a sheer waste of time to go ahead now and cut or raise or decrease items. "We've got to find out what money we have before we proceed. The finance committee has as yet failed to come to an understanding with itself as to what to recommend. Let us await this committee's report. This work may have to be done all over again and what's the use of biting twice at a cherry." Douthitt moved to defer until a week from today.

Kaleiopu suggested to defer until April the first.

Shingle moved to rise and report and ask leave to sit again on Wednesday. He thought the finance committee would before then be able to define some policy in regard to taxation bills now in that committee's hands.

Kanoho favored deferring action, for there were several items in the bill which surprised him. Certain salaries had been reduced. "Now if there is enough money coming, why should these salaries not be restored?"

Sheldon cried aloud that something de bone. That the committee of the whole at least inquire of the Attorney general, who was present, the only government officer present, what he would require.

Cohen believed the Attorney General to be in a delicate condition; he was placed in an embarrassing position, for he would be asked if he could get along with certain appropriations and he might say he could when he really needed more.

There were pertinent cries of "Question! Question!"

There appeared to be two questions before the House committee: Motion to proceed and motion to defer until Wednesday. A show of hands was unsatisfactory and a standing vote was taken. Motion to proceed at this time was lost.

Cohen said that as a member of the finance committee he would be ready to report tomorrow.

It was not an individual report that was wanted, said Kaleiopu.

Sheldon thought a report due and not from any one member, but from the finance committee.

Cohen seemed to feel that he had

been understood to place himself as the entire finance committee.

Sheldon said he meant no such idea. Cohen didn't want any personal allusions, anyway.

Afonso suggested that the Attorney General's services be dispensed with until he was wanted. (Laughter.)

The motion to defer until Wednesday, was sought to be put. A rising vote was called for. Members stood but soon again seated themselves on some one rising to a point of order. The chairman, Like, hardly knew where he was.

Afonso wanted to know if a vote had been taken and what it was.

Kanoho advised an "aye and no" vote to be called and checked by the clerk.

Cohen rose to a point of order and declared the rules of the House applied to Committee of the Whole—certainly an "aye and no" vote could be taken.

Sheldon remarked that the rules had been suspended (laughter).

Finally a standing vote was taken and carried to the effect that the committee of the whole rise and report progress.

The report to the House reported "progress" and asked permission to defer action until March 10, at 2 p. m.

BILLS REFERRED.

House Bill 109, to amend Section 12 A, Chapter 6, Act 39, Session Laws, 1905, by adding a new Section, 12B, providing for maintenance of residence of Supervisors after election, Kawewehi's measure, was referred to the miscellaneous committee.

House Bill 103, to amend Sections 42, 69, 73, 76, 78, 83, 89 and 96, Revised Laws, and to amend Act 26, Session Laws 1905 in re registering and voting introduced by Kanoho, was referred to the Judiciary committee.

Senate Bill 48, to repeal Section 259, Revised Laws, relating to covenants for renewal at auction of certain government leases by Senator Woods; was

referred to committee on public lands and improvements.

WHAT IS A GARAGE?

Carley introduced a bill to define the meaning of the word "garage," as used in Act 56, S. L., 1907, amending Chapter 102, Revised Laws, "garage" to mean "a station, repository, storage room or repair shop for automobiles" as defined in Webster's Imperial Dictionary, edition of 1905.

Afonso introduced a bill to set aside a piece of land for a public park at Makena, Waialae, Hilo.

THE FURTADO. THE MORE.

Furtado produced a bill regulating compensation of jurors in courts of record. Those who reside within 15 miles from court shall receive, in addition to mileage of 10 cents a mile, the sum of \$3 per day, for each day's actual attendance. Those residing at a distance greater than 15 miles, shall

receive \$3 for each and every day from the first day of attendance until discharged by the judge.

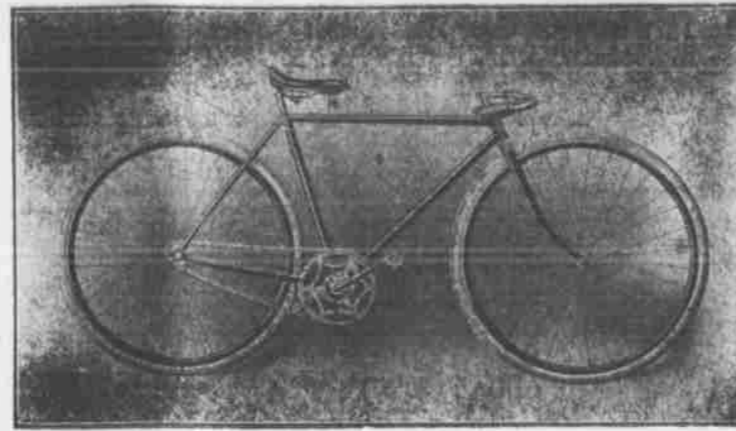

The Secretary of the Territory informed the House that he had forwarded to Washington copies of the concurrent resolution relating to a visit here of congressmen.

Kealawa presented a resolution to prohibit the use of drag and seine nets in Hilo day, calling on the Judiciary committee to draft a bill, Douthitt volunteering to himself draw a bill after there had been a complaint that the Judiciary committee was already rushed with work.

The military committee recommended the passage of Kealawa's bill to make Lincoln's birthday a holiday.

A CLERGYMAN'S OPINION

Time was when men were ashamed to admit that they owned an interest in a mining proposition. They bought mining stock on the sly and kept it dark from their friends and families because they regarded their investment as a pure speculation, a bet and a gamble, and a long chance. But times have changed in recent years, and so has mining. The mining business has advanced just the same as has the sugar business. Men of national importance, identified with banking, insurance, railroads and the leading industrialists are now interesting themselves in mining because mining has been reduced by modern methods, a knowledge of geology, and the expertness of modern engineers to a science and a sure thing. Mining is today a very important and basic business and it's a good deal safer than most businesses according to the tale of tell-tale statistics. Also it is one of the cleanest business under the sun. A Methodist minister was recently reproached by one of his flock for identifying himself with a gold-mining proposition, and this was his retort, in substance, in an open letter published in his local broadsheet:—

"Conscientious scruples AGAINST buying stock in a gold mine? I have no such scruples. I purchased my stock as a matter of principle. The Sermon on the Mount and the ten commandments don't come into the matter and theology needn't. The fact is, I admire a miner's wealth. It is clean. There is 'no blood or orphan's or widows' tears on it. It is acquired away from the scheming and cut-throat competition that characterizes ordinary ventures, where the success of one man so often means the disaster and downfall of some other man, or, perhaps, a number of men. Nobody has been pinched; nobody has 'been wronged. The miner who digs a fortune out of the ground has the satisfaction that he hasn't 'robbed a soul, even though he becomes a hundred times a millionaire. As I look at the matter, there 'are few producers of wealth. The many live on the few. The only man comparable with the miner is 'the farmer. He gets what he has direct from nature, but he produces perishable wealth. While he 'meets a want, his contribution to the world's wealth therefore is not a permanent one like the miner's. 'The gold miner is today the king wealth producer of the country, and I honor him above all others. It 'is no dishonor; it needs no apology to emulate his example or assist him in his efforts. That is the 'whole question in a nutshell."

And who shall say that this clergyman wasn't right, he his critic a Methodist, an Episcopalian, a Catholic, or a Chinese Confucian?

Apart from being the cleanest business, mining is one of the best and safest and soundest and most conservative business under the sun PROVIDED you get into the right mine with the right people. The "MAYFLOWER" Mine is a proven gold mine and certified as such by the U. S. Government, the Nevada County Promotion Committee who are on the spot, and by several Honolulu gentlemen who have been on the spot, and it is in the hands of honest and honorable men. Its guiding spirit is an American who located and developed by his genius one of the greatest mines that exist in Canada—the "Regina"—a man who was honored on his last visit to Europe by being elected a Fellow of the Royal Geographical Society of England, and that honor is not conferred promiscuously on Tom, Dick, Harry, or your Uncle Annie. Enough said. BUY MAYFLOWER STOCK. BUY IT NOW!

GEORGE F. HENSHALL MANAGER
TUESDAY, MARCH 9, 1909

It is hard to suit some politicians. They have made it quite a favorite theme that the planters did not pay their share of taxes and with Populistic fervor have demanded even that the planters pay all. Now the planters themselves offer a scheme of taxation which greatly increases their share of the general taxation, and politicians are heard kicking.

The Marathon is booming and seems likely to become a great annual event here.

ONE REASON WHY TAXES ARE HIGH—SOME FIGURES.

The plan of consolidating territorial offices is a somewhat belated intelligent application of the county government principle. If this Territory is to have the county system, and no one can doubt that it wants that system, it should have it in reality, and not simply supplement the Territorial system with an additional system. Leave to the Territory those things which belong to the Territory, and give to the counties those matters which are properly for county jurisdiction. The "ordinary business concern," seeking to run our government affairs on a business basis, would quickly discover that our county and Territorial governments overlap in many matters. The Territory and the county maintain two practically identical departments in many cases. A few days ago some figures were quoted in the Advertiser as showing how small are expenditures of various states. Take for example Nebraska, quoted as spending \$1,396,250 and having a population of 1,068,000. This is what the state organization costs in Nebraska, and it is a most striking contrast to Hawaii. Our Territorial organization spends about \$1,250,000 on 170,000 people, taking the same quoted figures. In other words our general organization spends over \$7 per head and that of Nebraska less than \$1. The reason is perfectly plain when it is pointed out that there are ninety counties in Nebraska and several hundred municipalities: the counties and municipalities are made to spend their own money and do their own work. The state administration of Nebraska, for example, never assumes to manage the petty affairs of its counties, such action would be resented as intrusion. The same general principle applies in the Territories, Arizona, for example, which spends very little as a territory, has 13 different county organizations and many municipal organizations. Just how many, we have not statistics available to state. The point is that the State or Territorial organizations in all cases do only their own work, leaving the rest to the counties and municipalities. The Territorial organization here overlaps attempted county organizations almost all along the line, and so government expenses run high.

To be consistent, our lawmakers should adopt one system or another. Those among us who complain most of the large expense and lay the charge that the counties are responsible, do not as a rule pursue consistent policy and really oppose counties. But they acquiesce in county formations and continued Territorial duplications of county functions.

The news that the coming tariff bill will probably revive the war revenue stamp tax of 1898 looks like the end of the coffee tariff.

The discovery that Knox was disqualified to be Secretary of State while an act existed which he had helped as a senator to pass, raising the salary of the office of Secretary of State, his disqualification lasting until the end of the term for which he was elected, means that a lot of members of the Senate are not eligible for Cabinet positions for some time. This is a feature of the salary-raising which probably not a single senator considered.

The every day incidents of heroism which far outclass any enthusiastic bravery of a battlefield are an old theme. Honolulu had two examples yesterday. One was in the saving of an endangered child in a runaway by Robert Okeo. The other was a remarkable example of nerve under supreme suffering. John Joaquin de Reis, after falling into a vat of boiling soft soap and being frightfully and fatally scalded, directed the work of his own rescue and spoke a kind word for his employer, in whose service he had met the terrible fate mentioned.

That rustling sound which breaks the deep silence over federal jobs here to be filled by appointment by Taft is caused by the clicks of the cable operators and the stamp-cancelling machines in the Post Office.

WANT TO RAISE THE MAINE.

A great agitation is on for the raising of the Maine, and it is claimed in many quarters that the government hesitates to raise the wreck because of a fear that it will be shown, by plates outward bent, that she was destroyed by an internal explosion. But was there ever any reason to deny that most of the wrecking was due to an internal explosion? It would be idle to deny that the vessel's own magazines blew up. But a competent court which investigated immediately after the

disaster found that an external explosion had been the first cause. The explosion from inside after that would have bent plates outward if they were first bent inward from the outside. The agitation for raising the wreck is largely on sentimental grounds. There are the bodies of sixty-three sailors in the sunken wreck, and Americans want to bury them with the honors given to the two hundred others who perished in the disaster.

THE HOUSE

(Continued from Page Four.)

It applied to counsel or client, Sheldon found that the bill provided for payment by the Territory, or the amendment so provided and it was not specified from what department the pay for counsel should come.

Rice saw only one "special hardship" and that in case the bill should pass, Douthitt thought the bill should go to special conference and it so came to pass, the Speaker appointing Sheldon, Douthitt and Furtado to be the House conferees.

Senate Bill 33, relating to substitute justices of the Supreme Court, on third reading, was deferred till this afternoon.

The health committee recommended favorable consideration of H. B. 48, repealing Sections 1057 and 1060, Revised Laws, relating to manufacture of poi.

RAISING SUPERVISORS.

Kinney introduced a bill to amend Section 29, Act 118, Session Laws, 1907 to read "the salaries of City and County officers shall be payable monthly at the following rates: Mayor, \$3,000 per year; Supervisors, \$900, which is a raise of fifty per cent; Sheriff, \$2,400; City and County Clerk, \$2,100; Auditor, \$2,000; City and County Attorney, \$3,000; Treasurer, \$2,100; Deputy Sheriff Honolulu, \$1,800; Ewa, \$1,500; Waianae, \$900; Waiialua, \$1,200; Koolauloa, \$900; Koolauapoko \$900.

Kawewehi put in a resolution for \$1,000 for laying water pipes for the village of Waiohinu, aKu, Hawaii.

Hihio entered resolution for \$500 for expenses of the Lahaina water works.

KAWEWEHI'S ESTRAYS.

Kawewehi introduced a bill to amend Section 412, Revised Laws, authorizing impounding of estrays on public highways. If impounding fees are not paid the animals may be sold at auction.

BILLS REFERRED.

The following bills came from the printing committee and, being read by title were referred to standing committees as noted:

House Bill 104, by Kaniho, relating to funds for the payment of the expenses of Counties, sixty per cent of taxes to go to counties. To finance committee.

H. B. 110, by Coney, in re Honolulu sewer system, compelling payment of rates. To land and improvements committee.

H. B. 111, by Coney, compelling payment of Honolulu water rate. To the lands and improvements committee.

H. M. 113, by Furtado, giving Boards of Supervisors the control of liquor licensing. Referred to finance committee.

CITY WATER WORKS.

Kalelopu entered a resolution for \$343,093 to improve the Honolulu water works, for new pipe lines, repair of old pipe lines, electric power station at Nuuanu, installation of high lift pump at Beretania pumping station, boring three wells, construction of reservoir at Punchbowl, new reservoir at Kaimuki, concrete cover for Makiki reservoir, new discharge main for Kaimuki reservoir, labor and material in connection with above. Summary: New installations and reservoirs \$168,085; Kaimuki reservoir, \$40,300; pipe systems, \$134,708.76.

THE ROOF LEAKS.

Health committee in re resolution introduced by Correa, relating to an appropriation for the erection of ade-

quate buildings for the Kapiolani girls home at Kailhi, \$20,000, recommends that not less than this amount be inserted in the appropriation bill. "Your committee has taken particular interest in this matter having made a personal inspection of the home for girls. It has found the buildings in a very dilapidated condition and beyond the stage of repair. The sisters there are doing a good deal of charitable work and even more than should be expected of them. We think the government should provide anyhow weather proof buildings and so recommend."

The same committee has had under consideration the resolution introduced by Dr. Huddy, \$6,000 for the maintenance of the Salvation Army home and reports: "Your committee feels that this institution being somewhat of a public nature should receive some amount of government aid. These people are doing an immense amount of good to all nationalities alike. It therefore recommends that this resolution be laid on the table to be favorably considered when the appropriation bill is under discussion."

FOR GENERAL DISCUSSION.

The health and police committee has had under consideration bills introduced by Rice, bearing on contingent subjects: To amend Section 5, Act 39, S. L., 1905, relating to the general powers and liabilities and limitations of Counties; to amend Section 23, Act 118, Session Laws, 1907, relating to the powers of the Board of Supervisors of the City and County of Honolulu; and to amend Section 1577, Revised Laws, relating to the appointment of jailors (House Bills 38, 89, 90).

"All these bills are of special import affecting all counties in the islands. We are of the opinion that a general discussion over the subject should be invited and recommend consideration in Committee of the Whole."

ABDUCTION BILL PASSES.

Affonso's H. B. 87, to amend Section 2931, Revised Laws, relating to abduction was scheduled for final reading in the House and was passed with amendment which makes it twelve instead of fourteen years as the age of a female without powers of consent.

AGAINST PROCURERS.

Castro's House Bill 92, to amend Section 3161, Revised Laws, defining, and specifying punishment for, procurers and pimps, was on the order of the day for third reading. This passed third reading after Kalelopu had inquired if female procurers were not to be prohibited and Castro had drawn his attention to the fact that the bill specified "whoever" did thus and so.

ACTION DEFERRED.

Senate Bill 52, relating to divorce, was on the board for third reading and was deferred till tomorrow.

Third reading of H. B. 112, Kealawa's bill to make Lincoln's birthday a holiday came up for third reading and was deferred till this afternoon. Sheldon had a resolution for \$5,000 for water pipe to Kekaha, Waimea, Kauai.

PALOLO BELT ROAD.

Shingle resolved for an appropriation item of \$10,000 for the completion of the Palolo belt road in accordance with surveys made.

CITIZEN LABORERS.

Committee on miscellaneous, on S. B. 17, relating to persons employed in the service of the Territory, county or municipal subdivision and on amendments submitted by Kalelopu reports that the amendments do not allow the protection to citizen laborers, and would only defeat the intent of the bill.

FRANKLIN Automobiles

"Which is the best road?" How often automobilists ask that question.

ROADS

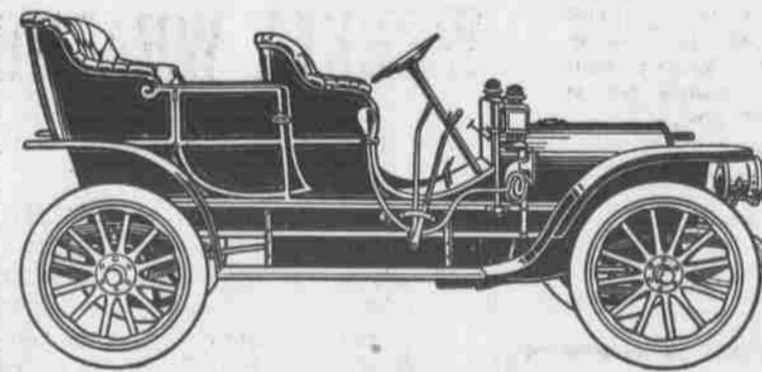

"We had a fine trip except for the roads" is a remark you have heard many a tourist make—showing that automobilists experience discomfort and fatigue, that there is hard riding and difficulty of management, that their automobile is not suited to road conditions.

THE MISTAKE

Go back to your experience with carriages and road wagons. You were very particular as to their riding quality—the kind of springs they had, their weight and the way they stood up. They had to be light, flexible and strong. They had to stand rough roads and at the same time ride easily.

You have not applied these principles to your automobile. You have accepted it as something totally different—a machine the discomforts of which you were obliged to put up with. A mistake.

You can be as particular about your automobile as you were about your carriage. The Franklin automobile, like your carriage, has a wood chassis frame and full elliptic springs front and back. And like your carriage it rides easily. It is light; it stands up. It is manageable. It meets the conditions of Hawaiian roads, gives the highest comfort and pleasure at all times.

WEEKLY WEATHER BULLETIN

FOR THE WEEK ENDED FEBRUARY 27, 1909.

Honolulu, March 1, 1909.

GENERAL SUMMARY.

Usually strong winds, generally "trades," prevailed throughout the week over the entire section.

The mean temperatures were higher than those of the preceding week—and generally considerably so, excepting in the Honolulu district of Oahu, the Koolau district of Maui, and in portions of the Kohala, Hamakua and Hilo districts of Hawaii, where they were slightly lower.

The relief afforded by the rainfall during the preceding two weeks was but temporary, and the need of rain is again being felt in the districts of Hawaii and Maui which have so long and so severely suffered from drought.

The rainfall was below the average for the week of ten or more years at all stations having such records, excepting in the Hamakua and northern portion of the Hilo districts of Hawaii, where it was above.

The deficiencies, in inches, in the several districts were: Kauai—Koolau 1.42, and Waimea 0.87; Oahu—Koolauloa and Koolau 1.12 to 1.41, Honolulu 0.57, Ewa 1.32, and Waianae 1.42; Maui—Hamakua 0.54, Wailuku 0.06, and Lahaina 0.83; and Hawaii—Kona 1.08, Kau 1.26 to 1.32, Puna 1.24, Kohala 0.56 to 0.68, and central and southern portions of the Hilo district 0.14 to 0.97. The excesses in the northern portion of the Hilo district of Hawaii ranged from 0.05 to 1.02, and in Hamakua district of the same island 0.64.

The greatest amounts of rainfall for the week were reported from the windward districts of Hawaii and the higher levels of the Ewa district of Oahu.

The amounts, in inches, in the several districts were: Hawaii—Kohala 0.51 to 0.67, Hamakua 1.59 to 2.08, Hilo 1.56 to 3.12, Puna 0.93 to 2.98, Kau 0.00 to 0.08, and Kona 0.00; Maui—Koolau 1.34 to 1.88, Hamakua and Hana 1.00 to 1.27, Kula trace, Wailuku 0.39 to 0.54, and Lahaina 0.16; Oahu—Koolauloa 0.19, Koolau 0.17 to 1.06, Honolulu 0.59, Ewa 0.20 at the lower altitudes and 1.73 to 2.69 at the higher, and Waianae 0.06; Kauai—Koolau 0.26, Puna 0.00 to 0.23, and Waimea 0.07 to 0.12; and Molokai, 0.23 in the southeastern portion and 1.52 in the interior.

There was more rain than during the preceding week in the Hilo—generally, the southern portion of the Hamakua and interior of the Puna districts of Hawaii; at all stations on Oahu, excepting in the Waianae and the northern portion of the Koolau districts; in the Koolau district of Kauai, and in the interior of Molokai. The differences, as a rule, were not material—the greatest excess being 2.30 inches, and the maximum deficiency 1.98 inches.

The following table shows the weekly averages of temperature and rainfall for the principal islands and for the Group:

	Temperature.	Rainfall.
Hawaii	69.0 deg.	1.39 inches.
Maui	70.6 deg.	0.82 inch.
Oahu	71.4 deg.	0.80 inch.
Kauai	71.0 deg.	0.14 inch.
Molokai	71.6 deg.	0.92 inch.

Entire Group, 70.2 deg. 1.00 inch.

At the local office of the U. S. Weather Bureau in Honolulu partly cloudy and cloudy weather obtained, with rainfall on six dates amounting to .59 inch, .57 less than the normal for the week, and .58 more than during the preceding week. The maximum temperature was 78 deg., minimum 63 deg., and mean 70.4 deg., 0.5 deg below the normal, and 0.8 deg lower than last week's. Easterly winds prevailed on the 24th and 27th, and northeasterly on the remaining dates, and for the week, with the unusually high average hourly velocity of 12.4 miles. The mean daily relative humidity ranged from 66 per cent to 74 per cent, and for the week was 69.4 per cent. The barometer was unusually high throughout the week, and ranged from 30.15 to 30.20 inches. The mean for the week was 30.17, 0.21 inch above normal.

FRAUDS IN TESTIMONIALS BY MEDICAL FIRMS

But Some Are Genuine—A Significant Case of Eczema.

How do medical firms secure the testimonials which you frequently see in print?

This is a question which no doubt every reader of The Star has occasionally asked himself.

ple who feel too grateful for a cure that they allow their names to be used. We ourselves know of more than one case where a man or woman naturally averse to publicity was so overjoyed at finding the right kind of medicine that the cured patient consented to the use of his name in print.

A typical case of this kind—of special interest to eczema sufferers—is that of Robert Sussman, of Toledo, Ohio. Mr. Sussman is a well known furrier in Toledo, and for years he suffered with a severe case of eczema.

He described his case as almost unendurable. About five years ago he was induced to try the oil of wintergreen compound known as D. D. D. Prescription for eczema sufferers. He has gone out of his way to find sufferers and to tell them of this remedy. He has done this without pay, of course, and without even having been requested to do so by the D. D. D. Company. It was simply the fact that his health, his very life, had been restored that made him so enthusiastic. We have recently had another letter from Mr. Sussman in which he offers to write to any eczema sufferer and to describe his case. If any reader of this paper should write Mr. Sussman, we request that self-addressed stamped envelope be enclosed.

Speaking of his own case, Mr. Sussman says: "Six years of intense suffering from a severe case of eczema, to be given up as incurable by sixteen doctors, several of whom were specialists of skin diseases, and then to have tried every known medicine for my ailment without effect, and finally to procure absolute relief and a permanent cure from a new remedy, is an experience that justifies my action in making it known to the public; and I feel that it is my duty to give it as much publicity as possible, so that other sufferers may be relieved. My sympathy goes out to those who have to go through what I did."

D. D. D. Prescription, also D. D. D. Soap, may be had in Honolulu, Hawaii, of the Honolulu Drug Co., Odd Fellows' Building, Fort Street.

LILIPUTIANS A GREAT SUCCESS

Honolulu welcomed the homeward bound Liliputians last night with a crowded Opera house and warm applause. The pleasing little players have improved if anything during their absence, and "The Belle of New York" was an altogether delightful performance. The young favorites of the last season were quickly recognized and applauded, and, as before, they carried their parts with splendid energy and skill.

Teddie McNamara appeared to have grown a bit since he last amused local audiences, and so did some of the others. Johnny Heintz was as delightful as ever and as lively and entertaining as the tough young pugilist, a part in which he always makes an immediate hit. Little Ivy Pollard was as pretty and clever as ever and Miss Eva Pollard, who appeared in the "man" part of "Harry Bronson," was up to the mark. Freddie Heintz was the others in the cast, many well known here, and all of them clever and entertaining were Masters Charlie Donaghey, Willie Howard, Frank Cherry, Miss Ada Hind, Miss Millie McGorlick, Miss Lily Bull, Miss May Martin, Miss Myra Finley, Miss Josie Walsh, Miss Alice Connolly, Miss Gladys

Hind, Miss Dora Stewart, Master Leslie Donaghey, Miss Ethel Naylor, Miss Irene Finlay, Miss Merle Pollard, Miss Eileen Perkins, Miss Rose McGorlick, Miss Ruby Ford, Miss Eva Huzham, Miss Grace Perkins, Miss Dottie Brown, Miss Eva Pollard, Miss May Martin.

The stage settings, music and management were most excellent. Clever dancing, lively comedy and good songs, all given with a vim and perfection that make the little troupe a wonderful collection, combine to make up a very happy entertainment, and it is no wonder that the house was crowded from the top of the gallery to the footlights. The "Belle of New York" will be repeated tonight and tomorrow night, after which it will give way to "Florodora."

A party of Welsh tourists arrived in the Siberia for a stay of some weeks.

You are never late, no time is lost and you are always satisfied if you have a perfect watch. H. Culman, Fort near Hotel has one for you.

MARATHON VOTING GOING ON BRISKLY

Voting in the Marathon competition was very brisk yesterday and a number of notable changes were made in the list of competitors.

Henry Chillingworth received more votes than anyone else and is now in second place, close behind Sheatham.

Cheatham, Frank Bechert and F. Scharsh were the next best gainers. Sam Hop, Nelson, Walsh and Ayres also received fair support.

Dal Fahy and Tom Honan each received a few votes, as did Kopa, Jackson, Lebreseu and Schuman.

New blood was introduced into the competition in the shape of Messrs. Grace, Downey, D. Mahukona and Melvin. Downey starts with five votes to his credit and Mahukona with three.

The standing of the contestants to date is as follows:

E. M. Chestnam	58
H. Chillingworth	56
F. Scharsh	45
Sam Hop	44

The contest will remain open till next Saturday and changes in the standing of the intending competitors will be published every day this week. The contest furnishes a chance for anyone who has an opinion as to what men will be first home or what time the race will be won in, to earn a couple of prizes well worth winning. It costs nothing to enter. All that is necessary is to fill in the appended form and forward same to the Sporting Editor of The Hawaiian Star.

The sender of the list corresponding most closely with the placings of the first six men in the race will receive \$10.

The nearest estimate to the actual time made in the race will gain for the sender a prize of \$5.00.

There is no limit to the guesses allowed but a fresh coupon must be filled out in every case. In case of a tie the coupon bearing the prior date will win.

The contest closes on Saturday March 13 at noon.

The distance of the course from Honolulu to Haleiwa is about 28 miles. The official list of entries is as follows:

Chas. M. Albrecht, Geo. H. Nelson	1
John S. Nascimento, Maurice Lebreseu	2

CHEATHAM SAYS THIRTY MILES

Sporting Editor Star: The distance given by both your paper and the Advertiser of yesterday of the Honolulu-Haleiwa course, with the two short cut, of about 28 miles is away off.

All speedometers show the exact distance without the two cuts as exactly 32 miles. The first cut off, that at Pukaki, will make less than one-half mile difference. The second, that at Kapapa, will make one mile more less, leaving the new course practically 30 1-2 miles.

The distance as the crow flies from Honolulu to Haleiwa is not a fraction less than 22 miles, as a casual measurement of the map will show. There is no way taking every short cut possible, but keeping on the general line of the road to reduce the distance to 26 miles.

This is not guess work, but is authoritative information.

Yours truly,
E. M. CHEATHAM.

Work on the Moana Hotel garage will be started right away. H. F. Bertelmann has the contract. The building will be completed in thirty days.

FIRST DAY'S SALE RECORD

Fight fans will surely have an enjoyable evening at the Orpheum on Saturday night. Dick Sullivan and George Peterson will renew their old dispute and the battle promises to be a hummer. Both men have kept in shape since their last go and both are more than anxious to win on Saturday.

Peterson wants to show the local public that he is Sullivan's master with the gloves, and Sullivan is bent on showing his mastery. The last go between the two men was a crackerjack until spoiled by a foul. The public is willing to consider that foul as accidental, however, and to give Peterson another chance to see what he can do with Sullivan. The bout on Saturday will be fought under clean break rules and should furnish a great exhibition of the game of hit and get away.

The curtain-raiser will be provided by Kid Terry and Corporal Bird, the two lightweights who put up such a rattling mill last Saturday.

This will be followed by an eight-round argument between the durable McCullough and Young Sharkey. These lads made a great showing for four rounds last Saturday night and the

extended course should enable the referee to pick a winner. Bill Helbron will probably be the third man in the ring. The sale of tickets started yesterday and for a first day's sale, was a record-breaker.

PRIZE LIST IS GROWING

The list of Marathon prizes so far to hand follows:
Trophy, St. Clair Bidgood.
Repeating clock, J. Schwartz.
Watch, H. Culman.
Ten dollar merchandise order, Pacific Commercial Advertiser.

Case oranges, Fred L. Waldron.
Case Armour's Veribest canned meats, Fred L. Waldron.
Case Paukahana soap, Fred L. Waldron.

Medal for first man over 30 to finish, management Art Theatre.
Cup, W. W. Diamond & Co.
Prize, Honolulu Brewing & Malting Co.
Prize, W. C. Peacock & Co.

The management of the Art Theatre are giving a prize for the first man over 30 to finish, and not for the first married man to finish, as previously stated. The medal will consist of the Hawaiian coat-of-arms, beautifully enameled, set on a solid gold shield bearing a suitable inscription.

Messrs. W. W. Diamond & Co., have come to the front with an offer of a valuable prize for the Honolulu-Haleiwa race which takes place on Sunday next.

The prize will be a beautiful silver cup and the conditions will be of a novel nature.

The winner of the race, which will be made an annual event, will hold the cup for the ensuing year and it will become the property of any individual who first succeeds in finishing in the first six in the race in any three years.

A canvas is being made of the merchants for prizes and a liberal response is anticipated. There will be over sixty men in the race and as the course is about thirty miles long all who finish will have earned some memento of their effort.

Y. M. C. A. MEN START RUNNING

Dr. Land of the Y. M. C. A. announces a five-mile race for juniors, to take place on April 17. The age limit will be seventeen years. A gold medal will be given to the winner.

The juniors will have their first run on Saturday afternoon. The course, which will be a short one, will be around Thomas Square. The juniors will be divided into two packs and they will run in opposite directions.

The seniors will have their first run tomorrow night. The course will probably be to Kalakaua Avenue and return. The run is scheduled to start at 7:30.

The Y. M. C. A. Marathon which takes place on June 11 will be open to any man who was a member of the Y. M. C. A. on February 27 or to any expired member of the association who may care to renew his membership, before the day of the race.

SPORTDRIFT

Autos are needed for the judges, press and ambulance corps in connection with the Haleiwa race on Sunday. If you can spare your car please notify the committee.

A member of the Marathon committee will go over the course tomorrow to see that the arrangements for refreshments are perfected.

Manager Goodale of Waialua Plantation has offered to furnish a refreshment station on the course near his house in connection with Sunday's big race.

Match races are again being talked of and some of the local ponies are being quietly got fit.

"Jockey" Domingo Ferreira pulled off one of his own peculiar jobs at Waipahu on Sunday. The victim was a Japanese.

There is talk in legislation circles of amalgamating the Public Works, Public Lands and Survey departments. It would have to be done by Congress. James D. McInerney received a cablegram from Coffee & Duffy, Sydney, who bought the wreck of the steamer Aeon at auction, saying: "Informed Aeon disappeared. Assume pirates pilaged, then dynamited."

L. Lesage and L. Manes, Englishmen interested in a sugar plantation in the Indian Ocean, arrived in the Siberia.

WHOLESALE LIQUOR MEN PRESENT CASE

THE SENATE, SIXTEENTH DAY, Afternoon Session.

A report of the Ways and Means Committee on Senate bill to amend the tax exemption law so as to include the trust estate under the will of W. C. Lunallo was presented by Fairchild. A substitute bill is submitted, which amends the exemption clause relating to public, educational, religious and eleemosynary institutions as follows:

"The following property shall be exempt from taxation: real and personal property belonging to the Territory; to the Department of Public Instruction; to incorporated or private schools and in the actual use of such schools; to the Queen's Hospital; to the trust estate under the will of W. C. Lunallo, deceased; to religious societies and in the actual use of such societies, the land of such societies exempt from taxation being limited to church sites and burying grounds, not to exceed five acres in extent, and the Kapolani Maternity Home.

"All property both real and personal of public library associations shall be exempt from taxation."

THE LIQUOR MEN TALK. Fairchild laid on the table a letter to the chairman of the Ways and Means Committee from the Wholesale Liquor Dealers' Association of Hawaii by W. Lishman, president. Following are extracts from the letter:

"It is not the desire herein to characterize any bill concerning the manufacture or sale of intoxicating liquors as the 'best' or 'worst' ever presented or legalized as law. These remarks are intended solely to disclose the object of the proposed amendments and the evils that these amendments are designed to correct.

"It is proposed * * * to eliminate the discretionary powers of the Board and place the exercise of that discretion upon the property holders adjoining the premises to be licensed.

"Were the discretionary powers of the Board subject to some limitation, the act would in that respect be unobjectionable, but the leeway for arbitrary, unreasonable and unfair decisions in respect to applications for renewals, suspensions or revocations of licenses is so great as to make a person engaged in the manufacture or sale of intoxicating liquors the mere puppet of the Board.

"Little is known and less appreciated of the provisions of the existing act. And the discretionary powers of the Board are in themselves ample justification for the amendments proposed in that regard."

Quoting from the law the letter makes these comments: "In cases of applicants other than those disqualified under the provisions of section 18, the Board may grant one or more limited licenses. It may grant or refuse guided only by its own opinion, whim or fancy. It neither assigns nor is it obliged to assign any reason for the refusal or an application. Its stated grounds of refusal (if any are given) may be false and not its true grounds. Its powers of discretion are without limitation and whether arbitrary, unreasonable or unfair there is no redress. It may grant a license to one person in preference to another without reference to any priority in the order of filing applications. Its hearings are secret; its information may be received ex parte. It may take notice of any matter or thing which in the opinion of a majority of its members would be a sufficient objection to the granting of a license. It may consider accusations of which it is the sole judge of whether or not the applicant shall have an opportunity of answering. The procedure upon an application for, a renewal of, a license depends entirely upon the gracious discretion of the Board. No method of representation is provided by the act and can be refused by the Board. No method of cross examination of a protester is provided, nor admitted. An applicant may be charged with a felony and either be in ignorance of it (it having been received by the Board ex parte) or knowing of it be denied an opportunity of either proving the falsity of the charge or catechising the informant."

"After repeating the foregoing sentiments in different language the letter proceeds: "The act provides a method of local option depending upon the desires of adjoining property holders. Failure to secure such consent is an absolute disqualification. Primarily therefore traffic is in the hands of the people and its more substantial portion, the property holders, and yet a Board of five men are permitted to substitute their wishes for those directly, personally and immediately interested."

The Association has the same objections to the Board's powers regarding applications for renewals, saying it may do further, "assigning simply as a ground for refusal that too many licenses existing destroy not only the good will of an established business but also destroy all the stock of goods and merchandise as a salable asset within the Territory of Hawaii. By the act is provided a method of dis-

position of stock in trade and merchandise upon the license becoming bankrupt, making an assignment for the benefit of his creditors, or his decease. In case a license is revoked the licensee may sell the liquor then in his possession to persons out of the Territory or to other licensees. But upon the refusal of a renewal of a license the licensee receives his financial death blow. The good will of his business is gone, and he must find a purchaser for his stock outside of the Territory."

From this the Association again argues at length that the powers are too great for any five men. It considers the same reasons apply to the Board's power to regulate and control licenses, and to suspend and revoke licenses. The discretion is so great "that a licensee is absolutely helpless." Presuming it to be true that on aggrieved person has his remedy at law, the better says: "But what is to prevent the Board, upon action being taken by the licensee in respect to the suspension or revocation of his license, should be prevail in his contention, upon the expiration of his license and his seeking renewal thereof, from denying such renewal? The real reason that he has proved himself recalcitrant and defeated the Board, but upon the stated reason 'that it is for the best interests of the community that his license be refused?'"

The Association then argues the reasonableness of appeals to the courts, as being "above party, saloon or anti-saloon," and cannot be said "less fair than boards." Also, the continuance of a license under bond on appeal is held to be reasonable, as the business being legalized it is "both unfair and un-American that a legitimate and legalized business should depend for its existence upon the mere whim of an officer or board."

Argument is presented for restricting the sale of liquor in restaurants on Sundays to the service of meals, the Association saying, "It is a mistake to say that the proposed amendment simply confers upon a gin mill that extra privilege," and "the amendments are simply declaratory of what has always been considered to be the meaning of that section and intended to remove all doubt as to the manner of the conduct of restaurants under the existing law."

Lastly a plea is offered for a reduction of license fees, the Association saying those under the existing law are proportionately higher than the fees charged elsewhere in the United States. Analyzing the schedule of fees the letter concludes by saying that the reduction "is compatible with existing conditions and the recognized right of everyone to make a living from his occupation or employment. The account books of the saloons testify to small profits and decreasing business; and the Justice of the cut could be verified by anyone who cared to take the trouble to do so."

HONOLULU RELIEF BILL. Knudsen presented a majority report of the Judiciary Committee recommending the passage of House bill to provide for the payment of certain persons employed by the City and County of Honolulu.

McCarthy asked the members of Elections Special Committee to meet with the House Judiciary Committee after adjournment.

Fairchild asked to be released from the Nuuanu Dam Committee owing to pressure of work on committees of Ways and Means and Health.

President Smith appointed Woods in his place.

At 1:30 the Senate adjourned.

THE FUNERAL OF MR. PEACOCK

The funeral of the late Waited C. Peacock took place from the family residence in Nuuanu valley yesterday afternoon, interment being in Nuuanu cemetery. It was under Masonic auspices, about forty members of Hawaiian Lodge No. 21 attending. W. T. Rawlins, W. M., assisted by J. D. Tucker conducted the Masonic services.

Mr. Peacock was at one time quite well balanced financially, but in the past ten years he had sustained some heavy losses, not least among which were the Moana hotel venture and the business Peacock Bros. set up in Australia.

TO ENLARGE PLEASANTON

Judge Robinson signed an order allowing the guardians of the Isenberg minors to expend \$25,000, being \$12,500 of the moneys of each of the two minors, in the erection of a two-story frame building on the premises of the Pleasanton Hotel suitable to be used in connection with the buildings now on the same land as a boarding house or private hotel.

It was shown by the guardians that with the addition a lease for five years of the premises at \$900 a month for the first two years and \$900 a month for the remaining three years is assured. Plans have been prepared for the proposed addition, to contain not less than 25 large rooms and to accommodate not less than 40 guests. As it now stands there are 20 bedrooms accommodating not more than 30 guests, and Mrs. Macdonald, lessee, had given notice that unless the hotel was enlarged she would act on the clause in the lease allowing its surrender at the end of the second term. The present rental is \$3,000 for the first year, \$3,600 for the second and third year and \$4,200 for the remaining two years. Efforts to sell the property have been unavailing.

BONINE AND THE SHARKS

Mr. Bonine's shark-fishing expedition was not a success from a sportsman's point of view; but, all the same he obtained a very fair imitation of the exciting pastime for the edification of eastern people. The dead horse towed out to the shark regions made no kick and was easily photographed; but the sharks demured in the most aggravating manner, not a single finny scavenger showing up to have his "picture taken." Bonine was hot, and said things that struck on the middle distance like brick-bats. But not even a minnow shark would face the camera.

Bonine was not to be outdone however. A shark had been caught by some Japanese several hours before. He was as dead as the old horse and, though he could not founce around and bite holes in the atmosphere, he would not, at least, object to the moving picture machine.

The artist induced the Japs to trail the dead fish through the water. They were pretty good at the trick, however, causing the shark to jump on, hump up and bottom up. At the proper moment a harpoon was swung into the carcass, followed by Jap-power writhing on the part of Mr. Shark. The body of the great fish was then hauled upon the sampan, and the next scene was made to show the Japs cutting it up.

Mr. Bonine is not well satisfied with his films but has little hope of improving upon them, inasmuch as the work of photographing angry sharks is both difficult and dangerous. He will probably use the pictures as they are, leaving his audiences to fill in such omissions as their imaginations may be equal to.

From Honolulu Mr. Bonine expects to go to Asia to accompany Burton Holmes on a tour of Siberia.

Advertising Vitally Essential To Modern Business Life

Fifteen years ago, the most enthusiastic advertiser would not have believed the statement that the time would come when white flour would be extensively advertised. "Advertise the Staff of Life? Never! People cannot get along without flour, and we will get our share of the trade."

But now, the magazines, newspapers, and billboards are crowded with ads for breakfast foods, whole wheat foods, etc., that are claimed to have more nutriment in them than white flour; and, consequently they have created a popular demand for these goods which has forced the miller to advertise extensively to hold "his share of the trade," each endeavoring as best he can to convince the public that his particular brand of "the staff of life" is better than any other brand of white flour.

All this indicates something to the thinking man. He is now coming to see that advertising is absolutely essential to the successful conducting of any business enterprise.

Let us have a talk with you about your advertising.

THE SENATE

(Continued from Page One.)

pending. A minority report had been promised and he asked if it was ready. Makekau responded by producing a minority report on the Honolulu municipal relief bill. It recommended an amendment that consisted in requiring the Mayor's approval of the payrolls in question. Laid on the table to be considered with the bill.

ORDER OF THE DAY. Third reading of House bill relating to bonds of public officers. It amends the law to correct a deficiency shown by the Supreme Court in the Richardson case. The bill passed unanimously with all members present.

Second reading of House bill to provide for the payment of certain employees of the City and County of Honolulu up to March 15. Majority and minority reports were considered with the bill, and on motion of Coelho it was taken up section by section.

McCarthy moved that the section be amended by adopting the minority report. The municipal charter gave the Mayor the approval of accounts. There had been a good deal of politics in this matter. A doubt arose regarding the appointing power and the Supreme Court had decided that it lay with the Mayor. In the meantime the Board had employed persons to perform the various services while the Mayor's appointees held themselves in readiness to perform the services. He believed that in justice the Mayor's appointees should be paid as well as those who had worked. The Legislature two years ago had adjusted a similar dispute for the County of Hawaii. This matter should be decided without politics. Some had advised to let it go and the appointees of the Mayor sue for their pay on the bonds of those appointing them, but he thought the matter should be arranged without prolonging the trouble.

Chillingworth moved that the bill be deferred until the afternoon, the secretary in the meantime to furnish each member with a typewritten copy of the minority report. He wanted to be fully informed before voting.

Fairchild wanted to know how much money was involved. The senate should know the whole business and then settle it with politics eliminated.

McCarthy said the minority report left the matter of payment to the Board of Supervisors, the bill merely enabling it to take action. He accepted the motion to defer, which then carried.

House bill to amend the law relating to tax appeals was referred to the Judiciary Committee.

House bill relating to certificates of Hawaiian birth passed second reading.

The House informed the Senate that it had accepted the amendment to the bill to protect purchasers of real estate from fraudulent conveyances.

House concurrent resolution in support of Queen Liliuokalani's claim before Congress was referred to the Judiciary Committee.

REPORTS. Fairchild presented a report from the Ways and Means Committee on Senate resolution to pay a claim of Levi C. Lyman for \$538.96, finding the claim just and submitting a bill to cover it. The bill passed first reading.

Knudsen presented a report of the Judiciary Committee on Senate resolution that Treasurer Campbell furnish information regarding the sale of fish at auction by vendors without licenses as auctioneers. All merchant broker's licenses have been issued according to law, the committee finds, and if any holders of such licenses are breaking the law the Treasurer is not aware of it.

Coelho said his information was authentic and other measures would be taken in the matter.

The Judiciary Committee also reported favorably on Senate bill to amend the law relating to offenses against the right of sepulchre.

The Judiciary Committee also reported favorably on House bill to make certificates of Hawaiian birth receivable in evidence.

Makekau said the Hawaii members wanted to see the packet Mauna Kea off and moved for recess.

KAWAILANI ON THE REEF

CAPTAIN SAM'S SMALL SCHOONER GROUNDS AND ONE SAILOR IS DROWNED IN THE SURF. Wreck of the schooner Kawailani, swamping of a small boat and drowning of a Korean sailor is the tale of a disaster that came up from Kaneohe, on the Koolau side of this island, yesterday afternoon a few minutes after The Star had gone to press.

The Kawailani is a boat of twenty-five tons and capacity of fifty tons. She was bought by Captain Sam Manu from the marine railway people a short time ago, and "Captain Sam," as he is familiarly known, took her out yesterday morning to Koolau to return with a load of rice and paddy.

At Mokuapu, or just before reaching the point there, the schooner struck a dead calm and a heavy undertow. Despite all the efforts of Captain Sam and his three sailors the schooner drifted upon the reef and struck. After vainly trying to get her off, the four men took the small boat, used for landing purposes, and made for the shore in search of help.

When close to land they were suddenly picked up by a wave and dashed upon the rocks, the boat being swamped and all of the men thrown out into the water.

The two natives and one Korean succeeded in reaching the beach, but upon arrival there found that the other Korean had disappeared. It is thought that he was unable to swim and was dragged down and outward by the undertow which was running tremendously.

Deputy Sheriff Frank Pabis detailed Officer U. Jones to the scene of the wreck, and the latter has kept Alex. Dowsett, agent for Captain Sam, informed of the condition of things.

This morning the Kawailani was hard and fast on the reef, but as the weather is of the very best and sea smooth there is every hope of getting her off.

The small boat had been picked up, but the sailor's body had not been found. An effort is being made this afternoon to get the Kawailani off into deep water. She has no cargo aboard, having left here with only a few packages and the belongings of the crew.

SAYS HAWAII IS THE BEST Chris, Johnson, the veteran boat-builder, has returned from Seattle a somewhat older and considerably wiser man. He left Honolulu nearly a year ago for the northwest metropolis to pick up certain fortune, but according to him, Seattle's boom should be written "Bum," with a big "B."

His tale of the cold, rain, snow, poverty and suffering over there is sufficient to give one the creeps. Alongside of it Hawaii is indeed a Paradise, avers Mr. Johnson.

While in Seattle Mr. Johnson underwent operations for cataract on both eyes, considerably injuring his sight. He is so glad to get back, however, that he is not worrying much about this trouble. He will soon reopen his boat-building works here, probably occupying his old place in Halekaula street.
