There is a logical reason for this preference. Clean, home newspapers, that go home and stay there, have the confidence of their readers at all times and naturally offer the first introduction for an advertised article. ## Hawaii Is A Mill Says Bourke Cockran, For Making Americans

PHILIPPINES IS A HARD PROPOSITION

CONGRESSMAN BOURKE COCHRAN.

Surrounded by local Democrats, gave the signal for "Tammany," the wearing some of Hawaii's blossoms, the Hawaiian band playing "Tammany" with all its might, Bourke Cockran, the famous Tammany warrior and an all-around large Democrat of New York, stood on the deck of the America Maru shortly before noon today and told those about what a fine place he thought Honolulu and how much he wished he could carry a while longer.

This was Cockran's first glimpse of Hawaii. He has been globe-trotting, including a visit to the Philippines. At first acquaintance Cockran might readily be mistaken for a well-to-do tragedian, but one does not have to speak with him long to see the politician—the working politician, not the man who merely talks and then tries to grab all the credit, but the man who works.

The band played chiefly Japanese airs today, in honor of the return of the America Maru to this port. Cockran enjoyed it all, but when Berger

## Parsons Upholds Home Rule

(By Wireless Telegraph.)  
 HILO, October 11.—Judge Parsons has decided against the Supervisors in the mandamus suit against Auditor Maguire. The Hawaii Supervisors claimed the right to appoint members of the police force. The decision upholds Sheriff Keolanui.

## ROMEO AND JULIET OF PUNCHBOWL BEFORE ROBINSON

Melodrama of the highest class was produced this morning by amateurs in Judge Robinson's court. The actors were M. G. Silva, who was summoned to show cause why he should not pay alimony to his wife from whom he was separated by a decree of separation a couple of years ago. At that time Silva was ordered to pay alimony in the sum of \$60 a month, but, as it appears, he has never paid this money.

Mrs. Silva took the stand this morning. She stated that she needed \$10 or \$12 a month for the support of her two children. At this point Judge Robinson took a hand in the game and did his best to effect a reconciliation between the parties. He gave a splendid resume of the joys of marriage and pointed an alluring picture of matrimonial paradise. Attorney Douthitt suggested that the court was reducing Dr. Bell's lecture of the night before to the thirty-cent size, but the court informed him that he did not intend to use the phrenological method.

Mrs. Silva, however, remained obstinate and said she would under no consideration go back to her husband. At this point Silva made his debut. Striking his manly bosom in the most approved stage fashion he declared in a loud tone that his wife was the only woman who could ever make him happy and that he could not live without her. He said that the trouble was caused by his wife's father. This gentleman, he said, had tried for five years to get his wife to leave him. As an example of the animosity which existed between the two families, he said that his wife's relations had refused to attend the funeral of her first child.

Mrs. Silva contributed her part, saying that Silva's mother had opposed the marriage. More facts of the kind were brought out, showing on the whole that Silva had his wife had been sort of a Romeo and Juliet in a Punchbowl drama of the most touching character. Judge Robinson finally decided that a reconciliation was out of the question and took up the question of alimony. Silva showed that he only made \$25 a month out of his saloon and could pay nothing. On this showing the order to show cause was continued for a month.

## Injunction Granted Against Payment Of Warrant

TRENT LOSES BLANKET WARRANT CASE

Judge Robinson this morning finally granted the motion made by E. B. McClanahan preventing County Treasurer Trent from paying the famous Andrew Adams blanket warrant.

This morning Trent filed his amended answer to the motion. Adams also filed an appearance together with an answer, in which that at the time of the issuance of the blanket warrant he had no claim against the County for the \$141, and also that the seven men had signed the warrant, but had received no money under it when they did so.

Both Judge Whitney, appearing for Trent, and McClanahan agreed to submit the matter without further argument. Both wanted the Court to take no cognizance of any side issues which might occur in the matter. They wanted a decision on the two main points only as to whether the warrant was in fact a blanket warrant, and as to whether a blanket warrant could be legally drawn.

Judge Robinson granted McClanahan's motion for a permanent injunction against Trent, prohibiting him from paying the warrant, the grounds being that no legal claim arises by reason of a warrant's being issued to one individual approved for a number of amounts due to a number of amounts, others maturing and accruing at sundry and divers times not expressed in the warrant itself, the Board of Supervisors having no authority to direct

the County Auditor to issue a so-called blanket warrant. It is understood that Trent intends to bring the matter before the Supreme Court for a final decision in the questions involved.

## BOY THREATENED TO SHOOT LADY

"If you give me away, I'll shoot you," young Manuel Gomes is alleged to have said to Mrs. F. Rodrigues on the first of the present month. Wherefore the lady caused Manuel's arrest and that youth, his hair neatly plastered in a suppressed curl over the left lobe of his brain appeared before Police Justice Whitney this morning.

What constituted the "giving away" that Manuel feared, deponent saith not. At any rate the lad was anxious that the lady should not tell and according to the warrant sworn to by her, pointed a revolver at her and threatened to shoot her if she divulged.

Now when Manuel stood before justice in police court this morning, Prosecuting Attorney Frank Andrade announced that the complainant had no desire to press this matter—he was charged with using threatening language—and the court discharged him.

One Stahl, a bluejacket, and one Firdell, a khaki-coated, big-moustached warrior, were charged with having been drunk in a public place. Stahl calmly informed the judge that he was to be "sent back to the States for squity" and Firdell confided to His Honor that he had missed the transport Sherman and wanted a chance to get to the Coast on another vessel. After due deliberation the court suspended sentence in each case for six months.

K. Baba was up for intoxication. He had a laughing fit in court and couldn't pronounce the name of the vessel to which he belonged. Everybody in court had a guess coming as to his nationality. He looked like a combination of Eskimo and South Sea Is

## Subpoenas Issued By Commissioner In Insurance Affair

Treasurer Campbell and Deputy Insurance Commissioner Smithies this morning stated that there was nothing further new in the matter of the complaint made by the Hawaiian Trust Co. against the New York Life Insurance Co. They said that the investigation was still being carried on but that nothing new had as yet been developed.

In the meantime the Insurance Commissioner quietly issued subpoenas in the matter, which were given to High Sheriff Henry for service, commanding those mentioned to appear before the Commissioner. Those for whom the subpoenas were issued are as follows: Albert N. Campbell, treasurer of the Henry Waterhouse Trust Co., Ltd.; F. S. Wickett, cashier of the New York Life Insurance Co.; Zeno K. Myers, secretary of the Hawaiian Trust Co., Ltd.; and J. R. Galt, treasurer of the Hawaiian Trust Co., Ltd. The Henry Waterhouse Trust Co. is the local agent of the New York Life.

The name of the person who held the policy on which the Hawaiian Trust Co. based its complaint, has heretofore been shrouded in the greatest mystery by the Government officials concerned. The subpoenas showed it to be John Ena, the former president of the Inter-Island Steam Navigation Co.

Shingle was seen shortly after he had been served with his subpoena. He said that the Hawaiian Trust Co. had made a loan on Ena's policy and later on Ena had applied to the New York Life for a loan. The policy in question was an old one of a form no longer employed by the New York Life. The company offered to change it for a new policy which had greater loan value and sent the new policy here. The new policy was accepted, Zeno K. Myers of the Hawaiian Trust Co., which represents Ena, telling Shingle that it was satisfactory. The New York Life then cabled stating it had destroyed the old policy. Shingle stated that he hoped this had not been literally done. He has cabled to New York to have the old policy forwarded if it still exists.

Shingle intimated that the whole row looked like spitework on the part of a disgruntled insurance agency against another which is doing a better business. It is said that complaints are contemplated against other companies, the Germania being especially mentioned.

MARU FROM ORIENT

The Toyo Kansen Kaisha liner America Maru docked at Hackfeld wharf from the Orient about 6 o'clock last evening. The America Maru has been absent from this port for a long time in service for the Japanese Government as a transport. She brought a small passenger list and cargo and sailed for San Francisco at noon today. There was quite a lot of enthusiasm among the local Japanese over the America Maru, owing to her prominence in the Russo-Japanese war and it took the form of an elaborate reception on board last evening during which mutual felicitations passed between the Honolulu Japanese and those Japanese of floors and passengers on board. The Hongkong Maru will follow the America Maru on the Orient-San Francisco route in a few weeks.

SPECTACLED AMERICANS

The man of sense is he who best preserves those faculties with which Nature has endowed him. He may "hate to wear glasses," but sentiment is not sense.

Glasses are not always an evidence of weak eyes, but rather of strong intellect.

SIX CHARGED WITH PASSING BAD BILLS

United States District Attorney Ereckson and United States Marshal Hendry yesterday afternoon boarded the transport Sherman and arrested six of the men on board on charges of passing counterfeit money. Chas. H. Murphy was the first man taken ashore. After he had been examined warrants were issued for the arrest of Thos. I. Carter, a civil employee; C. P. Brown and John Doe Wood, former bluejackets; William Moore and John Brady. Orders were also issued to hold as witnesses James Murray, Mr. Sheehan and John McCabe.

Murphy, who has a very bad service record, is said to have large quantities of counterfeit greenbacks, which, however, are very poorly made. He dealt them out in great quantities at Nagasaki and on board the transport, selling \$10 bills to shipmates for \$2.75 and \$3 each.

## THERE IS NO SUBSTITUTE FOR A WOVEN WIRE BED.

The Woven Wire Bed has become so deservedly popular that 999 out of every 1,000 beds sold are of that make. Why? Because, when properly constructed, it has excellences possessed by no other. A level, flexible top, no gaps, will always resume its shape after use. Its supports, however, must be rigid. Wire or hoop iron will not support a spring bed.

When you buy one of Bailey's Rust and Vermin-proof Wire Beds, you get an article very close to perfection. For sale in the Furniture Stores and at the factory on Alapai St. Tel. Main 1661.

## DEAL WITH EXCLUSION

QUESTION IS BOUND TO COME UP THIS WINTER

CONGRESS MUST TAKE SOME ACTION—BOYCOTT AND SHUTTING OUT OF INTELLIGENT CLASSES.

Washington, D. C., Sept. 2.—One of the questions which Congress must take up soon after assembling in December will be the Chinese question involving the exclusion laws and its subsidiary issues of the boycott and trade relations in general. It is certain that President Roosevelt will deal with this question at length in his message to Congress and that he will deal with it in a fearless and broad-minded manner strongly suggestive of the "square deal." That this question must be approached with a greater degree of intelligence and with less prejudice if the United States is to enjoy its opportunities in China is not a debatable matter.

That a line must be drawn against the coolie that is both reasonable and just is as certain as that one is needed equally against the diseased criminal and illiterate class of immigrants who come from other countries. To judge the Chinaman by the coolie is to judge the American by his lowest type of citizenship. There is another factor to be reckoned with in both cases.

**RICH FIELD FOR COMMERCE.**

That China is rapidly budding into a rich field for commerce is shown by the activity of commercial nations in seeking advantages in that territory. It is shown by the great increase in commerce between China and other nations. While a comparatively small proportion of the immense population of China is now, perhaps, too poor to purchase much outside of China itself, such purchases as are made must come from the cheapest and best sources possible. This fact means close competition for China's trade.

The mere fact that China, through its students and merchants, now boycotts America's goods is by no means the whole story. The loss of trade at this time cannot be reckoned safely on a money value from year to year. It is a question of getting in on the ground floor.

**BIG TRADE IN COTTON GOODS.**

At present the Chinese trade with the United States amounts to more than \$50,000,000 a year, mostly in cotton goods. At the same time there is a growing demand for American oil, lumber, machines and other articles of commerce. Japan, among others, would like this trade.

Japan is already buying a large share of our raw cotton. It is significant that her peace envoys at Portsmouth should take their first day off to visit the cotton mills of New England. It is equally significant that at Newchwang recently entered the first ships bearing American goods direct to the principal port of Manchuria. To lose and to gain is a part of competition, but to compete successfully all derogatory influences must be speedily removed.

**MOVEMENT ON PACIFIC COAST.**

Realizing this fact, there has been a considerable movement on the Pacific coast, the hotbed of exclusionism, to lessen the stringency of the exclusion laws. The Pacific coast ports have had a taste of Oriental trade and its benefits and it has become a grave question with the commercial bodies of that section whether or not exclusion can be maintained to the detriment of commercial welfare. Because some Chinamen and Japanese will work cheaper than white men is a weak excuse for wholesale exclusion.

That there should be an exclusion law sufficient to protect the American workingman is one thing, but to make it a race distinction that will affront a nation possessed of its share of shrewd and intelligent men, with a growing commercial importance, is another.

When Congress meets this question next winter it will be no time for provincialism, but for broad, lasting and substantial action, critics declare.—Leroy T. Vernon, Washington correspondent Chicago Daily News.

**FUMIGATING WARRIORS.**

Yokohama, Sept. 29.—It is speculated that the military quarantine stations in Japan will be put in operation from about October 20th. The Ninoshima Station is able to disinfect 8000 men in one day and the Dai-ri and Wada Point Stations have capacity of quarantining 4000 men each per diem. The authorities' policy is to transport quarantined troops to the interior as soon as possible.

The Moji municipality has voted 28,000 yen for the reception of troops returning from the front in triumph.

**CHINA IS PLEASED.**

Yokohama, Sept. 29.—Peking reports that the extended Anglo-Japanese alliance is generally welcomed by the Chinese. Prince Ching was very pleased at the announcement of the new convention given by Minister Uchida on the 27th.

**AMERICAN SHIPS AT CHEFOO.**

Yokohama, Sept. 29.—The American Squadron left Chefoo on Thursday. The Wisconsin alone steamed for Yokohama and the rest for Shanghai.

HAS TRAVELED FAR AND WIDE ON MAINLAND AND IS NOW ON A TRIP AROUND THE WORLD.

J. L. McCulloch, with his wife and daughter, are making a visit to Honolulu, having come in on the Manchuria, and intend stopping over here until the Korea arrives on Oct. 19th, when they will resume their trip to Japan and from there on "around the world."

Mr. McCulloch called the Bulletin office today and the conversation developed a fellow newspaper man, as he is vice-president, treasurer and principal owner of the Marion News Tribune of Marion, Indiana, which place Mr. McCulloch and his family call home, although they are such travelers they do not spend much time in one place.

Mr. McCulloch is a retired capitalist, but retains an interest and is a director in the biggest bank and a large paper mill in his city and is identified with many other large manufacturing industries there. He is also a Colonel on Governor Hanley's staff of Indiana, and therefore quite interested in politics.

Indiana is a great State for politics and politicians; having furnished several Presidents. Mr. McCulloch states "Indianans" think Vice-President Fairbanks will make a good race for the next presidential election, and Indiana will be solid for Fairbanks, unless something should happen to change sentiment. However Mr. McCulloch is a close personal friend of Senator Albert J. Beveridge of Indiana and believes that some day that brightest star in the United States Senate will be President of the United States.

Mr. McCulloch and family are stopping at the Moana Hotel and state they were surprised and much pleased to find such a comfortable and good hotel here. They are charmed with the beautiful scenery of the Islands, and say they will certainly come back again. Mr. McCulloch has been in every State and Territory on the mainland of the United States, also in Mexico, Canada, Cuba, Porto Rico and Jamaica, but states this is the prettiest and most interesting place he has yet seen.

GRAVE DISEASES, DUE TO STANDING

Facts About Miss Merkle's Dangerous Illness and Complete Cure

Have you ever thought why so many women or girls rather walk an hour than stand still for ten minutes?

Miss Margaret Merkle

It is because most women suffer from some derangement of their delicate organism, the discomfort of which is less trying when they are in motion than when standing.

In some states laws compel employers to provide resting places for their female employees.

But no amount of law can regulate the hard work of these women. They must get the strength which this work demands or run the risk of serious diseases and the surgeon's knife.

Read about the experience of Miss Margaret Merkle, 275 3d Street, Milwaukee, Wis.

Dear Mrs. Pinkham—

"Gradual loss of strength, nervousness, bearing-down pains and extreme irritation compelled me to seek medical advice. The doctor said I had ovarian trouble and ulceration of the womb, and advised an operation if I wanted to get well. I objected to this and decided to give Lydia E. Pinkham's Vegetable Compound a trial. I soon found that all the good things said about this great medicine were true. The ulceration soon healed, backache, headache and nervousness disappeared, and in a short time I was strong, vigorous and perfectly well. I wish every working girl who suffers would try Lydia E. Pinkham's Vegetable Compound."

Lydia E. Pinkham's Vegetable Compound is a vegetable tonic which invigorates and strengthens the entire female organism, and will produce the same beneficial results in the case of any sick woman as with Miss Merkle.

## JAPAN'S WOUNDED

Yokohama, Sept. 27.—The number of sick and wounded soldiers received at various military hospitals in Japan once reached over 60,000, but is now decreased to 31,152, of whom 4,925 are in resorts. With regard to individual numbers of patients the Tokio hospital stands ahead of all the others, having 6,333 in hospital and 933 in resorts under treatment, the Hiroshima hospital coming second with 4,765 all 162 respectively. Some 2,000 each are received by the Nagoya, Osaka and Zentsuji and over 1,000 each by all others except the Kumamoto and Aashigawa, each of which contains less than 1,000.

Yokohama, Sept. 27.—The Emperor, it is said, will give a grand banquet in the Imperial Palace about the middle of October, inviting the Prince Imperial, the Princes of Blood, the Ministers of State, the Corps Diplomatie and officers of the foreign warships which are due at Yokohama on the occasion. Preparation are being made at the Court for the purpose.

## JAPAN LIFE INSURANCE

Yokohama, Sept. 23.—Regarding rumors that the Government contemplates the monopolization of life insurance companies in Japan, a prominent Tokio business man says that such an official enterprise is inadvisable for the Government, as it would suspend the progress of life insurance business in the future.

"Soon after I began to take Wine of Cardui I could see that I was beginning to get back my strength."

That is the comment Mrs. Seymour makes.

If you are sick you can take Wine of Cardui and secure health and strength. If other medicines and other treatment have failed, that will make no difference. Few women have taken Wine of Cardui at first. By far the greater number of Wine of Cardui cures are women who could not secure relief elsewhere. All druggists sell \$1.00 bottles of Wine of Cardui.

subscribed and sworn to be for me this 7th day of [SEAL] October, A. D. 1905. P. H. BURNETT, Notary Public, Honolulu, County of Oahu, Territory of Hawaii

WEDNESDAY, OCT. 11, 1905 Cochran is gratified to find so many Democrats. That's what they always say except on the day after election.

Hearst accepts the nomination for Mayor of New York. It can never be said that he accepts only good things.

Perhaps the legislator's thought of an extra session was fathered by a desire. Things sometimes move that way.

The peace of Sweden and Norway is a guarantee that there is no stray Irish blood coursing in the veins of the men of the northland.

Do you feel real spiteful? Would you get back at some one? Get a Hammer Join the Knockers' Compact!

The case against the police and gamblers may be regarded as made up. Advertiser. Yes indeed, a clear case of manufacture from the start.

Isn't it about time for the business men of Hawaii to get up on their hind legs and cry out, "We want passenger steamer accommodations for our visitors" and if it is not given, get together and get it?

Japan's discovery that a new loan will have to be floated to bring back the soldiers from the scenes of war carries the suggestion that Japan must have paid a terrible price had the day of peace been indefinitely postponed.

UNITY FOR HAWAII There seems to be a good deal of inconsistency about Mr. W. A. Kinney's Democratic principles. Although he is supposed to be one of the principal pillars of the local Democratic party, it appears that he is going to take up the fight against the Taft policy of free trade with the Philippines. The protective tariff is very convenient to apply when your own interests are in question.—Garden Island.

The Bulletin has been expecting something like this, but hardly anticipated it from the Garden Island. Doubtless, the same statement has been made frequently by those who pick up the little things and go chasing off on tangents that detract attention from the real point at issue—Hawaii's prosperity.

The Bulletin responds to the Garden Island because the incident furnishes the opportunity to remind the contemporary and any who may be of the same opinion that they ought to devote their thought and energy to better purposes.

There should come a time in this Territory when all hands will involuntarily get together when broad Territorial interests are assailed. This union should not be characterized by slyly making political pokes at each other or surreptitiously poking the other fellow in the ribs. Any person who has seen citizens of all political faiths join with the sugar-growers of Louisiana, the tobacco-growers of Connecticut, the lumbermen of Maine, and the fruitmen of California when the main industry of those sections is threatened, ought to know what Hawaii should do when contemplating a national proposal

which may put these islands at a disadvantage. Any one who has not seen these men of various sections get together should take the Bulletin's word for it that they don't ask each other how they can line up their political principles with what they are doing. The chairman of the meeting doesn't call out how many Democrats there are or the number of Republicans present.

The proposition is clearly one of civic and industrial unity, with every man of any political faith joining to influence all Congressmen of all political faiths to vote in a manner that will do the community and industry good in place of contemplated evil. Call it selfish interest or anything you please, it is in the final analysis good common sense and evidence of good citizenship.

If the consideration of matters affecting local progress and prosperity is to move along petty political lines, Kinney might come back at the Republicans and ask them what sort of a protectionist Republican President or Secretary of War it is that adopts free trade and grants special favors to a section and grants special favors to a section in any sense of the word.

What Hawaii needs more than anything else for the present and for posterity is unity on all things that will assist in building up a strong, intelligent and prosperous citizenship supported by profitable industry. This requires persons to forget the petty things once in a while and assemble on a non-partisan platform to boost Hawaii.

This Territory has suffered long enough from the operations and constant nagging of the Knockers' Compact. Preliminary plans have been prepared for the new wharves, and it is my present intention to dredge one-half of Slip No. 2 at the foot of Kilauaea street so that both sides of the first wharf to be built will be available. The second wharf, immediately adjacent to the Naval docks, will also be constructed providing sufficient funds are available. The plans for the shed on the first wharf will provide for a two-story building so as to facilitate the handling of passengers arriving on the large steamers.

The Federal Government has contracted for the widening of the channel entrance and the deepening of the entire harbor. No arrangements have as yet been made for removing the shoal on which the light house is at present located. In my opinion, this work is of the first importance on account of the difficulty experienced at the present time in handling large steamers at this point. These boats find it difficult to turn in the harbor on account of the lighthouse spit and the Naval and Government wharves cannot be extended to the harbor line until this point has been removed. It is to be hoped that sufficient funds will be appropriated by Congress so that this additional work can be taken up on the completion of the channel widening and deepening of the harbor.

During the past year a new wharf was completed at the foot of Fort street next to the Oceanic dock, and the construction of a new wharf at the foot of Nuuanu street for the use of

the inter-island steamers is now under way. Buildings. The new electric light station at Nuuanu Reservoir No. 1 is nearing completion. This is a brick building with cement finish, and is designed to hold two power units of 200 K. W. capacity each. These units are of the Westinghouse Pelton direct connected type. The first generator and water wheel will be installed immediately and temporary use will be made of the water power from the reservoir at Luakaha. As soon as the new reservoir is completed, a pipe line will be laid direct to the power station, and a large amount of additional power will be available. The electric generator for the second unit has also been purchased, but there were not sufficient funds to include the water wheel.

Hilo and Waialuku Armories. The Hilo armory was completed several months ago, and a similar building is now being erected at Waialuku, Maui. These are constructed of wood with quarters for the officers and drill floors of ample capacity. Waialuku Jail and Fire Station. Contract for the jail and fire station Waialuku, was awarded early in the year and the building has been accepted by the Government. As mentioned in my last report, the appropriation was not sufficient to complete the interior of this building, and the Legislature appropriated additional money at the last session, which is now available.

Archives Building. The Archives building, located in the Capitol grounds, has been started, and should be ready for occupancy in about five months. It is of fireproof construction with the exception of the front portion, which will be used for office and reference rooms, the archives room being separated by a fireproof door. The walls will be of brick with a cement finish; the windows being protected by fireproof shutters.

HOLLOWAY MAKES REPORT TO CARTER

The report of Superintendent of Public Works C. S. Holloway to Governor Carter has been completed in printed form. It is a big book, containing over 200 pages, giving detailed reports of the work of the various branches of the Department for the year ending June 30, 1905. The report is preceded by a general statement, excerpts from which follow: Improvements Honolulu Harbor.

In December of last year, the contract for dredging the new slip at the foot of Alakea street was awarded to Mr. John Walker for the sum of \$168,000.00. Owing to the delay in securing a new dredger, this work was not actually started until this month, but it is progressing very satisfactorily, and should be completed in January, 1906.

Preliminary plans have been prepared for the new wharves, and it is my present intention to dredge one-half of Slip No. 2 at the foot of Kilauaea street so that both sides of the first wharf to be built will be available. PRESIDENT COMMERCIAL CLUB, OF LOUISIANA, SAYS: "THERE IS NO FINER MEDICINE THAN PE-RU-NA."

Suffered With Kidney and Liver Trouble for Twelve Years—Pe-ru-na Cured Him—Feels Better Than for Twenty Years.

Hon. William Watson Washburn, President of the Louisiana Commercial Club, and a very well known man of New Orleans, La., writes from 637 Canal street:

"I am satisfied that there is not a finer medicine placed before the public to-day than Peruna. I have been troubled for nearly twelve years with kidney and liver trouble, and at times I have been a pretty sick man, unable to attend to my duties. I had about made up my mind that no medicine could help me, when one of your booklets was brought to my office which I read in a leisure hour. I then decided to give Peruna a trial and found that I had at last secured the

right medicine for me. For two months I used it faithfully and then felt so well I was like a young man once more. This was over a year ago and I have not had any trouble since. Although I am in the seventies I feel better and more active than I did thirty years ago."—W. W. Washburn.

Most derangements of the kidneys are due to catarrh of the kidneys. Peruna is a catarrh remedy. This explains why it is that Peruna cures a great number of kidney diseases in which the usual remedies fail.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O. For special directions everyone should read "The Ills of Life," a copy of which surrounds each bottle. Peruna is for sale by all chemists and druggists at one dollar per bottle, or six bottles for five dollars.

Those wishing direct correspondence with Dr. Hartman and can wait the necessary delay in receiving a reply should address Dr. S. B. Hartman, Columbus, Ohio, U. S. A. Benson, Smith & Co. will supply the retail drug trade in Honolulu.

DR. BELL'S LECTURE Dr. Bell told a big crowd of young people at Odd Fellows Hall last night what love is, how to court effectively, how to be happy though married and how to avoid the divorce court.

A sympathetic audience greeted the distinguished lecturer and followed his discourse with rapt attention. He was in his best form oratorically and to hear him was a treat.

Dr. Bell told many things of interest and value concerning the marital problem and his advice, if followed, will surely prove a happy solution of any difficulties in this connection which can possibly arise.

Six couples were to have been phrenologically mated on harmonious lines at the conclusion of the lecture, but this feature of the program had to be abandoned on account of a lack of male subjects. Ladies, on the other hand, were plentiful and willing, but had perforce to stay by themselves—poor things.

Dr. Bell's third and final lecture will be given in Odd Fellows Hall a week from yesterday, the subject being, "A Merry Heart Doeth Good Like a Medicine."

There is any quantity of side-splitting fun in the lecture and Dr. Bell has the reputation of appearing to signal advantage as a humorist.

UTILISE, --TO MAKE USE OF.

This is what I should do with that wall space that I have. How well it would look to have it fitted in with a nice set of GLOBE-WERNICKE bookcases; and it would certainly keep my books in better shape. I think I will take ten minutes and go and see them at

CABLE OFFICE FIRE QUICKLY PUT OUT An alarm of fire was turned in from the office of the Commercial Pacific Cable Co. in the Young building, at 1:33 o'clock this afternoon, the plug of a plumber's gasoline stove, being used in the basement, blowing out and the gasoline igniting.

The office force at once applied the hose apparatus kept in every store in the building and the blaze was out before the engines arrived.

Acting Fire Chief Deering was at the scene with the Beretania headquarters outfit in record time, followed closely by the Palama station forces who made the run with remarkable speed. The police patrol wagon was the first at the fire.

### TENNIS PLAY TODAY

The special fall tennis tournament will open today on both the Beretania and Pacific courts. Ten couples will play off in today's matches and there will be some interesting contests.

The J. A. M. Johnson Co. has offered the principal trophy for the event in the way of a solid silver cup. Woods & Sheldon have come forward with a valuable sole leather racket case for the runner up.

There has been the largest number of entries for this tournament that has been received in many years. This goes to show that tennis is on the increase. Following are the entries: C. G. Bockus, H. G. Gray, Major R. C. Van Vleet, E. R. Adams, W. P. Roth, A. T. Brock, C. F. Eckhart, L. Lewton Brain, J. P. Cooke, S. G. Wilder, D. Howard Hitchcock, Prof. French, H. G. Dillingham, S. G. Fuller, C. H. ### SOCKER FOOT BALL

The latest is that the young athletic club known as the Diamond Heads will enter a team in the Soccer League. Although a baby club this organization is making rapid advances and showing well. They will have a fast bunch of kickers on the field this coming season.

The Punahou club will hold a meeting at 5 o'clock this evening at the Thistle Club to elect officers for the Soccer team. The Males and Iolani have organized and will begin to practice soon.

### BASEBALL TALK

The chances are that the talked of baseball game between the Maui and H. A. C.'s will not come to a head. As yet there has been nothing definite in regard to the game. Chas. Falk, the manager of the Honolulu, was seen yesterday and claimed that the only thing that he knew about the game was the challenge that he had received. It is getting late in the season and if the Maui boys do not move it will be too late.

### MARVIN HART TRAINING.

Louisville, Ky., Sept. 23.—Marvin Hart is training for a battle with George Gardner. Within a month the contest may be pulled off within three hours ride of Louisville. If the present plans are carried out an excursion train will leave Louisville at 5 o'clock in the afternoon for the ringside.

### NELSON ON EASTERN STAGE.

New York, Sept. 16.—Battling Nelson is coming East to disport himself on the stage and gather a harvest of dol-

lars. One would think that, having won the championship by such infinite labor and pain, Nelson would take some care of it, try to hold on to it, if not for the sake of the honor, at least for some of the money that can be made by fighting for it, and keeping it. But, no, sir, it is the stage for him. Nothing else will do. He cannot have both. Just as sure as he begins prancing behind the footlights Nelson will get licked. But he must do it. It is inevitable.

### PUGILISTIC NOTES.

The receipts of the bout between Jimmy Gardner and Buddy Ryan were nearly \$5,000.

Prospects are said to be very bright for a revival of boxing in Chicago in the near future.

### DIXON'S ONE KNOCKOUT.

When Clever George Dixon first went to England he was invariably returned the winner. But as time wore on his opponents began to size up his style and find his body or face for blows. But somehow they could not locate the negro's jaw, which he kept covered up in adroit fashion. Dixon's name kept him in the public limelight repeatedly. He had no trouble in securing bouts. No matter what the result of his struggles was, he had no difficulty in inducing the fighting promoters to give him a match. Sometimes he fought twice or three times a month, and if he could get the engagements he would do battle oftener than this. At the start Dixon was a big drawing card, but when the patrons of the ring saw too much of him he lost his powers of attracting. Consequently his earnings were curtailed and his income was small. The purses he fought for all told were mere pittance compared to those for which he battled when he held the world's title at the feather-weight limit.

It is wonderful how Dixon has been able to retain his cleverness and resist all attempts to knock him out. In all his encounters abroad no boxer has been able to even send the little pugilist to the boards with a clean punch; none of them either, had him so groggy that he could not defend himself, and none of his competitors had him in a condition of distress. Looking backward over Dixon's remarkable record, covering a period of nearly fifteen years, no bruiser has succeeded in effectively putting him to sleep with the exception of the Kentucky Rosebud. This bout was a fluke of the worst kind and Dixon was the victim of misplaced confidence. He agreed to meet the Rosebud in a friendly exhibition for charity at Philadelphia and just danced around his man, with no other thought in mind but to give the spectators a return for their money. His defense was poor and his judgment of distance bad. But the Kentucky Rosebud saw his chance to gain a reputation. Dixon left himself unguarded and received a crack on the jaw which sent him into dreamland for the full count. Dixon met the Rosebud on several occasions and went around his man like a hoop around a barrel. This reverse never detracted one whit from Dixon's reputation, and no one disputed that he was a real champion.

But dissipation and careless living soon left its imprint, and when Dixon met Terry McGovern at the Broadway A. C. he was all in, so to speak. McGovern got past Dixon's guard and beat him down. The negro who had conquered hundreds of pugilists of different class and weight was on the

## PROMOTION SESSION

NEW LITERATURE WILL BE SCATTERED ABROAD

STEAMSHIP COMPANIES BY THEIR INDIFFERENCE ARE HOLDING UP THE SHRINER PLANS. FESTIVITIES.

The Hawaii Promotion Committee yesterday afternoon met and authorized the printing of 3,000 folders, on this paper, the size of an ordinary business envelope, on the subject: "Why one Should Visit Hawaii," intended to be inclosed in merchants' correspondence and reading as follows:

Why not visit the mid-Pacific Paradise now. No other clime offers so much of happiness; nowhere else is the climate so equable, the air so balmy, the skies so bright.

There are a thousand reasons why Hawaii should be the objective of your summer or winter tour, but a few will surely suffice:

The steamers are large, modern, comfortable. The seas are smooth and brilliant. The voyage is simply "floating to Paradise on an even keel."

The tropical islands are pictures in green. The climate is perfection.

The temperature never rises above 89. The lowest at seashore is 55.

The sunshines almost every day in the year.

The tempering trade winds blow constantly.

The accommodations are most luxurious.

The views are superb.

The natural curiosities are wonderful.

The golf links are sporty and convenient.

The shooting is good and liberal.

The volcano Kilauea is the world's greatest.

The Hotel Haleiwa is a most attractive resort.

The Nuuanu Fall is a world renowned view.

The Waikiki beach offers superlative bathing.

The surf riding and boarding is unique.

The attractions are manifold, the entertainment excellent.

There are no fogs, no malaria, no tidal waves, no hurricanes, no reptiles, no wild beasts, no typhoons, no sand storms, no beggars, no sunstrokes, no mad dogs, no frosts, no snows; but always bright skies, green fields, high mountains, living volcanoes, great craters, summer seas, brilliant moonlight surf bathing, ocean canoeing, gay yachting, fine hunting, sporty golfing, easy motoring.

All members of the Committee were present. It was decided to proceed at once with the printing of 100,000 new folders on Hawaii.

The report of the treasurer was read and will come up before the trustees of the Chamber of Commerce at 2 p. m. today.

Transportation were very briefly discussed. E. I. Spalding asked the Secretary what was being done in the way of hustling along the proposition of a pilgrimage of Mystic Shriners from Los Angeles next year and the Secretary reported that everything that could be done without knowing anything of what the steamship companies would do in the matter of transportation, was being accomplished. Dr. Grossman, and the Committee's office staff, broadcasting letters and literature.

J. A. McCandless remarked that it was the failure of visitors to get away from Hawaii just when they desired, owing to lack of transportation facilities, that worked the hardship and hurt the country.

Secretary E. M. Boyd submitted the descriptive "dope" for the new folder.

E. I. Spalding suggested that there were no antelopes in Hawaii and advised changing "antelopes" to read "deer" in the typewritten text.

Some member asked if the new write-up made any reference to slippery-slops, slippy-slops—snowy-slopes (he got the right term finally).

The Secretary declared that there were no slippery-slopes in the present work; "that was the old committee," he said, "nor was Mr. Fred Smith father of the phrase."

### JAPAN'S NAVAL PRIZES.

Yokohama, Sept. 29.—The battleship Hizen, formerly Retvisan, has been attached to the Sasebo Naval Station.

The Pobieda, the only prominent warship remaining sunk in Port Arthur, is expected to be raised towards the end of this month or early next.

It is reported that a grand naval review will be held in Tokio Bay about the middle of October, presumably on the 18th, when all the Japanese warships are to be assembled, including the prize ships.

J. M. Barrie is extremely fond of his native Forfarshire. It is not, therefore, very remarkable that in the country the rumor should be current that he means to buy a small estate which will probably be in the market within the next three months.

ground, capsize but not subdued, when his manager threw up the sponge and saved Dixon from the humiliation of being put to sleep.

# DIABETES

## Complete Recovery of a Well-Known San Franciscan.

Adolfs Weske, the capitalist, of 929 Green street, is one of San Francisco's pioneer business men. He was the founder of the Original California Cracker Company at the corner of Battery and Broadway, in that city. Hearing that he had recovered from Diabetes (a disease that is believed to be incurable) Charles Stewart, a business man of Algona, Iowa, wrote him asking if it was true. We are permitted to copy his personal reply:

San Francisco, July 22, 1904. Dear Sir: Would have answered your letter sooner, but was at my mine in Placer county. Will now say that if you have Diabetes, nothing in the world will cure you but the J. J. Fulton Compound. You want to make up your mind in the first place to stay with it—not take a few bottles and then stop, either through impatience or imagining you are all right. It will take time, but it is sure to cure you. I took the medicine (a bottle a week) for a whole year and am now as well as I ever was in my life, and this was all of four years ago. I am much of the time in my mine, 500 feet underground, and with no bad effects. Of course, one has to live rightly. The sooner you commence taking this Compound, the sooner you will commence to get out of your misery. If you commence at once, and live rightly, in one year's time I guarantee you will be entirely rid of the disease and as well a man as ever.

Yours very truly,  
AD. WESKE.

**COUNT IT UP**

If you stop to figure out where the true economy in paint buying comes, you'll soon see that the best paint is cheapest. Two-thirds the cost of painting is the labor. It costs just as much to put on poor paint as it does good paint—more in fact because the poor paint doesn't work so easily. But the poor paint won't last as long; it makes you repaint sooner.

Even the apparent saving in cost per gallon is eaten up by the fact that it takes more gallons of the low priced paint.

The true economy is good prepared paint.

## KAUAI LICENSES.

Lihue, Kauai, October 9.—Some time ago this paper took up the question of the irregular issuance of liquor licenses on this island and requested that the ones found to have been obtained either by misrepresentation on the part of the applicant or by neglect of duty of the one empowered to issue the licenses, be revoked.

The first step in this matter has been taken by the Attorney General's Department this week. The County Attorney is in receipt of a letter from that department asking him to give the matter his attention and to institute proceedings where he deems it necessary. Mr. Willard will, of course, be only too willing to take this matter in hand. As the Honolulu authorities are in possession of all the facts and all the documents in the case it is hard to see what he can do unless they send instructions about the cases to be tackled and forward to him all the papers necessary for the prosecution of the investigation.—Garden Island.
