

OFFICIALS ORDERED TO STAY HOME

NO POLITICS SAYS WILSON

Road Supervisor Wilson resents the imputation that he is creating or seeking to create, a political machine of the road department, or that he has in any instance given Democrats preference, for political reasons only, in road employment. The talk put up by persons close to the Board of Supervisors, and repeated in the newspapers to that effect he regards as very unfair.

"I have made no promises to anybody nor any party," said Mr. Wilson this morning, "and have no faith to keep."

"It may be of interest, however, to note that of thirty men now employed in the stables and garbage department, twenty-six are Republicans and only four are Democrats. That surely cannot be regarded as very much of a Democratic 'machine.' The stable foreman of the Fourth district is a Democrat, but all of his assistants are Republicans. In the Fifth district the stable foreman is a Republican and so are all of his assistants. That does not look much like a 'Democratic ma-

chine," does it? As a matter of fact, I have made very few changes in the Fourth district, and those had nothing to do with politics, while in the Fifth district I made no changes at all, the entire force over there remaining Republican just as I had found it.

"In the Fourth district one man has been let out since I took office. He was a Republican, and was let go on account of his inability to get along with his luna, who also is a Republican—being discharged on the recommendation of the Republican luna.

"Nahora Hipa, luna of the garbage dump in Iwilei, was replaced for two reasons. First, he did not show up at the office until after an appointment had to be made. A second reason, which came to light later, however, was that Kaina, the man appointed to this position, has been doing the work Nahora Hipa has drawn pay for it. There are facts concerning the way the work of this garbage dump has been carried on—or has been neglected—of which I do not care to speak as it would not look well in print."

SCHARSCH COMES WITH BIG RUSH AT FINISH

The final count of guesses registered in the Marathon competition gives the following results, all scores of over 100 being given:

G. H. Nelson	494	Lebrescu	295
E. M. Cheatham	398	Kaoo	182
F. Scharsch	381	Kuhns	181
Sam Hop	361	Downey	154
A. Kaoo	246	Walsh	142
F. W. Graves	241	Kepa	135
N. Lebrescu	221	Cockburn	135
H. M. Ayres	220		
J. M. Kuhns	206		
J. Kepa	178		
T. Downey	174		
P. J. Walsh	160		
J. D. Cockburn	147		
L. Rosa	124		
H. Gorman	103		

The feature of the yesterday's voting was the pronounced firmness of Nelson, Graves and Sam Hop. The latter closed last night with 238 against Cheatham's 345 votes.

Next in demand were Cockburn, Walsh, Lebrescu and Ayres, all of whom were given a big bunch of votes.

Jack Frost received a substantial boost, as did Kuhns.

Others who made moderate gains were: Cheatham, Scharsch, Downey, Kepa, Gorman, Rosa, Hayes, Jackson, Crane, Davis, Nascimento and a number of the tailenders.

Nelson headed the list last night with 425 votes. The standing of the most prominent contestants last night was:

Nelson	425
Cheatham	345

HOUSE PASSES RAISE FOR CITY OFFICERS AND THE LABOR BILL

FIGHT OVER BIGGER PAY FOR HONOLULU PUBLIC SERVANTS—MUCH DEFERRED PUBLIC WORKMEN'S MEASURE IS AMENDED AND IS READY FOR SENATE—MONEY WANTED FOR KAUIKEA-OULI STATUE—BISHOP ESTATEREMUNERATION PASSES.

Two bills caused lively contests in the House this morning. By a vote of seventeen to twelve the measure raising the salaries of City and County officers passed final reading, and the frequently deferred bill of Nakaleka to establish a minimum wage for public laborers, at \$1.50 per day, passed third reading after amendment by Shingale to provide that \$1.50 minimum shall apply to workers for the Territory, the pay of county laborers being left in the hands of the county fathers.

Cohen believed that it was but just to increase the pay of the Supervisors of the City and County of Honolulu, whose present salaries in some cases did not begin to pay the expenses they incurred in coming into town for meetings and sometimes having to stop at hotels, remaining in town perhaps for several days to do public business at the sacrifice of their own interests.

"Why should these officers, after only two months of labor, want a raise of pay?" asked Kamahu. "These officers knew what the pay was to be, when they ran for office. If the pay did not suit them, why then did they run? We are trying to retrench at this season, therefore I move to indefinitely postpone."

Castro, in seconding to postpone warned against increasing expenses. He showed that, with the additional

MAYOR'S PAYROLL NEARLY \$5,000

SENATE PASSES HONOLULU MUNICIPAL ENABLING BILL WITH AMENDMENTS BY WAYS AND MEANS COMMITTEE—COELHO'S MEDICAL BILL HUNG UP TWO DAYS ON ITS FINAL PASSAGE—ASSIGNED COUNSEL BILL IS ALSO DEFERRED.

By the adoption of a report of the ways and means committee the Senate this morning passed on second reading the House bill to provide for the payment of employees of the Board of Supervisors of Honolulu with amendments. Appendixes to the bill contain the Mayor's payroll of those who waited but did not work, amounting to \$4852.46, and the Board's payroll of those who worked certified by City and County Clerk Kalanokalani, amounting to \$28,523.18.

Coelho's medical bill, though its author proposed amendments that made it a good deal like the present law, was put over on third reading until Tuesday by the Senate this morning. Makekau was its critic on this occasion, mingling horse sense and humor in throwing doubt on its expediency. Another bill put over was that providing for payment of counsel fees to attorneys assigned to defend poor persons accused of crime. President Smith had pointed out something wrong.

Coelho's vaccination bill, amended the other day to save the policy of compulsory vaccination of children, passed third reading without a dissenting vote in a full house.

THE SENATE TWENTY-SEVENTH DAY. Senator Makekau presented petitions from 78 residents of Hilo, 21 residents of Kohala, 36 members of the Protestant church on the island of Hawaii and the Sunday School Association of Hawaii, all protesting against any change in the liquor law. They were filed.

REPORTS. Fairchild presented a report of the ways and means committee recommending the passage of Senate joint resolution relating to office hours of Territorial offices and officers and em-

TO CHANGE H.C.S. PAR

SHARES WILL BE WORTH \$25 INSTEAD OF \$100—STOCK TAKES BIG JUMP.

In the near future the par value of the stock of the Hawaiian Commercial & Sugar Company will be changed from its present value of \$100 to \$25. This will give the small investors a better chance to get in and should increase the activity of the stock considerably. One of the results of this action, which has been rumored on the street for some days past, has been to send the stock up rapidly. This morning the stock opened at \$109.50 and then jumped in a few sales to \$116.50 and wound up strong at \$111.50, 153 shares changing hands at this figure.

The rumor was also spread in regard to Hawaiian Commercial that when the change in par was made the stock would probably be declared fully paid up. This is without foundation, for the stock being of a company organized under the laws of California is always assessable which would make the declaring of it paid up a fruitless move. The bonds of the company are redeemable this year, there being \$1,248,000 outstanding, as \$431,000 worth were bought last year in the open market. \$23,125 has been paid in on the stock and it is paying a dividend of 80 monthly. All of this stock now being sold here is coming from the Coast, 1000 shares arriving yesterday.

Eva made a jump of half a point per share today, three lots, comprising a total of 150 shares going for \$28.75. Another important transaction was of 1000 shares of Oahu Sugar, which went for \$39.75. The sale was made to the Waterhouse Trust Company for a client. Pala and Haku both are very strong. In each case the last sale was at \$175 while \$185 is being bid now with no takers.

Strong rumors of an increased dividend have sent Wailuku Mill stock up all as high as 210 has been offered. Honokani is very strong selling for as high as \$47.75 while San Francisco has paid as high as \$18.25. There have been in the neighborhood of 10,000 shares of this stock change hands in the last three months.

RICE IS COSTLY

The price of Hawaiian rice has advanced considerably of late and from the present indications a still further rise may be expected. The new crop is two months away and the demand for Hawaiian rice from the Coast is very strong. Local rice is selling at \$4.25, with the Japanese product at from \$4.50 to \$4.40. At the time of the Chinese New Year Japanese rice slumped in this city, as a number of Chinese merchants threw considerable on the market that they might have spending money for the holidays. Complete recovery from this situation has been effected, however.

POPULAR PRICES. The Alexander Young Cafe affords the finest service, appointments, and cuisine in Honolulu at popular prices.

Watch repairing is a mechanical art. Entrust your watch to H. Culman Port and Hotel and it will be in the best of hands.

THE FRUIT SEASON. This season always brings on more or less diarrhoea which is promptly checked by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Get a bottle and be prepared for sudden attacks. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

TENGU JAPAN RICE. The Tengu Japan Rice, a direct import from the fields of Japan which K. Yamamoto of Hotel street has received, is considered the best rice in Japan. Mr. K. Yamamoto is starting a rice mill here and expects a large trade.

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Honolulu and Hilo occur about one hour earlier than at Honolulu. Honolulu standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m. which is the same as Greenwich, 6 hours, 6 minutes. The Sun and Moon are for local time for the whole group.

THE LOG-BOOK

The Lurline, bringing passengers, mail and freight, will arrive at noon tomorrow from San Francisco.

Heavy rains on the island of Hawaii were reported by both steamers arriving from that island this morning.

The Helene, arriving this morning from Hawaii, brought the following cargo: 5,951 bags sugar for Wm. G. Irwin & Co., 40 bbls. bags and 3 pkgs.

In the local fleet the Claudine got away at 5 o'clock yesterday afternoon for her regular Maui ports and Hilo. At noon today the Iwalaui departed for the northwest side of Hawaii, to return with sugar and cattle.

Both of the British cruisers in port will receive the Honolulu public board ship tomorrow between the hours of 1:30 and 5 p. m. tomorrow. On Monday the two vessels will sail together for Acapulco, Mexico, where they will spend a week and then proceed down the South American coast.

The Norwegian steamer Cecil arrived off port yesterday from Union Bay on her way to Ocean Island. She called to ship three more sailors. The men were supplied by Charles Mitchell and the vessel continued her voyage at an early hour this morning.

The Mauna Kea, which arrived early this morning from Maui ports and Hilo, reported continued heavy rains on the big island. A large number of passengers were brought by the Hilo liner, and an assorted cargo of light freight. One of the shipments was a lot of 100 oha ties.

The little steamer James Makee found the old ship Alden Besse too much for her yesterday and returned to port last night, anchoring her tow outside. The Makee, which had sailed with the ship for Hilo, struck into very heavy winds and rough seas in the Molokai channel, early last night it was decided to return and wait until better weather.

Cargo brought by the Kinou this morning consisted of 9600 bags sugar, 21 bags coconuts and 24 packages. Purser Grube reported very rough weather. Sugar left on Kauai was as follows: Lihue 7,295 bags; G., 3,090; K. P. 795; McB., 41,709; Mak. 47,118;

G. & H. 5,805; K. P. M. 6,000; K. S. Co. 4,200; M. S. Co. 23,500

The Mauna Kea reported the following sugar left on Hawaii: Oha 26,544 bags; Wainaku 32,000; Hawaii Mt. 15,000; Wainaku 30,000; Onomea 14,000; Paopao 13,700; Honolulu 6,000; Hakanai 17,500; Laupahoehoe 11,000; Oohala 6,000; Kauhala 18,432; Hamakua, 10,000; Paauhau 12,000; Honokaa 16,000; Kakaiahae 3,500; Punaluu 12,279; Hanalei, 1,527.

TOWN TALK

By THE MAN ABOUT TOWN.

A Solon gathered me to his heart on the corner of Fort and King streets yesterday eve and whispered that he had a secret to communicate. "If it is a secret," said I, "why hurry up and tell it." To abbreviate an extended yarn, he declares that the extensive story in The Star the other day of the threatened hold up by the Senate of the House administration immigration taxation bill unless the House would pass the Senate liquor bill, was the direct cause of the Senate reconsidering its action to defer the bill and passing the bill as it did. The members who had circulated the threat, finding that the public was wise, did the best thing and the right thing and passed the immigration taxation bill, without regard to what the House might do with the liquor bill. Oh, you sweet publicity, how many benefits are accomplished through thy power. Not to mention the fact, which I ascertained on good authority, that the shadow of Holstein's big stick fell across the hallway and was felt by some of the Senators who realized that the House was going to do what it jolly well liked in regard to the liquor bill, so what was the use of playing mean with the immigration measure.

There's a certain member of the House of Representatives who is a very, very active member, and without a good fellow, but he is too sensitive to stand in the sunlight and he even sees the shadow of a sheltering palm when a stray moonbeam yearns to kiss his brow. I heard that he objects to the newspaper men at the press table looking at him when he talks, and I also know that he raised a row with himself because one reporter said he introduced a freak bill and because another reporter likened him into a persistent pup pulling at a root. Not wanting to hurt his feelings further, the kindly press forgot to mention his name for a couple of days and it was really pathetic to see him buying the papers and looking in vain to find his name. He almost wept when he got up to make a speech and noticed that the press walked out on the veranda to take a smoke. He is human, if he is from the Fifth District, and it hurt him not to see his name in the paper. So now he is going to be good and not kick like a baby every time he is justly criticized. He's got sense, all right, but doesn't always know how to use it.

Of all the men in Washington who are interested in Hawaii and who are doing good work there for the Territory there is one who stands out in the very first rank. Not only in the first rank in helping Hawaii, but also foremost among the strong men of the capital. This is F. H. Newell, director of the Reclamation Service. Looked up to and respected throughout the country as a man of sterling worth and exceptional ability, every word which he says is given full weight. The visit paid by Mr. Newell to Hawaii last year made him an enthusiast over the Territory and since that time, though his branch of the service is not allowed a single cent to work on in this section of the United States, he has done everything possible to help us in our many difficulties. The extension of the Reclamation Act to these islands is his pet hobby, of course, and will mean great things for us when he gets it through, as he will in time. In this connection the decision of the Comptroller of the Treasury, in refusing to allow money from general appropriations to be spent here, creates indignation in every department in Washington. He says that because the Organic Act of this Territory provided specifically for the extension of the Internal Revenue department and other branches of the service to Hawaii, it means that no other moneys which are not appropriated directly for use in the islands can be spent here.

The Comptroller of the Treasury in one way at least, and that an important one, is the biggest man in the United States, "bigger'n ole Grant" as the old story went. He is the only man in the United States, not even the President being excepted, whom the United States Supreme Court may not mandamus. He is monarch of all he surveys and in these islands he refuses to survey.

In regard to the expenditure of general appropriations if it is interesting to learn that the Comptroller has already reversed himself in this regard. That is he has allowed money from such appropriations to be spent here, but, under his last whim, which he now sticks to closely, Hawaii is banned and barred. Hawaii's friends in the departments in Washington say that as soon as the present Comptroller dies we will come in for our own. Let us hope so.

Echoes of the Mahuka site row which was started in Washington, and also completed there, seem to be always interesting and from what can be heard it came very near to creating a good sized disturbance between Governor Frear and Delegate Kubie. The Executive, "It is said," was firm in his stand for the Irwin site, in spite of the

cablograms which were received from this city. Then the Delegate got his back up. He knew and was positive in regard to what his constituents wanted and finally came out flat-footed with the declaration that if Governor Frear and Assistant Secretary of the Treasury Winthrop arranged the matter to suit themselves he would handle the matter in Congress.

Then the Mahuka site exchange stopped. In fact it stopped so suddenly that something broke. As it was proposed to give Irwin a bonus of \$20,000 in addition to the Mahuka site, with the opposition of the Delegate nothing could be done. It looks to me as though it was a rather good thing to have some one at hand to use the safety brake.

The Matson steamer Hilonian certainly has many unique features but there are two that I should like to call the attention of the public to in particular. There may be another steamer in the world which can boast of a real live Italian count as its steward, but I never heard of it. In the person of Joseph di Lombardo, of Palermo, Italy, Count of Diaperma, this should certainly give the Hilonian the same rank as the Kinau used to have when "Admiral" Beckley was in supreme command of the carried lobster in the inter-island fleet. Another thing in this regard too, Joseph is a first class steward, which it hurts me to acknowledge on account of the dislike which I, as an American citizen, naturally feel against the title "counts" of Europe.

A second feature to be found on the Hilonian is the vocal trio which delights the evening hours of the passengers when the weather is good. The leader is Chief Engineer Klitzgard, whose subterranean bass attracts dolphins, sharks and passengers. Purser Charles Drew, with basso profundissimo voice, plays opposite the chief,

while the tenor part is well handled by Wireless Operator Mastitani, whose nasal tones have caused him to be named the walking, talking, breathing, sparkling, aerial conductor. Sparkling is next to singing in his accomplishments. It is said, his one kilowatt machine being of great assistance.

The proposition of filling the Federal positions, which come up now and again in Hawaii, is one which is causing a great deal of bother in Washington circles. The trouble comes not in finding candidates but in finding the right candidate. Just now there are two positions open, or at least to be filled, those of U. S. District Attorney and Federal Judge. For the first a strong man of irreproachable character and with EXPERIENCE is wanted. A lawyer who is able to stand up and fight through to the last ditch with any attorney who may be opposed to him is the only qualified candidate. There comes the rub. Would A. G. M. Robertson, W. A. Kinney, or any other men of that stamp take the position of U. S. District Attorney with its insignificant salary of \$3,000 and bound down by the recent decision that they may not take outside practice? Certainly they would not. Still one may name on the fingers of one hand all the other men in the Territory who would have a chance against these two in either a civil or a criminal suit and not one of them but earns more than \$3,000 per year, with the additional factor of being far safer than the Federal office holders from the attacks of fanatics. In the position of Federal Judge it is a little different. The salary of \$6,000 per year is more adequate, though by no means large. Still when a man of the calibre of Justice Ballou feels that he cannot afford to accept the position, something is wrong. Hawaii is fortunate in its judges, having clean men in the positions throughout the Territory, but then comes a question. If offered more in another position would they stay on the bench, where they are living practically from hand to mouth? It is very doubtful. But the chief trouble comes in the lack of men. Not that Hawaii cannot average as high or higher than most of the

states, but on account of the fact that we have so few men in any one profession. The salaries of high standing outside of this city are very few indeed and one does not have much difficulty in making a selection here. Washington sees this and it may result in something being sent, which will incidentally pay off some old political debts owed by this or that senator to a constituent.

MAYOR HARPER FORGED OUT

LOS ANGELES CITY HEAD RESIGNS UNDER FIRE OF NEWSPAPERS—GRAFT AND VICE PROTECTION.

LOS ANGELES, March 11—Mayor A. C. Harper tonight resigned as Mayor of the city and also withdrew as a candidate to succeed himself in the recall election which is to be held on March 26th. The resignation and withdrawal came as a complete surprise and caused a sensation, occurring as it did in the heat of a campaign which has been hotly waged for weeks by the municipal league and civic bodies, and as bitterly contested by the friends of Mayor Harper. It follows closely the resignation of Edward Kern as a member of the Board of Public Works, whose appointment by Mayor Harper to that position was given by the political opponents of the Mayor as one of the principal causes for the recall election.

For several months two of the leading newspapers of the city have been publishing articles intended to prove that Mayor Harper has permitted vice of all kinds to be protected in this city, and that his own official and private acts have not been above reproach. An unsuccessful attempt was made by Thomas Lee Woolwine, a former assistant city attorney, to bring before the Grand Jury of the county specific charges of grafting and misconduct against the Mayor.

GEORGE F. HENSHALLMANAGER

SATURDAYMARCH 20, 1909

The practice of stringing several loads of cartloads of dirt or other material behind one team and dragging them through the streets is becoming very objectionable and should be regulated. A string of three or four cartloads tied one behind the other blocks traffic.

Hawaii should certainly unite in the most strenuous opposition to any Wyoming opposition to A. L. C. Atkinson as United States District Attorney. There is no opposition here, the office is a local one, and Atkinson's record in other offices of great responsibility is good. We don't mind a local fight over such a proposition, but if the Advertiser's report is correct, that Wyoming is attempting to control the appointment of an outsider, Hawaii should resent such interference.

GIVING ALIENS EQUAL RIGHTS.

The fisheries bill discussion suggests legislative propositions of far wider bearing. The fisheries law is a desirable one in its general principle, it being understood that the principle is to reserve for citizens of the Territory, privileges now in the control of aliens. Is there any reason why Hawaii should not try to protect her citizens, commercial opportunities? It doesn't matter in the least who the aliens are. Hasn't the legislature of Hawaii a right to try and see that citizens of the land have in their own country, rights superior to aliens? There is no treaty to prevent it, as long as all aliens are treated alike. However, it is understood that as far as the fish business is concerned, there are few citizens who will undertake the enterprise on any adequate scale, and the aliens who are doing it,—Japanese,—are of service to the public generally. This fact, if it be a fact, does not alter the principle involved. This community has a right to legislate so that aliens shall not be allowed license and other privileges which are subject to regulation here. There is no race prejudice in this, no unfairness to any class, but simply a reasonable proposition to attempt to give citizens the best of it as against aliens. It is the same general character of legislation as a tariff bill which protects home industry against foreigners.

MUCH NEEDED MEASURE.

Senator Fairchild's bill to have settled forthwith and forever all claims of the government on lands which have descended from the Land Commission awards of threescore and odd years ago should be welcomed by everybody having anything to do with real estate, whether as dealer, owner or intending buyer. One cannot tell now, without tedious research, whether or not any piece of land in the islands has the government commutation lien on it, excepting the comparatively few cases that in recent years have been settled either by payment or production of proof of former payment. No doubt the lien exists in some cases where the commutation was paid many years ago and evidence of payment not preserved. Only the law that makes the statute of limitations void as against the government has prevented the lien from becoming extinct long ago in all cases. Until the whole business is closed out, as the bill now introduced is intended to accomplish, nobody who buys real estate in this Territory can be sure it is free of the government lien until he has made a more or less expensive investigation of the question.

The Star has received some protests against the proposition that men like the late Judge Estee, or Judge Robinson, are to be considered as "carpet-baggers" and improper appointees to any office in this land so sacred to the kamaaina. It is a bit too late to discuss the Estee proposition, but we understand that he had settled here for life and that he was an American citizen and a desirable resident. The other judge has been here about ten years. Whether he is still a "malihini" or not is a question hard to solve. It is difficult to say just how long a man must be a citizen of this community before ceasing to be a malihini.

THE SENATE

(Continued from Page One.)

leeway than Territorial heads of departments. The boards were holding meetings the year round and were more directly influenced by public opinion than Territorial departments when the Legislature was not in session.

Chillingworth asked if the board of supervisors was influenced by public opinion the last three months.

Fairchild said the Kaui board respected public opinion, but he could not speak for Honolulu.

Coelho made a reference to money diverted in the case of the Nuanu dam.

The bill passed. On second reading of Senate bill 94 relating to the practice of medicine, Makekahu moved it pass and said that if the word "asthma" was inserted in Senate bill 86 he would move to lay this bill on the table.

The motion carried and then the other bill was taken off the table and considered on third reading. Coelho, saying he had received many sugges-

tions on his bill, moved a series of amendments. He believed they would meet all objections. In a speech of some length he told of cases, of which there were living examples on the floor of the Senate, given up by regular physicians and cured by herb doctors.

Makekahu picked holes in the bill, saying among other things he did not believe any doctor could be found who was fool enough to declare a case hopeless. He moved the further consideration of the bill be deferred until Tuesday. Carried.

Coelho's vaccination bill passed third reading 15-0.

Senate bill to provide for vesting the title of trust companies passed third reading 15-0.

House bill amending the law relating to the age of consent, etc., on third reading was questioned by Chillingworth as providing no alternative but death or imprisonment for life as the penalty. The president informed him that such was the law now in force. The bill passed unanimously.

Senate joint resolution relating to hours of labor in Territorial offices, as amended by the ways and means

committee, came up for second reading.

In answer to Woods the introduction, Fairchild, said the vacation of two weeks was a minimum. A longer vacation might be granted in special circumstances. Answering Chillingworth he said if information on which the ways and means committee acted in this matter was desired it would be given. There were no two departments having the same hours of work and the business community saw no reason why government employees should not have the same hours as persons employed by private concerns. In reply to a further question he admitted he was in favor of reducing the number of officials who would be responsible for the business of the government.

The resolution passed. Senate bill to amend section 1647 Revised Laws, as amended by the judiciary committee, passed second reading by adoption of the report thereon. It gives circuit judges jurisdiction on liquor license appeals.

Senate bill making a close season for deer passed second reading by adoption of the judiciary committee's report.

Several Senate bills were referred to appropriate committees and a number of House bills read a first time.

HONOLULU ENABLING ACT.

Fairchild presented a report of the ways and means committee on House bill in reference to the payment of certain persons for services actually rendered under employment of the Board of Supervisors of the City and County of Honolulu and by any committee and agent of said Board. With amendments submitted it is recommended that the bill be passed. At 11:40 the Senate adjourned.

THE HOUSE

(Continued from Page One.)

For the bill: Cohen, Correa, Douthitt, Huddy, Kalelopa, Kaka, Kamanoulu, Kawewehi, Kinney, Like, Long, Makekahu, Moanauhi, Rice, Sheldon, Shingle, Speaker Holstein—17.

Against the bill: Alfonso, Carley, Castro, Furtado, Hihio, Kanahu, Kaniho, Kawakaou, Kealawa, Nakaleka, Nawahine, Waiwaloie—12.

Absent: Cony.

NAKALEKA'S OLD BILL. Nakaleka's old deferred bill to make \$1.50 the minimum day wage for laborers for the Territory or any political subdivision thereof was up for third reading.

Moanauhi asked that it be deferred for the reason that there was another bill with purposes somewhat similar, which other bill eliminates application of the pay law to the City and County of Honolulu, since the law already gives the City and County the right to fix the pay and time of the labor of its employees.

Like favored any measure which raised the pay of laborers, especially in a town like Honolulu where, said he, the cost of living is very high.

Sheldon thought this the time to pass or kill the bill. The bill provided a minimum wage for public laborers and did not prevent Supervisors from paying higher wages to county laborers, if they desired.

Castro believed the bill an imposition on the counties which themselves could well look after the pay of public labor.

The ever careful Castro suggested amendment of the bill's title, to correct it technically. Douthitt thought the title all right as it was.

Kama entered a compromise amendment to make the bill provide for \$2 per day minimum wage in Honolulu and \$1.50 minimum elsewhere. Alfonso wanted to provide that Hilo workers get at least \$3.75 per day.

Alfonso's amendment to the amendment was tabled and Kama's amendment on Alfonso's motion, was tabled. Kamahu moved to amend so that \$2 would be the minimum daily wage throughout the Territory.

Douthitt moved to defer till Monday, thinking that a reasonable request.

Shingle wanted to do business and had an amendment to offer to effect a settlement. Motion to defer was lost.

Shingle believed the bill good but wanted to fix it, if he could, so he could vote for it. He would amend that all Territorial work be paid for at the rate of at least \$1.50 a day, leaving county work to be paid for as the counties saw fit. Kamahu moved to indefinitely postpone the amendment, but Shingle's amendment was adopted.

Those who voted against the final passage were: Correa, Furtado, Hihio, Kama, Kamahu, Like and Moanauhi. HILO ON LIQUOR LAW.

Hilo citizens petition the House to

take in action toward any alteration of the present liquor law. STATEHOOD FELLOWS BORDOLE.

About forty teachers in the public schools of Hawaii petition the Legislature to make ample appropriation for the "needed progress and efficiency of our schools."

"We beg to remind you," declare the petitioners, "that officials from Washington evince a deep interest in the work of our educational system; that statehood must await the successful Americanizing work of the schools; that in the insular possessions the U. S. Government gave schools first consideration."

WASNT KING'S STATUE.

Sixty-six persons of Honolulu and 45 persons of Hilo petition the House "to pass an act authorizing the expenditure of a sufficient sum of money for the purpose of erecting a statue to the memory of Keikekua, Kamehameha the Third, whose beneficent rule has been a blessing to Hawaii." Referred to military committee.

ANOTHER CEMETERY BILL.

Homesteads, parks, jails, morgues and cemeteries are certainly being asked for by Hilo, Kealahou, by resolution, now asks for three acres at Waiakoa, South Hilo, for cemetery purposes. There is no burying ground at present in the place mentioned.

Senator Fairchild's bill to remunerate the Bishop estate for land taken by the government passed final reading in the House.

Shingle's bill to provide for the acquisition of land and other property for public purposes, passed third reading by a vote of 26 to 3.

The House adopted the joint conference committee's report on Sheldon's bill in re appointment and removal of district magistrates.

ELLEFORDS ARE COMING HERE SOON

The Elleford company are coming to the Orpheum for an extended engagement. This will be pleasing news to our theatre goers as Manager Elleford has built up a following in Honolulu that seems to grow at each coming of the organization. Mr. Bass, the business manager arrived with his wife on the Alameda Friday and says that he is surprised and delighted with the growth and evident prosperity of the city, and although we of the islands seem to think it dull it is certainly far ahead of the mainland this year. He states that manager Elleford has this year the best company and repertoire of plays in the history of the organization and will have several delightful surprises for our theatre goers.

W. J. ELLEFORD, PROPRIETOR OF THE ELLEFORD COMPANY.

The engagement will open on Monday, April 12th and the opening bill is Edmond Day's thrilling comedy drama, "Pals." All readers of theatrical news know that Edmond Day has become famous in the last two years with the production of the western story, "The Roundup" now on its second year in New York, and "Pals," is equally as pleasing. The company has not been here for two years but several of the old favorites are still in the organization and several new faces have been added. Especial attention will be given to the scenic and electrical effects making perfect performances. Among the specialty features is the Osborn Children who created such a furore here two years ago.

DIED.

WATERMAN—In Honolulu, March 18, 1909, Harold, eldest son of Edward and Mary Waterman, a native of San Francisco, Cal., aged 10 years, 2 months and 3 days.

The funeral will take place from the Roman Catholic Cathedral at 2 o'clock tomorrow (Sunday) afternoon.

NOTICE.

Residents of Hawaii purposing to visit Seattle during the time of the Exposition, June 1st to October 15th, will find it to their advantage to call at the rooms of the Hawaii Promotion Committee and register in order that assistance may be rendered them in securing desirable hotel accommodation.

QUINN SAYS HE WAS MISQUOTED

"I claim," said Senator Quinn this morning, "that the proposed amendments of the liquor law really tend as a whole to lighten and strengthen it. I don't owe the liquor interests any return for support and am independent on the whole subject. But my speech in the Senate explaining my vote has been misinterpreted and I am described in print as with the 'whisky ring,' whatever that may be. My political record is clear and I shall always vote as I feel proper. As a matter of justice I would like The Star to print a correct report of full report of my remarks in the Senate."

Here are the remarks in question: "I wish to go on record as being in favor of the proposed amendments to the present liquor law for the reason that I believe they are fair and just and that they improve the present law in every particular."

"The present law is a great improvement over the previous liquor laws that we have had, and with the proposed amendments carried out, which I claim, are fair and just and improve the law very materially. I do not want to see the liquor interests controlled by the counties. I favor the present system of commissioners; but I do not believe they should have unlimited power. There are three changes and, as I understand them they are as follows: 1st. Giving the right of appeal to any party or firm holding a license with the right of appealing to the judge of the Circuit Court at chambers, same to be acted upon within 10 days of the given notice. It does away with jury trials. It does not effect the discretion of the board in granting new licenses. It does not allow the number of saloons to increase. It does not interfere in any manner with the present local option sections or with the required number of registered voters clause. So you can readily see that the change does not effect the discretionary powers to any great extent. To my judgment it improves the present law as to fairness and equality. A man that may commit the most horrible crime on the calendar has a chance for a fair hearing. A man in any licensed business whether it be the liquor business or any other is entitled to a fair deal."

"Second. It raises a hotel or restaurant license with Sunday privileges in the districts of Honolulu and Hilo \$250 a year more than they are paying at present, which I feel they are well able to pay. It gives outside country hotels, such as Haleiwa, an opportunity to operate with a Sunday privilege license for \$500, which is only fifty cents more than they are paying at present. It raises the quantity to be sold by the holder of a wholesale license from a 15c flask to a gallon drawn from a bulk container to 6 quarts or 12 pints of beer or to a bottle of case goods."

"Third. It raises the quantity to be sold by the holder of a wholesale license from a 15c flask to a gallon drawn from a bulk container to 6 quarts or 12 pints of beer or to a bottle of case goods. This, I claim, is a great improvement over the present law for the reason that it does away to a great extent with the present abuse that is carried on, around our parks and waterfront, caused on account of the obtaining of the 15c flask of cheap liquor from certain wholesale places. Personally, I believe that the quantity to be sold by the holder of a wholesale license should be 5 gallons. But I will not insist upon that at this time. These are the changes that are asked for, and I believe that they are for the benefit of the Territory and the people."

"I am accused of being a pledge breaker, which I deny. I was a delegate to the Republican Territorial convention and that body adopted the following plan: 'That no general revision of the present liquor law should be made.' The County convention comes along afterward and says that NO change to the present liquor law shall be made. I claim that the Territorial Convention takes precedence over the county, and a county convention has no right to interfere with any plank that has been passed upon and adopted by a Territorial Convention, for the reason that they had their delegates in said convention and had their say and helped to adopt the same. And I further claim that no general revision to the present liquor law has been made. My record in the past, present and future legislatures has been and I hope always will be open and above board. I have always had the courage of my convictions to vote for what I considered just and right without fear or favor or intimidation. If I am mistaken in my judgment or the stand I have taken I am only doing what every member of this senate has done or is liable to do."

WOMEN TALK TO WOMEN About Pe-ru-na.

MRS. McCOUGH. Depressed Feeling. Mrs. M. McCough, 219 W. 53rd street, New York, N. Y., writes: "I gladly add my mite of praise to Peruna for what it has done for me. Two years ago a depressed feeling took hold of me. My back and sides ached continually. My stomach got out of order so that at times I could not hold a glass of cold water. I didn't like to eat, afraid that my stomach would get sick. I have been using Peruna for the three past months and now I feel as well as I ever did. My stomach is as strong as ever and my nervous troubles have disappeared. I keep recommending Peruna to my friends who are troubled as I was, and I have been thanked for doing so."

MRS. MOODERS. Headache and Backache. Mrs. W. M. Mooders, R. F. D. 1, Lents, Ore., member Order of Washington, writes: "For the past four years I was a wretched woman suffering with troubles peculiar to my sex, causing severe backache and bearing down pains and leaving me so weak and weary that it was only with difficulty that I was able to attend to my household duties. I used different remedies and injections, but found no relief until I had tried Peruna. Within two weeks there was a complete change for the better and in less than three months I was a well and happy woman and all the praise is due to Peruna."

Mrs. Anna Munden, Hollygrove, Ark., writes: "I suffered with female troubles for thirteen years. I saw an advertisement of your Peruna and bought one bottle and before I had taken it all I could get out of bed and walk about. After taking three bottles I was as well and hearty as ever and gained in flesh. I would not be without it."

The following testimonials represent actual experience of every-day life. They are the truthful utterances of women who have been ill and have found a reliable remedy in Peruna. It means a great deal to the women of America who have at hand a remedy capable of performing such cures. Nervousness, backache, dyspepsia, headache, melancholy, bearing down pains. All these and a host of other symptoms are relieved by Peruna. At least this is what the women say. They have no object in saying such things, except to render truthful testimony to their suffering sisters. The reader will note by reading these testimonials that in most cases other remedies were tried, doctors were consulted, and finally Peruna came to their rescue and made them well again. Peruna is making such cures every day. It is the testimony of the people that has made Peruna so justly famous.

Mrs. Mary E. Sampson, Londonderry, N. H., writes: "I had terrible headaches, both ears run and I was nervous all the time, was out in one ear for thirty years. I took six bottles of Peruna and one of Manalin, and am happy to say that it is the best medicine that I ever heard of. I am not so nervous, my appetite is good, everything I eat agrees with me, and I am feeling better in every way."

Miss Marie Calvin, 927 Main street, Cincinnati, Ohio, writes: "I caught a cold coming home from an evening party and as I did not pay particular attention to it, I quickly became worse and found myself in a serious condition. I took Peruna and it brought me immediate relief. Within a week I was cured and now whenever I feel badly Peruna will set things right."

KAUAI CHILDREN TALK NORWEGIAN

Representative Sheldon interprets his own remarks in the House and yesterday afternoon Representative Cohen forgot to ask that Sheldon's interpretation be interpreted. It now appears that Sheldon, talking on the needs of Kauai's schools and the right of representation of the other islands in the education commission, stated that a certain lady teacher of Kauai, held only a Norwegian certificate, a certificate in Norwegian, showing she was passed by a Norwegian Institute and not necessarily qualified to teach English.

The idea of Hawaiian, European and Asiatic children running around the Garden Island with a Norwegian accent was not altogether unamusing to Sheldon's hearers.

list, and Gorman crawled over the 100-mark and wound up in fifteenth position.

Of the middle division Mahukona, Fahy, Hayes, Jackson and Grace were well supported, while among the backmarkers F. Freitas, Feagler, Lopes, Hunt and Clark received scattering votes. Well, the contest is over and has proved very interesting. The race now remains to be run and from the result will be seen the value of pub-

lic judgment in selecting the men to fill the first six positions. The names of the prize winners will appear in The Star next week and the prizes will be handed over on application being made at the office. Word was received this morning from St. Clair Bidgood, manager of Haleiwa Hotel, that there was no rain at Waiakua last night and that a strong wind was rapidly dying up the road between there and town. Two autos reaching Haleiwa this morning reported the roads in fair condition and they should be good for tomorrow's race if there is no more rain. The hotel management is providing a fifty-cent lunch for the excursionists.

DECISION OF THE CORONER

The coroner's jury appointed in the case of Harold Waterman, the little boy run over and killed by a hack night before last, sat last night and decided that death was caused by the hack in question. As the police have not been able to locate either rig or driver, however, the matter was left in that unfinished state. Edward H. Waterman, father of the boy, who had been summoned from Kauai by wireless, arrived in the Ki-nau this morning.

It was certainly a good messenger who brought the news to your home that Ayer's Sarsaparilla makes the blood "rich and red." This means so much to those who are thin, pale, feeble, weak, and nervous. After Ayer's Sarsaparilla has cured you, carry the glad message to a friend or neighbor.

Perhaps you suffer from the effects of a warm climate. Prolonged warm weather seriously impairs the strength of many people. The digestion is slow, and the liver becomes sluggish. Impurities in the blood accumulate and cause that feeling of downheartedness and depression.

AYER'S Sarsaparilla

is of the greatest use in such cases. Its purifying, strengthening, and up-building properties will be of inestimable value to you.

As now made, Ayer's Sarsaparilla contains no alcohol.

There are many imitations of Sarsaparilla.

Be sure you get "AYER'S."

SPORTS

PLETHORA OF SPORT PROVIDED FOR TODAY

Three sporting events of more than usual interest are scheduled for this afternoon.

The interscholastic field and track meet will come off at Alexander Field, Punahou, commencing at 2 o'clock and some Hawaiian records are expected to be broken on the new track which is said to be very fast. If good time can be made at every meeting on the track at the Boys' Field, some notable performances should be accomplished at Punahou today.

The contestants today will be: High School, Oahu College and Kamehameha Schools.

Good performances are expected from Whiting and Norton in the mile, McKenzie and Desha in the 100-yards, Rice in the 220-yards, and an Oahu College man is likely to break the record for the 12-pound shot, held by Frank Kanne.

McClendon in the high jump is likely to break the record at present held by Hopper. He equalled it at the sailors' meet held last year.

The men of H. M. S. Cambrian and Flora will have a field day at Kapiolani Park this afternoon, commencing at 2 o'clock.

After a varied program of sports has been run through the Aquarium will be visited and then a dip in the sea enjoyed.

If the weather permits, refreshments will be served in the park but should it rain an adjournment will be taken to the Seumens' Institute and the good things provided will be discussed there.

In the evening a concert and variety show will be given at the institute. George Davies, acting British consul is prime mover in the entertainment carnival, ably assisted by Mr. Everton of the Sailors' Institute.

FAMOUS WHITE SOX TO PLAY IN HAWAII

CHICAGO, March 11. — President Charles A. Comiskey of the Chicago American League Baseball Club has announced, according to a report here tonight, that he will take his baseball team around the world after the season of 1911 is finished. The start will be made from San Francisco about October 15, 1911. The first games will be played in Honolulu and the Philippines, then in the Orient.

The trip of the All-American Baseball Club to Japan, China, the Philippines and Hawaii last winter led Comiskey to think that a trip around the world would be a success.

In 1906, Comiskey took his team to the City of Mexico for its spring training and the trip was a great success.

ARRANGEMENTS FOR MARATHON

Riders in the bicycle race must leave their suit-cases, with twenty-five cents to pay for sending them on the ordinary train, at Wall, Nichols Co.'s store before 1 p. m. today.

Marathon runners must report at depot tomorrow morning not later than 7 o'clock to receive their numbers and leave their suit-cases for forwarding to Wailua.

The bicycle race will start at 7:30 o'clock and the runners will be got away as soon as the machines have started.

Contestants are again warned that anyone entering a rig for any purpose whatever will be subjected to summary disqualification.

The road must be followed except where sign-posts direct otherwise.

The band will play at Aala Park before the start of the race.

The Atkinson and Karamanoleo Baseball League have courteously postponed their games tomorrow in order to give their members a chance to take advantage of the cheap trip to Wailua.

The sale of excursion tickets is proceeding merrily today and it looks as if the most notable sporting crowd that has ever gone out of Honolulu would journey to Haleiwa tomorrow to see the finish of the great race.

CAMBRIAN WON RUGBY GAME

The Rugby enthusiasts had a field day at Punahou yesterday, a game being played on the famous campus between teams representing H. M. S. S. Flora and Cambrian.

The Flora crowd carried altogether too many guns for their opponents and won the game by 16 points to 0.

Judging from the slim attendance the frantic effort on the part of two or three enthusiasts to work up interest in the game has been a flat failure.

The game was too one-sided to be very interesting. Probably with more time ashore both teams would put up a much better exhibition than they did yesterday.

The team lined-up as follows: Cambrian—Stone, fullback; Lt. Pinstoff, Phillips, Lieut. Spalding and Abbott, threequarters; Pearl and Matthews, halves; Griffiths (captain), O'Neill, Isaac, Querstret, Andrews, Ball, Green and Creece, forwards.

WOMAN'S NATIONAL RIVERS AND HARBORS CONGRESS

The subject of "Conservation" was brought before the Teachers' Association at a recent meeting when Mr. Ralph Hosmer made a short speech followed by Mrs. Augustus Knudsen, the official delegate from this Territory to the Women's National Rivers and Harbors Congress, assembled in Washington last December.

Mrs. Knudsen read an account of that Congress, closing with a plea for the especial interest of the teachers, as it lies largely in their hands to make effective in the individual lives of the children the doctrine of Conservation, which, it is hoped, will become thoroughly a part of the American consciousness.

Mr. Forley Horne moved that a committee of principals of public and private schools be formed, to bring the matter before the whole body of teachers, that they might consider methods effective in school life. Such a well-planned campaign of education in the Honolulu schools will prove efficient aid to the movement throughout the Territory.

Mrs. Knudsen is to carry the work directly to the students themselves in a talk to the Normal School.

His Eminence Cardinal Gibbons, on Conservation:

"No policy of our National Government is more in keeping with those democratic principles upon which our Republic is founded than the conservation of our natural resources, and none is to have a greater influence upon the future prosperity of our land. Our fertile soils, our inland waters, our mines, and our forests are God-given heritages which belong no more to the present generation than to generations that are to come. It is our duty as American citizens to regard these resources as sacred trusts, to preserve them, and to use them wisely and with moderation, that we may, as far as possible, provide against the days of want that are surely approaching; and that when these days are at hand they may not come as a crushing retribution, but as a wholesome discipline by which we shall be taught the great lessons of thrift and foresight."

BALL OUTLOOK ON BIG ISLE

HILLO, March 19.—The Hilo Baseball League met on Monday evening at Firemen's Hall, Captain Pettey presiding. Present were representatives of the following teams: Matsujima Baseball Team, Young Hilos, Morning Stars, Naniwas, Hilos and the Mooheaus.

After the minutes of the previous meeting were read and approved, the secretary suggested that the League had no by-laws and it was moved that the by-laws of 1907, with the exception of the forfeiture clause, be adopted. Seconded by George Desha and carried.

George Desha moved that the matriculation fee be \$10. Seconded by Todd and carried.

The secretary then read the list of players of each team, when Tavares called attention to the fact that O'Brien had signed on two lists, the Hilos and the Mooheaus. O'Brien stated that he was for the Mooheaus.

Brick Lyman protested that, as O'Brien had signed on his list, he could not stand for the Mooheaus. The

THE AFTERNOON SESSIONS

THE SENATE

TWENTY-SIXTH DAY. Afternoon Session.

House bill making it a misdemeanor to deposit in a public highway any substance injurious to traffic was referred to the Judiciary committee.

House bill to amend the law relating to gambling was referred to the Judiciary committee.

House bill amending the law relating to income tax was referred to the taxation committee.

House bill authorizing payment of certain employees of the City and County of Honolulu was referred to the ways and means committee.

Senate bill to pay judgment of \$3002 in third circuit court in favor of David K. Baker was referred to the Judiciary committee.

Senate bill to amend the law relating to the care of animals was referred to the Judiciary committee.

VETO BY GOVERNOR. The following veto message from the Governor was read and consideration thereof set for Monday next:

A MESSAGE FROM THE GOVERNOR Territory of Hawaii, Executive Chamber, Honolulu, March 19, 1909.

To the Legislature: I return herewith, without my approval, House Bill No. 27, entitled "An Act to Amend Chapter 14 of the Revised Laws of Hawaii Relating to Taxation, Educational and Judicial Districts."

A bill of this general character is very desirable for several reasons, such as to make taxation, educational and judicial districts conform to county and election districts; to change the boundaries of certain districts so as to meet changed conditions; and to remedy omissions and defects in the present laws relating to districts.

This Bill in question, however, not only fails in large measure to accomplish these objects, but in some respects adds to the existing confusion. It relates only to taxation, educational and judicial districts, and it does not make these the same as the city, county and election districts. Incidentally, it does not include certain parts of the Territory in any district and contains some inaccuracies of description.

While it is an improvement in some respects upon existing laws, I believe that under the circumstances the desired objects may be best obtained by the passage of a new and more complete bill.

W. F. FEARL, Governor of Hawaii.

REGULAR ORDER RESUMED. Senate bill to encourage diversified industry, by exempting tobacco cultivation from taxation, was taken up for second reading without reference to a committee.

Coelho having moved to include rubber and on being told that it was already enjoying tax exemption, stating that its term of exemption would expire before the proposed term for tobacco, the bill was referred to the public lands committee.

Senate bill defining the powers of representatives of estates of deceased persons was referred to the Judiciary committee.

Senate bill to pay claims against the County of Maui, and another to pay claims against the county governments of East and West Hawaii, under the abortive county act of 1903, were referred to the ways and means committee.

By adoption of a conference report on House bill to provide for the maintenance of the family of a deceased person pending the administration of his estate, the bill passed third reading 14-0.

By adoption of a report of the Judiciary committee presented by Knudsen at the moment, House bill relating to abduction passed second reading. It raises the age of consent to twelve years.

Senate bill to repeal a section of the vaccination law, as amended by the Judiciary committee merely to amend the section, passed second reading by adoption of the report.

Senate bill to give circuit courts jurisdiction of liquor license appeals on second reading was deferred till tomorrow. President Smith having pointed out that the liquor bill recently passed gave the jurisdiction to circuit judges in chambers.

Senate bill to provide for vesting of title of trust companies passed second reading.

COMMUNICATIONS. The House sent word over that it had sustained the Governor's veto of the fraudulent conveyances bill.

Secretary E. A. Mott-Smith informed the Senate that the Governor had signed House bill to amend section 3161 of the Revised Laws relating to procurers.

Mary Atherton Richards and others, trustees of the Free Kindergarten and Children's Aid Association, petitioned against shortening the compulsory school age and reducing school appropriations.

Francis W. Damon and others, trustees of the Mid-Pacific Institute, sent in a petition of like tenor and both were referred to the education committee.

NEW BILLS. Fairchild introduced a bill to provide for the payment of commutation

PEARL HARBOR DRYDOCK PLANS

Much Reduced from Previous Design and Bids to be Opened Two Months Hence.

MAKESHIFT STEAMER SUBSIDY

Proposed Tax on Shooting Irons—Graft in Los Angeles—French Strikers Win.

WASHINGTON, March 20.—The revised plans for the Pearl Harbor drydock provide for a structure of 620 feet in length, retaining all original features except the inner dock. Bids will be opened on May 22.

TO EXTEND MAIL SUBSIDIES

WASHINGTON, March 20.—Representative Humphrey has introduced a bill granting an ocean mail subsidy for vessels plying between the United States and South America and the Orient, granting them the same pay for the carriage of mails that first-class vessels receive.

MAY TAX DEADLY WEAPONS

WASHINGTON, March 20.—A tax of \$2 on every deadly weapon manufactured is proposed by Representative Sisson of Mississippi, to increase the revenue.

CITY GRAPTERS INDICTED

LOS ANGELES, March 20.—A secret indictment has been returned in the city graft cases.

SURRENDERS TO STRIKERS

PARIS, March 20.—The deputies have sustained the ministry in its decision to accede to the demands of the strikers.

THE CITY CHURCHES

CENTRAL UNION CHURCH.
Bible School at 9:30. Chifton H. Tracy, superintendent.
Men's League Bible Class at 10. Under the direction of the assistant minister, continuing the reading course in the gospels. Subjects for Sunday: "What is the Unpardonable Sin?" "Jesus' New Method of Teaching." "The Mysteries of the Kingdom."
Morning worship at 11. Sermon by the minister: "The Law of Christian Expansion." Anthem by the chorus choir. Offertory solo: "I Heard the Voice of Jesus Say." Bishop. Mr. H. F. Wichman.
Christian Endeavor at 6:30. Pilgrim Progress Series III: "The Wicket Gate." Leaders, Misses Helga and Signa Wilkander.
Evening service at 7:30. Fourth Sunday evening Lenten service under the auspices of the Men's League. Subject of the address, "How Make Prayer Real?" Special music: Anthem, "Peace I Leave With You," Rodericks, Mr. Arthur Wall and choir; duet, Mrs. Mackall and Mr. Wall.
A cordial invitation is extended to all to attend these services. Strangers and visitors in the city especially welcomed.

METHODIST EPISCOPAL CHURCH.

Sunday Services at the First Methodist Episcopal church, corner Beretania avenue and Miller street; John T. Jones, pastor.
Sunday-school at 10 a. m., Mr. Arthur Robbins, superintendent.
Morning worship at 11 o'clock. Sermon by the pastor.
Epworth League, 6:30 p. m. Subject, "Facing our Record."
Evening worship 7:30 o'clock. Sermon by the pastor. The evening services will be evangelistic in character. Persons wanting knowledge of the way of salvation are especially urged to attend this service. The music will be under the direction of Prof. Nathan M. Lewis.

ST. ANDREW'S CATHEDRAL.

On Sunday evening at 7:30 at St. Andrew's cathedral, Bishop Restarick will continue the series of special Lenten lectures on the Apostles' Creed. The subject will be "He Descended Into Hell." The lecture will deal with the matter of the intermediate state called Paradise or Hades. The Bishop will speak about the state of those who have departed this life, and the larger hope which the church doctrine brings to those who before have held the usual Protestant ideas on the matter. These lectures have aroused a great interest and despite the rain last Sunday the attendance was large.

KAUMAKAPILI CHURCH.

The regular monthly English service will be held at Kaumakapili church tomorrow morning at eleven o'clock. Rev. W. D. Westervelt will speak. Special singing will be given by the girls from the Industrial school. At the close of the service the address will be interpreted by Mr. S. K. Kamalopili.

MISSION ANNUAL.

There were lively times at Mr. Rider's Mission in Kakaako last evening, the special, big program being on account of the sixth anniversary of the establishment of the work there. For the occasion the meeting hall was

appropriately decorated and brilliantly lighted. Nearly 200 children of all nationalities were present and took some part in the program. As may be imagined, the singing was excellent. Talks were made by different members of the Sunday School in Hawaiian, Japanese, Chinese, Korean, Portuguese and English. The principal speakers of the evening were Mr. Rider and Frank C. Atherton. Ice cream, cake and other light refreshments concluded the evening's pleasant entertainment.

SOLDIERS ENTERTAIN.

Last evening the marines of Camp Very and soldiers of Fort Shafter entertained their Honolulu friends at the Christian church in Alakea street, and royally they did it too. A month ago the good people of the church entertained the soldiers and marines; and last night's entertainment was the "come back" of the boys in khaki. There was a fine program of music and other specialties, followed by refreshments. At the conclusion of the program a vote of hearty thanks was given the military hosts for the good time they had provided.

THE Y. M. C. A.

Aside from the "green" celebration on the eve of St. Patrick's Day, the week at the Y. M. C. A. was given over largely to regular work. Last night the meeting at Camp Very was not so largely attended as had been expected, the boys having been paid off during the day, and—well, everybody knows what that means.

BALLINGER WILL TOUR THE COAST

WASHINGTON, March 12.—To study the various problems with which he will have to deal in the administration of the affairs of the Interior Department, Secretary Ballinger will make an extensive tour of the West, including Alaska during the coming summer. He will look into the needs of the Indian service and the condition of the great irrigation project, and will investigate in Alaska the alleged acquisition of extensive coal lands by corporations and individuals. It is probable that President Taft and Secretary Ballinger will visit Alaska about the same time.

A SPLAINED ANKLE.

As a rule a man will feel well satisfied in two or three weeks after spraining his ankle, and it is two or three months before he is fully recovered. This is an unnecessary loss of time, for in many cases in which Chamberlain's Pain Balm has been promptly and freely applied a complete cure has been effected in less than one week's time, and in some cases within three days. Pain Balm is most widely known however, for its cure of rheumatism. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

Some Queer Ideas About Advertising

A business man of this city recently said, and evidently was sincere in saying it, "Advertising doesn't do my business any good; but, if I don't advertise, I lose business."

That statement calls for no comment. Yet it shows the attitude of the man perfectly. He does not understand advertising. He expects a direct and immediate return for every dollar spent.

Advertising has a stronger and subtler hold upon the public than would be manifested in that way. Often the ad makes merely an impression—sometimes a scarcely perceptible impression.

To illustrate: An ad in SMITH's newspaper says, "JONES' COLLARS NEVER CRACK."

Does Smith immediately rush to JONES' and buy a dozen collars? Of course not. He merely smiles in a superior way.

But Smith sees the ad next day, and the next. He begins to think, "I wonder if they DO crack?" Then one day, a bunch of collars comes home from the pake, all cracked at the edges. Smith throws them in the waste basket; Smith says things;

AND SMITH GOES TO JONES' AND BUYS HIS COLLARS.

SUSPENSION OF SAUNDERS

MARSTON CAMPBELL FIXES TERM OF SUSPENSION AFTER READING REPORT OF COMMISSION.

After carefully going over the report of the special commission which had investigated the matter of the grounding of the transport Logan, Superintendent Marston Campbell last night decided to suspend Captain M. N. Sanders pilot, until May 1, without pay. This is small punishment in a big case, but the extenuating circumstances were of such great weight that it was necessary to consider them. The findings of the court in detail were as follows: The board finds that the grounding of the transport was caused by an error of judgment on the part of Pilot M. N. Sanders, who was piloting the ship into the harbor at the time she grounded.

After consideration of the testimony of the witnesses the board believes that the following extenuating circumstances existed.

First: The weather. It was dark, black and rainy; the overhanging clouds probably increasing the glare of lights along the waterfront and adding to the liability of confusion.

Second: The white schooner referred to showed no lights, and this fact was doubly misleading because its color made it easily distinguishable; and the absence of lights on the schooner made the pilot believe the schooner was alongside a wharf.

Third: A reference to Honolulu harbor chart will show that a vessel of the Logan's size need overrun her proper distance by only 400 feet or less in order to pass from a position of perfect safety to one of grave danger.

Fourth: This investigation has called attention for the first time to a serious defect in the navigational aids in Honolulu harbor, in the absence of a turning mark on the western side of the harbor between quarantine wharf and railroad wharves.

The board recommends as a punishment adequate to the offense of Pilot M. N. Sanders, suspension from duty for a period of three months; but in view of the extenuating circumstances cited, and also in consideration of the long and able service in this port of Pilot Sanders, as known to all the members of this board, we unanimously recommend him to the clemency of the convening authority.

While beyond the scope of its investigation, the board wishes to invite attention to the necessity for correcting the defects referred to in the lighting of Honolulu harbor, and recommends the following changes:

First: Abolish the green rear range light and install a green pilot light in the vicinity of Sumner's Island near the harbor line.

Second: Install a red light on the northwestern end of Kekuaunoa wharf where the eastern harbor line turns to the north.

The board found no evidence of negligence or incapability on the part of the officers of the Logan.

POLLARDS TONIGHT IN VAUDEVILLE

Tonight the theatre-going public will be given a treat in the shape of a really high-class vaudeville show. Not the kind of vaudeville that is presented by cheap, third-class companies, in which nothing is more evident than the commonness of the actors themselves, showing in their voices, actions and their crude idea of the humorous, but a vaudeville of a refined type, whose "hits" do not appeal to the gallery alone.

The management is keeping the "stunts," specialties, and songs a dark secret, intimating, however, that there will be plenty of excitement, and more than one or two new vaudeville hits introduced.

But the public in general is not worrying; whatever the Pollards are called upon to do, they will do with a spirit and swing that will make it the more attractive; and the youngsters have shown an ability for dancing, singing and buffonery that will go far to make for high quality in vaudeville. Who is there who, having seen Freddie Heintz as "Flipper" would not want to see him in vaudeville?

Or the other Heintz Kid, or Teddie McNamara, Rose McGorlick, Ada Hind, the Pollards and the rest of them?

There is a well defined rumor circulating in the legislative halls to the effect that Speaker Holstein is framing a law, to be introduced by a member of the House, which will provide that unless a man has paid his taxes he cannot hold public office. Such a bill, if it became law, would affect several now holding Territorial and County jobs.
