

# MOKUAWEOWEO SMOKING AGAIN

## GARBAGE PAYROLLS BEING LOOKED INTO

NO IRREGULARITIES BEING DISCOVERED YET—ALL THE SUPERIOR OFFICERS IN THE GARBAGE DEPARTMENT ARE AWAY NOW BUT THE CLERKS IN CHARGE EXPLAIN THE SYSTEM AND THE WORKINGS OF THE DOUBLE FORCE SYSTEM.

Treasurer Trent's letter practically making charges of graft in the garbage department was the main topic of conversation in the Capitol today. In the garbage office, of which all the heads are away, the clerks were indignant at what they termed a failure to properly investigate before springing accusations of corruption. It was stated that the fact that some laborers are on the payroll for more than half a month is simply a result of the general irregularity in attendance by such laborers. Trent's principal accusations are based upon the fact that under a system of working men in gangs a half month each, a number of the men drew pay for more than fifteen days. His letter to the Board of Supervisors it was pointed out this morning, falls utterly to mention the further fact that the payroll shows some men to have worked less than 15 days.

CAPTAIN SAM JOHNSON.

"The laboring men never work regularly," say the clerks who are left in the garbage office. "The rate of pay is \$45 per month, including Sundays and holidays. But there has never been a day when they have worked more than 15 days." (Continued on page five.)

## Kellett Had Right To Use The Funds

COUNSEL FOR P. D. KELLETT SAYS THERE WAS NO OFFENSE AGAINST THE CRIMINAL STATUTES IF THE TRUSTEE OF THE BARRETT ESTATE TOOK AND USED ALL THE FUNDS IN THE ESTATE.

Kellett had a perfect right to use the property was absolutely his as far as the legal title was concerned," said Alfred Magoon for the defendant. "The property was absolutely his as far as the legal title was concerned," said the legal owner of the estate, and if he made away with every cent of it, he was acting within the law and cannot be punished. This is the legal side of the Kellett case as presented to Judge Robinson this morning by Attorney J. Alfred Magoon for the defendant. (Continued on page five.)

## HOW GARBAGE PAYROLLS ARE MADE UP

CHIEF CLERK C. M. WHITE OF THE PUBLIC WORKS DEPARTMENT MAKES A STATEMENT WHICH EXPLAINS IN DETAIL THE METHOD OF MAKING UP THE GARBAGE FORCE PAYROLL, AND EXPLAINS, APPARENTLY, ALL DOUBTFUL MATTERS RAISED.

The following communication to The Star by C. M. White, chief clerk in the Public Works Department, explains apparently fully, all the matters raised by County Treasurer Trent in his communication to the Board of Supervisors. The men in the garbage department are paid by the month, and a month consists of all the days in the calendar month. EDITOR STAR: In the absence of Mr. Samuel Johnson, on the coast, and as I have, by the direction of the Supervisors, assumed charge of his office, during his absence, I desire to submit an explanation of the garbage pay rolls which is at present the subject of considerable newspaper controversy. It is true Mr. Johnson has left but he is not as stated in the Advertiser, the only person who is capable of explaining the apparent discrepancies in the pay rolls. First: I desire to deny, on behalf of Mr. Johnson that any pay roll in the garbage department or any other Bureau under his control has been signed in blank if it is meant by this that the time worked and the amount earned by each man has not been distinctly stated before such signature was made. For the most part the laborers have signed on receiving their money, but in a very few instances the pay rolls have been made out and signed before being sent to the auditor. If there has been any "unearned difference" it has been paid to the working man. The pay roll presented to the county is on the same lines as those heretofore passed up to and approved by the auditor. The "unearned difference" comes

## ANOTHER OUTBREAK OF MAUNA LOA POSSIBLE

According to advices from Hawaii the summit crater of Mauna Loa is showing signs of activity. Old Mokuaweoweo was reported to be smoking to an unusual degree. The summit crater of Mauna Loa is generally dormant and whenever it shows any signs of activity, the fact is usually taken as an indication of an extended eruption. Mokuaweoweo broke out nearly two years ago and sent a vast quantity of lava from a fissure near the top. Numerous parties made the ascent then and witnessed the activity in the crater. It is not unlikely that the smoke that was issuing last week from Mokuaweoweo may be the herald of another outbreak of extensive character.

## BICKNELL KING OF THE ISLANDS

COUNTY AUDITOR JAMES BICKNELL RECEIVED WORD THIS MORNING THAT THE BRITISH HIGH COMMISSIONER'S COURT IN SUVA HAD DECREED HIM THE OWNER IN FEE SIMPLE OF HALF OF FANNING'S AND WASHINGTON ISLANDS.

County Auditor James Bicknell got some good news this morning. W. A. Kinney received a cablegram today from E. B. McClanahan at Suva stating that the British High Commission Court of the Western Pacific had decided the case in which Bicknell, the Greigs and others were interested, in favor of Bicknell. The decision held that Bicknell was entitled to one-half of Fanning and Washington Islands in partnership with the elder Greig, acquired the two islands. The Greigs have remained there and have made it their home. The claim on the other side was that when the one partner died, his property passed to the other, and this caused the suit to quiet my title to the property. That suit has been settled by the British court at Suva in my favor. The new semi-king of the two mid-Pacific islands wore his honors modestly, in fact he said that he did not know how much his heritage was worth. In reply to a question he laughingly said that it was worth less than half a million dollars and certainly was worth more than ten. There is a wide margin upon which to figure. "The only product of the islands is copra," he said, "but that is plentiful as the cocoanuts give good crops. The Canadian-Australian cable has a station on Fanning Island but I do not think anyone was paid anything for the site."

## A BIG DEAL

REPORTED THAT AMERICAN-HAWAIIAN CO. HAS AGREED TO BUY OUT WELCH & CO.

It is understood that a big deal has about been consummated in San Francisco between two shipping factors now operating to these islands. The American Hawaiian S. S. Company is understood to have consummated a deal to buy out Welch and Company the shipping factors of San Francisco. According to the terms of the deal, the sailing craft now operated to these islands by Welch and Company will be withdrawn very soon and the hauling that was formerly done by them, will be done by the steamers of the American-Hawaiian line. The deal has not quite been completed but is understood to have reached a point where it is about ready for consummation. "This is the first intimation," said George M. Robertson of C. Brewer & Company, "that I have had of the reported deal. I do not credit the report from the fact that we have received absolutely no intimation that such a thing was in progress. Brewer & Company is quite heavily interested in the Planters line of sailing vessels and if Welch & Company had any such thing in mind, we would certainly have been advised of the fact." C. P. Morse, the local general freight agent of the American-Hawaiian line, has received no word of any such deal.

WILLIE HARRIS GOING. W. W. Harris will be one of the passengers on the Mongolia bound coastwards when she sails.

SHERMAN SAILED ON SATURDAY. The transport Sherman sailed on Saturday for Honolulu, Guam and Manila. She is the first boat to sail according to the new schedule of transports from San Francisco.

**Hobron Drug Co's Offer for a Name and Drawing**

Briefly told, our proposition is this. We want to get, if possible, a catchy and more appropriate name for our Anti-Grippe Tablets. They are going to be put on the markets of the mainland. We want to start right by having an attractive, easy-to-remember name, and we believe there are people in Hawaii who could submit something unique in this line. Will you try? If the name you submit suits us we will send you a check for \$15.

Then we want a good drawing, something that suggests some one afflicted with a cold, grip, dengue, etc., and the little white tablet coming to their relief. If you can draw, send us your idea, and if we can use it as a trade-mark, you will receive a check for \$10.

Put the names you submit, or the drawings, in an envelope, mark "Anti-Grippe Tablets Name Competition," and either leave at store or mail to us. Don't forget to sign your name and address. You are not limited to number of names or drawings. They will all receive our careful consideration and the ones selected which we believe will bring us best advertising results. Competition closes October 1st.

**TRENT'S SUSPICIONS AROUSED**

THE COUNTY TREASURER MAKES SOME DISCOVERIES THAT LEADS HIM TO SUSPECT PAYROLL STUFFING, AND HE WRITES A LETTER TO BOARD OF SUPERVISORS TELLING THEM ALL ABOUT IT.

The following letter from Treasurer Trent was read at Saturday's meeting of the Board of Supervisors:  
Honolulu, August 5, 1905.

The Board of Supervisors, County of Oahu, Gentlemen:—I deem it my duty, without comment, to report to you as follows:

In paying off the garbage men yesterday, my clerk was told in more than one instance that the amount called for by the warrant was more than the payee had earned; feeling, rightly, that he had no discretion in the premises, he paid the full amounts as called for.

My attention being called to the matter, I directed that the next man presenting a warrant be questioned as to the number of days he had worked, the rate of pay for which he was working, etc.

Accordingly, when A. Pimento presented Warrant No. 256 for 20 days' work at \$45 per month, the questions as above suggested were asked him. The records on the face of the warrant agreed exactly with Mr. Pimento's answers, except as to the number of days worked. While the warrant called for twenty days, Mr. Pimento modestly claimed to have worked only fifteen days. The full amount of the warrant was paid him without further question. I gave instructions that no more of the men be questioned, but that warrants be paid as presented, at full face value, and that any objections about overtime or overpay be disregarded.

From Mr. Samuel Johnson, superintendent of the garbage department, I learned that the very excellent system of employing twice a many men as are necessary to do the work is in vogue in this department. The plan is for one-half the men to work one week, then lay off a week while the other half worked, and so on through the month. In this way forty-odd men can make a half-month's pay each month, instead of only twenty-odd making a full month.

In looking over the warrants this morning I noted the following facts, which will probably prove interesting to you:

Two men had warrants showing a total of 41 days' work at the Kalia dump—an average of 20 1-2 days to the half-month.

Four men had warrants showing a total of 73 days' work at the Twilei dump—an average of 18 1-4 days to the half-month.

Eight men had warrants showing 144 days' work as excavator tenders—an average of 18 days to the half-month.

Eighteen men had warrants, occupation given as "garbage wagon," showing a total of 364 days' work—an average of 20 4-18 days to the half-month.

Other warrants for clerks, stablemen, etc., working full months, made up the total of the number of warrants drawn.

Very respectfully,  
RICHARD H. TRENT,  
County Treasurer.

When the letter was read to the Board there was no comment and the matter was referred to the Committee on Garbage for investigation.

Were Payrolls Stuffed?

The signs of garbage department grafting are a surprise to Honolulu, where the department has been known as a highly efficient one. Though judgment must be suspended until an investigation can be had, it is impossible to deny that appearances are bad.

The situation calls for immediate action. Captain Johnson can be reached by cable when the transport Solace arrives at San Francisco, accompanied by his chief assistant in the garbage bureau, Lieutenant Cummins.

Since the above was written a partial investigation of the Trent exposure makes it appear much less likely that there is anything in the charges insinuated against the garbage department.

Hawaii Again a Mission Field

Bishop Restarick's latest letter, and the work being done and attempted, as shown by the reports of the Hawaiian Board, will come, perhaps, as a surprise.

Hawaii, or more accurately speaking, the Sandwich Islands, because it was by that name that they were then known, was for years pointed to as an example—the example par excellence—of the power of the gospel.

Perhaps the change wrought in these islands was all the more striking and appealed more vividly to the imagination, because it was the first complete transformation of the kind that Protestantism had to show.

But what now confronts the Christian church in these islands? Again the islands are filled with a population which is heathen, in the sense that it is not even nominally Christian.

This substitution of one population by another, thus completely changing the whole social and economic fabric, is one of the interesting phenomena of the Pacific Islands.

pletely change the character of the population. In Samoa, there is every reason to believe, the same sort of a transformation has begun.

If the band cannot raise enough to leave here except in the steerage it would seem to be evident that its return at all depends upon the doubtful contingency of making money while away.

As soon as they hear from Honolulu Sam Johnson and his assistant Cummins will probably feel like firing shots at each other rather than at any Seagirt target.

The question is, who got the money-ski when the men were paidoff too muchovitch?

Perhaps when Carter said it would be a long time before harmony was restored in Hawaii he was referring to the poor chance of the band getting back.

If the project for a popular assembly in Russia is completed on August 12, as is now expected, Russia and Hawaii will have a political anniversary in common.

Oyama has nearly half a million men and 1600 guns in front of the Russians. He hasn't got them there just for fun, so possibly it might be as well for De Witte to hurry up with those peace negotiations.

They are talking real saucily in the newspapers and elsewhere about Chauncey M. Depew and his fees and other matters in connection with the Equitable.

Even the man who has a policy in the Equitable is wiser than the man who isn't insured at all.

Anyway, Sam Johnson gave the public more and better service for their money than they were accustomed to getting when he took hold.

It is not true that we are absolutely defenceless because so many colonels, majors, captains and other military officers have gone to Seagirt.

FOREIGN NEWS BY CABLE

ARCHBISHOP CHAPPELLE STRICKEN.

NEW ORLEANS, August 6.—Archbishop Chappelle of the Roman Catholic archdiocese of New Orleans has been stricken by the yellow fever. Twenty-nine other new cases were reported to the health authorities yesterday.

The Most Reverend Placide Louis Chappelle, Roman Catholic Archbishop of New Orleans, who is reported ill with yellow fever, is one of the best known American prelates. He was born in France, August 28, 1842, and came to the United States in 1850. He was educated here and ordained a priest in 1865. He rose rapidly, becoming Coadjutor Bishop of Santa Fe in 1891 and later Archbishop of that archdiocese. In 1897 Archbishop Chappelle became Archbishop of New Orleans, one of the most important of the American sees. The Archbishop is especially well known for his services as Apostolic Delegate to Cuba and Porto Rico in 1898 and to the Philippines in 1899. He had the oversight of the interests of the Catholic church in the islands just after the Spanish war, when they were turned over to the United States. In the Philippines he did much toward settling the friar title question. There has been much talk of his elevation to the rank of Cardinal.

JAPANESE CONFRONT RUSSIANS.

LIDIAPUTZE, August 7.—The Japanese have concentrated four hundred and thirty thousand (430,000) infantry and sixteen hundred (1600) cannon in front of the Russian armies.

PORTSMOUTH DECORATED FOR PEACE CONFERENCE.

PORTSMOUTH, August 7.—The navy yard and the city are elaborately decorated. Representatives of the army and American and foreign journalists are in attendance. The envoys will arrive today.

PORTSMOUTH, July 15.—Acting Secretary of State Peirce and Edward N. Pearson, secretary of state of New Hampshire, today visited the Portsmouth navy yard and held a conference with Rear Admiral W. W. Mead, commandant, regarding details of the coming peace conference between the Russian and Japanese plenipotentiaries.

It was decided that the sessions of the conference should be held in rooms on the second floor of the general store building. The patrol of marines at the yard will be increased, particularly in the vicinity of the building, and no one not directly connected with the negotiations will be permitted to enter the structure.

A visit was made later by Mr. Peirce and Mr. Peterson to Newcastle, where rooms for both the Japanese and the Russian envoys were engaged at the Hotel Wentworth.

It was officially announced at the navy yard that this place was selected for the conference because it afforded military protection, because an Atlantic cable lands here and because there are hotels on the coast which can easily be reached without travel by land.

It was stated that a launch will be used for the convenience of the plenipotentiaries in going back and forth between the navy yard and their hotel quarters.

MANILA GIVES SPLENDID RECEPTION TO TAFT PARTY.

ENGAGEMENT ANNOUNCED.
The engagement of Miss Sophie Judd and George Cooke was announced on Saturday. The news was not only somewhat of a surprise to their many friends but the source of much pleasure, and both Mr. Cooke and Miss Judd have been the recipients of many congratulations since the news became public. Mr. Cooke is the son of Mr.

and Mrs. C. M. Cooke. He recently returned from Yale, where he completed his education. Miss Judd is the younger daughter of Mrs. A. F. Judd and the late Chief Justice Judd. She is an island girl and completed her education at Farmington, after which she made a tour of Europe in company with her brother Charles. The date for the wedding has not been set.

from the system of computing time. It has been the custom in the Department of Public Works where men are hired by the month, unless otherwise specified to consider the month by the number of its calendar days. Hence a man who put in the full number of working days in the months of say 31 days received pay for Sundays and all. If the full month were worked it would make no difference how many Sundays were in the month.

The garbage men have received a salary of \$15 per month of 31 days or 20 days, according to the number of days in the calendar month, and for every day, Sundays and all, the laborer received 1-31 of the month. Whether this is a proper system in dealing with labor, I will not undertake to say, but it is the system that has been in vogue in the department of public works for years, and as I said before, this County payroll is on the same lines as those which have always been discharged by the Auditor's warrants.

Below I submit a statement showing the pay roll submitted to the county computed by a system of 31 days to the month and also by a system of 29 working days to the month. This shows a difference of practically \$55 in favor of the latter method. It is for the Supervisors to determine which plan they wish followed but there is no occasion for any suspicion of graft by the head of the garbage department or any of his clerks. When the men have been paid off the pay rolls have been signed by the men for the most part, in the presence of one of the clerks who has called off the amount to Mr. Johnson, he himself paying over the money.

The surprise expressed by certain men in this matter is totally unwarranted as the system of computation and payment is the same as has always prevailed.

C. M. WHITE,

Chief Clerk Department of Public Works.

The table prepared by White shows that under the present system of computation the payroll of the month would foot up \$1,446.44, while under the plan of calling a month 29 days it would be \$1,391.44.

**BERGER CHOSE TO GO STEERAGE**

LEADER OF THE BAND GAVE UP STATEROOM TO GO WITH THE OTHER PLAYERS.

Kappelmeister Berger is going to San Francisco in the steamer with the rest of the Hawaiian band, and thereby hangs a tale of conjugal self-sacrifice that should be an example to all husbands, for Berger was supplied with a stateroom as a first-class passenger, but he gave it up to Mrs. Berger, to bunk with the men. The arrangements as originally made called for steamer tickets for all the band except Berger and Mrs. Alapai, the singer. Mrs. Berger, however, wanted to go and there was no provision for her, and Berger decided that he could get along with the rest of the boys all right. So he surrendered his comfortable berth to his better half and took for himself a place among "the boys."

As far as the band itself is concerned, practically all the men want to go steerage. Most of them have traveled that way when they have traveled at all, and as band salaries are small, not a few of them lack the clothing which they think should go with saloon passengers. For these reasons the players will all enliven the steerage with their presence and Berger will be with them.

**JOHNSON MAY RETURN AT ONCE**

CABLE TO BE SENT IF ANYTHING APPEARS TO BE WRONG—WILL CRIPPLE TEAM.

If the investigations of the garbage department indicate anything wrong it is said that a cable will be sent to Sam Johnson calling upon him to return, with assistants Casto and Cummins, who are with him en route to Seagirt. In fact there are some who think that Johnson will start anyhow when he hears at San Francisco of the contents of Treasurer Trent's letter to the Board of Supervisors. The letter came out just as Sam had been a few hours out of sight of Oahu.

Acting Governor Atkinson made some inquiries about the matter this morning, interviewing the auditor and Chief Clerk White of the public works department, who has charge temporarily of Johnson's office. "I do not know enough about the matter to say anything so far," said the acting governor this afternoon.

Johnson is the best shot on the team that is going to Seagirt, and his loss would be a serious one.

**DAN RENEAR IN PHILADELPHIA**

The Philadelphia Inquirer has the following in a recent issue regarding Dan Renear.

The competitions were keener and the finishes closer in the weekly swimming contests of the Philadelphia Swimming Club, at Lafayette, yesterday afternoon.

A feature of the meet was an exhibition 50-yard speed swim by Daniel B. Renear of Honolulu, who covered the distance in 30 seconds flat. Renear is having an extended vacation in the states and will remain here long enough to compete for the 100-yard Sackett Cup on August 13.

**WANTS TO SELL VALUABLE LAND**

APPLICATION OF A. W. CARTER TO SELL RICH PAAUHAU CANE LAND TO BE CONSIDERED.

W. A. Kinney will leave tomorrow for Hilo to attend Judge Parson's court as representative of A. W. Carter, guardian of A. T. A. Parker, minor, in the matter of the petition to sell cane lands at Paaupuu. The petition asks that the guardian be allowed to dispose of the lands at an upset price of \$124,000. The land in question consists of about 1700 acres and is occupied by Paaupuu plantation. The hearing of the application comes up on August 12.

**INHERITANCE TAX**

Judge De Bolt this afternoon gave a decision that the estate of Sybil Carter need not pay the inheritance tax. The decision furnishes a precedent for numerous estates. The inheritance tax was levied under a law just passed and it was claimed that it applied to all estates undistributed, while Ballou and Marx for the Carter estate claimed that it did not apply except to estates of persons deceased since the law was passed. This view was sustained by Judge De Bolt. The final accounts of George R. Carter as executor of the estate were approved by the judge, and he was granted a discharge.

**„Flower Holders..“ IN Glass and Pottery**

Long and narrow, short and broad—for lilies or roses, for pansies or violets. Yes, to suit any and all of the beauties of the floral kingdom that bloom in Hawaii nel all the year round.

The prices for simple styles begin as low as twenty-five cents—and you will be surprised to see what this small sum will buy.

More money buys larger sizes and more elaborateness. The variety also widens.

We'd be might, glad to show you.
