FRANCE DEMANDS MONEY OF TURKEY

Insists That Sultan Must Keep His Promises.

DIPLOMATIC RELATIONS ENDED

AMBASSADOR CONSTANS SO NOTIFIES THE FRENCH GOVERNMENT.

Paris Matin Says That a French Fleet Will be Dispatched at Once to Back Up the Demands of That Country.

PARIS, August 22.—The Matin this morning announces that the French second-class cruiser Cassard started for Turkish waters yesterday, and that a naval division is ready to follow.

CONSTANTINOPLE, August 21.—The French Ambassador, M. Constans, has notified the Sultan's first secretary that all diplomatic relations between France and Turkey are broken off and the Ambassador has informed his Government to that effect. M. Constans communicated directly with the Sultan because the latest negotiations were transacted with the Sultan personally.

The Ambassador justifies his action on the ground that the Sultan broke his direct, personal promise, given to M. Constans at an audience in the Yildiz palace on Thursday regarding the purchase of the quays and the settlement of the disputed French claims. The Foreign Minister also gave formal assurances that the agreement would be carried out, so in view of this breach of faith M. Constans holds that it is impossible for France to continue diplomatic relations with Turkey.

PARIS, August 21.—A high official of the Foreign Office informed the press correspondents today that the exact situation at Constantinople is as follows: The Sultan at the last audience which he granted to M. Constans, the French Ambassador, agreed to send him on the same or the following day a document giving complete satisfaction to France regarding the claims of French citizens and in the matter of the quays, in accordance with the terms arranged between the Sultan and M. Constans verbally. Instead of doing this the Sultan waited until yesterday, when he sent M. Constans a document the terms of which differed essentially from those arranged at the audience.

Thereupon M. Constans declined to negotiate any further or to hold other communication with the Porte, and referred the matter to the French Foreign Office. His dispatch to that effect arrived last night.

"If the Sultan does not keep the promises which he made at the last audience," continued the informant, "we will have to recall M. Constans and send the Turkish Ambassador his passports. A solution one way or the other is probable within the next two days."

Replying to a question, the Foreign Office official said: "No naval action on the part of France has yet been decided on. The stories in the papers to the effect that French war ships are under orders to be in readiness to proceed to the Bosphorus have no foundation in fact. Such a measure might, of course, become necessary but that eventually has not yet been considered by the French Government."

LONDON, August 22.—The Paris correspondent of the Times suggests that the Government will keep the whole series of questions with Turkey open until the arrival of the Czar in France. Diplomatic opinion in London generally approves of the French action toward Turkey. It appears that the chancellors of Europe have been considerably annoyed by the Sultan's recent efforts to reassert himself and to shake off the limited control exercised by Europe over certain parts of his administration. The Sultan's dispatch of a mission to the Far East was also displeasing to the great powers. The latter, therefore, are expected to generally welcome France's rebuff of the Sultan. The morning papers today, commenting upon the Franco-Turkish situation, consider that the action of M. Constans was fully justified. They do not anticipate any serious results, believing the Sultan will ultimately yield.

the sum fixed and the company wants Turkey to make good its guarantee. There is another question. You know France has a postoffice of her own in Constantinople. Turkey does not like that. She says it interferes with her postal service, but France will not consent to do away with her postoffice. Then Turkey tries to force France. Very well. We keep your postoffice and we will keep the money belonging to your wharf company. Now France intends to have both the postoffice and the wharf company's money. She has seen the success your country has had in collecting money from the Sultan and she is going to collect the money due her.

"But wait. No. That is what you call a bluff. You may think of war when France sends Munir Bey, Turkey's Ambassador in Paris, his passport. France will not do that, though Munir Bey is not very well liked in Paris."

Mehmet Webb, the Turkish Consul-General in this city, also said that he did not think there was a possibility of war between France and Turkey.

NEGROS LYNCHED BY MOBS IN TWO STATES

THREE MEN IN MISSOURI ARE SACRIFICED TO WILD VENGEANCE.

Murderer of a Ranchman's Wife in Texas Roasted to Death Over a Slow Fire—Colored Business Men Protest.

SPRINGFIELD, Mo., Aug. 20.—After all the conflicting stories from Pierce City, three negroes lifted their lives there as a result of the outrage on Casella Wild. The dead are: William Godkey, hanged from the porch of the Lawrence Hotel and his body riddled with bullets.

French Godley, grandfather of William Godkey, shot in his own house. Pete Hampton, burned in his own house, but probably shot before the fire.

Last night was given over to riot, and a thousand armed men practically controlled the town. The mob burned the houses of most of the colored residents and driving the inhabitants out of town. The mob today broke into the arsenal of the local military company and is now in possession of improved rifles. It is thought these will be returned. Members of the company were seen in the woods hunting negroes.

Quiet was restored in Pierce City. This afternoon, but the determination to permit no negroes to live there hereafter is very general and the fugitives will not be allowed to return.

Swung Up Over a Fire. DALLAS (Tex.), Aug. 20.—A dispatch received here tonight from Whitesboro, Tex., says the negro Alf Wilder, charged with the murder of Mrs. Caldwell, wife of a Grayson county farmer, at her home on Saturday last, was captured by a mob and burned at Nelson's ranch, two and one-half miles east of Red Ranch. The burning occurred early tonight. The mob included 300 men.

The negro was taken to a tree and swung up in the air, wood and fodder were piled beneath his body, and a hot fire made. Then it was suggested that the man ought not to die too quickly, and he was let down to the ground, while a party went to Dexter, but two miles distant, to procure oil. This was thrown on the flames.

Mrs. Caldwell was a bride of but six months.

Colored Men Protest. CHICAGO, Aug. 22.—Delegates to the second annual convention of the National Negro Business League, which is in session in Handell Hall, declare the lynching at Pierce City, Mo., an act of madness and an atrocity. The fact that within a few hundred miles of Chicago the citizens of a town had proclaimed that no negro will be permitted hereafter to live or spend the night in the village, astonished the delegates.

Booker T. Washington, president of the league and leader of the convention, would not talk about the affair. He said it would be too difficult to express himself so that he would not be misunderstood. "It is a disgrace to American civilization that such atrocities are committed," said Edward E. Cooper of Washington. "Look at the participants as individuals—the black who committed a crime against a woman and the white man who committed a crime against innocent blacks—do they not belong in the same sentence of condemnation?"

THINKS CASTRO WILL BE OVERTHROWN

Time for United States To Put Its Foot Down.

SO THINKS GENERAL JEFFRIES

ARMS AND AMMUNITION BEING PURCHASED BY COLOMBIAN REBELS.

Uncle Sam Proposes to Have a Large Naval Representation at the Isthmus—Ships of European Nations Are There.

NEW YORK, August 22.—General H. O. Jeffries, second in command to General Alban, is quoted by the Colon correspondent of the Herald as saying that he believes President Castro will be overthrown. "There will be no declaration of war," General Jeffries said. "In 1894 when President Zelaya of Nicaragua invaded Honduras there was no declaration of war. There are no declarations of war in these countries. There is neither honor nor respect between one nation and another."

"While affairs are quiet now, they may not remain so. Only small bands of robbers and bushwhackers are in the country."

"Venezuela recently called on General Uribe-Urbe, intending to send him into Colombia, but there was no war, either through the machinations of President Castro or those of others who are abetting the Liberals."

"It is time the United States put down its foot and said 'Stop.' The duty is now here if it was ever in Cuba. Nicaragua has sent here four expeditions. The Government is supporting for President of Costa Rica a candidate who served four years in the State prison of New York for counterfeiting. I do not say that all liberals are thieves, but all thieves are liberals."

"Since the Liberal Governments have ruled these countries have all become bankrupt. Nicaragua has previously been recognized by the world as an American Switzerland and was in a flourishing condition, owing nobody, owning railroads and owning ships, having a surplus with its exchange at 15. The exchange is now at 200."

"Nicaragua, Ecuador and Venezuela are now in misery. The best people are emigrants and are forced to flee for their lives after being robbed of their property. The countries are now in a state of anarchy. Liberty they translate into robbery and libertinism. No wonder Mme. Roland cried 'Liberty, how many crimes are committed in thy name!'"

There is no chance for the Colombian rebels, as their victory can give no security either to foreigners or the natives."

Purchasing Army Supplies. NEW YORK, August 21.—Dr. A. J. Restrepo, diplomatic agent here for the Colombian revolutionists, the Tribune will say tomorrow, has received a long cable dispatch from General Uribe. The general asks that more arms be shipped to him at once for the army, and asks also for cartridges for the rapid-fire guns captured from the Government forces at San Cristobal. General Uribe adds in his message, "Enemy retreating into interior. Will pursue. Have not time to write letters now. Too busy fighting. Clericals severely beaten in both battles."

The dispatch was sent from San Cristobal by way of Maracaibo. Dr. Restrepo said that he would immediately ship 500 rifles and a quantity of ammunition for the captured artillery to General Uribe. He would not say whether the shipment would be from New York.

It was learned today that the Colombian Government had succeeded in purchasing the Driggs-Seabury fifteen-pounder which has been on exhibition at the Pan-American Exposition. The powerful piece of ordnance secured by the Colombians is of the type which may be used as a siege gun, mounted on a fortification, or used on shipboard.

Persistent Rebel Attacks. KINGSTON (Jamaica), Aug. 20.—The British steamer Roseenth was arrived here from Central American ports and brought advices from Colon of continued and persistent attacks by the rebels on the outskirts of Colon and Panama. The repeated efforts on the part of the Government to repulse the rebels have failed, and the belief is gaining ground that the Colombian Government is weakening.

When the Roseenth left Colon on the 15th the French cruiser Souchet was there, and the arrival of British and American war ships was anxiously awaited. Business generally was crippled.

Rangel Garbias has invaded Venezuela with 4000 men. Everything was done by the Venezuelan Government to meet the invaders. The first fight took place at Encinados, and the invaders were obliged to retire. The invaders took two steamers to come to Maracaibo, but these boats were recaptured by the Venezuelan troops.

The Venezuelan Government has issued decrees suspending the constitution.

Uncle Sam to Be There. WASHINGTON, Aug. 21.—The Government is determined that the United States shall be well represented on both sides of the Isthmus during the present trouble, and to that end the Navy Department has been looking over the situation as regards other ships available on the Atlantic side in case future events should necessitate reinforcements on the eastern side of the isthmus, and it has been found that a ship could easily be detached from the North Atlantic squadron at short notice.

There are indications that there will be a considerable gathering of foreign war ships at the Isthmus and that the American ships will be brought into company with those of the British, German and French navies. Already the French cruiser Souchet is at Colon. According to German reports, a German cruiser is moving north from Brazil, and the cruiser Niobe is likely to be assigned to service along the isthmus. The German cruiser Geier, which was in American waters for a time, is also expected to return. English reports have referred to the probable presence of some of the ships of the British West Indian fleet. This will make a rather unusual gathering from the foreign navies and the authorities here doubtless will be desirous of having American interests represented by a strong body of American ships from other countries. On the Pacific side the Iowa will be the largest ship among those present.

There is an evident disposition on the part of the Government officials to take this occasion to let the other powers see that the United States has an active interest in affairs on the Isthmus, and that the Monroe Doctrine is not dead.

The Machias sailed today from Norfolk for Colon and the Ranger left San Diego for Panama. Word was received at the Navy Department that the battleship Iowa had arrived at San Francisco, and she was instructed by telegraph to proceed as soon as possible to Panama. It is probable she will have to take some coal aboard, but the Department believes she will be able to sail on her 3400-mile journey tomorrow.

SAN FRANCISCO, Aug. 21.—The battleship Iowa sailed for Panama at 1:30 o'clock yesterday afternoon. The battleship was ordered south some days ago, but her departure was delayed by repairs to her boilers. She will stop at Acapulco for coal. The distance from San Francisco to Panama is 3247 miles, and the trip will occupy about twelve days.

German Press Comment. BERLIN, Aug. 20.—The Berliner Tageblatt says it seems fairly clear that Washington statesmen have taken sides rather openly for Colombia, as they are provoking unbounded mistrust toward President Castro of Venezuela, who is indubitably one of the most energetic and active statesmen in South America. President Casarion may one day prove the "rocher de bronze" against which the Monroe doctrine will be powerless.

WASHINGTON, Aug. 20.—Some surprise and amusement has been caused by the comments of the German press to the effect that the United States has ulterior motives in taking precautionary measures relative to affairs on the Isthmus. Such expressions, it is stated, show an entire lack of knowledge of the plain purposes of this Government to take no hand in the southern troubles except for the protection of American interests or in execution of requirements of our treaty with Colombia.

ST. PETERSBURG, Aug. 22.—The Novoe Vremya says: "The fact must not be lost sight of that the German press is already beginning to urge the dispatch of German warships to the coasts of Venezuela and Colombia, on the ground that it is difficult to foresee the outcome of the conflict between these republics."

Should the German Government follow these counsels a German-American conflict may easily be grafted upon the dispute between Colombia and Venezuela. The United States remain a stout supporter of the Monroe doctrine of "America for the Americans."

H. A. WIDEMANN KEEPS UP HIS SWIMMING RECORD

H. A. Widemann, the champion short distance swimmer of America, lowered his own record for fifty yards on Monday night, August 15, at the Olympic Club, San Francisco, by swimming the distance in 35 seconds. He defeated Scott Leary, the Club's young champion, by one-fifth of a second.

On Wednesday night Widemann and Leary contested 75 yards. They finished so close that, while two judges said Widemann won, the third judge declared it a tie. Widemann magnanimously agreed to swim the race over at Suto Baths on Sunday, September 1. The time made was 44 seconds, which is two seconds above the record as established by Widemann.

The directors of the club had offered a handsome trophy for three races, the third of which was one hundred yards. H. Widemann is a young Hawaiian, being a son of the late Judge and Mrs. H. A. Widemann.

SIXTY-FIVE LIVES ARE LOST AT SEA

The Steamer Islander Strikes Iceberg Off Alaskan Coast.

VESSEL SANK IN SHORT TIME

PANIC CAUSED CROWDING OF BOATS AND HEAVY LOSS OF LIFE RESULTED.

Vessel Was Sailing at Too High Speed When She Struck and Short Crew Was Unable to Save Frightened Passengers.

VICTORIA, Aug. 18.—The steamer Islander, Captain Foote, the flagship of the Canadian Pacific Navigation fleet, and the largest and fastest passenger steamer on the Victoria-Skagway route, collided with an iceberg off Douglas Island, Alaska, while on her way south with the largest number of passengers that she has carried since she was replaced on the run a few months ago, and sank within fifteen minutes after striking. Captain Foote, her master, and about sixty-five persons, including passengers and members of the crew were drowned. In addition to the horror of the terrible disaster her boilers exploded as she went down, causing the death of those who were struggling in the water, and who might otherwise have been saved. As it was sixty-five lives were lost including twenty-four passengers and sixteen members of the crew.

The steamer left Skagway on August 14th, and was proceeding out of Lyon canal when the collision occurred. Most of the passengers and the members of the crew, who were in the boat, were rudely awakened by the shock. The majority got out on deck in time to be saved in the boats, which were quickly manned, but a large number went down in their state-rooms.

The survivors estimate the loss to be sixty-five, and all give praise to the officers for their bravery and the manner in which they acted under the most trying circumstances.

The officers, on the other hand, state that had not the passengers rushed the boats the loss of life would have been very small, if in fact, any at all were lost.

The survivors were landed on Douglas Island, and the mate was sent to Juneau for help, the steamers Flossie and Lucy responding and taking them to Juneau.

It is estimated that about \$75,000 in gold dust went down with the steamer. Of this about \$100,000 was carried by passengers, Mr. Hart of Dawson, who had been mining in the Klondike for some sixteen years, having \$35,000. A small amount of the precious metal was saved. The papers containing \$10,000 were left in the purser's safe, the balance in his possession being returned before the steamer sank.

The City Council of Juneau acted with open hearts and level heads, secured Decker's Hall, which was hastily converted into a luncheon and resting place, where the cold, nerve-shattered unfortunates from the wreck could be warmed with hot coffee and suitable food. The survivors are full of words of commendation and gratitude for the opening of Juneau homes, the words of sympathy, the extended help in substantial ways.

It is believed that the accident was due to the fact that the vessel was sailing at too great a speed when she struck, and it is also rumored that the vessel may have struck a reef. Many heartrending stories are told of the experiences of the passengers, among whom were many people of prominence in the north. A survivor states that he saw the Islander's captain drown himself, jumping over the side of the vessel when he realized the hopelessness of the tragic situation. The same survivor accuses the officers of being derelict in their duty, and says there was plenty of time to beach the ship and save all had things been conducted properly. The consensus of opinion was, however, that the officers were powerless to do any more than they did to towards saving the passengers.

HENDERSON, Victoria. Mrs. PHILLIPS and child, Seattle. P. BURKE. H. PORTER. NEIL FOLK.

The following members of the crew were lost: CAPTAIN FOOTE. GEORGE ALLEN, third engineer. M. SMITH, second steward. J. T. PITT, cook. P. BURK-HOLDER, officer. GEORGE WILLS, barber. HUGH BROWN, steward. M. FOLK, saloon waiter. JOSEPH BARD, second pantryman. A. KENDALLS, night saloon man. MORAY, coal passer. One fireman. One coal passer, one waiter, names unknown. Two Chinese cooks.

VICTORIA (B. C.), Aug. 21.—A desire to make these trips was undoubtedly responsible for the disaster to the steamer Islander and it has leaked out that a policy of retrenchment, inaugurated by the company since it came under the control of the Pacific-Canadian Railroad Company, may to a certain extent account for the heavy loss of life, there being only five deck hands, whereas there should have been at least ten or twelve. The men of the steward and engineer departments had to be called to help lower the boats, the delay causing the fatal crowding of the boats in the confusion.

Iselin Will Take the Bet. NEW YORK, Aug. 22.—Sir Thomas Lipton was informed last night, it was said, that C. Oliver Iselin would accept the bet of \$25,000 offered by C. Arthur Pearson of London on the Shamrock. Mr. Iselin will, yachtsmen say, take the Constitution end at even money.

NO CHANGE IN STRIKE AT SAN FRANCISCO

BOTH SIDES REFUSE TO MAKE ANY FURTHER CONCESSIONS.

Retail Dealers Hold a Meeting to Try To Arrange a Compromise But Nothing Comes Of It—Several Men Shot.

SAN FRANCISCO, Aug. 20.—There is little change in strike conditions. Each side says it will not make any further concessions, and employes and employers alike claim to have gained material advantages. Through its secretary, Edward Rosenberg, the Labor Council has asked the Board of Supervisors to censure Mayor Phelan for not removing President Newhall of the Board of Police Commissioners. The petition has been referred to the Police Committee, together with the resolution offered by Supervisor Reed in which he proposed an ordinance requiring all special policemen of the city to wear a regular uniform.

SAN FRANCISCO, Aug. 21.—Two more men have been shot, and one has died as a result of the strike. Thomas Galvin was shot by G. M. Duncan last evening at the Philadelphia Vinegar Works. Both were special policemen and have long been good friends. About the time Galvin was shot William Fulmer, a non-Union teamster, received a load of buckshot in his left shoulder, at Daniel Cutter's stable at 845 Harrison street. His assailant E. Black was a teamster. Arrests have been made in various parts of the city for disturbances between Union and non-Union men. The Labor Union have sent out appeals to the farmers to stand with the strikers.

Unless the sand teamsters shall return to work within the next few days the teams required for the government work on the harbor fortifications will be manned by soldiers from the Presidio. The contractors have been unable to proceed with the work on account of the strike, and the work is urgent. Conciliatory efforts have almost stopped, but there is to be a meeting of retail dealers tonight in Metropolitan Hall, which is expected to be largely attended, and at which prominent men will speak. It is understood that some action will be taken which will speedily bring the strike to a termination, either by the employers receding from their position, or by the strikers going back to work. Grocers have again been in consultation, but there are no developments.

SAN FRANCISCO, Aug. 22.—The retailers' meeting last night afforded no relief for the strike situation. There were warm speeches but nothing was done. Nearly a thousand people were present at the meeting.

Policeman Oscar H. Knight was found guilty today of battery on the person of James Madison, a striking fireman. A number of fights and other disturbances have been reported and the police are kept busy. Peter Callahan, a Union fireman, was shot and wounded by Special Policeman Fishy near the Risdon Iron Works. The officer is under arrest. He claims that a mob jeered at him and threatened him in a menacing manner, and that after several warnings he shot into a crowd where the disturbance was the worst.

Chilean Naval Cadet Coming. NEW YORK, Aug. 22.—The Chilean training ship General Bagedun, with a number of cadets recently graduated from the Naval Academy at Valparaiso, is expected to arrive in New York within a few days. The cadets will visit Annapolis. They are bringing with them a bronze tablet, the gift of Chile, to be placed in the Washington monument.

Dr. Alvarez and George de S. Canavarro, son of the Portuguese consul, are among the Sonoma home-comers.

STEAMER SERVICE CONTRACT IS MADE

Board of Health Does Much Business Yesterday.

GARBAGE REMOVAL IN HONOLULU

DEPARTMENT OF PUBLIC WORKS WILL DO THE WORK AND CHARGE FOR IT.

Commandant Merry Urges Action Upon South Sea Village—Expedition to Molokai Next Week—Reports and Petitions Considered.

Securing a bare quorum yesterday afternoon, the Board of Health transacted a large amount of business. With Dr. Sloggett, president, the meeting was constituted by Dr. W. M. Moore, Fred C. Smith and Wm. Auld. Dr. Pratt, the executive officer, C. B. Reynolds, superintendent of the leper settlement, C. Charlock, secretary, and C. H. Tracy, city sanitary officer, were in attendance.

Common Carrier Contract. Wilder's Steamship Co. was the only bidder for the Molokai transportation service and it was decided to make a contract according to the bid. This includes a separate item for common carrier service between Honolulu and the islands of Maui, Molokai and Lanai, which is in the nature of a subsidy to secure regular steamer calls at certain ports or landing. The legislature saddled this obligation on the Board of Health, though few of the places have any relation to its business.

Wilder's Steamship Co. engages for the sum of \$50 a week, to perform such common carrier service as follows: Honolulu to Lahaina and Kaula, island of Maui, by the steamer Cleland; the steamer Maui as substitute, sailing every Tuesday and returning Sunday morning. Honolulu to Halawa, Waialua and Pelekuu, Kaula, Kamaio and Pukoo, each group of places being on Molokai; Kahalapa, Manalo and Awaolu, on the island of Molokai, by the steamer Lehua with the Mokoli as substitute, sailing from Honolulu on Mondays and Wednesdays, excepting in boiler week when departures will be on Tuesdays or Thursdays, returning to Honolulu on Tuesdays or Wednesdays and Saturdays or Sundays.

Plumbing Inspector's Report. Mr. Keen, inspector of plumbing and house sewers, makes the following semi-monthly report ending August 15: Number of plans filed, 66; number of permits issued, 66; number of inspectors of plumbing and house sewers, 126; number of snails issued, 31; number of sewer connections made, 38.

Then comes the bid for the actual service of the Board. For the transportation of all freight including packages or the lepers, a permit from a permit from an officer of the Board, between Honolulu and Kalaupapa, a rate of \$3.50 per ton weight or measurement of 2000 pounds or 40 cubic feet, excepting palai and single pieces of machinery weighing over 2000 pounds.

For palai not exceeding 25 pounds each in weight 17 cents each. For machinery exceeding 2000 pounds, proportional general rates. For transportation of lepers or an agent of the Board of Health, \$4 each. Deck accommodation for lepers, cabin for agents not lepers.

Cattle From Kaula, Hawaii, or Makana, Maui, to Waikolu, \$7 per head. From any port on the leeward side of Maui between Kihai and Kaula to Waikolu, \$5 per head. Shipments to be from ports readily accessible to steamers and their lighters, and to consist of not less than fifty head or more than 100 head.

It is stipulated that freight of all kinds must be ready for shipment when the steamer calls. When the Lehua has palai or lepers aboard she will sail direct from Honolulu to Kalaupapa, thence to Waialua, Pelekuu and Halawa, returning to Honolulu on Tuesday nights. Without palai or lepers aboard she will sail from Honolulu direct to Halawa, thence to Pelekuu, Waialua and Kalaupapa, returning to Honolulu on Tuesday nights.

Cattle will be transferred from Hawaii or other ports by the company's freight boats or the Lehua as circumstances permit. Freight, passengers and live stock are to be carried as customary under the conditions of the company's ordinary shipping receipt. The tender is made conditional upon the performance of all and not of a part of the above services and the execution of a contract for the term of two years from date.

South Sea Settlement. A letter from J. F. Merry, U. S. N., commandant of the naval station, to the Governor had been referred to the Board. In substance the letter was as follows:

There are situated on the naval reservation quite a number of native Hawaiian people from South Sea Islands. When the United States Government

Nerves of Weak Men

I have demonstrated the fact that weakness of men, the result of early or later indiscretions, such as Drunkenness, Impotency, Lame Back, Varicocele, etc., will not yield to a stimulating treatment. This accounts for the fact that drugs never cure. The medicine given for these troubles, essentially poisonous, are intended only to stimulate. Continuous stimulation must result in harm. Thousands of patients have said to me: "Doctor, when I took this or that medicine I felt better in an hour, but after a month my weakness returned, and I was worse off than ever." "Better in an hour" means a powerful stimulant—means a wrecked constitution.

(Trade Mark)

Electricity Is Strength!

That's what you want, strength, not stimulation. Electricity will never cure in a day; it does not cure in a week. It takes two months, it may take three, but the results are there to stay. I am the inventor and introducer of the famous Dr. Sanden Electric Belt, with attachment for men. It embodies the best efforts of my 30 years as a specialist. Worn at night, it strengthens you when you sleep. Currents act upon the Liver, Kidneys, Stomach, Bladder, Prostate Gland and all weakened parts. It weighs but five ounces. Currents instantly felt.

SCENES IN COURT OF JUDGE WILCOX

Foster Mother About to Lose Child Weeps Bitterly.

JAPANESE WOMAN BRUTALLY USED

DISTRESSING SCENE WITNESSED ON WATER FRONT—WOMAN BEATEN.

Ring Sellers Have Returned—Hagen and Duncan in Town Again With Their Brass Ring Goods—Charged With Vagrancy.

There were two distressing scenes at the police station yesterday morning, and particularly pathetic was the story told by a Chinese, between sobs, of a little girl of seven years and a foster mother who was one year old the mother of the little girl, having cared for her and treated her as her own child for the past six years, and the cause of the grief evidenced was that the parents of the little one, hitherto indifferent to its welfare, have now threatened to take it away from the Chinese woman who has grown to love it as her own flesh and blood, and who has cared for and cherished the child with a mother's attention.

Ah Moy is the name of the father of the child, and its mother is the Hawaiian wife of the Chinese. When the little girl was one year old the father took her to the Chinese woman and gave her over to her care, the Chinese woman paying him \$19. Hereafter the woman regarded the infant as her own, anticipating no trouble from the parents, who seemed perfectly indifferent to its fate. During the six years the woman kept the little one, the real mother of the child called but twice to inquire for it. The other day the father approached the foster mother and offered to take the child back, promising to pay \$40 for the care and trouble which had been given the little one. The offer was rejected, and the distressed woman learned that an attempt would be made to compel her to surrender the little girl, she sought the protection of the police, weeping bitterly and in great grief. At the police station Deputy Harry Mossman had a bad half hour trying to find out what was the trouble of the sorrowing family, the two little ones rending the air with doleful wails even more distressing than the grief of the mother. When the story was finally obtained through an interpreter, Mr. Mossman explained to the woman that it was a case for the civil courts and that nothing could be done for her by the police. The Supreme Court has ruled, it is understood, that in a case of this kind the foster mother is compelled to surrender the child on demand, her redress being in recovering for the care of the child through the courts. As it is, the woman considers that she bought the child when she paid the \$19 to the father, and the parents have forfeited all right to the child by their indifference.

The police station was again rent by walls when Sarai, a little Japanese woman, was brought in. She had been brutally beaten by a Japanese. She was assaulted by a man who lives with her, on the water front, and before bystanders could prevent it, she was bruised and beaten cruelly. At the time she bore a little baby on her back, inside the regulation Japanese cloth strap, and its wails mingled with the cries of pain from its mother. The man, Ahaka, was arrested, and will be brought before Judge Wilcox this morning. When she was brought to the station the woman's eyes were both swollen shut, and her face beaten to a pulp, while her body was covered with bruises. The man was in the act of striking her with a piece of lead pipe when he was dragged away from the woman.

Another unfortunate was Minaga, a Japanese, who, while coming along the Kalihi road, was struck on the head with a piece of rock which was blown out by a blast. The Portuguese workmen there, he states, swore at him, and there was no sign of danger exposed. He swore out a warrant for the arrest of the Portuguese workmen.

A Porto Rican woman is now detained in jail for stealing a gold ring. She lives at Iwilei and is a disreputable character. She admits having stolen the ring, but states that she lost it. She is charged with larceny in the second degree.

The eight vagrants arrested on Tuesday were held for trial today, with the exception of John Kelly, who had money, and was released. The police will see to it that the seven others have the port soon. Alex Hagen and George Duncan, who were some five weeks ago given orders to get out of town by the police, were up again yesterday morning on the charge of vagrancy. When arrested previously they had with them a supply of brass finger rings which they were selling to ignorant persons as gold rings. The cheat was complained of by a woman who had paid \$5 for a ring, and the men were shipped out of the city under the supervision of Deputy Sheriff Chillingworth. They are now back again with their rings and were proceeding to do business at the old stand when nabbed by the police yesterday. Their case will come up today.

Dan McGoldrick was committed to the Circuit Court for trial under charge of larceny in the second degree. Nabuna and Hoda Mosaki, two drunks, were fined \$2 each. Kaimi-moku, common nuisance, was fined \$4.

Yoshioka was fined \$10 for running a lodging house without a license. R. Roger, a vagrant, got 60 days in jail.

Went to Visit His Sister. A. J. Cottingham went to Washington Co., Ark., U. S. A., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturers a letter in praise of their medicine. Mr. Cottingham resides at Lockland, Ark., U. S. A. For sale by all druggists and dealers. Benson, Smith & Co., agents for Hawaii.

HONOLULU, H. T., AUG. 29, 1901

Perhaps Chief Justice Frear may learn while in the States whether or not the Constitution and the flag ever really did come to Hawaii.

Let us hope that Attorney General Dole will find out while in California whether or not the Constitution became lost in the Pacific when it was started for Hawaii by the Newlands resolution.

When the Department of Justice has had laid before it the decision of the Territorial Supreme Court in the habeas corpus cases and sees the subtlety and trickery resorted to by the majority of that court in order to render a decision favorable to the Attorney General without deciding one of the cases which was heard by Perry as a Circuit Judge, it is most probable that explanations will be called for which cannot easily be given.

The editor of the London Globe was reprimanded on the 16th inst in the House of Commons for accusing Nationalist members of corruption in connection with private bill legislation.

JAPANESE CELEBRATE WITH DRINKING AND FIGHTING

A great noise, a crowd of Japanese and a glare of light attracted many people to the block of frame buildings on Punchbowl street between Alaga and Queen streets, between the hours of 8 and 11 o'clock last night. There the inhabitants of the entire block were celebrating in uproarious style. They were all Japanese and sake followed freely, dishes peculiar to the little brown men and women were served and dances, wrestling matches and various exhibitions of talent and strength were in order.

After the sake began to get in its work there were almost as many fights as there were male couples. A policeman was in attendance and kept the intoxicated gathering from doing harm to life or limb. Two burly little Japanese smashed a table, a partition, a couple of chairs and some crockery by insisting on fighting in a room where refreshments were being served. Just as the wife of one of the contestants interceded with tears in her eyes and brought the engagement to a close, there were cries for "police" from an upper veranda and several articles of furniture were precipitated to the ground from where a half dozen inebriated men were hugging each other in the maddened grip of contest. The policeman was kept pretty busy all the time.

"Aloha nui," said a Japanese, less drunk than his brethren, to a reporter, "please excuse—no pilikia—fight for fun—Japanese holiday—all same Fourth of July—guru by."

THE JAPANESE MINISTER MAY FORMALLY PROTEST

WASHINGTON, Aug. 21.—Minister Takahira of Japan has received a copy of resolutions recently adopted at a mass meeting of the Japanese residents of Honolulu, protesting against the alleged action of Dr. L. T. Cofer, United States Quarantine Officer at that port, in subjecting S. Okabe, the Japanese Vice-Consul at Honolulu, and his wife to a physical examination upon their arrival there on July 25th.

At the Japanese Legation today it was stated that as yet no formal representations have been made to this Government. The communication from Honolulu asked that the matter be brought to the attention of President McKinley and the United States Senate and House of Representatives. It is thought here that the request was put in this shape because of the unfamiliarity of the usual procedure in such cases. The Japanese Consul-General at Honolulu also was supplied with the resolutions and forwarded these, together with other details of the occurrence, to his Government. Therefore, Minister Takahira probably will await instructions from Japan before bringing the matter to the State Department, or otherwise presenting it officially.

WINTERS GETS 15 YEARS.

Selby Robber Appeals For Mercy But Gets Full Term.

SAN FRANCISCO, Aug. 22.—John Winters the self-confessed Selby robber, was sentenced by Judge Wells at Martinez today to fifteen years' imprisonment at Folsom. Previous to the passing of the sentence the prisoner pleaded for the mercy of the court, stating that the robbery which he admitted he had planned and attempted to carry out, was the only dishonest act of his life, and that as no harm had resulted from it to anyone other than himself, he thought he was entitled to the mercy of the court. Superintendent von de Ropp of the Selby works also spoke on behalf of the young man, and Attorney Alvarado followed with an eloquent plea, pointing out that Winters had saved the state the expense of a trial by confessing his guilt.

The court however, stated that the case was not one where the prisoner was entitled to mercy, as the robbery was deliberately planned and Winters had armed himself in preparation for murder; as to having saved the state the expense of a trial, the Judge stated that the prisoner's confession was probably made for his own benefit and that it should plead nothing for leniency, he therefore pronounced sentence for the full term of the law.

LABOR DAY.

Arrangements for Celebration are Nearly Completed.

Good progress was made at last night's conference of committees on Labor Day. The fund has now reached about \$2350. It was decided to add a second prize for the tug-of-war, viz: 1st prize, \$50; 2nd, \$25. Owing to vacation still being on, it was deemed impracticable to have boats of school children in the procession. The Goddess of Liberty will be personated in a chariot. It is estimated there will be 175 Union men in line. The holier-makers are to have two boats, instead of one as originally promised. There will be 5000 copies of the program, containing all the events of the day, printed for distribution. It will be ready for the printer this evening.

A Cure For Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, O., U.S.A., "an infant child of our neighbors was suffering from cholera infantum." The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I feel sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by all druggists and dealers. Benson Smith & Co., agents for Hawaii.

Book binding from us is always satisfactory.

AMUSEMENTS.

Jean Gerardy, the famous cellist, arrived in the Ventura from Australia, where he has given a series of brilliant concerts. The concert at the Opera House tonight will undoubtedly be one of the most attractive of the season, and the sale of the seats bespeak a brilliant audience. Mr. Gerardy will use a \$10,000 Stradivarius violoncello, and Mrs. Tenney-Peck will play the piano accompaniment. Mrs. Whitney will sing a solo. Other numbers will be given between Mr. Gerardy's cello selections, and the program arranged is a most artistic and attractive one to music lovers. There are only a few seats remaining, the sale yesterday having nearly exhausted the house.

The names of many teachers coming home to resume duties at the ensuing term are found in the Somers' passenger list.

JAMES LOVE SHEDS SPENDTHRIFT TRUST
 Judge Gear Says it Never Should Have Been Made

THE HAGEY CURE ARGUMENT TODAY
 WADE AND MANZABARO HABEAS CORPUS CASES SET FOR FRIDAY.

Frank Pahia is Now Being Sued for Cancellation of Deed—Lennon Withdraws Appeal—Marine Cruelty Case Hearing.

The James Love spendthrift trust was yesterday terminated by Judge Gear who gave an oral decision to that effect, discharging J. A. Magoon as guardian. A written opinion in the matter will be filed later. The Court stated that the trust was one that should never have been made; that Love had never been a proper subject for such a trust and that the same should be discontinued.

James Love is therefore a free man, having the right to do what he wishes with his money and to go where it will please him the most. The former guardian has been ordered to hand over to Love all his property and money, except that which may be due the former guardian from the late ward.

The Hagey Cure Case.
 The case of Harrison vs. Magoon the Hagey Cure case, will be argued this morning in Judge Gear's court before the jury. The matter was before the court yesterday, a great deal of time being spent in argument on motions as to instructions to the jury. The following letter, figuring in the case, from Magoon to Ruby Dexter, who was employed from Honolulu to investigate the financial affairs of the Hagey Institute in Auckland, New Zealand, goes to show that some of those interested had great faith in the cure:

"The business here has entirely collapsed. It seems to me to be misleading in view of what we have written to you to state that 5 per cent a month is paid. It is true that two dividends were paid of 5 per cent each but that is all. I do not wish to be put in a position of endorsing anything that is not literally true. The formula is un-

doubtedly one of the best things in the way of medical discoveries known and does not require any misleading statements to boost it up. In addition to the reluctance that I have to father a misleading statement, it certainly would be a damnable thing for you to ask the people of Auckland to believe you when it is absolutely certain that within a short time they will find out the true facts, namely, that the cure is not infallible."

The Habeas Corpus Cases.
 Petitions for writs of habeas corpus in behalf of George Wade and Chida Manzabaro, made returnable before Judge Gear yesterday morning, at 9:30 o'clock, were met by Deputy Attorney General Cathcart with a motion to quash. Although Judge Gear denied the motion, the petitions were adjourned until this morning, the cases being set for tomorrow morning.

As was stated in yesterday's Republican, George Wade and Chida Manzabaro were released from Oahu penitentiary on writs of habeas corpus by order of Judge Gear on the ground that the men had been convicted illegally, contrary to the Constitution of the United States, which requires indictment by a grand jury and the unanimous verdict of a jury. They were re-arrested by the High Sheriff and detained under new charges. The Territorial Supreme Court in the meantime remanded four other prisoners who had been released by Judge Gear. Attorney General Dole having appealed from Gear's order. The Supreme Court, however, did not pass on the cases of Wade and Manzabaro. Then nolle prosequi were entered to the charges against Wade and Manzabaro, the High Sheriff, nevertheless, holding the men prisoners, disobeying the order of the Circuit Court Judge who released them.

Frank Pahia is Sued.
 Suit was filed yesterday against Frank Pahia for the purpose of compelling him to cancel the deed which Judge Gear ordered him to cancel and which Pahia refused to cancel, Pahia being sent to jail for contempt of court as a result. When the matter was brought before the Supreme Court Pahia was discharged on the ground that Judge Gear had no jurisdiction to make the order.

The suit is in behalf of Puhpaka Malama Guerrero and was filed by Attorney George A. Davis. Pahia secured his deed to the piece of land in question from Puhpaka Malama. The latter, by her attorney, now asks that the deed be cancelled and that Pahia be compelled to give an accounting for rents and so forth received during the time that he has held the property.

The complaint alleges that Pahia obtained the deed by fraud and by the exertion of undue influence. The girl was only 16 years of age at the time that Pahia secured the deed from her. She was at that time under the guardianship of J. Kamlo. Judge Gear adjudged Pahia guilty of contempt owing to the fact that the girl was under guardianship and the consent of the guardian was not obtained to the deed.

The plaintiff alleges that she was ignorant and unaccustomed to business and that Pahia obtained a deed to the land for the sum of \$400 by pressure brought to bear on her husband, and that Pahia knew well at the time that the land was worth \$1500 at least. Malama never got even the \$400, the money being paid to Attorney Poepee who paid it into court on Gear's order. The order of Judge Gear was to the effect that Pahia take the cash and deed back the land.

Lennon Withdraws Appeal.
 Attorney M. C. Lennon appeared before Judge Gear yesterday morning. He was convicted on two counts in the District Court. One case was nolle pro'd by Deputy Attorney General Cathcart while Lennon withdrew his appeal in the other. He was sentenced to six months in the latter. Lennon was found guilty of gross cheat by Judge Wilcox.

Attorney J. T. de Bolt will go to Kaula next week to represent the Attorney General's department at the term of the Fifth Circuit Court. Deputy Attorney General Cathcart will not be able to attend the term on Kaula as there will be two courts in session here, Judge Little sitting as well as Judge Gear, in cases in which Gear is disqualified.

A formal order was made yesterday morning by Judge Gear adjudging W. A. Hall a spendthrift and appointing George R. Carter guardian of his estate and person under a bond of \$5000.

Judge Gear has taken the matter of the sale of an acre tract of property by S. E. Woolley, administrator, under advisement. The matter was brought up by Attorney A. G. M. Robertson. The land is situated on Makiki street, near the park, and was sold at auction for \$5100 to A. Montano. Robertson's inquiry was to show that the property was sold at too low a figure and that a new sale should be ordered by the court. A. V. Gear testified that the land was worth \$9000 an acre.

John Lund, the mate of the bark Foohing Suey, charged with assault and battery on the high seas by two sailors of the vessel, during the trip from New York, will appear before Commissioner Robinson this morning at 9 o'clock, when his case will be investigated. The hearing had been set for 4 o'clock yesterday afternoon, but no witnesses had been secured. Tual Generix, Julius Abeling, Thomas Hill and Charles Peterson have been subpoenaed as witnesses. Lund has not yet secured bonds.

Steam Launch Excursion.
 The members of the Y. M. C. A. and the Y. W. C. A. are invited to take a trip down the harbor in the Young Bros launch on Saturday evening. The party will meet at the entrance to the Boston building on Fort street at 7:30 sharp and will then proceed to the launch in a body. As the party is limited to fifty it is imperative that all who desire to go should notify the secretaries of the Association as soon as possible. During the evening the Young Bros. will raise a fine new flag over their island home and appropriate songs will be sung.

A. L. C. Atkinson has disposed of his Hawaiian idol, which has been the subject of so much comment and interest, to the Bishop Museum. The idol was a very curious one, about four feet in length, and was unearthed about a year ago at Waipahu by some natives, from whom Mr. Atkinson secured it. At the time the discovery caused a wide stir among the superstitious natives, who claimed that the plague epidemic was due to the unearthing of the old idol.

An organized gang of hoodlums which has been terrorizing the neighborhood of Thurston and Victoria streets have been reported to the police. They are said to be Portuguese boys and young men from the Punch-bowl district, and several depredations are laid at their doors. They have recently attacked and beaten several Japanese and Chinese servants and it is unsafe for Orientals to be abroad there after nightfall. The police will take action in the matter.

STEAMER SERVICE CONTRACT IS MADE

(Continued from First Page.)

took possession there were already several houses, many being added during the plague. The people were allowed to settle there as they claimed they had no other place to go, having been burned out and lost all their belongings.

After the plague ceased notices were posted throughout the settlement forbidding any more houses to be built. Some were removed by order and the most prominent and oldest settlers were delegated to inform the rest of the people of that fact. But despite the order the number of people have gradually increased until now there are too many people huddled together and the place is no doubt in an insanitary condition.

Capt. Merry requests the Territorial Government to provide some place for these poor people to locate. He would dislike to order them to leave without some provision being made for them. He had no objection to their remaining provided they kept the place in a sanitary condition. He respectfully suggested that the Board of Health be directed to take cognizance of the health conditions of the settlement. In the meantime he would do anything the Territorial Government might desire to abate the nuisance which he believed was in existence there.

Dr. Pratt was instructed to confer with Capt. Merry on the subject. Miscellaneous Matters. Dr. Malster, superintendent of the Insane Asylum, wrote a letter reviving the complaint of his predecessor regarding the disturbance to the patients of the institution caused by the proximity of the government stone crusher. Dr. Sloggett said the removal of the plant was a serious problem to the Government, as he had been informed it would cost \$25,000. He suggested that a committee of medical men should investigate the matter in company with the Superintendent of Public Works and named Drs. Moore and Pratt with himself as the committee.

Inspector Bowman of Hilo wanted the swine regulation for that town amended by striking out the exception of "special permission of the Board of Health" to the prohibition, as the clause was an obstacle to the enforcement of the regulation. The amendment was ordered.

Sheriff Baldwin of Maui wanted a paid sanitary inspector for Waialua. There being no funds the request was tabled.

J. P. Mendonca applied for exemption from the rule of abolishing cesspools within the sewer district, with regard to three brick-lined and iron-covered cesspools on his premises in Hotel street. Dr. Pratt said it was impossible to have them pumped out, as they were three or four feet below tide level. Dr. Sloggett feared the granting of the request would produce a host of similar ones. It was denied.

Dr. Luella S. Cleveland was reapointed as medical examiner of girls in the public schools at \$200 for the

school year. Her territory extends from Moanalua to a school beyond Waialua.

The report of the Kohala hospital and the report of the plumbing inspector were received and filed.

Sister Bonaventure, superintendent of Malulani hospital, was made an agent of the Board at Waialua.

Dr. Henry Hayes, now a resident of Hilo, was recommended for license on the favorable report of the examining board. He is a graduate of the University of Georgetown, Washington, D. C. His certificate of character is signed by Governor Dole and Prof. Alexander, who became acquainted with him in connection with the Hawaiian Commission.

Theo. Richards was sponsor for an application for the position of a government physician on the island of Hawaii for Dr. Anderson. As the candidate had neither been examined nor licensed by the local authorities, the application could not even go on file.

The Hilo-Drug Co. presented three bills amounting to \$11.55 for disinfectants in plague time. Dr. Moore said that he refused, when government physician at Hilo, to approve the bills because the goods had not been ordered on account of the Board. It was decided that the Board was not responsible.

Mrs. M. K. Kalko petitioned for leave to live with her husband at Kalaupapa as a helper. Denied.

It was decided that the Board of Health should go to the Leper Settlement on Friday, September 6. People desirous of accompanying the expedition—only a limited number being allowed, as it is a strictly business trip—must apply for permission before the meeting of the Board next Wednesday.

Inspector Bowman of Hilo was authorized to make collections of fees for the removal of garbage.

The Superintendent of Public Works submitted amendments to Honolulu sanitary regulations, with reference to the removal of garbage. They were adopted excepting that of Section 29, which reads: "No garbage shall be deposited in any place not authorized by the Board of Health." Mr. Boyd wanted this changed to authorization of the Superintendent of Public Works, but Dr. Sloggett would not have the matter taken out of the charge of the Board. The Department of Public Works has, by action of the Legislature, taken over this service and will charge fees to householders for it.

Dr. Archer Irwin, government physician at Hakalau, again complained of the medicines used by Japanese doctors. He related the case of a woman who died in 24 hours after being dosed with one of the remedies. Dr. Sloggett did not see how any action could be taken, since the drugs were not in the category of poisons. The letter was tabled.

It was decided to rescind the order for bathing and disinfecting Porto Rican immigrants, with regard to those expected next week. Dr. Pratt reported a diminution of smallpox on the mainland, there being only four or five cases at New Orleans. Hence the precautions adopted for former arrivals of those people were deemed unnecessary.

The report from the U. S. Marine

Hospital Service contained the following memoranda: Fourteen days ending July 28. Hongkong-plague cases 29, deaths 37. Koko—smallpox 1 case, no deaths; typhus 2 deaths. AMOY—numerous cases of plague reported by consular surgeon. Shanghai—two natives have smallpox, no deaths.

Two weeks ending August 2. Hongkong—plague cases 22, deaths 35. Two weeks ending August 8. Hongkong—plague cases 22, deaths 31.

Geo. P. Denison, superintendent of the Oahu Railway and Land Co., returned in the Sonoma from a prolonged stay on the mainland.

Miss Meriel Afong returned last night from a sojourn on the mainland. Mrs. Frank B. McStocker and Mrs. McStocker of Oahu were fellow-passengers.

The members of the band were presented with \$10 each for car fare and cigars by Secretary Cooper after the concert given in honor of his birthday yesterday morning.

H. L. Kerr has secured a permit for erecting a two-story brick building on Nuuanu street, between King and Queen. The building business is going to be lively for some time to come, as ten permits were issued on Tuesday, and a number of persons are known to be considering plans for putting up buildings.

During J. W. Erwin's visit to Honolulu he secured over 200 pictures of different beautiful places in and about the city. These he will exhibit abroad by means of his stereopticon and his interesting series of lectures will contain none more attractive than that on Hawaii. Honolulu will be advertised to a great extent by these beautiful views. Among the set is a view of the Hawaiian hotel by night, a flashlight taken by Rice & Perkins, showing the pretty effect of the electric lights of the hotel and grounds.

It Does Now.

NEW CHAPEL AT WAIKIKI DEDICATED BY THE BISHOP Named After St. Augustine and Consecrated on His Anniversary—Father Valentine's Trophy.

Yesterday morning at 8:30 the Right Rev. Gulstan, Bishop of Panopolis, solemnly dedicated the new chapel at Waikiki to the service of God. The chapel was named in honor of St. Augustine and yesterday being St. Augustine's day was the reason for appointing that date for the first mass and services.

Three years ago, on the arrival of the first United States volunteer troops bound for the Philippines and later, when Camp McKinley was established here, the need of a place of worship for the boys in blue of the Catholic faith made itself felt.

Father Valentine went there and with the help of the officers and men erected a temporary shed, where divine service was celebrated. Since that time the congregation has increased so rapidly that a larger and more up-to-date church had to be built and today, thanks to the liberality of the Christian people of Honolulu, the new church has been consecrated to God.

The site whereon the old church stood is the spot on the Waikiki road where a hau tree is standing and more than 300 people are sleeping their last sleep, many of them having been martyrs of their faith.

The cost of the new chapel will amount to \$4000. It has the unique architectural feature of not possessing any windows.

All credits is given by the parishioners of Waikiki to the Rev. Father Valentine, who by his energy, devotion and self-denial has brought about such a gratifying result as this edifice.

For the time being Father Valentine will continue his visits to Waikiki and be in charge of the church there.

COLLEGE BOYS STEVEDORES. Nine of Them Unload Lumber From the W. G. Irwin.

OAKLAND, Aug. 20.—Nine University students went to work on the waterfront today as stevedores, forming a portion of the crew employed to unload the William G. Irwin, laden with lumber for the Puget Sound Lumber Company. The boys declare that they are doing the work partly for the fun of it and partly for the wage of \$5.75 a day, but chiefly because Fred McMullen, one of their college chums, is the son of the owner of the Irwin, which was tied up because of the stevedores' strike.

Young McMullen is at the head of the gang. Several days ago he agreed to get the vessel unloaded, relying on his college friends to help him out. The stevedores are Austin Sheffield, T. W. Roland, B. T. McLean, R. W. Ritchie, W. R. Childs, C. H. Baker, R. M. Baker and Richard Baldwin.

The striking stevedores regard the affair as a huge joke, and declare that the student stevedores will be very sore and sorry of their jobs within a day or so.

Mr. and Mrs. J. F. Hamburg and Mr. and Mrs. W. E. Brown are among the townfolk welcomed home in the Sonoma.
