120 Laborers at Heeia Decide Not to Work.

A hundred and twenty Japanese from Heeia plantation on the other side of this island, marched to town this morning to consult with the agents of the immigration companies under which they signed as contract laborers.

On Saturday these Japanese demanded their contracts and on Sunday, the plantation manager handed each one his paper. There was a big row at the plantation Saturday night at which, it is understood, some agitators were present. This meeting lasted until midnight.

It was this morning that the effect of the meeting was seen for, suddenly and without giving the slightest reason, the number of Japanese mentioned quit their work and, getting their clothes together, set off for town. They said nothing whatever about returning.

By the action of the Japanese this morning, Heeia plantation is left with but a hundred and fifty men to do the work and, under the circumstances, the men who quit work can say absolutely nothing if, upon desiring to return to work, they are told by the management to go elsewhere.

HILLO TO HAVE GOOD RACES

Hilo is going to have a good race meeting on the Fourth, notwithstanding some unexpected discouragements. The departure of Colonel W. H. Cornwell and Prince David for the National Democratic Convention caused many blanks in the horses that were going to be sent. Already it is known, however, that at least forty horses will appear on the Honolulu park track.

John R. Wilson sent down six of his horses in the Helene on Saturday. Of their merits for producing lively sport, it need only be mentioned that the string, at the late Kapoloani park meeting of the Hawaiian Jockey Club, won four out of six races.

Wm. Norton is going to send Directress to race Loupe, last year's winner of the free for all trotting and pacing event on the Hawaiian Jockey Club track. Loupe is now the property of Chas. E. Egan of Olan.

Bonnie Judd and Chas. H. Bellina will also send fleet horses to Hilo, and other Honolulu owners are expected to do likewise. Albert Horner will contribute racers from his stables at Kakaia. A quota will also be furnished from the district of Kau.

The Honolulu horses will be forwarded in the Kinau on the 26th inst., which will give them nearly seven days for recovering their land legs after the voyage. It is likely that many excursionists from Honolulu will go to see the races and, incidentally, take stock of the new enterprises and general progress of Hilo and its neighborhood.

THE CHILDREN'S DANCE.

The exhibition given by Mrs. Gunn's dancing class Saturday evening afforded a most pleasing sight of childish grace and beauty. The Opera House was crowded with friends of the children and every seat and all the boxes were filled by the society folk of Honolulu. The little ones have been well trained and went through the figures of the class dances without a hitch; the individual dances of members of the class were all very well and gracefully done and showed careful training and practice.

A Good Meal.

The Union Grill has been an unqualified success from the very start. The fame of George Lycurgus as a caterer to the daintiest of palates extends even beyond the bounds of Honolulu and the rejoicing among those who love a good dinner was great when they heard that George was to provide them. And not only can you now get a real good dinner at a restaurant in Honolulu but it is provided among the daintiest of surroundings; the apartment upstairs, fitted for ladies and dinner parties, to which one ascends over a soft carpeted stairway at the side, is as attractive a place as one could wish for a quiet lunch or an after theater supper.

The grill will prove a boon for ladies down town shopping, whose only recourse hitherto at lunch time has been to go home and it fills the long felt want so often expressed in Honolulu for a good first class restaurant.

Kinau Late.

The Kinau arrived from her usual ports at about 5 o'clock Saturday afternoon when she should have been in at 1. The delay was caused by a run to Kailua, Kona for Geo. H. Robertson and J. A. McCandless.

On the trip to Hilo the Kinau found the Jas. Rolph hovering about off Lahaina with a cargo of coal from the Sound for Kihel. She had been drifting about in contrary weather for a week or more. The Kinau towed her to her destination. On the return trip the Kinau towed the Lyman D. Foster to sea from Kihel.

CHINESE POLITICAL CLUB

Formation of New Organization Accomplished Saturday Night.

Out for Good Government—No Decision As to What Party Chinese Will Affiliate With—Names of Officers.

In the neighborhood of sixty Chinese, including the most important business men of that nationality in Honolulu, met in the hall of the United Chinese Society Saturday night for the purpose of forming an American-Chinese political union. Those present were, of course, men who were either born in Hawaii or who had been naturalized here.

The meeting placed C. Winam in the chair as temporary chairman. The meeting was then called to order and Mr. Winam in a few well chosen words stated that the object of the meeting was to discuss a permanent political organization, under the new regime, of Chinese entitled to vote by virtue of their being Hawaiian born or of having become naturalized. Such Chinese had certain rights and these should be secured.

After this came an informal discussion during which those not acquainted with what the new state of affairs means had things explained to them by those who had followed the matter closely. There were no speeches.

After deliberating and asking advice, the temporary chairman appointed the following committee to draw up rules and by-laws for the society to be presented at a meeting to be held in a few days: Winam, Chock Hoy, Ching On, Ho Fong, Wong Chow, Ng Chun and three others.

The following officers were elected to serve during the ensuing year: President—Wong Kwai. Vice President—Li Cheung. English Secretary—W. Y. Kwai Fong. Chinese Secretary—C. Din Sing. Treasurer—Wong Leong.

One of the officers gave out the following to a Bulletin reporter this morning:

"We are out for good government and equal rights. Of course, what we want first of all is a recognition of our rights as full fledged American citizens but we will be at all times for clean government."

"We cannot say just now what party we will affiliate with but I understand that all who were present at Saturday night's meeting will range themselves on one side. No, we will not be independent. What we are to be will come out at the next meeting of the club."

It is understood on good authority that the Chinese will unite with the Republican party. No permanent name has yet been chosen. This will be decided on at the next meeting.

INDEPENDENT PARTY OF MAUI.

Walluku, June 16.—There was another meeting of the native Independent party at Wahee last Thursday evening. Mr. Edwards, delegate to Honolulu, announced to the meeting the desire of the native leaders in Honolulu not to affiliate with either the Republican or Democratic parties. Speeches were made by Thos. Clark and J. E. Bush. Among the names mentioned as the Maui ticket of the Independent party for next election were: Senate—W. H. Cornwell, John Richardson and Thos. Clark. House of Representatives—Wm. White and S. E. Kaiue were the only possible candidates so far and probably Kamakole of Kula district.

Will Start Poker Den.

It is learned on good authority that two men, no win Honolulu, will soon set up a poker den in the midst of the city in open defiance to the local laws. They maintain that poker is not a percentage game and state that they are backed up by opinion after opinion in the States. In case of arrest, which they expect will follow speedily, they will carry their case through the courts to test the law.

The auction sale of the first wireless telegraph message was held in the Capitol grounds Saturday afternoon. The message was bought through the firm of Burnette & Decker for \$30. Will E. Fisher paid \$50 for the right of auctioneering the message, thus making \$80 to turn over to such charity as the purchaser may designate.

For fine full dress shirts at \$1.00 each L. B. Kerr & Co., Queen street. These shirts are strictly high grade as to fit and quality.

MAUI JAPANESE ARE UGLY

Labrers Attack Agents Giving Them Good Advice.

Police Promptly Eject Laborers From Their Quarters—Immigration Agents Refuse to Prosecute Waal Hire Money.

Walluku, June 16.—Most of the Maui plantations are in a great piliikia now as all the Japanese contract laborers struck for higher wages yesterday. All the Japanese asked at least one dollar per day, a demand which the plantation managers cannot readily comply with.

The laborers know now that they are free laborers, that the contract system has been wiped off the face of the Hawaiian Islands, so they seem to think that as free men, they are free to demand what compensation their services are worth in their own estimation.

The laborers have not consented to go to work at the pay the plantation managers are now willing to give them, viz.: \$17 per month. Some natives and Portuguese have also joined in the strike. Kihel and Spreckelville Japanese have not struck yet.

Sheriff L. M. Baldwin and a strong posse of Walluku police were summoned to Lahaina last Thursday, June 14th, to quell a disturbance among the Japanese contract laborers at Kaanapali, Lahaina.

It seems that on that morning three Japanese gentlemen sent over from Honolulu by the Japanese immigration company arrived at Kaanapali and they endeavored to reason with their countrymen not to put the plantations in jeopardy by quitting work as they had intended to do if they did not get an increase of pay. These words of advice were too much for the ignorant and infuriated Japanese and the ring leaders attacked the three gentlemen from Honolulu with clubs and knives, the latter barely escaping with their lives to the house of the head luma, Birkmeyer.

They received nasty gashes on the head and face from the clubs wielded by the enraged Japanese.

The three injured commissioners from Honolulu are now being cared for by the plantation doctor, but they refused to prosecute their assailants, claiming that their actions were those of madmen and that they did not know nor feel the responsibility of their offense. When the police reached Lahaina, the row had already quieted down and the attention of the whole police force from Walluku was turned towards ejecting from the plantation quarters the Japanese who refused to go to work, a task which was by no means easy. Under Sheriff Baldwin's guidance the Japanese were forcibly ejected from their quarters without bloodshed.

Jas. W. Bergstrom.

Mr. Jas. W. Bergstrom the manager of the Bergstrom Music Co. will return to Honolulu the latter part of this month bringing with him the most complete stock of piano and music instruments ever brought to this country.

Among the novelties he has secured is the wonderful automatic harp that has attracted so much attention on account of the marvelous way in which it renders the most difficult classical and popular selections, performing them with an execution beyond human possibility.

He will also introduce the Zonograph, a new piano playing attachment superior to anything yet invented in that line and of a much reduced price. But what will probably please the music loving people of Honolulu most will be a beautiful Chickering grand concert piano which will be loaned freely by the music company for concert use.

Although Mr. Bergstrom has enjoyed much of the Mainland entertainment he says he will be glad to return to the sunny clime of Hawaii next.

Post Office Appointments.

At about 5 o'clock Saturday afternoon Postmaster General Ott summoned Messrs. Kenake and Madiera of the department and told them of their appointment by him to the posts of treasurer and assistant postmaster respectively. The two young men are eminently suited to the positions. Mr. Kenake has ever been known as an obliging and courteous officer and his capacity for work has made him well known in the States as well as at home. Mr. Madiera is comparatively a new man but, during his connection with the department, he has shown himself a most efficient officer. This is his 4th promotion under Mr. Ott. Mr. Madiera is from Santa Cruz, Cal.

11th OF JUNE.

Hawaiian and American flags can be gotten in Iwakami's store, Hotel street.

Messrs. D. H. Case, Jas. L. Coke, W. O. Alken and Judge C. S. Smith of Hilo met last Sunday night on the top of Haleakala. The parties, excepting Mr. Alken, returned to Walluku late on the following day.

RAPID TRANSIT THIS YEAR

Construction of Roadbed to Begin in September and Be Rushed.

System in Three Divisions to Connect Diamond Head and Moanalua, Harbor and Nuuanu—Style of Cars.

Clinton G. Ballentyne, manager of the Honolulu Rapid Transit and Land Company, who returned from the Mainland last week, this morning gave a Bulletin reporter a talk about his trip and the practical intentions of his company.

"My business away was the purchase of material for the roadbed and overhead structure, also the perfecting of arrangements for the transportation of our material from the East, all of which, with the exception of the cars, is now in transit. The cars will follow later and be here in time to permit their being assembled, and mounted on the trucks when the power plant is ready for operation.

"Our engines, boilers and generators are now at Seattle. The rails are on the way across the continent from Scotland, etc. Our poles, ties and building material are now landing on the Sound and will be here between the middle and end of July.

"Actual construction of the roadbed will begin the early part of September and be rapidly pushed by the most improved methods until the system, consisting of about twenty miles, has been completed. The lines will cover the residence and business portions of the city very completely.

"From Punahou through Wilder avenue, Lunaliio, Alapai, King and Liliha streets will constitute one division. Another will cover a route from Moanalua to Diamond Head. The third division will extend from the water front to Nuuanu valley near the Government electric light works by way of Emma street.

"But one fare of five cents will be charged between any two points, for a continuous journey, in the entire system. School children up to the age of 17 years will travel for two and a half cents.

"A trailer will be attached to each motor car, in which smokers, carriers of fish, and Chinese and Japanese laboring people will be expected to travel.

"We intend to ask the Board of Health to pass a regulation to make expectorating in all cars a misdemeanor. If the Board do this we shall enforce it to the letter.

All of our cars, with the exception of two excursion cars, have cross seats, with middle aisles. An electric push button is fitted into each station, which passengers will use instead of a bell rope. Every car will have its motor and its conductor.

"Unless difficulties at present unforeseen should arise, we shall have a considerable portion of the system in operation by the end of the year."

Going to Paris.

Wm. H. Sea, Tom Hennessey, William Ellis, Tom Silva, East Kahulu and "July," the six young Hawaiians now singing Hawaiian songs for swell functions in San Francisco, have decided to leave soon for Paris, there to try their hand at charming the Parisians with their music. From letters recently received from San Francisco the boys are doing remarkably well. They have engagements nearly every night and play almost exclusively at social functions.

Several times have clubs of this kind come from here to the States, but these have always returned "strapped." However, this fact has been invariably due to bad management. The club now in San Francisco is working entirely on a business basis, and each man must live up to the agreements made. The young men are living as inexpensively as possible and are saving all their money for the trip to Paris.

Case Appealed.

Attorney Strauss has been given notice of appeal in the case of Wong Man, sentenced to one month's imprisonment on the charge of larceny in the second degree. There has been considerable talk in town about this case. Some even go so far as to hint at a "set up job" on the part of the Japanese living in the house out of which the Chinaman is alleged to have been seen coming with a paper box of money.

Maui Police Changes.

Walluku, June 16.—Wm. E. Saffery and Wm. Keau were appointed captain and lieutenant respectively for the Walluku police force on Admission Day June 14th. Former Captain of Police Guy S. Goodrich is now time-keeper at the Kihel plantation. These appointments of Sheriff Baldwin have met with the approval of this community.

MAUI'S ADMISSION DAY

Enthusiastically Observed by Luau in Beautiful Iro Valley.

Over Six Hundred People Took Part—Speeches by Robertson, Kalua and Bush—Dancing and Singing.

Walluku, June 16.—Last Sunday afternoon several of the prominent citizens of Walluku and Kahului met in the courthouse to discuss ways and means for properly celebrating Admission Day, June 14. Judge J. W. Kalua presided. The following committees were appointed:

Finance—C. B. Wells, Geo. Hons, J. T. Aluli, D. L. Meyer and R. W. Fuller. Arrangement—John W. Kalua, L. M. Baldwin, Jno. T. Aluli, S. E. Kaleikau and Jas. T. Taylor. Entertainment—Jas. N. K. Kooia, C. Waldeyer, Mrs. Henry, the Misses Hons and Margaret Nape.

Messrs. G. B. Robertson and John W. Kalua were selected as orators of the day.

Kamehameha Day passed unnoticed in Walluku, as the various committees to whom the work of getting up the luau were entrusted, were busy arranging for the 14th. Messrs. J. W. Kalua, J. T. Taylor and John T. Aluli sent up gangs of men to lao valley to clear the place where the luau was to be held. The spot chosen was a little above the second crossing and a few hundred yards above the memorable spot where Kamehameha the Great waged his famous battle with the sons of Kahakili, the King of Maui, during the latter part of the last century. Sheriff Baldwin also kindly allowed a number of prisoners to clear up the Lantana bushes on the lao road leading to the place. Big stones were moved from the stream in order to make the crossings easily passable for vehicles. A large platform for dancing was also erected, which was the most novel feature of the undertaking.

Judge Kalua and the big gang of men and women under him worked day and night in order to make the affair a great success and their efforts were not in vain as judged by those who participated in the festivities.

Mrs. Henry and Miss Nape had but two days to train a select number of ladies and gentlemen to sing patriotic Hawaiian and American airs appropriate to the occasion.

At 11 a. m. sharp the choir of ladies and gentlemen under Mrs. Henry and Miss Nape sang "The Red, White and Blue" and "Hawaii Fair."

G. B. Robertson, orator of the day, was then introduced to the large assemblage of Hawaiians and foreigners. John E. Bush followed Mr. Robertson in a neat little speech in English and Hawaiian. Judge Kalua indulged in humorous speech which brought forth laughter from all quarters. But one thing he impressed on his hearers was the fact that all were American citizens now, and the brown skin subjects of President McKinley must not refer by steps but by just one bound and be equal to the occasion, that is be the equal of any other under the protection of the American eagle. The exercises closed with the choir singing "America," "Hawaii Hono," and "The Star Spangled Banner."

The large assemblage then was seated at three long tables provided for the occasion and enjoyed the many good things laid on the table and prepared in real Hawaiian fashion.

After the luau the dancers whiled away the rest of the afternoon in the dancing pavilion. Music was furnished by the combined orchestras from Wahee and Walluku. The finance committee, in the very short while given them, collected nearly \$100 which will be nearly sufficient to meet all expenses of the luau.

At the Orpheum.

The always popular Mascotte is selected as the opening bill this week. The Mascotte is well known as a regular reservoir of funny sayings and doings, discharged by Lorenzo, Wm. Wolf, and his Lord Chamberlain, Rocco, Mr. Brauben. There is also a good deal of pretty music in the opera and the three acts of country, camp and court life give opportunity for a brilliant display of costuming. Mr. Goff plays the part of Peppo the shepherd and Mr. Baker is reported well enough to sing Frederick. Bettina, the Mascotte is to be handled by Miss Sallinger. Altogether what with the merry-making and the music the Mascotte should have a successful run. The Orpheum management have announced their intention of reducing the gallery prices to 25 cents, a cut rate that should prove highly popular.

Mr. and Mrs. Horace J. Craft returned from Mang, Hawaii, in the Kinau Saturday. During their three weeks' stay they saw a lot of good hunting, killing a lot of pigs and quail. Mrs. Craft found a pretty curly head puppy in the woods and brought it home to raise. It is a well known fact that wild dogs abound in the woods about Mana.

Governor Dole Holds

His First Council

Governor S. B. Dole held his first council with heads of departments this morning. Those attending were: H. E. Cooper, Secretary of the Territory, E. P. Dole, Attorney General; J. A. McCandless, Superintendent of Public Works; J. F. Brown, Commissioner of Lands; A. T. Atkinson, Superintendent of Public Instruction; and A. T. Hawes, Private Secretary.

The Governor briefly addressed the officials on matters of detail and readjustment of public business transferred from the Republic to the Territory. Rooms and new checks were discussed in this connection.

Mr. Cooper as Treasurer submitted a statement of revenues and expenditures on current account for the rest of the year. Expenditures authorized to December 31, 1900 amount to \$1,192,692. The revenue estimated to the same date is \$190,153.80, which with money on hand promises a balance of \$991,155.01. These figures are, however, only approximate, as new expenditures may be authorized in the meantime and the revenue estimate come out differently one way or the other.

The Attorney General read reports from Sheriff Baldwin of Maui and Sheriff Conroy of Kauai regarding the restoration to civil rights of certain persons in their respective jurisdictions.

F. Garcia was recommended to the Treasurer for a light wine and beer license.

Commissioner Brown reported that Japanese were committing depredations in the forest reservation along the Volcano road. The matter was referred to the Superintendent of Public Works for stopping.

Mr. Cooper nominated Thomas G. Thrum for Registrar of Conveyances and the following named for assessors: Jonathan Shaw for Oahu; C. H. Dickey, Maui, Molokai and Lanai; N. C. Willfong, Hawaii; and J. K. Farley, Kauai and Niihau.

Tomorrow's Shoot.

Early tomorrow morning the Oahu and Oahu jail teams will shoot a rifle match at the Iwalei butts. It will be remembered that each team has won a match. The outcome will be to decide the championship. The very best men will be selected. The balance of favor is with the police team.

CHILDREN NEARLY DROWNED.
 Two little half-white girls were saved from drowning in the Kalia stream back of Judge Wilcox's place Sunday forenoon by a young native in the employ of the Judge. The young man tells the following story of the occurrence:
 "In the morning a man and woman, with their two little daughters, came out to a place in the vicinity of the home of Judge Wilcox. The children soon drifted away into the fields and finally came to the stream.
 "I happened to be walking near by when a Portuguese woman cried out to me: "Make, make," at the same time pointing to the pool. I saw bubbles coming to the surface and, surmising the cause, jumped into the water that was about up to my neck. I dove down and brought up a little half-white girl. As I was making for the bank I stumbled over something else, and, diving down again, found another little girl.
 "The first one was gasping, while the other I thought was dead. I held them upside down to let the water run out, and very soon they both came to. The children had evidently gone into the stream to play and had got over their depth. Had I been a few seconds later both children would undoubtedly have been drowned."
 The mother and father were summoned, a doctor was sent for, and in the afternoon the children were in condition to be taken home.

SHOULD BE OF INTEREST.

We have just marked and placed on sale another large shipment of merchandise direct from New York, comprising among other things some of the latest novelties for ladies' evening wear, arriving just in time for the approaching opera season.

French Silk Gauzes.
 With alternating satin and lace stripes, 44 inches wide, in black and all the popular evening shades—pink, light blue, maize, lavender, black, with silver threads, black with satin stripes and ecru lace insertion, Nile green, maize with satin stripes and ecru lace insert on, black spangled with gold sequins, black spangled with cerise sequins, and white spangled with silver sequins. These are only a few of a stock too numerous for individual mention, comprising chiffons, silk mulls, liberty silks, &c.

Pineapple Silk.
 This most desirable fabric we import direct from Japan, and the number of good qualities it possesses is astonishing. It resembles silk in luster and strength; it is made from a vegetable fibre, and consequently washes, blundering perfectly; it does not readily crumple or muss, but once crumpled it is readily pressed so that it looks as good again as new. In spite of its extreme thinness, its strength is remarkable. It makes one of the daintiest of evening dresses.

Gimps and Passanteries Galore.
 For trimming evening dresses. We have a stock very complete in all evening shades, in head passanteries, silk appliques, chiffon ruffles and ruchings, sequins in all colors, sequin trimmings and applique, and a host of others too numerous to mention.

Gloves, Gloves, Gloves.
 We carry the world-known Dent's kid gloves, than which no better is made. We have them from two-clasp length up to twenty-two (22) button length. We have them in black, white, pink, light blue, lavender, tans, etc. Any one wanting a first-class, perfect fitting glove, will do well to call and examine the Dent gloves. Their price is no higher than others in spite of their superiority.

Fans.
 Just received and marked, a line of the latest in evening fans, no two alike. Among them there are some exquisite creations, hand-painted, daintily colored, with hand-carved ivory sticks. No evening gown will be complete without one of these fans. Come and see them.

Opera Capes.
 Just received direct from Europe, a half dozen opera capes which we believe will be pronounced by competent judges to be the triumph of the dressmaker's art. There are no two of these alike in any respect, and any lady wanting a really chic and up-to-date cape should see these at once. They are so new and so desirable they will not last long.

Now a word on other subjects than evening wear.

Ladies' Muslin Underwear.
 Our stock of this is very complete and choice, we buying only of the very best makers with the most advanced ideas and styles. This stock is worthy of inspection.

Shirt Waists.
 Have just placed on sale another line of ladies' waists, in both colors and white, comprising everything that is latest and new; and of some importance, they are marked right.
 For the benefit of tourists who come here unprepared with suitable clothing adapted to this climate, we would say that our shirt waists and our ready-made skirts of linen and covert cloth, etc., should prove a boon.

GENTLEMEN!
 We have just received direct from New York, a very choice line of the latest in NECKWEAR. There is not an old number in the lot. These have been very carefully selected, and will only have to be appreciated. In addition we have our usual stock of carefully selected Gents' Furnishings.

MONDAY, JUNE 18, 1900.

If the history of the past few weeks counts for anything, the sugar plantations of Maui have unwittingly succeeded in corraling all the turbulent elements among Japanese laborers. The troubles on Maui do not give promise of spreading to plantations on any of the other islands. The Maui malcontents are likely to speedily learn the error of their ways as they have in the disturbances of the past.

Doubting Thomases who would not believe that communication between the islands could be successfully established by wireless telegraphy, had their doubts dispelled Saturday by the first demonstration of the operation of the system at the Capitol grounds. Messages were flashed to and from the land stations with perfect exactness and speed sufficient to fulfill all commercial demands. The island channels which offer no obstruction can be spanned with equal ease and assure the prompt transmission of messages throughout the whole group. To Fred J. Cross, through whose admirable effort the system was secured to Hawaii, the people owe a debt of gratitude which will soon be more fully appreciated in our release from what Dr. Bishop has termed nonintercommunicability.

The ponderous organ of factional strife follows up its "Washington despatch" written in Honolulu with an anonymous letter in which the fictitious writer assumes to quote the words of Harold M. Sewall. As an example of cowardly fiction this last effusion can only be equaled by the well known policy of the morning organ to publish political untruths whenever possible. Let the Advertiser furnish proof that neither the "Washington despatch" nor the communication published this morning were compiled in the Advertiser office. Then and not till then will the public believe that Judas Iscariot has any other representative than the columns of the morning organ. Mr. Towse's political record is so well known to the friends of Mr. Sewall, that no effort of the Advertiser to wreak its personal spite will influence their conclusions. If the statements of the fictitious correspondent are true it is clearly shown that he is in close personal touch with the real Judas Iscariot of local political life who seeks to hide his identity under a name de plume.

EXECUTIVE AND THE PEOPLE.

Having asked the cooperation of the people in handling the problems before the Territory, Governor Dole cannot secure the full cooperation he desires by refusing the people full and complete knowledge of the deliberations of the Governor's Council. The Bulletin believes Mr. Dole is honest in his purpose and desires. He can fulfill his object by getting close to the people and in no other way. The most damaging tendency of the old Executive Council was its disposition to ride over the heads of the people, spring a new policy framed by the private discussion of its five members and trust to luck that the people would be satisfied. Governor Dole and his associates have only to turn to the policy of President McKinley to discover the secret of successful administration. No important step is ever taken by the President, no important appointment made without an intimation being given to the press of the President's intentions. Thus an opportunity is given for general discussion which assists not a little in reaching a final decision that will meet popular approval. In administering the affairs of the American Territory of Hawaii, Governor Dole and his associates can not improve upon the customs and methods of American statesmen from whom they receive their authority. The people exert a power in the Territory greater than ever allowed them under the monarchy or the republic. To attempt an administration of executive offices that does not admit the people into the full confidence of executive councils will prove destructive to the usefulness of the officials and a terrible handicap for the party.

SALE OF LAND IN MANOA VALLEY HONOLULU, OAHU.

Opportunity is given to purchase in Manoa Valley a beautiful situated property containing all the necessary essentials for a homestead and where healthful climate and picturesque scenery are in the midst of historic surroundings and all in contact with improved grounds, planted with various foreign fruits as well as supplied with fruit trees indigenous to Hawaii. The acreage of 45.64 acres in fee simple and 31.16 acres under long and favorable leases.

Included in the improvements on the fee simple portion is a roomy, modern dwelling house furnished with sanitary and other conveniences; there is also situated thereon a roomy carriage shed and stables.

The celebrated Waiakeakua (Water of the Gods) Falls is in near proximity, and the cool, clear, sparkling water therefrom flows through the grounds, supplying ample opportunity for increased irrigation to the acreage already planted and which is capable of considerable improvement.

NOTICE.

To Our English-Speaking Friends: The Chinese merchants and residents of the Hawaiian Islands, represented by the undersigned, being desirous of providing for their sons a thorough and comprehensive education in English, raised in pledges from August to December, sufficient funds to justify them in undertaking to erect commodious buildings for this purpose in Kamae. The contract was let and the main building partially completed, when the plague broke out and interrupted the work. As you well know, our countrymen have been the greatest sufferers from this epidemic and the fire connected with it. Consequently those who generously subscribed toward the school enterprise, being called upon to donate large sums for the relief of their fellow-countrymen who have suffered severely from the fire, find themselves unable to fulfill their pledges at present. The main building is now on the point of completion, and the contractor, himself homeless, is in great need of his money. In this emergency and because we believe you recognize that our motives in undertaking this enterprise were philanthropic, our object a commendable one, and that we are in no wise at fault for the straits in which we now find ourselves; we therefore solicit such contributions to our present needs as your beneficence will allow. Send all cash or pledges to Wong Kwai, Box 954, Honolulu. Very respectfully yours,

JUDGE KALUA DECISION.

Waikuku, June 16.—Judge Kalua filed his written decision in the Lilla Kael Joaquin vs. John Kaahu et al. bill for dower and to cancel a deed. Extract from decision: "I do not believe, as a matter of law, that if the plaintiff underestimated the value of her dower interest in her husband's estate and knowing what she did, made a transfer of her rights that she can come into a court of equity and ask for relief after she has become aware that she could have received a greater consideration. Such, however, is not this case. While there is some conflict of this evidence, still it seems to me that the best evidence she shows that the plaintiff was led to believe that her interest was a small and doubtful one and that \$200 was all that it was worth. This was too evidently the work of the defendant who was to benefit by the arrangement. The estate at the time of the filing of the bill was sworn between five and six thousand dollars and included some valuable pieces of land (at Lahaina) which have a high rental value. Such a transaction is inequitable and oppressive and should be looked upon in a court of equity with disfavor. "I believe that the deed in question was executed by the plaintiff without a full knowledge by the plaintiff of her rights and interests. That her misunderstanding in this regard was largely due to the misrepresentations of the defendant, John Kaahu. I therefore find for the plaintiff in accordance with the prayer of her petition. Upon payment by plaintiff to the estate of the amount of \$200 paid to her, an order will be made to the defendants to deliver up to the Clerk of this Court the deed and the same shall be cancelled."

Messrs. Thurston and Stanley were attorneys for plaintiff in 1897. A. N. Kephauk, J. M. Kaneakua and C. Creighton for plaintiff; Robertson & Wilder, Hens & Cole and Richardson for defendants.

Basket Ball. The fifth series of basket ball games was played in the Y. M. C. A. gymnasium Saturday night with the following result: Malle-Hima defeated Green and Gold 6-4. Honolulu defeated Business Men by default. The Malle-Hima team stands at the head with three games played and three won.
