THEY ARE ORDERED HOME

NEW YORKERS LEAVE BY THE NEXT TWO STEAMERS.

Five Hundred Go On the Australia on Tuesday and Balance Follow on the Alameda—Mustered Out.

The New York regiment has been ordered home from Honolulu.

Five hundred men will leave by the Australia next Tuesday afternoon and 300 more will follow on the Alameda.

This will practically clean up the camp. The few remaining men will be gotten off on the earliest vessels thereafter.

Orders for the New York regiment to return were received in this city this morning. Though issued by General Merriam, the orders come direct from the Secretary of War. This is a copy of the official document:

"In compliance with the telegraph instructions of the Secretary of War, dated the 12th instant, the First New York Volunteer Infantry is relieved from duty at Honolulu, Hawaiian Islands, and will proceed to San Francisco, Cal., the commanding officer reporting upon his arrival to the commanding general, Department of California, for further orders.

"The Depot Quartermaster in this city will make the arrangements necessary to provide transportation to enable this movement to be carried out at the earliest practicable date, and will notify Lieutenant Colonel George Ruhlen, Chief Quartermaster, U. S. V., in Honolulu.

Lieutenant Colonel Ruhlen is charged with the proper supervision of the outfitting and supply of the transports and the embarkation of the troops, and will make ample provisions, in addition, for the proper care of such convalescent soldiers as may be able to accompany the regiment upon its departure from Honolulu.

"The commanding officer of the troops in Honolulu will give the necessary orders for the detail of medical officers for the transports and supplies for the troops en route."

It is presumed that petitions from the home towns of the New York companies, addressed to the president, have caused the recall of the regiment. All of the cities represented in the companies except Albany, joined in a request to have the First mustered out. A San Francisco dispatch gives as the reason:

"The New Yorkers might have been stationed in Honolulu, but they introduced typhoid fever into what has hitherto been an ideal health resort, and to save themselves, the government has decided to bring them back to the United States."

A boss carpenter came down on the Australia and will begin at once the arrangement of accommodations for the 500 men. All will bunk in the steerage except the officers, who will be given cabin room. Supplies for the 300 men to go on the Alameda were also brought down by this morning's steamer.

It will not likely be determined today just what companies will be sent on the Australia. Col. Barber and Lieut. Col. Ruhlen will first have to consult and "figure up" on the matter. It is the latter's desire, that as many convalescents as possible be gotten off. Companies K and M will be recalled by the next Kimo from Hilo to take the Alameda on the 7th of December.

There was great rejoicing at the New York camp this morning when the news was received. Most of the men are thoroughly homesick and welcome the change. They will be stationed for a few days at the Presidio and will reach home for Christmas, where they will be mustered out and will straight way return to the arts of peace.

THANKSGIVING DINNER.
The Thanksgiving dinner at the Hawaiian hotel this evening will be quite a swell social affair. There will be music all the time. At 8 o'clock dancing will begin and will be kept up until midnight.

TYPEWRITERS!!

In no line of mechanics is excellence of construction of such vital importance as in Typewriters. The PEERLESS is especially noted for its durability, simplicity and its speed. Considering first cost only the PEERLESS is not one of the so-called "cheap machines," but looking at it from a business point of view, comparing quantity and quality of work, loss of time from breakdowns on steamer days, when the Typewriter is most needed, and cost of repairs, as well as the life of the Typewriter, the PEERLESS is without an equal and is the cheapest machine on the market.

FEAST FOR THE SOLDIERS

LADIES BUSY GETTING DETAILS INTO SHAPE.

Native Musicians Volunteer to Sing at Convalescents' Camp—At Independence Park.

All is ready for the feast to the soldiers tomorrow. Tables and seats have been arranged on the grounds at Waiialae and on the engineers' campus at Kapiolani park. At the hospitals the dinner will be served for the most part indoors.

Among the orders placed this morning was one for 225 dozen bottles of soda water. The market has been stripped of turkeys. There will be solids and delicacies enough to feed twice as many men as there are at the camps.

Kanepu, clerk at the station house, has taken the lead in a movement that, if it could be generally carried out, would greatly enhance the pleasures of the day at all the camps. This young man has volunteered to take to the convalescents' camp on Punch-bowl slope a native stringed orchestra to play during the feast. The idea is generally commended and it is hoped other orchestras may find it convenient to follow it up.

Mrs. Dole and the other ladies have been busy all forenoon making purchases for the dinner. A thousand and one details have naturally come up and are still appearing, but all are being handled in a most satisfactory way.

Mrs. Wright's scheme for the feast to the sick at the military hospital will be one of the charming events of the day. A splendid menu has been prepared. In it a diet may be found for any of the patients. The dinner will be under the supervision of the hospital surgeons. Mrs. Wright will be assisted in the reception by a number of ladies.

SUGAR UP AGAIN.

An Advance of Two-Sixteenths Since Last Steamer.

Sugar is now 47-16, and firm at that. The bullishness of the market, though apparently phenomenal, seems solid. There is all of substantial encouragement to growers in the outlook. Granulated is quoted at 4.36. Bests are 9s 10 1/2d, which also makes an advance of several points.

Hawaiian rice remains firm at 53-8; Japan is quoted at 5.80.

REACHED NEW YORK.

Castle & Cooke received telegraphic advices by the Australia this morning that the ship Kenilworth, which took fire off Chile and was partially destroyed, reached New York on the 15th. She had not then begun to discharge.

The ship Aryan, from Honolulu with sugar, reached New York on the 14th.

DAWSON CITY AFIRE.

Dawson City, Alaska, was almost totally destroyed by fire on the morning of October 14th. The loss was in the neighborhood of \$750,000. Four blocks, comprising about fifty buildings, went up in smoke. The flames started in the Green Tree hotel. So far as known no Honolulu men were sufferers by the fire.

HAWAIIAN COMMERCIAL.

No Alarm Felt Over Sale of Stock at Reduced Figures.

James B. Castle returned by the Australia this morning from San Francisco, where he went some weeks ago in the interest of his new property, the Hawaiian Commercial and Sugar Company. While away he was a very busy man.

The affairs of the plantation were left in excellent shape, reports Mr. Castle. There was a slight slump in stock, but this was due to a momentary and specific cause, and indicates nothing. On the 15th a sale of 400 shares was made at 57.75, a drop from 60.

MAKING READY.

Carpenters employed by the ladies' committee on Thanksgiving dinner to the soldiers began this afternoon removing the tables and benches from the Executive building grounds to the various camps. The old picnic ground now looks as if a cyclone had passed that way. All the palm leaf canopies are down and the place is a general wreck. This is the beginning of the work of ridding the grounds of the old feast material.

DIED.

Lucian Pomeroy Tenney, November 20th, suddenly, of heart failure, at Cromartan, Florida, aged 73 years. The deceased leaves a widow, Mrs. L. P. Tenney; also three children, Vernon L. Tenney, of Brooklyn, N. Y.; Mrs. G. P. Castle, and E. D. Tenney, of Honolulu.

Mr. Tenney was also a brother of Mrs. S. N. Castle of this city and Mrs. H. N. Peck of Kenova, West Virginia.

SENATOR CULLOM TALKS IN THE CIRCUIT COURTS

IS PREPARING THE HAWAIIAN REPORT.

Congress Will be in Session for a Year—Cable to the Islands—Niagara Canal.

WASHINGTON, November 14.—Senator Cullom, chairman of the Hawaiian Commission, who has arrived here, expects to call a meeting of the Commission at an early day, although he has not yet fixed a day. The substantial features have been agreed upon, and it only remains to put these into form and then submit them to the full Commission for final approval. Besides the chairman, Senator Morgan of the Commission is here and Representative Hitt is expected the latter part of the week. Judge Frear of the Hawaiian supreme court, one of the two Hawaiian members, is in this country, and is now visiting in New Jersey. It will be possible, therefore, to secure a quorum at any time. Mr. Dole, the other Hawaiian member, is expected here early in January.

Senator Cullom said: "I believe Congress will have enough before it to keep it in continuous session for the next year."

"I do not believe there will be any cavilling about the Hawaiian Islands, as we acquired them by the process of annexation and not as an incident of war. There may be, however, a difference of opinion, with respect to our other possessions, but these differences will in time be wiped out."

"Our interests demand that a cable to Honolulu should be built. With the Philippines in our possession, we ought to extend this cable to Japan, and from there to Manila."

"The march of events has pointed out once more the imperative necessity for closer means of transportation between the Atlantic and the Pacific. Arguments for the construction of a Nicaragua canal are more forcible than ever before. A bill providing for its construction will undoubtedly be reported early by Senator Morgan, who is more enthusiastic than ever upon that subject. In my opinion this canal ought to be built under the government control, and I see no reason why the proper kind of an arrangement cannot be made with the two governments through whose territory the canal will pass."

TERRITORY FOR HAWAII.

Senator Morgan Wants a Cable Laid at Once.

Hawaii, Senator Morgan says, will from the start be a source of revenue to this country and added: "A territorial form of government will be provided for Hawaii by Congress this winter. But one thing should be done at once—a cable should be laid to the Islands. Its necessity is apparent. It should be constructed and controlled by the United States."

"The session is limited to three months, and that short period will be mainly occupied in passing the appropriation bills, in enacting new laws for the regular army and in deciding upon the legislation necessary for the government of Hawaii. In addition to these important matters, the usual number of routine matters will arise. From the present outlook the session will be well under way before the treaty of peace with Spain will be laid before the Senate, and the ratification of that document may not be accomplished before the 4th of March arrives."

OFF ON A VACATION.

Charles L. Rhodes of The Star and William A. Love, the broker, left by the Claudine yesterday for a pleasure turn on the Island of Maui. They will visit Wailuku and Kahului, and will make the ascent of Haleakala. The young men expect to return next Sunday morning.

FOR THE SOUTH SEAS.

The long expected barkentine Ruth arrived at San Francisco recently, from St. Michael, by way of Puget Sound. The Ruth, which for several months was in the Alaskan business, is to be fitted up as a South Sea trader. It is expected that she will be ready for sea by December 1st. The J. F. Cunningham Company, owners of the Ruth, were formerly engaged in the trade with the Caroline and the Gilbert groups. Their trade was broken off, however, by the war. The Ruth will carry passengers, if any are going. She will make her principal stations at Ponape and Yap.

SPECIAL MEETING.

Of ladies will take place at L. B. Kerr's store, Monday and Tuesday, where they can buy all dress goods at 10 per cent discount.

PORTER WINS AGAIN IN HIS SUIT AGAINST McCANDLESS.

Judgment for \$1,050 Awarded by a Foreign Jury—Wailuku Damage Case in Court.

The assumpsit matter of F. F. Porter vs. Hawaiian Pork and Packing Company was decided for the third time by a foreign jury in Judge Perry's court this morning. Plaintiff was awarded judgment in the sum of \$1,050. Mr. Silliman, attorney for defendant, noted exceptions and a motion for a new trial. George A. Davis and A. S. Humphreys are attorneys for plaintiff.

The ejectment action of Kabele against Paha and Keawa, being a suit to recover a small parcel of land situate at Kuliwi, Honolulu, was before Judge Perry again this morning. After final argument the court stated that it would sign a decision finding for the plaintiff for the restoration of property and for \$10 damages.

The Hawaiian Hardware Company has entered suit against W. H. Winchester for the sum of \$474.28, alleged to be due on two promissory notes. Aswan, administrator, has filed an inventory of the property of the late Ah Chai, Chinese merchant on Nuunuu street, valuing the same at \$1,000.

The Gourva-Wailuku Sugar Company damage case is still on before Judge Stanley this afternoon. A jury was secured yesterday after considerable effort. Thus far three witnesses for the prosecution have been examined.

ARLINGTON THANKSGIVING.

There will be a special Thanksgiving dinner at the Arlington hotel tomorrow evening. Mr. and Mrs. Krouse have prepared the usual excellent reception to their patrons and friends. Prices remain the same as on other days.

DEPARTMENTS REMAIN.

"The order for the New York regiment to return to the states does not effect me nor my department," said Major Purdy, paymaster of Hawaii, this morning. "I am attached to General Merriam's staff and remain here permanently. The commissary and quartermaster departments are in the same position."

"It is my opinion," continued Major Purdy, "that another regiment will be ordered to Honolulu at once. Regulars will probably come."

FOR THE ORPHEUM.

Mr. and Mrs. Polachek and J. Hemla, old variety players of San Francisco, arrived by the Australia this morning to appear in the Orpheum theater. Mr. Desky reported that others would arrive by the Coptic. The show will open on the evening of December 7th.

DEDICATED TO MISS ROSE.

A companion song to "My Honolulu Lady" has come out by the same author, under the title of "My Honolulu Belle," and this is supposed to mean Miss Anna Rose. But how the Hiloites will kick.

DIVIDENDS AT SAN FRANCISCO.

The Hutelinson Plantation paid a dividend of 50 cents a share on the 12th. Twenty-five thousand dollars was paid out.

The Oceanic S. S. Co. has declared a dividend of 50 cents a share, payable on December 1st.

THE SUGAR WAR.

On the 14th the American Sugar Company put up its price one-fourth of a cent all round. The advance was immediately followed by the independent refineries. It is claimed that all have been losing money at the low prices which have prevailed since October 25th. Doscher's new refinery at Brooklyn was started two weeks ago, and its product is now on the market.

EJECTMENT.

John D. Paris vs. Antonio Fernandez, ejectment, will be heard in the circuit court on December 1st. J. F. Morgan endorses plaintiff's indemnity bond in the sum of \$1,000.

MARSHAL BROWN.

Marshal Brown writes that he and Mrs. Brown had a pleasant passage to San Francisco. They both felt the cold considerably. Some of the San Francisco papers have scheduled the marshal as Labor Commissioner Brown.

SPAIN PROVES STUBBORN

REPORT THAT SHE WILL NOT SIGN THE TREATY.

Philippines Will Then Be Occupied by United States Garrison—Ominous Orders to the Spanish Fleet.

PARIS, November 16.—The meeting today of the Spanish-American commissioners began at 2:15 p. m. and ended at 3 p. m.

The Spaniards, in their communication today, reaffirmed the position which they assumed against the discussion here of Spain's Philippine sovereignty. They insist that the words "shall determine the control, disposition and government of the Philippines," in Article III of the Peace Protocol, do not warrant any reference to Spain's withdrawal from the Philippines except on her own terms, and, therefore, the Spaniards propose arbitration on the construction to be placed on the words "the control, disposition and government."

MADRID, November 15.—According to semi-official statements here, the Spanish Peace Commissioners will maintain their present attitude in regard to the Philippine Islands and will certainly not accept the conditions of the United States. Further, if the discussion does not return to the limits of the protocol, as viewed by the Spaniards, the Spanish Commissioners have decided, in spite of contrary reports, not to sign a treaty of peace.

It is also learned from the same sources that complete accord prevails between the Spanish Government and its Peace Commissioners.

WASHINGTON, November 15.—Administration officials do not share the opinion expressed in some quarters that the Paris Peace Commission will fall in its efforts to agree upon a treaty.

It is undoubtedly true that should the Spaniards adopt this course they would sacrifice the indemnity this Government is now disposed to grant. The United States undoubtedly would immediately take forcible possession of the entire Philippine group and at once enter upon a military and naval campaign, which would end only upon an unconditional surrender of whatever territory this Government might see fit to demand.

It is believed that the United States at this time would consent to a cash payment of from \$20,000,000 to \$40,000,000 rather than renew the war.

LONDON, November 16.—The Daily Graphic says this morning: "The Spanish trans-Atlantic fleet has been ordered to be prepared for a renewal of hostilities, and the fort in the Canary Islands are being rapidly manned."

BROKE AN ARM.

A fireman on the Australia broke his arm while coming to Honolulu. He was engaged with others in shifting coal when a basket dropped upon the member.

DEATH OF A CHILD.

NEW VESSELS.

Three Now Building for the Island Trade.

Trade with Hawaii is on the increase and there seems to be a constant demand for sailing vessels to put in the sugar trade, says a late Call. At the present time three new vessels are being built for the Honolulu business and will be ready to go into commission about the first of the year. Two of the vessels will be four masted schooners and one is being built at Eureka by H. D. Bendixen and the other at Alameda by Hay & Wright. The other vessel will be a four masted barkentine, and she also is being built at Eureka.

The schooners will be sister ships to the Mariel and Honolulu, now on a race from San Francisco to Puget Sound, Australia, Hawaii and home. They are 164 feet long, 37 feet broad and 13.8 feet deep, and will be named Robert H. Hind and James Rolph, after the members of the firm of Hind, Rolph & Co., who own the fleet. The barkentine is 191.6 feet long, 39.10 feet broad and 16.8 feet deep. All the vessels when completed will load for Honolulu.

THE SAMOAN TRADE.

WASHINGTON, November 12.—The United States last year commanded more of the Samoan trade imports and exports than any European nation, and in the matter of exports to the islands stood second only to the near by Australian colonies. Moreover the consul general at Apia, says a large percentage of the goods sent to Samoa from Australia were of American origin.

GAGE CHANGES HIS VIEWS

IS NOW FOR EXPANSION OF THE REPUBLIC.

Wants to Give the Philippines a Proper Form of Government—Half Measures will Not Do.

WASHINGTON, November 15.—Secretary of the Treasury Gage, who has been opposed to territorial expansion, says in an interview:

"From hostility to the acquisition of territory I have changed my views, and I am no longer opposed to it. Commercial necessity has compelled territorial expansion. We need a trade outlet in the east. Few of us believed in the beginning that we should acquire more than a port in the Philippines, but the question broadens and the public sentiment has grown rapidly. We must give the Philippines a proper form of government. We have all agreed from the beginning that we would control absolutely at least part of the islands. As the matter is thought out it becomes more and more apparent that there would be many complications if we partly governed and partly protected these people."

"The sentiment for expansion is growing stronger all the time. One has only to breathe on the western prairies to become more or less affected by it. My belief is that we must keep the Philippines, and that this is the only solution of the present situation. As to indemnity or compensation, that is a question I am not ready to discuss."

BEEET SUGAR IN EUROPE.

WASHINGTON, November 10.—Consul Britton at Nantes has made a report to the state department in regard to the beet sugar cultivation of Europe, from which it appears that the total estimate of the crop for the present season will fall 375,000 tons short of the production of raw sugar for last season. Holland is the only country in which an increase is shown.

ARMY CONTROLS TRANSPORTS.

WASHINGTON, November 11.—A new army regulation has been prepared regarding the transportation of troops by water. The regulation is based upon the report of the board recently convened, at the head of which was Major General Ludlow. The regulation is mostly of technical detail, the most important feature being the fact that the transports are to remain wholly in charge of the army and not placed under command of naval officers, as has been suggested, and which is the general policy of England and some other governments.

CAPTAIN F. ARMSTRONG.

New Leader of the Town Football Team for Tomorrow's Game.

At a meeting of the Town football team held last evening Frank Armstrong was elected captain and all the details of tomorrow's game finished up. Armstrong is the oldest end rush in the country and an all round good football player. This is the team to be put in by the Town tomorrow:

M. Houghtaling, center; I. Cockett, right guard; H. Cockett, left guard; John Lane and John Waterhouse, right and left tackle; A. Lawrence and D. Koff, right and left end; McLean, quarterback; J. Conrad and F. Armstrong, half backs; P. Gleason, full back.

The Punahou will play practically the same team as was pitted against the Iowas a few days ago. As previously announced the Hawaiian band will play throughout the game.

RIFLE ASSOCIATION. This is the evening of the meeting of the Hawaiian Rifle Association for the election of officers and directors for the ensuing year. It is generally understood that most of the old men will continue to serve. Two or three important topics will be discussed at the meeting. One is the establishment of a regular shooting schedule on sporting lines. Another is the citizen matches proposed for New Year's day.

WHAT DID IT. "I have been subject to neuralgia for a number of years. It affected not only my head and face, but my stomach and back. After taking Hood's Sarsaparilla a short time I was relieved. I have now taken six or seven bottles of Hood's Sarsaparilla." M. H. MINCHER, Elsinore, California.

HOOD'S PILLS are the pills to take with Hood's Sarsaparilla. 25c.

TWO HUNDRED TONS OF GIFTS FOR CHRISTMAS.

St. Paul on Her Way to Manila—Presents and Nurses for the Soldier Boys.

The steamship St. Paul is now on her way to this port en route to Manila. She has about 2,000 tons of supplies, 200 of which are Christmas presents for the soldier boys. Her passengers will consist of twenty-one women (wives of officers), forty-one enlisted men and five officers and two clerks for the quartermaster's department. Captain Niebaum of the Alaska Commercial Company is sending a redwood to the California boys for a Christmas tree, and one of the officers of the vessel will personate Santa Claus when the tree is set up. It is going down in a big earthen pot and will be planted when Manila is reached. The St. Paul is to be "The Christmas Ship," and as such she will be properly decorated leaving port and on her arrival in Manila bay.

The transport will carry two officers and forty-two enlisted men, two civilians, including Second Lieutenant Martin Dismukes, First Tennessee; three men of the Twenty-third infantry, five men of the Wyoming Light Artillery, one man of the First Washington volunteers, four men of the First Tennessee, two men of the Fifty-first Iowa, one man of the Twentieth Kansas, Captain R. M. Kirby Smith, assistant surgeon, First Tennessee; M. Timke of the subsistence department and Harry D. Wolfe interpreter.

Acting Assistant Surgeons T. A. McCulloch, Charles Y. Brownlee and W. H. I. O'Malley and twenty-three women hospital nurses, bound for Honolulu, will also take passage on the St. Paul.

COMING FROM MANILA.

WASHINGTON, November 14.—A dispatch has been received at the War Department announcing that the hospital ship Scandia has sailed from Manila for San Francisco with about 70 sick soldiers on board.

NEW PRESIDENT ELECTED.

ST. PAUL, Minn., November 15.—Among the important business transactions by the National Woman's Christian Temperance Union convention today were the election of officers and the defeat of the Temple resolution. Mrs. Lillian A. N. Stevens was elected president, receiving 317 out of 456 votes.

WEDNESDAY, NOVEMBER 23, 1898.

President McKinley is not going to outline a very distinct policy in his message to Congress, if the Washington correspondents are to be credited.

Uncle Sam does not forget his boys in Manila. The St. Paul carries Christmas gifts to the boys. How they will appreciate them; more so than they would at home.

Senator Cullom evidently thinks that the Hawaiian matter will be passed through Congress very rapidly. There is so much else to be done that it is but natural that Hawaiian matters should be hastened as much as possible.

The Louisiana planters are against the expansion program and will use all their efforts to stop it. But Porto Rico and Hawaii are already American, Cuba will have to be protected, and the fate of the Philippines seems assured.

The New York regiment has received orders to return to the mainland. To many of them this will be welcome news. They would have been satisfied to hear the hardships of camp life if they had been on active service, but the monotony of garrison duty and the terrible amount of sickness in the regiment, has made the men dissatisfied and depressed. The prospect of getting home for Christmas will make them feel happy and The Star wishes them every enjoyment in their own homes.

The Panama canal is coming to the fore again. A company has once more taken it in hand and work has commenced at the point that the De Lesseps company left off. For some time the Panama Star and Herald has been publishing articles upon the advantages of the Panama routes as compared with that of Nicaragua and now it looks as if an effort were going to be made to push the Panama canal through before the Nicaragua can be completed. It has always been difficult to get at the exact truth about the Panama canal. Reports have continually varied, from glowing pictures of its success to accounts of its utter disorganization and failure. One is therefore very much inclined to take the present accounts with a very large pinch of salt. What one wants to know is, is it a financial swindle again or is it a bona fide piece of engineering work? And who is going to answer that question satisfactorily to the world? No one.

PEACE AND EXPANSION.

The prospects of a continuance of the war loom up ominously. Spain seems determined to hold on to the Philippines. How she can do so with her utter inability to keep order there is more than one can comprehend without being behind the scenes. If war is continued Spain loses everything, for there will be no discussion of terms of peace if the United States draws the sword once more. The terms of peace will be dictated from Washington to either take or leave.

The one factor which is a disturbing element is the attitude of Russia. That is entirely unsatisfactory, for the United States will not brook interference in the east from any European power. Interference will only lead to more serious complications.

The plans for expansion are becoming more and more acceptable to the people of the United States. The views of the Pacific Coast have permeated eastward, and the people begin to see the necessity of extending the opportunities for the growing commerce. Markets the United States must have, and fortified coaling stations she must have. This idea had not dawned upon many of the people of the inland states. To the west coast of the mainland to secure the advantages of victory in Manila, is to secure an advance of half a century of time.

It begins to look as if the opposition to expansion will be very small indeed, and the Spaniard had better realize the fact.

THANKSGIVING.

Thanksgiving, a day set apart on which seven million of people solemnly give thanks for the benefits vouchsafed to them during the year, and

who then proceed to rejoice together and spread their feasts from the grooming board of the millionaire to the modest table of the humblest clerk or laborer.

How many families are reunited at Thanksgiving. The trains are full of those returning to the home roof, where the old folks dispense hospitality. How many a prodigal or an erring one finds the heart touched and himself drawn by the mother-tie. What talking over early days, what discussion of the events of the year gone by, what tales of success, what meetings of old friends there will be tomorrow.

But in many homes of the United States tomorrow will be a day of sadness, and in others of anxiety. Some will mourn the loss of dear ones who fell in battle or who have succumbed to wounds and disease. Many thousands will wonder how their gullant husbands, brothers or sons are faring, and this will make the feast tasteless and hearts aché. Thus the Thanksgiving day of 1898 will be one peculiarly to be remembered by many.

Turning to ourselves we have much to be thankful for. Our crops have been good, our commercial prospects are encouraging, the season promises well. Our position in the world has been assured by annexation to the Great Republic, and the future shines brightly before us. And if we rejoice ourselves we are also careful to make the stranger within our gates rejoice with us. Tomorrow the ladies of the city entertain the soldiers and will do their utmost to show that kindly feeling prevails throughout the most distant part of the Republic, and that though this may seem a foreign country, it is in reality the home land, peopled with those of the same feelings, the same aspirations, as any who live on the mainland.

Rejoicing with those that rejoice, sympathizing with those who need sympathy, we shall remember for many years to come the mingled feelings which have marked the Thanksgiving day that will be celebrated tomorrow.

Timely Topics.

November 14, 1898.

The war with Spain is almost at an end. It is ended so far as actual hostilities are concerned, and only awaits formal declaration of peace by the commission now in session in Paris. It is not so with the war in the tropics against the hot weather and constant care is required to keep your commissary from spoiling. We have just received another shipment of those perfect

ALASKA REFRIGERATORS, which admittedly have no superiors. They are here in all sizes, from the small one for the family of two, up to the large size suitable for hotels and boarding houses. There is one feature we desire to call particular attention to in the

Alaska Refrigerator. It is lined with mineral wool and has an air chamber between this and the inside lining, thus insuring economy in the amount of ice required to such an extent that the saving in the cost of ice will, in a short time, pay for the refrigerator.

THAT IS ECONOMY. For those who are satisfied with a less fancy receptacle, but just as good, we have the **ALASKA ICE CHEST** in all sizes, from the very small to one that holds five hundred pounds of ice.

Hawaiian Electric Company.

The cleanest, brightest safest and really the long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks." This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Just think it over and make up your mind that you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want.

We have a complete stock of everything in his line and have just received a lot of the very latest designs in chandeliers

Came Very Near Dying

Blood Bad; Abscesses Formed; Health Gone. We are glad to publish the testimonial of Miss Annie Snook of Auckland, New Zealand, who suffered intensely for years, and who was quickly cured when she obtained the right remedy.

"I was a strong, healthy woman until about five years ago, and while living in England was recovering from an attack of measles. I took a chill, had a relapse and came very near dying. My blood was left in a very bad state, abscesses formed on my body. I was confined to my bed two-thirds of the time. At times I was unable to move. For two years I failed to obtain any relief. So finally I was advised to come to New Zealand. After coming here I remained about the same, trying many remedies without obtaining any benefit. About a year ago after reading one of your advertisements I determined to try

DR. AYER'S Sarsaparilla

Very soon after using it the abscesses began to heal and my general health very greatly improved. I followed up the treatment and am now as strong as ever. I cannot too highly recommend Ayer's Sarsaparilla as a blood purifier and tonic.

For constipation take Dr. Ayer's Pills. They promptly relieve and surely cure. Take them with Dr. Ayer's Sarsaparilla: one aids the other.

FORTHCOMING MESSAGE

POLICY WILL ONLY BE OUTLINED SLIGHTLY.

The President Suggests Military Government for a Year—Army to be Raised to 100,000.

NEW YORK, November 15.—The Herald's Washington correspondent sends the following:

Those who have been expecting President McKinley to make specific recommendations in his annual message to Congress as to the future form of government of the territory wrested from Spain will probably be disappointed.

The message, now well under way, will, I understand, point out that it is too early yet to reach a decision in this matter. The President appreciates that Congress will desire to have a voice in shaping the policy in regard to the future control of the Philippines and Porto Rico; that congressional commissions will probably be appointed to visit these new positions and to investigate and report upon the conditions in each island, and he is perfectly willing that ample time should be allowed for all this to be done. It is his purpose to have the conquered islands continued under strong military government pending a definite conclusion by the Executive and Congress as to the future of these islands. He considers it will take at least a year to enable the American people to determine what our relations should be toward the new possessions. That the islands may be kept out of politics as much as possible, it is his purpose to have all islands governed by military forces, and with this idea in view army officers will be assigned to perform all civil as well as military functions.

The army reorganization will contemplate at least 100,000 men. There is no reason to believe that any recommendation will be made as to a different basis of organization, that in force now being considered compact and complete and satisfactory. But a departure will be made as relates to what is recommended touching the army in Cuba and the use to be made of the native army, with a gradual admixture of Cuban troops with United States troops.

SPANIARDS MUST GO.

WASHINGTON, November 15.—The government has renewed and strengthened its determination that the Spanish evacuation of Cuba and the American occupation shall not be deferred beyond January 1st next. This conclusion has been communicated to the Spanish government within the last few days, in answer to an urgent request that the date of evacuation be put off, because the large number of Spanish troops remaining on the island could not be moved before January 1st.

TARIFF TO STAND.

WASHINGTON, November 14.—The Washington Post will say tomorrow that the war tax will not be abolished at the coming short session of Congress, and that there will be no revision of the tariff whatever. It bases this announcement upon the positive statement made today by Chairman Dingley of the ways and means committee.

MUST STAY AT MANILA.

NEW YORK, November 15.—A special to the Sun from Washington says: On account of the advices lately received from Oris at Manila and because of the expectation of the administration that the United States will have occasion to establish garrisons throughout the Philippine Islands in a short time, it has been decided that no diminution of the present military force in the Orient can be allowed at present. There is a tendency, on the contrary, to believe that the army in the Philippines should be increased in the near future.

The price, \$50.00, has caused a run on this popular wheel already, and we expect to sell more bicycles this coming year than in any two years of the past. The wheels that sell in the big Department Stores in the States at from \$9.00 to \$15.00 have been offered here at from \$30.00 to \$40.00. We do not sell this kind; they are cheap at no price. Ramblers and Columbias are the wheels we sell and you get a reliable mount when you get one of them. 1899 Columbia prices we will announce after the Australia gets in.

ARABIAN NIGHTS.

Big Audience Takes in the Fine Farce Comedy.

All the shivers, the nightmares and distorted nerves left by Oliver Twist, Saturday night, have been wiped away and the McKee Rankin Company is forgiven. It is said the company "didn't mean it" in the first place. It was simply a case of not knowing the audience and the audience not being sufficiently acquainted with Oliver.

Last evening Sydney Grandy's farce act farce comedy, "Arabian Nights" was presented. This is a delightful sketch, one certain to please anywhere and at any time if well staged. Every man, woman and child in the audience has seen it before or should have done so. It has been popular on the American circuits for years, and the Frawley Company staged it here at the time of their first visit.

The principals in the play were L. R. Stockwell, as Arthur Hummingtop, and Mrs. Horace McVicker, as Mrs. Gillbrand. The work of the former was without fault and the latter was immensely pleasing as the engaging and always welcome mother-in-law. Nance O'Neil appeared as Rosa Columbian. Her work was finished, though difficult. Herbert Carr interpreted Ralph Ormerod, and Miss Gertrude Foster was immense as Mrs. Hummingtop. Miss McVicker as Barbara was not at her best.

The first and second acts of the comedy kept the house in a roar. It was there that Mr. Stockwell appeared to the best advantage. The last act fell a little flat. Altogether the play may be regarded as a success.

PUBLIC CONCERT.

The Hawaiian band will present the following numbers at Makee Island tonight, commencing at 7:30 o'clock:

PART I.
Overture—Light Cavalry. Suppe Paraphrase—Ben Bolt. Brode Selection—The Rose of Castille. Balfe Song—Take Your Clothes and Go (by request). Miss Rose Berliner.

Song—Palama. Dan Mac. PART II.

Cornet Solo—Remembrance of Liberty—Charles Kreuter. Miserere—Il Trovatore. Verdi Serenade—Love in Idleness (by request). The Serenaders. Herbert The Star Spangled Banner.

If you want anything, try an ad. in The Star. If anybody has what you wish, you will get an answer.

Bailey's Bike Bits

ITEMS OF INTEREST TO BICYCLE BUYERS AND READERS.

The signs are that prices on well known makes of wheels will be cut, and cut deep. One very large maker has made a cut of 33-1/3 per cent, and at the same time advertises the fact that '99 wheels will be the same as '98, with 30 inch wheels as an extra line at \$5.00 more.

With cheap bikes and good trade may be said to have only just begun in the matter of quantity of sales. One hundred wheels at \$10.00 can be sold where one would sell at \$100, or even \$75. Always we have the cheapest bike in town. A good second hand bike for \$15.00. Good for a track or to learn on. Good value anyway, anywhere.

A special feature made of contracts to repair punctures and to clean your wheel for \$1 per month.

Who will do it?

You're going to have your home papered, painted or decorated. Who's going to do it? No one does or can do better work than we. Investigation proves that few do as good.

All we ask for it is a fair price—not high; not low. Either extreme is dangerous.

Anyone who gives us work gets the best going at the fairest, squarest price.

PREPARING FOR WAR.

WASHINGTON, November 16.—There has been remarkable activity about the war-department for several days in the way of preparing troops for service in lands beyond the United States. An order has been issued directing at least ten regiments of the regular army, now stationed in northwestern forts and posts, to hold themselves in readiness for immediate transportation and service in tropical climates. Most of these regiments were sent into the northern and western points a few weeks ago for recuperation after their Cuban campaign. While holding themselves in readiness for service, the regiments will be recruited to their full strength.
