THE HAWAIIAN STAR.

The Hawaiian Star is the paper that goes into the best homes of Honolulu.

VOL. VIII.

HONOLULU, H. I., MONDAY, APRIL 29, 1901.

No. 2846

WILL REFUND INTEREST

HAWAII WILL RECEIVE BACK \$100,000.

Treasury Agent McClennan Will Return the Amount—Government May Pay Back \$600,000.

Treasury Agent McClennan, who is here to take up the Hawaiian bonds, states that the United States government is also refunding the interest paid by the Hawaiian government on the bonds since June 14 last. The amount is something over \$100,000. It would have been about \$200,000 but for the fact that payment at this time intercepts on payment of interest. Side by side with the recent statement of Treasurer Lansing, however, the "thirty cents" in the Hawaiian treasury will look about \$500,000 bigger. Secretary's Gage's idea has always been that the United States should refund all interest paid since July 7, 1898, and it is not unlikely that this may still be done. The total amount would be \$600,000, or more accurately about \$508,000 not including the last payment.

GOVERNOR IS FIRM.

Five members of the Home Rule party called on Governor Dole this morning and presented to him a resolution passed at a meeting held Saturday night, again urging upon him to grant an extension of the present session of the legislature. Governor Dole courteously but firmly informed the committee that his decision was final. He added to his former replies that he did not believe the present legislature would do anything of account if it had an additional thirty days of time.

COMING THIS AFTERNOON.

The Senate expects to reach the Governor's appointments during this afternoon. Little change in the situation has developed, except that John E. Bush has been dropped from the slate for the land office bill. The name of Edward Boyd is being considered, but may not be put in. In case it is not, Boyd, so he says, will apply direct to the Governor for the office.

ESTATE DAY IN COURT.

Business Before Judge Humphreys This Morning.

Estate matters occupied most of the time of Judge Humphreys in Circuit Chambers this morning. The jury term ended last week, and "vacation" work began today. The May jury term will open next Monday morning with Judge Humphreys on the bench.

Carl G. Myhre was appointed administrator of the estate of the late Beta Myhre, under \$800 bonds.

W. O. Smith was discharged from responsibility as administrator of the late Louise J. Bindt.

Meta A. Sutherland was appointed administratrix of the estate of the late Maria A. Bruns without bonds.

Judge Humphreys this morning signed the decree in the Kamalo case, issued upon his decision of March 14. It awards \$35,000 and the value of 6,000 shares of paid up stock to the petitioners.

ESTEE'S COURT.

The case of George E. Lee, charged with battery on a sailor aboard the Star of Bengal, held the attention of the United States district court all of the morning. A jury was secured with some difficulty, there being a difference of opinion in regard to the extremes an officer might properly resort to in maintaining order aboard his ship. The case will likely be on most of the afternoon.

VESSELS GO AGROUND.

The bark Hesper and schooner Benicia parted their aft lines Sunday morning during the heavy storm and their sterns were blown aground. Both were gotten off without much damage being done to either.

ALLEGED MUTINY ON HIGH SEAS.

The American schooner Admiral arrived in port Saturday after a quick run of 42 days from Newcastle with coal. Murton one of the seamen, was in irons. He became incensed at the second mate and as Captain Jensen sided with the officer Murton is said to have felt resentment against the master. Murton is charged with having attempted to attack the captain with a club but the officer drew a revolver and subdued the sailor.

Ladies' French dancing slippers at McInerney's Shoe Store, something entirely new.

TALK OF ADJOURNMENT

THE HOUSE GETS IN SOME REPORTS OF COMMITTEES.

Recommendations Regarding the Management of the Leper Settlement. Awa Allowance and a New Steamer.

All sorts of rumors were flying when the House came to order this morning. Some of the Home Rulers were reported to be decided that the house should adjourn at once, in view of the message of the Governor on Saturday and the adjournment of the Senate that day, killing fifteen or twenty bills that might have passed. When the house finally came to order, however, business went on, though not the business of passing any bills—except one, which has had a mysterious quick progress through both houses, having taken sudden jumps on the calendar that have surprised some of the members very greatly.

Attendance of spectators was quite large this morning as many people gathered to see the "finish" as were on hand during the opening days of the session.

The Oahu Ice and Electric Company franchise bill, to allow the company to have electric wires on the streets of Honolulu came back from the Senate with an amendment requiring the company 2 1/2 per cent of its gross receipts instead of net receipts. The amendment was accepted and the bill favored.

The fact that the loan bill and other measures were on the calendar and it was about the last day of the session did not seem to bother the members much, for they spent about two hours reading reports of committees and arguing over the questions of forcing hack drivers to learn English.

It was reported that the projected adjournment might consist of three committee reports had been put in the committee on Public Health and education presented its report on the leper settlement at Molokai.

The committee recommended the government of the settlement by a commission, already published, to consist of three members, one chosen by the Board of Health, one by the lepers by ballot and the third by these two.

Each of the requests in the long petition sent in by the lepers received attention in the report and a recommendation is made regarding each. A better water supply is declared necessary and the purchase of a steamer to do the business of carrying between Honolulu and the Settlement is advised. Better beef is declared to be needed and it is recommended that the lepers be allowed to construct stores and to conduct coffee shops of their own, but that no outsider be allowed to enter the field.

The report, which is a very long one, contains the following:

"From statements made by some of the witnesses that were sworn in by your committee, we learned that there are some people at the settlement who do not appear now to be afflicted with leprosy. Your committee would recommend that all such should be discharged from the settlement if, after a thorough bacteriological examination by the Board of Health, it should be decided that they are not lepers."

"By discharging all such, the expenses of the Government in connection with the settlement will be greatly reduced."

"Your committee recommends that every child born of leper parents after six years of age if they are not lepers be removed to a home to be provided for such children near Honolulu. If, however, they are lepers and remain at the settlement, we recommend that they receive full rations at the age of ten years."

"Your committee recommends that a wa be allowed in the settlement, so those addicted to its use, but not for purposes of sale."

"Your committee recommends the installation of a District magistrate and police officers for Kalaupapa."

"Your committee recommends that the number of bonds of pot given each leper per week be increased from 21 to 25 pounds."

APPOINTEES CONFIRMED

The Senate this afternoon in executive session confirmed all the Governor's appointments except J. A. McCandless, T. F. Lansing, J. F. Brown and the members of the Board of Health.

PLENTY OF SILVER.

The General postoffice in Honolulu received about \$43,000 Saturday and yesterday from postmasters in other parts of the territory, and all of it was in silver except about \$15. For some time past the returns from the country postmasters has been nearly all in silver, a movement which the postoffice authorities are at a loss to understand as silver is constantly being shipped to the other islands from here, at an expense of \$2.50 per \$1,000.

REPORT ON UNPAID BILLS

SENATE COMMITTEE FILES ITS STATEMENT.

Looks Nice on Paper But Carter Wants Details—Report Is by New Accounts Committee.

In compliance with the request of the Senate on Saturday, Senator Crabbe introduced a report of the Committee on Accounts, showing the bills not yet paid. He made a statement to the effect that the new accounts committee had not approved the bills and could not do so for the reason that the members of it knew nothing about them. The statements and bills, as presented, were as follows:

"Whereas, certain bills incurred in the carrying on of the business and affairs of the Senate amounting to Twenty-five Hundred and Twenty-seven and 25/100 Dollars have been delivered to the present Committee on Accounts by the Committee on Accounts whom they succeeded upon the resignation of said committee, and Whereas, this committee does not care to take upon themselves the responsibility of paying them, Now Therefore, Be It Resolved, That the following bills amounting to \$3,527.25 be, and the same are hereby approved, and the Committee on Accounts is hereby authorized to settle the same out of and from any money that may be available for that purpose now or hereafter, and if no money is so available, that the same be inserted in the appropriation bill hereafter to be passed so that such bills may be duly paid and settled:

- J. T. Ryan—Printing, \$133.
- Hawaiian Automobile Co.—Hire of Automobile to Kalii Leper Settlement and return, \$4.
- Hawaiian Automobile Co.—Hire of Automobile to Waialiki and return, re Resolution to the Governor, H. Dole to extend the session, \$9.50.
- People's Ice and Refrigerating Co.—260 lbs. ice at \$2.00 for month of April, \$2.60.
- F. F. Fernandes—Typewriting, \$1.50.
- D. H. Kahaulelo—Reading Proofs in English and Hawaiian, \$267.
- Translating into Hawaiian, \$321.50.
- Reading Proofs in English and Hawaiian and translating into Hawaiian, \$35.50.
- Ench Johnson—Proof reading, \$236.
- Owner Hack No. 255—Hack Hire, \$1.50.
- J. M. Riggs—27 days as Clerk, etc., \$69.50.
- H. Hackfeld & Co.—Typewriting, \$20 cents.
- Hawaiian Gazette Co., Ltd.—Printing, \$144.
- John Kahlolani—Washing and ironing, \$1.90.
- P. M. McMahon—Transcript of proceedings of Senate, \$10.
- Bulletin Pub. Co.—Printing, \$10.50.
- Wall, Nichols Co.—Stationery, \$17.50.
- Hawaiian Star—Printing, \$72.50.
- George Markham—Translating, \$34.
- Hawaiian News Co.—Stationery, \$374.05.
- Bulletin Pub. Co.—Printing, \$275.75.
- Hawaiian Gazette Co.—Printing, \$69.
- T. J. Ryan—Investigating Auditor's Books, \$10.
- Typewriting, \$7.55.
- P. M. McMahon—Transcribing proceedings of Senate, \$50.90.
- Total, \$2,527.25.

Mr. Carter objected to the report. He wanted to know about several items. He believed that some of them were an outrage to the public and that he could not conscientiously approve them. The motion to pass the resolution carried 8 to 3.

ADJOURNMENT SATURDAY.

The house adjourned almost immediately after coming to order on Saturday afternoon, in spite of the large amount of business to be done. The members were disgusted at the senate for adjourning and others did not want to work anyhow in view of the Governor's refusal to extend the session. A motion to adjourn sine die would have come from the Home Rule side if the session of Saturday had lasted long enough.

HAWAIIAN RIDING PARTY.

An old fashioned Hawaiian riding party appeared on the streets last Saturday afternoon and attracted much attention. To old-timers it recalled the days when pa'u skirt riding was a common practice and when the kings and queens led the riding parties. About a dozen young Hawaiian men and women were in the party on Saturday.

PORTO RICANS REACH HAWAII.

HILO, April 26.—The steamer Claudine arrived early on the morning of the 23rd from Honolulu on a special trip with Porto Rican laborers for the various plantations on Hawaii. About 27 came. They have been distributed as follows: Waiala, 129; Honoumou, 33; Hakaluu, 79; Pauahau, 45.

THAT COUNTY BILL.

The county bill has not yet reached the Governor, but will probably be presented this afternoon. Mr. Dole is silent as to what he will do in regard to it, explaining that he has not seen the bill as finally passed.

Do not leave home on a Journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be procured while you are on board the cars or steamship. It is pleasant, safe and reliable. For sale by all dealers, Benson, Smith & Co., general agents, Hawaiian Islands.

The Golden Rule Bazaar has just received the Hawaiian Scenic Calendar for 1901, and as usual it is the best Scenic Calendar published—Price 50c.

SUNDAY PLAY FOR BOYS

JUDGE WILCOX THINKS SCHOOL OR CONCERT IS NEEDED.

Warns Ten Culprits Today that Excessive Gambling Leads Boys to Steal—Suggests a Remedy.

Judge Wilcox made an excellent suggestion in the district court this morning regarding missionary work among the youth of the city on Sunday. Six boys, three natives and one lone Jap were before the court on charges of having gambled yesterday.

"They say," remarked Judge Wilcox, after Deputy Sheriff Chillingworth had signed the case to him, "that you were gambling down by the Sanitary Steam Laundry yesterday afternoon. I suppose you went to Sunday school in the morning and then went down there in the afternoon to play 7-11." "That's where people go to get rid of their dirt. You evidently went over to get rid of your nickles and dimes. When I see a young man too fond of gambling I expect him to be here in the docket sooner or later charged with petty larceny or embezzlement. You will find out that you will lose more money gambling than you can make. When a young fellow goes to losing he will try and get more money to keep playing and he is apt to take his father's or his mother's or his employer's money. It's just a step from boys gambling too much to their getting in jail."

"There is only one fellow in a thousand who makes a stake. Whenever any one makes a stake then you think you can do the same but you won't. You are more apt to be numbered among the other 999 who lose."

"I wonder where all these missionary people are that they don't start some sort of a Sunday school or a band concert down by the Sanitary Steam Laundry so that you boys could go there instead of wasting your time and money playing 7-11 and gambling in other ways. Something ought to be done to interest the boys and not let them gamble so. Think if you had some thing else to do they would not want to gamble. It is just because no sort of amusement is offered then that they want to get in and gamble. Take warning now and stop this gambling" concluded the court as he dismissed the crew after giving them this good advice.

FINED THE GREAT AH SING

JUDGE WILCOX TAUGHT LESSON TO A CHINESE.

Fourteen Offenders Were Charged for Having a Jollification at Iwilei. Other Cases in District Court.

The docket was heavier than usual in Judge Wilcox's court this morning and the court, Sheriff Brown and Deputy Sheriff Chillingworth made a record in disposing of the cases. There were no less than sixty-four charges heard. The best record for any single case was two minutes while one of the longest lasted over half an hour.

The case against E. C. Cunha charged with employing minors in his saloon contrary to the recently enacted law, was the first on the list. At the request of the prosecution the case was continued until May 4th as Mr. Dunn of the Attorney General's department was busy in the Federal court.

Fourteen offenders were before the court charged with disturbing the peace and quiet of the night at Iwilei. Some were fighting, others were enjoying the common nuisance by riding their bicycles on the sidewalk on the Iwilei road Sunday night. He was ably defended by Mr. Chillingworth, Sr. but the evidence was against the defendant and so the court fined the defendant \$5 and costs. In pronouncing sentence his honor said: "The evidence shows that you were riding your bicycle on the sidewalk and ringing your bell for the people who had a right to be there, to get out of your way as much as to say I'm coming, the great Ah Sing, out of my way." We will have to teach you cannot act so.

Ah Sing had a smile that was child-like and bland and he received the sentence with a display of teeth that would have done credit to a Cheshire cat.

THE WEATHER.

Weather Bureau, Punahou, I. p. m.
Wind light, south; weather cloudy; more showers likely.
Morning minimum temperature, 64; midday maximum temperature, 80; barometer, 9.9 m., 30.92 rising (corrected for gravity); rainfall, 24 hours ending 9 a. m., 0; dew point, 9 a. m., 64; humidity, 9 a. m., 65 per cent.
CURTIS J. LYONS, Observer.

BURGLARS ON HOTEL STREET.

Burglars entered the office of the Honolulu Steam Laundry on Hotel street last night and from there got into the tailor store of J. D. Tregloan and stole several pieces of cloth.

SOON TO CLOSE.

It would be of advantage to ladies of this city to avail themselves of our great clearance sale of millinery. All must go as we close this particular department by May 15. L. B. Kerr and Co., Queen street.

PACIFIC HEIGHTS RAILWAY.

No grander scenic view to be had than Pacific Heights affords. Take the Pacific Heights Electric Railway and have a pleasant outing. Round trip fare only 10 cents.

ICE HOUSE DELICACIES.

Camaron's California Fruit Market is the place for ice house delicacies. Everything the California market affords at this season of the year can be found at Camaron's.

SECURED VERY RARE BIRDS

SUCCESSFUL EXPEDITION FOR BISHOP MUSEUM.

Only Five Specimens of the Iiwi Could Be Secured on This Island—Five other Varieties Found.

The ornithological department of the Bishop Museum has been very successful since the first of the year and some valuable additions have been made to the collection of rare birds. Two expeditions have been made under the direction of professor A. Seale, the field collector of the museum. One of these lasted two months during January and February and the other is about concluded.

Mr. Seale was accompanied by W. A. Bryan, curator of ornithology, and they passed two months in the Waianae mountains. This expedition was fortunate enough to secure six forms of rare native birds including nests and eggs of several.

One of the rarest varieties of island birds, the venturia cocinea or Iiwi was secured. This bird is a small creature with brilliant red plumage the feathers being used in the olden times to cover helmets and in the manufacture of cloaks. The bird has become very rare on the island of Oahu and only five specimens were secured.

Another rare bird but which exists in much greater profusion than the Iiwi was the apapane or himantio sanguinea. This bird is similar in general appearance to the Iiwi but its plumage is not so brilliant as the other variety. A number of specimens of the apapane were secured.

Another rather rare variety was a small bird olive and yellowish color. This bird comes in three varieties, the bright, curved and intermediate bills. The back and head and wings of this bird is a rich olive color while the under part of the wings and breast is a bright yellow. This bird was found in considerable number.

During the expedition some careful study of the Mynah bird was made. As the result of the observations Mr. Seale and Mr. Bryan came to the conclusion that instead of being the pest that the natives have termed it, the Mynah bird is really a benefit. It is insectivorous in its habits and is the means of ridding the country of many of the insect pest.

All of the various specimens secured have been cured by Mr. Bryan and will shortly be mounted for the museum. Mr. Seale is at present on Hawaii making a study of some of the birds of that island. He is expected home within a short time with a number of specimens as this expedition is reported to have been quite successful.

During the expedition some careful study of the Mynah bird was made. As the result of the observations Mr. Seale and Mr. Bryan came to the conclusion that instead of being the pest that the natives have termed it, the Mynah bird is really a benefit. It is insectivorous in its habits and is the means of ridding the country of many of the insect pest.

NOT GUILTY.

Ouwe the Japanese hack driver whose runaway rig caused such a commotion on Fort street Saturday afternoon was discharged by Judge Wilcox this morning on the charge of violating the hitching ordinance.

PART FIRING PISTOL.

WASHINGTON, April 11.—The Army Board on Ordnance and Fortifications has discovered a pistol which it believes to be the most effective small weapon yet invented. It is not of the revolver pattern, but has a magazine. At a test 116 shots a minute were fired. It can be readily taken to pieces and as readily reassembled. The board has recommended the purchase of 1,000 for distributed among cavalry and artillery regiments.

The inventor of the new weapon is a German, and the factory is in Berlin. The weapon is known as the Luger automatic pistol.

WASHINGTON, April 11.—An extensive and important test of field guns at Sandy Hook will be held some time in May by the Board of Ordnance and Fortifications, with Lieutenant-General Miles at its head.

The board will test not only such guns as may be presented by manufacturers and inventors, but also the new gun modeled on the plan of the French field gun and constructed under the direction of the board itself.

The plans for this gun, which artillery experts assert is the best in the world were obtained by an army officer who was sent abroad last summer.

The mechanism of this gun has been a secret carefully guarded by the French Government.

SEMI-WEEKLY STAR.

Honolulu people who are going abroad can have the Semi-Weekly Star mailed to any address for the small sum of twenty-five cents a month. The Semi-Weekly Star contains all the local news of importance, besides the daily stock quotations are published.

Fine Book and Commercial Printing at the Star Office.

GOVERNOR AGAIN AT WORK

FINDS MUCH BUSINESS BEFORE HIM TODAY.

Dr. Raymond Given Water Rights, Cotton Bros. Awarded Contract for Filling Kewalo Low Lands.

Governor Dole appeared at the capitol this morning for the first time in two weeks. He has been quite ill, but returns feeling in good health and with his strength entirely restored. He found at his office this morning a big batch of accumulated work and many callers with business to present. Only those with the most important matters on hand were admitted.

Shortly after 10 o'clock the heads of the bureaux were called in to discuss together pending matters. The first taken up was an application from Dr. Raymond to develop the water rights at Kahikini, Maui. The applicant was present in person and presented his case. It appears that Kahikini is an arid cattle ranch on Maui. To develop the water will cost a very large amount of money, and there is no certainty at best about securing water on the land.

After considerable discussion it was decided to give Dr. Raymond a perpetual right to half of the water developed by him in the way specified on condition that he turn the other half upon government land. This decision will depend, however, upon the conclusion of the attorney general in regard to the question of the right of the Territorial government to grant a perpetual right.

L. A. Thurston came in and presented a map for the extension of the Hilo Railway through the town of Hilo. Surveyor Wall submitted a slightly amended map. The map of Mr. Thurston was finally approved.

Mr. McCandless submitted the bids for filling between Kewalo and Waikiki beach. D. L. Davis having withdrawn, Cotton Bros. proved to be the lowest and to that firm the contract was awarded.

TROUBLE WITH CREW.

Drunken Sailors on Henry Villard Make Things Lively.

There was considerable pillkiss on the American ship Henry Villard Saturday afternoon when she started for San Francisco on a big load of sugar. The crew was drunk and Captain Quick was put to sore straits to keep his vessel from "rounding." Had it not been for Captain Brokaw of the tug Fearless, the ship would have been seriously damaged. When the Fearless took the tow from the railway wharf, Captain Brokaw soon noticed that the Villard was not being steered properly. In fact as she neared the Inter-Island wharf it was seen the ship was bearing directly down on the steamer Hamble. Captain Brokaw managed to pull the ship partially out of the course but the gill boom struck the steamer a slanting blow and snapped off.

The vessel was not properly steered after this and finally it looked as if she would go aground near the light house. Captain Quick finally took the wheel and got the vessel outside the harbor to a safe anchorage, aided by the Fearless. The vessel will be repaired, after which she is to go to San Francisco.

THE HAND OF HUMPHREYS.

"Ka Elele Hawaii," a native paper published at Hilo, in commenting on Delegate Wilson's speech at the meeting at which the Home Rule party became the Independent Home Rule Republican party says: "The voice is the voice of Wilcox, but the hands are the hands of Humphreys."

OPERA THIS WEEK.

The performances to be given at the opera house this week by the Josephine Stanton company are as follows: Tuesday night, "Wang;" Wednesday matinee "Mascotte;" Thursday evening, "Giroffe-Giroffe;" and Saturday evening, "Wang."

NO MATINEE WILL BE GIVEN NEXT SATURDAY.

No matinee will be given next Saturday, as the company has been requested to give the same on May-day, next Wednesday.

AN ABLE MANAGER.

The splendid record of The Provident Savings is the result of the management of that veteran of the insurance world, Edward W. Scott. Since he assumed the presidency of this wide awake insurance organization it has been his constant aim to surround himself with the most efficient, industrious, and reliable insurance workers. No other company has a better corps of agents and no other company sets a higher standard on its membership than the Provident Savings Life. I. R. Burns, resident manager; office in Mason Building.

Another Large Shipment of Angle Lamps
"THE ANGLE LAMP"
 The Light that Never Fails

It seems almost incredible that any lamp could be good enough to take the place of electricity on even terms, yet such is the case with the ANGLE LAMP. All over the Islands people are throwing away their old lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (cost is no object to some people) but besides being infinitely cheaper it is more brilliant and more reliable in the bargain. It is a revelation to every one who uses it, and simply demonstrates that the old-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP never smokes, smells or gives any trouble, is lighted and extinguished as easily as gas, and is the ideal light from every standpoint. We carry these lamps from \$1.50 up.

Overworked Nerves

and wasting vitality make their presence known through headaches, dizziness, inability to sleep, loss of appetite and a general run-down condition of the system. These signs are sometimes accompanied by neuralgia, hysteria, rheumatism or nervous prostration in some other form. To remove these troubles, cure the nerves. They need feeding, strengthening and building up, and nothing will do this so quickly and so surely as Dr. Miles' Nerveine. This truly remarkable medicine is gaining hundreds of new friends every day. Here is a surveyor from Decatur, Ind., Mr. G. E. McKean, who writes: "A chronic stomach trouble, which my physician was unable to overcome, so wore on my nervous system that I broke down with nervous prostration. I could not sleep day or night except in fitful naps; could scarcely eat any kind of food and wasted away to a mere shadow. After spending over \$500.00 in a vain search for relief, I was prevailed upon to try Dr. Miles' Nerveine. Relief came immediately. I took six bottles and today am a well man."

THE SPEEDY KENILWORTH

MADE THE FASTEST TRIP ACROSS THE ATLANTIC.

A Vessel Well Known at This Port. Holds Record for a Sailing Voyage. One of the Finest Vessels Afloat.

The Philadelphia Press says: In a race across the Atlantic from Liverpool to Philadelphia to load a cargo of water pipes for Sourabaya, Java, the four-masted American ship Kenilworth, Captain Taylor, eclipsed all previous sailing records when she passed in the Delaware Capes recently, eighteen and one-half days from the time of her departure from the River Mersey.

From a sailing standpoint this passage has never been equaled by a vessel of the Kenilworth's class, the nearest approach to it being the trip made between Liverpool and New York in March, 1898, by the American clipper ship A. J. Ropes, which completed the passage in nineteen days. The difference in time is somewhat over twelve hours and besides the Kenilworth covered 120 more miles in actual distance.

When the arrival of the ship at the Delaware Breakwater appeared on the maritime exchange blackboard yesterday there was wild cheering, as it showed that Americans with grit still follow the sea.

The Kenilworth, which is owned in Bath by the estate of Arthur Sewall, is a vessel with an enviable record as a sailor, and there is no more thorough seaman afloat today than her sturdy skipper, Captain Taylor. Among some of the great records held by this famous craft is one of sixty-five days from Valparaiso to New York, and another of 103 days from New York to San Francisco. The Kenilworth laden with grain, left San Francisco November 7 for Liverpool arrived there March 11, sailed March 23 for Philadelphia, and has therefore covered upward of 15,000 miles within about five months.

She is one of the finest vessels afloat and originally flew the British flag, but strange to say, was never successful while under it. In 1857 she was launched at Port Glasgow, Scotland. She is 300 feet long, 43 feet beam, 24 feet depth of hold and 2,178 net tons register. While loading in San Francisco she caught fire and was so extensively damaged that the insurance company paid a total loss on her. Arthur Sewall, who was there at the time, purchased her and repaired her, securing an American register.

CIRCUIT COURT.

J. E. Jaeger has been appointed trustee of the estate of the late Julia English in place of his father A. Jaeger, recently deceased.

William Stuart Fleming has been admitted to practice law in the courts of the Territory. He is a native of Napa, California, and is 24 years of age.

The extra Circuit term expires by limitation and the jury has been discharged.

RAIN AT LAST.

HONOKAA, April 28.—Honokaa had rain yesterday for the first time in three weeks.

SLOAN SAILS FOR ENGLAND.

NEW YORK, April 18.—Tod Sloan, the jockey, sailed for Liverpool today. He said: "I am going to Great Britain to settle my difficulties with the English Jockey Club—in other words, to patch things up. It is successful I shall remain abroad some time, perhaps several years. If I should fall in coming to some agreement I will be back in New York within the next three weeks."

GAUGENGIGL'S PAINTINGS.

E. A. P. Newcomb addressed the literary circle of the Kiloana Art League on Saturday afternoon on "I. M. Gaugengigl and His Paintings." The address was illustrated by three paintings by Gaugengigl and a large collection of photographs from his works.

KAMAAINA RETURNS.

HILO, April 26.—J. P. Sison, a kamaaina of Hilo for many years, returned by the Falls of Clyde from a ten months trip to his early home in Greenwich, Rhode Island, to New Bedford and other parts of New England, which he had not seen for over thirty years.

ORGAN DEDICATED.

HILO, April 26.—Hall church dedicated its new organ last Friday evening. A concert was given in which the Hilo orchestra took part. The church was well filled, the entertainment yielding over \$100, which goes to the Hawaiian Evangelical Association.

CONSISTENCY.

Some of the Home Rule leaders have come to the conclusion that in view of the governor's refusal to extend the session of the legislature, the best policy they can pursue is that of leaving as much business as possible undone. Instead of resolving to make the best use of the three days left to them, on the date of their receipt of the executive's decision, they decided that the most effective course would be to do nothing more. This would leave all the more "important legislation" for which the lawmakers could say they were not given time.

When the message from Governor Dole reached the House on Saturday, reaffirming his decision not to extend the session, there were many bills on third reading in both houses, which could have been sent to the governor by Tuesday evening. The number of measures of great importance that must necessarily have been left unattended to was far less than Home Rule resolutions of the subject indicate, for many of those named in such resolution could have been disposed of before Tuesday night.

Without attempting to act upon any of the measures which they inform the public and the governor the territory is suffering for the Home Rulers adjourned both houses early on Saturday. They seemed willing to let the territory suffer for lack of the important legislation, in order to make it appear that the lists of unfinished business, for which the governor would not give them time, was larger than it really was.

The leader in the House movement to get an extension of the session, who made the most and the longest speeches telling of public interests that will suffer if certain legislation is not carried out, announced on Saturday morning that he would move an adjournment sine die in the afternoon, with three days left in which to work without any extension of time from the governor, and with the house calendar in such condition that 24 acts could have been sent to the governor in the three days.

SELF-INDICTED.

It is to be supposed that when the House of Representatives adopted a resolution asking the Governor for an extension of the session, it would make as strong a case in favor of extension as it was possible to do. No doubt Representative Beckley who introduced the resolution believes he has made as strong a case as is capable of being made.

But an examination of his resolution will show that every reason advanced for an extension of the session is either a misstatement of fact, or a confession that the legislature itself has neglected its most important duties. There is in the resolution a strong showing that the legislature has wasted its time; but nothing to show that it ought to be given more time to waste.

THE RESOLUTION IS A STRONGER INDICTMENT OF THE LEGISLATURE ITSELF FOR WASTING TIME AND NEGLECTING ITS MOST IMPORTANT DUTIES THAN ANYTHING ELSE THAT HAS BEEN SAID OR WRITTEN ABOUT IT.

The first reason assigned for an extension of the session is that under the territorial act it is the duty of the FIRST LEGISLATURE to reapportion the membership of the Senate and House, and that the necessary data from the twelfth census has not yet been received.

This is an ABSOLUTE MISSTATEMENT. The territorial act says nothing about the "first legislature" in this connection. It says "the legislature, at its first regular session after the census enumeration shall be ascertained, and from time to time thereafter, shall reapportion etc." As the census enumeration has not been ascertained, there is no duty on this legislature in this respect.

The second reason assigned is that no laws have been passed in reference to the election of a Delegate to Congress. We have elected one delegate to Congress and he has been seated by Congress after a contest based on the claim that there was no law. This would seem to be pretty conclusive that there is law enough on the subject. But if there isn't, why has not the majority, the Home Rule party passed one before this?

The third reason put forward is the prohibition clause in Section 55. That clause was there when the session began. It does not require this legislature to take any action unless it sees fit to. It has not seen fit to so far, so that it is hard to see how it can be put forward logically as a reason why the Governor should grant more time for the legislature to make up its mind on the subject.

The fourth reason given is that counties, towns and city municipalities have not been created. The territorial act is merely permissive on that subject. The legislature may create such subdivisions. No duty is laid on this or

any other legislature to do it unless the people want it done. This legislature instead of doing those things which ought to have been done, has wasted its time on lady dog acts, points of order and trivial discussions of its own rules. The provision for revenue, which is put forward as the climax of the argument for an extension of the session, has been ostentatiously avoided by both houses. The Star and other newspapers have from the beginning of the session, been calling the attention of the legislature to this subject. The Governor called attention to it in the very beginning. But this all fell on deaf ears, until now it is suddenly brought forward as a reason for more time.

The whole resolution points out that the legislature from the beginning has left undone those things which it ought to have done; while the newspaper reports of the session, and more clearly than these, the stenographic report the House is preparing, will show that it has done those things which it ought not to have done.

The Home Rule party has a good working majority in each house. If there is one thing more than another in which as a party it was interested, it was in taking advantage of its present strength to fortify itself for the future by making sure of Home Rulers for the long term in the Senate. But in this as in every other matter, it has shown itself vacillating, dilatory, incapable of doing anything.

Is there any probability that a party which has neglected such manifest party advantage will utilize for the public good any extension of the session, when its whole record as written by itself, is one of neglect and wastefulness of time and money.

Governor Dole in his refusal to grant an extension is justified by the whole record of the session, by Beckley's resolution and by the sentiment of the people of the territory.

A SYSTEM OF COURTS.

The proposed plan of reorganizing the courts so as to have a Supreme Court consisting of seven justices each of whom shall hold Circuit Court, ought to have very serious consideration before being adopted. There is grave question whether it would cure the ills for which it is offered as a remedy. There is every likelihood that it would create other inconveniences.

This can be said of the system it proposes: Many states and territories have abandoned just such a system for one in which the personnel of the trial and appellate courts are entirely separate; but it would be hard to find a state or territory which has abandoned the latter system for the one proposed.

One of the reasons given for proposing this system is that trial judges are frequently called to sit as Supreme Court Judge and meanwhile the trial of causes waits. But this proposed new system perpetuates this cause of delay. The seven men would be constantly engaged in Supreme Court work, leaving no time for trial court work. Of practical necessity all seven judges will have to reside in Honolulu, leaving the rest of the territory without judges except at the intervals when one of them goes on circuit. But the causes of litigation do not wait for term time or judges' convenience to arise. Probate business is constantly arising. In cases where injunction is the proper remedy rights may be lost and the strong trample down the weak simply because there is no judge accessible before whom the remedy for threatened wrong can be set in motion.

What a proper judiciary system ought to offer is a prompt and speedy means of adjudicating rights. This can hardly be said to be offered by a system which proposes to concentrate all the judges in one place. The natural tendency of such a system would be to concentrate the bulk of the law business in Honolulu. Such a result could not be expected to be displeasing to the Honolulu bar. The lawyers of the other parts of the territory, however, can hardly be expected to look on it with the same complacency.

What is needed is a court always open for the transaction of business as fast as it arises and convenient to the locality where the business arises.

California has a judiciary system which in many respects is admirable. Each county has one superior court having jurisdiction in all matters, civil criminal and probate. That court is always in session. There is no distinction of term time and vacation. A suit is begun and process is made returnable so many days after service, and proceeds to trial in due course. There is no waiting for term time. Litigation proceeds as it arises. There is not a period of congestion during term time followed by a period of delay in vacation.

Illinois, which preserves the old common law procedure more nearly than any other state or country in the world, though it keeps up the system of terms of court, provides for the speedy dispatch of probate business as well as some other classes of litigation by a system of county courts which are always in session for probate business.

What Hawaii needs is a court system that places the courts and keeps them open in the various islands of the territory where the litigation and the probate business arises.

Senator Russel knows a great deal more about politics than he did when he came from Oiaa. One can see that he is realizing the difficulties which face every political man when it comes to practice instead of to theory. Theory is a very pretty thing, but theory is not in it beside practice. We have suffered from a considerable amount of theory to the manifest disadvantage of the tax payers.

DO YOU OWN YOUR OWN HOME? ARE YOU PAYING RENT TO-DAY?

The subdivision of the Boardman Homestead lots are within the means of any home-seekers.

Price of Lots.

Lots suitable for residences in this tract range in price from \$1500 to \$1700 being much less than similarly situated.

Terms.

For all lots: 1-3 Cash, balance in 2 equal payments within 2 years at 7 per cent interest on amounts remaining unpaid.

Accessibility.

The tract which comprises 24 lots is situated on Kinau, Kapiolani and Lunalia Streets, 1 block from Beretania Street Cars and on line of proposed electric line. Tract already laid.

The Future of These Lots.

No one who realizes the rapidity with which this City is building toward the heights will doubt that property situated as this is, on an elevation with superior unobstructed marine view. Must advance rapidly in value. Look at the many beautiful homes in the neighborhood. Estimate their cost and realize that an opportunity of this kind will never again be repeated.

GOVERNMENT EXPENSES

HOUSE COMMITTEE REPORTS ON CASH SPENT.

Military Roasted Again and Pollee, Board of Health and Other Departments Also Criticized Severely.

The long-expected report of the committee on public expenditures for the last biennial period made its appearance in the House this morning, with its expected consequences. Various departments of the local government. The Board of Health, military and police departments came in for the heaviest criticisms, though the committee, basing its reports upon a report of great length made to it by an expert employed for the purpose, makes many criticisms of the whole system of expenditures in vogue.

The report opens with the statement that the per capita cost of government in Hawaii, as shown by the figures of auditor Austin's books and the census, is \$19.58. In California it is stated to be only \$4.06 and in the city of San Francisco, which is supposed to be very costly, only \$18.43. The committee says that "further comment is unnecessary."

In the attorney-general's or police department, the committee says it finds key, back hire, rent of cigars and whiskey and clubs. There are also bills for gloves and silk ties and regarding these the committee says:

Your committee submits that it might have been to the interest of the community at large if hemp had been substituted for silk in that last item. Bills for brushes and soap, newspapers, advertising and printing also arouse the ire of the committee.

For stamps the department's bill amounted to \$919.82, which the committee thinks is too much and for ice the bill was \$57.75, which is stated to be excessive, "where meals, cigars and whiskey were only \$168.75."

The military, previously reported on, has some more attention. The report says: "Colonel J. W. Jones drew \$29.70 pay as commander of the First Regiment during the month of January and also \$39.50 as a member of a staff of inquiry and as short hand reporter for the courts \$200, to say nothing of the payments accruing from extra work. C. W. Zeiler, major, drew \$208.50 while on active duty and for commutation of rations \$200 during the period."

R. P. Myers who in like manner drew \$150.04 as captain, forgot the legal junction that an officer of the government could not draw more than one salary during one month and drew his salary under the act to mitigate. John Shaefer, captain, while not on active service he drew \$150.04 and \$187.10 for commutation of rations.

As to Board of Health expenditures the committee says that they were "excessive, unbridled and unbusinesslike." The report says: "The expenses of the Buhonic Plague are shown by sub-section 35 and speak for themselves. Anything we could say would not better emphasize the lack of method and consequent expense to the community in handling this epidemic. Leper Settlement salaries are complained of and a statement regarding the cost of the settlement seems to mean, though it is not very plainly put, that the per capita cost of gaining the settlement is \$175.00 per year.

Expenses of the diplomatic and consular service are called to attention as very large and the committee reports as "unusual" charges for a special agent to the United States \$5,020.00; special mission to London, \$3,424.00; special agent to Washington, \$8,023.40.

The committee recommends that the system of allowing transfers of cash from one fund to another as it is common to be done away with and that a better and more detailed system of bookkeeping be adopted, complaint being made of large sums being unitemized under such general heads as "stationery."

The report is signed by John Emmeluth, J. K. Kakaula, D. K. Kaauwai, C. H. Dickey and W. H. Hoops.

QUARANTINE INEFFECTIVE.
HUDSON, (O.), April 18.—Local health officers are powerless to enforce the quarantine they declared against the students of the Western Reserve Academy.

Harry Neubauer of Cleveland, a student, developed smallpox at the academy and all the students and faculty were exposed. The academy suspended classes for two weeks, and a quarantine guard kept the students inside the grounds.

Today the students, arming themselves with shotguns, broke quarantine to enable a dozen of their number to take trains for their homes to spend the vacation. The city quarantine guards retreated, and this broke the quarantine.

ANNIVERSARY OBSERVANCE.
Court Camoes, Foresters, held its eighth anniversary celebration Saturday evening in Lusitana Hall. Besides 120 members there were about 200 others present. An orchestra of stringed instruments supplied music. A. V. Peters and J. F. Eckardt were the principal speakers. Dancing was kept up until nearly 12 o'clock.

BORN.

Fine Book and Commercial Printing at the Star Office.

WHO WILL BE SENATORS?

THIS QUESTION BOTHERS UPPER HOUSE TODAY.

Cecil Brown Introduces Two Resolutions on the Subject—Further Consideration This Afternoon.

Again the lobbyists around the Senate chamber were disappointed this morning. After waiting for two hours to hear the matter of the Governor's appointments called up, they received only a motion to take a recess to 2 o'clock, which was promptly put and carried. Before receiving the report of the committee on accounts in regard to unpaid bills, there was not much of great importance done. The discussion of the appointment of Senators was cut off in the middle at the noon hour.

All the bills passed by the House Saturday were read by title and carried on first reading. Cecil Brown introduced a joint resolution apportioning Senators and Representatives. Senators are apportioned as follows: Hawaii, 4; Maui, 3; Oahu, 7; Kauai, 1. Representatives: First District, 4; second, 4; third, 6; fourth, 7; fifth, 7; sixth, 2.

The introducer moved to refer to committee on elections. Mr. Kalaaukalan moved to table until the meeting of the next Senate.

The latter resolution carried. Cecil Brown introduced a second resolution prescribing that the Senators receiving the lowest vote shall be the short term men. Paris, Russel, White, Carter, Kahalelo, and Kahilina are named as the ones to go out.

Mr. Brown made a long speech in favor of his resolution. Mr. Carter supported the resolution and Kalaaukalan opposed it.

Recess to 2 p. m.
In the Senate this morning the bill giving Dimond & Company a gas franchise for Honolulu was reconsidered in order that an amendment might be gotten in prescribing that streets should not be torn up for more than one block at a time. This amendment and the bill passed.

BAND CONCERT.

The band will play at Emma square this evening at 7:30 o'clock. The following is the program.

PART I.
Overture—"Italian in Algeri".....Rossini
Selection—"Bohemian Girl".....Baife
Cornet Solo—"Columbia".....Rollinson

March—"The Mosquito Parade".....Whitney
Waltz—"Love's Sweet old Song" (by request).....Bucalossi
Cake Walk—"A Bunch o' Blackberries".....Holzman
"Star Spangled Banner."

A HILO ENGAGEMENT.
HILO, April 26.—The engagement is announced of Miss Oma Little and Dr. J. Holland of Puna. Miss Little is the only daughter of Judge G. F. Little of the Fourth Circuit court. Miss Little is well known and popular in Hilo society. Dr. Holland is government and plantation physician for the district of Puna.

"THE STUDENT."
"The Student" is a new publication issued by the students and faculty of Mills Institute. The first number is a very creditable one and contains a very good half tone on the first page, showing the students and faculty of the school, which is for the education of young Chinese and Japanese.

FIFTEEN MINUTE TRIPS.
Soon to me Inaugurated on Pacific Heights Road.

Work on the extension of the Pacific Heights electric road from its present terminus to Nuuanu street is in progress. A bridge is being built across Nuuanu stream. This work will be completed in about three weeks. It is expected that the road is being straightened in several places, so as to admit of faster speed. A terminal station at the top is being completed, so that picnic parties and other visitors can find shelter in case of sudden showers. A switch has been put in halfway to the top so as to admit of a more frequent car service. Another train crew is in training also.

It is expected that these and other improvements will be completed by June 1 or before. The electric cars will then make connection with the tram cars at the Nuuanu terminus of the tram car line, and the ride to the top can be made in fifteen minutes, the rise in altitude being over 1000 feet.

O'BRIEN RUSTICATING.
Fred O'Brien lately city editor of the Advertiser, writes to Allan Herbert from Santa Cruz, Cal., that he and his wife are having a good time, fishing and enjoying the pleasures of that resort.

Mr. O'Brien is rapidly recovering his health. He will accept a newspaper position on the coast and will not return to Honolulu.

Fine Job Printing, Star Office.

JUDGE GEAR TO COAST.
Judge George D. Gear sailed for the Zealandia on Saturday for the Coast to get in touch with the relatives of the young lady to whom he was shortly to be married, who, at last accounts, was believed to be dying in Italy. In case death has not occurred Mr. Gear will proceed to Rome. The length of his absence from the islands is therefore uncertain.

BETWEEN AND ALAKEA STREETS.

Losing your hair? Do you bring out a combful each morning? Has it lost its natural brightness? Is it beginning to look faded and dead? Do you like this condition of things? Certainly not. Then stop this falling of the hair at once. Stop it before your hair is thin, short, and lifeless. Make your hair beautiful, glossy, silky, abundant.

Ayer's Hair Vigor Is a Hair Food.

When your hair is well nourished it does not come out. 'Tis weak hair, starved hair, that falls. It's just so with thin hair, short hair, rough hair. Such hair needs feeding. This is why Ayer's Hair Vigor stops falling of the hair.

If your hair is gray, and you don't care to look at thirty as if you were sixty, then you should use Ayer's Hair Vigor. It always restores color to gray hair, all the dark, rich, beautiful color it had when you were young.

NEW STEAMER SIBERIA

SECOND OF THE PACIFIC MAIL'S NEW FLEET.

A Steamship to Cost Four Million Dollars and to Have a Speed of Twenty Knots.

The Pacific Mail Steamship Company is having built a fleet of the largest steamships ever constructed in this country. Already the Korea is afloat and now the Siberia is ready for launching at the yards of the Newport News Shipbuilding Company at Newport News, Va.

The dimension of the Siberia are: Length over all, 572 feet 4 inches; beam, 63 feet; depth, 40 feet; draught, 27 feet; displacement, 18,699. The builders' contract calls for an average speed of eighteen knots, but it is expected that with her 18,000 horse power engines running at full speed the Siberia will easily maintain a speed of twenty knots. The steamships are intended for the trade between China and the Philippines and this country and the ports of sailing are San Francisco and Hongkong.

The increase in the number and size of the steamships of the Pacific Mail Steamship Company is due to the demands of the trade over the Pacific Ocean. The business has increased so rapidly during the last five years that there are not enough first-class vessels in the Pacific to handle it with the speed and safety demanded. It is expected from the reports received from the consular agents in the East that this trade will increase fully 50 per cent in the next two years, and the Pacific Mail Steamship Company will be ready with the steamships to do its share of the business.

The Siberia will be provided with a fully equipped first cabin, with accommodations for two hundred passengers, and the steerage will carry over twelve hundred passengers without overcrowding. Every appointment found necessary in the modern ocean-going steamship will be in the Siberia, which will cost about \$4,000,000.—N. Y. World.

FILLING A DECIDED WANT.

We never cared very much for Dole even when we could forget how he looked without his beard; and we have been somewhat oblivious to the services which according to his admirers he has rendered Hawaii; but we feel that for once he is filling a decided want and deserving well of this country in vetoing certain of the bills passed by the star freaked legislature of Hawaii. They haven't passed many thanks be to God, and Dole has killed several of those, for which we forgive him much. Verily, his enemies have placed for him a stepping stone to honor in the opinions of many.—Hilo Tribune.

ELKS TO BUILD.

New Lodge Will Have Fine Home of Its Own.

At the meeting held Saturday evening the Elks decided to begin immediately the erection of a fine, three-story, brick or stone building to cost not over \$40,000. It was the intention to secure the vacant lot in front of the Hawaiian hotel, but the rent was suddenly raised and the deal failed. A number of other sites in the business center are now being considered by a special committee of three.

The Elks already have a fund of about \$4,000 on hand. It is proposed by the lodge to incorporate, issuing the stock to members.

MARINE ENGINEERS' CHARTER.

Honolulu Lodge No. 100 of the National Marine Engineers Benevolent Association of the United States has been granted its charter and as soon as Chief Engineer Donnelly of the steamer Mauna Loa returns next Tuesday morning his run the local lodge will probably be inaugurated. F. A. Jones, chief engineer of the steamship Centennial who is the national vice-president of the order, secured the charter for the local lodge. There will be about 50 charter members. The lodge intends to establish a library and reading rooms.

AT THE OPERA HOUSE.

The Josephine Stanton Opera Company gave a successful matinee and evening performance of "Dorcas" on Saturday. There was fair attendance at both performances. This evening "Swan" is to be given for the first time and there will be a very large audience.

CAUGHT A DREADFUL COLD.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 163 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by all dealers, Benson, Smith & Company, general agents for Hawaiian Islands.

KAWAIAHAO LOTS FOR SALE!

NOTICE OF SALE OF REAL ESTATE AT AUCTION.

Notice is hereby given, that in pursuance of an order of the Honorable A. S. Humphreys, First Judge of the Circuit Court of the First Circuit at Chambers made on the 22d day of April, 1901, sitting as a Court of Equity in the matter of Alexander Malohe vs. William Malohe, et al., bill for partition of real estate, the undersigned Henry Smith, Clerk of the Judiciary Department having been appointed a commissioner to sell the real estate described in the bill of complaint at public auction to the highest bidder for cash and subject to confirmation by the said Circuit Court of the First Circuit, said day of sale to be not less than fourteen days from the date of publication of this notice in two newspapers in Honolulu;

Now therefore, I will sell at public auction on WEDNESDAY, the 8th day of MAY, 1901, at 12 o'clock M. at the main entrance to the Judiciary Building, Honolulu, Island of Oahu, the two lots belonging to Alexander, William Lilly, Haulani and George Malohe, children and heirs at law of Alexander W. Malohe, late of Koloa, Kauai, deceased, intestate.

The lots are situated on the proposed extension of Hotel street, between Liliuokalani and Punchbowl streets, in Kawaiahao, Honolulu, and more particularly described as follows:

Apans 1 and 4 of L. C. A. No. 264 issued to Waikeala.

Apans 1.—Beginning at the East corner of John Anahu's Lot and running to and until the angle at the West of the Lot of Maeha, 51 feet; and from that corner running to the North along Maeha's Lot of 141 1/2 feet; and from that corner on running West to the Lot of John Anahu 50 1/2 feet; thence to the South along John Anahu's Lot to the point of commencement 135 feet.

Containing an area of about 6520 square feet.

Apans 4.—Beginning at the North corner of this lot on the makai side of an avenue.

E. 15° 55' E. true 81.0 feet from N. corner of this award, and running by true bearings;

1. S. 60° 5' W. 156.0 feet along lane; thence

2. S. 25° 20' E. 58.0 feet to fence; thence

3. N. 69° 0' E. 111.5 feet along fence

makai side of stone wall;

4. N. 3° 35' W. 2.2 feet along stone wall;

5. N. 59° 45' E. 20.0 feet along stone wall;

6. N. 16° 0' E. 26.2 feet along Government

land; N. 15° 55' W. 55.5 feet along Government

land to the initial point, and containing an area of 5839 square feet, more or less.

Terms and Conditions of Sale: Cash, gold coin of the United States, ten per cent of the purchase price to be paid to the auctioneer on the day of the sale, balance on confirmation of sale by said Circuit Court.

Deeds at expense of purchaser. For further particulars apply to the undersigned, at Judiciary Building.

HENRY SMITH, Commissioner.

Honolulu, April 22, 1901.

Notice to Customers.

The undersigned grocers would give notice to their customers and the public in general that on and after this date monthly settlements will be strictly insisted upon.

All goods purchased in one month must be paid for before the last day of the succeeding month without exception.

LAHAINA HAS A MEETING

LIKE WAILUKU, SHE WANTS ALL COURT BUSINESS.

Telegram Announcing Lahaina Ahead at the Finish, Brings Denizens of Ancient Capital Out at Night.

A mass meeting was held in Lahaina court house on Thursday evening to discuss the proper location of the county seat on Maui. It was the unanimous opinion of the meeting that Lahaina was the proper place for all court business and resolutions to that effect were adopted.

It was the intention to forward these resolutions direct to members of the Legislature. Copies were hurriedly printed at Lahainaluna school. On Friday afternoon, however, the Lahainaites received a telegram from Honolulu announcing that the county bill had finally passed, with Lahaina as the county seat on Maui, Mokuia and Lanai. The news was telephoned to all parts of Maui. In Lahaina there was great rejoicing; in Wailuku and Kahului there was disappointment.

The Lahaina mass meeting appointed F. H. Hayselden, A. Makekai and P. N. Kahokuoluna a committee to take the resolutions to Honolulu. The resolutions make a brave showing of Lahaina's advantages setting them forth in this wise:

First—Lahaina's unrivaled advantages as a harbor and roadstead, evidenced by the fact that when it was the capital of the Hawaiian Islands as many as one hundred and fifty whaling ships at one time have anchored safely therein; a wharf can be built at moderate expense out to the present anchorage of the inter-island steamers that will accommodate the largest vessels afloat.

Second—Its nearness to the Capital, Honolulu, being as it is, the first port of call for all inter-island steamers and a refuge for all during northerly gales, as many as (31) thirty-four steamers come leaving and calling at its ports monthly besides a large number of ships laden with coal, lumber, and other supplies, said vessels taking sugar as return cargo.

Third—Its being in direct communication with Honolulu by wireless telegraphy, all messages for other parts of Maui being first received here and then transmitted by telephone to their destinations.

Fourth—Its constant increase in population and material welfare and its good and level roads.

Fifth—Its unrivaled position as a great fishing center, it being well known from time immemorial that the adjacent waters teem with fish and were the favorite fishing grounds of the kings and chiefs.

Six—Its possession of a large and commodious two-story (stone) government building that contains spacious court rooms, sheriff's offices, postoffice, tax assessor and collector's offices, and jury rooms, the building standing in large grounds more than large enough for present and future county requirements, besides space enough for a moderate sized park.

Seventh—Its possession of a well built prison in the center of a large lot surrounded by high and well built stone walls.

Eighth—Its being the seat of the oldest Seminary (Lahainaluna) in the Islands for higher education of the Hawaiian Youth, very many of our most brilliant Hawaiian clergymen and lawyers and men high in other walks of life having received their education here. The first laws ever made—in Kamehameha the Third's reign—were promulgated from a tablet in the town of Lahaina, then the Capital of the Kingdom.

Ninth—The positive assurance that the people of Lahaina feel that if this town is made the County seat it will be but a question of a very short time when a railroad will connect it with Wailuku, Kahului, Spreckelsville, Paia, Makawao, and Haiku making it possible with the new and fast steamers that will undoubtedly be put on for passengers to leave Honolulu at 10 a. m., land at Lahaina at 3 p. m. and arrive by rail at all parts of Maui mentioned before the dark of the same day, thereby avoiding the dusty and windy Maalaea Bay, and the back drive of seven miles from there to Wailuku, and the other equally disagreeable route of going around the rough headland of Kahakuloa in the present steamers, occupying, as they do, thirteen hours to Kahului on the trip from Honolulu, then having to take the local trains to their destinations.

Tenth—That we believe that Lahaina will become the great health resort of the Territory, its climate being unsurpassed by any other town in the Territory, its gentle southerly airs being especially good for all pulmonary complaints, and we have no doubt that public spirited men will be quick to see its advantages and provide hotels and cottages to accommodate the increased tourist travel and the requirements of new residents.

Eleventh—The people of Hana would have less difficulty in reaching the County seat at Lahaina than the people at Mokuia and Lanai would have if the County seat were at Wailuku.

Twelfth—That the making of Lahaina the County seat will very greatly enhance the value of all the town and district property and largely increase the population, thereby increasing the revenue of both the Federal and Territorial governments.

McCARTHY CUP SHOOT.

Company B The Victor in Final Shoot For Trophy.

There was some lively shooting at Kakaako butts yesterday for the McCarthy trophy, although no records were broken. The teams contained fifteen men each. Company B was an easy victor, making 603 points or an average of 40.3 out of a possible 50. Company F came next with 588 and G at the bottom with 523. Captain Hipa withdrew Company E from the contest, fearing that his men had not had sufficient practice. A feature of the shoot was that some of the very best marksmen, particularly of F and G, fell down. Several B men, also were erratic.

This is the second time Company B has won the trophy, and it now becomes the property of that command.

INDEPENDENT MASS MEETING.

Two Hundred People Hear Speakers on Extension of Legislature.

About 200 haoles and natives gathered around the dim oil torches on the Ewa side of the drill shed Saturday night to hear Home Rule legislators explain why nothing has been done at this legislative session and to give their reasons for wishing an extension of term. Very little enthusiasm was shown; in fact most of the gathering stood far back in groups in the role of

spectators. Probably not over fifty people took any real interest in the meeting.

Senator Kakuokalani acted as chairman. He held up a batch of more than a hundred bills which he said the Home Rulers had tried to pass but could not. They had been blocked in some instances by the minority, but, most of all, had not had time to properly consider the measures.

The other principal speakers were Senator White and Representatives Beckley, Kanoho and Emmeluth. Their idea and contentions were practically the same as those advanced by the chairman.

A GOOD THING.

There's one good thing when they feel dry. That business men cannot pass by. For far and wide it's fame you hear. They stop to drink of "Rainier" beer On draught or in bottle at Criterion.

Mrs. Dillingham in honor of Miss A. M.
Reynolds, Ladies of the Y. W. C. A.
and their friends will be the guests.

At the meeting Saturday night the
Elks completed organization. About
two dozen visitors were present and
were entertained after business was
over.

The Eagles held a meeting yesterday
morning and consummated such arrange-
ments as places the organization on a
firm business basis. The Eagles are
making a remarkably promising start.

VERY BRUTAL ASSAULT.

Shipping Master McCarthy is Fined a
Hundred Dollars.

William McCarthy the shipping master
was convicted in Judge Wilcox's
court Friday morning of a brutal as-
sault upon a native woman called Katy.

According to the testimony of the woman
McCarthy gave her worse and more
shameful treatment than even the
old Blackbird sailors used to re-
ceive on the slave ships. In corroboration
of her claims the woman displayed
scars on her body, that had been ad-
ministered with a whip and cuts and
bruises which she claimed had been
made by McCarthy's boots and fists.

The woman presented a pitiful sight
when she appeared in court. Her eyes
were black and her mouth had been
cut. There were bruises about her face.
To the court and the attorneys she
showed, in the judge's chambers, the
marks of the brutal treatment she
claimed to have received from Mc-
Carthy. Her limbs and body bore the
marks of a horse whip and kicks.

She testified that she and McCarthy
had been living together but owing to
his brutal treatment of her she decided
to leave him. She went away but Mc-
Carthy secured the aid of a police of-
ficer and got her to return to his home.
Once he got her there he proceeded to
lock her up and then to vent his resent-
ment upon his helpless victim. Actuated
by jealousy McCarthy beat her with
his fists, so she testified, kicked her,
knocked her down and used a horse
whip upon her with savage fury.

McCarthy did not offer any defence.
The court assessed him \$100 and costs.
As J. Kaulukou appeared for the de-
fence a notice of appeal was given. The
court said that if the woman desired it
he would place McCarthy under \$500
bonds to keep the peace.

A TAHITIAN PRINCESS.

SAN FRANCISCO, April 19.—For the
first time since the steamer was placed
on the Tahiti route the Australia yester-
day arrived on time from the South
seas, having been twelve days and four
hours on the trip from Papeete.

Princess Pomare of Tahiti is in San
Francisco. She arrived here yesterday
evening in the steamship Australia. The
Princess is supposed to be a lineal de-
scendant of old Queen Pomare of Tahiti
who unsuccessfully opposed the French
when they took possession of the inter-
esting South Sea Island and dispensed
with native royalty. Princess Pomare
is very dusky, past 40 years of age, and
burdened with about 230 pounds of bone
and tissue. Her hands are bestudded
with a large collection of stone-rings
and her gowns are cut after the com-
monly accepted civilized style of her
white sisters who are not princesses.

FIRE IN PEKING.

BERLIN, April 18.—Field Marshal
von Waldersee reports that the best
part of the Winter Palace at Peking
was destroyed last night by fire, the
cause of which is not explained. He adds
that the French and Japanese troops
gave the most prompt assistance. The
Field Marshal and the other officers lost
nearly everything. So far as known
General Schwarzkopf and a sentry
were the only victims. A number of
documents were saved. The quarters
of six officers, besides those of Walder-
see and his staff, were gutted.

AUCTION SALE

—OF—

Land in Nuuanu Valley.

ON SATURDAY, MAY 4,
AT 12 O'CLOCK NOON.

At my salesroom 65 Queen street, I
will sell at Public Auction a valuable
tract of land in Nuuanu valley known
as Government lots 10 and 11. Contain-
ing 14 1-10 acres.

The property has a large frontage on
Nuuanu Avenue, having several build-
ings and the tavern known as THE
HALF WAY HOUSE.

There is a fine spring of water on the
property and a stream of water runs
through the lot. Part of the property
is planted with fruit trees and grape
vines.

This is an elegant property for a
ranch or can be subdivided into several
sites for nice residences. Property will
be started at an upset price of \$12,000.

Terms cash, deeds at purchasers' ex-
pense.

For further particulars apply to

WHITNEY & MARSH, LTD

The Story of Lace Curtains.

ONE NIGHT IN PARIS.

A Petite Chanteuse arrived home tired and fagged after
her evening's performance. Immediately on entering her
elaborate apartments she proceeded to hastily disrobe.

In a mood of abandon and nonchalance she threw her
embroidered lace petticoat carelessly from her, and it
caught upon the curtain pole of a window.

There it hung until morning and when the Petite one
awoke she was struck by the beautiful effect produced by
the sun's rays peeping through the embroidery and open
work of the petticoat.

Her upholsterer was summoned and commissioned to de-
sign curtains after the pattern of the undergarment.

The idea was novel and spread the world over.
And that's how lace curtains originated.

ONE NIGHT IN NEW YORK.

We stumbled across some American made Nottingham and
Arabian curtains that for artistic conceptions and beauty
of designs surpassed anything of the kind we had ever seen.
We couldn't believe at first that they had been made in
America. Neither, perhaps, could you believe it. But we
bought those curtains and you are invited to come into our
store this week and examine them.

We call your especial attention to the vestibule Panel
Curtains. They are different from anything ever shown
here, not only different in design but different in prices.
Ask to be shown a few of these items:

RICH ARABIAN BED

Exquisitely lovely designs.
Color ecru. Sizes—spreads
12x4, shams 4x4. Price per
set\$25.00.

NOTTINGHAM CURTAINS.

That you can't help but be-
lieve came from Nottingham
(though they didn't). \$2.00,
\$3.00, \$4.00 and \$5.00 a pair.

**ECRU ARABIAN CUR-
TAINS.**

Adequate description of
which would be wholly im-

possible. They must be seen.
Suffice it to say that they are
copied from hand wrought
originals which cost two
hundred dollars a pair. These
are \$9.50, \$10.00, \$11.00 and
\$15.00.

**DENTELLE AND NOT-
TINGHAM BED SETS.**

Wonderfully clever pro-
ducts of American mills. En-
tirely novel patterns. Gener-
ously made and moderately
priced. \$1.75, \$2.50 and \$5.00
per set.

ARABIAN VESTIBULE AND PANEL CURTAINS.

In order to introduce these AMERICAN MADE CURTAINS
to AMERICAN buyers we have taken these two numbers
and marked them down to actual cost as leaders. This is a
genuine bargain opportunity and one which will last this
week of our introductory sale of curtains only. The vesti-
bule curtains will be \$4.50 a pair. The panel curtains will be
\$1.00 and \$1.50 each.

WHITNEY & MARSH, LTD

PACIFIC HEIGHTS

Magnificent View,
Refreshing Breezes,
Easy of Access,
An Unsurpassed Residence Site

These lots are on the Pauoa side of Pacific Heights.
They face on Pauoa Road, now being widened and macadam-
ized, and adjoin the Pacific Heights Electric Railway.

A Chance for Investors:

Any one with money to invest looking
for something that will bring good
returns on sums invested, has here a
fine opportunity. Houses built on
these lots will find ready rental at
strong rates by good tenants.

Attractions Offered in this Site to Homeseekers:

LOCATION. They are located on high ground at an elevation of from 300 to
500 ft. l., affording unsurpassed scenic and marine views.

ELECTRIC RAILWAY AND LIGHTING. The Electric Railway makes ac-
cess most easy, and power for lights may be had at most reasonable rates.

WATER. Water will be supplied at the rate of \$15 per year for each lot,
from our Pacific Heights Water System. This is less than city rates.

SPECIAL INDUCEMENTS TO BUILDERS. To all who will build in the erec-
tion of houses within 60 days, we will make special inducements in the matter
of transportation of building material over our railway.

LOW PRICES, GOOD TERMS. Prices of lots range from \$400 to \$750 each,
according to size and location. One-fourth cash only is asked. Balance in
installments at terms to suit purchasers.

HEALTHFUL AND COOL. The air is always cool and bracing. We can re-
commend this property as being especially desirable and attractive to
sons seeking a choice location for a home at a moderate cost.
