MORE CABINS ON LURLINE

DECK OF LURLINE WILL BE EXTENDED AND SHE WILL BE ABLE TO CARRY ONE HUNDRED OR MORE PASSENGERS—MATSON CO. COMING TO ASSISTANCE OF HONOLULU AND PROVIDING ACCOMMODATIONS FOR LOCAL AND TOURIST TRAFFIC.

The next step to be taken by the Matson Navigation company in attempting to improve the passenger facilities between San Francisco and Hawaii will come on the Lurline, now in port and which sails for the Coast tonight at 6 o'clock. Just as soon as the rush of the sugar to the coast is over, so that the Lurline can be given a breathing spell, her upper deck will be extended for forty feet or more and in this way her passenger accommodations will be increased.

The Lurline at present, when crowded and every available berth used, can carry about sixty first class passengers. Under the new plan she will be able to carry one hundred passengers at least, which should prove a great boon to the tourist traffic. The Lurline is said by those who have traveled in her to be one of the most comfortable vessels between here and the coast and has carried full cabin lists ever since coming on the local trade. When she leaves tonight there will be no exception to this rule, for Captain Weeden even, has given up his stateroom to accommodate people who are bound for the Coast.

Court Rules For "Riot" Defense In Important Point

ATTORNEY FOR DEFENDANTS IN THE WAIPAHU RIOT CASE WINS AN IMPORTANT LEGAL POINT ON EVIDENCE—DEPUTY SHERIFF ROSE SHUT OUT IN CONSEQUENCE—TWO MORE DEFENDANTS ARE DISCHARGED FROM TRIAL.

Attorney Lightfoot this morning succeeded in shutting out evidence relating to "the riot act" statute from the Waipahu strike riot case. It was a material point scored. Two more defendants were discharged, leaving ten of the original thirteen on trial. Officer Willis gave strong evidence against one defendant.

Mr. Lightfoot for the twelve defendants in the Waipahu riot case made an important legal killing this morning. Notwithstanding that ex-Supreme Court Justice Ballou had come to the relief of his partners, Kinney and Prosser, in argument against an objection by Lightfoot, the objection was sustained. Evidence of refusal of the mob to disperse when commanded to do so by the police was disallowed.

Charles H. Rose, deputy sheriff of the City and County of Honolulu, was called by the prosecution. One of the first things asked him was what were his instructions to Policeman Willis on detaining him for duty at Waipahu on June 8.

Lightfoot objected to the question because the indictment did not charge the defendants, Jotaro Mikawa and eleven others, with refusal to disperse on the "reading of the riot act."

Kinney contended that evidence of a command to disperse and of failure of the mob to obey such command was competent as evidence of unlawful assembly or riot.

Lightfoot argued at length, quoting the statute and reading the charges in the indictment, to show that the defendants were not charged with anything of the nature sought to be proved by the witness on the stand. He said that incompetent evidence of the kind had been admitted again and again over his objections, but the matter was of so much importance that he once more desired to press the objection.

Ballou rose to argue and Lightfoot objected to his being heard, under rulings before given in this trial against more than one address from the same side on one point. The court was not aware that the prosecution had yet argued on the point at issue and overruled the objection to Ballou's speaking.

Proceeding Ballou said the sections of our law were apparently framed after the English riot act. Maintaining that the section relating to orders to a mob to disperse were intended to protect an officer in the event of action for damages against him, he quoted two such cases from England in one of which the officer was found not guilty and in the other guilty. The statute of Hawaii stated a number of ways in which unlawful assembly or riot might be committed. It was not necessary that all those ways should be set forth in an indictment for riot. It was not a subsequent offense to refuse to disperse when ordered, but a matter of evidence of unlawful assembly.

Judge Robinson, after perusing the indictment, declared the objection sustained.

"Who was put in charge of the police at Waipahu on June 8?" Kinney first—scattered over the road.

ADMIRAL'S THANKS COMPANY C DANCE

Governor Frear has received a letter from Secretary of the Interior K. A. CITY IS IN \$6,000

FIRST DAY'S PAYMENTS FOR LICENSES—OFFICE NOT YET GENERALLY KNOWN.

City and County License Clerk William D. Holt and Assistant Fred Turritt raked six thousand dollars over the counter of the office of Treasurer R. H. Trent yesterday and are swifly gathering further coin today.

For the first day of City and County License collections, \$6,000 is considered not so bad, particularly in view of the fact that a large proportion of those who want to take out one or more of the forty-two licenses are not yet aware how to go about it. Some are still going to the Territorial treasury, whence they are sent to the County treasury, and even then there are many who go to what may be called the City Hall, corner of King and Fort streets, where they are directed to Trent's office on Fort street.

Following are the licenses for which applications and payments are made: alcohol, auction, awa, banking, barber, billiard, fishing boat, boat for hire, boatmen, bowling alley, custom house broker, merchandise broker, stock and share broker, beef butcher to sell, beef butcher to slaughter and sell, pork butcher to sell, pork butcher to slaughter and sell, collection agency, dray and wagon, driver, poisonous drugs, dyeing and cleaning, employment agency, garage, horseshoer, hotel and restaurant, hunt with firearms, kerosene storage, hand laundry, steam laundry, livery stable, lodging and tenement, merchandise, milk, notary public, passenger vehicle, pawnbroker, cake peddler, merchandise peddler, public show, tobacco, cigars, etc., and trust company.

Oriental are in the majority in presenting themselves and some Japanese and Chinese arrive at the clerk's desk after considerable trouble in finding Fort street.

Licenses issued yesterday numbered 150.

SMART KOREAN IS HELD

WAS INTERPRETER IN FAMOUS COUNTERFEITING CASES—COMMITTED FOR PERSONATING AN OFFICER.

Kim Moon Sung, a very smart Korean with a record, was today committed under \$1000 bond by U. S. Commissioner George A. Davis to the federal grand jury at the October term for personating an officer.

Manning Marks and his wife testified that Sung had borrowed money from them, giving them a song to the effect that he was employed in Marshal Hendry's office, also that he worked for District Attorney Breckons.

Sung has but lately been discharged from prison. He is a linguist of high degree, speaking several languages. A few years ago he was employed by the Federal officials as an interpreter. This was in the celebrated Korean counterfeiting cases and his services were very valuable therein. A formidable counterfeiting ring of Koreans of expert skill, extending over the islands, was broken up.

George Allen returned in the Alameda this morning after being away for several years. He was getting the glad hand about town all morning.

CONFESSES MANY TERRORIST CRIMES

(Associated Press Cable to The Star.)

LONDON, July 2.—Madar Dhillangi, a Hindoo student in this city, who has been apprehended as a suspect in connection with horrible murders in country districts, has confessed to the police. He admits a number of crimes, declaring that he was the perpetrator of several mysterious murders in the country. The prisoner is a man of ugly temper and introduced terrorist methods in his criminal work. It is believed that his motive in every case has been political.

LONDON, July 2.—Sir William Hutt Curzon Wyllie and Dr. Lalieaca, of Shanghai, were assassinated here yesterday while in attendance at the meeting of the East Indian students at the Imperial Institute. The assassin was an East Indian.

Sir William Hutt Curzon Wyllie, Lieutenant-Colonel, was political A. D. C. to the Secretary of State for India since 1901. He served with distinction in the Afghan campaign in 1879, being present at the relief of Candahar. He was, after retirement, secretary to the Governor of Madras and held other important posts in India. He was sixty-one years old.

WOMAN'S SLAYER ADMITS MURDER

(Associated Press Cable to The Star.)

SAN FRANCISCO, July 2.—James Cunningham, a laborer in this city, has surrendered himself to the authorities, confessing that he it was who shot and killed Caroline Brasch, the cashier for Gray Brothers, at noon of Wednesday, in the office of the company in the Wells-Fargo building. His confession is made, he says, for the reason that J. Novak was held by the police under strong circumstantial evidence of having been guilty of the crime.

Why does the FRANKLIN win all the important economy contests and outclass all other automobiles in reliability trials, if it is not the most economical, most efficient and strongest automobile made?

1909 FRANKLIN RECORD CONTEST

HARRISBURG RELIABILITY AND ENDURANCE TEST.—Franklin Model D won the Governor's Trophy, the highest award of the contest. In this run the Franklin's nearest competitor had 96 points penalization.

NEW YORK AUTOMOBILE TRADE ASSOCIATION ONE-GALLON MILEAGE CONTEST.—The Franklin won its class prize, also grand prize, and established a world's economy record by carrying the greatest load the greatest distance on one gallon of gasoline.

PITTSBURG ENDURANCE RUN.—Franklin Model D was the only automobile to make the run of 450 miles without penalization for repairs or adjustments.

WORCESTER RELIABILITY TRIAL.—Franklin Model D won the only perfect score. The technical examination after the contest eliminated thirteen contestants who had clean road scores.

CLEVELAND ENDURANCE AND ECONOMY CONTEST.—Franklin Model D won the highest award. It had a perfect road score and also the lowest gasoline consumption.

CHICAGO 1000-MILE RELIABILITY TEST.—Franklin Model D won a perfect score. The technical examination after the contest caused the penalization of many entrants.

BRETTON WOODS RELIABILITY RUN.—Franklin Model D won a perfect score. In this run it was the only 1909 stock model that was shipped direct from the factory to the contest route. It went through the 1600-mile grind without a single adjustment.

GLIDDEN TOUR.—Franklin Model D and Model H both won perfect scores in this contest they were acknowledged to be the easiest-riding of all motor-cars, and they had no tire trouble.

All of which proves that an automobile constructed so that it rides easily is the best automobile mechanically and the most reliable, that great weight is not necessary for strength, that Franklin non-jarring construction and light weight mean comfort, economy and safety, that the Franklin air-cooled engine is without a rival for efficient work and staying power.

Hawaiian Stamp Brings Big Price

A. F. Cooke has received a stamp collector's circular from which the following extract is taken. It will be noted that, but for the poor condition of the specimen sold, the Hawaiian stamp mentioned might have brought the highest price ever paid for a postage stamp. A cable despatch to the New York Herald states that the 2c Hawaii "Missionary" from the Paul Mirabaud collection, sold at auction in Paris May 27th for Frs. 23,200.00 (about \$4,640.00). The copy appears from a photograph to have been more or less damaged, a small hole showing at the left side, and was also clipped at the lower right corner, about half of the bottom outer frame line and a third of the inner frame line being missing. This 2c Hawaiian is regarded as the second rarest stamp of the regular government issues of the world, being surpassed only by the 1856, 1c British Guiana, of which a single copy is known, but has never been rated as high in price as the Post Office Mauritius, the latter having been more popular among European collectors. This new auction figure, however, shows a remarkable advance over the last quotation of about \$3,500.00, and, considering the poor condition of this specimen, it is not at all improbable that a really fine copy would bring as much as the record price of the Mauritius. There are three values, 2, 5 and 13c. In the 1851 set, all printed in pale blue on bluish white paper, so thin that its fragility is responsible for the poor condition of nearly all the known specimens. The 13c "H. I. & U. S." issued in 1852, also included among the "Missionaries," is like the first three extremely rare.

UNCLE JOE NIFTY WITH HIS DUKES

WASHINGTON, June 19.—Speaker Cannon, who sparred recently with "Philadelphia Jack" O'Brien, demonstrated his pugilistic ability again Thursday. "Uncle Joe" was sitting in his office in the capitol smoking a long black cigar, when Alexander McDowell, clerk of the House, entered.

"What's all this I hear about your prowess with the mitts?" said McDowell tauntingly. "The only way you can fight is with a gavel."

"Is that so?" drawled the speaker, without removing his cigar. "Dye want a personal demonstration. Put up your dukes right now and I'll show you a trick or two."

McDowell laughingly raised his hands as "Uncle Joe" sprang to his feet awkwardly and thrust his right hand out before him.

"Oh! come, come," said the speaker. "Get in proper position. You don't know anything about the game. You look like an elderly lady trying to shoe chickens out of the garden patch. Put your left foot forward and guard with your left arm. That's better. Now, look out!"

With the warning "Uncle Joe" made a few feints that had the effect of completely demoralizing McDowell. Side-stepping quickly he feinted wickedly with his left for the McDowell chin, and, as the clerk drew up both guards, the speaker drove a hard one into the official's ribs.

"Ugh!" said McDowell, and a look of pained surprise crept over his face. "It was a shame to do it," said "Uncle Joe," plucking up his cigar and starting for the door.

"Come back," challenged McDowell vociferously. "Come back and make it a finish fight. I dare you."

"Aw, go and get a reputation first," was the speaker's retort, as he vanished in a curling cloud of smoke.

TROOPS ORDERED TO PHILIPPINES

MRS PETE JOHNSON WIRELESSED BABY

SAN FRANCISCO, June 20.—From the deck of a steamer in the darkness 700 miles from land to the cradle of a child in an East Berkeley home is a long reach, but it was spanned almost in a twinkling Friday night, when Mrs. Peter Johnson, a passenger in the steamer Lurline, inquired by wireless as to the welfare of her baby in its Berkeley home.

Four minutes after the operator on the Lurline had flashed that message to a land station, he had not only received an answer from the Johnson home, where the Johnson baby was at the time crying for its mother, but had acknowledged the message to the wireless operator on land.

It was late at night when the anxious message came from far seaward and was caught by Charles Hammond, the Massie operator on near Point Lobos. He telephoned to the Johnson home, immediately got a reply to the effect that the baby was kicking up a great fuss, and flashed the news out beyond the horizon, where the Lurline was plunging into dark and turbulent seas. Back came an O. K. from the ship's operator. The whole business had been accomplished in four minutes by the watch, but it didn't seem to impress the Johnson baby, which continued to mix things with the rest of the household.

The Oceanic steamer Alameda, arriving this morning from San Francisco made her usual good trip and it is stated that she had to be slowed down somewhat in order that she should not arrive here too early in the day. She docked before 8 o'clock bringing down a large passenger list, the majority of whom were tourists who have come down for short stays. According to Purser Smith over twenty school teachers from California are among those who arrived today, all coming for a rest in Hawaii's perfection of climate. The Alameda brought down 1470

tons of freight, a large part of which consisted of fresh fruits from the Coast and cold storage goods of various sorts. She also brought 101 sacks of mail for this city.

OPERATION HER ONLY CHANCE

Was Cured by Lydia E. Pinkham's Vegetable Compound

Adrian, Ga.—"I suffered untold misery from a female weakness and disease, and I could not stand more than a minute at a time. My doctor said an operation was the only chance I had, and I dreaded it almost as much as death. One day I was reading how other women had been cured by Lydia E. Pinkham's Vegetable Compound, and decided to try it. Before I had taken one bottle I was better, and now I am completely cured."—LISA V. HENRY, Route No. 3, Adrian, Ga.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Mrs. Pinkham at Lynn, Mass., for advice. Your letter will be absolutely confidential, and the advice free.

GEORGE F. HENSHALL MANAGER

FRIDAY JULY 2, 1909

There is no doubt that Hawaii is making a hit at the Seattle Exposition. All reports show that our exhibit is attracting more than its share of attention, and those who have had charge of the matter are to be congratulated on their success. The good effect of the work will be manifest for many years to come.

The acquittal of Brandenburg, of the charge of forging the late Grover Cleveland's name to the article published in the last campaign as a posthumous document attacking Bryan and practically supporting Taft for President, leaves the question of the genuineness of the document open. It will be hard to settle the controversy, but Brandenburg appears to have the best of it.

The San Francisco graft trials are evidently far from their end. An entirely new element has been injected by Calhoun's declaration that he proposes to bring an accusation against Hency of accepting a bribe, and against Rudolph Spreckels of giving one. It is well known that Spreckels has paid a large sum to support the graft prosecution, and that, directly or indirectly, a large part of it went to Hency or his law partner. Hency was a public official when these payments were made. If Calhoun carries out his plan, an interesting new question will be brought forward.

It seems very probable now that the extra session of Congress over the tariff question will last all summer. Complicated as it is by the income tax and corporation dividend tax propositions, the debate is likely to be much further extended.

Accounts in eastern papers of automobile drivers placed under arrest for rounding corners at a speed of more than four miles an hour should be pasted up in some local garages.

WHEN LABOR IS REALLY BADLY OFF.

The tariff discussion in Congress is by no means all devoted to dry schedules. As a part of the problem of so adjusting tariffs that labor shall be protected in American discussions of the condition of labor industries which have enjoyed protection, has been taken up. Pittsburg, the great center of the steel industry, which has made so many millionaires, is the subject of a report which sets forth the following results of the vast development of the steel industry in this American commonwealth:

- I. An altogether incredible amount of overwork by everybody, reaching its extreme in the twelve-hour shift for seven days in the week in the steel mills and the railway switch yards.
- II. Low wages for the great majority of the laborers employed by the mills; not lower than in other large cities, but low compared with the prices—so low as to be inadequate to the maintenance of a normal American standard of living; wages adjusted to the single man, not to the responsible head of a family.
- III. Still lower wages for women, who receive, for example, in one of the metal trades in which the proportion of women is great enough to be menacing, one-half as much as unorganized men in the same shops and one-third as much as the men in the union.
- IV. An absentee capitalism, with bad effects strikingly analogous to those of absentee landlordism, of which also Pittsburg furnishes noteworthy examples.
- V. A continuous inflow of immigrants with low standards attracted by a wage which is high by the standards of southeastern Europe, and which yields a net pecuniary advantage because of abnormally low expenditures for food and shelter, an inadequate provision for sickness, accident, and death.
- VI. The destruction of family life, not in any imaginary or mystical sense, but by the demands of the day's work, and by the very demonstrable and material method of typhoid fever and industrial accidents, both preventable, but costing last year in Pittsburg considerably more than a thousand lives, and irretrievably shattering many homes.
- VII. Archaic social institutions such as the aldermanic court, the ward school district, the family garbage disposal, and the unregenerate charitable institution, still surviving after the conditions to which they were adapted have disappeared.
- VIII. The contrast—which does not become blurred by familiarity with details, but on the contrary becomes more vivid as the outlines are filled in—the contrast between the prosperity on the one hand of the most prosperous of all the communities of our western civilization, with its vast natural resources, the generous fostering of government, the human energy, the technical development, the gigantic tonnage of the mines and mills, the enormous capital of which the bank balances afford an indication, and, on the other hand, the neglect of life, of health, of physical vigor, even of the industrial efficiency of the individual. Certainly no community before in America or Europe has ever had such a surplus, and never before has a great community applied what it had so meagerly to the rational purposes of human life. Not by gifts of libraries, galleries, technical schools, and parks, but by the cessation of toil one day in seven, and sixteen hours in the twenty-four, by the increase of wages, by the sparing of lives, by the prevention of accidents, and by raising the standards of domestic life, should the surplus come back to the people of the community in which it is created.

SUFFRAGETTES ARE HOWLING DERVISHES

LONDON, June 19. — Lord Curzon not to characterize in other terms. If will fare badly if ever women get their tenths of the women who were going to be enfranchised were to come to him and promise him their votes, he which these same votes are needed. should say, "Get behind me, Satan."

Speaking at a dinner given by the On the day on which twenty millions Men's League for Opposing Women's of voters, male and female, were added Suffrage, Lord Curzon said at to the register in this country on a head of the female suffrage movement system of adult suffrage—on that day were a number of talented and intel-he believed they might put up the lectual women. At the other end ofshutters of the British Empire, and the scale were a number of femalewrite the word Ichabod over the gates howling dervishes whom he preferred of Whitehall.

KAHULUI WHARVES

J. N. S. WILLIAMS CALLS ON SUPERINTENDENT OF PUBLIC WORKS AND FEDERAL ENGINEER.

J. N. S. Williams, the manager of the Kahului railroad company arrived yesterday by the steamer Claudine and is spending considerable time in this city in looking into the matter of harbor improvements for his local port. He has called on Superintendent of Public Works Marston Campbell in connection with the matter and this morning visited Major Winslow, the U. S. Army Engineer officer who has charge of the river and harbor work in this Territory.

Mr. Williams stated that no definite plans for wharves at Kahului had yet been decided on but that it was a matter which would be taken up just as soon as the Territorial and Federal officials had time to give their attention to the subject. He predicts a fine future for the harbor facilities of the Maui seaport.

DRUNK ROASTS CITY PATROL

The police patrol wagon was called to Iwilei shortly before 1 o'clock this afternoon to convey what was supposed to be a paralyzed drunk to a hard cell in the police station.

Upon arriving in the peninsular suburb, the officers found their prisoner drunk, but by no means paralyzed.

He was lifted into the rig, but afterwards awoke to a sense of his surroundings, and at once handed out a hot criticism of the wagon which was taking him to jail.

"I've ridden in police wagons in all the important parts of the world," said the drunk, "but I must say I never saw a rickshaw to beat this. Why, it is coming to pieces; the cushions ought to be renewed and the springs are crazy. Why don't you get an automobile? What if this blamed machine should go to smash while I'm riding in it? I'd have a suit for damages against the government, you bet."

What the prisoner thinks of his cell at the police station has not yet been ascertained.

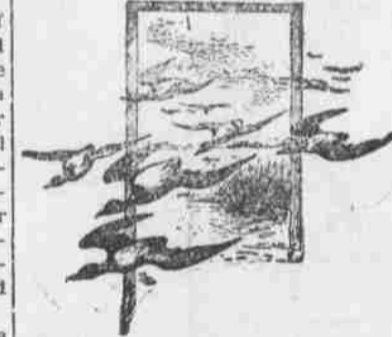

TO OPEN HARBOR FOR DAY OR NIGHT

Major E. E. Winslow, C. E., U. S. A. forwards to Washington in the S. S. Lurline mail today his report for the year ending June 30. In this is given a history of the dredging operations of Honolulu and other harbors, a review of commerce and conditions and, altogether, a most comprehensive account of harbor improvement work. Should additional appropriations be made for this harbor, says the report, it is proposed to expend the funds in widening the harbor in pursuance of

the approved project so as to make it possible for vessels to enter and leave at all hours, instead of by daylight only.

The Waipahu riot trial will be continued from today until Tuesday morning. Judge Robinson has probable business tomorrow and one of the jurors wants to go to Maui over the Fourth.

Are You Buying Rent Receipts?

Why not buy a home?
Figure out what a comfortable home could have been bought with the money you have squandered on rent.
Have you had a real home during your renting existence?
To be a renter and have homey ideas is discouraging, for one naturally hesitates to spend time and money on an ungrateful landlord's property for the comforts one is entitled to.
We offer the solution to your home problem in our houses and lots at Kaimuki Park Tract. The cool, healthy climate at that ideal elevation, that unequalled view of the mountains, valleys and bay, the congenial neighborhood, accessibility to street cars and town, and all modern comforts, coupled with the investment opportunity in a district destined to become Honolulu's choice residence section, will interest you.
On a small payment down, you can now secure a lot. We can build you a modern artistic Bungalow to suit you, with your ideas incorporated and a nominal rent will pay for the place instead of the rent receipts. Give us the opportunity to explain how this can be done.

AT THE THEATERS

The fine evenings of this week have
had a notable effect for the better on
the moving picture shows, particu-
larly the fine, open air theaters. This
has been a happy situation all around,
for the antics of the weather man
during the first weeks of the summer
have been displeasing to both the
managers of the theaters and the pub-
lic. With the divine, moonlit even-
ings now at hand, the audiences
should be as large as the splendid
programs arranged for the weekend
fully justify.

THE PARK THEATER.
At the pretty Park this evening the
feature will be scenes in old Stras-
burg-Strasbourg, famed in history, in
song, in story and intimately associ-
ated with the stork part of the cradle
news. Strasbourg was the center
of activity in the great Franco-Prus-
sian war, and many of the marks of
that terrible siege remain to this day.
Buildings of historic interest are to
be seen at every hand, while the nat-
ural scenery is famed the world over.
The films tonight and tomorrow night

AT ALOHA PARK.
Last, but far from least, is the
Aloha park, the beautiful open air
theater in Hotel street opposite the
Empire. Manager Love will offer his
patrons a new program tonight and
tomorrow night, combining strong fea-
tures with enough comedy to make
it set well and leave a fine impres-
sion to be taken away.

TROOPS FOR 4TH

ORDERS AT SCHOFIELD BAR-
RACKS FOR CAVALRY FOR THE
PARADE ON MONDAY.

The following orders have been is-
sued for the participation of troops in
the 4th of July parade:

The band and 3rd Squadron, 5th
Cavalry, will proceed on Sunday, the
4th instant, by marching to Fort Shafter,
T. H., for the purpose of taking
part in the Independence Day parade
in Honolulu, July 5th; returning to
this post on July 6th.

The Squadron Commander will de-
signate the hour of march.

Enlisted men detailed on special duty
on the target range will not accompany
their troops; other extra and special
duty will be taken on the march if not
especially needed. In reference to
these men troop commanders will
make the necessary arrangements with
the Staff Officers concerned.

The mess sergeant and one cook from
each troop will be sent to Fort Shafter
on Saturday, July 3rd, in order to
draw rations and prepare meats upon
arrival of squadron.

No tentage, other than shelter tents
will be taken.

The necessary rations and forage for
the command will be drawn at Fort
Shafter (ration returns and requisitions
for forage to be sent with mess
sergeants on July 3rd.)

The members of the band will be
attached to the troops of the squadron
for rations.

The Quartermaster's Department
will furnish the necessary transportation.

By order of Colonel Schuyler,
E. A. STURGES,
Captain and Adjutant 5th Cavalry,
Adjutant.

ABOUT THE CHANGE.
The departure of Mr. Bidgood from
Haleiwa has been a source of wonder
to everyone who has ever visited the
place and to all of Mr. Bidgood's
friends. That he has made good there,
as everywhere else he has been good
without saying and the public felt that
he was a permanent fixture at the ho-
tel. Mr. Kimball who succeeds him
has all of the qualifications of a good
hotel man and will be as popular as
his predecessor. He is well known
here has a host of friends and is a
good handler of the golf sticks. The
patrons of Haleiwa may rest assured
of his polite attention at the hands of
Manager Kimball and staff as the place
was noted for under the management
of Mr. Bidgood.

treat enough for the occasion. Mr.
Sanley Livingston the musical direc-
tor is planning the tuneful part for
the program in keeping with the char-
acter of the day. Governor Frear has
consented to preside. Special platform
seats have also been reserved for the
Commandants of the several Navy
and Army posts. The evening will be
full of patriotic inspiration. Dr. Green
will not repeat the address on Mon-
day but will speak then on an en-
tirely different phase of patriotism.

IMMIGRANTS ON ALAMEDA

57 LABORERS BROUGHT DIRECT
FROM PORTO RICO ARRIVED
TODAY FOR KAHUKU.

The most interesting feature of the
arrival of the Alameda this morning
was the fact that she brought in the
first importation of outside labor
which has been brought here since
the commencement of the strike. This
consisted of fifty-seven Porto Ricans,
who were brought here by the Sugar
Planters' Association and who will all
labor at the Kahuku plantation. They
were taken from the Alameda to the
railroad station immediately and
placed on board the 9:15 train which
took them to the plantation on the
other side of the island.

The Porto Ricans who arrived this
morning were a fine looking set of
men, being much better than the ordi-
nary shipment of laborers which has
reached here in the past. All look as
though they were both willing to
work and able to handle the tasks set
them. They came here via New Or-
leans and were in charge of an agent
of the Hawaiian Sugar Planters' As-
sociation from the time they left Por-
to Rico till they reached Kahuku.

OAHU BASEBALL LEAGUE OPENING

The opening of the Oahu Baseball League on July 18 will be the greatest thing in baseballdom this city has witnessed in many a day. It is impossible to announce the full program today, as many of the features have not yet been shaped up, but it may be stated that he occasion will be a lively one in every respect.

Mayor Fern will throw the first ball over the plate. Senator E. W. Quinn, the President of the League, was to wield the willow, but unfortunately he has been called to the mainland and will sail on the 7th. Another batter for this important feature of the day will be selected later. The Hawaiian band will be present and will play during the opening ceremonies as well as during the games.

An interesting feature of the day will be a grand parade by the seniors and Juniors of Oahu Baseball League, from the sporting goods store of Wall, Nichols Company in King street, along King to Aala and up that street to the new park. This parade will be headed by the Hawaiian band and Bonine will take moving pictures of it as the procession passes.

This will be the first big event at Athletic park. Workmen have already gotten the grounds well under way out there, and the grandstand and bleachers will be ready for the immense crowd certain to attend the opening games.

SCHUMAN GARAGE HAS MANY SALES

The Schuman Carriage Company closed several important auto deals during the week, and have a number of sales partially concluded. A delay in the arrival of a shipment of new Fords prevented all the activity that machine should have had; but with other machines, trade has been unusually and unexpectedly good for this season.

A 40 h. p. shaft drive Locomobile was sold to Frank Baldwin and will be shipped to Maui by the Claudine, leaving late this afternoon. This is one of the very finest machines on the market.

A 20 h. p. Ford roadster will also go up by the Claudine this afternoon to Kahului for use of the Maui Auto Company. At present big cars are used by this company in transporting passengers, and the Fords will be used for the transportation of small loads. It frequently happens that only 1 or 2 passengers wish to travel a considerable distance, and in all such cases the small Ford would fill the bill better than a big machine.

Another machine sold to the Maui Auto Company was a big E. M. F. Studebaker touring car, to arrive. This machine is already on the way to the islands and will go forward as soon as it reaches Honolulu.

James D. Dole, the pineapple magnate, has purchased a beautiful Ford touring car with a very light, aluminum body. Besides its attractive features, this car is speedy and easy.

Another sale of interest made by Mr. Schuman was of two E. M. F. Studebaker touring cars, the purchaser being the Volcano Stables Company at Hilo. This concern keeps up a heavy service to all parts of Hawaii, having stables or "stands" at several points. Their routes are now all being equipped with the best of autos. This new E. M. F. will be used in connection with the stage route up toward the volcano house.

In addition to the sales by the Von Hamm-Young garage, reported Wednesday, a big Peerless machine, 30 h. p., has been sold to Senator E. Faxon Bishop.

BASEBALL GAMES IN MAUI CITIES

Sam Chillingworth and the challenging baseball team, which will teach the All Mauiis the national game on and around the Glorious Fourth, will leave by the Claudine this evening for Wailuku. They will be met at the steamer by a committee of baseballers and vouchsafed the hospitality for which Maui is noted.

The Maui people have changed the arrangement a little, so that one game will be played at Kahului and the other at Wailuku, the former at the Kahului Athletic Park on July 3 and the latter at Wells' Park on July 4. The Kahului game will commence at 4 p. m. and the other at 3 p. m. Sunday. Trains from all that side of Maui will be run to the respective games, returning after the contests are over.

The Honolulu team will play under the name of the "St. Louis team," for the reason that most of the players have been selected from the St. Louis club. On Maui the people have been extensively advertising the games, among other things getting out attractive handbills which have been distributed in all the villages by the thousands. With admission charges of 25 and 50 cents a goodly sum for expenses should be realized.

YACHTS TO CRUISE AROUND THE COAST

The yacht cruise to Haleiwa will start from the foot of Fort street at 6 o'clock tomorrow afternoon. All intending to go on the boats are requested to be aboard as soon after 5 o'clock as possible. The cruise will be made leisurely down so as to arrive off Wai'alua at about daylight Sunday morning.

All of the larger yachts will be in the cruise and some of the smaller ones will go along. Mrs. Miller's schooner Luka will have quite a pleasure party aboard as will also the Hawaii II. The other boats will carry yachtsmen and their guests. Besides the two named there will be the Kamehameha, Gladys, Charlotte C. in the bunch of big ones.

At Haleiwa on Sunday open house will be kept in honor of the yachtsmen and their friends. It is expected that a number of people will go down from the city to join the party. Among the features of the day at Haleiwa will be golf and at night there will be fireworks, music, etc. The return from Haleiwa to town will be started early Monday morning.

HARVARD DEFEATS YALE RACING CREW

The cable late yesterday brought the news of the defeat of Yale by Harvard in the Varsity boat race. This is a big event in the affairs of the two colleges, and the contest has of late become a matter of general interest.

It is known that one Honolulu boy was in the race with the Harvard crew. The younger Withington was selected sometime ago as one of the oarsmen. There is just a possibility that another son of Judge Withington also pulled in the race, although cable advices are not yet clear as to that.

There are a number of Harvard men in the Islands and to them the news of the victory comes as good news.

Nearly half the holders of the Oahu Railway & Land Co's \$2,000,000 six per cent bond issue have signed to take bonds of the five per cent refunding issue instead of cash at the Spreckels bank.

THE FIGHT GAME TOMORROW NIGHT

The pugilistic contest between Jack Cordell and Dick Sullivan at the Orpheum theater is now a few hours more than a day off. While the results will not likely—well, affect the price of sugar, for instance—there are those who feel a keen interest in the outcome. Although the rumor monger is active as usual, the indications are that the fight will be as square as such things usually are. This opinion is based largely upon the reputation of Sullivan, who is considerably a local man and in the past has pleased his friends and supporters. Little of a definite character is known of Cordell, save what has been picked up from the papers of San Francisco.

What Sullivan can do is known; what Cordell can do has been pretty well disclosed by his work with his sparring partners. If the men fight, there will be no draw. If they do not supply the real article, the yell may be regarded as drawn upon sports of this character in Hawaii—at least in so far as imported talent is concerned.

Much is expected of the preliminaries to the main go. The program is not so complete as Mr. Cohen had desired, but there is ample in it, if properly brought out, to satisfy the large audience almost certain to be present in the theater at the time. The contest between the respective trainers of Sullivan and Cordell should be of interest, as it will disclose a species of cleverness admired by frequenters of the ring.

HILO RACES SET FOR TOMORROW

The Claudine, sailing at 5 o'clock this afternoon, will take the second bunch of Fourth of July celebrants to Hilo, the first having gone by the Mauna Kea on Tuesday and the third being scheduled to sail in the Mauna Kea tomorrow afternoon. Those leaving Tuesday and today will be there for tomorrow's program. Those sailing tomorrow afternoon will spend Sunday at the volcano house and will arrive back in Hilo bright and early Monday morning for the big events of that day.

The racing events scheduled for tomorrow are not of the greatest importance, they being largely Japanese affairs, a few good heats being sandwiched in to make it set well. Monday, however, will be the big day. Following will be the events of tomorrow:

First Race—Half mile; Japanese horses; 14 1-4 hands high or under; purse \$50—1, Lina, Inada; 2, Charlie, Yamanaga; 3, Dickey, Tasaki; 4, Barney, Nishi.

Second race—Three-fourths mile; free for all; purse \$250—1, Clara C. M. J. Rodrigues; 2, Lizzie Moore, M. J. Rodrigues; 3, J. T. J. T. Moir; 4, Adrian Lecouivre, McClellan.

Third race—Three-fourths mile; Japanese; free for all; purse \$100—1, Lina, Inada; 2, Tenyo, Tasaki; 3, Johnnie, Yamanaga; 4, Jimmie, Ikehara.

Fourth race—One mile; Hawaiian bred; purse \$1,000—1, Major Collier, Brughelli; 2, Easterboy, O'Rourke; 3, Young Sam, O'Rourke; 4, Indigo, Warren.

Fifth race—Five-eighths mile; free for all; purse \$500—1, Weber, McClellan; 2, J. T. Moir; 3, Banonica, O'Rourke; 4, Major Collier, Brughelli; 5, Capt. Forsee, Judd.

KAPIOLANIS TO ATKINSON PARK

At a meeting of the Kapiolanis Baseball League held at the residence of John F. Sylva last evening the schedule of games for the second series was made out and a lot of other business was transacted. All of the teams except the Kallhis were represented.

The first important decision was to move the games in from Kapiolanis park and to play at Atkinson park every Sunday morning, for six consecutive Sundays, beginning with July 11. The first game on the first day will be between the Hyland and Reach teams, playing to start at 9:30 a. m. The second game will be All Stars vs. Kallhis, to begin at 11 o'clock, or fifteen minutes after the first game is finished.

Decision second was to admit up to two players of the major league into any one of the four teams desiring to enroll such. Major league pitchers, however, will be barred. Each team will play each other team

in the league twice, this carrying the series over six Sundays.

It was decided to procure the cup for which the league is now playing in order that the teams may have a look at it, the idea being that it will spur them to greater efforts. This cup will cost \$35 and will be a beauty.

The report of the arbitration committee on the protest of the Hylands of the game played with the Kallhis, in which the latter team played "Phony" Davis, a big leaguer, behind the bat—was read. The decision was in favor of the Hylands, and they get the game. This decision makes the Hylands and Reach teams tie for the first series, and this will be played off at the end of the second series.

Jimmie Williams was appointed permanent chairman of the board of arbitration. Heretofore there has been no chairman, causing confusion on several occasions.

President Charles B. Cottrell donated \$10 to the league to be used in the purchase of prizes or otherwise for the promotion of the sport.

The next meeting of the league was set for August 5 at the same place.

The sailing date of the barkentine Coronado, of which Captain Houdelette is the commander, has been changed from Saturday to a week later. She has ten passengers booked already and can accommodate one or two more. The Coronado is said to be one of the most comfortable sailing vessels that comes in here and her captain's record on the Sierra has made the vessel a popular one.

No. 162, TERRITORY OF HAWAII.

Court of Land Registration.

TERRITORY OF HAWAII TO NALANI A. OLDS; Y. ANIN; JOHN C. CLUNEY; TERRITORY OF HAWAII, by Charles R. Hemenway, as Attorney General, and by Marston Campbell, as Superintendent of Public Works, CITY AND COUNTY OF HONOLULU, by Joseph J. Fern, as Mayor and President of the Board of Supervisors; EXCELSIOR LODGE, No. 1, L. O. O. F., by M. T. Simonton, Lester Petrie and B. F. Lee, board of Trustees, successor in interest to R. A. S. Wood, Henry Hackfeld and Thomas Spencer, Trustees for Excelsior Lodge, No. 1, Independent Order of Odd Fellows; SAMOTO, and to ALL whom it may concern:

Whereas, a petition has been presented to said Court by CHARLES M. COOKE, LIMITED, to register and confirm its title in the following-described land:

Lot on Liliha Street, Honolulu, being portions of L. C. A. 2533 to Mahoe and L. C. A. 6236 to Kaalawaawa. Beginning on the northwest side of Liliha Street at the South outside corner of a concrete retaining wall, said corner being by true azimuth 208°10', 118.8 feet, from a government street monument at the intersection of Vineyard and Liliha Streets on a 10 ft. offset westerly to the northeast line of Vineyard Street and on a 15-ft. offset northwesterly to the proposed new Southeast line of Liliha Street (from said monument a fire hydrant in Vineyard Street bears 313°17', 38.85 feet, and the Leahi Trig. Station 321°52'30"), and running by true azimuths:

1. 230°25'20", 98.9 feet, along outside of retaining wall, along Liliha Street;
2. 146°39', 123.5 feet, along fence;
3. 69°02', 95.3 feet, along fence;
4. 328°35', 154.7 feet, along fence, to the initial point. Containing an area of 13,320 square feet.

You are hereby cited to appear at the Court of Land Registration, to be held at the City and County of Honolulu on the 21st day of July, A. D. 1909, at one o'clock and thirty minutes in the afternoon, to show cause, if any you have, why the prayer of said petition should not be granted. And unless you appear at said Court at the time and place aforesaid your default will be recorded, and the said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness the Honorable W. J. ROBINSON, Judge of said Court, this 25th day of June, in the year nineteen hundred and nine.

Attest with Seal of said Court: (Seal) M. T. SIMONTON, Registrar.

CAPTAIN BLACK IN SAN FRANCISCO

SAN FRANCISCO, June 26.—An old gray-haired man, who, in 1849, sailed into the harbor of San Francisco, leaped over the rail of the steamship Alameda as she entered her berth at Broadway wharf on Tuesday afternoon, ending her voyage from Honolulu, and with tear-stained eyes, studied intently the welcoming crowd.

He was looking for his sister, whom he had not seen for half a century, but she was not on the wharf. A delayed train from Philadelphia was responsible for her not being there, but the glad reunion will come today, when the brother will meet his sister at the depot.

The old man was Captain J. H. Black, veteran of the Civil War, shipmaster and adventurer in his earlier years, and for the last forty-four years one of the best known characters in the Hawaiian Islands, where he was a royal printer, under the old monarchy, to about as many kings and queens as you could count on your fingers.

He is going back to Philadelphia, the city where he was born in 1830, but he fears that everything will now be strange to him, and he will be like Rip Van Winkle, returning to be barked at by the dogs.

"If I can only find St. James court, I will be all right, and can probably find my way about," he said.

Captain Black has had an interesting career, and is numbered among those whose names are inscribed on the book of fame of the Pioneers of California, for he first came to the Golden State in 1849, arriving here on the bark May Dew from Philadelphia when he was 20 years old. After a clean-up in the gold fields Black returned East, and at the opening of the War of the Rebellion enlisted in the Army. He saw plenty of fighting and says he still carries a good weight of lead in his body.

"I fought in the battles of Antietam and Fredericksburg," says the old man. "Our first experience was at Frederick, Maryland, when our regiment was ordered from Washington to help push Lee back. We dropped off the train and were ordered out as skirmishes. We drove Lee's skirmishes through the town of Frederick, but we were driven out again. Say, that song about that old woman in Frederick—what's her name? Oh, yes, Barbara Fritchie—well that song is all humbug. We went through the town twice and never saw or heard anything of it. It was a good, patriotic song, but it was a piece of imagination, as sure as you were born."

"I'm 79 years old," continued the veteran, "and let me tell you that if a man will stand erect he will live a good many years. Old as I am I always stand as erect as the soldier I used to be."

"Lead a healthy life? Well, I've drunk as much fire water as the best of them, and it's never done me any harm."

OVER THIRTY-FIVE YEARS.

In 1872 there was a great deal of diarrhoea, dysentery, and infantile cholera. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-six years maintained that record. Nine chemists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

PRaise FOR ST. LOUIS

Spurred on by the coaling record made by the S. S. St. Louis recently, the Milwaukee at Seattle, Wash., April 21, took on board 1,500.7 tons in nine and one-half hours. A total of 218 men, including those who weighed and tallied the coal, took part in the task. The average taken aboard per hour was 158 tons, and the best record made for one hour was 205 tons. The Milwaukee men now lay claim to the best record in the Navy. The cruiser St. Louis took on 1,500 tons of coal in fourteen and a half hours while laying alongside her pier at Bremerton, a few days since. This record is all the more remarkable when the fact is considered that the St. Louis is in reserve and carries only one-third her full complement of men. The number of men who took part in the coaling the other day was 177. This is at the rate of .78 ton per man per hour, or about nine tons per man.—Army and Navy Journal.

Mayor Forn received a letter from his former secretary, C. L. Rhodes, the other day. Rhodes has gone to the coast to become manager in San Francisco of the Viavi Company.

Be Not Deceived

There is only one cleanable Refrigerator and therefore GERM PROOF, and that is the Gurney Refrigerator handled by us.
No other make has ever stood the test and by means of the removable ice chamber as well as removable shelves, drain pipes, traps, etc., we have solved the problem.
Assail us where you will you cannot help but admit our claim. All other makes fail when it comes to keeping the ice chamber pure, sweet, clean and germ proof, but

THE GURNEY

Listen to idle talk and arguments put forth in favor of cleanable provision compartment. All refrigerators have this feature. You cannot deny that unless ALL COMPARTMENTS can be kept absolutely pure and wholesome that a refrigerator is germ-proof. Go from the provision chamber to the receptacle for the ice and it is here where all other makes fail. There's the weakness that cannot be overcome by them.
The Gurney with its removal Ice Chamber feature has supplied the great want and therefore.

Is the Only Cleanable

PEANUTS IN COURT

BAD BOY WARNED OF YAWNING PRISON CELL. AND GIVEN CHANCE.

"Peanuts," who passes for a boy, but who is old enough to vote, his diminutive frame deceiving the un-suspecting community, slunk to the bar in police court this morning and received from Judge Andrade a warning which should put the fear of a prison cell into his heart. The right name of "Peanuts" is Antone Ogea, or rather that is the name placed on the calendar to his account. He stood charged with committing a nuisance. There was no doubt as to whether he was guilty, but it appears that he has obtained a job and if he went to jail he, necessarily, could not hold the job. Prosecutor A. M. Brown stated this fact to His Honor and asked that Antone get a warning and have sentence suspended for thirteen months. "One of these days, and soon, as sure as there is a heaven above us," said Judge Andrade, with his most severe look, which isn't so very severe after all, "I'm going to put you in jail, Antone, for a good stiff sentence. Mr. Brown is feeling kind-hearted this morning and wants to give you a chance, and I'm going to give you a chance. But next time you come here I'm not going to pay any attention to Mr. Brown's kind words. I'm just going to send you to jail for a long time. Do you understand?" "Peanuts" mumbled that he guessed he understood and went on his way, doing a handiwork in the hallway. "Peanuts" is the "kid" who stowed away a year or so ago with the Polard Lilliputians when they went to San Francisco and lived any old way in Frisco, carrying water to baseball giants and grubbing about generally for enough to eat and enough to buy cigarettes. He came home as cabin boy aboard a sailing vessel land told a weird yarn of how the Lilliputians had begged him to go along with them. How "Peanuts" has kept out of jail is explained only by what the police have not caught him doing.

POLICE ARE AFTER AUTOMOBILISTS

Warrants are today being prepared at the police station for the arrest of about a score of drivers of automobiles who have failed to pass the required examination but are nevertheless driving their machines about the city. Some of the delinquents have made application for examination for licenses, but have not put in an appearance to pass such examination. They are either unlicensed chauffeurs or have not registered their machines and in either case they will be served to appear and show cause why they should not be fined for operating improperly. The police do not believe they are required to chase after chauffeurs again and again to remind them of what is required of them. If they can't take their examinations, they can at least take a fine in police court. The names of some prominent people are included in the delinquent list.

SHEBA THANKED

Admiral Hijihi, just before leaving with his squadron for Japan, sent a letter to Editor Sheba of the Hawaii Shippo in which he wished to thank him for his sincere welcome to the squadron and his kindness in contributing copies of the Hawaiian Japanese Annual which he has just published.

THE PINEAPPLE CO. BUYS A FRANKLIN

The Hawaiian Pineapple Co. has just purchased a 1909 model G Franklin runabout from the Associated Garage to be used in connection with their work between the cannery at Iwilei and the fields at Wahiawa. The car is a light one of 20 horse power, with single rumble, finished in red and black, and will undoubtedly save the company much time and trouble, as they have to do a lot of running back and forth between Honolulu and Wahiawa.
