Scots Wha Hae Never

Last night the Scottish Thistle Club celebrated the advent of St. Andrew's day. Many "brither Scots" were present, and not only one, but three, "chiefs" were among them "tak in motys" to "prent." Such a feast of reason and flow of soul—and also flowing bowl—has seldom been seen in Honolulu. For wherever a Scot plants his foot, it is never lifted till "anither Scots fit" takes the place of it. And last night they were only lifted to be put down again in aid of the thunderous applause which greeted the really excellent performance of the following programme:

ED. THE INDEPENDENT:—

Holman of Indiana as quoted by the Advertiser says: "The misfortunes of the party began with the blunder which President Cleveland made in trying to restore Queen Liliuokalani to the throne, from which she was ousted by the revolutionists." He says the order, "If a mau pulls down the American flag, shoot him on the spot," Judge Holman says "was in the mouth of every American," and thus began the troubles which came upon the present Administration. If Judge Holman was acquainted with the circumstances under which the American flag was raised over the Government building, and then will justify the act, he is at heart a robber and a pirate of the kidney of Blue Beard. In fact he is as bad a mau, as was Stevens himself—and in lying Ananias was a chicken. TRUTH.

Sarcasm.

It will be long remembered and held up to the present proprietors of the Bulletin and Advertiser, that they have reported that:

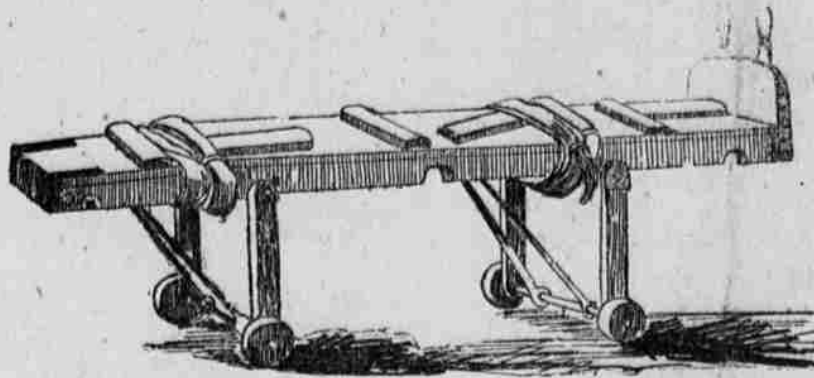

"Large numbers of people gathered in Union Square to view the parade of the military, which was a fine one, the full strength of the National Guard being represented and nearly five hundred men being in line. The parade left the drill shed about a quarter of an hour late and was headed by a detachment of police under the command of Captain Parker. This was followed by the band and the regular companies."

But it may be said that the full strength—nearly five hundred—beats anything else in sight or out of sight.

A Card.

The relatives of the late Dr. Brodie in the United States and Canada wish to express their gratitude to the people of Honolulu for the affection displayed toward the deceased and for the manner in which his memory was honored. Unable to be present themselves and take any part in the last sad rites, they truly appreciate the loving tribute paid by the Hawaiian people and feel that all that could possibly be done was done by loving and sympathetic hearts and hands.

DESCRIPTION AND TERMS:

"CREOLE" is the gamest, fastest and best bred stallion that has ever been imported into the Hawaiian Islands. He reduced his record of 2:20 to 2:18 in Petaluma, Cal., August 24, 1894, distancing his whole field in the first heat; then again to 2:15 in Stockton, Cal., September 23, 1894, winning the first heat in 2:15, fourth heat in 2:15, and fifth heat in 2:19, proving that he is a remarkably game as well as a speedy race horse. ("Creole by Prompter out of Grace by Buccaneer shows that he is capable of getting a mark of 2:10, and is one of the gamest stallions seen this year, and besides being game, is one of the best formed and remarkably intelligent."—Breeder and Sportsman, Sept. 25, 1894.) He is 15½ hands high and of powerful build throughout. His color is glossy black with one white hind foot. His disposition is all that could be desired and his action superb. He is a sure foal getter.

TOPICS OF THE DAY.

It is with much pain that we print the following extract from the columns of the Bulletin:

Messrs. Towse and Hoogs handled the affair as though they had been there themselves and knew just what the little boys wanted. After the dinner they were given a ride and free admission to the football game, where they yelled and tooted horns like good fellows.

There is one feature in regard to the liberated political prisoners which is highly creditable to them. Everyone of them has used every possible influence in promoting the liberation of their fellow prisoners still in jail. Mr. T. B. Walker was seen by many of our well-known citizens, since his release, and at no time did he lose the occasion to put in a word for those few unfortunate men yet behind the bars. Such a spirit will be appreciated, even by the most rabid political opponents, of the principles advanced by the "opposition."

And now the Advertiser shakes hands with itself and publishes letters from "A woman," "Justice," and other anonymous admirers of the editor, who suddenly turned the official organ in favor of "let 'em all go" the day after the chance for doing so was lost. The morning sheet was simply so mad because seven of the prisoners were released that it could not retain its policy. Its spiteful ebullition has been misconstrued into a serious desire on the part of the official organ to see the prisoners out and the organ has lost no time in taking advantage of the misconception.

A Great Success.

The girls at Kawaihau gave a splendid entertainment last evening. The large hall of the seminary was beautifully decorated, and the pupils looked their very best.

The musical rendition of the girls was highly appreciated and great credit is given to the teachers of the institution.

All the children who took part in the entertainment are deserving of praise. We desire only to mention Violet Lima and Hattie Ayan among the girls who show the careful musical training of seminary.

AN INDUCEMENT.

L. B. Kerr is to the Front Again, and Now Gives Away a Piano

When it was known this morning that L. B. Kerr had offered the very best of the New England pianos as a prize to the customer who before the 31st of December, can make the nearest guess as to the amount of seeds contained in an immense pumpkin to be displayed in his store, there has been a constant run on his stock.

The ladies of Honolulu have been aware that Mr. Kerr keeps the finest assortment of dressgoods, underwear, laces, flowers and flounces in Honolulu, and they will certainly not neglect the chances of getting a piano thrown in by purchasing \$5 worth of goods.

The pumpkin will be opened in the presence of a committee on the 31st of December, and every purchaser of \$5 worth of goods is entitled to a guess. The person who can make the closest guess will be entitled to the piano which will be promptly delivered.

We can state here that the invoice received by Mr. Kerr by the Warrimoo is unequalled in Honolulu.

Even if the piano wasn't offered, it would be well worth to call in and inspect the fine stock now offered for sale.

The new England pianos are considered by every musician the best instruments ever introduced here, and L. B. Kerr is the sole agent for them.

Will End In Harmony.

We do not know who the reporter to the Advertiser of the Synod meeting, which took place on Thursday evening, is. He certainly is not anxious to further the good work of the Church or to establish a harmonious feeling between the two congregations.

The garbled report in the morning sheet makes it appear that there has been an unjust attempt to oust Mr. Mackintosh from his position as parson of the Second Congregation.

As far as we understand the situations all that has been attempted is to unite the two factions which, to our ideas, have waged war against each other in a manner not exactly becoming a Christian church and professed Christians.

The speeches made at the last meeting were temperate and proper, and the appointment of a disinterested committee to find ways and means to join the two congregations can only be considered a wise step.

Those interested in the future prosperity of the Anglican Church cannot hesitate in approving of a movement which eventually will heal the wound and make the worshippers at that Church a united body.

The question of Mr. Mackintosh as an "in" or "out" ought to play no role in the main issue.

The Historical Society.

The members of the Hawaiian Historical Society met last night, at the Y. M. C. A. building. Mr. Dole presided. Professor Alexander presented the annual report and showed the reasons why very little had been accomplished during the past year.

The report of G. P. Castle, the treasurer, was also read and showed that the society has a credit of over \$300 in the bank. Several suggestions were made in regard to the preservation of papers and books and it is generally hoped that the society will find itself in a more flourishing condition during the coming year.

The Hawaiian Historical Society is a most valuable institution and deserves to be patronaged by everybody interested in the islands, and in the Hawaiians.

Timely Topics.

Honolulu, Oct. 25, 1895.

It has been demonstrated in a most serious manner during the late epidemic of what vital importance pure water is to all human beings. While our medical men have differed in opinion in regard to the nature and treatment of the epidemic which now fortunately is ended, there has only been one opinion in regard to the imperative necessity of having an ample supply of pure water for all purposes. In Honolulu the water supply is now plentiful both for drinking purposes and for irrigation. The same cannot be said for the country districts. In many places it is necessary for the inhabitants to carefully save rain-water in tanks especially where artesian wells are impossible.

It has been a great help to people living in the country that we have introduced the celebrated Aermotor in these islands. Many people have availed themselves of the golden opportunity to purchase one of our galvanized Aermotors, and they have in all instances expressed themselves as highly satisfied with the bargain.

The Aermotor is especially appreciated because it runs in the lightest wind. Being geared back three to one, it starts with only a third of the load that the ordinary mill has to contend with. This enables it to start and run in a zephyr so light that all competitors stand idly by. Again, its lightweight and perfect bearing enable it to face up to and get the full benefit of the breeze. The wheel is so light and its efficiency so great that it is an absolute calm indeed which induces it to stand still.

The lightweight of the Aermotor is a strong point in its favor. The weight affects the cost of transportation; the ease of handling and erection; the facility of turning on the tower to face the wind for work; the regulation for safety in a high wind; the recovery of working position when danger is past; the sagging of the tower out of shape; the vibration and breaking of the tower in a storm and consequently the weight, strength and cost of a tower and foundations. The Aermotor only weighs about two-fifths as much as the other mills which do the same work. The great disparity in weight is in part made possible by the use of steel, malleable iron, and the very best materials throughout, and explains why so excellent a piece of work can be turned out at so low a price.

We invite farmers and others who have use for an Aermotor to call in at our stores, or write to us and we shall be pleased to give every further information necessary in regard to this invaluable farm implement.

Most of the liberated political prisoners will take the oath of allegiance to the Republic. If the men still held in jail are let out in the near future, it is understood that quite a number of prominent men of the opposition will fall into line and take the oath.

The California Feed Company have received a large invoice of goods by the S. G. Wilder. They quote the lowest prices, and the finest qualities in all the lines, and give full weight. Amongst the lot are to be found, hay, oats, rolled barley, bran, corn, cracked corn, oil-cake, etc. Everything is of the freshest, and if you want to get the best and cheapest the California Feed Co. will hear from you.

Our Local Napoleon.

The true secret of the success of the great Buonaparte was his ability to write and talk to his soldiers in a manner which stirred their souls and inflamed them with patriotism. Caesar was a great general but his reputation has been somewhat blurred by his writing the *De Bello Gallico*. He became verbose and tiresome, and his legions left him.

Napoleon couldn't write even French. Being aware of the fact he made his "orders from headquarters" to the army as sweet and short as possible, and he carried the day.

It has been left to the Colonel of the Hawaiian army to invent the most beautiful addresses ever yet delivered to a body of soldiers. The Hawaiian Colonel, we are informed, gets about \$300 a month salary besides board, lodging, and servants, and all he has to do is to sit down at his desk and issue "orders," praising himself, his men and everybody in general for their steadiness—a quality which the gallant ex-American naval officer evidently considers of great value and importance.

To his soldiers he issues the following soul-stirring order:

Headquarters, First Regiment National Guard of Hawaii, Honolulu, R. H., Nov. 29th, 1895.

General Orders, No. 19. — The Colonel commanding takes pleasure in congratulating the officers and men of the First Regiment, N. G. H., on the splendid showing made by the Regiment on the occasion of the Parade and Review on the 28th inst.

All were animated with a desire that their company or their battalion should be the best.

Where such *esprit de corps* exists among officers and men, there can be no doubt of the result. should the occasion arrive to bring you into action.

Your steadiness, soldierly bearing, and the correctness of your movements, are the best proofs of your drill, discipline and organization.

There was not a "hitch" from the first command "Fall in" until the final command "Dismiss your battalions."

I can express myself no stronger than by repeating what I have said before, "I am proud of you, and proud of having the honor of commanding you."

By command of COLONEL McLEAN.
J. M. Camara, Capt. and Acting Adjutant.

The steadiness and general appearance of the police have not even escaped the vigilant colonel—we hope the police will return the compliment and praise the colonel for steadiness—and he writes to Marshal Brown,

Mr. A. M. Brown,

Marshal Republic of Hawaii.

DEAR SIR:—I take much pleasure in acknowledging the services rendered to the First Regiment, N. G. H., by the police escort under Capt. Parker, and the mounted force under Capt. Cook, on the occasion of the parade and review on the morning of the 28th inst.

Their steadiness and soldierly appearance and discipline did not escape my observation, and they rendered me valuable aid by the prompt and orderly manner in which they took possession of the parade ground, and kept it clear, for a special function at the end of the review.

The mounted reserve under Captain Carter, is a body of young men whose services in time of need would be of immense value, they are splendid horsemen, well-mounted and armed, and would surely give a good account of themselves.

Congratulating you on the force, I am

R. H. McLEAN,

Col. First Regiment, N. G. H.

And in spite of a general of such capacities the calamity howlers persist in being around and don't even admire the gallant Major Towse of the Star on his hired steed. Fie! Fie!

There is quite a rush of ladies to buy those beautiful Parisian dress goods at L. B. Kerr's. They are quite too, too.
