EVENING BULLETIN

3:30 O'CLOCK

THE ANSWER IS NOT IN THE STARS--IT'S IN THE BULLETIN

EDITION

The energy of the business man is being exerted either wisely or unwisely to enlarge his orbit; wisely when he adopts the proved instrumentalities for trade development; unwisely when he thinks to find substitutes and profit by small economies. There would come a light unto his feet if he would but study the Advertising Columns of the Evening Bulletin and SEE HOW OTHER MEN DO THE TRICK!

VOL. IX No 3587

HONOLULU TERRITORY OF HAWAII, FRIDAY, JANUARY 11, 1907

PRICE 5 CENTS

Fires Go Out But Earth Is Unsteady

Legislators Urged To Give Expense Guarantee

REPUBLICAN COMMITTEE ASSISTS SECRETARY

Resolved, That it is the sense of this committee that the Republican members of the Legislature should give such assurance to the Secretary of the Territory that they will not claim or draw any compensation for an extra session called under Section 34 of the Organic Act as may be required to make available the appropriation of \$30,000 for legislative expenses made by Congress by Act of June 6, 1906.

Japan's Interest In Manila

(Associated Press Special Cable) TOKIO, Japan, Jan. 11.—The Philippine Japanese Association has been formed here for the declared purpose of developing navigation with the Philippines. It will also found a bank and issue a newspaper in Manila.

Kahuku Train Is Derailed

The troubles of the O. R. & L. Co. appear to come in a bunch. Yesterday the morning train from Kahuku was delayed six hours by a cloudburst at Aiea, and in the afternoon three coal cars went off the track at Pearl City. This forenoon the through train going from town for Kahuku was derailed, also at Pearl City.

Tidal Wave In Dutch East Indies

(Associated Press Special Cable) THE HAGUE, Jan. 11.—Dispatches received here today report a tidal wave through the Dutch East Indies, felt principally at South Achin. Three hundred perished at Tana and 40 at Simatu.

Volcanic Action Appears To Be Confined To Kau

AUTHENTIC STATEMENT REGARDING OUTBREAK

[Special Wireless to The Bulletin] HILO, Hawaii, Jan. 11.—The crater on Mauna Loa broke out in eruption at about midnight on Wednesday night. The illumination therefrom continued very brilliant until 4 o'clock in the morning, at which time it disappeared entirely. Fishermen who were in their boats off the Kona coast at the time reported that they saw a lava flow beginning at about the same place where the flow which occurred in 1887 commenced. However, it continued only a short distance up until the morning.

Submarine Sunk At Cherbourg

(Associated Press Special Cable) CHERBOURG, France, Jan. 11.—The submarine boat Algerian sunk today at her moorings. No lives were lost.

The train officials at the Honolulu depot give the following version of the affair. The train left Honolulu at 9:15 o'clock this morning, and arrived without mishap at Pearl City, where it made its regular stop. In starting off again the accident occurred. The engine left the track, but the rest of the train remained. This took place right off the depot.

PONCE IS DISABLED

HAMILTON, Bermuda, Jan. 11.—The steamer Ponce was towed into this port today in a disabled condition.

WHOLESALE ARRESTS OF TERRORISTS

Warsaw, Jan. 11.—One hundred terrorists were arrested here yesterday. ***** traffic at about 3 o'clock this afternoon. The officials state that they have not yet ascertained the cause of the accident.

NO LOSS FROM THE LANAI EXCHANGE

Milverton Replies To Gear's Brief In The Case

Deputy Attorney General Fred Milverton this afternoon filed his reply brief on behalf of Land Commissioner James W. Pratt, respondent in the Lanai land injunction case. The brief is a lengthy one and takes up all the points touched upon by Judge Gear in his brief.

HAKALAU LAND BEST IN THE TERRITORY

Appraisal Will Be Received Next Week

Land Commissioner Pratt states that the maps and surveys of the Hakalau tract of land, on Hawaii, which is to be opened up soon, are ready and will be sent to Hilo on the Claudine tonight. The appraisers at Hilo have sent a wireless to the Commissioner announcing that they are ready to begin work as soon as the material arrives, so it is expected that the appraisal will come up on the Kinaiu on Saturday of next week.

As soon as it is received, the sale of the leases will be advertised. The advertisement has to run 30 days, so it will be toward the latter part of February before the sale can take place. The Hakalau tract, the Land Commissioner states, is the most valuable that has ever been placed on the market in the Territory. None of it is at a higher elevation than 1700 feet, and it is all excellent cane land. A considerable portion of it is already in cane.

Tobacco By The Million

(Associated Press Special Cable) LANCASTER, Pa., Jan. 11.—Fire in the Meist Company tobacco house today did damage amounting to a million and a half dollars.

Celluloid Is Deadly

STRASBURG, Jan. 11.—Twenty persons perished here today in a fire following the explosion of a vat of celluloid.

SUGAR

SAN FRANCISCO, Cal., Jan. 10.—SUGAR: 96 degree Centrifugals, 3.50 cents or \$70. per ton. Previous quotation, 3.55 cents.

JAPANESE PHYSICIANS TO APPEAR BEFORE MEDICAL BOARD

The Board of Medical Examiners will meet on Monday, Tuesday and Wednesday next for the examination of three Japanese physicians who have been requested by the Board to present themselves for further examination as to their qualifications to practice medicine. They are Dr. Yoshizaki of Hilo, Dr. Maxima of Maui and Dr. Ichikawa of Honolulu. They all hold Japanese certificates which will be presented to the Board, and though they are not well versed in the English language, they think that with the aid of an interpreter they could pass a successful examination.

STORM NOT ENDED

Weatherman Stockman says that the barometer which has been holding low for a number of weeks past took a drop last night. This means that the indications for clearing weather are not in sight. A low barometer has been the rule and the storm seems to be a continuous one.

HOLLISTER DRUG CO. ESTABLISHED 1879.

Clothes as a Help In Life

To be correctly clothed will make friends and unlock doors everywhere. The time is past when education was an all-sufficient passport and a guarantee of at least moderate prosperity. Nowadays a man is measured by his clothes as much as by his knowledge. Society and business life demands of its members the observance of a certain code in clothes. Good taste counts for more than money in this matter, and good taste is always assured in Correct Clothes for Men, bearing the label of ALFRED BENJAMIN & CO.

Have You Made A Will

Are you sure your wishes will be honestly and faithfully carried out after your death? We prepare wills that say just what you mean—and say it clearly. Talk the matter over with us. It will be confidential.

Spring lamb for Sunday dinner, a shoulder with mint sauce will be enjoyed. Paragon market, Emma and Beretania.

There is no shortage in the oxygen supply—nothing unhealthy in the use of gas for illuminating or fuel. See the Honolulu Gas Co.

J. D. Willard, for some years past a practicing lawyer on Kauai, leaves in the Moana to locate in Northern California among his own folks.

"Arabic" applied to iron roofs, reduces temperature as much as 35 degrees. This has been ascertained by actual test. California Feed Co., agents.

Henry Kile, a Porto Rican, was taken in for investigation last night. When searched he was found to have a club concealed in his clothes and a razor blade in his pocket.

There will be an installation of officers at the Hawaiian Tribe No. 1, I. O. R. M., this evening, which all members are requested to attend. Visiting brothers in the city are cordially invited to be present.

The Seaside has plenty of surfboards, surf canoes, Canadian canoes etc., which are at the disposal of its guests. Remember that the best bathing and the best surf for board riding is directly in front of the Seaside.

The subject of the prayer service at Central Union church tonight will be "The Home." Perley Horne will lead and A. B. Inakals will preside at the piano. A special invitation is extended to the children and young people.

E. K. Hanafi yesterday received the \$50 reward provided by the new law for the person securing the conviction of a perjurer at elections. He earned it in the case of Malao, who, the first day of this term, pleaded guilty to false registration and was sentenced to imprisonment for six months.

Yesterday at 4:30 p. m. a heavy cloud-burst occurred at Mottillill, conveying that section between the junction of Beretania and King streets and the White road. It lasted for about five minutes and passed from southwest to northeast. No serious damage was done, although deep furrows were dug in the ground much resembling the same made by a plow.

Acting under the authority of section 64 of the County Act the new Board of Supervisors of Hawaii have repudiated a contract entered into between the Honolulu Iron Works and the outgoing Board. The contract was for over \$12,000 worth of road machinery, and as the retiring Board left no funds wherewith to make good, the present Board assert that the contract is illegal.

The Portuguese paper, A Setta, is conducting a poll of its readers to ascertain their choice for the next Governor. The nominations are A. L. C. Atkinson, Noah Kepoikai, J. Kalaupole, H. E. Cooper, L. L. McCandless and W. O. Smith. The election is said to be under the tutelage of Secretary Atkinson's ambitious friends, who will see that it comes out right.

LESS HOURS FOR RAILROAD MEN

Washington, Jan. 11.—The Senate has passed a bill making it unlawful for any railroad company to compel an employe to work longer than sixteen continuous hours, which must be followed by at least a ten-hour lay-off.

GOVERNMENT TROOPS BETTER FIGHTERS

San Salvador, Honduras, Jan. 11.—In an engagement between government troops and the revolutionists yesterday the latter were defeated.

GUNBOAT REFLOATED

Pensacola, Florida, Jan. 11.—The U. S. gunboat Machias has been raised.

Five Points

That's right, five—there are others, but these are the important ones for you and your eyes: WHEN —you frown or squint in looking at an object; —your eyes show an intolerance of light; —they tire, ache, smart or water; —objects swim or become dim; —you have frequent headaches; These are a few of the points that point to the need of glasses, points that point to us.

SIEMSEN CONVICTED San Francisco, Jan. 11.—John Siemsen, the gaspke thief, was yesterday declared guilty of murder.

John Siemsen, assisted by Louis Dabner, murdered Mankata, a Japanese banker, on O'Farrell street. The cashier was also dealt with in such a brutal manner that he was left insensible on the floor. About \$2000 was secured.

There will be an installation of officers at the Hawaiian Tribe No. 1, I. O. R. M., this evening, which all members are requested to attend. Visiting brothers in the city are cordially invited to be present.

JAPANESE SQUADRON TO AVOID SAN FRANCISCO

Tokio, Jan. 11.—Orders have been issued to the commanding officer of the Japanese training squadron, which will shortly visit Honolulu and the Coast, to avoid visiting the port of San Francisco.

The Japanese Consul General at San Francisco, in a communication with his home government regarding the proposed visit of the Japanese squadron, expressed a fear that some irresponsible fanatic might duplicate the Maine horror while the ships were in that harbor, and the home government, acting on the suggestion, has concluded not to have the sailing squadron visit that port.

MINERS RESUME WORK

Goldfield, Nev., Jan. 11.—The miners strike has been settled.

The mine owners at Goldfield conceived the impression that valuable ore was being secretly carried away by the miners concealed in their working clothes. Orders issued to the effect that all miners must remove their working clothes entire and invest themselves in street garb before leaving the change room, caused dissatisfaction among the men and a strike was the result.

JAPANESE ARMY AND NAVY GET ALLOWANCES

Tokio, Jan. 11.—The budget presented to the parliament on Wednesday provides for an expenditure of fifty-five millions for the army and forty millions for the navy.

Figures giving the foreign trade of the Empire for the past year show that a new record has been established, the total trade having amounted to four hundred and twenty millions.

Weekly Bulletin \$1 per year.

"I would like to have the Advertiser or any reputable person show me a single instance where the ball money turned in at the police station was handed in any other than the proper manner during my incumbency," said Henry Vida to a Bulletin man this noon.

"In order for ball money to be returned to a defendant or his agent, it was necessary for the ball receipt to be endorsed by the clerk of the court and then turned in to the Sheriff's clerk, who cashed it."

MOVING

It will no longer be necessary to climb stairs to see our splendid stock of books. We are moving into downstairs quarters on Hotel St. between Fort and Bishop. In addition to our regular line of standard books in sets we are fitting out an old book shop.

Here will be sold old, new and out-of-print sets, or single volumes in any language.

Also library furnishings, etc. Visitors always welcome.

Wm. C. Lyon Co., Ltd. Hotel St. bet. Fort and Bishop.

The Weekly Edition of the Evening Bulletin gives a complete summary of the news of the day.

QUICK ACTION PREVENTS FIRE

What might have resulted in a serious fire was averted by quickness of action on the part of Mr. Scudder at 910 Prospect street.

Night before last, a little after midnight, Mr. Scudder was awakened by the furious ringing of the telephone bell in a distant part of the house. The ringing had a harsh, buzzing sound that was foreign to its usual slivery tones, and there was also an odor of burning rubber and chemicals pervading the house.

Mr. Scudder started at once on an investigation tour and upon reaching the telephone box found it so hot that it could not be touched with the bare hand. Sparks were skipping along the connecting wires. Mr. Scudder, with the aid of an implement, severed the wires and the peculiar buzzing noise ceased. It was a case of what is known among electrical people as short-circuiting, and if not attended to at once may cause a burning up of the box and its contents.

The telephone box at the residence of A. T. Brock, just across the way from Mr. Scudder's and on the same line, was found in a much blackened state the next morning but no fire had been observed during the night.

Mr. Brock received a severe shock upon his attempt to use his phone in the morning.

There is a safety device on all telephones designed expressly for the purpose of preventing their being overcharged by the local batteries. In the cases mentioned above it is probable that the telephone wires came in contact with a heavily charged foreign wire.

NO LOSS FROM THE LANAI

(Continued from Page 1) show that the lands which it is desired to acquire will be non-income producing or non-revenue saving. The lands are desired for public purposes. Schools may be established upon leased ground, for which the government would have to pay rental. "It is clear, then, that if instead of securing property for public purposes by a leasehold arrangement, an exchange is made whereby the Territory becomes the owner of the fee, there would be a saving to the Territory of the amount of the rental, and this saving would be equal to, if not greater than, the amount of revenue derived from the Government land given in exchange. There can be no loss to the Territory where the exchange is to be for lands of equal value and greater immediate service. The Territorial officials must of necessity, when computing the matter of equal value, take into consideration the fact that the lands to be acquired for public purposes are rental-saving or income-producing as the case may be."

THAT BAIL MONEY

"Ultimately, neither the Territory nor Mr. McCandless, as a taxpayer of the Territory, can be injured financially by reason of the exchange. There can be no immediate loss or injury to the complainant McCandless by reason of the rentals reserved in the leases to the Lanai lands being cut off at this time. Under the taxation system of the Territory the rate is fixed and definite. The amount of the property tax is two per cent. of the income tax, two per cent. on all income in excess of \$1000, and the personal tax is \$5 per head. Mr. McCandless will continue to pay these rates upon his property and income irrespective of whether the rentals from the Lanai leases continue to flow into the Treasury or not."

Under the notice published by the Governor of November 28, 1906, offers were called for of lands equal in value to those of the Government lands of Lanai, and of greater immediate service to the Territory. "It is not alleged in the bill," says Milverton, "and cannot be truthfully, that the

EGGS WON'T HATCH BECAUSE OF BLASTS

Pity the sorrows of a poor Road Supervisor—for they are many. The barbed arrow of the kicker falls upon him in clouds and oburgations and ensue words are heaped upon his devoted head to overwhelm him.

Whenever Juniper Pluvius takes a notion to let fall a few tons of water in some spot and wash a hole in the road, the Road Supervisor is to blame for it. If a blast goes off and startles some nervous old maid or crusty bachelor, the Road Supervisor bears all about it over the telephone or by the next mail.

Sam Johnson has preserved a collection of kicks that is worthy of place in a museum or in the archives of the historical society. Some of them are classics of their kind. They really ought to be preserved.

Some one, evidently a woman, judging from the handwriting and the delicate sarcasm expressed, sent him a letter the other day, in which he was cordially invited to take a ride over the Kukaiki road "in anything from an automobile to a bicycle, and may the ride give you much pleasure." Sam took it and found the road an excellent one—nor was he rewarded by the sight of anyone whom he could imagine to have written the screed.

A few days ago he received a rather lengthy communication from a man who complained bitterly of the condition of the road that runs by his place. "I pay my taxes regularly," said the writer, "and I don't see why the road is left in this condition, unless it is to do me as much damage as possible for some reason unknown to me."

One woman wrote that she wasn't a road builder and that she weighed only 95 pounds, but she was willing to bet that she could make a better road than the one she complained of. She had not yet been employed on the department force, but she may be.

Another irate woman wrote an emphatic epistle to inform the Road Supervisor that she was a lady, but if one of the men belonging to the road gang ever used to her again the bad language that he used once, she was going to shut him up.

One wrathful citizen of considerable prominence in a way complained that the blasts set off in one of the quarries had caused considerable injury to his property, and he wanted Sam to pay for it. He demanded the sum of \$100. The letter he sent by a messenger. "One hundred dollars," said Sam Johnson. "That's too much."

"Yes, I know," replied the Mercury, but Charlie, he wants \$50 for damage and I want lunch."

The climax came, however, when a petition was received signed by 66 residents of Kailhi, complaining of the blasts set off in the quarry, which they claimed were causing them great damage. "We can't raise any fowls here," they said, "because the eggs won't hatch."

It is possible that the Road Department may take steps to have all the eggs wrapped in excelsior.

In the case of Fong Koon Chan vs. Jessie K. Kaue, the latter has withdrawn her appeal.

Commissioner of Public Lands is about to acquire in exchange lands which are not to be used for public purposes.

As to McCandless' contention that the Commissioner of Public Lands may not dispose of more than 1,000 acres of land in one parcel, Milverton contends that the law makes no such prohibition. He says:

"Section 276 (of the Revised Laws) provides that 'the Land Commissioner may, with the consent of the Governor, sell public lands not under lease in parcels of not over 1,000 acres at public auction for cash.' This provision does not prohibit the Commissioner of Public Lands from disposing of land under lease in any manner. Section 254 in conjunction with Section 255 and Section 252 undoubtedly gives the Commissioner power to exchange portions of the public domain for lands to be used for public purposes, even though the land disposed of by the Commissioner might be under lease and might exceed in area 1000 acres."

There are a number of other points raised and the various minor contentions of McCandless are answered. The matter of public policy which was dragged in by McCandless' attorney, Gear, is described as far-fetched and included in neither the letter nor the spirit of the Organic Act.

SHIPPING INTELLIGENCE

CALLS ON OFFICIALS Sheriff Iaukea is spending the day making calls on the various officials of the Federal and Territorial governments. This morning he called on Governor Carter, Attorney General Peters, Judge Dole, Treasurer Campbell and a number of others. He stated that he did this with an idea of setting the various officials know that he was anxious to secure their cooperation in the work which he has in hand and that he would do everything which was in his power to assist them in all manner.

Supervisor Joe Harvey spent half an hour this morning in consultation with Sheriff Iaukea, talking over the various affairs of the department and finding out where, through his position as Supervisor, he would be able to assist the new administration.

As to McCandless' contention that the Commissioner of Public Lands may not dispose of more than 1,000 acres of land in one parcel, Milverton contends that the law makes no such prohibition. He says:

"Section 276 (of the Revised Laws) provides that 'the Land Commissioner may, with the consent of the Governor, sell public lands not under lease in parcels of not over 1,000 acres at public auction for cash.' VIEW OF DEWEY CRATER ON MAUNA LOA

This gives a view of the flow of 1899 which formed what was known as the Dewey Crater. The photo was taken by Davey and used in Logan's book on Hawaii's Volcanoes which deals interestingly with the volcanic eruptions on Hawaii.

What Is Proposed To Do With Educational Commission

P. L. Horne gives the following outline of the Education Commission, of which L. Tenney Peck has accepted the chairmanship, in the current issue of The Friend. Horne is the originator of the idea:

The Educational Committee recently organized by the Civic Federation should prove an effective agency in bettering the public school system of Hawaii. It should be fully understood that the creation of the new commission is in no way a reflection on the Territorial Board of Education. This commission is but another step in the progress of development. The Superintendent of Public Instruction gladly cooperates in every way with the commission, giving it the benefit of his experience and his advice, and placing before it all the material at hand that may be of aid to the commission in its work.

In Massachusetts in 1905, the Hon. W. L. Douglass, then Governor, recommended the creation of a similar commission for Massachusetts, to study the claims of technical education; and he further asked that a well considered report be brought before the State Legislature with suggestions for bettering public education. Such a commission in Hawaii is a need. Its creation marks an onward step.

We all recognize defects in our present system in Hawaii. The public school teachers are poorly paid, so poorly that the Territory can scarcely expect efficient service if relief does not come almost immediately. Inadequate provision is made for students, the schools are too crowded, more schools are needed. Modern education demands that systematic courses of study be provided in gardening, agriculture, manual training, domestic science, nursing, sanitation and the like. How best to educate the children is one of the live questions of the decade. It is not a new question. The problem has not been solved, but

new light is being shed constantly on many questions by those whose lives are devoted to the profession. The results of their experiences can well be collected and studied. Many helpful suggestions will be found. The knowledge of what other cities do, the finding out of their problems, and of how they have met these problems will present new possibilities for us here in Hawaii. We are cut off from the inspiring educational conferences and conventions, the stirring talks from renowned educators, and practical discussions by many teachers assembled together to go over at length all phases of school work. In Massachusetts, there are separate commissions on the study of English, of Mathematics, of Modern Languages, and on technical work. Certainly Hawaii needs at least one general commission to take up the study of her educational problems.

Many questions will immediately present themselves to this commission. Let me enumerate a few: The scope of education, its administration, its method and its course; the enrichment of elementary education because this branch of the work affects by far the greatest number of young people; education for adults; supplementary education; the using of school buildings and premises for other than distinctly school purposes; free evening schools conducted by the city in public school buildings; the introducing, in part, at least, of the many lines of technical education for boys and girls, now confined largely to a few private schools; taking the necessary steps to secure for Hawaii a Territorial Agricultural College; equal educational opportunities for all children; the question of free text books; questions, particularly of health and sanitation; systematic and regular medical inspection of all pupils in all schools; not a hurried running over, but a careful, well-defined study of each pupil with the record kept of each and subsequent examinations compared and tabulated; the probation system and its bearing upon juvenile delinquency; parental responsibility.

These are but a few of the questions that a cursory review of the situation suggests. Many others will follow

naturally. A comprehensive statement of existing conditions with definite recommendations for legislation should be presented to the Territorial Legislature. Perhaps this cannot be done in such a way at the present session, for the subject is too large to be studied in so short a time, but a beginning can be made.

Every large community has at least four legalized institutions: the jail, the poor house, an asylum for the mentally unbalanced, and the school. The greater the attention paid to the last, the less will be needed for the other three. Neglected the school, and the others will demand constantly increasing attention, a steady outgo with no return but an added curse. The free public school, established by the wisdom of our fathers, developed to the highest efficiency, along the broadest lines, is the greatest factor in giving every community a high social order. The new commission certainly has much work ahead of it, and I believe that the results it brings will justify its creation. P. L. H.

RAINS DO BUT SMALL GEE TO THE ROADS

The recent rains have done no great amount of damage to the roads of Honolulu, but there has been a considerable amount of little injuries, mainly in the way of washouts, gullies cut in the roads, etc. This could all be remedied in a short time if the entire force could be put to work repairing the roads, but it is impossible to stop all the new work now in progress, so it will probably be months before all the damage is repaired.

There is a washout on the Tantalus road, a number of gullies being cut from Punchbowl road to the forest. There is another washout in the Makiki section, and one at the corner of Kuakini and Wilder. The latter, however, is now repaired.

A number of small drains were washed out along the Kalihii road, and drains in other places about town will have to be replaced.

RAIN AT EWA

They had real rain at Ewa yesterday. During the day there was a precipitation of 2.80 inches. Of this 1.15 inches fell in half an hour.

Fine Job Printing at the Bulletin.

Dr. Ninomiya Points Out Folly Of Recent War Talk

Dr. T. Ninomiya of Kohala, Hawaii, a surgeon of note, recently returned from Japan on the Hongkong Maru, and left for his home today on the steamer Mauna Loa.

When the doctor was in Japan he found that the customs of the people have greatly changed. The women are now wearing more silk kimonos and are much more attractive in appearance. Conveyance by the "jin rikisha" is hardly in use now, buggies and hacks being the proper thing. The money people do not ride on the rikishas at all and the poor are fond of riding on the electric cars, as the fares are very cheap. Automobiles are doing lively business and the time will soon come when the jinrikisha will be done away with.

When asked in regard to the school question, the doctor said that the Japanese Government has much respect for the United States Government and they feel certain that everything will come out all right. He said the people in Japan were greatly surprised to find that our Hawaiian papers made so much noise about the school question. The Japanese people are taking the matter easy and have no idea what ever of any trouble between the United States and the Japanese Governments.

Admiral T. Odo, an uncle of Mrs. Dr. Ninomiya, told the doctor before he left Japan that Japan is not at present ready to go to war with the United States, as the Government is financially "broke." Of course, the doctor said, the Japanese navy is being strengthened all the time, as it lies the hope of the country.

The doctor said that the most important measure that will be introduced in the Japanese Diet will be to provide a leper settlement similar to that on the Island of Moikai, where the lepers can be segregated. The doctor says there are a large number of lepers in Japan. While in Japan Doctor Ninomiya met persons formerly residents of Hawaii who bore no sign whatever of leprosy.

The doctor says that everything in Japan is costly and the people are dressy.

JUDGE P. L. WEAVER REPORTS ON LAND

Judge P. L. Weaver has made his report of the Court of Land Registration to Chief Justice Frear.

The report covers eighteen months ending Dec. 31, 1906, and shows that 12,124.3 acres of land valued at \$1,095,169 for the purpose of taxation have come under the jurisdiction of the court in that period.

Referring to the fact that 41 new petitions were filed in 1906 as against 72 for the preceding period of two years, Judge Weaver says:

"The failure of the Legislature to appropriate sufficient money to pay the expenses of the court has caused petitioners to postpone action until a new appropriation shall be had, notwithstanding the fact that funds are deposited by the petitioners to meet expenses for the greater part. Thus the number of petitions is less than it would have been had an adequate appropriation been made.

"The experience of the past year," Judge Weaver proceeds, "shows clearly the value of the system in many of the particulars mentioned in my last report.

"Street lines are established, government claims of easements are therefore defined and settled; government remnant land inside of private grounds are discovered and title acquired and settled; unreleased mort-

gages, forgotten, are discovered and released, pedigrees, not of record, are established and title proved; government communications in lands are settled rather than let the defect appear on the certificate of title.

"It is important to note again that there ought to be legislation to remedy the evil resulting from the ownership of a small subdivision of land which has never paid commutation to the government. Under present law, there is no proceeding by which an owner of a subdivision may get his lot released from the encumbrance. This is a real need in case an energetic government should attempt to enforce the claims of one-third interest in country land and one-fourth in city land.

"I would recommend that the Act be amended in certain particulars.

"First: The Territory or County should be allowed to register its own title and at a nominal cost.

"Second: The section governing appeal should be amended so that the issues of fact in the case must be submitted to a jury for special findings of fact on which the judgment of the court may be based.

"Third: Persons acquiring title directly from the government should be allowed to register title for a purely nominal fee, if applied for promptly."

ITS MERIT IS PROVED

RECORD OF A GREAT MEDICINE

A Prominent Cincinnati Woman Tells How Lydia E. Pinkham's Vegetable Compound Completely Cured Her.

The great good Lydia E. Pinkham's Vegetable Compound is doing among the women of America. It is attracting the attention of many of our leading scientists, and thinking people generally.

The following letter is only one of many thousands which are on file in the Pinkham office, and go to prove beyond question that Lydia E. Pinkham's Vegetable Compound must be a remedy of great merit, otherwise it could not produce such marvelous results among sick and ailing women.

Dear Mrs. Pinkham:— "About nine months ago I was a great sufferer with female trouble, which caused me severe pain, extreme nervousness and frequent headaches, from which the doctor failed to relieve me. I tried Lydia E. Pinkham's Vegetable Compound, and within a short time felt better, and after taking five bottles of it I was entirely cured. I therefore heartily recommend your Compound as a splendid female tonic. It makes the monthly periods regular and without pain; and what a blessing it is to find such a remedy after so many doctors fail to help you. I am pleased to recommend it to all suffering women." Mrs. Sara Wilson, 31 East 5th Street, Cincinnati, Ohio.

If you have suppressed or painful periods, weakness of the stomach, indigestion, bloating, pelvic catarrh, nervous prostration, dizziness, faintness, "don't-care" and "want-to-be-left-alone" feeling, excitability, back ache or the blues, these are sure indications of female weakness, or some derangement of the organs. In such cases there is one tried and true remedy—Lydia E. Pinkham's Vegetable Compound.

Our Specials This Week

are HOUSEHOLD NECESSITIES; if you haven't taken advantage of them yet, glance over the following items; it will pay you; they mean just so much money saved; the prices hold good ONLY until SATURDAY NIGHT.

Towelings

AT MONEY-SAVING PRICES. White Cotton Toweling, twilled and huckaback, SPECIAL THIS WEEK at 5 1/2¢ YD.

Huckaback Toweling, extra heavy, ribbed border, regular price 12 1/2¢. THIS WEEK 10¢ YD.

Check Glass Toweling, all linen, good quality, regular 12 1/2¢ goods. THIS WEEK 10 1/2¢ YD.

Unbleached and White All Linen Toweling, regular 15¢ goods. THIS WEEK AT 12 1/2¢ YD.

Velour Flannels

New designs, cashmere and floral designs, suitable for Ladies' long and short Kimonos and Waists. ONLY 15¢ YD.

New Fall Flannelettes. In check, stripes and solid colors, good quality. 10¢ YD.

Table Oil Cloth

Very best quality; white, white with blue or black veins, and colors, regular 30¢ quality. THIS WEEK 20¢ YD.

Shelf Oil Cloth

Scalloped edge, white and colors. 8 1-3¢ YD.

Cotton Covert Cloth

Brown, Tans, Navy Blue and Olive; just right for rainy weather Skirts and Suits; 15¢ quality. THIS WEEK FOR 12 1/2¢ YD.

Eden Cloth

In stripes and figured; light and medium colors; just right for Men's Pajamas, 15¢ YD. and upwards.

Japanese warships do well to cut out
San Francisco. It shows that Japan
is not looking for trouble.

Hypocrites never fail to cry out
when properly flayed. Nor lack a
"hack" to do their bidding.

There should be no difficulty in ob-
taining the guarantee Secretary Atkin-
son asks of the legislators. No man
will look pretty who stands up and
says in open meeting that he thinks
more of a \$200,000 extra session salary
than an saving \$20,000 to the taxpayers
of the Territory.

The Bulletin gives in this issue a
telegram from E. E. Richards of Hilo
regarding the volcano outbreak which
may be accepted as the most reliable
statement to be had. It is evident
that the volcanic forces of Mauna Loa
are in a state of unrest and may at
any time break out in a beautiful ex-
hibition.

Hawaii County Supervisors are
starting out to make themselves fam-
ous in the same manner that has
made South American Republics no-
torious. The idea of repudiating a
debt? Hawaii County is in control of
Democratic representatives. Is the
old party policy of repudiation to be
revived in that neck of the woods?

THE EDUCATIONAL COMMISSION.
The proposed educational commis-
sion will be of everlasting benefit, if it
has no other definite result than the
more perfect education of one citizen
in what has been done and what is
being done by the public schools of
the Territory of Hawaii.

There is no question that when the
commission was originally proposed it
was looked upon with considerable
suspicion by the educators of the Ter-
ritory who by years of faithful service
have established high educational
standards against heavy odds. The
inspiration coming from a private
school whose graduates reach no higher
academic standard than is repre-
sented by the first or second year in
the High School, many felt, and not
without reason, that example in a pri-
vate school would be far better than
precept among those suddenly exhib-
ing a remarkable desire to reform the
public school system of Hawaii.

Many men are able to tell others
how they should run their business,
and the less the volunteer tutor knows
the more positive he is on how it
should be done.

The outline of the proposition as it
has finally come to the front is such
that everyone interested in the prog-
ress of education must wish it well.

A tremendous amount of work of-
fers itself to the ambitious citizen of
Hawaii who hopes to see the most ad-
vanced and the most practical ideas
applied, and is also willing to unself-
ishly assist in the work. This assis-
tance to be of any real value must be
of the kind that puts the shoulder to
the wheel—not satisfied with pompous,
theoretical recommendations which
only worry teachers and as a
matter of fact retard pupils.

An educational commission if it is
to reach a valuation approaching par
should include a goodly representa-
tion of persons from the other islands,
who from their association with the
public schools have more than a per-
functory interest.

TOM WATSON AND HIS MAGAZINE.

Tom Watson, exponent of Jeffersonianism and purified Democracy, is always picturesque and never dull. He has fully maintained his reputation during his recent experience in magazine business and the struggle to steal, as he puts it, his name.

Tom Watson is no longer a part of Tom Watson's magazine. The publication that bears his hall mark is Watson's Jeffersonian Magazine. Nothing remains of the old institution but the hollow name owned by W. E. Mann, the unsavory publisher of Town Topics. The spirit of Watson has fled and with it his following.

This proprietor Mann has been variously described but Watson's account of a call from him will live longest in magazine history. Watson says: "While in this uncertain state of mind, Colonel Mann burst in upon me at my hotel in all the glory and pomp of white whiskers, white hair, wine-colored face, spotted waistcoat, gold-headed cane, bay-window belly, eyes that looked like hard-boiled eggs, and a voice thick with high living and constant use."

"As I may have remarked before, he looked just like a picture taken out of a child's colored picture book. "While he talked to me I sat there trying to make up my mind as to which he resembled most, an idealized portrait of Santa Claus or of John Bull or of John Barleycorn. I finally decided that he would do for a composite photograph of all three."

"This funny-looking old chap I had never heard of before. His Town Topics I had never seen—didn't know of its existence."

Watson then explains how Mann venerated him by selling out Watson's Magazine to himself, "and was such an ass as to believe that he had sold me."

The ex-Congressman, ex-Vice Presidential candidate and ex-Presidential candidate found himself in a veritable den of thieves but came out of it wondering "if those New York rascals really thought I would quietly sit down and twiddle my thumbs while they were making off with Watson's Magazine."

"Thus does the editor offer his duty to the associated magazine thieves and New York bunco steersers: "They have put into me, once more, that intensity of energy and purpose which otherwise might never have been mine again. What the spur is to the thoroughbred, what the bugle call is to the cavalier, the recent attempts of my enemies to compass my ruin has been to me."

"By the living God! Here is no thought of surrender, no weakness of doubt or hesitation, but a resolution, fixed as hardened steel, to march on. "What! Be a quitter now? Falter

or flicker now? Lower the flag and stack arms, now? "Rather, would I die."

After all a vote of thanks may be due Col. Mann for having stirred Tom Watson to the full fighting pitch, because he is always more attractive when headed full steam for an enemy.

That Bail Craft

Editor Evening Bulletin:—The P. C. A. can learn where the profits off the Bail, the salary of the incumbent and all other craft went by referring to his accounts with the Bank of Hawaii, J. A. Magoon and Estate of S. C. Allen for half a dozen years, more or less, previous to Oct. 1924.

Wm. Henry can perhaps furnish testimony. Perhaps the Grand Jury might get some knowledge by fully investigating the station house and prison accounts covering all the time the incumbents were Grafting.

Don't forget that the Legislature made up a deficit in the Marshal's office about 1892 of about \$700, and subsequent Legislature refunded \$400 more or less that was over paid into the Treasury. The Government had free interest on it for two or three years and no credit given to the Marshal's office. Let us have this Bail and all other Graft questions thrashed out by the Grand Jury. I am ready.

H. M. DOW.
Jan. 11, '27.

Not Labor Lodge

Editor Evening Bulletin:—If you would allow us space in your valuable columns, we would desire very much to correct a statement which appears in your paper of January 2d, 1927, which has a tendency to discredit our Association, placing it on a par with labor organizations.

In the issue above referred to, under the heading, "Iaukea Given a Free Hand by Democrats," that portion of the article referring to Mr. L. B. Reeves, as having applied for membership in the local Harbor of Masters and Pilots and being refused admittance and possibly his strike-breaking record was what stopped him, is what we most desire to contradict.

Mr. Reeves never was an applicant for membership in Honolulu Harbor No. 54, of the American Association of Masters, Mates and Pilots. His strike-breaking record, if he has one, would not be the means of barring him from membership in our Association.

We are licensed masters, mates and pilots of vessels of the United States and are organized for the better regulation of matters pertaining to our craft, the promotion of the social welfare of the members of our profession, and the elevation of our standing as such, and we aim to be a respectable body of men, studying the interests of our employers, as well as those of our own.

We are confident that you will recognize the injustice done our Association and trust you will grant us the space to correct it. Very respectfully yours, HONOLULU HARBOR No. 54, FRANK C. POOR, Secretary.

Honolulu, Jan. 10, '27.

THOSE GOOD TEACHERS

Editor Evening Bulletin:—In the weekly edition of the Evening Bulletin we read: "Pay Teachers First," says Link, "Get Schools Later." A chorus of "ayes" arises from Puna to the farthestmost point of Kanai in support of Mr. McCandless' remarks under this heading.

But these "ayes" are not the power faction. They are something like the Hebrews in the Land of Egypt, with whose sweat and blood the country was made mighty.

But—"We are in an age of reconstruction." Truly. We must build up the country. Truly.

The First of the Year

merchants and all others will want BLANK BOOKS, CALENDAR PADS, INKSTANDS, PENS, PENCILS, to fit up your office. We have just received a large shipment of OFFICE SUPPLIES.

As we are closing out our STOCK CABINETS same will be sold at cost.

WALL, NICHOLS CO., Ltd

That Bail Craft

Editor Evening Bulletin:—The P. C. A. can learn where the profits off the Bail, the salary of the incumbent and all other craft went by referring to his accounts with the Bank of Hawaii, J. A. Magoon and Estate of S. C. Allen for half a dozen years, more or less, previous to Oct. 1924.

Wm. Henry can perhaps furnish testimony. Perhaps the Grand Jury might get some knowledge by fully investigating the station house and prison accounts covering all the time the incumbents were Grafting.

WILL NOT HOLD REGATTA FEB. 22

The Waikiki regatta is not to be held on Washington's birthday, as was at first proposed after it became necessary to postpone the event from New Year's day. That was decided upon yesterday afternoon at the meeting of the Promotion Committee.

The Floral Parade will take place on that date, as planned. All arrangements for it will be in charge of Walter Dillingham, who has full authority to act and call upon any others he desires to assist him in the work.

On account of the fact that there will be no special lot of excursionists in the city on February 22 except Mrs. Wethered's party, which is due to arrive on the Alameda the morning of the parade, for this year only, he postponed to a later date when the Los Angeles excursion will be here.

The other members of the committee, however, opposed any change, on account of the fact that February 22 is known everywhere as the day for Honolulu's floral parade. It was suggested, however, that there is no necessity of having the regatta on the same day, and the committee decided to save this event until some time after February 28, on which date the Los Angeles excursion is due to arrive. It is desired to have some plan for amusing the visitors, and the regatta, it is thought, will prove of great interest to them.

J. A. McCandless reported that he had called a meeting of the Automobile Club for this afternoon, to discuss the matter of the floral parade and the part which the automobilists will take in it.

The Los Angeles Agency, Secretary Wood reported, is now in charge of Lloyd Childs, and the agency after this it will be in the Los Angeles Chamber of Commerce building. A very attractive exhibit is to be installed there.

As a special feature of the promotion work in Los Angeles, arrangements have been made to give an illustrated lecture daily in the auditorium of the Chamber of Commerce building. This will be commenced as soon as the films for the moving pictures can be obtained. Good results are expected from this feature of the work, as the visitors at the Los Angeles Chamber of Commerce during the winter season average between 1200 and 1500 daily.

Secretary Wood is also in correspondence with the firm of Lord & Thomas in regard to having Hawaiian posters issued for mainland advertising purposes. The secretary has, in addition, written for information regarding a number of stereoscopic cases in which from 20 to 100 views of Hawaii can be shown. Several of these, it is proposed, will be installed in the promotion rooms of Honolulu and Los Angeles.

Secretary Wood presented the regular accounts for December which were passed. The total amounted to \$748, of which \$363 was for mainland work.

J. A. Morgan reported that he is having difficulty in inducing some of the merchants to renew their subscriptions for the promotion work. It will be impossible to secure any funds for the purpose before July 1 from the Legislature, should that body make an appropriation for the work, and the merchants have promised to donate only up to January 1.

The Promotion Committee passed the following resolution in regard to the proposed Pan-Pacific Commercial Congress, which will be forwarded to Washington: "Whereas, in the development of the trade of the Pacific the commercial prestige of our country should ever be borne in mind and every effort tending to its advancement encouraged; therefore, be it

Resolved, That the Hawaii Promotion Committee most heartily endorses the plan for a Pan-Pacific Commercial Congress as advocated by Honorable George H. Carter, Governor of the Territory of Hawaii, and in the furtherance of the plan the secretary is hereby authorized and instructed to forward copies of this resolution to the Secretary of State at Washington, also to Honorable J. K. Kalaniana'ole; and be it further

Resolved, That Delegate Kelaniana'ole be requested to appeal to Congress for an appropriation sufficient to enable the State Department to arrange for a Convention of American Consuls to be held at Honolulu."

BORN

McGHEW—In this city, Jan. 11, 1906, to Mr. and Mrs. F. M. McGrew, a son.

The Kapiolani Estate, against which Jas. L. Holt, Tax Assessor, has brought a bill to enforce a lien, filed its answer yesterday afternoon. It takes the ground that the Assessor had no legal authority for the increase in the assessed value of the premises; also that the court has no jurisdiction in the matter.

AN ONLOOKER.

By order of his physicians, Harry Tomlins of the Star staff is taking a short vacation to recuperate from the strenuous labors of his position.

A. M. Brown, against which High Sheriff Henry secured judgment in the sum of \$1900 with interest amounting to over \$600, has filed an appeal for a new trial on exceptions.

Judge De Bolt this morning overruled the demurrer of W. C. Peacock, defendant in the action brought by Henry May & Co., Ltd., and allowed the defendant ten days in which to answer further.

A Japanese named Fujikawa was given six months in jail this morning on a charge of vagrancy by Judge Whitney. When arrested nearly 40 keys of various kinds, many of them skeletons, were in his possession.

The opening of the Okolekole distillery in Kona has been postponed for about ten days. The plan of the plant, which under the law must be filed with the Internal Revenue Collector, does not show all the details required. M. H. Webb was sent to Kona in the Mauna Loa today to prepare a proper plan.

The trial of Kalkano, charged with having had illegal relations with a girl under 11 years, was begun in Judge Robinson's court this morning, having been postponed from yesterday, on account of four of the jurors being stalled at Aiea by a washout in the road. The jury which is to decide as to the guilt or innocence of Kalkano is as follows: Eugene Vessie Todd, Wm. L. Warren, Richard Cheatinou, Benj. H. Clarke, Edwin K. Fernandez, John K. Clarke, Jas. Steiner, Wm. G. Walker, C. A. Yarrick, Horace N. Crabbe, John J. Greene, Chas. A. Bon.

WILL NOT HOLD REGATTA FEB. 22

The Waikiki regatta is not to be held on Washington's birthday, as was at first proposed after it became necessary to postpone the event from New Year's day. That was decided upon yesterday afternoon at the meeting of the Promotion Committee.

The Floral Parade will take place on that date, as planned. All arrangements for it will be in charge of Walter Dillingham, who has full authority to act and call upon any others he desires to assist him in the work.

On account of the fact that there will be no special lot of excursionists in the city on February 22 except Mrs. Wethered's party, which is due to arrive on the Alameda the morning of the parade, for this year only, he postponed to a later date when the Los Angeles excursion will be here.

The other members of the committee, however, opposed any change, on account of the fact that February 22 is known everywhere as the day for Honolulu's floral parade. It was suggested, however, that there is no necessity of having the regatta on the same day, and the committee decided to save this event until some time after February 28, on which date the Los Angeles excursion is due to arrive. It is desired to have some plan for amusing the visitors, and the regatta, it is thought, will prove of great interest to them.

J. A. McCandless reported that he had called a meeting of the Automobile Club for this afternoon, to discuss the matter of the floral parade and the part which the automobilists will take in it.

The Los Angeles Agency, Secretary Wood reported, is now in charge of Lloyd Childs, and the agency after this it will be in the Los Angeles Chamber of Commerce building. A very attractive exhibit is to be installed there.

As a special feature of the promotion work in Los Angeles, arrangements have been made to give an illustrated lecture daily in the auditorium of the Chamber of Commerce building. This will be commenced as soon as the films for the moving pictures can be obtained. Good results are expected from this feature of the work, as the visitors at the Los Angeles Chamber of Commerce during the winter season average between 1200 and 1500 daily.

Secretary Wood is also in correspondence with the firm of Lord & Thomas in regard to having Hawaiian posters issued for mainland advertising purposes. The secretary has, in addition, written for information regarding a number of stereoscopic cases in which from 20 to 100 views of Hawaii can be shown. Several of these, it is proposed, will be installed in the promotion rooms of Honolulu and Los Angeles.

Secretary Wood presented the regular accounts for December which were passed. The total amounted to \$748, of which \$363 was for mainland work.

J. A. Morgan reported that he is having difficulty in inducing some of the merchants to renew their subscriptions for the promotion work. It will be impossible to secure any funds for the purpose before July 1 from the Legislature, should that body make an appropriation for the work, and the merchants have promised to donate only up to January 1.

MAY BE DECLARED TO BE A BIGAMIST

A man doesn't often try to convict himself of bigamy, but that is what David Linanui is trying to do, according to the statement made by Lyle A. Dickey this morning in Judge Lindsay's court.

Linanui's wife, Maria Ikeole Linanui, obtained a divorce from him on December 12 by default. Linanui, through his attorney, Judge Gear, moved the court that the decree be set aside, and this morning the matter was up for argument. Neither Linanui nor his attorney was present, but Dickey was there for the wife. He made the statement to the court that if Linanui were successful in getting the decree set aside, he would be a bigamist, as he had married again on December 31.

It is probable that Linanui forgot all about his little matter in the courts in the joys of starting married life again and neglected to tell his attorney to discontinue the case.

Annie Aselelo wants the Court to set her loose from her husband, Pascal Aselelo, who, she says, has failed to support her since their marriage.

MOANA HAS MANY CASES OF ONION

The Canadian and Australian steamship Moana arrived this morning at 9 o'clock from the Colonies, about 15 hours behind her schedule time. She was late in leaving Suva and lost a few more hours on the passage up, being delayed by heavy seas and more or less wind. The Moana brings only one passenger for Honolulu, W. H. Berkeley, a lawyer from Suva, who is here on a trip in which he will combine both pleasure and business.

The cargo for this port consists of 46 tons of miscellaneous freight, the most important shipment of which is 200 cases of onions. Tea, preserves, cotton goods and curios from the South Sea Islands compose the remainder of the freight for this city. Besides this the through cargo consists of 700 tons of sugar and 600 carcasses of mutton for British Columbia.

The Moana will take a large passenger list from this port and will leave this afternoon at 3 o'clock.

GORONADO NEW OFFICERS

The barkentine Coronado, which returned here yesterday afternoon with her captain and first officer both under the weather, sailed again this morning at 12:30 o'clock for the Coast. Charles J. Lunn, formerly the commanding officer of the City of Peapeeta and recently mate of the Aloha, will take the Coronado to the Coast and T. J. Leonard, formerly mate of the Abbie Palmer, will act as her first officer.

Mate Peterson has been taken to the Queen's Hospital, where he will receive medical attention, and Captain Potter will probably leave for the Coast on the next steamer, as he is in very bad shape.

ALAMEDA NOT SIGHTED

The Alameda had not been sighted up to 2 o'clock and is expected at any moment. She has probably encountered the tail end of the storm which has been met by a number of the vessels which have made the trip from San Francisco in the past few days. The Alameda was due this morning.

THE BUSINESS MAN'S HANDY INDEX, published in the Saturday Bulletin and the Weekly Edition, gives a concise and complete resume of all legal notices, calls for tenders, judgments, building permits and real estate transactions. Evening Bulletin, 75¢ per month. Weekly Bulletin, 85¢ per year.

There does not appear to be much in a name. Mrs. Birdsong of Mississippi is on trial for killing a man.

Legal Notices.

No. 83. TERRITORY OF HAWAII COURT OF LAND REGISTRATION

TERRITORY OF HAWAII TO PETER C. JONES, LIMITED; CHUNG MONG; KIRK B. PORTER; MA NOEL MACHADO; LIJUOKA LANI DOMINIS; GEORGE MORRIS; EDWARD LYCAN and EVA LYCAN his wife; and to ALL whom it may concern:

Whereas, a petition has been presented to said Court by LIEBERT HUBERT BOEKNAEMS, Bishop of ZEUMUA, Vicar Apostolic for the Catholic Church in the Territory of Hawaii, to register and confirm his title in the following-described land:

Beginning at the Government Survey Trig. Station, Kamanaki, from which point the following Trig. Stations bear, by true azimuth: Kaholoakeka, 93° 12' 16", 5537.5 ft.; and Punchbowl, 3° 53' 16", 16258. ft.; and running as follows, by true azimuth: (1) 248° 34', 751.5 ft., along Kamanaki, the top of the ridge being the boundary;

(2) 159° 55', 2926. ft., along L. C. A. 8559, to rock on the west side of the stream;

(3) Thence along the center of the stream, along land described in L. C. A. 8559, R. P. (Grant) 3099, L. C. A. 1930, Ap. 2, R. P. (Grant) 3423; L. C. A. 7168, to a rock in the stream, marked X, (the direct bearings and distances being: (a) 60° 02', 647.5 ft.; (b) 88° 40', 545. ft.; (c) 53° 57', 1311.1 ft.);

(4) 300° 55', 2229. ft., along Original Cert. No. 39 to Peter C. Jones, Ltd.;

(5) 249° 57', 289.5 ft., along Kamanaki to the initial point; containing an area of 80. Acres, a little more or less, being L. C. A. 6459 Ap. 6, to Kaunohoua for W. L. Moehoua, R. P. 7168, at Mokuauia, Kaihi Valley, Oahu.

You are hereby cited to appear at the Court of Land Registration, to be held at Honolulu, Island of Oahu on the 14th day of February, A. D. 1907, at one o'clock and thirty minutes in the afternoon, to show cause, if any you have, why the prayer of said petition should not be granted. And unless you appear at said Court at the time and place aforesaid your default will be recorded, and the said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, PHILIP L. WEAVER, Esquire, Judge of said Court, this 3rd day of January, in the year nineteen hundred and seven.
Attest with Seal of said Court.

SPORTS

Automobile Tricycles Coming Into Use In Cities

The much despised tricycle of years ago is in a fair way to lose another enemy, now as a motor machine. As a mode of conveyance for single passengers it is meeting with much favor in the large cities. It has experienced a changing about in the arrangement of its three wheels. Like the sewing needle which is used to work better by placing the eye at the other end, and the shogun that was once loaded from the muzzle, but was to be easier and better loaded from the breech end, so with the tricycle. The two large wheels are now placed in front, with the rear or steering wheel behind. Over the axle of the front wheels is placed an upholstered seat similar to those on automobiles but arranged for only one passenger. The driver of the machine sits on a seat such as any motorcycle would have and with his passenger securely seated before him, they go shooting away at a speed that makes an automobile green with envy.

They are used for hire extensively in San Francisco, there being many hundreds of them in commission. Hilo, Jan. 8.—The football match which was played between the teams from Hahakoa and Waialua on New Year's day was a roughly contested match each team winding up with a single score. The game was played in a driving wind and rain for most of the time and Mookien Park was the center of the attraction for the afternoon as every other attraction promised was postponed. The attendance was nevertheless surprisingly large in view of the state of the weather and of the fact that very few people had ever seen a game of association football. While the game was interesting at every minute the conditions of weather and the disposition of the ball rendered it anything like a first class exhibition of the sport.

During the first half neither side scored, but early in the second Waialua put the ball through and Hahakoa shortly afterwards scored. Hahakoa played one man short throughout the game. It is proposed that the game shall be played off on the 27th inst, the day after the Burns Concert and dance. The teams were as follows: Waialua—A. Smith, goal; R. Forbes, L. H. R. Lindsay, R. B.; R. Hamilton, center half; W. Brien, L. H.; Alex. Fraser, R. H.; W. Irvine, C. F.; W. Chalmers, O. L.; D. Willkie, I. L.; J. Wilson, I. R.; A. Hunter, O. B. Hahakoa—J. Fraser, goal; J. S. B. Mackenzie, L. B.; G. P. Lillioe, R. B.; J. McNicholl, L. H.; P. Anderson, R. H.; J. M. Jamie, C. F.; J. Henderson, O. L.; W. W. McCall, I. L.; Theo. Scott, I. R.; W. Elliot, O. B. A. Lowe, referee. W. Taraball and A. Almslee, linesmen.

MADE IT A TIE

Hilo, Jan. 8.—The football match which was played between the teams from Hahakoa and Waialua on New Year's day was a roughly contested match each team winding up with a single score. The game was played in a driving wind and rain for most of the time and Mookien Park was the center of the attraction for the afternoon as every other attraction promised was postponed. The attendance was nevertheless surprisingly large in view of the state of the weather and of the fact that very few people had ever seen a game of association football. While the game was interesting at every minute the conditions of weather and the disposition of the ball rendered it anything like a first class exhibition of the sport.

During the first half neither side scored, but early in the second Waialua put the ball through and Hahakoa shortly afterwards scored. Hahakoa played one man short throughout the game. It is proposed that the game shall be played off on the 27th inst, the day after the Burns Concert and dance. The teams were as follows: Waialua—A. Smith, goal; R. Forbes, L. H. R. Lindsay, R. B.; R. Hamilton, center half; W. Brien, L. H.; Alex. Fraser, R. H.; W. Irvine, C. F.; W. Chalmers, O. L.; D. Willkie, I. L.; J. Wilson, I. R.; A. Hunter, O. B. Hahakoa—J. Fraser, goal; J. S. B. Mackenzie, L. B.; G. P. Lillioe, R. B.; J. McNicholl, L. H.; P. Anderson, R. H.; J. M. Jamie, C. F.; J. Henderson, O. L.; W. W. McCall, I. L.; Theo. Scott, I. R.; W. Elliot, O. B. A. Lowe, referee. W. Taraball and A. Almslee, linesmen.

HILLO NEW YEAR RACES

Hilo, Hawaii, Jan. 8.—Postponed events are almost invariably failures and the race meeting of the Hawaii Jockey Club which, owing to the severe weather, was put off from New Year's day to last Saturday, was no exception to the rule. The races themselves were good but the attendance was very small. The plantation people were all working and the usual delegations from out of town were therefore conspicuous by their absence.

The wisdom of postponing in the first place has been seriously discussed, but the officers of the Jockey Club felt themselves to be in a different position from those usually occupying the position. Nearly all of the horses at the track were being looked after by the club for the owners, many of the boys riding were inexperienced and the officers of the club judged it better to face a certain monetary loss than to take the risk of sending inexperienced lads out on a very wet track with other people's horses.

The results were as follows: Half mile, Hawaiian bred, catch weight; purse \$25 and cup—Strawberry, Kukulau ranch, 1; Pihani, Kapapa ranch, 2; Puaoua, Kapapa ranch, 3; Esterboy, P. Rodriguez, at 2:00. Time, 32 secs. Half mile, Hawaiian bred, purse \$25 and cup—Abidone, Kapapa ranch, 1; Kae Kae, Kapapa ranch, 2; Haha, Yukuano, Haha, 2. Time, 32 secs. Three-eighths mile, Hawaiian bred, purse \$25 and cup—Gusterson, P. Rodriguez, 1; Kabanaka, Kapapa ranch, 2; Yakuo, 2nd Yukuano, Haha, 2. Time, 42 secs. Half mile, Gentlemen's riding course, purse \$25 and cup—Lad, C. B. Lyman, 1; Frank, J. Castello, Jr., 2. Time, 1:12. Three-quarter mile, Hawaiian bred, purse \$25 and cup—Abidone, Kapapa ranch, 1; Kae Kae, Kapapa ranch, 2; Haha, Yukuano, Haha, 2. Time, 1:24. Half mile, trot or pace, best two in three heats, purse \$25 and cup, time to win cup to be 1:20 or better—Archie, R. J. Lyman, 1; John D. J. D. Easton, 2. Time, 1:25, 1:24. One mile, extra—Major, P. A. Birmahine, 1; Haha, Kapapa ranch, 2. Time, 2:15. One mile, Hawaiian bred, novelty race, purse \$25 and cup—Hildgate, Kukulau ranch, 1; C. B. Lyman, 2. Time, 1:57. One mile, extra—Major, P. A. Birmahine, 1; Haha, Kapapa ranch, 2. Time, 2:15. Half mile, special—Lad, Kapapa ranch, 1; Kae, Yukuano, Haha, 2. Time, 1:24. YACHTMEN ARE STIRRING

GETTING UP TO DATE. The following conversation took place between two young business men the other morning on their street and the same goes to show how Honolulu is progressing. "Well I never expected to see you down town this morning after the time you were on last evening. How did you do it?" "It was this way," answered the one addressed, "I got into a hack and told the driver to take me home. He wanted to know if I had not made a mistake and advised that I stop off at the Hotel Bath. Now just let me explain. They put me through that Turkish bath arrangement and turned me into bed looking like a well-bled lobster. When I got up this morning I took a dive in the pool, and believe me, Jack, I feel like going up against Jerry's just now. Yes, that is the dope for me hereafter." "Well," said number one, "Guess I will take a chance next time." Additional Sporting News on Page 8.

SPORTS

Additional Sporting News on Page 7.

SUNDAY BASEBALL GAMES

The Winter League was a success last year, according to John F. Soper, in spite of the declarations made by Senator Dickey, and before any bill is passed through the Legislature which will kill Sunday baseball there will be one of the greatest fights which has ever taken place in the Executive building. If Senator Dickey and the Civic Feds believe that the fans are going to be down and allow such a law as has been proposed to go through without their saying anything, they will surely find out their mistake.

The fight will come just as much from Hilo as it will from Honolulu as Sunday baseball in the Hawaii town is even more popular than it is here and it seems to be here to stay. The members of the Legislature from the other islands will have their votes on this matter just as much as anyone else and it is dollars to doughnuts that a bill such as has been proposed will die a most unnatural death before it even gets into action.

There are a number of expenses in conducting ball games which probably are unknown to the members of the Civic Federation, such as the cost of keeping the grounds in repair, cost of bats, balls, bases, uniforms, shoes, and many other incidentals, which bring the total expenses up to a large sum. The writer has seen games in which a full dozen baseballs were used. These cost \$1.25 apiece but according to the backers of the proposed law the players would be supposed to stand all the expense of this loss, as well as of any bats which would be broken.

Before any such law is passed it is to be hoped that some kindly disposed millionaire will endow baseball in this city with a large enough fund to provide an income for these expenses, which, under the proposed law, would come from the pockets of boys who play the best game on earth for the sport they get from it, but who cannot afford to pay out \$2, \$3 or perhaps more each week for the privilege of doing so.

The players provide the sport and do the work and it is not, in the mind of any thinking person, right that they should pay all the expenses of those who come to witness their efforts.

SPORTING GOSSIP

London, Dec. 22.—A "noiseometer" may be the next scientific marvel. Chief Commissioner Henry of the Metropolitan Police announced at an automobilists banquet that the problem of constructing an instrument for measuring noise is being studied by a great scientist in consultation with Lord Rayleigh.

Such an instrument would enable the police to fix a standard of noise, and remove the chief cause of complaint against motor omnibuses, whose noise and vibration cannot at present be reduced for want of an agreement on what "undue noise or vibration" should be.

"Unfortunately," said Sir Edward Henry, "we have not yet been able to formulate a standard of noise. The form and intensity of the electrical current can be expressed in terms of precise significance, but the instrument has not yet been invented which will standardize noise."

"I do not say, however, that it can not be invented, because I am in communication with a scientist of great reputation who is now devoting his thoughts and ingenuity to solving this problem."

DINNER POSTPONED

Owing to the unsettled weather the committee in charge of the Commercial Club dinner has decided to postpone the event which was set for January 17th. It is hoped that the elements will settle down so that the dinner can be scheduled for an early date.

Secretary Shaw has let the secret escape. He admits that he is responsible for the nation's prosperity.

WORK BEGUN ON KALHI SEWER

Will Improve Sanitary Conditions Of That District

Ground was opened yesterday for the Kalhi section of the sewerage system and the work will go forward steadily until its completion. The contract is for about \$20,000, and is held by E. J. Lord. It calls for the completion of the section by May 14.

This sewer section will provide for better sanitary conditions for the Kamehameha schools and for those living in that vicinity, future extensions to the main line, which are contemplated, will provide for a large portion of the Kalhi district.

Assistant Superintendent of Public Works Howland states that the outlet is to be in Kalhi bay, running past the Kalhi sewer receiving station. The entire length of the system to be constructed under this contract is approximately 7400 feet, including the outfall. It will extend from the outfall on Kalhi street, crossing King street, to Beckley.

The outfall will be of 24-inch riveted-steel pipe encased in concrete. The sections back from that will be of 16, 12, 10 and 8-inch vitrified pipe.

Ironing Shirts

Serial Story No. 1

The way in which we iron your shirt bosoms is not as destructive as you may imagine. We simply place the bosom on a soft padded board and press it against a steam-heated ironing plate, holding it there until dry and stiff. This method of ironing, we think you will admit, is even easier on the goods than hand work would be, for there is no rubbing or friction used whatever.

HARTMAN STEAM LAUNDRY is the only laundry in Honolulu with a machine to press shirt bosoms in the manner described above.
