THE DUNREGGAN SALVAGE MONEY

Judge Estee Divides Up \$12,000 Amongst the Salvors.

IROQUOIS ASKING NOTHING GETS IT

Fearless Makes Good Thing—Claudine-Carson Collision Again—Habeas Corpus for W. H. Marshall.

Judge Estee in the United States District Court this morning rendered his decision and judgment in the bark Dunreggan salvage case. He went exhaustively into the facts and the law, citing authorities from the year 1800 right down through this century. Those who heard the decision read commented upon its clear, concise and fluent diction. The judge had read almost 900 pages of testimony and heard argument of counsel which lasted for more than two days.

Judge Estee awarded \$12,000 of salvage money, to include the services of all three vessels concerned. He adjudged as follows:

That of this \$12,000 the U. S. tug Iroquois would have been entitled to \$3000 if she had made any claim for salvage. She not having done so, that amount inures to the bark Dunreggan and her cargo.

That the Hawaiian tug Elen has been already paid and received in full for her services amounting to the sum of \$157.70.

That Captain Macaulay of the Elen, intervenor, is entitled to some compensation for the services rendered by him, and the Court awards him the sum of \$500.

That the balance of the said \$12,000, after deducting the amounts above awarded—to wit, \$342.30—is ordered distributed as follows:

To Captain Brokaw, \$600; to Richard B. Selke, mate, \$200; to Bert Wheeler, chief engineer, \$150; to J. S. Purdie, assistant engineer, \$100; to Dave Rees and C. Torkelsen, deck hands, \$50 each; to William Parker and J. Hancock, firemen, \$50 each; to John Johnson, cook, \$35; to J. Wiess, mess boy, \$15—these constituting the master and crew of the tug Fearless.

The balance of \$704.30 goes to John D. Spreckels & Bros. Co. of San Francisco, owners of the tug Fearless.

F. M. Hatch for the libellant; Paul Neumann for the intervenor; W. A. Whiting and Holmes & Stanley for the ship and cargo.

THE COLLISION CASE.

Judge Estee ruled that the libels of J. S. Low and Captain John Piltz against Wilder's steamer Claudine and the owning company, connected with the collision that sunk the bark Wm. Carson, be tried together and that the libellants have until Saturday to file their answers.

MARSHALL HABEAS CORPUS.

A petition for a writ of habeas corpus in behalf of W. H. Marshall, serving sentence of six months' imprisonment for libel, was presented to Judge Estee this morning by J. T. De Bolt, attorney for the prisoner. It was made returnable at 10 o'clock tomorrow morning. Marshall is working in the road gang, having been sent to prison on Tuesday under a decision of the Supreme Court which held that, between the passage of the annexation resolution on July 7, 1898, and the inauguration of the Territorial govern-

CASE OF ASSAULT.

M. C. Hamman was arrested yesterday on the charge of assault and battery, the complaint having been sworn to by J. J. Belsler, son of the sewer contractor, who alleged that he had been struck in the face by Hamman. In the Police Court this forenoon, defendant was fined \$10 and costs and warned to desist from committing assaults on people.

The trouble arose on account of Belsler's action in tying his horse outside Hamman's shop on Fort street during the last three days. Yesterday forenoon Hamman was in the act of taking the horse to the other side of the street when the owner arrived and remonstrated. Hamman retorted and then struck Belsler. The latter clinched with his assailant and pushed him away but he was at him again. Once more he pushed him off and the third time, he pushed him down.

\$50,000 BOND FILED

WILL OF J. H. WOODS NEEDS CONSTRUING

Mrs. Ulbricht Waives Balance in Favor of Her Children—Snog Estate Left by J. J. Stewart.

A bond of \$50,000 was filed today by J. M. Monsarrat, guardian of the person and property of Genevieve Dowsett, a minor, the sureties being Geo. R. Carter and C. M. Cooke.

Emilie Ulbricht has filed her first and final account as guardian of her minor children and petitioned for discharge. She received \$92.75 and paid \$40.75, leaving a balance due herself, which she waives, of \$248. Mrs. Ulbricht petitions for leave to resign the guardianship and some suitable person to be appointed in her place. Her three minor children own a lot near Makee Island, Waikiki, valued at \$1300.

Justice Perry and Henry Waterhouse trustees of the estate of the late J. H. Woods, came before Judge Humphreys in connection with their sixth annual account. A ruling was wanted on the questions of whether or not the amount of legacies under the will should bear interest. A. G. M. Robertson, as guardian ad litem, for the minor children of Florence A. Jones; L. Andrews for Florence A. Jones; the trustees in person. A decision was promised tomorrow. It appears that the wording of the will presents some difficulty of construction.

A petition that Frank E. Thompson be appointed administrator of the estate of James J. Stewart, deceased, has been filed by W. Austin Whiting, attorney for the City Furniture Store, H. H. Williams, manager, a creditor. The estate consists of personal property in this Territory valued at \$1305 and 80 acres of land in Murray county, Minnesota. The heirs are three sisters in the States and a brother in England.

REPLY TO GERMANY

(Associated Press Night Report.)

Washington, Oct. 4.—Following is the reply of the United States Government to the German note relative to the punishment of Chinese offenders:

The Secretary of State to the Imperial German charge, Washington in response to the inquiries made of the Secretary of State, October 1, 1900, by the Imperial German charge d'affaires touching the Chinese Imperial edict in regard to the punishment of Prince Tuan and other big Chinese officials.

The Chinese Minister communicated to the Secretary of State, on the 1st inst., a telegram received by him from Director General Sheng, conveying the purport of an Imperial edict, dated September 25, 1900, by which the degradation and punishment of Prince Tuan and other high Chinese officials, is decreed.

The Government of the United States is disposed to regard this measure as a proof of the desire of the Imperial Chinese Government to satisfy the reasonable demands of the foreign powers for the injury and outrage which their legations and their nations have suffered at the hands of evil-disposed persons in China; although it has been thought well, in view of the vagueness of the edict in regard to the punishment which some of the inculpated persons are receiving to signify to the Chinese Minister the President's view that it would be most regrettable if Prince Tuan, who appears from the concurrent testimony of the legations in Peking to have been one of the foremost in the proceedings complained of, should escape such full measure of exemplary punishment as the facts warrant or if Kang Yi and Chao Shu Chiao should receive other than their deserts.

With a view of forming a judgment on these points the United States Minister in Peking has been instructed to report whether the edict completely names the persons deserving chastisement, whether punishments proposed accord with the gravity of the crimes committed; and in what manner the United States and the other Powers are to be assured that satisfactory punishment is inflicted.

It is hoped that Mr. Conger's replies to these interrogations, will confirm the Government of the United States in the opinion which it now shares with the Imperial German Government that the point in question is an important initial step in the direction of peace and order in China.

Department of State, Washington, October 5, 1900.

New Plan for Peace

(Associated Press Night Report.)

Washington, Oct. 4.—Propositions of a far-reaching character concerning China are being presented in rapid succession to this Government. The State Department had no sooner disposed of one of these propositions today by delivering a response to the German Government than it was confronted by an even more important proposition submitted by the French Government, and within half an hour formally seconded by the Russian Government. The answer to Germany covered the subject of punishing Chinese subjects and made known that the United States had instructed Minister Conger along the lines suggested by Germany. These instructions look toward securing the names of the persons deserving chastisement, also whether the punishments are in accord with the gravity of the crimes committed and finally, in what manner the United States and other Powers are to be assured that satisfactory punishment is inflicted.

Aside from these specific purposes of the note it is regarded as important chiefly in establishing the most satisfactory relation between the Governments at Washington and Berlin.

The Franco-Russian proposal takes a much broader scope and submits a program under which the negotiations for a complete settlement can be carried forward. The French charge, M. Thiebaut, handed the proposition to Secretary Hay shortly after noon today and held a brief conference concerning it. Half an hour later, M. de Wallant the Russian charge, arrived at the State Department and handed to Mr. Hay a cable expressing Russian approval of the propositions just submitted by France. Mr. Hay gave no formal answer to the two communications as they will go first to the President at Canton.

The Franco-Russian proposition is under four heads, namely, first, punishment of the guilty parties; second, interdiction of the shipment of arms into China; third, payment of indemnity to the Powers and fourth, sufficient guarantees for the future.

In addition a suggestion is made for the establishment of a permanent legation guards at Peking for the raising of the Taku forts and for the maintenance of a line of communication between Peking and the sea.

The impression here, in advance of action on these propositions by our Government, is that they contain nothing essentially unifying them to be subjects of consideration in a final settlement. The difficulty which is likely to arise lies in the placing of proper limitations upon the scope of each head. This is particularly true of the subject of guarantees and perhaps that of indemnity. Still, as already suggested, each is undoubtedly a most proper subject for discussion, for when the final negotiations are reached and, therefore, M. Delcaass's broadest propositions, while likely to consume some time in reducing them to ultimate and binding form may be said to have a fair reception awaiting them.

As to the interdiction of arms, the State Department already has intimated that there may be a question as to its wisdom and there is reason to believe also that Germany will not

view that particular feature with approval. But there appears to be good reason to expect that a middle ground will be reached by confining the interdiction of arms to a specified period, possibly to be fixed by the time required by China within which to pay the indemnity. The chief objection to the proposition is in its being permanent in its present form.

When the United States Government particularly desires to avoid is the entering into of a program that leans in any manner toward the maintenance of a foothold on Chinese soil and if the other propositions relative to the maintenance of a line of free and safe communication between Peking and the sea and to the legation guards could be modified in the direction of temporary expedients they will be more likely to receive the support of our Government. It is apparent from the complexity of the latest Franco-Russian proposal that the phase of negotiations thus initiated will take some time to dispose of.

Absolutely No Arguments Put Forth at Mass Meeting of Independents Last Night—Jim Quinn and Others Speak.

For delegate for Congress—R. W. Wilcox.

For Senators—D. Kalanokalani, James K. Kūhila, D. Kanaha, J. O. Carter, S. K. Pua and Robert N. Boyl. For Representatives (Fourth District)—E. C. Macfarlane, James C. Quinn, J. K. Clark, J. K. Nakookoo, D. Kalanokalani, Jr., and M. H. Kailimal. (Fifth District)—William Moseman, S. K. Mōhōe, J. P. Makainal, George Makham, J. K. Paele and J. Prendergast.

This is the ticket the Independents decided on at their convention in the drill shed yesterday afternoon.

A big crowd of natives, both men and women, were present at the mass meeting in the evening to listen to the bombastic flow of language on the part of Wilcox in particular. From start to finish, there was not a single argument produced in favor of affiliation with the Home Rule party. The natives were told that they should stand firm on account of their aloha for the country and the haoles were given a "cussing out" that was really vehement. Such epithets as "cockroaches" and "snakes" were applied to them but the speakers failed to produce anything convincing.

F. J. Testa of the Independent has withdrawn from politics for the present, and has sent in his withdrawal from the Democratic ticket as a nominee for the Senate. Following is the letter sent:

Honolulu, October 10, 1900.

Col. C. J. McCarthy, Chairman Democratic Territorial Central Committee of Hawaii, Honolulu.

Sir:—After mature consideration, I have decided to withdraw from politics for the present and to apply myself strictly to business.

Yours respectfully,
F. J. TESTA.

Several of the most prominent Chinese were talked to yesterday about the voting strength of their nationality in the Islands and they all agreed that the number would be in the neighborhood of a hundred. Without the least hesitancy, they stated that Hon. Samuel Parker was their choice as delegate to Congress, he being the only man who could do Hawaii any good work in Washington. The Chinese, they further stated, were with the exception of a few, believers in the principles of Republicans and would vote according to that belief.

The Socialist Labor party will hold a meeting in Assembly Hall at 7:30 o'clock this evening for the purpose of telling the natives what it is they intend to do.

Republicans will hold a big meeting at Ewaliko's place on the Pawa road this evening. There will undoubtedly be a big crowd in attendance.

The headquarters of the Young Men's Republican Club in the Irwin block, on Nuuanu street, will be open every evening from 7 to 9 for the purpose of giving instruction in balloting. All young men in the city are welcome, regardless of party affiliations.

The Island of Nihoa has just thirty-nine eligible voters. When the steamer W. G. Hall took the Board of Registration from Kaula to that island, only twenty-four could be secured. The others were out on a fishing trip.

Queen Street Accident.

After a blockade on Queen street this morning Kahala, one of Huxtable & Co's drivers, attempted to pass in front of a moving street car at very close range. The mules of the car were crowded up to the wheels of the dray and one of the poor brutes had its hoof run over and badly crushed. Kahala was arrested on the charge of furious and heedless driving and both he and the mule were taken to the police station.

HASN'T A SUCCESSOR

NO DEPUTY MARSHAL FOR HAWAII JUST NOW

The Mistake That Metz Made—Not Enough Business to Pay a Man in Fees—Congress May Act.

U. S. Marshal D. A. Ray, when asked if he was going to fill the place formerly held by Deputy Marshal Metz on the island of Hawaii, said he was not for the present. Time would be taken to consider the circumstances, these being peculiar. If the officer were paid by salary instead of fees, all that need be done was to look up a good man.

No doubt there was illicit distilling done on the big island, perdrature also more or less smuggling, and its ports might be regarded as an easier proposition for breaches of immigration laws. Yet there were not enough cases of all kinds likely to come within the grasp of a deputy marshal to make his fees amount to a decent living.

The mistake that Metz made was in imagining that he had full swing, of his own motion, in running down breaches of the customs and the inland revenue laws. When he had discovered the limitations of his office he, probably in disgust, ran away from his jurisdiction. His attempt to ride his commission for the island of Hawaii in San Francisco was the next ridiculous illustration of the caliber of his comprehension.

Deputy marshals in the States have as a rule large and compact districts, which, especially in "moonshining" regions, give them ample scope for earning fair compensation.

It is possible that Congress may make some provision, in this as in other matters, to provide for the peculiar conditions in these Islands, each cut up with mountain ranges and all divided by turbulent seas.

CHINAMAN BADLY HURT.

A Chinaman, aged about 35 years, was very nearly killed by the rascality of some native boys in the neighborhood of the brick works, Nuuanu valley, this forenoon.

The fellow was riding a mule and was on his way from the other side of the island with a number of mules laden with fish. As he reached the spot mentioned, some native boys ran up and began to plague the fellow. One of the number had a whip and this he used on the Chinaman's mule.

The animal began to buck and threw the Chinaman over his head. The poor fellow was thrown upon the rocks at the side of the road and he was so badly cut up that he had to be taken to the Queen's Hospital by the patrol wagon.

The Chinaman was frightfully cut up about the face and one hand was fearfully mangled. A toe on the right foot was broken.

One of the native boys has been arrested. Other arrests will probably follow this afternoon.

TO CURE TUBERCULOSIS

Philadelphia, Pa., Sept. 29.—Dr. George Benton Massey of 1831 Chestnut street, claims the discovery of a new method of treating tuberculosis and he says he has effected two absolute cures. In speaking of his new method today the doctor said:
 "My process includes an enforced sterilization of the affected party. This is accomplished by the production of electrolytic salts of mercury in the midst of the germ colony. The salts are then radiated through the surrounding diseased tissue from a gold electrode by a mild current of electricity. This operation must be repeated at least twice a week. A small puncture is made in the skin of neck, under cooling spray, which deprives that portion of the body of all sensation. The opening is made with a sharp needle directly over the enlarged glands.
 "Through the opening a tiny gold tube is inserted, and through the tube, which is really a hollow needle, a drop of quicksilver is injected. This quicksilver is immediately changed into electrolytic salts of mercury by the application of a very slight electric current, which is passed through the needle. The salts are an antiseptic, and by the action of the electric current are radiated through the diseased area. This treatment will usually effect a cure within six weeks. A desirable feature of this method of treatment is that patients are not obliged to desist from their ordinary duties."
 Dr. Massey recently explained his method to the Electro-Therapeutic Society in New York.

STALLION CRECEUS WINS GREAT RACE

Hardest Fought Battle of Season Among the Trotting Kings.

FIVE HEATS TO DECIDE ALL BELOW 2:09 MARK

World's Fastest Stallion Pulls Down \$20,000 Stake--Shows Himself to be Stayer as Well as Speedy.

Boston, Sept. 27.—Creceus, the king of stallions, added a jewel to his crown today by winning in five hard driven heats the \$20,000 race at the meeting of the New England Trotting Horse Breeders' Association on the Readville track. So much of a favorite was the son of Robert McGregor before the trial began that the pools were barred against him. It looked for two heats as if the great stake would be wrested from the king by that wonderful little trotter, Charley Herr, the winner of the Massachusetts stake race last year. But game as was Charley Herr his strength was not equal to the task, and his star set in the third heat when Creceus beat him at the wire. Once after that, in the fourth heat, the Lexington horse made a wonderful bid for the race, leading to the three-quarters and then being beaten out in the stretch by Creceus, who seemed to have marvelous speed just when it meant so much for him.

The day was perfect for the race and the track, while looking a trifle soft, was evidently prime footing. The crowd must have gone well over the 25,000 mark, the people swarming over the grand stand at \$2 a seat and filling the bleachers at \$1 a head. The grounds everywhere around the stands were "standing room only" for thousands. The horses announced to start were Creceus, owned by George Keith of Toledo; Charley Herr, David Hill of Lexington, Ky.; Jupe, T. W. Lawson of Boston; Arlon, Malcolm Forbes of Boston; Grattan Boy, R. H. Plant of Macon, Ga.; Benton M. W. Marble of Wilkesville, and Lord Vincent, George F. Todd of Youngstown, O. Grattan Boy was drawn for the pole, Lord Vincent second and the others in order, Charley Herr, Creceus, Arlon, Benton M. and Jupe outside.

Six times they came down to the wire and then a short delay ensued. On the resumption of scoring the word was given to a ragged start, as Grattan Boy, as the favorite for second place, started a trifle unsteady, and then settled down, but not quick enough to keep Arlon from taking the pole at the eighth, with Charley Herr at his heels. Jupe was the last and the others well bunched. Around the first turn went the horses, and until the quarter it was not possible to pick the position. At that distance Arlon had an easy lead, with Herr right behind Grattan Boy, Creceus and Benton M. making a fast bunch.

At the half the horses were about the same, all moving steadily. On the next quarter the going was very fast, and at the three-quarters Arlon barely led the three-quarters Arlon barely led Charley Herr. All eyes were on Creceus, who seemed to be making Grattan Boy step out, and for an eighth the speed was so great that both horses almost closed up the gap with the leaders. Down the stretch they came but

CHANGES ARE CONTEMPLATED IN THE NEW YORK CITY CHARTER

But the change would also have far-reaching effect in political lines. There is a unanimity on the proposition to abolish the municipal assembly and to have no more councilmen. There is to be a board of aldermen composed of two men from each assembly district in Greater New York, or in all 120 aldermen.

The revision committee will bring in a plan to sub-divide the assembly districts in the election of aldermen and so bring the men to be chosen as near to the people as possible. The revision committee thinks that a man representing about 3000 voters will be reasonably responsive to public sentiment in nearly all districts of the city. The aldermen will be elected every two years and the question of salary is not yet settled. They will have a large measure of legislative power.

It is estimated that the needs of 1000 officeholders will be lopped off and nearly \$2,000,000 a year will be saved in salaries should all the proposed amendments to the charter prevail.

The plan for borough home rule and the creation of 120 aldermen are the really radical changes proposed.

Charley Herr had gone by Arlon, and by a length was under the wire first. The fight was for place, for Creceus, breaking away from Grattan Boy, tried to put his nose ahead of Arlon, but did not succeed.

The second heat was somewhat similar to the first, for it brought Charley Herr again a winner. With the pole he immediately stepped to the lead. Arlon broke when 100 yards away and dropped behind to get his feet. Creceus was after Herr, and at his wheel the two passed the quarter, Grattan Boy third, Arlon sixth and Jupe in the rear. To the half there was no change except that Herr was almost a length ahead of Creceus. As the horses came to the three-quarters Grattan Boy made a bid for a place with the leaders, but he could not hold his speed. At the three-quarters Herr was royally fighting Creceus with his length to the good, and in a grand drive in around the curve and through the stretch Herr won by a nose.

The third heat Charley Herr lost by the same distance he had won the previous heat. He had the pole, but Creceus got the best of the start and Benton M. the worst of it, for the latter never made up the distance lost at the wire. Creceus held the lead to the eighth, was fighting hard to keep Charley Herr behind him at the quarter, with Grattan Boy also to be reckoned with, and lost the lead at the half to Herr. This gave Creceus and Grattan Boy a chance to brush a fast eighth, which they did, although Herr also stepped lively and was a length to the good. Coming down to the wire it was anybody's finish. But Creceus got there by a nose. It seemed, and the crowd went wild.

The fourth heat opened with Creceus the favorite once more. At the word Creceus, Charley Herr and Arlon went by on even terms. Out went the first named, pulling Herr after him, the latter having a trifle the better of it at the quarter, while Grattan Boy had displaced Arlon as third. Charley Herr continued to lead at the half by a length, Creceus could not shake Grattan Boy, while Arlon was four lengths behind. It was at the three-quarters that Herr's chance of winning looked best, for, with a whole length to the good, it did not appear that he could lose. But with an ease that carried the crowd off its feet Creceus stepped out and in the stretch went to the front by four lengths and Herr tired, was whipped under the wire a second, just out of Grattan Boy's way. The others were well behind.

The fifth and last heat was a simple affair. Creceus led the way around in an easy manner. The feature was in the last 100 yards, when Grattan Boy beat Herr for the place. Summary: Stallion championship, free-for-all, purse \$20,000, trotting.

WORLD RECORDS MADE

Terre Haute, Ind., Sept. 25.—Today saw two more world's records dangle at the belt of the four-cornered track at Terre Haute. The Abbott, driven by Geers, clipped another half-second from the world's trotting record of 2:03 1/4, already held by him, making a mile in 2:03 1/4. The quarters were made in 0:31 1/4, 1:02 1/4, 1:31 1/4, and 2:03 1/4, the third quarter being done in 0:29 1/4.

Coney, 2:02 1/4, owned by Ed Gaylord of Denver, went against time to beat the amateur world's pacing record to wagon, finishing a remarkable mile in 2:03 1/4. Coney clipped half a second off Free Bond's record, made in New York.

THE POPE APPROVES. London, Oct. 1.--Archbishop Ireland, who has arrived here from Rome on his way to the United States, in an interview to day is quoted as saying: "In one of the audiences which he granted me, the Pope said: 'We are well pleased with the relations of the American Government to the church in Cuba and the Philippines. The American Government gives proof of good will and exhibits a spirit of justice and respect for the liberty and rights of the church. You will than kin my name the President of the Republic for what is being done.' "When I repeated to Cardinal Rampolla (the Papal Secretary of State), my interview with the Pope, the Cardinal declared such statements were what he personally believed and knew to be true, and that I was at liberty to repeat them to the American people. Furthermore, Cardinal Rampolla said that on no less than three different occasions petitions had been sent to the Vatican, in the name of the Filipino leaders, asking that direct official returns be opened between them and the Vatican, but the Vatican had always refused to listen to such petitions out of consideration for the American Government."

Miss Dunn is the youngest daughter of James Dunn of the American Biscuit Company, and the family home is on Hyde street, near Clay. She is a noted beauty and her engaging manner has made her beloved by all her friends. She has traveled extensively, is highly accomplished and an excellent musician, being considered one of the best amateur mandolin players in the city. Her sister married Henry Foster Dutton last December. Mr. Macfarlane is a sugar planter in the Hawaiian Islands, in business with his father, Henry Macfarlane. He is also interested in the Kimball Steamship Company and is a nephew of Col. George Macfarlane and Edward Macfarlane. No date has been fixed upon for the wedding, but it will probably take place this winter.

Many Things Considered
At Board Meeting
Yesterday.

**REMOND GROVE SITE
FOR CEMETERY APPROVED**

Kakaako Grading Rule Strictly En-
forced—School Children's Ex-
aminations --- Retort of
Iwilei Residents.

A meeting of the Board of Health was held yesterday afternoon, Dr. C. B. Wood, president, in the chair. Others in attendance were Attorney General E. P. Dole, Dr. C. B. Cooper and Geo. W. Smith, members; Dr. C. L. Garvin, executive officer; Dr. J. S. B. Pratt, sanitary building inspector, and Chas. Wilcox, secretary.

The Tiger Roars. Politics at the Moikai settlement came up for an airing under the following communication:

"Democratic Territorial Central Committee Headquarters, Progress Block, Third Floor, Honolulu, Oahu, T. H., October 1, 1900.

"Board of Health, Honolulu, Gentlemen—Under a letter of recent date addressed to your Board by the Hon. W. H. Cornwell, National Committeeman of the Democratic Party for the Territory of Hawaii, permission was asked to allow certain members of the Democratic Party to visit the Settlement of Kalaupapa, which permission was denied by the Board and a ruling was made that no political campaigning should be allowed at said settlement by either or any of the political parties.

"I am informed creditably that one D. H. Kahauliello has been visiting the Settlement in the interest of the Republican party, not once, but several times since the ruling of the Board.

"I believe that these visits have not been made with evasion or knowledge of the Board; nevertheless, I desire to protest in the matter, and to suggest that it lies wholly in the power of the Board, to be exercised through the guard stationed at the Settlement to prevent a continuance or a further breach of the rule of the Board.

"Your acknowledgement of this letter, and your action thereon will be appreciated.

"Respectfully yours,
"C. J. MCCARTHY,
Chairman Democratic Committee."

Attorney General Dole said he had brought the matter to the attention of High Sheriff Brown whenever it was mentioned to himself. The official business as prosecuting attorney, but it appeared had abused his permit by talking politics to the inhabitants.

It was voted that the secretary answer the communication and write the proper authorities notifying them that no visits of a political nature can be allowed to anybody at the settlement.

The Man Himself. C. R. Lindsay, agent of the Board at Lahaina, reported on a petition referred to him, for the abating of a nuisance in a stagnant canal there. A fish market had been established over the canal. At the outset the agent made the disclosure that the property belonged to himself, and he went on to deny the deleterious conditions alleged. This was not deemed satisfactory to the Board, and the petition was now referred to the district physician.

Communications from the Board of Education, relative to the non-examination of school children in various places, were introduced. The reading of them was waived, as they had appeared in the public prints. A difficulty was admitted in the absence of reports from physicians and action was deferred.

Physician Healy. Two reports were read from the sanitary inspector. One of them complained of the insanitary keeping of the government washhouses at Iwilei. Verbally, Dr. Pratt stated that people in the locality, when pressed to put their premises in sanitary condition retorted that the government should first set the example. This report was referred to the Superintendent of Public Works, the secretary to inform that official of what the sanitary inspector had said about the re-arrangements of people at Iwilei.

A report from Sam. Johnson, garbage inspector, on his recent visit to Hilo was accepted. It represented the town in a deplorable condition. Superintendent McCandless wrote reporting grading up operations on the streets at Kakaako and suggesting a change in the Board's resolution as to that and the adjoining section of Kewalo.

It was moved that a building permit be refused the Steam Laundry Co. until the prescribed grading was completed on the site.

Dr. Hubert Wood reported on his

examinations of children at Waihua. As he did not state the reasons for refusing certain children health certificates, the secretary was directed to write asking the doctor for the information.

Cemetery Site Approval. A letter from the Hawaiian Cemetery Association announced its acquisition of a cemetery site at Remond Grove and asked the Board's approval of its development. Attorney F. J. Berry appeared and on a map undertook to show that there was no danger of domestic water pollution in the neighborhood.

The president spoke of the advantage of having cemeteries convenient to different residence sections. It would be a hardship to require people at Kalaupapa to transport their dead to Diamond Head, or people Waikiki way to go in the opposite direction.

Dr. Garvin had inspected the locality and explained the trend of the water. On motion the site was approved, the discussion on water continuing. Various suggestions were made for conducting the drainage water innocuously to the sea. It was voted that the executive officer confer with the trustees of the association as to the best method for disposing of the water.

A report being made of suspects at Kalaupapa, it was voted to have such removed to Molokai. Superintendent McCandless wrote asking for a transfer of the now empty Aala quarantine warehouse to the Department of Public Works. Dr. Garvin having stated that the Board had a good deal of stuff in the smaller warehouse, he was instructed to confer with the Superintendent of Public Works on the matter.

Meat Contract Awarded. A tender by the Metropolitan Meat Co. of Australian salt beef at \$18.50 the 200 lb cask was accepted, on the recommendation of Superintendent Reynolds, in preference to American beef at a lower rate. The quality and the packing of the Australian article were so much superior as to compensate for the difference in price. This was the only tender.

The tender of the Parker Ranch by Alfred W. Carter, agent, to deliver at the Kawaiahae landing from 80 to 90 head of cattle a month up to March 31, 1901, the cattle to be of an average weight of 350 pounds and of the average quality furnished heretofore, at the rate of \$25 a head, was accepted.

A complaint was recorded of the government physician's charging for attendance on prisoners at the police station.

Only Personal Matters. The Board moved itself into executive session, the president explaining to the reporters that executive sessions were only held to consider personal matters inadvisable for publication.

Proposition of France. London, Oct. 2.—"The Austro-Hungarian Foreign Office," says the Vienna correspondent of the Morning Post, "has received a circular note which France has addressed to the Powers, in which she agrees as to the necessity of obtaining satisfaction for the anti-foreign attack, but suggests that the Ministers in Peking should immediately begin negotiations on the other questions at issue. The note also proposes the permanent prohibition of the importation of arms and ammunition into China, the raising of the fortifications between Peking and the sea and the maintenance of legation guards."

HONORS FOR KITCHNER

London, Sept. 29.—The Queen now has a long list of names submitted to her as those of persons worthy of honor for services in South Africa. The identity of those who figure in this list is already causing keen speculation in certain circles. The shower of C. B.'s (Companion of the Bath), C. M. G.'s (Companion of St. Michael and St. George), etc., will be unprecedented. It is rumored that Lord Wolsey will be made an Earl and be appointed Lord Lieutenant of Ireland to succeed Earl Cadogan, whose resignation seems impending. What Lord Roberts will get still remains a secret, but Lord Kitchener, it is said, if he remains in South Africa, will be given the local rank of full General, so that he can be second in command to General Buller after Lord Roberts leaves.

Novel Charity Scheme.

New York, Sept. 29.—A cable to the Sun from Berlin says: It is reported that the women of Wurtemberg have adopted a novel scheme for raising subscriptions to charity. They have issued leaflets headed "Collect Women's Hair." The leaflet explains that every woman can contribute toward helping the sick and poor by sending combings to certain depots, whence they will be forwarded to Stuttgart, where a hairdresser will convert them into invisible hair nets. The explanation is that until recently China supplied nearly all the hair used in this way, but the exportation of hair from China stopped when the Boxer troubles began.

SEATTLE BEER.

The ever popular Rainier beer is becoming a household word and "will you have a glass of Seattle?" is more often heard than anything else. The Criterion Saloon has the beer on tap or in bottles.

CONSERVATIVE MAJORITY

London, Sept. 29.—The numerous speeches of representatives of both political parties made tonight practically wound up the campaign, as with the commencement of the polling on Monday, little further interest will be taken in the speechmaking.

One hundred and sixty-seven constituencies, returning one-fourth of the membership of the House of Commons, made their nominations today.

In all sixty-six candidates were returned. The Ministerialists aggregate 59 Liberals and Nationalists 2. Viscount Cranborne, Conservative, eldest son of the Marquis of Salisbury, was re-elected at Rochester.

Among the interesting personages of the Government side returned today without opposition were Joseph Chamberlain, the Secretary of State for the Colonies (West Birmingham); George Wyndham, the Parliamentary Secretary of the War Office (Dover); Charles T. Ritchie, President of the Board of Trade (Croydon); Joseph Powell Williams, the Financial Secretary of the War Office (South Birmingham); Col. Sir Charles H. Vincent, the founder of the United Empire Trade League (Central Sheffield).

The five Liberals returned unopposed include William Court Gully, Speaker of the House of Commons (Carlisle), and Sir Henry Bartley Fowler, formerly Secretary of State for the Home Department and Secretary of State for India (East Wolverhampton.)

MINISTER WU REPORTS.

Washington, Oct. 2.—Minister Wu's information appears to put at rest all question as to the fall of the reactionary element, headed by Prince Tuan, and including the President of the Senate, and of the Board of Panshents. It shows, moreover, that the punishment of Tuan is more severe than heretofore reported, as he is removed from office, a fact not stated in the previous dispatches. The clan court is directed also to decide upon a "severe penalty," in addition to the loss of office, salary and servants.

The State Department today a dispatch from Minister Conger dated announcing the departure of the Russian legation from Peking. Beyond this there was little additional bearing on the Chinese situation. It was stated officially that the reported French note to the Powers regarding the opening of negotiations and permanent disarmament of the Chinese had been received. If it proves true that a note has been sent, it is said that the proposition for disarmament can hardly be considered with favor by this Government, owing to the commercial standing and recognized sovereign authority of China as a nation.

Thus far there has been no protest on the part of this Government against the appointment of Yung Lu as one of the Chinese peace commissioners. The State Department is inclined now to think that he is not as culpable as the first reports indicated but the authority of Minister Conger and Mr. Rockhill is such that if they learn he is an undesirable negotiator, they will be enabled to protest, although they have not acted so far upon that point. It is thought probable that the matter will come to an issue when the sufficiency of credentials is examined.

Minister Wu, accompanied by his secretary, Mr. Chung, went to Baltimore at 11 o'clock to visit the Maryland Steel Works at Sparrow's Point and witness the launching of the dredging steamship Virginia.

POPULAR PURSER HODSON.

G. A. Hodson, the popular purser of the S. S. Moana, leaves that steamship at this port, much to the sorrow of every one of the officers aboard and passengers who travel back and forth between the Colonies and San Francisco. His services to the company for which he has worked have been of such value that he has been taken over by the Oceanic Steamship Co. to be purser of the new steamship Sonoma, which is soon to arrive in San Francisco. He will remain here until the arrival of the Alameda, taking that steamer for San Francisco. From that city, he will proceed East to attend to the matter of supplies, etc., for the Sonoma.

On Wednesday night, Mr. Hodson was both surprised and pleased at the receipt of a purse of £25, made up by at least three-quarters of the cabin passengers aboard the Moana, together with a testimonial illuminated by F. J. McComas, an artist of Sydney, who has done a lot of work in his line in these Islands. The presentation was made by Mr. E. Turner, well known here, who is one of the through passengers. The testimonial reads as follows:

G. A. Hodson, Esq., Purser R. M. S. Moana. Dear Mr. Hodson:—It is with extreme regret that we, the undersigned passengers of the R. M. S. Moana, who have been your fellow travelers on this and other voyages, wish you farewell.

In asking your acceptance of this address and purse of sovereigns, we wish you all good luck, and are glad to know the Moana's loss is to better your position. (Signed by thirty passengers.)

Probably Total Loss.

San Francisco, Oct. 4.—There is now small hope that the American ship Wachusett will ever be heard from. The ship is out 144 days from Newcastle, bound for Kahului, H. I. This morning reinsurance on the Wachusett rose to ninety per cent.

The quoted figures of reinsurance on three other overdue ships rose this morning. They are: The Alexander McNeil, 153 days from Puget Sound to Freemantle, N. S. W., forty per cent; the Lancing, 116 days from Puget Sound to Point Pirie, twenty per cent; the Limache, 79 days from Callao to Tropicillo, seventy per cent. It is rumored among shipping men and brokers that the Wachusett will be taken off the list entirely within a few days. The Wachusett is a very old ship, constructed entirely of wood and left her last port in anything but the best of conditions.

S. S. Queen For Honolulu.

Tacoma, Oct. 1.—The steamship Queen sailed last night for San Francisco with 125 passengers and a large amount of freight, mostly salmon from the Alaska canneries. This will be the last trip the Queen will make to the Sound, it having been decided to place her on the regular run from San Francisco to Honolulu. During the summer she made several excursion trips to the north and one regular trip in the place of the Cottage city.
