

College Hills!

During the dull times of the past eight months 110 LOTS HAVE BEEN SOLD at College Hills. The price paid for these 110 lots was

\$146,375.00

Some of these lots have been re-sold at an advance of from 25 to 50 per cent. No College Hills buyers are offering their lots at the original purchase price. Rapid Transit has made them intrinsically worth at least 25 per cent advance.

SCHOONER ADA SAFE.

The Waialeale arrived yesterday morning after a very rough trip from Kauai ports. She reports that the schooner Ada arrived in Hanalei on Wednesday from Hanalei. The schooner expected to get a load of iron at Hanalei but the Waialeale secured that in consequence the schooner will probably have to remain at Hanalei until the rough weather subsides. The owners have felt considerable apprehensive over the schooner.

NOEAU WEATHER BOUND.

The Mauna Loa reports the Noeau weather bound at Waipio Gulch, Hawaii.

THE THOMAS LEAKING BADLY.

SAN FRANCISCO, November 3.—The ship J. B. Thomas owned by the California Shipping Company is leaking at the rate of forty inches an hour on Puget Sound, and the combined efforts of the ship's pumps and a steam pump are necessary to keep the vessel afloat. The Thomas returned to the Sound some weeks ago after having sailed for Honolulu. Twelve hundred tons of the cargo of 3000 tons in the Thomas have been transferred to the ship William D. Smith. It is reported that fish six inches in length have been drawn up by the pumps, which indicates that the ship has holes of considerable size in the hull.

ASSESSED FOR SCRAP IRON.

Rather a Novel Point Raised by the Seattle Collector.

The collector of the port at Seattle "hung up" the schooner Robert Lewers when that vessel arrived in port November 5 from Honolulu. As ballast, the boat carried 166 tons of scrap iron. The collector at Seattle claimed that a duty of \$4.00 a ton should be paid on the stuff. Naturally, Captain Underwood of the schooner protested.

The result was that the boat is waiting until the Treasury Department will have decided the matter, as the collector will not permit her to enter unless the duty is paid.

Captain Underwood showed Collector Huestis of Seattle the affidavit certified to before the Collector at Honolulu that all of the iron was of American manufacture. Collector Huestis takes the stand that the local collector should have made the inspection of the material himself. The case is one of the most original which has ever come up in the customs work and the outcome will be awaited with considerable interest.

RAPID TRANSIT CASE.

The Rapid Transit Company yesterday raised a new point in the United States District Court in the matter of the injunction suit brought by the Hawaiian Tramways company. Judge Estee is asked to order attorneys J. J. Dunne and J. T. de Bolt to prove their authority to act as counsel for the tramway company. The basis of the proceeding is the tramway company's own pleadings, in which the company disclaims all proceedings in the Supreme court here, where a decision adverse to its claims was given. The Rapid Transit company now says that before proceeding further in the present contention, the attorneys for the tramway line should prove that they really have authority to appear for the company.

LONDON AND BRUSSELS.

Cities of England Will Soon Talk With Belgium.

WASHINGTON, November 4.—Belgium and The Netherlands are to have telephonic communication with London and other large cities of England, according to a report to the State Department from United States Consul Roosevelt, dated at Brussels, October 19. Consul Roosevelt says that very soon a new submarine telephonic cable will be laid, connecting Brussels with London, and that the circuit will be so disposed as to serve, beside London and Brussels, Antwerp, Liege, Birmingham, Manchester and Liverpool. Mr. Roosevelt says that the point of immersion on the Belgium side will be near La Panne, and that the line will emerge again at Ramsgate on the English coast.

NO WARDROBE TO SPEAK OF.

Adam had one advantage. His wife never kept him bobbing around to see if her skirts hung straight behind.

A GREAT MEDICINE.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps, of Potosi, Ark. "It cured me of bloody flux. I cannot speak too highly of it." This remedy always wins the good opinion, if not praise, of those who use it. The quick cures which it effects even in the most severe cases make it a favorite everywhere. For sale by all dealers Benson, Smith & Co., general agents, Hawaiian Islands.

Shingle will be the groom's best man. Note Heads, Bill Heads, Statements and Fine Commercial Printing at the Star Office.

FLOOD CAUSES MUCH LOSS

HACKFELD'S MILL WASHED AWAY SATURDAY. Damage Worth Amount to \$15,000 at Least—Numerous Land Slides on Various Roads—Other Losses.

Additional advices from Hilo, place the sliding of Hackfeld and Company's mill at \$15,000. Practically the entire place was swept away by the sudden rise in the Waioalama river last Saturday. At the present time, the authorities are trying to repair the damage to the various roads in the vicinity of Hilo. The river rose on Saturday and, by the afternoon, had swept over onto the mill property. The Waialaka road was undermined and a portion washed out entirely in the evening. The floor of the mill gave way, precipitating the motor into ten feet of water and other wreckage in the house. The sheds and lumber piles in the yard were swept away into the sea. There were numerous landslides to the north of Hilo, the worst being between Pepeekeo and Pakaikou. At the Four mile bridge on the Volcano road, the river cut through its bank and caused residents to seek higher lands for safety. Owing to one of the big supply pipes of the electric lights being washed loose, the city was in darkness on Saturday night. A washout on the Kaunama road delayed travel, while on the Puna branch of the railway a landslide also interfered with traffic. No damage to the cane at Oloa is reported but one of the reservoirs at Nineteen Miles broke and flooded the surrounding country. Additional news is expected today on the Kinau which is due from Hilo.

APPEAL TO WASHINGTON

OSAKI MANKICHI'S CASE TO BE HEARD. Highest Court in the Land to Settle the Problem of the Transition Period in Hawaii. The appeal to Washington from the decision of Judge Estee in the transition period cases, was begun yesterday by Attorney-General Dole. The appeal goes up in the case of Osaki Mankichi. It is claimed that the court here erred in taking jurisdiction, in granting the writ of habeas corpus and in holding that the fifth and sixth amendments of the constitution were in effect here during the transition period. The formal notice of appeal is as follows: IN THE MATTER OF THE APPLICATION OF OSAKI MANKICHI FOR A WRIT OF HABEAS CORPUS. APPEAL. The Territory of Hawaii, by its attorney, Edmund P. Dole, Attorney-General of said Territory, feeling itself aggrieved by the order and judgment entered on the 12th day of September, 1901, in the proceeding aforesaid, does hereby appeal from the said order to the Supreme Court of the United States, and prays that its appeal may be allowed and a transcript of the record of proceedings and papers upon which said order is made, duly authenticated, may be sent to the Supreme Court of the United States of America. EDMUND P. DOLE, Attorney General for the Territory of Hawaii.

UNDER TWO FLAGS.

This evening Mr. Neill and his company will present one of the greatest stage successes of the time in "Under Two Flags," a dramatization of Ouida's famous novel by the same name. The play had a most prosperous run of over three consecutive months at the Garden Theatre, New York City and broke all box office records at the Columbia theatre, San Francisco a few months ago. Mr. Neill will be seen as "Bertie Cecil" and Miss Chapman as "Cigarette"—a remarkable characterization. The chairs will be placed where the musicians usually sit for the accommodation of all those who have been unable to obtain acceptable seats. The performance will commence at 8 o'clock.

QUEEN'S HOSPITAL.

The medical report of the Queen's Hospital for the three months ending September 30, 1901, was submitted to the trustees of the hospital Thursday by Dr. Charles B. Cooper, attending Physician, and Dr. C. B. Wood, attending Surgeon. The report is as follows: The number of patients at present in the hospital is 55, viz: Hawaiian-Americans (25 males and 4 females) and 26 of other nationalities, 21 paying. The admissions during the quarter were 158, viz: 52 Hawaiian-Americans (46 males, 13 females), 4 Chinese, 5 Japanese, and 99 of other nationalities. Discharged, 155, viz: 50 Hawaiian-Americans (33 males, 19 females), 5 Chinese, 3 Japanese, and 97 of other nationalities. Died 18, viz: 8 Hawaiian-Americans (4 males, 4 females), 4 Chinese, 1 Japanese and 5 of other nationalities. Of the above one died within 12 hours, 1 within 12 hours, and 1 within 48 hours of admission. The causes of death were as follows: Collapse, 1; dysentery, 2; gastric carcinoma, 1; hepatic abscess, 1; injury to brain, 3; intestinal perforation, 1; meningitis, 1; peritonitis, 1; pneumonia, 2; tuberculosis, 1; typhoid fever, 1; uremia, 2; valvular heart disease, 1. The highest number of patients was 67, lowest 49, daily average 57; number of prescriptions, 486. There have been 10 major and minor operations, and 2 post-mortem examinations. The number of patients treated was 240, viz: July, 129; August, 109; September 111.

SMALL SUIT.

The Supreme court yesterday heard the case of auctioneer J. F. Morgan against Mrs. F. C. Betters, a suit for \$50, which has been appealed from the district and circuit courts. It involves a legal question as to the responsibility of those who make bids at auction sales.

SUGAR PROBLEMS.

There is an impending crisis in the beet sugar industry of central Europe, which emphasizes the economic article by Brooks Adams which was commented upon in these columns two days ago. Germany, Austria-Hungary, France and Russia are now gathering a beet crop far surpassing in quantity that of any previous year. It is all very well to have an over abundant crop, but when you have no market what can you do. It may be remembered that there was once a period in the Middle West when the farmers had to use up their corn as fuel.

To Germany this comes at an especially unpropitious moment. German manufacturers are suffering from a severe industrial depression, due to American competition. German coal and iron, like other European coal and iron is being undersold by the United States. There is a short wheat and rye crop. This means a very serious reduction in the capacity for purchasing among the poorer classes. If this be so, sugar is a luxury which will be cut off, therefore the home consumption, upon which a good deal depended, will be very much smaller than formerly. A calculation by a high commercial authority estimates the decline during the year 1901-1902 as not less than 75,000 tons.

Further Cuba has again come to the fore, and large crops from Hawaii, Porto Rico and the beet interest in the United States are calculated on. There will then be a considerable diminution in the output of German sugar to the United States. This output has averaged 283,000 tons during the last four years, valued roughly at \$12,614,000 per annum. With a diminished home consumption and a diminished export trade, the prospects of the beet growers and beet sugar manufacturers are indeed gloomy.

Under all these conditions, the price of sugar has fallen in the controlling market at Magdeburg to the lowest point reached during the critical year 1894-95, from which it was rescued by an advance in the export bounty and a constantly increasing home consumption of sugar, which was then favored by prosperous industries and growing export trade, which steadily augmented the comfort and purchasing power of a large percentage of the German people. Now, however, it is generally recognized that the only remedy will be in the direction of diminished production, and the chief organ of the German sugar industry declares that a definite and important restriction of the sugar-beet area to be planted next spring has become an unavoidable necessity.

What is true of Germany is true of the other beet-sugar countries involved. With the exception of France they are all poor, and it must be remembered that another poor country, Italy, is also in the field as a beet-sugar producer. They depend largely upon the success of their operations upon their exports of the article. If they cannot export, they cannot consume their product and the final result will be restriction of the area of production. That is plain. This will in many cases cripple the land holding classes, and in some cases ruin them, while the laborers who have been receiving the very lowest modicum of wage, and who, even now, are barely able to keep body and soul together, will be thrown out of work entirely. There are the elements of Argarian outrage already prepared, within sight, and only requiring a match to set them in a blaze.

Now as to ourselves. Man is proverbially selfish, and does not in the Hawaiian Islands care very much what may be happening in central Europe, unless it affects his own particular interests. Will this great depression in beet sugar affect us? The commercial relations of the world are so intertwined that you cannot have a depression in one part without its having its effect upon another. If the price of beet sugar goes down to the very lowest notch, in spite of protective duties it must affect our own sugar market, which is our own country. When a set of countries have overproduced, they are ready to almost give their product away and the only way to protect our own cane and beet industries is to raise the tariff so as to keep out what is really an uncommercial product, that is a product which has not been produced by lessened cost of production, but by a fortuitous circumstances, a product, in fact, which is thrown like a bankrupt stock upon the market.

What is happening in central Europe, therefore very much interests us, because a fall in sugar would very seriously affect our interests. We should therefore watch the future very anxiously.

AN OVERFLOWING TREASURY.

The prosperity of the United States is something phenomenal. In spite of increased expenditures, in spite of a largely increased army, in spite of reduction in war taxes, the surplus keeps rolling up, and the mouth of every finance minister throughout the world must water at the excess of receipts over expenditures. No country on earth can make such a financial statement.

In the revised figures of government receipts for the last fiscal year, as given in the annual report of the Treasurer

of the United States, there is a slight increase as compared with the amount given out at the close of the fiscal year. The revised statistics give a total of \$87,000,000 for receipts and \$69,967,330 for expenditures, showing an excess of receipts amounting to \$17,032,670.

The receipts for the current fiscal year as reported by Bradstreet's keep well in excess of the expenditures. A surplus of over \$9,000,000 is shown for the month of October. For the first four months of the current fiscal year the receipts amounted to \$191,980,841 and the expenditures to \$164,098,834, showing an excess of receipts amounting to \$27,882,007.

If this rate should be kept up during the remainder of the fiscal year, it will be seen, the surplus of the last fiscal year would be exceeded by that for the current one. It is evident, therefore, that the problem of the surplus is one that must be dealt with in the near future.

To deal with a deficit is one thing, most financiers are accustomed to that in dealing with national finances, but to deal with a surplus is quite a different matter. The piling up of a surplus in the treasury vaults has a serious effect upon the circulation. To relieve this strain Secretary Gage has announced a resumption of the purchase of bonds. The bonds are to be accepted at prices to yield the government interest as follows, namely, on the 3 per cent bonds of 1908-1918, 5 per cent bonds of 1904 and 4 per cent bonds of 1907 to yield 1.75, and on the 4 per cents of 1925 to yield 1.96.

THE STORM.

The oldest inhabitant always has it that some particular storm is the greatest that has been known for twenty, forty, or sixty years according to the particular age of the O. I. The storm which has just swept our windward coasts is by no means phenomenal, and the damage done is by no means phenomenal either. After such a spell of the weather as we have had we lose the perspective of what our rough weather can do.

The present storm was a regular northeast gale, and with such a gale usually comes a heavy northerly swell which breaks upon the windward coasts of the Islands and raises a roaring surf. Such a surf may sometimes continue for months, and there have been times when it has been impossible to ship sugar from the Hamakua plantations for considerable periods of time. It is this fact which has made the Hamakua people and those of North Hilo look so anxiously forward to the construction of the rail-road.

The main damage done has been apparently in Hilo, where Haekfeld's planing mill is reported to have been seriously injured, and the electric lighting plant has been crippled. The rising of the Wailuku river so that the falls above the bridge were obliterated, though not a common thing, is not a rare thing in heavy freshets. The damage to Hilo property seems to have been due in some measure to altering a portion of the channel of the Wailuku stream, just as much damage was done in Honolulu by the alteration in the channel of the Nuuanu stream, three or four years ago, a result which will occur again whenever there is an exceptional mass of water coming from the mountain water shed.

There is no material damage reported upon Kauai. Ten or eleven years ago there was a storm on that island which swept away almost every bridge, and for some time travel could only be carried on by making devious way, through forgotten paths to reach the unused fords. That was a storm to be remembered.

Whatever damage the present storm may have done, it is much more than counter-balanced by the good done to the sugar crop. The Hamakua district which was in great distress has been completely relieved, and hundreds of thousands of dollars have been saved. The storm has been a god send, even if it has caused trouble.

The plague stricken rat is not to be allowed on our shores and the Planters' Association is willing to foot the bills for protection for some time to come, until public money shall be available.

That R. H. Long should succeed with vegetable gardening in Waimea is not to be wondered at. If any one would give time, money and attention to it, the land would always yield. Vredenberg long ago proved that upon his homestead lot where he raised excellent strawberries, cauliflowers, beans, cabbages, potatoes and feed for his milk cows. To make a paying concern, however, requires a considerable average and arrangements for cheap transportation.

It is a good thing that arrangements have been made to carry on the fire claims commission. The work of the commission is nearly completed, and just at this stage to have summarily stopped would have been very short sighted policy. The Commissioners have done admirable work and have earned the thanks and the admiration of the public by their strict yet impartial methods of investigation. There will, no doubt, be some dissatisfaction when the awards are made, but that is but natural. But everyone will have to own that the tribunal is perfectly honest and honorable, and one that has been a credit to the Territory.

If it should prove that the perpetrator of the Provo, Utah murder committed in 1895 is really in custody in Oahu jail, it will be another proof of the proverb that "murder will out."

This is the new color of our store front.
 Whether you admire it or not, does not interest us.
 We are pleased that you noticed it. That is what it is there for.

Do you realize that another year has rolled around, and that Christmas is almost here again? We are going to do all we can to make it pleasant for you.

You may feel poor, from the fact that your income has been somewhat reduced, owing to the non receipt of your sugar dividends.

However, you will make your usual holiday gifts, and perhaps a few more, than you did last year.

No doubt you will be more judicious in your selections but your friends and yourself will enjoy Christmas just as much as ever.

Our stock of goods is arriving daily, and the assortment will be better than ever.

We are making some changes in the arrangement of our store, which will interest you, and the many novel articles that will be displayed, will surprise you.

We will announce, in a few days, when we will be ready for your inspection.

HISTORIC STRUCTURE SOLD

KAUMAKAPILI CHURCH BRICKS SOLD AT AUCTION.

After Three Quarters of a Century Site of the Church Will be Removed.

An auction sale held at 10 o'clock this morning, saw the last event in the notable history of Kaumakapili church. Within four months from today Pang Chong, an enterprising Chinese contractor, is obliged under the conditions of the sale to cart away the bricks and mortar which now constitute all that is left of the historic structure, and for which he paid \$275.

Kaumakapili church, or rather a church upon its site, was built three-quarters of a century ago in the twenties when Christianity had just begun to gather strength in these far away islands of the Pacific seas.

It was a grass structure in those days, a mighty halau where two or three thousand converts might listen to the truths of the newly brought gospel. This was replaced by a frame structure in time, still with a grass roof, and then another further along in the evolution of modern buildings until in '58, or thereabouts, the last brick structure was reared at a great expense.

King Kalakaua took great interest in the new building. He it was who scooped the idea of but one steeply pitched roof. "Has not a man two ears, two eyes, two hands? Give the church two steeples." And the royal mandate was carried into effect. The church was lavishly fitted up inside with modern and comfortable chairs that made it the best place for concerts as well as for the prime uses of church. As such it was used and many notable concerts at which noted singers and musicians have taken part, have been held there.

The church boasted a chime of bells which were dedicated and given to the congregation, having been sent for from the States. They were to be out of tune however and were seldom invoked as a means of summoning worshippers.

A magnificent organ was one of the treasures of the structure, played on for many years by Wray Taylor who felt the loss as deeply as it had been a sentient thing. Taylor was the last to play upon the organ until the fire hose took his place on the fatal 20th of January, 1900 when, during the burning of a portion of Chinatown by order of the Board of Health, the edifice caught fire and under the strong winds was soon gutted, one of its steeples crushing in its fall the fire engine that was trying to save it.

Since then political parties of the natives have at times held secret convales in the shadow of its ruins. Papa Ika walked the hot stones nearby, while the moon shone through the ruined towers and smiled at the wily kahuna. Impromptu luaus have been given there and evening rendezvous made and kept. A short time now however, will the building be razed to the ground.

Meantime the trustees of the church have a claim against the Territory on file with the fire commission and when they get the money will remove the site of the church to Palama exchanging land with the Bishop Estate who will soon have a road running through, where for almost a century the ground has been dedicated to the service of God and the spread of his gospel among the heathen.

tain, while Walter Wall is a popular candidate for president. A. L. C. Atkinson has refused to run again for the latter office. Dan Hensar is a popular candidate for vice captain.

\$100 has been collected for the purpose of purchasing a new bell for the chime which will be built in Boston. The bell is not a silver piece but is being presented to the Honolulians by several of its members. The reports of the officers and committees will be read at the meeting.

The directors of the Myrtle Boat Club met on Thursday afternoon at the office of A. G. M. Robertson and, after some mutual fun at the expense of Captain Harris the latter was presented with a gold watch bearing the Myrtle colors in enamel on the back. The keepsake was from the members of the club and was acknowledged with great thanks by Mr. Harris. At the meeting on Wednesday evening the matter of authorizing the new plans for the proposed boat house will be disposed of.

ST. AUGUSTINE'S CHAPEL.

Dedictory Services Will be Held Tomorrow Afternoon.

The new structure of St. Augustine's chapel near Kapiolani Park will be dedicated tomorrow afternoon at 3 o'clock. The new building is 82 by 32 feet and has a steeple 58 feet high. The church is enclosed only with lattice work except near the eaves. The structure is built on the site of the first little mission chapel erected in 1857 by Father Modesto. Inside there are pews for 144 persons.

The dedicatory service has not been wholly arranged and will not be until the return of the Jesuit Fathers Bourman and Megeveney by the Kinau from Hilo this afternoon. It is expected that one of them will preach the dedicatory sermon. The Catholic Mission Band will be in attendance and after the dedicatory services will render the following program:

- March—"Greeting to Bangor"
- Processional March—"Lauda Sion"
- Waltz—"The Las Olas"
- Overture—"La Flor"
- Polka Mazurka—"La Creole"
- March—"Ma Blushin' Rosie"
- Serenade—"The Queen"
- Waltz—"The Pride Waltz"
- March—"American Cadet"
- March—"Aloha Oe"
- "Hawaii Ponoi"
- "Star Spangled Banner"

BAND CONCERT.

The Territorial Band under the direction of Captain Berger will play at the Capitol grounds at 3 o'clock tomorrow afternoon. The following is the program:

PART I.
"Old Hundred."
Processional—"La Hanau o ke Alii"
Bergler
Overture—"Festival"
Bela
Selection—"The Geisha" (by request)
Jones
Songs:
(a) "Malana! Anu ka Makani"
(b) "Aloha Oe! Aloha!"

PART II.
Overture—"Semiramide"
Rossini
Selection—"The Singing Girls"
Herbert
Fantasia—"Hearts and Flowers"
Tobani
Finale—"King Kalakaua"
Bergler
"Hawaii Ponoi"
"Star Spangled Banner"

DOESN'T FIT THE CRIME.

Admiral Remy Criticises a Sentence as Too Lenient.

WASHINGTON, November 3.—Lieutenant William C. Harlee, United States Marine Corps, on a wharf in Manila recently, directed a Filipino boy to take up and carry his grip sack. The boy could not speak English, so did not understand the order and moved off. The lieutenant thought this insolent and proceeded to thrash the boy with his walking stick. For this he was court-martialed and the record of the proceedings has just reached Washington. The lieutenant was found guilty of conduct unbecoming an officer and gentleman. He is suspended from duty for three months, with loss of half pay, and is to be publicly reprimanded.

Admiral Remy was not satisfied with the sentence, which he declared to be entirely too lenient. In his indorsement he regrets that the accused could so far forget one of the first requisites of an officer as to lose his self-control on a slight provocation from an ignorant person.

Says Admiral Remy: "In view of conditions existing in the islands and the care that should be exercised by all persons of the United States serving to sustain the consistency of the policy of the Government in endeavoring to effect the pacification of the islands acceptable to the inhabitants, the convening authority deems the sentence awarded by the court as entirely too lenient for the offense. In view of the court's own action the award of the public reprimand to the accused would be mockery, but for the fact that the accused would escape punishment altogether the commander in chief would disapprove the sentence."

SANTOS-DUMONT GETS PRIZE.

NEW YORK, November 4.—A cable to the Herald from Paris says: The aerostatic committee of the Aero Club, after a somewhat heated debate, today awarded the Deutsch prize to M. Santos-Dumont by 13 votes to 9. M. Santos-Dumont, in view of this opposition, immediately resigned his membership in the Aero Club. He presented 50,000 francs (\$10,000) to the poor of Paris, 20,000 francs (\$4000) to M. Emmanuel Aime, and 20,000 francs (\$4000) to his workmen.

WITH THE BOAT CLUBS.

Healoni Annual Elections—Captain Harris Presented With Watch.

The Healoni Boat Club will hold their annual meeting next Wednesday evening. Several slates are in the field for the various officers of the coming year. F. J. Church and J. W. Lloyd have many supporters for cap-

SECRETS WRESTED

from nature. Nature places most valuable things where they are hard to get at. She concealed the Kimberly diamonds in solid rock. Petroleum, now used all over the world for heating and lighting and many other purposes, was discovered hundreds of feet under the surface of the soil. Ages went by before men found, and were able to mine, coal in sufficient quantities to take the place of wood as fuel; and electricity as an available help to us in living, is barely more than half a century old. Among the wonders which patient and hard-working modern science has introduced to the world, is the reconstruction of that grand healing agent, cod liver oil, in the form of **WAMPOLE'S PREPARATION**. The reader is aware that for centuries the usefulness of this drug has been impaired, and in many cases nullified by its nauseating taste and smell. In this effective remedy these formidable objections are entirely done away with. Palatable as honey, it contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. It is a healer, body-builder and strength-maker beyond rivalry or comparison. By means of it diseases are cured which have hitherto been justly regarded as hopeless. In Fevers, Scrofula, Rheumatism, Influenza, La Grippe, Lung Diseases, all wasting ailments, etc., this remedy is successful after the old style modes of treatment have been appealed to in vain. Both the people and advanced physicians have welcomed it as the solution of a long standing problem in the art of medicine. Effective from the first dose. "You cannot be disappointed in it." Sold by chemists everywhere.

LORD ROBERTS HOOTED.

LONDON, November 2.—The one discordant note in the general rejoicing over the safe return of the Duke and Duchess of Cornwall and York was the mixed greeting accorded Lord Roberts after the official reception of the Duke and Duchess. Lord Roberts had been cheered in the company of other officers earlier in the day, but while he was returning from St. James' Palace alone in his carriage much hooting was heard from the sidewalks, indicating that Buller's ghost is by no means completely laid out.

NEW ADVERTISEMENTS

MEETING NOTICE.

The annual meeting of the Hawaiian Sugar Planters' Association will be held in the room over the office of Castle & Cooke on Monday morning, November 18, 1901, commencing at 10 o'clock a. m.

BY AUTHORITY

PUBLIC LAND OFFICE.

On Saturday, December 21st, 1901, at 12 o'clock noon at the front entrance of the Judiciary building will be sold at Public Auction the Lease of that certain piece or parcel of land, situate at Palama-kai, in Honolulu, Oahu, known and described as the fishpond of "Kuwilili" with the banks, lands and leas connected therewith and belonging thereto, being the same premises now occupied and under cultivation by Chin Wo & Co., rice planters.

Term: 5 years.
Upset Rental: \$275.00 per annum, payable semi-annually in advance.
Lease to commence from January 1, 1902, at which date possession of above land be given.

For further particulars apply at the Public Lands Office, Honolulu.

EDWARD S. BOYD,
Commissioner of Public Lands.
Public Lands Office, November 15, 1901.

TELEGRAPH INVENTOR DEAD.

NEW YORK, November 2.—A cable to the World from Budapest says: A brilliant career was cut short this week in the death of Joseph Virog, inventor of a marvelous rapid telegraph system at the age of 31. Virog and Pollock, two electrical engineers, applied an optical telephone which they had invented in telegraphy and succeeded in telegraphing 90,000 words an hour. The inventors improved the machine until they obtained beautiful, clear writing on the receiver. This was so valuable that for its sake they reduced the speed to 40,000 words. The invention is now complete. Virog was seized with virulent fever and died in three days.

KINAU WILL BE LATE.
The steamer Kinau, due from Hilo today, was sighted 20 miles east at one o'clock this afternoon.

IN THE CITY'S CHURCHES

TWENTY-FOURTH SUNDAY AFTER
TRINITY.
Collect for the Day.

O Lord, we beseech thee, absolve thy
people from their offences, that through
thy beautiful goodness we may all be
delivered from the bonds of those sins,
which by our frailty we have committed;
Grant this, O heavenly Father, for
Jesus Christ's sake, our blessed Lord
and Saviour. Amen.

POLO TODAY.

Kapiolani Park Match Will Attract
Many.

Polo will draw a big crowd to Kapiolani
Park this afternoon at 3 o'clock,
when a match will be played between
the Hornets and the Artillery. The
ground which proved to be in bad con-
dition last match day has been leveled
up somewhat and should afford less
uncertain play although there still re-
mains considerable work to be done.
The match was originally billed for
Moanalua but the distance rendered it
almost impossible for the players from
Camp McKinley to see anything of the
theatre, as playing at Moanalua means
an eight mile ride back with tired
ponies and another long ride from Wa-
kiki to town. The Moanalua games are
always late starting and ending.

The game this afternoon will consist
of four periods of ten minutes, with
practice play by other members of the
club, not playing in the match, between
intervals so as to keep the amusement
continuous for the visitors.

The Hornets line up as follows: A.
F. Judd, 1; Judge Perry, 2; A. W. Car-
ter, 3; C. Dole, back. The total handi-
cap of the team is placed at twelve,
the colors are yellow. The Artillery,
with a handicap of nine, play as fol-
lows: Dr. McAuley, 1; C. A. W. Har-
ton, 2; R. W. Shingle, 3; Lieutenant
Hancock, back. Colors red and white.

The handicapping should make the
match an exceedingly close affair.
Play will not be resumed at Moanalua
for a long time to come as the ground
after being leveled and laid out is to
be sodder, an operation that will take
some time to complete. When finished
however the ground will be equal to
any and blessed with particularly fasci-
nating surroundings.

FOOTBALL AT PUNAHOU.

Good Game Scheduled for This After-
noon.

The game between the Maile Ilimas
and Honolulu Athletics on the Puna-
hou gridiron this afternoon should pro-
duce interesting developments. The
Athletics are the heavier team but
have not the team work of the Mailes
who should even matters up by superi-
or playing.

It is much to be regretted that Cunha
after being leveled and laid out is to
be sodder, an operation that will take
some time to complete. When finished
however the ground will be equal to
any and blessed with particularly fasci-
nating surroundings.

Prince Cupid will be welcomed back
to the local gridiron on the Maile
team. The latter holds the champion-
ship for last year's league football and
should easily be able to concede their
opponents the odd 15 or 20 pounds a
man. The Territorial band will be
present at the game which starts at
3:30. The line up is as follows:

H. A. C. Position, Maile Ilimas.
C. Holt, L. E. R., J. Belsler
J. Wise, L. T. R., C. Long
Houghtailing, L. G. R., Dusenberg
Joy, C. G. R., C. G. R., C. G. R.,
W. C. G. R., R. G. L., P. Jarrett
H. Cockett, R. E. L., W. Wright
W. Vida, R. E. L., V. Richardson
P. Glenson, R. E. L., B. Clark
A. Long, L. H. R., Prince Cupid
A. Lawrence, R. H. L., H. Johnson
W. Blaisdell, E. E. F. Wright

Dept. of Public Lands.....Page 5
Haw. Sugar Planters' Ass'n.....Page 5

NEWS IN A NUTSHELL.

Paragraphs That Give Condensed
News of the Day.

"Under Two Flags" will be given at the theatre tonight.
Judge Gear is expected back by the Kihuna to hold court next week.
"Eddie" Boyd, land commissioner, is expected to return tomorrow from Kauai.

Zeno K. Myers is in charge of the insurance department of the Hawaiian Trust Co.
The Hawaiian Mission Children's Society will meet at Kawaiahaeo Seminary at 7:30 o'clock tonight.

The members "First View" of the fall exhibit of the Kihohau Art League will be held Monday evening.
The clerks in the office of Tax Collector Pratt are having a busy time figuring up the tax returns.

The court of fire claims is continuing its sessions. It will probably make public some decisions about a month from now.

The annual meeting of the Hawaiian Sugar Planters' Association will be held in the room over Castle & Cooke Monday at 10 a. m.

High tide large today, 6:56 a. m. Low tide small, 2:54 a. m.; tomorrow high tide large, 7:44 a. m. Low tide small, 3:20 a. m.

The conjunction of Jupiter, Saturn and Venus in the same field may be seen in the western heavens this evening after sunset.

The Hawaiian Mission Children's Society will hold their second regular meeting at Kawaiahaeo Seminary this evening at 7:30 p. m.

Professor Lyons reports the weather today as cloudy and likely to rain this evening. Wraps and umbrellas will be in order for the theater.

Dr. Shorrey, food commissioner, is still at work analyzing ponciana beans. He got a new lot today from Wray Taylor and will examine them for poison.
Francis Murphy Club No. 1 will give an entertainment at Queen Emma Hall tonight. The Ladies Auxiliary will serve refreshments. A permanent coffee room is one of the hopes of the club.

Y. M. C. A. DOINGS.

The Y. M. C. A. Juniors rode out on their wheels this morning at 9 o'clock to the residence of Mrs. J. B. Castle at Waikiki, where a swim will be enjoyed and the party return to town by noon.

The Y. M. C. A. barriers ran last night for a run of about fifteen minutes. Among those who turned out were W. Kerr, F. Young, A. E. Lutz, J. Boyle, D. Falvey, T. Dolan, George Dyson, Curtis C. Jenkins, A. E. Chatham and N. Smith. There will be a business meeting of the Seniors' Club when the question of colors will be decided and a program of runs drawn up.

THREE DIVORCES GRANTED.

Judge Humphreys this morning granted three divorces. Puakanoka was granted a divorce from Uwini (w) on the ground of desertion. Emily J. Reznier was given a divorce from Sebastian Reznier, for failure to provide. She was allowed to take her minor child, William Young was granted a divorce from Mary Young, on statutory grounds.

REAL DANGER.

After all, the Czar may be in more danger from being run over by an automobile while in Paris than from being struck by a bomb.—The Atlanta Constitution.

**LEASE
—OF—
Business Property**

The undersigned will receive applications to lease lots in the "SCHMIDT CENTRAL BLOCK" on Beretania street, No. 158, adjoining the premises of the Queen's Hospital.

This valuable property will be divided into several business sites and offers a fine chance to investors in Real Estate. Suitable for Stores, Lodging Houses or Dwellings. Applications for lots will be treated in priority and it will pay to make early applications.

An important feature of these leases is that the lessee has the option of purchasing his lot in fee simple during the term of his lease at a figure based on the rental he is paying.

Terms and conditions of lease with amount of rents asked can be had on application to

PUTNAM'S HEALTH PILLS

**A BOON TO PEOPLE
LIVING IN TROPICAL
COUNTRIES**

No white people are natives of tropical countries. Many physicians claim the tropics unsuitable for the white race. Why? Because the climate is enervating. You get run down, the liver becomes sluggish, the blood is impoverished, boils and pimples break out, you are nervous and irritable, and a general feeling of being "out of sorts."

Putnam's Health Pills are made especially for this class of ailment. They wake up a sluggish liver; they make rich red blood; they remove that languid feeling, and tone up the whole system. There isn't the least question of their being the best tonic pill in the world. If they don't benefit you, your money back. Therefore, with such a guarantee, why delay the treatment? Get them today and receive the benefit they will afford at once.

Accuracy!
Accuracy!
Accuracy!

Our constant advertising aim.

We've all heard of the dog which both growled and wagged his tail to the bewilderment of the bystander who knew not which end to believe.

A like uncertainty often exists in the case of an advertiser whose promises have been known to belle performance. The question naturally arises:—"Is he entitled to credence now?"

No doubt we've made many a misstatement in these ads, of ours—occasional errors will creep in like boys under a circus tent. But by this time we flatter ourselves, the people of Honolulu know us too well to confound casual blunders with wilful misrepresentation.

Would you do us a favor?

Tell us our faults.
