NEGRO LABORERS.

The introduction into Hawaii of 10,000 negroes will be an evil the magnitude of which is hard to realize yet. We surely have enough of race questions to deal with here without adding an influx of negroes and Puerto Ricans and, we presume, shortly, Filipinos will add to the complication. The negroes are the most undesirable class of people. They are ignorant, brutal, lazy, and immoral. It is all nonsense to say that the crimes we read of from every State in the South are committed by the low classes of the cities. It is not so. It is farm hands and men who work in the cotton fields who have made it necessary for Judge Lynch to sit in permanent session and try to stop outrages by the use of the stake, the rope or the bullet. We do not want such a class of men in Hawaii. The sugar barons do not care a cent for the people of the Territory, the people whose homes are here, as long as the dividends are of a goodly size and promptly remitted to Paris, Bremen, San Francisco, and other places where the absentee barons have their saccharine palaces. We know well that when remonstrated with for bringing such undesirable classes of people as negroes and Puerto Ricans to this country the answer will be a supercilious smile and a "what are you going to do about it?" If the Legislature has the best interests of the Hawaiians, including all of whom whose home is Hawaii nei, at heart it will keep on hitting at the sugar barons' pockets until they cease to import the most obnoxious classes as laborers. Any appeal to the sugar baron's heart is in vain, to his head is futile, but touch his pocket and he gives way. The only consolation is that it will take time before the 10,000 darkies arrive, and that we in Honolulu, for a time at least, will not feel their presence in the Territory.

TOPICS OF THE DAY.

It looks as if George Gear will return without a judgeship and without unseating Wilcox. Never mind, George is "in" a good time and professional kicker Loebenstein is "out" of \$2000.

The Republican charter committee doesn't seem to be very enthusiastic, to judge from the number of members absent from the meetings. The Republicans realize that the Independents' Charter Committee will frame a charter which will be acceptable to the Legislature, and that it is time wasted for the Republicans to meet and squabble without any practical result except the spending of \$1000 for getting a lawyer to frame a charter and have it type-written.

Would it not be proper to deck Honolulu in holiday raiments on Tuesday, and illuminate the city and Government buildings and the shipping in the evening? Light bonfires on Tuesday morning on the peaks of Mount Tantalus, on the top of Diamond Head and Punch-bowl Hill to let the people know that a new century has come.

THE TWILIGHT.

A Dismal Outlook for the Schooner, But a Brighter One for the Crew.

Judge Estee has decided that the schooner Twilight is unseaworthy and will see that she is held in this port until proper repairs and alterations are made.

As a result of the petition filed by the seamen comprising the crew of the American schooner Twilight in the United States court regarding the vessel's unseaworthy condition, the surveyors appointed by the order of Judge Estee filed their report yesterday, after an examination of the little schooner.

In their report, Master Mariners T. K. Clark, J. F. Haglund and F. E. Renshaw specify many defects in the vessel which would indicate that the schooner was in very bad shape when she reached this port after her cruise in the South Seas. Among the repairs recommended included that the wood ends forward be caulked and paved. Butts on deck planking to be done likewise. They also recommend that the vessel's pumps be put in first class order. Regarding the rigging, fore-rigging should be lifted, and mast head band to be properly secured. All iron works on booms, riffs and blocks wherever necessary be repaired, subject to the approval of the surveyors. It is recommended that the vessel, before proceeding on her voyage, be supplied with the following amount of sails: A main sail, a fore sail, a fore stay sail and an inner jib.

Judge Estee accordingly entered decree which orders that the schooner Twilight, now lying in port be declared unfit to proceed on her intended voyage, from Honolulu to San Francisco, and that the repairs and deficiencies made in the report be made where the vessel now lies, and the hull be repaired as specified, wood ends forward be caulked and paved. Butts on deck planking to be done likewise. Forward-rigging to be lifted and mast-head band to be properly secured. The iron rings on booms, gaffs and blocks wherever necessary for repairs, subject to the approval of the surveyors and the court.

The vessel must also be supplied with the sails recommended. The court orders that the vessel shall remain in this port until all repairs are completed.

The compensation for the surveyors to be \$15 each, to be paid by the master of the Twilight and be a lien upon the schooner, her cargo, tackle, and apparel, together with the protector's fees, Marshal fees and costs of court.

A Day of Runaways.

Carriage horses were evidently frisky yesterday and three runaways were reported. The first occurred shortly before noon when a hack without a driver came tearing towards King street. At the corner of the lane the hack crashed into a heavy dray and was wrecked. The horse got away and run into Smith's stables. The dray was not damaged.

In the afternoon a horse belonging to W. C. Wilder and attached to a surrey shied when opposite the Occidental Hotel on King street and ran away towards Fort street. Opposite the Union Grill; the driver succeeded in steering the horse onto the sidewalk where it fell down overturning the surrey and throwing the driver out. The latter received several painful bruises.

The third accident occurred near Kawaiahao Church where a horse driven by E. I. Williams took fright and running away overturning the wagon. None of the occupants were hurt.

Paralysis

is sometimes caused by overwork, either mental or physical. There are many other exciting causes, such as exposure to cold, excesses, emotional influences, etc. The approach of the disease is generally gradual. Frequently the first warning is a vague feeling of headache, vertigo and muscular weakness.

Dr. Williams' Pink Pills for Pale People

restore the nutrition of the nerves and have cured many cases of paralysis when all other remedies and methods of treatment have failed. The record of this remedy entitles it to a thorough trial.

Perhaps there is no man better known in the city of Lawrence, Kansas, than Mr. G. H. Snyder. To a reporter Mr. Snyder related a wonderful story. He said: "I am now seventy years of age. About three years ago I experienced a coldness or numbness in the feet, then creeping up my legs until it reached my body. I grew very thin in flesh, my appetite was very poor and I did not relish my food. At last I became so bad I was unable to move about. I consulted several distinguished physicians, one telling me that I had locomotor ataxia, another that I had creeping paralysis. I took their medicines but they did me no good and I continued to grow worse. "One day a friend advised me to try Dr. Williams' Pink Pills for Pale People. I immediately commenced their use, throwing all other medicines away. Before I had finished my first box I found that they were benefitting me. I used twelve boxes in all and was perfectly cured."

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent, postpaid, on receipt of price, 50c. a box or six boxes for \$2.50 (they are never sold in bulk or by the 100) by addressing Dr. Williams Medicine Company, Schenectady, N. Y.

Very Funny.

N. SHVILLE, Tenn., Dec. 19—About two hundred negroes will leave Nashville to-morrow on a special train for Honolulu via San Francisco, to work on sugar plantations. Another large expedition will leave in a few weeks, as the sugar plantation owners want 10,000 Southern negro families. They are paying their expenses, and agree to give them lucrative employment, their work hours being from 8 a. m. to 6 p. m. They are exempted from taxation for three years.

Decree Sustained.

The Supreme Court rendered a decision yesterday in the case of Pukelo Akeau v. Iakona, Kabue and Noa Kuiki, sustaining the decree of the Circuit Judge, who refused to set aside the decree admitting a will to probate on the ground that the name of a second witness had been added to the will after the death of the decedent.

The case has occasioned considerable comment among the attorneys of the city, and the decision in point has been awaited with not a little interest.

A new fad has been adopted in local society circles. Gay beaux and fair unconventional ladies blacken their faces a la minstrel and drive around in a three seated surrey after dark of course singing rag time songs. Even the driver has to adopt the appearance of a driving nigger minstrel. Which shows that the Hogan craze is still with us.

GREETING NEW YEAR

Territorial Band Will Play Before and After Midnight.

The territorial band will play a half hour before midnight Monday night and will continue playing a half hour or so after the new year is ushered in. The following note to Captain Berger from Gov. Dole explains itself:

Honolulu, Dec. 28, 1900.

Dear Capt. Berger:—I would recommend that the band play solemn music at the capitol grounds for half an hour or so before midnight Monday night, to be followed after midnight with joyous music for half an hour or so, and then that the band play through several residence streets; say Hotel to Alakea, to Beretania to Nuuanu, to School, to Emma, to Beretania, to Alakea, to King, to the capitol, or something less if that is too much.

With New Year's greeting, SANFORD B. DOLF.

Court Notes.

Answers and demurrers are being filed with daily regularity in the action for partition of Honolulu real estate, brought by the Honolulu Trust and Investment against Annie Britton, Helen A. Dandrig, and Gear & Lansing. Defendant's Annie Barton and Helen Danning yesterday filed an answer admitting that plaintiff is owner in fee simple of one fourth interest in and to the premises known as the Canton Hotel. They aver also that they hold in fee simple the remaining three-fourths of the property, and that a lease is now outstanding made by W. F. Allen, administrator, with the will annexed of the estate James A. Aldrich; deceased, to F. Horn, but they deny that Gear & Lansing are the assignees of said lease, or that said lease is assignable.

The defendants further say that said property is incapable of partition without detriment to the owners of the same. They allege that said property should be sold as a whole in order to realize the best price. They further state that it would not be for the interest of any of the owners of said property to have the same sold, or to have partition made during the continuance of the term of said lease.
