## JEFFRIES IN 25 ROUNDS

Greatest Heavy Weight Fistic Battle on Record.

Referee Awards Decision on Points—Sharkey Forced Most of the Fighting—Champion Retains His Title by Small Margin.

Ringside, Coney Island Sporting Club New York, Nov. 3.—James J. Jeffries retains the championship of the world, Referee George Siler giving him the decision at the end of the 25th round over Sadler Tom Sharkey, at the Coney Island Sporting Club tonight.

It was one of the most marvelous battles that has ever taken place, and the greatest crowd that ever gathered in the Coney Island clubhouse witnessed the desperate struggle for supremacy.

In five rounds Jeffries had the better of the fight—in the first two and the last three. During the other 20 Sharkey forced the issue, and, like a bull terrier, was at his man with both hands necessarily.

They shook hands and shaped up well. Jeffries landed several times but was generally over and under. On the other hand, the sailor was wild, going into the fight with both hands swinging wildly, but he did not land the first blow.

Sharkey's vicious punches began to tell, and at the close of the seventh it seemed as though Jeffries could hardly walk to his corner, and it seemed certain there would be a new champion.

Forecast of Elections. The forecast of the State elections as given by the Portland Oregonian of Nov. 4, is that Ohio and Kentucky are doubtful, Republicans sure of Massachusetts and Iowa; Nebraska doubtful; both sides claim Maryland; possible reduction of New York; Republican majority in the Legislature; a close call for Phelan in San Francisco.

Christmas Presents by Mail. President McKinley has issued a proclamation that Christmas gifts for the men on duty in the new possessions may be sent through the mails, subject only to the domestic postal regulations of the United States.

Important Land Transaction. A deed from M. Hammond-Greene to the Trustees of Oahu College of 3 1/2 acres of land on Miller street, for the sum of \$65,000, has been recorded.

## LADYSMITH IS SURROUNDED

Boers Have Gen. White Cornered in His Stronghold.

Probable That White Can Hold Out Till Buller Arrives—Rumors of Capitulation Are Not Confirmed.

London, Nov. 4.—The War Office has issued the following announcement: "The colonial office has received information to the effect that the British troops have withdrawn from Colenso and have concentrated further south, but we have no news of any engagement in that neighborhood."

The evacuation of Colenso is undoubtedly a most serious matter for the British in Natal, as it not only testifies to the complete investment of Ladysmith by the Boers, but makes relief of General Sir George Stewart White an extremely difficult operation. Colenso is the point where the railway from Ladysmith crosses the Tugela river, which is now in flood.

## TRIPARTITE IS DISSOLVED

Chicago, Nov. 4.—A special to the Chronicle from Washington, says:

The United States, Great Britain and Germany decided today to dissolve the tripartite agreement by which these three powers control the Samoan Islands. The United States has, by this decision, been guaranteed the possession of Tutuila island and Pago-Pago. The disposition of the remaining island by Great Britain and Germany is a matter still pending.

The Mikado Good As Ever. There was not the usual large crowd at the opera last evening, although the Mikado was very well rendered and pleased those present.

Out For a Practice March. The three battalions of the 39th Infantry that arrived on the transports Pennsylvania and Olympia, this morning, were immediately upon their arrival, taken out in light marching order for a practice march.

Wanted Discuss Defeat. Cape Town, Nov. 2.—(Delayed in transmission).—A dispatch from Pretoria, under date of Tuesday, says Col. Moely, who commanded the British hussars captured by the Boers, declined, on being interviewed, to give the details of the misfortune, but praised the treatment he and his men had received at the hands of the Boers.

Artillery Duel With Boers. London, Nov. 4.—A dispatch from Ladysmith, dated November 2, morning, says: "During the night the Boers moved near the British position and mounted guns in fresh places. Meanwhile the naval guns have been moved to more favorable positions, nearer the town, and commanding some of the Boer batteries. At 6 o'clock this morning General White ordered the bombardment of the enemy, and the blue-jackets opened the ball. The Boers replied vigorously. They fired straight, and some of the British were hit. A terrible artillery duel has been proceeding for over three hours. So far the naval guns are the only ones that have engaged the enemy."

To Retain Philippines. New York, Nov. 4.—A special to the Herald from Washington says: It was unanimously agreed at the meeting of the Cabinet Friday to urge upon Congress the immediate passage of a joint resolution declaring it to be the intention of this Government to retain the Philippine islands, to suppress insurrection and to grant the broadest kind of local self-government to the inhabitants of the islands under such form of United States civil government as may be expedient.

## PENNSYLVANIA AND OLYMPIA

Two Army Transports That Arrived from Portland Today.

Whole of 39th and Two Companies of 45th Brought by Transports—Rough Voyage Down—Officers, Etc.

The U. S. A. transports Pennsylvania and Olympia came in to port this morning at 9:30. They both left Portland November 3d, and experienced very rough weather until the last couple of days.

The men on both ships are in good health and are as fine a body of men as ever started for Manila. Late news was received at Astoria, the pilot boat bringing on board papers of Nov. 4 and 5.

The Olympia is at the Pacific Mail dock and came into harbor half an hour later than the Pennsylvania. There are 599 men and 16 officers aboard her, being of the Third Battalion of the 39th Infantry and two companies of the 45th Infantry, U. S. V.

U. S. A. TRANSPORT SIAM. The U. S. A. T. Siam came into port this morning at 5 o'clock. The Bulletin is indebted to Assistant Quartermaster Taylor of this city, for the following report of the Siam's round trip:

The United States animal transport Siam, carrying U. S. mail, left Manila October 20th for Honolulu, experiencing strong head winds throughout the entire voyage across the Pacific, making the voyage considerably longer than was expected. Since the Siam was in Honolulu a new captain has assumed charge of the vessel, vice Reich, who has returned to Austria. The personnel of the ship is at present: Captain Antonio Valentin, First Officer Xigga, Second Officer Stepanovich, Dr. Lyman Bishop, United States Veterinary Surgeon, and Albert P. Taylor, who returns to Honolulu having served as quartermaster's clerk during the voyage to Manila and return.

Communication Restored. London, Nov. 3, 9:15 a. m.—The War Office has just received a cablegram announcing that communication with Ladysmith has been restored and that messages from that place are now coming through.

## HAMILTON, BROWN SHOE CO.'S

"HIGHLAND CALF"

"Own Make" \$3.00 SHOE FOR MEN

Wounded at Cape Town. Cape Town, Nov. 3.—(Delayed in transmission).—The arrival of the British wounded from Ladysmith, by way of Durban, last evening, created a scene of popular enthusiasm on the part of a large crowd that had assembled to witness the landing. As the poor fellows were brought ashore the crowd cheered and sang "Rule Britannia" and "God Save the Queen."

Explosion at Colerburg Bridge. Colerburg, Nov. 1.—(Delayed in transmission).—An explosion in the direction of the Colerburg bridge, and it is supposed the Boers have destroyed the bridge.

Hilo Custom House and Post Office. There was a long meeting of the Cabinet this forenoon for the discussion of various matters of importance. Petitions from Hilo people regarding the site for the postoffice and custom house were read. It was voted that these offices be erected on the site where the present postoffice stands and that the present post office be continued until the new one is completed.

Tom Quinn's Hack Smashed. Tom Quinn's hack of 290 stand, is a wreck. His horse ran away from Nolte's this forenoon, ran up Fort street at a terrific rate, took a wheel off Mr. Belsler's rig at E. O. Hall's corner, and ran over to the hau tree outside McIntyre's store on King street. The hack was swept into the sidewalk and badly smashed and the horse was thrown on his head. He struggled for a second and then, to the astonishment of all, got up and kept on going without a stitch of harness on him.

Aginaldo Proclaims. Manila, Nov. 2.—Aginaldo has issued a proclamation announcing that the American Congress will meet in December to decide whether the "imperialistic policy" and "this bloody work" are to be continued. He exhorts his soldiers to conduct themselves so that Congress will consider them worthy of independence, and requests the priests to abstain from politics and to redeem the church from the bad name the misdeeds of the friars have given it.

## McCully Premises Sold.

A Honolulu syndicate has purchased the McCully property of about a hundred and forty acres on low King street in the vicinity of the home of J. A. Cummins. The purchase price has not yet been disclosed.

Some interesting facts will probably come before the Honolulu public regarding this property within the next few months. It is certain that these McCully premises will make fine residence sites when filled in as required by the government. They will have the full

Hongkong, which got adrift from its tow in the China Sea during the typhoon of October 1st; no attempt was made to salvage the boat as it was lying directly in the course of steamers en route to Manila. On November 1st, two transports westward bound, were sighted, and on November 8th, two others were sighted, one being the Tartar, which latter vessel hoisted the "All Well" signal.

The entire firemen's crew is composed of native Filipinos, somewhat of a novelty in shipping circles; they have proven splendid, faithful workers, and subject themselves to the ship's discipline cheerfully. On the maiden trip of the Siam to Manila, after leaving Honolulu, and during the most critical moment of the battle with the typhoon, which destroyed nearly all the animals aboard, the original fire crew refused to go below to the stoke hold. Captain O'Neil, the army quartermaster, was confronted by circumstances which warranted taking decisive and determined action. Without hesitation he overpowered and securely fastened the ringleader, threatening to tie him up by the thumbs to the rigging. He proceeded to carry out his action when the firemen gave up and the crew returned to their work.

The Siam bears few of the marks of her terrible experience in the typhoon; the wreckage and dead animals were thrown overboard before arrival at Manila; the smashed lifeboats disposed of, stanchions replaced, the inside of the ship has been repainted, and every portion restored as far as practicable. In this typhoon 365 horses and mules were instantly killed, or soon after died of their terrible injuries, six had to be shot to end their sufferings, when the ship lurched from side to side dipping water over the bridge at each roll. The stanchions and stails gave way, the animals plunged from one side to the other, and the men had to be called to places of safety to save their lives. It was an experience which none on board will ever forget, inasmuch as at one period of the storm (on the morning of October 2d), it was feared she would not weather the gale, as she refused to answer her helm, plunging heavily at the mercy of the gale. It was terrible, rolling and pitching which shot the animals out of their stalls, mangling and tearing their flesh until death relieved them. The captain of the ship and his two officers never left the bridge throughout the storm, preferring to remain steadfastly at their posts until the danger was over. When the news of the disaster was brought to General Otis, he shook his head sadly and said it was a terrible blow to the transportation department of the army as they had been depending upon the animals to assist in the opening of the fall campaign.

### SALICYLIC ACID.

Salicylic acid is an organic acid. It has powerful antiseptic qualities, prevents the souring of beer, also the development of bacteria contained in fluids. Applied externally it will remove corns and warts. TAKEN INWARDLY salicylic acid rapidly lowers the bodily temperature, reduces the pulse rate, blood pressure, and rapidity of respiration; some people being peculiarly susceptible to its action.

The Board of Health has condemned all beers containing salicylic acid. Among those proved to be free from this adulterant was the OLYMPIA BEER, sold by Larry Dee of the Hoffman Saloon.

## Scrofula

Swollen Glands, Scrofula Sores, Hip Disease, Boils, Pimples, Eruptions Tell the Story—Dreadful Consequences of Impure Blood.

Certainly scrofula, if anything, may be called the advertisement of foul blood. It is the scourge of the world—offensive, painful, debilitating, stubborn. Outward applications do not cure. Emollients may palliate, they cannot abolish the evil. There is one sure way out, and that is to eliminate the taint from the blood. For this purpose Hood's Sarsaparilla is absolutely without an equal.

"I have taken Hood's Sarsaparilla for scrofulous humor and impure blood and am now almost entirely cured of the eruptions with which I have been afflicted for the past year. My face, chest and back were badly broken out." FRED B. ORDWAY, Woodstock, Vt.

## Watch for the Lenoids Tonight

Garret P. Serviss in an article written for the Scientific American, says of the November Lenoids:

The expected return of the main body of the November meteors dwarfs every other astronomical event this fall. The splendor of their display, in 1883, made so deep an impression that they have ever since occupied a place apart in the popular imagination as the most gorgeous and startling of all celestial pageants. The fact that three of their periods measure just the span of a century tends to add to their reputation as a spectacle. Although their returns are separated by a fraction yet they may be seen three times in the course of a man's life. One who saw them as a child, in 1833, might have regarded their fiery menace with the cooler judgment of a middle-aged man in 1866, and, this year, may behold again the scene that marked the start and the turning post of his life with ineffaceable memories of wonders in the heavens.

But while everybody hopes for a brilliant spectacle on this occasion, there are reasons for anticipating a possible disappointment. In 1866 the display, although imposing, was by no means as wonderful as it had been in 1833. The fact that the meteors were almost as abundant in 1867 as in 1866 showed that they were being scattered along their path. Later investigations indicate this scattering of the meteors has probably continued ever since. The planet Jupiter, the great perturber of the solar system, has had his hand upon them. They are apparently traveling in several shoals, or parallel streams, and it may be that when the earth crosses their line of march it will fall to pass through any very dense column of the wanderers.

Yet, at the worst, it is certain there will be a meteoric "shower." There may be only a hundred, or a few hundred, visible in an hour, or there may be many thousands. One unfortunate circumstance will be the presence of a strong moonlight, which will suffice to conceal many small meteors and to rob the larger ones of much of their brilliance. The maximum of the display is generally expected soon after midnight on the morning of November 16, and at that time the moon will be within twenty-eight hours of the full phase. At 11 o'clock a. m., November 16, the moon will be in the constellation Aries, about two hours west of the meridian, while the radiant point of the meteors, in Leo, will be about two hours from its rising point in the northeast.

While the best attainable information points to the first hour of the morning of November 16 as the time when the meteors will be most numerous, yet the data are so uncertain that all observers are advised to be on the watch forty-eight hours earlier. Begin say at midnight on the 13th, and watch until dawn. Resume watching on the following night, and so on until the morning of the 17th. Every watcher for the November meteors on this occasion can have the satisfaction of knowing that his, or her, vigil is being shared, all over the civilized world, by thousands of the brightest spirits, which now inhabit the earth. The solution of the mystery of the November meteors will stand, in the perspective of a thousand years, high among the achievements of man.

The watch for the meteors will call many unaccustomed eyes to the starry heavens, and luckily the constellations on view include several of the finest. Like the meteors, however, the stars suffer from the effulgence of the moon. At midnight in the middle of November the eastern half of the firmament is especially beautiful.

## NATURE'S PROVISION FOR MAN.

When Nature designed man she provided ample things for his preservation. Man was intended to live and be healthy on vegetation; that was the natural way. The only way to be healthy or to regain lost health is by using nature's remedy and great blood purifier—Kickapoo Indian Sagwa. This is the great Indian remedy, taken direct from nature's unerring laboratory. It is made of simple herbs, roots and barks, and always acts naturally. It searches out the disease; finds the cause of it; slays it, and restores the body to a normally healthy condition. If your liver is sluggish, drowsy, or inactive; if your heart doesn't pump right, palpitate, thumps, sometimes vigorously; and sometimes faintly; if your bowels are inactive, or overactive; if your stomach falls you; if your kidneys fail to act naturally; there is still help for you if you will take Kickapoo Indian Sagwa. You must act quickly. Disease is progressive; you must stop it at once. Kickapoo Indian Sagwa will do it. Hobron Drug Co., agents for the Kickapoo Indian Remedies.

WEDNESDAY, NOVEMBER 15, 1899.

Let the average citizen get into a friendly boxing match of twenty-five rounds and he can better appreciate the degree of scientific training of which the Jeffries-Sharkey contest was a severe test.

W. N. Armstrong retires from editorial duties in the spirit usual to men who take up newspaper work as a side issue. The trained newspaperman puts his paper first and his own personality last. His high ambition is that his paper shall gain success. If his efforts have served to assist in the success, he is satisfied; men may come and go but the paper goes on forever. Personally Mr. Armstrong is a good fellow and the heart burning he has suffered from people differing from his opinions is doubtless equally balanced by the fun he has got out of his newspaper comment.

LEASES BLOCK THE PUBLIC.

Discussion of the location of Hilo's new postoffice building furnishes the people with an object lesson on the government giving long leases to public land. While Hilo citizens were unable to decide unanimously on any location, the first, second, third and fourth choice was each of a site on government land leased to Mr. Severance. As the reader follows down the list and notes the committee's statement that Mr. Severance will allow the use of the land by the government, at a price, until the expiration of his lease, the impression is given that Mr. Severance has control of the most valuable public property in the town of Hilo.

Mr. Severance unquestionably has a right to charge a price for the use by the people of property leased from the people. Minister Young is also following a proper course when he refuses to use any part of the Hilo postoffice appropriation to pay rent for public property. The result, however, is that the Hilo postoffice will be located near the waterfront, and as the town increases in size, will be steadily forced away from the center of population.

The people may well view with satisfaction the compulsory cessation of leasing public lands by the present officials, and the guarantee, that under Territorial rule long term leases will not be allowed.

Here in Honolulu, the increased traffic has brought forcibly to the attention of the people the short sighted policy of the Executive in granting long term leases for property close to the waterfront. Granted that the property is bringing larger returns than ever before, also that the improvements made by the leaseholders are valuable additions to public convenience at the present time, the fact remains that the further increase of traffic will demand a much larger waterfront space for public uses. Unless all indications fail, the day is not far distant when Honolulu will consider as Hilo has considered the advisability of paying rent for public property leased to private citizens.

IN THE CIRCUIT COURT

The trial of Detogni Marcello for murder went on this morning before Judge Perry, and the following jury: Wm. Filter, Robert B. French, H. Gallagher, E. M. Marshall, J. Schaefer, E. L. Marshall, Henry A. Giles, H. C. Patzig, J. C. Cloney, F. M. Lewis, W. L. Disney, E. P. Bishop. Louisa Bushwell has been accepted as the interpreter. So far Marlocci Vittona, Dr. N. B. Emerson and Nautill Dante have been examined. From the questioning of the witnesses it appears that the defendant's attorney is trying to make out a case of self-defense or at least reduce the charge from murder in the first degree. There have been admitted as exhibits pictures of the scene of the killing and a day report from the Queen's Hospital of the dead man's condition, wounds and death.

In the case of Awa and Amerg, charged with having opium in possession, the court on a statement of Deputy Attorney General Dole discharged defendants.

In the case of Mendonca Markham, Judge Perry has ordered defendant's answer stricken from the record. The defendant appears for himself and did not conform to the rules of the court in filing his answer as it was not written on legal cap paper as required, nor was a copy of it served on the plaintiff nor his attorney. Defendant has been given until tomorrow at 9:30 to file another answer in a legal manner.

Kanal has sued W. C. Aehl for trespassing upon lands of the plaintiff at Kalihi. The plaintiff claims \$50 damages.

Geo. W. Lincoln has petitioned as trustee to be allowed to sell a portion and mortgage the remainder of the estate held in trust.

American Law in Cuba and Porto Rico

Washington, Nov. 3.—The difficulties attending the administration of justice in Cuba and Porto Rico are pointed out in reports to the Advocate General of the Army, General Lieber, whose annual report was made public today. Major Dudley, at Havana, states in the course of a report:

"The present situation here has no exact precedent in that during a time of peace we are in temporary military occupation of a friendly territory, not our own land, pledged to discharge the obligations that may under international law, result from the fact of such occupation for the protection of life and property, and to withdraw from the island so soon as a stable government of its own shall be established.

"The opposition to a complete change of the spirit, methods and technicalities of the Spanish law, as now maintained in the system of 'incomunicado' for example, is especially surprising. But though slow in coming, the assertion of such personal rights and liberties as are already enjoyed by Americans under American law will come sooner or later, as being essential to a free, self-governing people, such as the Cubans desire to be."

J. Dunn, Judge Advocate of the Department of Santiago and Puerto Principe, makes similar observations, and says: "The supreme law on the island of Cuba is that of the supreme power, the United States, and will be so long as an American remains here under existing conditions, be that for one month or forever."

Major Sharp, Acting Judge Advocate of Porto Rico, reviews the manifold difficulties in dealing with brigandage, the complex customs relating to marriage and divorce, the crowding of jails with men, women and children who literally rot while justice proceeds at snail's pace. He says every substantial reform is eagerly received by the people, the opposition coming from the small conservative element. He deprecates the premature withdrawal of this Government and the establishment of a territorial form of government as some of the Porto Rican newspapers demand, and says it would be the most unfortunate measure that could possibly befall the island. He adds: "Continued military control, for a reasonable time, aided by wise advisory councils, cannot fail to secure gradual but steady and ultimate assimilation by the people of our best American thought and methods of administration."

CONSIDER NEW POSSESSIONS.

Washington, Nov. 3.—The Cabinet meeting today lasted two hours, much of the time was spent in the reading and discussion of the preliminary report of the Philippine Commission. The report was considered very satisfactory and received the full approval of the Cabinet.

There was some incidental discussion of the status of our insular possessions in relation to the Postal Union. Postmaster General Smith will investigate the subject and report at some future meeting.

A question of civil government for Cuba also received attention. The necessity for a change from the present military system, it is said, becomes more and more apparent and the President is waiting only until an entirely suitable person can be found before taking action in that direction.

Vice-President's Condition.

Paterson, N. J., Nov. 4.—At 11 o'clock tonight Vice President Hobart was sleeping. Dr. Newton, before retiring, said that the patient was weak, but had had a fairly good day. He did not anticipate any trouble tonight. Mr. Hobart's pulse was strong.

Residence Lots on Pacific Heights

ARE NOW OFFERED FOR SALE.

No residence property having similar advantages and attractions, as for healthfulness of location, having an elevation of from 170 to 800 feet, and affording the grandest marine and scenic views; as also its proximity to the business part of the city, being less than a mile from the Progress Block,—has ever before been presented to the people of Honolulu.

One of the main features of this property, and procured at great expense, is the abundant supply of pure spring water, pronounced by Dr. C. B. Wood as being the purest and best drinking water obtainable in the Island, which is now being conducted into storage reservoirs upon the property by an independent pipe line, and will be supplied to residents at Government rates.

OUR GUARANTEE: We guarantee to all purchasers of lots on Pacific Heights, that we will, within six months, provide rapid transportation to the highest lots on the property, connecting the same with the Honolulu Rapid Transit Co.'s line on Pauoa Road, at the beginning of Kaulani Drive.

TERMS: 1/3 cash, 1/3 in one year, 1/3 in two years; interest 6 per cent. per annum on deferred payments.

**DISPOSAL OF GARBAGE.**

Minneapolis, Minn., Nov. 3.—At the closing session of the American Public Health Association today, a resolution was adopted repealing the use of preservatives of a harmful nature in food products.

The officers nominated last night were duly elected and in addition, Dr. Theobald Smith, of Boston, was chosen for the chairmanship of the new section of Chemistry and Bacteriology. The choice of Indianapolis as the next meeting place was ratified. The papers and discussion of the morning were on the subject of "Garbage."

Dr. Benjamin Lee, of the Pennsylvania Board of Health, in a paper on "The Treatment of Garbage and Excreta in Military Camps," explained that flies were responsible for a large part of the diseases that carry off soldiers and that there were three things to be done to prevent this—banish the flies as far as possible, keep them from the garbage and protect the food from them.

Colonel W. G. Morse of New York discussed "The Next Step in the Work of Garbage and Waste Disposal." He described the reduction methods successfully used in Boston, New York and Philadelphia, and pointed out as the improvements now necessary these four things: Disposing of the waste without creating a nuisance, reduction of cost of cremating by use of waste itself as fuel; separation and sale of articles that have value and utilization of surplus heat.

These points he illustrated by what has been accomplished by the more advanced methods used in English cities. MacDonough Craven, engineer in the New York Garbage and Collection and Disposal Department, read the third paper on "Waste Disposal and its Advantages." He gave much valuable information on recent advances in utilization of waste products in fertilizers and other derivatives.

**NOTES FROM VALLEJO.**

Vallejo, Nov. 2.—Lieutenant Commander C. A. Adams, United States Navy, for some time past the executive officer of the United States steamship Independence, will take passage on the United States steamship Solace for Manila, he having been relieved from duty a few days ago. Lieutenant Commander Adams will be succeeded by Lieutenant Commander Thomas S. Phelps, U. S. N., one of the most popular officers in the American Navy, and a son of former Rear Admiral Phelps.

The Philadelphia, which has been undergoing repairs here at the Navy Yard for months past, is now fast nearing completion, and before many days will be ready for the seas again, although at present she has no orders.

**TO INVADE CAPE COLONY.**

London, Nov. 4.—The dispatches today show that the forces of the Orange Free State are at length prepared to invade Cape Colony. These forces are not overwhelming, but the Dutch in the neighborhood of Colesburg and Burgersdorp are exceptionally pro-Boer, and their support is evidently expected.

The objective of this force of Boers will probably be Naaupoort, one of the most strategic railroad points in South Africa, which will probably be, it is said here, the first advanced depot of the Second division of the army corps. Naaupoort is understood to be well garrisoned and able to take care of itself. Trains thence to Colesburg have been almost suspended.

The two commanders at Ladysmith continue to exchange courtesies. White, in response to Joubert's request, Tuesday lent the Boers an ambulance to assist in the conveyance of the Boer wounded.

Advices from Cape Town show the people there are beginning to realize the seriousness of the situation in Natal. Merchants are apprehensive of the Boers overrunning the entire country, and it is reported many have instructed their representatives to leave Pietermaritzburg.

## ANGLICAN CHURCH SYNOD.

At a meeting of the Anglican Church  
 Synod last evening the following resolu-  
 tion was unanimously adopted:

Resolved, That the following statute  
 be enacted:  
 Whereas, it is desirable that there  
 should be a standing committee for  
 this Diocese to act as a Council of Ad-  
 vice to the Bishop; it is by the Bishop,  
 Clergy and Laity in Diocesan Synod  
 assembled, enacted and determined as  
 follows:

That such standing committee shall  
 consist of two priests and two laymen,  
 communicants of the Church and resi-  
 dent within the Diocese. One priest  
 and one layman shall be elected by the  
 Synod by ballot, the clerical member  
 being elected by the clergy and the lay  
 member by the laity. Each member  
 shall hold office for two years or until  
 his successor be appointed.

Such standing committee shall elect  
 from their own body a president and  
 secretary. They may meet on their  
 own adjournment from time to time  
 and the president shall have power to  
 summon special meetings whenever he  
 shall deem it necessary.

Such standing committee shall be a  
 Council of Advice to the Bishop. They  
 shall be summoned on requisition of  
 the Bishop whenever he shall wish for  
 their advice. And they may meet of  
 their own accord, and agreeably to  
 their own rules when they may be dis-  
 posed to advise the Bishop.

Should a vacancy occur amongst the  
 Bishop's appointees, the Bishop shall  
 fill the vacancy, and should a vacancy  
 occur among the elected members, the  
 standing committee shall fill the vac-  
 ancy.

The following introduced as a part  
 of the above resolution will be con-  
 sidered at this afternoon's session:

Whereas, it is desirable that the  
 Diocesan Fund for the Support of the  
 Work Among the Chinese be placed in  
 the hands of a permanent committee  
 appointed by the Synod, it is enacted:  
 1. That there be a Board of Mis-  
 sions for the Diocese, whose duty it  
 shall be to devise means to awaken in-  
 terest in the missionary work of the  
 Diocese and to secure liberal offerings  
 for the same; to make appropriations  
 for the support of the clergy appointed  
 by the Bishop in proportion to the im-  
 portance of the work assigned to them  
 and according to the income of the  
 board.

2. That such board consist of the  
 Bishop, who shall be ex-officio presi-  
 dent, the standing committee, and one  
 layman elected by the laity.

3. That the board shall appoint its  
 own treasurer and secretary.

## Meteorological Summary for October.

Temperature mean for the month 75.  
 7F.; normal 76.3; average daily maxi-  
 mum, 81.4; average daily minimum,  
 71.4; average daily range, 10.0; greatest  
 daily range, 21.0; least, 6.0; highest  
 temperature, 85; lowest 64.  
 Barometer average 29.971; normal  
 do, 29.966 (corrected for gravity);  
 highest, 30.11; lowest, 29.81; greatest  
 change in 24 hours, 0.10.

Relative humidity, mean of 9 a. m.  
 and 9 p. m. 69.6, normal, 70.5; mean  
 dew-point, 65.3; normal 66; absolute  
 moisture, 6.86 grains per cubic foot.  
 Rainfall 4.02 inches; normal 2.26;  
 total since Jan. 1, 21.59; this is 5.74  
 inches below normal.

Trade wind interrupted six days;  
 normal trades for October 22 days.  
 Cloudiness 5.5 (tenths of sky), nor-  
 mal 4.3.

The artesian well level rose during  
 the month from 34.2 feet to 34.5 feet  
 above mean sea-level. It is a question  
 whether this rise is not partly due to  
 the fact that the rice lands are dried  
 up at this period for the fall harvest.

A heavy rainfall from the N. over  
 nearly the entire group occurred be-  
 tween the 18th and 25th. The follow-  
 ing 24 hour records are the leading  
 ones in the respective districts:  
 Pepeekeo, Hilo, 8.40 inches on the  
 19th; Olaa, 6.32 on the 17th; Paaulo,  
 5.70 on the 19th; Nahiku, E. Maui, 5.97,  
 Haleakala Ranch, 2.54; Wylie street,  
 Honolulu, 4.31 on the 20th.

The first snow of the season fell on  
 Mauna Kea and Mauna Loa on the  
 19th, accompanied by thunder and  
 lightning at Hilo and elsewhere. Light  
 earthquakes, Hilo, 29th and 31st, also  
 at Waimea, October 12th.

## Hobart Growing Weaker.

Paterson, N. J., Nov. 3.—The follow-  
 ing bulletin was authorized by Dr.  
 Newton:

"9:30 a. m.—Vice President Hobart  
 passed a good night until 2 a. m., when  
 he had an attack of weakness, but rallied  
 after the administration of medi-  
 cine. Since 5 o'clock his pulse has  
 been stronger, and at 9 o'clock he was  
 in fair condition."

Although Mr. Hobart is resting easi-  
 ly, it is admitted that he is gradually  
 growing weaker. His failure to take  
 nourishment in sufficient quantities is  
 responsible for this.

King Bros. take pleasure in announcing the return of their artist, Mr. W. Y. Itow, who for the past three months has been spending his vacation in Japan. While there he learned the process of gold and silver photography, which he introduces for the first time in Honolulu. One must see this beautiful work to appreciate its merits. Samples are now on exhibition at

**SUMMER FASHIONS.**  
 Artistic Designs of New Fabrics and Those Who Make Them.  
 It is impossible to avoid mentioning mousseline de soie when dress is in question, for this year it is universally employed for millinery, gowns and wraps. Even cloth costumes, jackets and capes do not escape association with it, for in the form of tiny ruches it outlines rovers and basques or completely covers yokes, chemisettes, etc.  
 Beauty of material and harmony of coloring have quite as much to do with the success of this summer's gowns as does original trimming. Probably a hardly appreciable portion of the feminine public which wears and enjoys pretty fabrics realizes or even gives a moment's thought to the artistic feeling which goes into the designing of the goods and the experience and education which are necessary to the production of the lovely patterns which adorn broader, broche materials.

**SILK COSTUME.**  
 and stamped goods. Designing is not merely a trade. It is an art and requires brain and feeling as well as skillful handwork and a knowledge of the machinery by which the designs are to be reproduced on the woven fabric. Perhaps the time will come when the designer's name will appear on the selvage of every yard of goods which is made from his pattern. An artist signs his pictures. Why not his designs as well?  
 The cut shows a gown of celadon green silk. At the top is a sort of basque of black satin embroidered with jet, from which coquilles of black plaited mousseline do sole continue down each side of the tablier, fastened at the top by steel cabochons. The bodice has a yoke to match the basque and coquilles of mousseline frame a plaited chemisette. The toque of green straw is trimmed with red poppies and a black plume. JUDIC CHOLLET.
