THE LEGISLATURE.

CEREMONIES ATTENDING ITS OPENING THIS MORNING.

Full Text of President Dole's Inaugural Address—Large Audience Present.

The room now known as the Council Chamber at the Executive building was crammed to its utmost this morning with the elite of Honolulu, the ladies largely predominating. Numbered seats had been provided for the diplomatic and consular corps, and naval officers. On the extreme left seats were reserved for Mrs. Dole and the Cabinet ladies. Facing the diplomatic corps were seats for Government officials of all degrees, Judges of the Supreme and Circuit Courts and ex-Councillors. Four seats were provided for the press representatives when at least eight were required.

A few minutes after twelve the Senate came in in a body and took seats in front. They were followed by the Representatives, all of whom were present except two. Shortly afterwards President Dole came in at the side door and took his stand on the dais. Rev. Alex. Mackintosh in surplice then advanced and offered up prayers for the welfare of the Republic, the Legislature, the President and the people generally, closing with the benediction.

President Dole then advanced to the front and delivered his message of which the following is a full and complete copy:

Senators and Representatives:

It has been deemed advisable to convene the Legislature in special session at this time in order that the regular legislative function of the Government should be established at an early date and the temporary legislative authority of the Executive and Advisory Councils be thereby terminated; and also for the enactment of important legislation relating to public lands, and sub-marine cable communication between the Hawaiian Islands and North America.

The annual reports of the heads of the several executive departments required by law to be submitted to me, which are herewith transmitted, furnish a comprehensive view of administrative work covering the last three months of the existence of the Provisional Government and the first six months of the Republic.

Since the establishment of the Republic of Hawaii on the 4th day of July, 1894, the following powers have recognized the new Government in the order named: The United States of America, France, Switzerland, Mexico, Russia, Italy, Belgium, Guatemala, England, Germany, Japan, The Netherlands, Chile, Peru, Brazil, China, Sweden and Norway, Austria, Spain, Portugal and Denmark.

Our relations with these governments are of the most friendly character.

The internal affairs of the country have, with the exception of the insurrection of January last, been in an orderly and prosperous condition. The insurrection was suppressed without serious difficulty, the outlay incident thereto with the expenses of the military court following the outbreak amounting in the aggregate to something over \$90,000, being paid out of current funds.

The state of public health has been normal. While the annexation of this country to the United States of America has not yet been accomplished, it still remains the policy of the Government. Its consummation will

be earnestly sought with an abiding faith that such a result will be full of great and lasting benefits to our people.

In view of the fact that a large part of our permanent population is in a measure prejudiced both in its material prospects and in its chances of enjoying the comforts and beneficial influences of domestic life for want of homes, and land for cultivation under secure title; and also in view of the evident need of the country for a class of small land holders owning and cultivating their respective holdings, as a basis of national prosperity and a desirable factor in our political growth, I commend to your consideration a liberal policy in the administration of the public lands, whereby industrious persons with small means may have special opportunities of acquiring permanent holdings, and the disposition of large tracts of land for sale or for lease on long terms, shall be discouraged.

The Crown lands being now at the disposal of the Government, it is the part of wisdom as well as patriotism to make provision in the legislation necessary to their proper management, for convenient facilities for the settlement thereon, as well as on the original Government lands, of industrious persons.

Such legislation may well fix residence on or improvement of lands, or both, as a condition of title. And inasmuch as many of our population are not skilled in the accumulation and retention of property, a provision where those desiring to do so should have an opportunity of acquiring inalienable homesteads, would doubtless be of great value to them as well as to the State.

For want of a land policy heretofore, carried out in legislation favoring such a settlement of the public domain, the difficulties of acquiring small holdings have been almost prohibitive to persons of small means. The Homestead law of 1884 made a beginning and has furnished valuable experience, but it is inadequate to the work which is now demanded from social, material and political standpoints. The following figures are expressive of the state of land matters in the past, and are significant rather of the want of facilities in obtaining Government land, especially out of Honolulu, than of want of a demand therefor. During the year ending July 4, 1894, there were thirty-eight Government land sales, aggregating \$20,590.15, of which thirty were lands in Honolulu and vicinity, aggregating \$18,061, and only eight were of lands in all the rest of the Islands outside of Honolulu, and aggregating \$2,529.15. During the past year, from July 4, 1894, to the present time, there have been twenty-one Government land sales, aggregating \$14,260.95, of which fifteen were sales of lands in Honolulu and vicinity, aggregating \$11,953, and only six of lands in other parts of the Islands, aggregating \$2,307.95. Of the fourteen lands out of Honolulu sold by the Government during the last two years, eight were under one hundred acres each.

A bill elaborating such a land policy as outlined above will be submitted to you by the Minister of Interior.

The foregoing recommendation in regard to the public lands is suggested not only in relation to residents, but also as an inducement to the immigration of a desirable class of settlers from America and other countries, the importance of which is fully treated in the report of the Labor Commission on the coffee industry to the Executive and Advisory Councils.

The subject of immigration has had the earnest and continuous consideration of the Government.

Asiatic immigration to Hawaii is mainly of a transitory character, experience showing that it cannot be relied upon for permanent population. It must, therefore, be looked upon as largely in the nature of a temporary supply of the demand for agricultural labor.

It is greatly to be desired that while the current and necessary demand should be met, the securing of a permanent addition to the population which will in time obviate the necessity of constantly importing new laborers, should also be kept in view. With this object a renewal of Portuguese immigration has been inaugurated by the Government, and one shipment of 730 persons has arrived.

The Government will be unremitting in its endeavors to further promote the immigration of permanent settlers of a character suitable for the building up of our population.

One of the matters to which I would especially direct your attention, is cable communication with the outer world. Until such communication is secured, Hawaii will remain isolated. To do everything within our power to establish such communication

is, and must continue to be, one of the chief items of Hawaiian policy until it is accomplished. This has been the policy of the Government of Hawaii in the past, but in a passive form. We have been content to grant franchises and privileges and to promise subsidies to various citizens, trusting to their energy and enterprise to meet the expenses and do the necessary preliminary work.

Much time and money has been spent in this way, but so far without tangible result.

The day has gone by when we should await the initiative of private capital in a matter so vital to the political and commercial interests of this country. The initiation in such an enterprise should be assumed by this Government and the work persistently pressed until success is achieved.

The Government has kept itself informed of the various suggestions and plans for establishing cable communication across the Pacific during the past year, and should stand ready to assist to the full extent of its powers, any enterprise having that end in view.

From the information in the possession of the Government, however, while there is much evidence of awakened interest in the subject, on the part of all the countries bordering on the Pacific, there has not yet been proposed any plan which seems certain of early execution unless some new force comes into the field of action.

One of the main obstacles in the way of the initiation of such an enterprise is lack of definite knowledge of the character of cable needed, its cost, the running expenses and the probable revenue. All of this information can be more or less definitely obtained at comparatively small cost. The Government should be empowered to procure the same, and to enter into negotiations with other governments or persons to secure the earliest possible action in this matter. You will be furnished with all of the information in the possession of the Government concerning the subject, and a bill will be presented to you, which, if enacted into law, will enable the Government to move in the matter.

The Minister of Finance will lay before you a supplemental appropriation bill for expenditures, which I commend to your attention.

It will be the duty of each House of the Legislature to elect five members of the Council of State, according to the provisions of the Constitution. I suggest that this duty be performed without unnecessary delay, as the termination of the functions of the Advisory Council make it desirable that the Council of State be selected as early as possible.

This first meeting of the Legislature of the Republic is the signal for the retirement of a body of men whose work is a vital part of the history of the Provisional Government and of the first year of the Republic. I refer to the Advisory Council, which with the Executive Council has formed the legislative estate of the Government for the past twenty-nine months. Changes have taken place in the personnel of the Advisory Council, but the brave, patriotic spirit which characterized it at its first organization has never left it. The first meeting was held on the afternoon of January 17th, 1893, the last a few days ago; 152 meetings in all. These men have served without pay, at great personal inconvenience and yet have never been found wanting. Beside the large amount of legislative work accomplished, the debt of the Executive Council and the country to them for good and fearless advice and support can never be estimated or paid. The memory of their services will remain, I believe, in the Councils of the Republic a permanent influence of pure and incorruptible patriotism.

I congratulate you that the first exercise of the legislative function of the Republic, through its duly elected Legislature, has been placed in your hands; and I am confident that you will find the inspiration of the occasion, and will assume the responsibilities of your position with a lofty patriotism that shall cast its influence upon the years to come, ever tending to purify and exalt the work and the status of the legislator.

At the conclusion of the message the ceremonies were at an end. The President, however, held an impromptu levee in the hall, at which he received the congratulations of those present.

THE SENATE.

This body lost no time in getting down to business. It met at once in what is known as President

Dole's room, adjoining the Foreign Office. According to the agreement reached at the caucus last night H. P. Baldwin officiated as temporary chairman and J. F. Clay as secretary.

The Committee on Credentials consisting of J. A. McCandless, G. N. Wilcox and Cecil Brown reported as follows: We find that the following gentlemen under certificates on file in the office of the Minister of the Interior are senators elected for the several senatorial districts of the Republic.

FIRST DISTRICT—J. Kauhane, Charles Notley, F. S. Lyman and F. Northrup.

SECOND DISTRICT—H. P. Baldwin, A. Hocking and W. Y. Horner.

THIRD DISTRICT—Cecil Brown, J. A. McCandless, J. N. Wright, Henry Waterhouse, H. W. Schmidt and W. C. Wilder.

FOURTH DISTRICT—Geo. N. Wilcox and W. H. Rice.

On motion the report was adopted and the committee discharged.

Chief Justice Judd who was in attendance then administered the oath to the Senators.

Nominations for president being declared in order, Wm. C. Wilder was unanimously elected. On taking the chair Senator Wilder thanked the members for the honor conferred on him, more especially as it was to preside over the deliberations of the first Senate of the Republic of Hawaii. Mr. Wilder's remarks were greeted with applause.

Senator J. Kauhane was nominated and elected Vice-President without opposition as was J. F. Clay as Secretary.

The election of a Sergeant-at-Arms coming up, Senator Baldwin moved that that official perform also the duties of messenger. Carried. Senator Wright nominated Walter A. Wright for the positions and he was unanimously elected.

On the matter of electing a chaplain considerable discussion ensued, Senator Cecil Brown arguing that if any praying was needed the members could do it themselves.

Cecil Brown moved that it be the sense of the Senate that Rev. J. Kauhane, a member of the Senate, act as Chaplain of the Senate.

Senator McCandless moved to amend by employing an outside chaplain. Carried. Senator Brown nominated Rev. J. Kauhane, and Senator McCandless Rev. H. W. Peck. The ballot resulted 9 for Peck and 4 for Kauhane, and Senator McCandless was appointed a committee of one to notify Mr. Peck of his appointment.

Senator Baldwin moved that a Committee of three on Rules be appointed to report as soon as practicable. The President appointed Senators Rice, Brown and Baldwin.

On motion the Senate instructed the Secretary to notify the House that it was organized and ready for business.

Adjourned till 10 a. m. to-morrow.

THE HOUSE.

The House of Representatives met as soon as the Council Chamber was cleared and elected E. E. Richards of Hilo as temporary speaker.

An adjournment was then had till 3:30 p. m.

INDURINE

A COLD WATER PAINT

A SUBSTITUTE FOR OIL PAINT AND WHITEWASH.

AN EXCELLENT FIRE RETARDANT AND DISINFECTANT.

Especially Designed For INSIDE Work on Factories and Public Buildings.

It is a dry powder which can be prepared for use by simply stirring in COLD WATER and can be applied by anyone and will always produce good work.

It is VERY WHITE, extremely reflective and hardens on a wall like stone and will take any tint.

It will last for years, and is unaffected by gases.

One coat covers better than two coats of oil paint or whitewash.

It can be used on any surface and for all classes of work, even for the finest decorating.

It will not rub, scale or crack, nor will it soften with age or discolor.

It will not set in the mixing vessel, in fact it improves by standing a few days. It can be used to good advantage over old whitewash without scraping.

IT DRIES OUT WHITE AFTER BEING WET.

It is cheaper than whitewash, durability considered.

It is supplied in barrels from 300 to 400 lbs., also in boxes of 100, 50 and 25 pounds.

OUTSIDE INDURINE!

This is for OUTSIDE Work,

Such as Fences, Outbuildings and Laborers' Quarters. It is a thick paste to be diluted with cold water; stands rain and exposure as well as oil paint, and costs but a fraction as much. It is fire-resisting as it contains no oil, and has no equal as a light reflector in dark basements, damp cellars and similar places. It is supplied in colors.

HERE'S AN IDEA:

A chance to get a

PAIR OF SHOES

—FOR—

Ten Minutes' Work!

The question among the business men of Honolulu is:

DOES
ADVERTISING
PAY?

To solve the problem as well as to ascertain whether advertisements attract the attention of newspaper readers, we offer a pair of our best \$5.00 shoes (\$6.50 anywhere else) to the person who sends us, under the head of "Wanted," the cleverest advertisement of our shoes. It must be original, concise, and to the point. It must not be longer than any ordinary want ad. found in the daily papers.

Advertisement to be written on one side of white paper and signed by the competitor's full name and address. State the name of the paper in which you saw this notice and enclose your effort in an envelope marked:

McInerny's Shoe Store,

Honolulu.

Ad. Competition.

The attention of out-of-town subscribers is particularly called to this competition—We want your ad. Honolulu competitors may drop their envelopes in the box just inside the store door.

Competition Closes at Noon,
June 15, 1895.

Competent judges will decide who is entitled to the prize.

McInerny's . . .
SHOE STORE,
HONOLULU.

THE VERLEYE COLLECTION.

Rare Bits of Satsuma—Valuable Bronzes and Carvings.

The Verleye collection to be sold at auction to-morrow is, perhaps, the finest assortment of bronzes bric a brac and carvings ever offered for sale in Honolulu.

It represents almost a life work of Mons. Verleye in all quarters of the globe and each article has a story connected with it, which, if it could be told would be interesting. Among the bronzes are two handsome vases standing about eighteen inches high. These were made in Tokio especially for a Japanese prince and are of exceptional value owing to their unique design and fine workmanship. The Satsuma ware was personally selected by Mons. Verleye while a resident of Japan and has been pronounced by connoisseurs to be rare bits. The Satsuma is valuable from the fact that it is antique and grows in value from year to year the same as old lace. A Satsuma punchbowl is a marvel of delicate decoration. These pieces vary in size from a few inches to two feet in height. Japanese screens and carved pieces adorn the walls of the house. Some of them are rich in coloring and effects.

Perhaps among the useful articles to be sold, the China will attract the most attention. It comprises the handiwork of the best Chinese and Japanese artists in decorations. There is one set particularly handsome owing to the delicate colorings and lightness of texture. Among the French pieces is a handsome Sevres set for which Mons. Verleye was offered in Paris five hundred francs. It is doubtful if the equal of this little tea set has ever been shown in the islands even when monarchs held sway.

In the dining room a handsomely carved black oak set of furniture, consisting of table, chairs, side-board and butler's table are shown. This is exceptionally rich. Two chased tea caddies of peculiar design are also shown in the dining room. The Chinese parlor sets in carved ebony with mother of pearl inlaid decorations are gems in their way. Another parlor set is the one made after the famous Genre Aubisson pattern. This is exceedingly rich without having any of the gaudy effects in certain styles of upholstery. The material is absolutely moth proof.

Collectors of rare bits of furniture or bric a brac will have an exceptional opportunity to add to their treasures when Mr. Levey starts this sale to-morrow.

A Remarkable Cure for Rheumatism.

WESTMINSTER, Cal., March 21, 1894.—Some time ago, on awakening one morning, I found that I had rheumatism in my knee so badly that as I remarked to my wife, it would be impossible for me to attend to business that day. Remembering that I had some of Chamberlain's Pain Balm in my store I sent for a bottle, and rubbed the afflicted parts thoroughly with it, according to directions, and within an hour I was completely relieved. One application had done the business. It is the best liniment on the market, and I sell it under a positive guarantee. R. T. HARRIS. For sale by all dealers. Benson, Smith & Co., agents for the Hawaiian Islands.

Business Talks

May 29, 1895.

If the business in any one line was controlled by one individual, what would be the result? If there was a demand for his wares he would be richer than Croesus at the end of a year and you would have to pay through the nose for what you bought of him. In the United States competition has brought the price of necessities down to a stage where people may have them and not be looked upon as extravagant. If you will look around among our stock you will find that it is made up largely of articles for which you have every day use. We have luxuries as well, but, to-day we tell you of things needful about the house. Agate ware for instance!

There's been a scarcity in Coffee Biggins in town, but we have a stock of them That will interest everyone.

We get our goods in agate ware from La Lance and Grosjean, the makers, and they have the reputation of making the best goods in their particular lines in the United States. We can get "seconds" from them, but the first quality is the best because the enamel will not chip off.

Water coolers, handsomely painted outside and enamel lined inside, Small ones for a family or large Ones for a foundry.

Japanned ware includes cake tins, trays, crumb pans, cuspidors and lots of other things. The prettiest and probably the most useful article in the lot is a toilet stand, very neat as to decorations and complete as to detail in the matter of articles that go with them.

The one that will strike your fancy Has a water tank that will Hold sufficient water for the day.

The price of these articles is not in proportion to the value of the goods. You get more for your money than you are used to, but then—competition has fixed that in the United States—we buy cheap and follow the same rule in selling, you understand the Golden Rule.

Retinned Glue Pots and Slop Bowls Are a new thing with us: Bright and pretty, like a silver dollar.

And you can get them at a price that will amaze you. You should have one of these because they are useful and serviceable.

This is a fish-eating community because the fish are fresh and of an exquisite flavor. All people do not know how to cook them so as to get the substance.

With one of our Agate Steamers you Can steam or boil your fish And not lose the flavor.

These fish kettles vary in size from the mullet to the ulua, and the price goes according to the size.

Farmers' Boilers are not used in every household, but there is scarcely a plantation on the islands but what requires one; they are not to be found in every store in the city, but we have a few of them to accommodate the people who want them.

Among other useful articles let us call your attention to agate and tin basting spoons, tea and coffee caddies, egg poachers, chopping bowls, dish pans, dairy pans and wooden potato slicers.

What is better with your chop In the morning than a few Saratogo Chips? You can get them By using one of these slicers.

Our stock is complete in detail—nothing old or shop-worn.

THE PACIFIC HARDWARE Co.

Cummins' Block.

LOCAL & GENERAL NEWS.

Postmaster Forsythe of Lahaina is in the city.

Does any one remember a rainy 11th of June?

W. M. Graham was presented by his wife with a son yesterday.

E. E. Richards, manager of the Hilo telephone company is in the city.

The usual salutes were fired at noon yesterday by the warships in port.

J. W. Mason, the Oloa coffee planter is in a business trip to Honolulu.

Hon. H. P. Baldwin the planter who has faith in annexation is down from Maui.

The gate receipts of yesterday's meeting exceeded by \$200 those of any previous one.

Hon. F. S. Lyman a prominent Hiloite come down on the Kinau to get out of the wet.

Sam Parker is suffering with the grip but that did not prevent him from taking in the races.

It is rumored that a fire engine house will be erected on the old base ball grounds Makiki.

In the city the day was quietly spent by hundreds of people who see no pleasure in horse racing.

Members of the Salvation Army and their friends had a basket picnic at Remond Grove yesterday.

Members of the Honolulu cricket club are negotiating for the lease of land suitable for a cricket ground.

Julian D. Hayne is hard at work on his Magazine, The Hawaiian. It will probably be issued on the 20th inst.

Officers of the Philadelphia find more pleasure in early morning bicycle riding than they do in the shore drill.

This is a busy day on the water front and among the shippers. Ten island steamers leave port for the other islands.

The base ball game scheduled for next Saturday is postponed until August 15, on account of the athletic club games to take place on the league grounds.

Mechanics' Home, corner Hotel and Nuuanu streets, lodging by day, week or month. Terms: 25 and 50 cents per night; \$1 and \$1.25 per week.

The men at work on the new college building were not given a holiday yesterday. When lunch was served the committee sent them a bountiful repast.

City Carriage Co., J. S. Andrade, manager. If you want a hack with good horses and a careful driver ring up Telephone 113, corner Fort and Merchant streets. Hack at all hours.

The cricket game yesterday though only a scrub match was fairly good. There were few spectators most of the people being at the races or the Central Union Church picnic.

G. R. Harrison, practical piano and organ maker and tuner, can furnish best factory references. Orders left at Hawaiian News Co. will receive prompt attention. All work guaranteed to be the same as done in factory.

There is some talk of a bill being introduced in the Legislature to regulate the time on which omnibusses shall run. It has been suggested that they run from midnight until 4 a. m.

The criminal calendar of the Circuit Court has been entirely cleaned up by Judge Cooper, who is now only awaiting a few dilatory lawyers to try two or three civil cases and close up the term.

The dusty condition of the roads through the park to the race track yesterday evoked considerable unfavorable comment on the Park Commissioners. They might have been sprinkled at least one day in the year.

If you want your watch repaired If you want jewelry made up neatly. If you want souvenir spoons, or anything in the jewelry line. H. G. Biart, at C. Gertz's store, Fort street, is your man. He was for ten years the practical watchmaker for Wenner & Co.

IT HAS BEEN REMARKED by visitors that for variety of goods, quality and style, the shops of Honolulu compare favorably with those in the largest cities in the United States. These remarks are not strange to us because we are familiar with the needs of the people, we know that their tastes are the same as other people, though they are to a degree isolated from the rest of the world. But they are a reading people and they are apt scholars; they have the same amount of ability to copy the ideas of others or create new ones as the ladies of New York or Boston. To cater to the tastes of the different people here requires tact, ability and coin; in the selection of goods, both as to design, quality and price, all of the business qualifications of man are brought into play.

If we did not exercise it in our corner of the mercantile world how could we offer all shades of genuine woolen goods, not shoddy, but woolen at fifty cents a yard, when every other dealer in Honolulu sells the identical goods for seventy-five cents and a dollar. Nor do we confine ourselves to a single shade—we have them in endless variety.

The same may be said of our stock of all-wool flannels. Who ever heard of them going for less than fifty cents a yard. They bring that because they are worth it to any one who wants them, but we let them go to you at thirty-five cents a yard, or three yards for a dollar. You can't realize it but we can prove it to you as easy as we can show you the largest and handsomest collection of white goods of every description ever shown in Honolulu.

The goods are here and the wearing qualities are guaranteed; we are ashamed to mention the prices out of consideration of the feelings of our rivals; they're low enough of that you may be assured.

A drive in shoes interests every one—our stock includes all sorts and conditions for men, women and children, and to go with the shoes we have a wonderful collection of hosiery for ladies.

J. T. STACKER, EDITOR.

WEDNESDAY, JUNE 12, 1895.

The appointment of William H. Wright as deputy tax assessor to succeed W. C. Weeden, resigned, will receive the endorsement of all classes of citizens. Mr. Wright is an agreeable gentleman and worthy all the confidence the Government may place in him.

Judge Cooper has proven himself a public economist by disposing of one hundred and fifty odd cases brought before him in the Circuit Court between May 6 and June 10. The judge by his efforts in the line of quick dispatch has saved the taxpayers a pot of money in jury fees and other court expenses.

The pictures of the men who would promote a cable between the American continent and Hawaii would grow valuable in time. Its only thirty-five years ago since the first one was built across the Atlantic and the wonder is that the people on either continent managed to get along without one before the first one was built.

The arrangements for the races yesterday were complete enough but the old complaint of slowness on the part of the men who get the horses ready for the different events continues to exist. The people grow tired of waiting between the heats and the management should insist upon the men being ready when the gong strikes.

According to statistics a million dollars in gold are annually imported to Honolulu from the United States. If this is the case it must be that most of it is returned during the year from whence it came. It might be a matter of convenience to the handlers of coin if, while the Legislature is passing a bill regarding new silver certificates, a bill could be passed authorizing the issuing of gold certificates.

Through the instrumentality of John D. Rockefeller, the poor devil who is working his finger ends off to secure a fortune of \$500,000,000, the price of kerosene oil in Honolulu has increased 33 1/2 percent within three months. Through him, nearly every oil refinery in the United States has been closed up or forced into the trust, and everyone that he gets his monumental paw on means an increase in the price of oil—and every case that is used goes toward helping Mr. Rockefeller to reach his goal.

If Col. McLean's visit to the ex-Queen was merely through curiosity to see a deposed monarch and besides a prisoner he might have saved himself some adverse criticism by concealing himself in the shade of a tree and watched as she takes her regular evening walk. As Col. McLean is not a physician and as the lady's health is not looked after by the military department we fail to see why the visit should have been made under the guise of interest in the ex-Queen's physical condition. In the absence of any report to the contrary she is believed to have her usual good health and the colonel should allow her to enjoy it without intrusion.

The ex-Queen is under military restraint and so long as she is so confined there are certain rules which even the commander of the

forces should observe. She is not on exhibition. Nor have we heard of any complaint from her that the soldiers who stand guard over her all day long, have been insulting in their demeanor. The visit of Col. McLean may be put down as one simply of curiosity. We may expect any time to hear of the doors of the ex-Queen's prison being thrown open to the officers and men of the war ships and as long as the government is not blessed with a surplus in the treasury the Legislature may as well be asked to pass a bill fixing the price of admission.

LOCAL & GENERAL NEWS.

It is estimated that the trams carried five thousand persons yesterday.

Efforts are being made to have a combined band concert at the hotel on Friday evening.

A hack containing the carcass of a deer was driven along King street this morning. The meat looked firm and tempting.

The first semi-annual shoot of the National Guard will commence on June 20th and continue each afternoon for ten days.

A morning paper states that W. G. Irwin's box at the race course was occupied by Mrs. F. M. Hatch. It should have said by Mrs. Hatch and Mrs. Swanzy.

An undivided one half interest in a valuable tract of land at Waikiki will be sold at auction on the 22nd inst., by Auctioneer Morgan. See advertisement.

Sequel surprised his audience last night by having his golden chariot lit up with colored electric lights. Over the end was an immense horseshoe which looked very pretty in red, white and blue lamps. There was a large crowd present and the Hawaiian band furnished music.

The Pacific Hardware Company calls attention to their famous vacuum oil so much used on plantations here and in the United States. This company carries a complete stock of Pennsylvania Lawn Mowers for cutting long or short grass. Incidentally they furnish their readers of their ad with a receipt for sharpening lawn mowers.

By Lewis J. Levey.

TO-MORROW.

On THURSDAY, June 13th, AT 10 O'CLOCK A. M.,

The Whole of her Household Furniture (nearly all of which was made in and imported from Paris), consisting in part as follows:

Upholstered PARLOR SET Genre Ambissou, Parisian Style;

Chinese Parlor Set, inlaid with Mother-of-Pearl and Handsomely Carved; Elegant Chinese Whatnots, Centre Tables,

Decorated Satsuma Ware, Ornaments and Plaques, and Japanese Engraved Ornaments, Vases and Ware in large variety, Fine Bronze Vases, Statuary and Candleabra,

Elegantly Carved Oak Dining Sets, Consisting of Chairs, Sideboard, Desservoir and Extension Table, all made in Paris; Upright Piano, Chandeliers, Lamps, Ice Chest, Glassware, Plated Ware and Crockery,

Solid Silver Tea and Coffee Service, Knives, Forks, Carvers, Etc., Etc., Hand painted Japanese and Chinese Dinner and Tea Sets, and a very fine and rare SEVRES TEA SET,

Wheeler & Wilson Sewing Machine, Wines, Champagne, Cognacs, Liqueurs Etc., Etc. Also, Good Family Carriage Horse and Harness

2 New Sets of Harness, 2 Australian Riding Saddles, nearly new; and a Good Brake.

This is a good opportunity of procuring rare and valuable articles of Vertu and Bric-a-brac.

House open for inspection on Monday, Tuesday and Wednesday, from 10 A. M. to 4 P. M., previous to day of sale.

LEWIS J. LEVEY, Auctioneer.

Popular Topics of the Day.

June 7, 1895.

"If there is no necessity for the presence of two war vessels at Honolulu proceed with the Philadelphia to San Francisco." So writes Secretary Herbert to Admiral Beardsley.

If there is any necessity for two ships of war the man on the outside fails to see it; the people here are as quiet as the inmates of a deaf and dumb asylum and will probably continue so. This is the season why people devote their time to devising ways and means to make their homes pretty and attractive. A trellis here and a basket of ferns over there do much toward making the home inviting but they are wasted if the home is not in good condition regarding paint.

There's an advantage in using ready-mixed paints provided they are of the right materials. Some makers get their profit by mixing up barytes, costing one cent a pound, and selling it to their customers as pure lead or zinc. Is it necessary for us to guarantee to you that Hall's Cottage Paint contains no barytes, nothing but lead, pure zinc and the best quality of linseed oil. There's a great deal in the mixing of paints; if by hand it will not be as well done as if it is mixed by machinery. Ours are made by the most modern methods of manufacture and are especially adapted to stand the salt atmosphere of the islands.

Hall's Cottage Paint is as good a spreader as any you ever tried, we don't say it's the best because that would be putting it on too thick. It's as good because a gallon will cover three hundred square feet, two coats, and that is all any ready-mixed paint will do. We claim the quality is better than any other because it is free from whitening or berytes. Test it if you wish and see how near correct our assertions are.

We have twenty-four shades, for inside or outside use, an elegant variety forming beautiful combinations. We sell them in one pound tins, half-gallons and gallons.

We are making a speciality also of Floor and Deck Paints, six shades. They dry in one night and are just what you want for your verandas. Any size container you wish.

Send for a sample card.

E. O. Hall & Son, Fort & King Streets.

Look Out for the Best!

And when found make a note on.

We have a place now where we can show our Furniture to advantage, we can put it in a position where you will see just what it will appear in your home. If you will look in at our windows in the WARING BLOCK, Fort and Beretania Streets, you will see what we mean:

BEDROOM, PARLOR AND LIBRARY SUITS . . .

and all kinds of Furniture ready for your inspection and delivery to your homes.

THE CITY FURNITURE STORE And Undertaking Establishment,

Cor. Fort and Beretania Sts., 6-3m H. H. WILLIAMS, Manager.

The New Process!

If you want a stove that will cook well and economically get a

New Process Gasoline

Free from Danger of Explosion! Free from Unpleasant Odors!

In using one of these stoves you have no long waits for the food to cook. THREE MINUTES after water is drawn from the tap it is boiling, when one of these stoves are used.

The expense is trifling, as forty-five drops of gasoline a minute will give all the heat necessary.

Call at the Salesroom and see them in operation.

C. V. STURDEVANT, Sole Agent.

Waring Block, Beretania Street.

WHOA!

Just a minute. We want you to know about the famous

BOYCE TABLET LINIMENT.

The many favorable testimonials received from Horsemen both in the United States, and in Europe concerning Boyce Tablets, encourage us, in preparing for the coming season, to make every effort to bring Boyce Tablets to the notice of everyone who is interested in horses. A few of these testimonials will suffice to show the reputation Boyce Tablets have obtained for themselves throughout the country.

To Horsemen who have not yet used Boyce Tablets, we would say that these tablets represent the solid ingredients of a most valuable Liquid Liniment prepared by combining the medicinal agents, recognized by the Veterinary Medical Profession to be the most effective in reducing fever, strengthening stimulating and imparting elasticity to the muscles and tendons; in purifying healing, and softening the skin; and in keeping the hair bright and silky.

It will readily be seen that this liniment in dry form has the following advantages over any other liniments.

1. Its great economy.
2. It requires much less space to carry it.
3. It is much lighter in weight.
4. It is free from danger of leaking, breaking, freezing or wasting.
5. Its ready solubility in either warm or cold water enables the Horseman to prepare his liniment in any quantity and of strength in a few moments time.

In addition to the ingredients most popularly considered by Horsemen as valuable constituents of Veterinary Liniment, we may say that, a Boyce Tablet contains more Genuine Witch Hazel than is in a quart of the liquid extract;

Eucalyptus, or Extract of the fever tree of South America, and Sal-Lister, whose valuable properties as an Antiseptic, Anizymotic and Prophylactic, are accepted and acknowledged by all medical practitioners, also form a part of Boyce Tablets.

TERRE HAUTE, IND., April 27, 1890.

Boyce Tablet Co.: GENTLEMEN: After a fair and impartial trial of your Tablets, as a body and leg wash, would say I think them the best in the market. They are very convenient to carry, and when dissolved, produce the desired effect.

Yours truly, W. P. MALONEY.

HARRODSBURG, KY., Nov. 18, 1889.

Boyce Tablet Co.: DEAR SIR: I like your Leg and Body Wash very much. It produces the desired results, besides being a great convenience.

Yours truly, CRIT DAVIS.

Gents: I have given the Boyce Tablets a trial and find it the best thing for fevered legs, inflamed tendons and sprained ankles I have ever used.

Yours truly, WM. CURLEY, Supt. of Frank Work's stable, 157 W. 56th St.

TERRE HAUTE, IND., Feb. 14, 1891.

Boyce Tablet Co.: I have used your Tablets as a Body and Leg Wash for the past two seasons on "Bessimer" 2:13 1/2, "Erwin" 2:24 1/2, "Harrison" 2:26, "Laurabel" 2:27 1/2 and all the horses trained at Edgewood Farm, and find them the best made.

Yours truly, RODY PATTERSON.

YESTERDAY'S RACES.

Eleventh Annual Meeting of the Hawaiian Jockey Club.

Everyone concedes that yesterday's meeting of the Hawaiian Jockey Club was more successful than any of its predecessors. The weather was perfect, the track in fair condition, horses in good fettle and drivers and riders all hopeful. Long before 10 o'clock the stands and grounds of the club were crowded and numerous side bets were made on the quiet on the result of the various races.

At 10 o'clock the one-mile bicycle race was called, for which W. Chapman, Henry Giles, Geo. Angus, H. E. Walker, N. Hulstead, R. Dexter, Joe Silver entered. Walker took the lead to the quarter where he was overtaken by Chapman who led to the half. On the homestretch Atkinson took the lead and the race, with Dexter a good second. Time 2:38.

For the five-mile bicycle race the following entered: Henry Giles, George Angus, Ruby Dexter, Jack Atkinson, J. Silva. This race was not exciting until the last half mile. Coming down the stretch Atkinson led and most people thought he would win. When within a few yards of the wire Dexter put on a spurt and won by a yard.

For the 1/4-mile running race the entries were Duke Spencer, Autonomy, Magnet and Miniola. This race was started soon after 11 o'clock, but it was three quarters of an hour later before a start was made. Jockeying and fractious horses were the cause, and if Starter Wilson had not fined jockeys Burlingame and McAuliffe \$10 each they might have been at it yet. He finally sent the horses away with a standing start. Autonomy won, with Duke Spencer second, and the sports got left, the Duke being the favorite.

In the trotting race, 2:40 class, the entries were Bert Lee, Fred Mac and Billy Button. Considerable time was wasted in scoring but finally a good start was made, Bert Lee taking the lead and holding it to the end. Time, 2:34 2-5. In the second heat Fred Mac behaved badly and was distanced, Lee winning the heat in 2:30 2-5. In the third Bert Lee took the heat and race in 2:34 2-5, while Billy Button just saved his distance.

For the 7/8-mile running race, Billy C., Andidote and Kahuku Boy were the entries. The latter ran away while scoring and made the circuit of the track before being brought under control. In another effort he again ran away but was got under control at the last quarter. The favorite, Billy C. took the lead at the half and won easily. Time, 1:18 1/2.

The Rosita challenge cup was the race of the day, the entries being Lord Brock, Senator Stanford, Duke Spencer and Amorino. The betting was in favor of Amorino against the field, even up. Charley Wilson got them off with a beautiful start and the horses kept in a bunch until past the half mile. Coming down the stretch Amorino who was somewhat behind put on a splendid burst of speed and won by a neck, Stanford second. This race provoked wild enthusiasm and cheering and was generally conceded to be the best ever ridden in the islands. It was a race for blood from beginning to end. The time as put up by the judges was 1:45, but many watches in the club stand and on the quarter stretch made it 1:45 1/2 and some even less.

In the Kapiolani Park race the entries were Creole, Silky and Barney, trotting and pacing, mile heats, best 3 in 5. In the first heat Creole took the lead and kept it,

coming under the wire in 2:22, the fastest mile ever made over any track in the islands, Barney being distanced. In the second Creole acted badly, breaking several times but when trotting showing wonderful speed. Silky won in 2:28. The third heat resulted in the same way, Creole going all to pieces at times. Time 2:29 1/2. In the fourth heat Dickey Davis was put up behind Creole, and although the game horse acted much better than in the two previous heats it was readily seen that he was tired out. He came down the home stretch in good shape, however, but when called on by his driver for a spurt he could not respond, losing the heat and race by two lengths. Time 2:28.

The pony race brought out Trilby, Eleu, Little Billy, Queen, and Mascot. Trilby won easily, Little Billy second. Time 2:02.

In the special mile dash between Billy C. and Magnet, the former was the favorite, but the latter took the race by half a length. Time 1:49 1/2.

In the 2:50 class trotting race the entries were: Little John, Billy Button, Remorse, Daylight, Billy W., and McGinty. Billy Button was the favorite against the field and justified the faith of his backers by winning two straight heats in 2:38 1/2 and 2:39 1/2.

For President Widemann's cup, with \$150 added, a mile and a quarter dash, the entries were Lord Brock, Senator Stanford, Duke Spencer and Amorino. Stanford was the favorite but the knowing ones got dumped, as Amorino took the lead and held it throughout. Stanford a bad second. Time 2:12 1/2.

GENERAL NOTES.

Did you get left? Captain Trippe had a good deal of trouble with his fancy clock.

There were more carriages at the track yesterday than ever before.

There was not even a dog fight to lend added interest to the occasion.

Many people were out a dollar on the races and many on the lunch.

Billy Cornwell was ubiquitous and came up smiling after each defeat.

Admiral Beardslee and many of his officers were guests of the Jockey Club.

Someone is entitled to credit for having the Waikiki road wet down the night before last.

Jimmy Thompson looked well as a bold bad cowboy from the headwaters of Bitter Creek.

E. S. Cunha says that what he doesn't know about bicycle races will fill a huge volume.

Ex-Governor Tom Everett and family were the guests of the Jockey Club for the day.

There was a good deal of quiet betting on the stands, and pools were made on every race.

Captain Parker kept excellent order during the day, but there was no occasion for any arrests.

It is said that if Billy C. had not won that first race his owner would have dropped a pot of money.

Ruby Dexter was not as tired after winning the 5-mile race as he was in trying to win the mile dash.

Those people in carriages who took a lunch basket with them had evidently learnt wisdom by experience.

The Philadelphia and Bennington were well represented on the track and the boys had money to burn.

Beer stands and gambling devices were conspicuous by their absence from the vicinity of the track.

Every man who wore one of those hats was a sure winner before the races, but the whole six walked home.

The track got very dusty in the afternoon. Water is evidently scarce in that vicinity as it is used so sparingly.

The band boys did good work yesterday, even if they did get only \$1.25 each with carfare and lunch thrown in.

The races would have been over two hours sooner if the judges had enforced their orders instead of tolling the bell constantly.

Nigel Jackson made himself conspicuous as usual. Some of these days he will be sat upon so hard that there will not be a grease spot left to tell where he was last.

It is to be hoped that judges will be put in next year who have nerve enough to enforce their orders by a few salutary fines on jockeys and drivers who think they own the track.

Judges Whiting and Cooper were interested spectators. The former earned the gratitude of the judge's stand by providing its occupants with an excellent lunch, so that no intermission was necessary.

In anticipation of a larger crowd than usual the upper story of the Jockey Club building had a large number of new supports placed under it. There is no danger of its falling now, however, crowded it may be.

Dan Logan suggests a new way of starting horses. His idea is that a row of stalls should be arranged across the track and an electric apparatus which he is going to invent attached to each horse's tail. By touching a button the horses would be sent off by electricity simultaneously.

The cumbersome programs caused a good deal of unnecessary swearing. Many people cut them down to the program proper the first thing. Besides being printed on the cheapest kind of card board, the type from which the impression was taken was all off its feet, and the errors were more than numerous.

It is to be hoped that when lunch contracts are let again a clause will be inserted requiring a specified number of competent waiters. The lunch supplied would have been good enough if it had been properly served. Three good waiters would have done more and better work than the six or eight useless Japs employed. There was one Portuguese waiter who tried his best but got rattled early in the day and didn't know enough to keep the molasses jug out of the bean dish afterwards.

A Good Appetite always accompanies good health, and an absence of appetite is an indication of something wrong. The loss of a rational desire for food is soon followed by lack of strength, for when the supply of fuel is cut off the fire burns low. The system gets into a low state, and is liable to severe attacks of disease. The universal testimony given by those who have used Hood's Sarsaparilla, as to its great merits in restoring and sharpening the appetite, in promoting health action of the digestive organs, and as a purifier of the blood, constitutes the strongest recommendation that can be urged for any medicine. Those who have never used Hood's Sarsaparilla should surely do so this season.

LAND AT AUCTION.

THERE WILL BE SOLD ON SATURDAY, June 22, 1895, at my Salesroom, at 12 o'clock noon, the undivided one-half interest of Wong Wa Fong in those premises situated at Waikiki, Oahu, and known as Apana 2 in Royal Patent 6873 to Kalaone, containing an area of 170-100 acres. Also those premises described in Royal Patent 3117 to Kamohomoho, containing an area of 47-100 acre. The Kalaone premises being leased to Sung Kwong Wo Co. for \$50 a year, ending November 1, 1899. The Kamohomoho premises being leased to Y. Anin and others at \$20 a year. For further particulars apply to Wong Wa Foy at Wing Wo Tai & Co., or to William C. Achi, Real Estate Broker. JAS. F. MORGAN, Auctioneer. June 12, 1895. 23-1d

From the Baby Up

to the grand parents, the whole family can derive comfort, health and happiness from the great temperance beverage, HIRES' ROOT BEER. It is pre-eminently a home requisite—made at home and drank at home. Its delicious flavor, its

sparkling effervescence, and its remarkable health-giving qualities, make it invaluable as a refreshment for the children and the grown-up folks. It is not only a strictly temperance beverage, but a drink that satisfies every thirst; toning the stomach, building up the system and creating an appetite for good, healthful food. There is only one genuine

HIRES' ROOT BEER

A pure, healthful and honestly-made extract of Nature's best Roots, Barks, Herbs and Berries—Hires' Rootbeer.

A Package of Extract makes Five Gallons of this Delicious Drink.

Made only by the CHARLES E. HIRES CO., Philadelphia, U. S. A.

Testimonials:

"Your Root Beer is excellent as a beverage and acts like a tonic. I would have no other. We use it on our table all summer instead of tea or water.—REV. M. L. ANDARISE, Pittsburgh, Pa., U. S. A."

"I do not know how we should get along without your Root Beer. We have used it for a number of years and think it the most delicious drink, and so simple to make. My father sells a great many packages, especially during the warm weather.—MRS. S. W. CLARK, 211 Shawmut Ave., Grand Rapids, Mich., U. S. A."

CENTRAL UNION PICNIC.

At Punahou College Grounds, 1200 People Present.

As early as 8 o'clock yesterday morning mothers and their children commenced to gather at the Central Union church at which point the Sunday school children and their parents and friends were to take the cars for the picnic grounds at Punahou. Manager Paine of the Tramways Co., had extra cars running so that everyone could get a ride even if a seat could not be obtained. The arrangements for the transportation were in the hands of Prof. Hosmer and A. F. Cooke, and they were assiduous in their attentions to the ladies who had from one to a dozen children in their charge.

At the grounds the picnic party from all parts of the city settled down to their enjoyment of the day and shortly after nine all sorts of games were indulged in from croquet to baseball. The chairmen of the various committees and their assistants looked after the comfort of the crowd and every detail of the work was carefully attended to. By 11 o'clock those in charge of the tables got the order to "stand by" and there was a grand distribution of edibles and the young and the aged were made happy.

At 2 p. m. the first car was ready for the tired ones to return to town but it was nearly 4 o'clock before the grounds were emptied. There was not an accident to one of the 1200 people present, and never since the Sunday school has been in existence has there been an occasion of this character where the arrangements were better or more faithfully carried out.

The following committees under Miss Margaret Hopper were in charge: Meats, Mrs. Henry Waterhouse; salads, Mrs. J. T. Waterhouse; bread, Mrs. C. M. Cooke; cake, Mrs. F. J. Lowrey; pork and beans, Mrs. W. D. Alexander; melons, C. M. Cooke; soda water, Chas. Atherton; lemonade, F. J. Lowrey; arrangement of dishes, Mrs. A. F. Judd and Mrs. J. T. Waterhouse; transportation, A. F. Cooke and Prof. F. A. Hosmer.

Consumption and its Cure

To the Editor:—I have an absolute remedy for Consumption and all Throat and Lung Troubles. By its timely use thousands of hopeless cases have been already permanently cured. So prophetic am I of its power that I consider it my duty to send two bottles free to those of your readers who have Consumption or any Lung Trouble if they will write me their express and post-office address. Sincerely, T. A. SLOCUM, M.D., 183 Pearl Street, New York. The Editorial and Business Management of this Paper Guarantee the Gentleness of the above Proposition. Established 1876.

NEW DEPARTURE!

THIS SPACE RESERVED FOR J. J. EGAN, 514 FORT STREET.

MRS. AUG. DARROW.

WELLS, RICHARDSON & Co.,

Gentlemen:—I was very much run down, had no appetite at all, was very nervous, had no sleep night or day; to sum it all up, I was perfectly wretched. But thanks to Paine's Celery Compound I can now eat and sleep and work just as well as I could before I was taken sick. When I commenced taking the Compound I weighed 136 pounds; I now weigh 158 pounds and do all the work for my family of five. I have recommended the Compound to three families already and they are very much pleased with it. I am now taking my fifth bottle, and would recommend it to all who are suffering with stomach trouble or nervous trouble.

Yours respectfully,

MRS. AUG. DARROW.

Montrose, Pa., Sept. 25, 1894.

Perfectly Wretched!
PAINE'S CELERY COMPOUND RESTORED MRS. DARROW TO HEALTH AND HAPPINESS.

This is the Medicine That Makes People Well!

Wise and Otherwise.

Babes in the wood—Dutch dolls. An elephant's skin, when tanned, is over an inch thick.

At 20 years of age the will reigns, at 30 the wit, 40 the judgment.

It is said that good musicians execute their music, while bad ones murder it.

Grand temples are built of small stones, and great lives are made up of trifling events.

The tombstone is about the only thing that can stand upright and at the same time lie on its face.

Quills are things that are sometimes taken from the pinions of one goose to spread the opinions of another.

Of all conditions to which the heart is subject, suspense is the one that most gnaws and cankers in the frame.

The moralist says: "Every man is occasionally what he ought to be perpetually." Then again some men are perpetually what they ought to be occasionally.

"Would you take me for twenty?" said a young lady who looked much younger. "Bless you, my child," said an admiring bachelor, "I would take you for life.

The widow's cap is as old as the day of Julius Caesar. An edict of Tiberis commanded all widows to wear the cap under penalty of a heavy fine and imprisonment.

Although Sir William Jenner is in constant attendance upon Queen Victoria, he has no special fear of her breaking down at this time. Despite her rheumatism the Queen has a fondness for open-air driving in all sorts of weather, and she still keeps her rooms cold and her windows open.

The young Crown Prince of Germany recently demonstrated his primacy in the imperial nursery by thrashing his younger brothers. Kaiser Wilhelm entered, and, picking up the heir apparent in one hand and a birch rod in the other, quietly remarked: "Now that you have shown your brothers who is Crown Prince, I will show you who is Emperor."

Some time ago I was taken sick with a cramp in the stomach, followed by diarrhoea. I took a couple of doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was immediately relieved. I consider it the best medicine in the market for all such complaints. I have sold the remedy to others and every one who uses it speaks highly of it. J. W. STRICKLER, Valley Center, Cal. National Cane Shredder

PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS.

Mr. John A. Scott, Manager of the Hilo Sugar Company, gives the following wonderful record of the working of the NATIONAL CANE SHREDDER, which was erected by their works at the commencement of the crop just harvested:

"During the past week the Hilo Sugar Company's mill exceeded any of its former records by closing the 125 hours grinding with an output of 3000 tons. This is fully 10 percent more than the best work of former years.

"The three roller mill being 26 in. by 54 in. and the two roller mill 30 in. by 60 in. The first mill doing this amount of work in an efficient manner and with great ease, compared with work on whole cane, owing to thorough preparation of the cane by the National Cane Shredder, recently erected by the Company.

"And by its use the extraction has been increased from 3 percent to 5 percent on all kinds of cane, and in some cases 80 percent has been reached; the average being 75 to 78 percent, according to quality.

"I continue to find the megass from shredded cane better fuel than from whole cane.

"The shredder has been working day and night for seven months and has given me entire satisfaction, having shredded during that time about seventy thousand tons of cane, and a large part of it being hard ratoons.

"The shredder and engine require very little care or attention."

Plans and specifications of these shredders may be seen at the office of

INDIGESTION And Liver Complaint CURED BY USING Ayer's Sarsaparilla

Mr. T. J. CLUNE,
of Walkerville, S. Australia, writes:
"Six years ago, I had an attack of indigestion and liver complaint that lasted for weeks; I was unable to do any hard work, had no appetite, food distressed me, and I suffered much from headache. My skin was

sallow and sleep did not refresh me. I tried several remedies and consulted a doctor, without obtaining any relief; finally, one of my customers recommended Ayer's Sarsaparilla; it helped me from the first—in fact, after taking six bottles I was completely cured, and could eat anything and sleep like a child."

Ayer's Sarsaparilla

Has cured others, will cure you.
