### Bishop Street Will Be Changed As Result Of Glaring Mistake

As the result of a glaring error, presumably in the Territorial Survey Department, a great deal of the work on the new Bishop street extension will have to be done over again. Had the mistake not been detected at this time, grave complications concerning the Mahuka site might have arisen. The street is now almost two feet out of line.

When Supervisor Sam Dwight turned casually around at the meeting of the Board last night and asked County Engineer Gere to explain the reason for the "crooked" look of

the new Bishop street extension, very few of those present realized the significance of his remarks. He stated that he, as well as many others, had commented on the fact that the street was not in line with the old street running in front of the Alexander Young Hotel, and the matter had been brought so forcibly to his attention that he intended to investigate.

"I had not intended to come to this meeting," said Mr. Gere, "until Mr. Campbell came to my house and requested me to do so in case this matter should come up. The street is not straight, but it follows the

### Yacht Race Seems Near Consummation; Seattle Has Entry

A cable was received locally this morning from the San Francisco Examiner, asking the date when the Hawaii would set sail for the Coast. This is taken by the people interested in the yacht here as a sign that there is something doing on the Coast, of which word has not been received here, and that this something is very favorable for a race to be held across the Pacific. There is one of three things in the wind—the Examiner is mixed on dates, or there is something new just developed on the Coast in regard to the race, or the Hearst paper wants to start a yacht on its own account. As to the real meaning of the cable, however, the men

here were this morning in the dark. Three significant letters have been received here by Young Brothers, the last coming yesterday, and announcing that the yacht Gwendolin II, owned by John Brothers of Seattle, was to start yesterday for the south, in order to enter the race. The earlier letters were of the same import.

The Gwendolin II is a new yacht, yawl-rigged, which was to have cruised to Alaska this summer had it not been for the race across the ocean.

All this looks as if things are shaping themselves around on the Coast in favor of the race, and the men who are handling the matter here are decidedly more hopeful.

### WILLIE INMAN SHOOT'S HIMSELF

#### Lad Handles Revolver And Is Seriously Injured

Willie Inman, the 15-year-old son of Chief Engineer Inman of the Kinan, shot himself this morning, and is now in the Queen's Hospital. His condition is serious, though it is hoped he will pull through. The affair took place at the Inman home on Liliha street opposite the Kuakini road. The boy's father, who arrived from Kauai this morning, was immediately called from the steamer. He sent for Dr. McDonald, by whose direction the wounded boy was taken to the hospital.

According to Inman, who was seen this forenoon, the boy had been staying alone at the house together with his grandmother, Mrs. Inman being at present at Berkeley, Cal. During his father's weekly absences on his trips to Kauai, it appears that the boy, being a little timid at being left alone with the old lady, was in the habit of keeping a loaded 38-caliber revolver under his pillow. This morning just after he had arisen from bed he must have been handling the weapon, which was discharged, the bullet entering the boy's chest, passing through the body in a downward direction and emerging from the back. The lad staggered into his grandmother's bedroom, which immediately adjoined his, saying: "Grandma, I am shot." He then sank to the floor. The grandmother called neighbors and had the father sent for.

### CONGRATULATIONS

Secretary Paris of the Merchants' Association sent a cablegram of congratulation this morning to Delegate Kuhllo for the success attending the Pearl Harbor appropriation of \$3,100,000.

Later a cablegram of appreciation was sent to Congressman Bates, who handled the Pearl Harbor bill in the House committee and later managed its progress on the floor.

Acting Governor Mott-Smith held a conference with T. Clive Davies, Attorney General Hemenway and Joshua Tucker of the Land Office this morning with regard to the right-of-way given by the Government for a flume at Laupahoehoe. Mr. Davies brought up the fact that a description of the feeders for the flumes was omitted, and Mott-Smith gave orders that the Surveyor General be instructed to furnish the descriptions for the feeders.

### Kakalia Shoots Himself

Charlie Kakalia, who was a police officer during the administration of Sheriff Brown, shot and killed himself this afternoon in one of the tenement houses on Liliha street in front of the Chinese theater. He used a revolver, and it appears that the effect was instantaneous. Kakalia had been subject to illness for some time past, and it is believed that this was the reason which led him to take his life. His wife died some time ago, but he leaves a son who is about thirteen years of age. This was the second shooting on Liliha street during the day, and the neighborhood has been quite stirred up.

### C. Brown For Senate

HON. CECIL BROWN

Cecil Brown may reenter politics. The probabilities are strongly in favor of Mr. Brown going into the field this fall for election as Senator from the Island of Oahu. Just what Mr. Brown's plans are, is not known, but it is certain that he seriously considers taking an active part in the coming campaign. He has been approached by many people who want him to become a candidate, and as his health is very much improved there is a prospect of his going in. Mr. Brown is one of the strongest candidates the Republican party could have on its ticket.

### BIG GUNS HERE ON HILONIAN TODAY

#### Capt. Johnson "Wires" To Have Drays Ready

On Board Hilonian, May 13, 9:47 a. m. To Castle & Cooke, Honolulu. Notify Depot Quartermaster two hundred tons guns and fittings. Be prepared to receive on arrival. Due at wharf 4:30 this afternoon. JOHNSON.

The above is a wireless received this morning from the Hilonian, in regard to the big guns which she has aboard for the Diamond Head fortifications. In order to have them handled without a possibility of a slip, the Honolulu Construction and Draying Company will have the big pieces of metal unloaded from the steamer at the railroad wharf, onto the cars, as is the case with other large freight, after which the guns and carriages will be shifted to the great drays whose motive power is a county steam roller, the use of which has been gotten for the occasion, from the Supervisors, and will be hauled in this way to the point where they will be placed at Diamond Head.

The pieces are eight in number, and weigh 16 tons each. The job of hauling them is one of the biggest which has been had locally in some time. With the guns is expected to arrive a quantity of ammunition as well.

The Hilonian was reported off Koko Head at 2 o'clock this afternoon.

Robert Lowers, for Honolulu. KAHULU—Sailed May 12: S. S. Nebraskan, for San Francisco. WATERFRONT NOTES ALAMEDA GOES OUT. The O. S. S. Alameda sailed at 10 o'clock this morning for San Francisco, with a good list of cabin passengers, and a general cargo of freight. She also carried a big bunch of mail bags. The Royal Hawaiian band played as usual, and there was a big crowd on the pier as the steamer pulled out. Among the passengers were a number of prominent Honolulu people. There were also two officers from the Brazilian training ship Benjamin Constant, which was in this port last week. One of the two is sick, and returning home and the other is accompanying him on the way. They are L. de Sa Robello and J. de D. Brandon, Jr. Joe Cane, a brother of Jack Cane, the Coast pilot, was aboard in the sailors' mess. COLLIER IN. The collier Elvaston, Captain F. W. Putts, came into port this morning 22 days out of Newcastle, with about 7000 tons dead weight, bringing coal for the inter-island people. The boat had nice weather all the way, and no incident on the voyage except for an altercation between the chief engineer and the second officer. TRANSPORT FOR ORIENT. The U. S. A. T. Sheridan sailed at 11 o'clock this morning for the Orient, after taking on 600 tons of coal in this port, and making a stay over night. It was thought that she could not sail in time to get away, but she went out as scheduled. While here, she also took on a quantity of fresh water. TEXAN WITH MAIL. The A. H. S. S. Texas, Captain Hall, arrived in port this morning, from San Francisco, bringing mail, and an average cargo of general freight. She will leave this port on Sunday next for Kahului, Kaunapali, and Hilo, to take on about 12,200 tons of sugar for Sallao Cruz. THE REVENUE CUTTER Manning should have been in this port some time ago, even as early as the latter part of March, had it not been for an accident at Alaska, when she went on the rocks, and had to go to San Francisco to be overhauled. The local customs authorities received word yesterday that they were to advertise for bids on supplies, which indicates that the boat is soon to be here. They have advertised for bids as directed. THE STEAMER KINAU came in from her Kaula run this morning, bringing few passengers in the cabin, but quite a crowd on deck. She had a small cargo, consisting of 5000 bags sugar, 8 empty gas drums, 52 empty wine barrels, 150 bags taro, 55 cases honey, and 69 packages sundries. THE AMERICAN SCHOONER Okanoga made port about 9:30 o'clock this morning, 28 days out of Port Campbell, with about 900,000 feet of lumber. She had an uneventful passage, and nice weather all the way down. THE NEXT American-Hawaiian boats leaving the Coast for this port will be the Virginian from San Francisco on the 20th, and the Nevada from Seattle and Tacoma on the 27th. THE A. H. S. S. ALASKAN sailed at 5 o'clock this evening from Kahului for San Francisco, with 9000 tons of sugar below hatches. THE INTER-ISLAND steamer Mikahala, Captain Tullett, arrived early this morning from Makaweli, with 4850 bags of sugar. THE INTER-ISLAND steamers sailing late yesterday were: W. G. Hall 5 p. m.; Nookan, 5 p. m.; and Ke Au Hou, 5 p. m. THE A. H. S. S. NEBRASKAN left Kahului last evening for San Francisco, carrying 3500 tons of sugar. A woman by the name of Kina has been arrested on a charge of assault on a Hawaiian man, who was found bleeding and senseless on the lot near the site of the old Kaunapali church. The man had been badly cut by some sharp instrument, and was weak from the loss of blood that he was unable to give an account of the affair. The woman was found near the place and is suspected of being the guilty party. A Most Excellent Assortment of SUITINGS THE BEST "FITTERS" IN TOWN. W. W. Ahana Co., LIMITED 62 S. KING ST. PHONE 525.

CONGRESS WAKED UP WASHINGTON, D. C., April 28.—Commenting upon the debate on the amendment to increase the number of battleships from two to four, Senator Flint said today: "While I regret exceedingly that the Senate did not appropriate for four battleships, I consider a great deal was accomplished, as it has been contended that two additional battleships will be appropriated for at the session of Congress and that the discussion will result in great benefit to the Pacific Coast for the reason that the attention of Congress has been called to the fact that the Pacific Coast has been neglected in the matter of fortifications and in naval stations. I believe that Congress appreciates that there should be at least three naval stations on the Pacific Coast with dry docks sufficient to take the largest vessels; that all the principal points along the coast should be fortified, and that Pearl Harbor should be made a strongly fortified naval base for the Pacific Coast." The Hudson-Fulton celebration commission of New York announced that the week of Sept. 27, 1909, will be made a memorable one in the history of American institutions. Joseph Letter of Chicago and Washington is soon to marry Miss Juliette Williams of Washington, according to the Washington Post. He selected, Mr. Babbitt is placing all information possible within reach of those desirous of making the trip as guests of the Government, and therefore the bulletin-board. The teachers will have to pay board to the extent of \$1 per day on the transports. A letter has come from the Major and Depot Quartermaster at Washington to the local Depot Quartermaster, telling him to arrange for the accommodation of not more than thirty teachers who will leave from here on about July 5. A similar letter has been sent to the Quartermaster at San Francisco telling him to arrange for return transportation for the teachers.

LOCAL PEOPLE BUY PAAUNAU STOCK The most interesting feature of the stock exchange session this morning was the sale of a lot of Paaunau plantation stock in several blocks at varied prices. The two largest blocks, consisting of 500 shares each, were purchased from Coast holders by Wm. Williamson of the Henry Waterhouse Trust Company, and sold to local parties at \$18.50 and \$18.75 respectively, the good price being accounted for by the fact that the buyer has a ninety-day option. Another block of 25 shares was also brought by Williamson from the Coast, and was sold to a local buyer at \$18.75, while another sale was made of fifty shares from and to local parties at \$18.25. The interest shown locally in Paaunau is accredited to be due to the general good condition of Hamakua plantation property.

ARRANGING FOR THE TEACHERS TO COAST Superintendent of Public Instruction Babbitt has placed a great big bulletin board in his office in the Judiciary building which is plastered over with letters and information regarding the Summer School sessions of the Colleges on the Coast for the benefit of teachers who are contemplating a voyage to the mainland this summer. Of main interest, of course, is the information regarding the thirty teachers who will be given their passage on United States Army transports to the Coast. Although nothing exactly definite has yet been decided on regarding the method by which the lucky "Schoolmarm's" will

Defeat Race Track Gamblers LOCKPORT, N. Y., May 12.—The special election here for State Senator resulted in the election of the anti-race-track candidate. The fight against race-track gambling is the center of interest in New York State at the present time. The fight was led by Governor Hughes, who immediately on adjournment called an extra session of the Legislature. HE WILL SIGN IT WASHINGTON, D. WU SAYS CHINA AND AMERICA ARE UNITED NEW YORK, N. Y., April 21.—Learning messages of peace and goodwill from the Celestial Empire and expressing the conviction that the relations between China and the United States will become closer day by day, Wu Ting Fang, Minister from China, speaking tonight at the banquet of the American Asiatic Association at Delmonico's, made his first public address since his return to America. The awakening of China to Western civilization and the broad industrial field opened in consequence to American trade were themes interestingly developed tonight by Judge L. T. Willey of Shanghai and John Barrett, director of the International Bureau of American Republics, both of whom shared with Wu Ting Fang the honors of the evening. Wu Ting Fang was welcomed with cheers and applause by the diners, he said: "In the history of the intercourse between China and America there has been no time when there were so few matters of controversy requiring treatment. There is no mist or clouds such as I am sorry to say existed some years ago, and which happily have been dispersed. In this connection I am referring to the incident which is well known to you all—I mean the boycott on American goods. "China's relations with America always will remain friendly. It is natural that they should be so when you consider that your policy is justice and fair play and on our side honesty and straightforwardness. No more misunderstandings, I feel sure, an occur in the future, and the relationship between the two countries will become closer day by day."

MASSACHUSETTS FOR TAFT. Boston, April 12.—Although the Massachusetts delegates to the Republican national convention will not be instructed to vote for Taft for president, it is understood that they will do so. A compromise was effected at the state convention whereby it was agreed not to instruct the delegates or Taft, but to insert a plank in the platform stating that "We all recognize that a majority of the delegates to the convention desire his nomination." The delegates at large are Senators Lodge and Crane, ex-Governor Long and Col. Sidney O. Higney. Resolutions were adopted endorsing Gov. Curtis Guild Jr. as a candidate for the vice-presidency and advocating a "wise revision of the tariff."

## ARCHER FAVORED COMFORT STATIONS

### But "Mean" Board Refused To Stand By Him

Supervisor Archer gave full vent to his feelings on the subject of public comfort stations at the meeting of the Board last night. The matter was brought before the attention of the members when the clerk read a communication from secretary of the Board of Health Charlock, enclosing a letter from Inspector E. G. Keen which gave a plan for comfort stations that would make each one cost \$700. At the Board of Health meeting held on May 4, it was decided to recommend that the Supervisors be asked to appropriate \$1400 for two of these stations.

Archer favored the plan, and said: "We haven't any money for such things," said Chairman Hustace. "We have roads to build."

"Oh, roads!" snorted Archer, in contempt. "Mr. Chairman," continued the persistent member of the honorable Board of Supervisors, "what have roads to do with the health of this county. A man can fall off on a bad road and break his head, but he won't die; but if a man gets plague, he is sure going to die. The health of this County is the thing, Mr. Chairman."

In the meantime Charley Hustace was busy signing documents, but he stopped long enough to ask Mr. Archer to kindly incorporate his ideas into a motion.

"I move, Mr. Chairman, that we appropriate \$1400 for the erection of two public comfort stations," said Archer, and immediately punched Keen's playfully in the ribs and asked him to "kokua it." Keenola didn't feel like it, so Archer gazed appealingly around the table, meeting, however only stony and unsympathetic glances. The motion died for lack of a second.

The rest of the meeting was purely of a routine business nature, bills being passed and reports from heads of departments being read.

Fire Chief Thurston stated in his report that his department had answered four calls during the month of April, with the property loss estimated at \$18,728.13, property at risk covered by insurance amounting to \$27,350, and the liabilities of insurance companies amounting to \$18,728.13.

A communication was read from the Honolulu Construction Draying Company, in which they asked for the use of a roller to assist in the hauling of the heavy guns to the Diamond Head fortifications. The Board granted the request, charging the company \$15 per day for the use of the roller.

Two petitions were read, one asking for the location of an old road at Ka lua, and the other requesting that the Board give sufficient coral material to fill in a certain lane near the residence of Alexander Lewis and others. They were referred to the road committee.

Deputy County Attorney Milverton gave it as his opinion that the Board would have nothing to do with regard to the wiring of poles from the Moan Hotel to the Royal Hawaiian. He also brought up the gutter ordinance in the following manner:

Honolulu, May 12, 1908.  
 To the Honorable Board of Supervisors of the County of Oahu, T. H. Gentlemen:—Relative to a communication under date of April 29, 1908, of Marston Campbell, Esq., Superintendent of Public Works of the Territory of Hawaii, a copy of which was enclosed in a letter to this department dated May 8, 1908, from D. Katanoki Iani, Jr., County Clerk of the County of Oahu, and in which letter Mr. Campbell states that he has instructed the building inspector to furnish him with a list of the buildings having awnings unprovided with gutters, and in which he requests that the Board instruct the County Attorney to prepare a Warrant or Penal Summons upon his complaint for the prosecution of persons owning buildings upon which are awnings unprovided with gutters:

I would state that arrangement have been made by this department with the Attorney General whereby this department will prepare the necessary Warrant or Summons, and will try such case or cases as it may be deemed advisable to institute, as soon as we receive the necessary information.

tion from the Superintendent of Public Works.

Very truly yours,

## FREAR EXPLAINS REASON FOR "GO SLOW" CABLE

Secretary Mott-Smith received a short letter from Governor Frear this morning, and also one from McBride, although neither of them contain anything of importance. The Governor's letter was written on May 3rd, and he stated that he would leave for the East the following morning, although Mrs. Frear at that time was not feeling very well. He said that McBride had had talks with Mayor Taylor and ex-Mayor Phelan regarding plans for the entertainment of the fleet, and it was for this reason that he called Honolulu to go slow until word had come from McBride with his suggestions.

### BISHOP STREET

(Continued from Page 1)  
 lines given by the Survey Department. I thought there was something wrong, and I immediately, after the first rough survey had been made and stakes set, made another survey according to the descriptions furnished me by the department. They tallied. Then I went to the people who had the first survey made, and went over the work with them. The description furnished me by the Survey Department again tallied with the old surveys, so far as I could find out, and accordingly I could do nothing but go ahead with the work.

The matter was discussed for a few minutes by the Board, but, as no one seemed to fully understand the proposition, it was passed up to Supervisor Dwight, as chairman of the Road Committee, to investigate. Then came another startling feature. Chairman Hustace told Road Supervisor Sam Johnson not to go ahead with the work any further until the matter was settled.

"The work is practically finished now," stated the Colonel. This meant that if the line of the street had to be changed, all of the work that has been done up to date would have to be torn up, and new work done, resulting in an additional unnecessary expense to the County or Territory.

"If this has to be done," said Chairman Hustace, "I don't believe that it is up to the County to come through with the money. It is the fault of the Territorial officials, and not the employees of the County."

Thus was the matter treated by the Board of Supervisors.

Superintendent of Public Works Marston Campbell, after working almost the entire night and spending a good deal of time this morning, has the rights secured to certain property on each side of the street, and although there are buildings on the corners now and for that reason the street will still be of the width he will have for the Government land that will theoretically give the Bishop street extension its right dimensions. Whether the overtime work will do any good at this juncture remains to be seen.

The fact of the matter will be that the sidewalk on the Walkiki side of Bishop street will be shortened two feet, while the sidewalk on the Ewa side will be extended two feet. This will put the center of the street in the right line, and still give it the correct width from curb to curb of forty feet. Marston Campbell is very emphatic in his statements that the matter has been fully adjusted now.

Road Supervisor Sam Johnson is the one who has the largest objection coming. He will have to take up the whole of the curbing that he has put on the street and move it. On the Walkiki side he will make the sidewalk two feet narrower and on the Ewa side it will be moved over the same distance.

It now is known that testimony before the New York grand jury was to the effect that hundreds of thousands of dollars of the funds of the Metropolitan Street Railway and its allied concerns were paid to politicians to "grease the machinery" of legislation.

Cecil Brown is one of the best men Honolulu has to offer for legislative honors. He will get enthusiastic support under any circumstances and is certain to be elected if he accepts the nomination of the Republican party.

Chief Taylor finds that San Francisco joins with Attorney General Bonaparte and the sensible people of Honolulu in condemning the hypocrite moral campaign in this city, which is nothing more or less than a struggle on the part of a few misguided fanatics to distribute vice.

The morning paper states that it has hopes in the course of time to rise to the dignity of an evening paper. A few days ago it thought the morning field was better, and the criminal campaigners are still very much in doubt whether the business men of the town will not establish a reputable newspaper for the morning field.

Entertainment of the Fleet will not be complete in Honolulu without a ball for the sailors. Those who attended the ball given by the sailors of the "Big Four" know that for the enjoyment of the people there is nothing better than a dancing party where equality prevails. A dancing pavilion with music every night would be a popular center that need not be scorned by the best people in town.

Hawaii is not forgetful of the splendid work Congressman Bates has done in forwarding the Pearl Harbor bill. Mr. Bates would be the last, however, to sanction the morning paper's effort to discredit the Delegate of the Territory by unctuous praise of himself. Mr. Bates has all the qualities of a gentleman and fully understands the recognized shortcomings of the Honolulu morning paper element in that respect. Hawaii's gratitude is not the less sincere if the constituents of Delegate Kubio credit him with the glory of success that is his just due.

## WATTERSON AND BRYAN.

Col. Henry Watterson, for years a sturdy opponent of Wm. J. Bryan, has made a public declaration that the only possible hope of success the Democratic party has in the coming campaign may be found in the nomination of Mr. Bryan for President.

We commend this new conversion—a most remarkable conversion indeed—to the Democrats of the Territory who contemplate sending an un-instructed delegation to Denver with the possibility that the delegates from Hawaii may vote for the nomination of one of the "little Americans" who are on the Democratic list.

Up to the last few weeks, Col. Watterson has for nearly twelve years made a consistent and always picturesque fight against Bryan. On the first day of this month the Kentucky editor gave an interview in which he said:

"Well-advised observers know already that the lines of the approaching Presidential campaign are laid and the leaders as good as named. The nominating conventions will meet only to record the unascertained will of the constituencies. Mr. Taft is as sure of the Republican nomination as Mr. Bryan of the Democratic nomination. Those who quibble in either camp are either politicians playing for their own advantage or else enemies in disguise.

"With the Republican camp I have nothing to do. For the present, at least, it does not concern me. To the Democratic dissentients I have only to say that if they could work the two-thirds rule to defeat the will of the majority—under the plea and pretext that Mr. Bryan does not really represent the will of those who will go to Denver to vote for him—they would wreck Democracy whilst yet in port.

"If we cannot elect Bryan we can elect nobody. The time for alternatives went long ago. There is but one course open for sensible men and good Democrats to pursue, and that is to quit hair-splitting, to close ranks, and to rally round the donkey and the flag, on which still appears the blessed legend 'Equality for all men, exclusive privileges for none.'

"If the editor of the Courier-Journal can get to Bryan surely the most disaffected ought to be able to reach him without much trouble in case they be Democrats and not Republicans. I fought a good fight against him and I fought it to a finish. I fought it to unite, not to divide, the party, and I fought it whilst there was yet time for party. I fought it sincerely, openly, frankly, unsparringly.

"Not until money, tainted and covert money, took the field—after having plead and plead in vain for some intelligent, disinterested, popular response—did the newspapers of New York City begin to open their eyes, to sit up, and take notice. It is too late.

"In short and in fine, Democrats must get down to business and out of the anti-Bryan habit. It is Bryan or nothing."

Taft will be the Republican candidate. The only matter in doubt is the name of the Vice President.

Taft is a "big American." He understands the size and importance of the Pacific, and although he has unfortunate ideas regarding the needs of the Philippines, he is well grounded on the follies and dangers of Cuban annexation.

With a "big American" on the Republican end, Hawaii should by all means use every effort it can put forth to guarantee a "big American" for the head of the Democratic ticket. The one man in the whole Democratic list who satisfies this qualification is William J. Bryan.

Hawaii has a speaking acquaintance with Bryan and Bryan knows Hawaii and the Pacific.

It would be preposterous for the Hawaii Democratic convention to do otherwise than send to Denver a delegation instructed to work early and late for the nomination of Mr. Bryan.

Honolulu has well gained the reputation of being a clean city. The only way we can maintain same is by keeping at work.

Every competent laboring man in the islands, unemployed, will be able to find his job at Pearl Harbor; and, we shall need hundreds of men and their families there, for the next two years. Men will have to be brought from the mainland, engineers, mechanics, hedgers and ditchers—a great army of workmen to be fed and clothed for many months, if not years. Hawaii is just starting in now, on an era of prosperity that will make every kamatua grow twenty years younger; for, the horn of plenty will be sounding at every good man's door, and even the poor newspaper class will drink their coffee in the morning and go on their way rejoicing, that they own an uncle, whose name is Sam—a multi-billionaire.

## American Clothes--- Modern Economy

STEIN-BLOCH tailoring methods are typically American. We do a big thing well by developing time-honored methods to meet modern needs:  
Experience has taught us that men are so much alike in general build that by averaging up size differences clothes can be made to fit.  
Thus far it is mathematics. This done, we turn to style, and here imagination enters and cloaks our efforts with personality and finish.  
The completed clothes are turned over to you, in your city, to try on, and see for yourself in your clothier's glass how close our workmanship has come to your personal requirements.  
This, we believe, is modern and American and meets a need that no other method can satisfy so fairly—And So Economically.

## OWNER OF WANTS AMERICAN STATION

Father Emm Rouzier, the owner of Fanning Island, called at the Bulletin office today and stated that it is an error to assume that he intends to establish a wireless telegraph station at Fanning on his own account.  
"I would gladly furnish the United States Government with the land for a wireless telegraph station," said Father Rouzier. "America will some day have to place a station there. They must establish a station at Pago Pago, and the nearest connection with the cable is to Fanning Island. Fanning is the only free island of the Pacific. All the others are under the control of one of the great powers. It is highly proper that it should be neutral soil. The British cable lands there now. If the American wireless were to have a center there, its command of the Pacific would be more complete. I will give the land for the station. I hope some day the Americans will come and use it."

Does it not seem more effective to breathe in a remedy for diseases of the breathing organs than to take the remedy into the stomach?  
Cresolene comes because the air, rendered strongly antiseptic, is carried over the diseased surface with every breath, giving prolonged and complete treatment. It is invaluable to mothers with small children.

Those of a Cough-croup tendency will find immediate relief from Coughs or Inflamed Conditions of the Throat.

# HEALTH NOTICE

Every citizen of San Francisco should take immediate steps to free his premises from rats, the primary cause of the dreaded tubercular plague.

Use a reliable poison like Stearns' Electric Rat and Roach Paste, which can be depended upon to drive the rats out of the house to die, and clear the premises of the deadly vermin.

Nearly all druggists now have Stearns' Electric Rat and Roach Paste, and a 25c box is usually all that is needed, as it will kill off the rats in an average house in a single night. For barns, warehouses, etc., it is better to buy a dollar box which contains eight times as much as the 25c size. Everyone should get to work at once in the fight for sanitary conditions.

### AALA CLUB TO HAVE DANCE

The Aala Athletic Club will have a grand old time at the K. of P. hall on Saturday evening, May 16th, in honor of their winning the championship of the Riverside Junior Baseball League. There will be a concert and dance and everybody is promised a good time.

The Kailimal Quintet Club will be there that evening and notwithstanding it is a new musical organization it threatens to undermine the other clubs. Kailimal, the leader of this club, is one of the best musicians there is in town and it is worth the money to go there and hear him.

The dancing hall will be decorated with Hawaiian, American, Chinese, and Japanese flags, and the championship cup will be placed on exhibition.

Dr. K. F. Li, the president of the Aala Athletic Club, is working hard to get everything in shape, while Sam Hop, the ex-pugilist and manager of the baseball team, can be found in his room preparing his Chinese speech for that occasion.

The club will give a big luncheon the Saturday following, on Kekui street opposite the Kahiliulani dancing hall, and during the next month Sam Hop with his champion players will invade Waimea, on the Island of Kauai.

### SECOND NINE LEAGUE

At a meeting held last night, a second nine intercollegiate league was formed, with a membership consisting of teams from Aliiolani College, Mills Institute and Kaunamunui school. The time of the games is every Monday and Friday at 3 p. m., and they will be pulled off at Makiki Field.

It was decided at the meeting that should any team fail to show up on the grounds in playing regalia at twenty minutes past the hour the late team should lose the game by default.

Following is the schedule of the games to be played:  
May 18—Aliiolani vs. Mills.  
May 22—Kaunamunui vs. Aliiolani.  
May 25—Mills vs. Kaunamunui.  
May 29—Aliiolani vs. Mills.

June 5—Mills vs. Kaunamunui.  
June 8—Aliiolani vs. Mills.  
June 12—Kaunamunui vs. Aliiolani.  
June 15—Kaunamunui vs. Mills.  
No prizes goes with the championship, the league being promoted solely for the sake of sport.

### RIVAL PRESS AGENTS

The part of press agent for the Honolulu Baseball League is proving the occasion for rivalry, Jimmie Dougherty having been regularly appointed to the place, which is also being looked on with friendly eyes by C. H. George, who is an old baseball player, and as competent as any man in town to do the work. He is an old Brown University player, who has been out of the game for some time, but who is now breaking in again, and has never lost track of the fine points of the play. He is, besides, connected with the newspaper and advertising business, and is an ideal fellow to have charge of the publicity end of the League's work.

**What Should a Good Roof Do?**

Protect from water, cold, heat, sparks and fumes—be laid with economy, and wear without expensive repair.

Unlike shingles, REX Flintkote ROOFING will not blaze up at the first spark—unlike slate, it will not yield to the gale of wind—unlike tar, it will not melt and run—unlike tin, it will not rust nor leak at the first chance.

Unlike them all—it may be laid by any ordinary workman—with a hammer—everything else needed is in the roll.

Unlike them all it is suitable for every kind of farm building.

We have it in stock, and heartily recommend this roofing to all who believe it is economy to pay a fair price for a superior article.

### PUNS TAKE GOOD GAME FROM SAINTS

Clean Playing in Match With Score Of 7 To 3

In a clean and well-played game, characterized by heavy hitting on the part of the winners, the Punahou yesterday afternoon defeated the St. Louis team on Oahu College grounds, by a score of 7 to 3, the winning tally being made in a whirlwind finish, after the teams had fought neck and neck for seven innings.

Espinda, who pitched for the losers, showed the effect of the game on Saturday, as he was tired, and allowed the Puns to swat him out for fifteen hits. Akina and Lyman, who twirled for the winners, allowed eight hits. The game was cleanly played, the Puns having two errors, and the Saints three.

The scoring started in the fourth, when the Saints got two men across the pan by singles by Ayau and Pedro, and a fielder's choice in favor of English. The Puns scored one run in the same inning, on singles by Hoogs, Dodge, and W. Desha, and a base on balls by Lyman.

In the following inning, the Puns tied the score through a two-bagger by Lowrey and a single by Akina.

In the sixth, the Saints came ahead, on singles by Ayau, Pedro, and English. The score remained at this mark, 3-2, until the eighth, when a single by Hoogs, a base on balls to Townsend, and a single by W. Desha scored Townsend. Hoogs going out at second, Lyman took a base on balls, and Jack Desha grounded, scoring two men.

In the ninth, this lead was increased, when Lidgate made first on an error, and took third on a two-bagger by Akina. Hoogs sacrificed, scoring Lidgate, and Townsend singled, scoring Akina.

The game closed with a pretty double by Jack Desha and Lidgate.

### KAMS EASY WINNERS

The High School baseball team was put out of the running for the scholastic championship yesterday by a crushing defeat at the hands of the Kams, on the latter's grounds, to the tune of 18 to 8. The Kams have showed up in classy form all through the schedule, but their opponents went to pieces a little yesterday, and the killing resulted.

Kamaopili is still out of the game owing to injuries.

The teams trotted onto the diamond as follows:  
High School—Rice, Norton, Davis, Chee, Andrews, Chillingworth, Pall, Achieu, Sing Hung, Maruchi.  
Kamehameha—Nalole, Murray, Joshua, Lota, Kallimapehu, Ordeinstein, Melkha, Mackenzie, Akana.

The score by innings:

### KALIMI TRACK TEAM

The matter of forming a track team to compete when the Fleet is here was the principal matter which came up last evening at the meeting of the Kalimi Athletic Club, held at Cooley chapel, Rice and John McCandless being chosen as a committee to organize a track team. As there are some good men for the running, jumping, and weight events in the club, it is felt that a creditable team can be gotten up. Rice, in particular, is one of the fastest men in the city for the sprint races, and will be a valuable asset to the proposed team.

On Sunday, the men in the club will take a tramp to Kihohana.

Reports come from Hilo that some of the dogs there, which are possible entries for the local bench show, have the best of blood, and will be hard to beat.

### Champion Joe Gans And Boer Umbholtz Hook Up Tomorrow

The scheduled 20-round Gans-Umbholtz fight, for the lightweight championship of the world, is to be held at San Francisco tomorrow evening. The Boer is a good one, and is there with the strength, and it is felt among the fight fans that the exhibition of the fistie game which the two will put up will be memorable. Gans is not so young as he used to be, and this has been freely commented on in doping out the fight. Gans himself admits that he is 12 years older than Packer MacFarland, one of the comers in the game, but will not admit that he feels the effect of the weight of years.

The Boer is now on the Coast. He has quite a record as an athlete, however. He expressed disgust recently at the showing Hackenschmidt made against Gotch, and promised to do much better when he hooked up with the dusky champion.

### LYLE RESIGNS

J. A. Lyle, who was to have captained the yacht Hawaii in the Trans Pacific Yacht Race, considers that an injustice has been done him in an account printed this morning of his resignation from the post. Following is the letter which he gave to H. E. Cooper, chairman of the committee in charge of this end of the race:

Dear Sir:—Inasmuch as I am to be absent from the Territory for a few months, during which time there now seems to be some possibility of the Trans-Pacific Yacht Race being held, I respectfully tender my resignation as captain of the yacht Hawaii, with which position I was honored by your committee in the anticipation of a race to be started on June 11th, prox.

I shall sail on the Alameda leaving Honolulu on the 15th inst. for a visit to my family in Nova Scotia, and shall be absent until August or September.

With best wishes for the committee and the success of the Hawaii on all occasions, and offering myself for any service I may be able to render while away or after my return, I am, very sincerely yours,  
J. A. LYLE.

### INVITATION TOURNEY

The final round for the Wall Cup, men's singles, played on the Beretania Tennis Club's courts yesterday afternoon, resulted in W. L. Warren defeating C. Gerald Bockus, 6-2, 6-4, 7-9, 7-5.

This afternoon the invitation tournament of the club will start, the following games being scheduled for decision:

At 4:00—F. E. Greenfield vs. Harold Castle, winner to play W. Warren on Thursday.  
At 4:30—R. A. Cooke vs. S. Kennedy. R. B. Rietow vs. F. E. Steere. A. R. Cunha vs. B. F. Beardmore.  
At 5:00—H. S. Gray vs. H. G. Dillingham. C. G. Bockus vs. J. Waterhouse, winner to play A. J. Lowrey on Thursday.

The strength of the State League can be sized up on the showing made by Jimmy McHale with the Boston Club. The fast outfielder who played such good ball for Stockton, managed to gain a permanent berth in the outfield over Carlisle.

### JONES MAY HOLD REUTER'S CURVES

Vanatta Expected To Play—Gossip Of Baseballers

The catcher problem is slowly being solved, in the big league, and now it is possible that Jones, the old catcher who has worked with the Kams in seasons previously, will be at the receiving end, trying to hold down the curves and shoots of big Dick Reuter. Jones is a good one, with a record in the game, and a number of players as well as fans will be interested to see him back of the bat.

Another old-timer who is expected to be in the game next Saturday, though he disappointed the ball public by not appearing last Saturday, after it had been announced that he would be in, is Bill Vanatta, last year's captain of the Kams. Bill is immensely popular with the sports, and at any time he wants to return, he will be hailed with joy by his old admirers.

Eddie Fernandez is still contemplating going behind the bat for the Diamond Heads, as he is a little put to it to keep that end of his battery supplied with men. It will be his first time in that position, in case he takes it. The men who have seen Eddie work out with the mask and big glove are inclined to think that he is the real backstop, but his actual experience before the public has been largely on the first bag, and in left garden.

A new man in the game Saturday was Warren, in right garden for the Puns. He is a newcomer who has played ball before.

### SPORTIVE SPLURGES

Pat Gleason and Frank Steere have been busy for the last two days in gathering subscriptions for the bringing over of the Kelo University team from Japan, and in getting together what financial support they can gather from Honolulu business men.

The Kalih Athletic Club, champions of the Valley Side Baseball League, through their attorney, have mailed a letter to President Olmos of the said league, demanding the championship of the first series.

The game on Friday between the Kams and the Puns will probably decide the fate of the 1908 championship, as a victory for the Kams, on that occasion would definitely give them the laurels.

The H. G. C. will hold its regular weekly shoot at the usual hour this afternoon.

### KAMS ARE MINSTRELS

The minstrel show, to benefit the Kamehameha Athletic Association, which is to be held on Saturday evening, May 23d, is promised as a great success, owing to the great progress made after two weeks of rehearsal, under the direction of Mr. Cunha, who is popular with the boys. Interesting stunts and bright songs are on the bill. The show will be held at 8 o'clock, in the gymnasium building. Tickets are on sale at the school office.

Mike Mitchell is out of the game and Johnny Kane is playing right for Cincinnati.

### KAUFMAN'S DECISION

OAKLAND, Cal., May 12. — Al Kaufman got the decision over Joe Grim in their bout tonight before the Reliance Club, for heavyweight honors.

Kamatopili, Lota, Naeole, Mackenzie, and others of the popular ball players of the Kams will take part in the minstrel show.

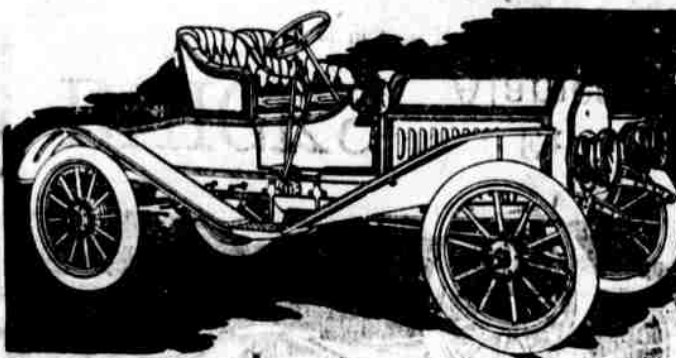

A brother of Peter O'Brien, the boxer, was a passenger on the Sheridan, going through here on his way to Hilo.

Kamatopili will be in the game again on Friday.

### SOLDIERS WANTED GAME

The soldier boys in Uncle Sam's army seem to be as much interested in the national sport of baseball just now as anyone else, and now for the second time in a few weeks, the soldier boys from a transport, passing through the town, are baseball enthusiasts and players. The men on the Sheridan were busy looking for a game yesterday afternoon, and found a man ready to talk business with them in the person of Eddie Fernandez, manager and captain of the Diamond Heads, but the stay of the boat here was too short and a time for the play could not be fixed.
